

March 4, 2022

Dear Students, Staff and Families,

On February 28th, the RSU 10 Board of Directors voted to align with the updated SOP and Recommendations from the Maine CDC that would make Masking Optional in our RSU 10 schools the next day." In response to Governor Mills announcement to update school masking [recommendations](#), and the anticipated SOP change, masking will become optional on **Thursday, March 10th**.

The district is fully committed to supporting students and staff members who wish to continue to mask while at school and district events. Masks will be available for those who wish to access this resource.

RSU 10 will continue to monitor Maine CDC's SOP for future adjustments as we strive to provide quality in-person learning to all RSU 10 students.

Thank you,  
RSU 10 School Nurses &  
Central Office Administration
