Student Accounts

Student accounts can be set up online and money can be deposited at www.MyPaymentsPlus.com.

Each Student has an individual account in www.MyPaymentsPlus.com which is identified by their district assigned, 5- digit student ID number. To access your child's ID number, please log into campus portal found on the district website.

Your child's ID number is listed there. If you do not know your campus portal login, please click on Forgot my User or Forgot my password, and the system should send you an email. If you do not receive an email, please contact webmaster@mcpasd.k12.wi.us or call 829-9600.

Lunch accounts are debit-based, not credit-based, which means money needs to be in the account before a purchase is made. Any money that is left in the account at the end of the year will rollover to next year.

Low Balance E-Mail Alert

After setting up each student's account, please make sure to set a low balance e-mail alert under the My Account tab- Spending Alerts & Limits. You will need to set an alert for each student separately. Auto payments can also be set up under this tab by clicking on Payment Methods & Limits.

A La Carte Purchases

These purchases are available at the Middle and High School levels only. All students have the ability to use their lunch account to make these purchases. A la Carte items include purchasing a second entrée item or a la carte items such as snacks and drinks. If you do not want your student to purchase extra items or want to limit the amount your student can purchase, go to www.MyPaymentsPlus.com. Log into your account, click on My

Account- Spending Alerts & Limits- A La Carte Spending limits- Active. You can also fill out a paper form which is available at your student's school.
