# SECTION 1- INTRODUCTORY INFORMATION & GENERAL NOTICES

## 1.1 Introduction

It is the belief of the *Board of Education* of the Richland County Community Unit #1 that good discipline and the observance of basic school regulations are necessary in order to ensure maximum efficiency in carrying out the educational processes. Students are expected to conduct themselves in a manner which reflects respect for each other, their teachers and other staff members, and school facilities.

Although every area of regulation and conduct cannot be covered in this publication, this booklet contains in part several of the basic regulations and guidelines for acceptable student conduct and consequent penalties for violations of those regulations as well as other useful information. It is the responsibility of each student to know the contents of this handbook and to see that your parents have had an opportunity to read it.

This handbook is not intended to create a contractual relationship with the student; rather, it is intended to describe the school, its current practices, procedures, rules, and regulations (or code of conduct). Membership or participation in a school-sanctioned activity is a privilege and not a proprietary right.

## 1.3 Rule Jurisdiction

The jurisdiction of the school for student conduct includes all of the following: the transportation of students to and from school, whether by bus, or other vehicle, or walking; the presence and actions of students on campus during the school day and after-school activities; and the school-sanctioned activities that occur on campus. The school administration and staff will diligently manage and supervise student conduct in all programs, maintaining the confidence of students, parents, and the community.

## 1.4 Core Expectations of Students, Parents, and Visitors

RCHS students should be aware of their important role as a representative of their school/community. Students should expect to be held to a high standard of conduct when under RCHS jurisdiction. Three (3) core set of expectations that provide the foundation for this standard of conduct include:

- Respect – including self, others, and others' property
- Responsibility – understanding one's role in any given situation and willing to be held accountable for one's actions
- Work Ethic – willing to do what needs to be done to be successful

Interested parents/visitors are welcome at RCHS. Parents should make prior arrangements with the principal and teacher before classroom visits. Visitors should always report to the Principal's Office upon entering the building. Parents/Visitors are required to sign-in in the high school office and wear a visitor's badge so high school faculty/staff are aware their presence has been cleared by administration.

Any person wishing to confer with a staff member should contact that staff member or the high school office to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

No person on school property or at a school event shall perform any of the following acts:

- Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official, coach, or any other person.
- Behave in an unsportsmanlike manner or use vulgar or obscene language.

- Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
- Damage or threaten to damage another's property.
- Damage or deface school property.
- Violate any Illinois law or municipal, local or county ordinance.
- Smoke or otherwise use tobacco products.
- Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
- Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
- Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.
- Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).

Permission for classroom visitors (family/relative) must be approved by the high school office. This approval must be secured two (2) school days prior to the day of visitation.

<i>Example:</i>	<u>Request Form</u>	<u>Day 2</u>	<u>Visitation</u>
	May 2	May 3	May 4

Student visitors to the classroom must have been a former student in this district and be of the appropriate age for high school attendance and be currently enrolled in another high school at the time of requested visitation. This approval must also be secured two (2) school days in advance of the visitation.

## 1.5 Richland County High School Student Services

At Richland County High School the Guidance Department wants parents to understand that we keep the holistic well-being of their child our top priority. In order to do this your child has the opportunity to engage in counseling covering academics, college/career, and social/emotional topics on an individual basis, small group, and/or classroom environment. By acknowledging this handbook you agree to your child participating in counseling activities. Because counseling is based on a trusting relationship between counselor and client, the counselor will keep information shared by the client confidential except in certain situations in which an ethical responsibility limits confidentiality. You will be notified if the student reveals information about hurting himself/herself or another person and/or the student or another person may be in physical danger.

## 1.6 Accommodating Breastfeeding Students

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

- Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
- Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
- Access to a power source for a breast pump or any other equipment used to express breast milk.
- Access to a place to store expressed breast milk safely.
- Reasonable breaks to accommodate the student's need to express breast milk or breastfeed an infant child.
- The opportunity to make up work missed due to the student's use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District's Complaint Manager or Non-Discrimination Coordinator.

## 1.7 Suicide and Depression Awareness Prevention

Youth Suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy is posted on the school district website.

## 1.8 Homeless Child Education / McKinney-Vento

The McKinney-Vento Assistance Act ensures that homeless children and youth are afforded the same opportunities to be successful learners as other children and youth. The district works with families to provide support and awareness of school and community programs.

## 1.9 Surveillance Cameras

Due to the increased need for security in, on and around the District's schools and buses, the District's Safety Committee has recommended that the District install and use video surveillance cameras in the District buildings and school buses. The cameras will be located in the District's buses, hallways, parking lots, building exteriors and gymnasium. If a discipline problem is captured on surveillance camera it may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

## 1.10 School Visitation Rights Act

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. Visitation forms verifying participation in this program are available from the high school office upon request.

### **1.11 Distribution and Display of Community Flyers and Posters**

Non-school related organizations may ask the Building Principal for permission: (1) to display posters in the area reserved for community posters, or (2) to have flyers distributed to students. The posters and/or flyers subject to a request must be student-orientated and have the sponsoring organizations name prominently displayed. Permission will be denied to post or distribute any material that would: disrupt the educational process; violate the rights of others, including material that is defamatory; invade the privacy of others; infringe on the copyright; or be obscene, vulgar, or indecent. No commercial publications shall be posted or distributed unless their purpose is to further a school activity, such as graduation, class pictures, or class rings. No information from candidates for non-students' elective office shall be posted in the school, except on election day, or distributed to students. Once permission is granted, the organization must arrange to have copies delivered to the school. Distribution of material under the policy will be done by the classroom teacher without discussion. Failure to abide by the above policy will result in appropriate disciplinary action.

### **1.12 English Learners**

Richland County High School offers opportunities for English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain. Parents/guardians of English Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child's placement in, and information about, the District's English Learners programs. For questions, contact the Richland County High School Student Services.

### **1.13 Mandated Reporters**

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

### **1.14 Teacher Qualifications**

Parents/guardians may request information about the qualifications of their student's teachers and paraprofessionals, including: Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; Whether the teacher is teaching under an emergency or other provisional status through which State qualification and licensing criteria have been waived; Whether the teacher is teaching in a field of discipline of the teacher's certification; Whether any instructional aides or paraprofessionals provide services to your student and, if so, their qualifications. If you would like to receive any of this information, please contact the district office.

### **1.15 Equal Educational Opportunities and Equality**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy. No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities. Any student or parent/guardian with a sex equity or equal opportunity concern should contact the high school principal.

### **1.16 Vocational Education**

Vocational education opportunities, as well as career information, will be offered to all students of our district without regard to race, color, national origin, age, sex, religion or handicap. This is to ensure equal educational opportunities to all students, regardless of race, color, national origin, age, sex, religion or handicap. Questions in reference to these educational opportunities may be directed to Assistant Superintendent, 1100 E. Laurel Street, Olney, IL 62450, Telephone: 395-2324. All students who make written agreements with contracting employers are informed that work-study, cooperative vocational education training agreements, as well as job placement, conform to *Civil Rights Requirements* under *Title VI, IX and Section 504*. It shall be agreed that parties participating in this program(s) will not discriminate in employment opportunities on the basis of race, color, national origin, age, sex, religion or handicap.

