RIVERSIDE HOMECOMING WEEK

Board Commitments

1. Will collect and review all options-to determine what is most economical long-term for the district before making any decisions about moving forward
2. Key decision for the HVAC Systems: Retrofit or Replace-Will collect advantages and disadvantages to determine what makes most sense for the district before making any decisions about moving forward
3. Will do the work to get a plan approved that is in the best interest of the students and staff as well as most economical long term for the district
4. Community has not reached consensus on what it wants to do long-term-the Board will take the lead, collect information, listen to input, and provide a viable option that the majority of district patrons can support that is in the best interest of the students and staff as well as most economical long term for the district

Next Steps

Board will determine estimated costs, estimated savings, advantages and disadvantages of all options. Under consideration and review at this time:

- Move all the Grade PK-5 students to one site-the current building in Carson
- Move all the Grade PK-5 students to one site-the current building in Oakland
- Move 5th Grade to Middle/High School Building and PK-4th Grade to Oakland
- Move 5th Grade to Middle/High School Building and PK-4th Grade to Carson

Riverside Elementary and Intermediate School students have the opportunity to participate in the **BACKPACK PROGRAM** again this school year. The backpack program is designed to provide food for hungry children at times when other resources are not available, such as during weekends and school vacations.

Food Bank for the Heartland supplies packs filled with nutritious food for children to take home on Friday afternoons. Each pack provides two breakfast meals and two lunch or dinner meals. If you would like your child/children to participate, please call Jana Hensley at 484-2291 or email me at jhensley@riverside.k12ia.us.

Thank you!

Riverside Allergy Awareness (Mr. Meek)

There have been some discussions about the expectations of food allergies at Riverside Schools. Here is what we consider when it comes to peanut/tree nut allergies.

1. **All Riverside kitchens are peanut/tree nut free.**
2. **Any snacks sent to classrooms for birthdays, celebrations, or other classroom parties should be peanut/tree nut free. Any purchased or homemade snack should include the ingredient list. A recipe is OK to send if made at home.**
3. **We do allow peanut butter to be brought in a lunch. We ask that students not share/trade lunch items.**

If there are any changes to a specific classroom regarding food allergies, parents will be notified in writing.

IMPORTANT INFORMATION FOR PARENTS

Effective April 1, Riverside is pleased to offer PayFort to our parents to pay fees, fines and lunch balances online. Parents will also be able to check payment history, review purchases and set up automated email reminders.

PayFort.net

What is PayFort?

PayFort (PFI) is a Secure Online Payment system which simplifies payment, collection and balancing of funds for School Districts. It enables parents to pay fees, fines and fund accounts quickly and easily online. PayFort allows parents to opt into and manage email reminders about their student's accounts.

Benefits

- ✓ Using PFI, secretaries spend less time taking cash at the serving lines, so students have more time to eat. Additionally, there is not a chance of lost lunch money from home to the serving lines or building offices.
- ✓ Payments can be made by credit card or electronic check 24 hours a day, 7 days a week at the parents' convenience.
- ✓ Parents can review what their students are actually purchasing along with account balance information.
- ✓ PFI supports increased communication between the school & the parents.

Features

- ✓ Parents can opt to receive an email when a family balance dips to a certain threshold (set by the parent).
- ✓ Parents can opt to use an automatic payment feature which replenishes their family account(s) when a balance dips to a specific level (specified by the parent).
- ✓ School messages are automatically emailed to parents.
- ✓ A continuous online survey is provided to monitor parent feedback and ideas.
- ✓ Student information is automatically transferred from year-to-year and from school-to-school.
- ✓ Parents can manage more than one student account.
- ✓ PFI is PCI, or Payment Card Industry, compliant and maintains industry standard SSL certificates. This ensures all data is safe & secure as defined by the industry.

How to sign up

Log on to www.payfort.net.

Select the "Sign Up" option from the menu. The screens will guide you through the process to establish your account:

1. The internet convenience fee will be charged at 4.00% per credit card charges and \$1.75 per electronic check.
2. You will be prompted to enter your contact data, password, payment information, etc.:
3. You will need to indicate which student(s) to attach to your account. Student names must be entered exactly the same as they appear in JMC (Riverside's student information system). Students are already loaded in the PFI system from JMC so the names must match exactly. PFI utilizes the same student ID number already used throughout Riverside's student information system. If you are unsure of your student's ID number, you can check it in your JMC online access account, or contact your child's building.
4. Once you have an account, you can choose to pay lunch balances, fees and fines at school using a credit card.

Once all information is entered, PFI will email a validation code for you to confirm the registration. Once confirmed you can begin using PFI as often as you'd like.

