

The Chattahoochee County Board of Education was awarded Quality Board Recognition by the Georgia School Boards Association at the GSBA conference in June. This Board Recognition Program requires a higher level of commitment from school boards and individual members to provide a platform of governance standards which challenges boards and creates a culture of success for students and communities. School board members were recognized for this achievement at the July school board meeting. Board members are Christy Humber (chair), Shirley Jones, Lora McAdams, Krystal Coleman, and Carrie Jackson (vice chair).