### **1.17 Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to an unhealthy environment.

### **1.18 School Volunteers**

All school volunteers must be approved by the building principal prior to assisting at the school. Volunteers are required to check in and out at the main office and receive a visitor badge. Teachers who choose to use volunteers in their classroom will make this decision.

### **1.19 Civil Rights Grievance Procedure**

This grievance procedure along with explanations, due process and directions are available for inspection in the Assistant Superintendent's Office for *Title VI, Title IX, and Section 504* and for the elimination of discrimination and denial of services on the basis of race, color, national origin, sex, and handicapped grievances.

A grievance is a difference of opinion raised by a student or group of students involving: (1) the meaning, interpretation or application of established policies; (2) difference of treatment; or (3) application of the legal requirements of civil rights legislation.

The grievance procedure is not required if the grievant(s) prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. The *Board* shall consider the appeal within sixty (60) days and a written response shall be given within five (5) days.
- **STEP VI**
  - If the issue is not satisfactorily resolved in Step V, the grievant(s) may appeal the grievance in writing to the Superintendent of Educational Service Region and, thereafter to the State Superintendent of Education pursuant to the *School Code*.

## 1.22 Asbestos Compliance

Richland County Community Unit District No. 1 is in full compliance with state and federal regulations regarding asbestos management in all district buildings. The public is invited to inspect those plans at any time during regular business hours at the Administrative Offices located at 1100 East Laurel Street, Olney, Illinois. In addition, each building has its management plan located in the Principal's Office.

## 1.23 Sex Education Instruction

State law requires that all sex education instruction must be age appropriate, evidence-based and medically accurate. Courses that discuss sexual intercourse place substantial emphasis on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases. Courses will emphasize that abstinence is a responsible and positive decision and the only 100% effective method in the prevention of pregnancy and sexually transmitted diseases including HIV/AIDS. Students will not be required to take or participate in any class or course in comprehensive sex education if his or her parent or guardian submits a written objective. The parent or guardian's decision will not be the reason for any discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene, or traditional courses in biology. Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

## 1.24 Prevention of Anaphylaxis

While it is not possible for the school to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parents/Guardians and students who desire more information or who want a copy of the district's policy may contact the Building Principal.

## 1.25 Sex Offender & Violent Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

- To attend a conference at the school with school personnel to discuss the progress of their child.
- To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
- To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board. Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children. A violation of this law is a Class 4 felony. Additionally, state law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Ill. Dept. of State Police (ISP) website. The ISP website contains the following:

- Illinois Sex Offender Registry – <https://isp.illinois.gov/Sor>
- Illinois Murderer and Violent Offender Against Youth Registry – <https://isp.illinois.gov/MVOAY>

## 1.26 Faith's Law

School districts are required to include in their student handbook the District's Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students. A copy of these standards can be found on the District's website or requested from the Superintendent's office. (District website link [https://boardpolicyonline.com/?b=east\\_richland&s=99424](https://boardpolicyonline.com/?b=east_richland&s=99424))

    - Inviting a student to an employee’s home
    - Privately messaging a student
    - Maintaining intense eye contact with a student

## SECTION 2- ATTENDANCE, TRUANCY, & TARDINESS

### 2.1 General Attendance Information

In order to achieve academic success, students must attend school regularly. All students and parents/guardians should familiarize themselves with the following Richland County High School attendance regulations. Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

**Good attendance is necessary if a student is to experience the degree of success which he/she is capable of attaining.** Very few absences should be for reasons other than personal illness, illness in the family which prevents attendance, and unavoidable family emergencies which must be explained to the school authority. Illness and death in the immediate family are recognized as valid excuses for absence by the state of Illinois. Students will be allowed 10 excused absences as well as up to 5 additional absences for mental or behavioral health illness of the student, from school. Once a student has reached 10 days absent (excused or unexcused), all other absences will be considered unexcused unless a note from a medical professional is provided or the student is checked by the school nurse. Nothing other than a documented illness will be considered excused once a student has reached 10 absences.

### 2.2 Types Of Absences

#### 1. Excused

Excused absences are unplanned or unanticipated absences which become necessary from time to time for various reasons. Such absences include, but are not limited to the following:

- extraordinary emergency in the home or family
- personal illness, physical disablement or hospitalization
- severe illness or death in the family
- medical or dental appointments
- religious meeting
- attend a civic event
- circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety
- attending a military honors funeral to sound TAPS1
- mental or behavioral health of the student: Public Act 102-0321 (Senate Bill 1577) amends the compulsory attendance article of the School Code by allowing students to take up to five (5) mental or behavioral health days per year. A student is not required to provide a medical note and must be given the opportunity to make up any school work missed during such absences. Following the second mental health day, a student may be referred to the appropriate school personnel.
- other reason as approved by the building principal

*NOTE: WHEN A STUDENT IS ABSENT FOR AN UNPLANNED OR UNANTICIPATED REASON LIKE THOSE LISTED ABOVE, HIS/HER PARENT/GUARDIAN SHOULD CALL THE SCHOOL (393-2191) BEFORE 10:00 A.M. ON THE MORNING OF THE ABSENCE. (Students may also bring a note from a parent/guardian and/or doctor to the office before returning to school stating the reason(s) for their absence in order to be considered for an Excused Absence. Students have a maximum of two (2) days to bring in a note from home, after which time the absence is counted as unexcused.)*

*IN ADDITION, IF HOMEWORK IS NOT ONLINE & PAPER COPIES ARE REQUESTED THEN THE REQUEST MUST BE RECEIVED IN STUDENT SERVICES BY 10:00 A.M. TO ENSURE IT WILL BE READY FOR PICK-UP BY THE END OF THE SCHOOL DAY.*

#### 2. **Pre-Arranged (Excused)**

Pre-Arranged absences are the responsibility of the parents/guardian and student. This is a request to be absent for purposes other than illness in the family or family emergencies. Parents/guardian and students should understand that such absences may not be in the best educational interest of the student. All make-up work for these absences is the responsibility of the student and/or the parent/guardian to arrange. A conference or telephone call from the parent is recommended. The following are the procedures for requesting prearranged absence:

1. Request for prearranged absence should be made **THREE (3) SCHOOL DAYS** before the intended day of absence.
2. Submit a note/email from the parent to the high school administration stating date(s) of requested absence, reason for, and who will accompany the student.
3. During this time of absence, the student must be accompanied by the parents/guardian or associated with some type of academic venture.
4. Obtain signatures from each teacher involved. If a teacher refuses to sign the form indicating the student should be in class because of current academic difficulties, then it is the decision of the parents/guardian as to whether or not the student should miss class. If a teacher signs this request, it indicates that the student is doing acceptable work in that class. If a teacher refuses to sign the request, he/she is indicating that the student needs to be in class.
5. Return the completed form to the high school office at least two days before the date of absence.
6. Regular re-admission procedure will follow.
7. Make-up time allowed. *Refer to 2.10 Make-Up Work*

### 3. Unexcused

Unexcused absences are absences with or without consent of parents, but for a reason that is not acceptable to the school. This may be considered truancy and appropriate disciplinary action will be taken. Such absences include, but are not limited to, the following:

- job interview
- work (at home or place of employment)
- missing the bus
- car trouble, transportation related
- driving test
- hair cut
- shopping
- taking pictures
- babysitting
- family choice
- personal reasons
- oversleeping

### 2.3 Religious Holidays

Schools by law are required to release a student for observance of a religious holiday. If as a parent, you would like your son/daughter excused, please contact the high school office. **"Pre-Arranged Absences" procedure must be followed.** Religious retreats are not necessarily religious holidays.

