Strategic Plan: No update at this time

Communication: Butyn reports all sources we actively use such as Facebook, IG, Apptegy, Twitter, Schoology, and all-calls through Thrillshare. Referenced the 50+ posts during the month of April to the social media forums. Parents elaborated that we communicate significantly better than the schools their older children are in and that they are appreciative.

Attendance: 92% for the month of April; discussed truancy and JMP referrals as well as Cody's role in assisting with home visits as needed

Discipline: Minimal issues resulting in serious consequences; continue to try to resolve with conferencing and restorative circles, followed by LD with calls home

Building Updates: Discussed new signs and the tree mural outside Dague's room

Upcoming/Recent Events: Music concerts, color run and Dunk n Donuts, 8th grade promotion

Concerns: Melody requested if issues with passing out continue that we follow up with the homeroom class explaining procedures and what we are doing as opposed to just talking to staff.