How to get help

How Do I ... Each major function used in PFI, has online help available under the menu option of "How Do I ...". The "How Do I" provides step by step instructions as well as screen examples.

FAQ: When starting to use PFI, it is a good idea to review the Frequently Asked Questions (FAQ) available within the Help menu option.

Support Videos: There are videos you can view about the different features of PayFort.net.
<http://vimeo.com/user15751241/payfort-tutorials>

Contact Us: You are also able to send an email to the PFI Help Support Staff. This function is also within the Help menu option.

The Riverside Booster Club has been busy preparing for the 2019-2020 school year! On Sunday, August 18th approx. 30 athletes helped with our 2nd annual Membership Drive followed by a Hot Dog Cookout. If a student athlete did not visit your home, please contact the high school or a Booster Club member to join. The Booster Club would like to thank Todd Plagman & Union Pacific for their generous donation. All money raised and donated to the Booster Club goes right back to our school and students. In August the Booster Club purchased new Boys Basketball Uniforms and Fence Cups to be placed at the high school entry. The Booster Club is always looking for volunteers to help at the concession stand- please see the Booster Club Facebook page or contact a member to sign up.

Membership is \$15 for an individual and \$25 for a couple.

RIVERSIDE HOMECOMING WEEK

Nicholas Kroon Riverside 6-12 Principal

Welcome back!

The excitement of going back to school has turned into the excitement of being in school. As our staff has been prepping for the 2019-2020 academic season, we have all been so anxious to get your sons/daughters back into Riverside Middle School-/High School. It is an empty and lonely building without our enthusiastic young minds here. This will be a great year!

We will be looking to start a Parent Advisory Council for our MS-HS building. I am thinking of running a couple meetings a year centered around our Parent -Teacher Conferences. I would be very interested in writing down names of interested 6-12th grade parents. I see these meetings as a chance to answer your questions, provide information on assessment, curriculum, discipline, etc., and cultivate a partnership that makes our school as awesome as it can be. If you are interested in being on the Council, please email me at nkroon@riverside.k12.ia.us. Thanks for your interest!

I spoke recently at our Fall Parents Meeting about the special time that is now between a parent and student who his involved in extra-curriculars. When I was a young coach and teacher, I had the pleasure of attending a Bruce Brown training. I learned several neat things that day that molded how I feel about the parent-student relationship. First, both you and your son/daughter need to make a list of season expectations. After that is completed, come together, throw your parent list away, and do your best to fully encourage/support your child's goals/aspirations. This will keep your contact always positive and centered on your child. Secondly, allow your child time to process their own understanding of their individual performance. During the wait time, compliment your child's team or other's individual efforts. This gives your child a model of service to others and continues to give them time to process. Hopefully, this turns into your student talking about his/her performance or asking your opinion. Third, be a great and intensely positive role model. The manner in which you, as parents, treat officials, coaches, other players (including opponents), and people in general sets a precedence of how your student may act. Make sure that your child's definition of integrity is modeled by your positive, enthusiastic support of him/her and their team!

Lastly, have fun. As a father of 4 young children, I hear all the time how quickly this chapter of life comes and goes. Enjoy every moment from the defeats to the victories. I pray that each of you has an experience worthy of years of happy memories.

We really want to continue the positive trend happening at Riverside Community School District. Our Bulldog POWER, Monday morning meetings, advisory, and Character Counts will still be happening. I am excited to be in a positive partnership with you all to make Riverside a beacon in our area for curriculum, extracurricular activities, facilities, safety, and physical/mental wellness.

GO DAWGS!

Let's Help the Art Department

Hello everyone! My name is Heather Mauer and I will be teaching Intermediate Art here at Riverside. I am very excited to join the team. Today I writing to you about...stuff you might potentially have around your classroom or home. I do a lot of art projects that require transforming everyday objects and things into art works. If you happen to have any or all of the following items that you would like to donate to the art students, please feel free to drop it off at my room or call me and I will come to your classroom for a pick up. Here are some of the items needed for upcoming projects: paper egg cartons (the dozen type), newspapers, white paper plates, tissue paper (all colors), raffia, water bottles and any type of thin cardboard such as granola boxes etc. I am looking forward to working with you and our students. Have a great start to your year! See the example below:

Items Needed:

Paper Egg Cartons (Dozen cartons)

Newspaper, Tissue Paper, Raffia

White Paper, Water Bottles, Thin Cardboard (i.e. granola bar boxes)

Educational Game Plan-Part 1

What: Improving Academic Achievement and Providing Consistent, Rigorous, and High-Quality Instruction

Why: Literacy and Numeracy are capstone skills and are needed for school and life success-We have researched based curriculum materials and they need to be supported with capacity building activities to help teachers implement them at a high level

How:

- Focus on increasing proficiency in Literacy (K-5)
- Focus on increasing proficiency in Literacy (Grades 6-12)
- Focus on increasing proficiency in Numeracy (K-5)
- Focus on increasing proficiency in Numeracy (Grades 6-12)

How Do We Live Our Mission?

