

What is Guided Self Placement?

The updated course placement process is called *Guided Self Placement (GSP)*, which allows students more flexibility to select the English or math course that best aligns with their experience and comfort level in math, reading, and writing.

Prior to academic advising and registration, students are being asked to complete two online Guided Self Placement surveys using the links below. At the end of the GSP, the student will be provided with recommendations for course placement. Please prepare and plan ahead, as it may take up to 2 business days to have their scores recorded on their academic record. During this process, please have your students keep an eye on their Delta email for important messages and next steps!

You won't be able to take the survey, unless you remember your Delta student number.

However, you can click on each link below to and scroll through the survey to gain insight on the questions students are being asked:

English: http://www.surveymonkey.com/r/English_GSP

Math: http://www.surveymonkey.com/r/Math_GSP