### 2.4 College Visitation (Pre-Arranged)

Students may use two (2) days during either their junior or senior year for the purpose of visiting a college or vocational school of their choice. A senior may use (1) day for an Armed Services physical exam instead of a college day. A student may only use one (1) college day per semester unless special permission is granted by administration. A written note from the parent must be submitted to the Student Services for approval. Students must meet institutional entrance requirements and be in good standing at Richland County High School. A college visitation request then must be secured from the Student Services three (3) school days prior to the visit and circulated by the student for teacher signature. **"Pre-Arranged Absence"** procedure must be followed. No college days granted for O.C.C. A note of verification (from the college, university, vocational school or Services personnel) must be presented to the Student Services in order for the absence to be excused. College visitation days will **not normally** be permitted immediately before or after a holiday, on the day of prom or special event, final exams, or after **April 30 of the school year**. College visitation may be limited on any one particular day. Students are encouraged to use Saturday "Open House" dates or visit a campus on dates that RCHS is not in session.

### 2.5 Student Absence & School Activities

Students are prohibited from attending any school-sponsored activity without prior administrative approval if they have been absent from school that day for more than half the day.

### 2.6 Home & Hospital Instruction

A student who is absent or whose physician, physician assistant, or licensed advance practice registered nurse anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction as well as for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact the RCHS Student Services.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

### 2.7 Returning to School After Absence

When a student has been absent from class, his/her parent should call the school (393-2191) before 10:00 A.M. on the morning of the absence or the student should bring a note from a parent/guardian and/or doctor to the office before returning to school stating the reason for their absence in order to be considered for an excused absence. If a parent or guardian does not call in for the student or send a note upon returning, a note must be presented the following school day. If proper verification is not received in the office excusing the student for an absence, the absence will be considered unexcused. Appropriate disciplinary action will be taken at this time. If a student is married or lives away from a parent/guardian, arrangements must be made in the office for clearing absences. The attainment of age eighteen (18) does not mean the student may write his/her own notes. Eighteen (18) year old students must submit notes from their parent/guardian with whom they live.

All absences that are extracurricular/school sponsored will be prearranged and the responsibility of that activity's sponsor/coach. Students involved in these events need not present a verification of absence in this instance.

The student is responsible for acquiring make-up work assignments from the teacher and for turning in those assignments to the teacher **on or before** the agreed upon date.

## 2.8 Truancy & Tardiness

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. A student who misses 15 consecutive days of school without a valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

Administration will provide notification to the Truancy Officer at the Regional Office of Education immediately upon 3 unexcused absences during any semester. A student who is the subject of such a notice, and his parents or guardians, must fully cooperate with and participate with the Truancy Review Board or any other measure required or referred by the Regional Superintendent. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

With the first period class beginning at 8:00 A.M. and ample passing time between classes, there should be no tardiness. Students tardy to class will be subject to disciplinary action by the instructor/Administrator and this may also have a negative impact on the participation portion of their grade. Upon receiving their 3rd tardy for a particular class, students will be subject to discipline. Every 3rd tardy thereafter will be subject to disciplinary consequences. Teachers or Administrators will issue either after school detentions or lunch detentions, or Saturday school for excessive tardiness. A student who arrives 20 or more minutes late to class without a valid reason will be considered truant for that block and will be noted as unexcused in Skyward. A student who is having difficulties in moving from one class to another during passing time should be referred to or seek immediate advice from Student Services.

## 2.9 Final/Semester Examinations

A final exam is the last test in each course by the student. Each year seniors who meet the following criteria, will be exempt from Final Exams for the fourth term.

- **A average** with no more than **4** absences per block during second semester (third and fourth terms)
- **B average** with no more than **3** absences per block during second semester (third and fourth terms)
- **C average** with no more than **2** absence per block during second semester (third and fourth terms)
- **D average** with no more than **1** absence per block during second semester (third and fourth terms)

**\*Note: Students enrolled in dual credit courses will not be exempt from final exams.**

All other students are required to take a semester and/or a final examination. Perfect attendance will not excuse any students from the examinations. Perfect attendance rewards will be given quarterly using alternative approaches.

**All absences are counted** in the perfect attendance policy except absences due to school sponsored activities such as field trips, athletic events, college or vocational school visitations, and armed services exams cleared before the date of the absence. Also to be included are absences for the funerals of immediate family members (parents, brother, or sister - 3 days, grandparent - 1 day) none of which will affect perfect attendance. Extenuating circumstances may be appealed to the Administration.

**Failure to take final examination in a course as required by the school authority may result in no credit given.** If a student cannot take the scheduled exam because of critical illness, death in the immediate family, or an explained family emergency, the student's parents/guardian **must** contact the principal's office in **advance of the absence** and arrange an approved alternate exam schedule.

Leaving the examination area prior to dismissal by the proctor may result in failure of the examination/course.

## 2.10 Make-Up Work

When a student has an excused absence all work may be made up with credit. The student will be allowed one day for every day absent to complete the make-up work. In the event a student is suspended from school, full credit will be given for work missed as long as it is completed and returned to the appropriate teacher on the first school day upon return from suspension. Work turned in late will be given less than full credit based on the teacher's late work policy. It is the responsibility of the student to gather work missed due to suspension.

A student who is unexcused or is considered truant is to make up all work for each class and it is the responsibility of the student to determine from the teacher a due date for each assignment missed. While all missed work will receive some credit, less than full credit may be given based on the teacher's late/missing work policy.

**\*\*Incomplete Grades — All incomplete grades must be completed within two weeks after the end of each term/nine weeks.** Due process provided.\*\*

# SECTION 3- STUDENT FEES

## 3.1 Local Meal Charges Policy for Students

The purpose of this policy is to ensure that every child has access to healthy and nutritious lunches, regardless of the socio-economic status of a family. Under the National School Lunch Program, students will be allowed to charge meals when the student does not have cash available or there is no money left in the student's mealtime account. If a student begins to accrue charges, the Parent/Guardians will be notified of the negative balances and will be asked for prompt payment. Statements will be mailed and/or e-mailed by the district or food service staff. If the negative balance is not paid by the student's graduation date, the Superintendent is authorized to seek collection of delinquent debt owed to the fullest extent of the law. It is the responsibility of the parent/guardian to monitor account status.

Parents/Guardians can monitor food service account by utilizing the online payment system at <https://skyward/rccu1.net>. If parents/guardians need more information regarding the use of the online payment system, contact the district technology coordinator at 618-393-2191.

### 3.2 Overdue Charges Incurred by Students

Richland County High School will **not be held responsible** for charges incurred by students from outside agencies. (Example: Includes, but not limited to, lost or overdue charges from *Shawnee Library System*.)