To INSPIRE so that we motivate others to bring out the best in themselves

Inspire others by expecting the most of them--Most of us will rise to the expectations of the people who believe in us. Inspire others by challenging them--Challenge those around us to go beyond what's easy and comfortable. Inspire others by caring about them--Focus on what's best for others and then show them that you care by the way you treat them and interact with them. Inspire others by taking a stand for what you believe in--One of the best ways to help other live meaningful, significant, lives, is to set an example by living that kind of a life yourself. Inspire others by having the courage to change course--Even as you stay true to what you believe in, be sure to remain flexible. Inspire others by being vulnerable--Be honest about who you are and your own shortcomings and failures. Inspire others by practicing integrity--Speak the truth, even if it's not what someone wants to hear. Inspire others by sharing the credit--Recognize the people around you for what they've done, and for their successes. Inspire others by sharing your influences--Talk about the people who have inspired you. Inspire others by listening to them--When you listen to the people around you, you show them that they matter, and that their ideas are worth hearing.

Facility Update

The Board is looking at all options trying to determine what is in the best interest of the students, staff and, community along with being economical long-term. They are reviewing whether the HVAC systems can be retrofit (to furnish the current system with updated parts) or replaced (to put an entire new system in place-this is what was originally was proposed). The Board is working with various contractors to vet proposals to perform the needed work to make sure the system gets through the next year. This will be a balancing act as they do not want to spend unneeded resources on repairs if the retrofit or replacement becomes inevitable. The Board has committed to doing the work to get a plan present and approved by the public. This will include taking the time to review more options and be fully transparent with the community to address all the questions and issues they may have. At this point, however, the community has not reached consensus on what it wants to do with facilities long-term. So, the Board must take lead and provide a viable option that the majority can support both short-term and long-term.

Student, Parent, Employee and Activities Handbooks

We have added a link to our website: <http://bit.ly/2wSvnoV>. Handbooks will not be distributed in hard copy unless they are requested. The following handbooks are available: Activities Handbook, Employee Handbook, Grade 6-12 Handbook, Grade PK-5 Handbook, Riverside Child Care Parent Handbook, and Riverside Credit Recovery Handbook.

Please feel free to follow me on social media at Tim Mitchell or Dr. Tim Mitchell on Facebook, @tmitchell212 on Twitter or tmitchell6885 on Instagram. I would also love to come and talk to any group about things happening in our district. If you need to contact me about school issues, please call at 712-484-2212 or e-mail at tmitchell@riverside.k12.ia.us.

Hometown Heroes (Cindy Kenealy)

The first annual Hometown Heroes program was held Friday, August 16, at Eckels Memorial Library in Oakland. It was an evening of fun and Riverside pride for all ages! At this event, the cheerleaders had a chance to show everyone their new uniforms and get the crowd excited for the new school year. The band showcased some of their new music as well as playing the school song. The football team arrived in uniform, ready to autograph foam footballs for children. All of these Riverside heroes had the opportunity to read to children in attendance. A free meal was provided through the generosity of OSI, Keast Chevrolet, Buck Snort and numerous Riverside patrons contributing as well.

Editor's Note: We have included photos from Lisa Hummel, Tyler Johannsen, and Amanda Brandon throughout this issue.

Get ready to walk, Riverside Elementary (K-5)!

Physical activity is one of the most important things all Iowa kids can do to improve their health – and walking is a great way to get moving.

Since 2011, hundreds of thousands of Iowans have taken part in the Healthiest State Annual Walk, presented by Delta Dental of Iowa. This October, Iowans will again participate in this event with the goal of having at least one organized walk in all 99 counties with a total of at least 900 walks to celebrate the event's ninth year. I'm pleased to announce that this statewide effort will include Riverside!

The event's slogan "Walk More. Connect More." encourages participants to walk with others, like your classmates and teachers. That's why Riverside will host a 30-minute school-wide walk on **October 2nd at 8:30 A.M (Oakland-Elementary) & 1:45 P.M (Carson-Elementary)** starting at the south side of the buildings.