### 3.3 Waiver of Student Fees

Richland County High School establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees for certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

- The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs.
- The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.
- The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal or designee will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. For questions, contact the Richland County High School office.

## SECTION 4- TRANSPORTATION & PARKING

### 4.1 Instruction to School Bus Riders

The primary concern of the district is to provide a safe learning environment for all students. This includes the transportation of students to and from school in a safe manner. In order to accomplish this, it is necessary for all students, parents/guardians, and drivers to follow the expectations listed below.

#### Student Expectations

- Be on time to your bus stop.
- Stay off the curb/roadway and wait for the bus to come to a complete stop before approaching the bus.
- Be respectful towards the driver and others on the bus.
- Listen and follow the directions of the driver.
- Sit in your assigned seat facing forward with feet out of the aisle.
- Keep hands, feet, backpacks, and other belongings to yourself and inside the bus at all times.
- Keep the window at or above the designated line.
- Speak quietly and use appropriate language and gestures.
- Remain quiet at all railroad crossings.
- Get driver's permission to eat, drink, or chew gum on the bus.
- Place cell phones and other electronic devices on silent so they do not cause a disturbance. Always use earbuds/headphones with your technology devices.
- Taking photographs or videos of the driver and/or other students on the bus is prohibited.
- Animals and glass containers are not allowed on the bus.
- Using/possessing any type of vapes, tobacco, alcohol, drugs, or weapons are strictly prohibited.
- Report any unsafe actions or bullying to the driver or an appropriate adult.
- Take care of the bus by not writing on or causing damage to seats or walls.
- Stay in your assigned seat until the bus comes to a complete stop.
- Keep the bus clean by throwing away trash as you exit the bus.
- Exit the bus at your designated stop and continue walking away from the bus. Never crawl, reach under, or return to the bus after exiting.
- Remember riding a bus is a privilege. Misbehavior will lead to disciplinary consequences that include removal from the bus.
- All buses are equipped with video cameras with audio.

#### Parent/Guardian Expectations

- Reinforce the expectations listed above with your child.
- Please ensure your child is on time at their bus stop and younger children are properly supervised. Pre-k through 3rd grade children must have an adult present at the bus stop before the child is allowed to exit the bus.
- In the event your child will not ride the bus, please contact the transportation department at (618) 393-7771.
- Please be respectful of the bus schedule. If you need to talk to the bus driver about a concern, contact the transportation department.
- Please speak in a respectful tone when communicating with the transportation department.
- Feel free to contact the appropriate building administrator if you have questions about bus misconduct involving your child.
- In case of suspension or removal of a student from the bus, parents will be responsible for transporting their child to and from school.

*Parental support plays a crucial role in all aspects of the education of their children, including transportation to and from school. The district strives to work with parents to ensure a safe environment exists for all students.*

### **Driver Expectations**

- Please be respectful of the bus schedule and be on time for your route.
- Set the tone for a positive bus climate by modeling the behavior you expect from your students.
- Be respectful and friendly to students, parents, and fellow drivers.
- Greet students as they get on your bus. Make every effort to get to know the names of your students.
- Reinforce positive behavior of students.
- When dealing with student misconduct, use a tone of voice that will diffuse the situation.
- Suggest an action that can be successfully obeyed by the student. For example, say "I need you to sit in your seat properly." rather than "Don't stand up while the bus is moving."
- Students should only be let off the bus at their school or bus stop. In case of a serious disciplinary situation, the driver may contact the transportation department or building administrator to request assistance.
- Try to remain calm in an emergency situation. Students will react based on your demeanor.

*The school bus is an extension of the classroom. In many instances, the driver is the first person from the district to meet the students in the morning and will probably be the last to see the students in the evening. Therefore, it is vital that your conduct is professional at all times.*

### **4.2 Violation of Bus Rules**

The school bus driver has the responsibility for supervising and controlling students on the route. Failure to meet the above expectations will be reported to administration by the driver through a **School Bus Incident Report**. Administration will meet with the student and take the necessary steps to help correct the behavior. Some of these steps include but are not limited to: communication with a parent, loss of privileges at school, lunch detention, late stay, and suspension or removal from the bus for a period of time. Repeated failure to meet the above expectations will result in increased consequences. In severe cases or cases of chronic misconduct, students may be expelled from the bus for the remainder of the school year or up to two years.

The following procedure will apply to incident reports involving "gross misconduct or a serious safety hazard to other students". A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

### **4.3 Student use of Automobiles**

Parking on the RCHS student lot is a privilege. On-campus student parking is located in the south parking lot, west parking lot, and designated parking spaces in front of the gym. Students choosing to park off-campus may park along Lincoln, Laurel, and Locust streets. Students are not permitted to park in the faculty parking lot located north of the school. Failure to adhere to the parking regulations, unsafe driving or improper use of the vehicle may result in penalties, restrictions, and/or removal of the driving privilege and reserved parking space. Any revocation of parking privileges will **NOT** result in a refund of the parking registration fee. Parking permits will be available to students as long as they last. Parking is first come/first serve. Freshmen will not be allowed to purchase a parking permit. If a student wishes to park in any lot at the high school, he/she will need a permit sticker displayed on their windshield. Students must present their license before they purchase a parking permit. A fee will be charged to purchase a parking permit. If your permit is lost, a replacement may be purchased in the office. Each student's reserved parking spot will be in effect from 7:30 a.m. to 3:30 p.m. each school day. Reserved parking for students is not in effect for any type of extra-curricular activity. Any vehicle driven to school and parked on the student lot must have a valid parking permit clearly displayed. The operator of the vehicle in your space will be subject to disciplinary action. Parking permits will be made available to students at a designated time and a student must possess a valid driver's license and have paid his/her school fees before being eligible to buy a parking permit. The following regulations will apply:

- Vehicles must be driven in a manner ensuring the safety of pedestrians and other drivers.
- Vehicles are to be properly parked at all times. Parking violations may result in a vehicle being towed away at the owner's expense.
- Cruising on school property is prohibited. Once a vehicle enters school property it must be parked immediately. Once a vehicle is parked, all persons in the vehicle shall vacate it immediately and clear the parking lot.
- Students should keep their cars locked.
- Car and driver will be registered at the main office.
- Radios and all other forms of mechanical sounds must be kept to a minimum.
- Students are prohibited from sitting on parked or moving vehicles.

Improper use of automobiles could result in restriction of driving privileges, parent/police notification, and disciplinary action taken by the school. The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

## **SECTION 5- INSTRUCTION & COURSE INFORMATION**

### **5.1 Curriculum Information**

This handbook gives basic curriculum information and a listing of courses available. More complete information and a description of courses are found in our Curriculum Guide on the RCHS website. The various courses are intended to meet the needs of the students in accordance with their abilities and aptitudes. A careful study is necessary so that the student may make a wise choice. You will need the advice and suggestions of your parents/guardian, teachers, and counselor.

### **5.2 Graduation Requirements**

For graduation from high school, you must earn 28 credits, file a FAFSA, and participate in State assessments that are required for graduation by the School Code, 102 ILCS 5/2-3.64a-5, unless the student is exempt. You must also earn credit in certain subjects as directed by state law and your local school board policy. These subjects are as follows:

English	4 credits	Civics	.5 credit
Mathematics	3 credits	Resource Management	.5 credit
Science	2 credits	Health	.5 credit
U.S. History	1.5 credit	World History	1 credit
Computer Concepts	.5 credit	Information Processing I	.5 credit

Physical Education/JROTC/Marching Band...3 credits with participation all four years

Electives: One credit chosen from music, art, foreign language, vocational education, or speech.

### 5.3 Definitions

**School Year and School Term** — The school year consists of two semesters, one beginning in August, and one in January. Each semester is divided into two terms. Each term is a basis for reporting achievement to parents. Summer instruction is offered when available.

**Credit** — A credit is an indicator of successfully completed school work. Credit may be issued on the basis of a term, a semester covering two terms or four terms covering two semesters. Credits will be issued as follows: 1 term (9 weeks) = .5 credit, 2 terms (one semester) = 1 credit, 3 terms (one semester and one term) = 1.5 credits, and 4 terms (two semesters/full year) = 2 credits.

**Prerequisite** — A prerequisite is a course which you must complete before you may take certain other courses. These prerequisite courses give a basis for other required work at more advanced levels.

**Progress Report** — This report is issued at the midpoint of each term for each class the student is taking.

**Disciplinary Hearing** — Disciplinary hearings are conducted before the Board of Education at a regular or adjourned session. Parents or guardian are required to attend that Board of Education meeting to discuss the problem. At this hearing the Board of Education usually makes a decision regarding future attendance which might be made probational or the student could be excluded from attendance.

**Freshman**- Students who have 0-6.75 earned credits.

**Sophomore**- Students who have 7-13.75 earned credits.

**Junior**- Students who have 14-20.75 earned credits.

**Senior**- Any student who has 21 or more credits will be considered a senior. At least 28 credits must be earned to graduate.

### 5.4 Class Load

A student shall be doing passing work in at least three (3) of the four (4) classes taken per week in order to participate in competitive or off-campus activities. This includes participation in field trips.

All students are required to carry a REGULAR LOAD of subjects for four (4) years. All students must take four (4) courses per term (includes P.E.) for eight credits per year. Any deviation from that policy must have administrative approval based upon an academic need which must be clearly shown at the time of the request. Course choices must follow prerequisites, course sequence and grade level recommendations. Students requesting a Physical Education exemption should contact the Student Services.

### 5.5 Weighted Courses

Weighted grades will be used for purposes of establishing GPA and class rank for scholarships, college information and Honor Rolls. Classes with weighted GPA are listed below

- Dual Credit Composition & Analysis
- Calculus
- Physics
- Dual Credit Biology
- Anatomy/Physiology

Membership will continue through 4<sup>th</sup> term provided he/she continues the 4.75 GPA, has no grades below a C, and has no Level III Acts of Misconduct. Medals and honor cords will be awarded for graduation. Please see Student Services for more information. The following criteria will be used for Student Honor Recognition:

- Summa Cum Laude- a grade point average of 5.0 or higher (includes weighted courses), and the student has successfully completed 6 or more of the capstone experiences.
- Magna Cum Laude- a grade point average of 4.75 or above (includes weighted courses), and the student has successfully completed 4 or more of the capstone experiences.
- Cum Laude- a grade point average of 4.75 or above (includes weighted courses), and the student has successfully completed 1 or more of the capstone experiences

### 5.11 Dual Credit Courses

Students enrolled in a dual credit course are required to have at least a 90% attendance rate in order to receive dual credit. Students who do not meet this criteria will require administrative approval in order to receive the dual credit. Students who take a dual credit course on the campus of Olney Central College will be assessed a course fee for each course in which they are enrolled. Students who are unable to pay the course fee are encouraged to contact the Student Services office prior to the start of class. Students may be removed from dual credit courses for disciplinary issues or failure to meet academic and attendance requirements set by administration. High School Credit for Non-District Experiences, Course Substitutions, Re-Entering Students requires administrative approval and must adhere to RCCU#1 Board Policy 6.310.

### 5.12 Registration-Transfer-Withdrawal from school

Students new to the school district will not be allowed to register and enroll unless they are accompanied by a parent or legal guardian. Specific records which will be needed prior to enrollment are:

- Birth certificate. Presentation of the original or a certified copy of your child's birth record.
- Academic records and Special Education Records
- Health records — (Evaluated by school nurse and following ISBE & IDPH rules and regulations)
  - Immunizations. Presentation of a written record of all shots and immunizations given, showing month and year.
  - Physical examination. Presentation of copy of a recent physical exam for school records file.
- Residency. Parents/guardian must be a legal resident of this school district.
- Legal guardianship assignment papers, if applicable.
- Copy of adoption document, if applicable.
- Copy of legal name change documents where applicable. (Adoption—name change, marriage)

Students transferring out of this school district to another one are required to have parents/guardians come and sign a release form. Students must also follow a prescribed checkout procedure. Failure to complete either or both of these steps will result in problems in transferring records until compliance with the above is completed.

Withdrawal From School: State attendance laws prohibit indiscriminate school leaving. Any and all requests concerning withdrawal must be reviewed by the high school

administration. Each case will be considered individually and on its own merits as supported by law.

1. Obtain approval of the high school administration.
2. Withdrawal form from Student Services.
3. Acquire the proper signatures as noted on withdrawal form.
4. Return all textbooks/library books and chromebooks, pay money owed to the cafeteria, clubs, class, and return any uniforms (athletic, JROTC, Band, etc.)
5. Return completed form to Student Services.

### 5.13 Withdrawal from Courses

All changes must start with a visit to the Student Services office. Schedule changes/withdrawals are discouraged and require the approval of Student Services, course instructors and the high school principal. In any case, a parent conference may be required. Class loads will determine if a schedule request can be made. Students must understand that **not all** requests to change their schedule will be made.

### 5.14 The First Few Days

The first few days of school are critical to setting a successful tone for the school year. The following is an outline of important matters having to do with procedures on the first few days of school.

- The daily schedule of the school- Know the bell schedule and your schedule.
- Your individual program- Bring a printed copy of your schedule or refer to it on Skyward.
- Know the location of your rooms, according to your daily schedule.
- Textbooks- All textbooks must be rented from the school. Students are required to pay for lost and/or damaged books, workbooks, and Chromebooks.
- Location of your locker- Learn your locker combination and keep the combination to yourself. You are not authorized to use another student's locker or switch lockers.
- Be punctual and regular in attendance to every class
- A weekly bulletin is e-mailed to teachers, as well as posted on Facebook and Schoology every Monday morning and should be read during OTA. Important announcements are made at the beginning of OTA over the loud speaker. The same announcements and more can be viewed on the Schoology calendar, OTN TVs, Facebook, and the RCHS website. This is your personal responsibility. Non-school related announcements will not be included in this bulletin.

### 5.15 Standardized Testing

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests. Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the schools' ability to continue to prove its success in the state's standardized tests. Parents/Guardians can assist their students to achieve their best performance by doing the following:

- Encourage students to work hard and study throughout the year;
- Ensure students get a good night's sleep during the night before exams;
- Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
- Remind students and emphasize the importance of good performance on standardized testing;
- Ensure students are on time and prepared for tests, with appropriate materials;
- Teach students the importance of honesty and ethics during the performance of these and other tests;
- Encourage students to relax and do their best on testing day.

### 5.16 Exemption from Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting. Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents his or her participation in the physical education course. State law prohibits the Board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District. A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP). A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated in 6:310, High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students. Students in grades 7 and 8 may submit a written request to the Building Principal to be excused from physical education courses because of his or her ongoing participation in an interscholastic or extracurricular athletic program. The Building Principal will evaluate requests on a case-by-case basis. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate. Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and 3. The student's future or planned additional participation in activities qualifying for substitutions for physical education as outlined in policy 6:310, High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students.

## SECTION 6- HEALTH, SAFETY, & EMERGENCY INFORMATION

### 6.1 Emergency Information

It is important that each student's emergency contact information be kept up to date on Skyward. This information provides direction in dealing with student emergencies. Parents are requested to assume the responsibility of providing the most current information at all times. In case of *injury or illness* a student **will not** be released from school without prior contact with a parent/guardian/responsible individual.

### 6.2 School Operations During a Pandemic or Other Health Emergency

This section of the handbook is meant to apply generally to any pandemic or other health emergency and may be supplemented with other relevant and timely information that could be given throughout the emergency.

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. RCCU#1 and more specifically, RCHS, play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that will impact your child. Please be assured that even if school is not physically in session, it is the goal of the school to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning may be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and school district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to every student.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual who has a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact RCHS or district officials if you have any concerns regarding our child's education, health, or safety.

### 6.3 Procedures for School Emergencies (Tornado, Fire, Earthquake, Intruder)

Richland County High School conducts emergency drills throughout each school year. Each year there will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

IN THE EVENT OF AN EMERGENCY:

- No student will be dismissed from school unless a parent (or individual designated by a parent) comes for him/her.
- No child will be allowed to leave with another person, even a relative or babysitter, unless we have written permission. Please keep your child's emergency contact information in Skyward up-to-date.
- All parents, or designated parties, who come for students must have them signed out at the office or at the temporary Student Release Station. Signs will be posted at the main building entrance if an alternate location is required.
- If you are not able to reach the school, we will care for your child here. We have a number of people with first-aid certificates, and will be in communication with various local emergency services. We do ask for your help in the following areas:
  - Please do not call the school — we must have the lines open for emergency calls.
  - Following an emergency, do not immediately drive to the school — streets and access to our school may be cluttered with debris. The school access route and street entrance areas must remain clear for emergency vehicles.
  - Do turn your radio to **WVLN-WSEI**. Information and directions will be given over the radio or through a Skyward Sky Alert message.

EMERGENCY PROCEDURES:

- If an emergency situation arises, one or more of the following will be announced:
  - Fire, Bomb Threat, Earthquake
    - Evacuate the building if there is an alarm. If no alarm, wait for instructions given from the Administrator on PA
  - Severe Weather/Tornado

- Teachers are to remain with their classes and await instructions.
- Lockdown Community
  - Danger exists in the community. Exterior doors are locked and monitored.
  - Students may move from class to class but students are not allowed to leave the building.
- Lockdown Controlled
  - Students are not allowed to leave the classroom and should ignore all bells. If the class is outside, wait there for further instruction
  - ALICE protocols are to be followed.
- Lockdown Severe
  - *This command is only used when there is a gunman in the school, shots are fired, and/or there is a hostage situation in the school.*
  - Close and lock the classroom door.
  - Teachers and students should follow ALICE Procedures (Evacuate, Counter, Lockdown, and/or wait for further instructions if possible)

## 6.4 Pest Management

It is the policy of this school district to implement and practice Integrated Pest Management (IPM) procedures to control pests in school buildings and minimize the exposure of students, faculty, and staff to pesticides. State law requires public schools to practice IPM. It is the policy of this school district to control pests in the school environment. Pests can pose hazards to human health, damage property, and disrupt learning. It is the policy of this school district to reduce potential exposure to pesticides in the school environment. Exposure to pesticides can pose a health risk to students, staff, and others, which can be minimized by practicing IPM. Regularly scheduled applications of pesticides are not permitted under the IPM policy.

The Integrated Pest Management (IPM) program at this school will include the following:

- Regular monitoring to identify pest problems
- Preference for the use of non-chemical control methods to address pest problems
- When necessary, the use of least-hazardous chemical controls after non-chemical control methods have been applied
- Preventive actions to reduce future pest problems

### IPM Coordinator

An appropriate staff member will be designated as the IPM Coordinator. This person will be responsible for overseeing pest control for the district.

### Notification

If a pesticide application is deemed to be necessary by the IPM Coordinator, parents and staff will be notified in writing two business days prior to the pesticide application.

### Contractor

Any contractor hired by the school district to provide pest control or other services must comply with the district's IPM and notification policy.

## 6.5 Student Insurance

The school district does not provide individual policies of health insurance or accident insurance for injuries incurred by your child at school. However, as a service to students and their families, the district does make available an optional student accident insurance plan at a very nominal cost. The district offers this program because of trends in rising family health insurance costs, increased deductibles, co-payments, or lack of health insurance coverage. This plan will provide benefits for medical expenses incurred because of an accident. If you have other insurance, benefits can be applied to your deductible or co-pays. If you have no other insurance, this will become your primary accident plan. Please visit the district website for additional information.

## 6.6 Medication Policy

The purpose of this medication policy is to comply with the recommended guidelines for medication administration in schools by the Illinois Department of Public Health, the Illinois State Board of Education, and the Illinois Association of School Nurses. A written order for prescription and non-prescription medications from the child's licensed prescriber and a written request from the parent/guardian requesting the medication be given during school hours must be on file at the school. Only those medications that are necessary to maintain the child in school and must be given during school hours shall be administered. The form for the written order must be obtained from the child's school. It must be completed and signed by the child's licensed prescriber. The parent/guardian must complete and sign the parent/guardian section of this form. Any changes in medication orders must have written authorization from the licensed prescriber. The written medication orders must be renewed annually for long-term medications. In order to provide the best health care to your child it may be necessary for the school nurse to consult with the prescribing physician regarding the child's medication and physical condition. To allow the school nurse and the prescribing physician to exchange information regarding the medication/treatment plan, an Authorization for Release of Information form must be signed by the parent or guardian. It is the parent/guardian's responsibility to assure that the completed Student Medication Authorization Form, the Release of Information form, and the medication(s) are brought to the school.

Prescription medications must be brought to school in a container appropriately labeled by the pharmacy or physician. Non-prescription medications ordered by the physician shall be brought with the manufacturer's original label and the child's name affixed to the container. The medication will be stored in a locked drawer or cabinet in an appropriate school office. Medications requiring refrigeration shall be stored in a secure refrigerated area.

The school nurse shall administer the medication. In the absence of the school nurse, the school administrator, or his/her school designee may supervise self-administration of medication or request the parent/guardian come to the school to administer the medication. When medication is administered at the school the school nurse or the school administrator of his/her school designee shall document it on the medication sheet.

In order to comply with the Illinois School Code Public Act 92-0402 students with asthma are allowed to carry and self-administer life saving asthma medications while at school and at school functions. In order to ensure safe self-administration and handling of the medications an Asthma Policy Statement for Self-Administration of Asthma Medications has been developed in accordance with recommendations from the Illinois State Board of Education in compliance with the Illinois School Code Public Act 92-0402. To obtain a copy of the school's medication and/or asthma policy contact your child's school nurse.

The parent/guardian will be responsible at the end of the treatment regime for removing from the school any unused medication, which was prescribed for their child. If the parent/guardian does not pick up the medication by the end of the school year the nurse will dispose of the medication in the presence of a witness.

A student medication authorization form can be picked up and completed at the high school office. If you have any questions or concerns please contact the high school nurse.

## **6.7 Vision Screening**

The Illinois Department of Public Health mandates vision screening in Illinois at the following grades or populations: preschool, kindergarten, second, eighth, special education, teacher referrals, and transfer students. If your child falls within the mandated grades or populations, he/she will be screened sometime during the school year. If you have questions or concerns regarding vision screening, please contact your child's school nurse.

## **6.8 Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- Sign the Diabetes Care Plan.
- Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the school nurse.

## **6.9 Students with Food Allergies**

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse at (618) 393-2191.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Illinois School Code 105 ILSC 5/22-30 authorizes students with severe allergies to possess and self-administer prescribed epinephrine.

## **6.10 Head Lice**

The school will observe the following procedures regarding head lice.

- Parents are required to notify the school nurse if they suspect their child has head lice.
- Infested students will be sent home following notification of the parent or guardian.
- The school will provide written instructions to the parent or guardian regarding appropriate treatment for the infestation.
- A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse and the child is determined to be cleared for school. Infested children are prohibited from riding the bus to school to be checked for head lice.

## **6.11 Communicable Disease**

The school will observe following recommendations of the Illinois Department of Public Health regarding communicable diseases.

- Parents are required to notify the school nurse if they suspect their child has a communicable disease.
- In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
- The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
- A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor or a person licensed under the Medical Practice Act stating that the student is no longer contagious or at risk of spreading the communicable disease.

## **6.12 Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

- Entering the ninth grades; and
- Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in 12th grade. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by the time the student registers the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements.

### **Eye Examination**

All students entering RCHS for the first time from an outside state must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

### **Dental Examination**

All students entering ninth grade must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

### **Exemptions**

Parents/guardians who object for religious reasons to their child being immunized must submit a certificate of Religious Exemption form. The form must be signed by a Health Care Provider.

## **SECTION 7- STUDENT CONDUCT & DISCIPLINE**

### **7.1 Discipline Philosophy**

One of the most important lessons education should teach is self discipline. While it does not appear as a subject at Richland County High School, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and consideration for other people.

### **7.2 The School & Law**

Any unlawful act taking place on school grounds or buses not only makes the student subject to penalties which the courts may prescribe, but also will result in the school taking any disciplinary steps deemed necessary and/or appropriate. The Illinois School Law Code and the RCHS Student Handbook policies, rules, regulations, etc., will be in effect 24 hours a day, 7 days a week, and 12 months a year.

Richland County High School jurisdiction for student conduct includes all of the following:

- On, or within sight of school grounds before, during, or after school hours or at any time a school group is using the school.
- Off school grounds at a school-sponsored activity, or event, or any activity that bears a reasonable relationship to school.
- Traveling to or from school or a school activity, function or event.
- Anywhere, if the conduct may be reasonably considered a threat or an attempted intimidation of a school staff member, or an interference with school purposes or an educational function.

### **7.3 Classroom Discipline**

Students are to conduct themselves in the classroom in a manner which is conducive to a good learning environment. Disruptive behavior is an encroachment on the rights of other students to realize maximum benefits from the class, and will not be accepted. Students have the responsibility of observing the rules set by the teacher. Problems of discipline which cannot be resolved by teacher and student will be referred to the Assistant Principal's office. The student will be disciplined depending upon the nature of the problem. Teachers will attempt to solve disciplinary problems within their own classrooms by assigning detention or other forms of disciplinary action which might be appropriate. If a student refuses to cooperate or does not comply, parental contact will be made prior to the student's referral to the high school administration for further action.

### **7.4 Disciplinary Procedures and Penalties**

The administrator initiates disciplinary action by investigating the infraction and conferring with staff, the student, and the student's parents/guardian about the misconduct and subsequent disciplinary actions to be taken. The purpose of the described penalties in this section is to alter further undesirable behavior. Any student of Richland County High School, whether at school, on the way to/from school, or involved in a school activity shall conduct himself/herself in such a manner as not to be detrimental to the welfare of the school or any of the students or district personnel. Students wishing to avoid the types of penalties described in this section should conduct themselves in such a manner as to assure they are not subject to disciplinary actions. Students who have disciplinary consequences still remaining at the end of the school year will be required to make up the allotted time before being allowed to register for the next school year. It is the student's responsibility to contact the administration to schedule the time to make up the disciplinary consequences.

- DETENTION (Lunch & After School)
  - Students assigned detention should be made aware of the procedure and consequences of failure to comply.
  - Student must arrive by 3:05 P.M. or will not be permitted to enter. The detention period is from 3:05 to 3:35 P.M. (2:05 - 2:35 P.M. during early release schedule). Lunch Detention will be in the Lunch Detention room from 12:30 to 1:00 P.M. Detention times may vary and will be communicated by the Assistant Principal.
  - A grace period of one day is provided for the student to inform the parent/guardian and make necessary arrangements for transportation. Work, transportation problems, extra-curricular practices, etc. are not legitimate reasons for missing assigned detentions.
  - Student must have materials for study.
  - Students are responsible for notifying their parent or guardian that this penalty has been assigned and the parent/guardian is responsible for the student's transportation after the detention. (*Board of Education Policy*)
  - If there are any circumstances preventing a student from serving detention as assigned, this must be approved by the high school office. This is the responsibility of the student or the student's parents/guardian.

- Students who do not attend a scheduled detention will be considered unexcused. A student considered unexcused from detention will be placed on social probation.
- When a student accumulates two unexcused detentions, that student will then be assigned a 4-hour Saturday School in place of the detentions.
- If a student repeatedly fails to serve assigned detentions and/or Saturday School, the student may be assigned In-School Suspension (AER).

➤ **SOCIAL PROBATION**

- Students may be placed on social probation for unserved disciplinary consequences, poor attendance, unpaid fees, or other misconduct as identified by administration. Students on social probation are not allowed on school property outside of the school day. This includes:
  - Attending all school sponsored extracurricular activities including both athletic and non-athletic events (examples include: IHSA sports, Dances, plays, concerts, etc...)
  - Participation/competing in all school sponsored extra-curricular activities including both athletic and non-athletic events (examples include: dances, Clubs, Organizational events, Class officer meetings, IHSA sports, Graduation Ceremony, etc...).

➤ **SATURDAY SCHOOL**

- Saturday School is an in-school suspension period from 8:00 AM until 12:00 PM (noon). Students may be assigned anywhere from one (1) to four (4) hours of Saturday school depending on the nature of the discipline incident.
- The amount of time assigned shall be at the discretion of the administrator. The following procedures will be in place for Saturday School:
  - The doors are open at 7:50 AM and the students must be in their proper location before 8:00 AM.
  - The student must bring books, school supplies, homework, and educational materials. Students will not be permitted to go to their locker.
  - Failure to attend assigned Saturday school the first time will result in the amount of time being doubled. Failure to attend Saturday school a second time will result in being placed on Social Probation and/or In-School Suspension. Absences from Saturday school will be for emergency reasons only such as a death in the family or a serious illness in the immediate family with parent/guardian verification required upon returning to school.

➤ **IN SCHOOL SUSPENSION ROOM (ISS)**

- The In School Suspension Room (ISS) is designed to keep students in their instructional setting as opposed to out-of-school suspension, and yet impose a negative consequence to violations of school policy. Students may be assigned from one block to a full day or days because of inappropriate behavior and/or lack of academic progress.

➤ **SUSPENSION**

- Suspension is temporary removal from classes and school activities and can be for a period of time up to ten days. All suspensions are reviewed before the Board of Education. While suspended, a student may not participate in or attend any school activity or be present on school property. "Act of God" days count toward days of assigned suspension. Full credit will be given for work missed as long as it is completed and returned to the appropriate teacher on the first school day upon return from suspension. Work turned in late will be given less than full credit based on the teacher's late work policy. It is the responsibility of the student to gather work missed due to suspension. An administrator or designee shall meet with a student returning to school from out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful and include an opportunity for students who have been suspended to complete or make-up missed work for academic credit.
  - **Short Term Suspension (1-3 days)**
    - May be used if there is a threat to school safety or a disruption to other students' learning opportunities. School officials shall determine the meaning of the threat to school safety and disruption to other students' learning opportunities on a case by case basis. School Officials will document in the suspension decision whether other interventions were attempted or whether it was determined that there were no appropriate and available interventions.
  - **Long Term Suspension (4-10 days)**
    - May be used if other behavioral and disciplinary interventions have been exhausted and/or if the student's continuing presence in school would either:
      - Pose a threat to the safety of other students, staff of the school community, or
      - Substantially disrupts, impedes, or interferes with the operation of the school.
    - On a case by case basis, school officials should determine: 1) the availability and use of interventions; and 2) the meaning of threat or disruption. School officials will document whether interventions were attempted or whether there were no appropriate and available interventions. Students suspended (out of school) longer than 4 school days will be provided with appropriate and available support services, as determined by school officials.

➤ **EXPULSION**

## 7.5 General Student Conduct

Students are not to enter the building before 7:35 A.M. Students who find it absolutely necessary to arrive earlier due to riding to school with a parent/guardian must clear this early arrival with the high school office. They are required to stay in the commons when they arrive at school and remain there until the 7:40 A.M. bell rings. At 7:50 A.M. students will be admitted to the second floor. While moving throughout the building, students should speak in a conversational tone to maintain a minimum noise level. This will contribute to an environment which will permit both students and staff to work without being distracted. All students are expected to behave

appropriately in the hall before school, during passing periods, and at lunch. Groups of students congregating in the halls at these times must not impede the flow of traffic. Students not willing to abide by proper hallway conduct may be restricted from certain areas of the building and subject to disciplinary action.

## 7.6 Student Identification

The failure of a student to give his/her name upon request of a staff member or substitute teacher is guilty of **gross disobedience** and will face severe punishment.

## 7.7 Student Appearance

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. - Coats, jackets, backpacks, and hats are not to be worn inside the school during the school day and shall be either kept in students' lockers or not to be brought to school.
- Excessively ripped pants, trousers, shorts or jeans, and chains are prohibited due to safety concern; and no pants, trousers, shorts or jeans should be worn below the waistline for safety concerns.

Students should take into consideration classes where additional safety measures are required, such as industrial education, shops, laboratories, physical education and art classes, and in general those classes where appropriate dress and grooming present an actual danger to the health or safety of the students or others present.

Students wearing apparel prohibited by this policy shall be asked to turn the garment inside out, take the garment off and exchange it for a permissible item or shall be required to go home to change into something that is permissible pursuant to the terms of this policy. ## SECTION 9- SEARCH & SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

- School Property and Equipment as well as Personal Effects Left There by Students
  - School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.
  - The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.
  - School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
  - Questioning of Students Suspected of Committing Criminal Activity Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.
  - School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.
- Seizure of Property
  - If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.
- Lockers
  - Each student is assigned an individual locker. Students must keep their lockers locked at all times. Lockers will be assigned to students alphabetically. This is the locker to be used during the school year. Any damages done to that locker will be assessed to the student. Students may not switch lockers. Any student who has switched lockers will be asked to move and may be subject to disciplinary action.
  - Lockers may not be shared. Periodic checks will be done to insure compliance.
  - ADHESIVE SIGNS, STICKERS, POSTERS, ETC., ARE NOT PERMITTED ON THE OUTSIDE OF LOCKER SURFACES.
  - Lockers are school property and are provided to students for their convenience. However, students shall be informed in writing and/or orally from time to time that they may not expect privacy in student lockers. The administration may from time to time, as it deems necessary, open lockers in a general administrative search of all lockers in order to seek missing library books and other school materials, and also for the presence of other items not reasonable or prudent for storing in student lockers.
  - In addition to the foregoing, when there is reasonable suspicion that a student locker contains illegal or improper items, and that a search will expose evidence that a student has violated or is violating either the law or school rules, the administration may open such locker and seize any such items found
  - ADMINISTRATION HAS ACCESS TO LOCKERS AT ANY TIME.

If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

The term "children with disabilities" means children between ages 3 and the day before their 22<sup>nd</sup> birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

**11.2 Service Logs**

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. ## **SECTION 12- STUDENTS RECORDS & PRIVACY**

### **12.1 Student Privacy Protections**

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

#### **Surveys by Third Parties**

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions. Parents who object to disclosure of information concerning their child to a third party may do so in writing to the Building Principal.

#### **Surveys Requesting Personal Information**

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

- Political affiliations or beliefs of the student or the student's parent/guardian.
- Mental or psychological problems of the student or the student's family.
- Behavior or attitudes about sex.

- Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
- Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

#### **Instructional Material**

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

#### **Prohibition on Selling or Marketing Students' Personal Information**

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal. A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

## 12.2 Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student. The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

- The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.
  - The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
- The right to have one or more scores received on college entrance examinations included on the student's academic transcript.
  - Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.
- The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.
  - A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.
  - If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
- The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.
  - Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.
  - Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.
  - Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.
  - Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district;[2] any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
- The right to a copy of any school student record proposed to be destroyed or deleted.
  - The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.
- The right to prohibit the release of directory information.
  - Throughout the school year, the District may release directory information regarding students, limited to:
    - Name
    - Address
    - Grade level
    - Birth date and place

- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

*\*\*Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.*

- The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.
  - Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.
- The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

### **12.3 Student Biometric Information**

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

### **12.4 Military Recruiters & Institutions of Higher Learning**

Upon their request, military recruiters and institutions of higher learning will be given access to students' names, addresses and telephone numbers. Parents who do not want their child's name to be released (or students over the age of 18 who do not want their name released) should contact the building principal.