The Annual Walk is a great way to promote wellness and support Iowa's goal of becoming the healthiest state in the nation. Our participation shows that Riverside is invested in the well-being of our students, faculty and staff. I invite you to join us as we take steps together towards the goal of becoming a healthier community and state!

The event also serves as a kick-off to Healthiest State Month, happening throughout October, encouraging Iowans to "Live 5-2-1-0" and reminding them that "Healthy Choices Count!" To learn more about 5-2-1-0 Healthy Choices Count, visit www.iowahealthieststate.com/5210.

The Healthiest State is encouraging Iowans to participate on social media with the hashtags #GetYourWalkOn2019 during the Annual Walk and #WalkMoreConnectMore year-round.

I hope you'll join us in walking for 30 minutes at 8:30 A.M (Oakland) & 1:45 P.M (Carson) on October 2nd. Visit www.iowahealthieststate.com to learn more about the Healthiest State Initiative, and stay tuned for more information on our walk. Together we can do something great for our students!

#GetYourWalkOn2019

Six days in and what a great start to our school year. Staff members are working building relationships with their new students and working on routines for their classrooms. A few tears are always shed, but everyone has begun moving and getting used to the new schedules. After the first couple days, it looks just like a regular school day. When you are talking to your children about the new school year, make sure to ask them about schedules and what their daily routine looks like. For many of them, it is new and can be scary, but we always make it through and it gets better. When you have questions, please do not hesitate to contact your child's teacher or school to get those questions answered. At the Oakland Elementary (PK-2nd) and Carson Elementary (3rd-5th) schools, we are working on continuing for Positive Behavior Interventions and Supports, or PBIS where we use specific lesson plans to teach students about positive behaviors in various areas of the school: hallways, lunchroom, buses, recess, and a few other areas. The first few days of school we took time to teach each student our expectations for these areas around the school so that each student sees and hears the positive expectations for behavior. We are excited about this new opportunity to teach our students some new expectations and also some new ways for us to celebrate our great students!

There have been a few changes this summer as we have moved 3rd grade to Carson and we revamped a few classrooms there to help with the new students in the building. We have a playground on the way and we will be asking for volunteers soon to get together and build the playground for our students to start using. In the next 1-2 months there will be a significant change in the Northeast corner of our property as we build a playground and then put in a basketball court for the students to use.

Over the last few years in my newsletter articles, I stressed having open and honest communication with your child's teachers, myself, anyone associated with the school, or a question about a school policy. Over the past few years, it has become increasingly easy to get on social media and ask questions about the school, your child's classroom, or something that happened at school. In my experiences, this type of discussion has led to a lot of wrong information, a misunderstanding about your question or concern, and sometimes hurt feelings over the wrong information. I would always suggest that you contact your child's teacher first, phone or email, or check with me to get your answer before using social media. If you want your child's experience and your experience to be the most positive, talk with them when an issue comes up. Be open with problems that your child is having at school, even if your child asks you not to talk to the school. Send emails or make phone calls so that everyone who is in contact with your child is on the same page. We want everyone in the community, all families, students, and staff to have the best Riverside experience that they can!

Notice from Mr. Blair:

If your child is in Title One, you may want to follow the new Riverside Title One Facebook page which can be found under the name Riverside Title One Program. This page will have updated information on what is happening in the Title One program and covers kindergarten to 5th grade.

In July, Holly Garcia traveled to Naperville, Illinois to present at the national Chemistry teachers conference. She shared her unit about chemical bonding that centered on the use of Rainworks invisible spray. Last year, the Riverside Chemistry students installed two Rainworks designs that only appeared on the school sidewalk on rainy days! Now other teachers are planning to use it for teaching Chemistry, too!

We thank Mrs. Garcia for sharing the picture and article.

Great Western Bank will host their annual Homecoming Tailgate Friday, October 4 from 4-6:30. All are welcome to enjoy a catered supper, games, and prizes. At 4:00, Great Western Bank will present one teacher (chosen by Riverside staff) with the Great Teacher Award. Please come celebrate Homecoming and this year's recipient! Stay tuned for more details.

Volleyball Camp 2019

Michaela Schwartzkopf

Riverside Volleyball hosted its annual camp August 7th-9th. This year we had 25 3rd-6th graders and 26 7th-12th graders attend camp. The younger girls brought a lot of energy to all three days. They worked from 9-11 am building individual and team skills. The high school girls had the opportunity to work one-on-one with the 3rd-6th graders to act as role models and coaches. At the end of the three days, the high school girls were able to talk about how each one of the campers had improved tremendously. The 7th-12th graders worked hard from 1-4 pm those three days, as well. The first two were full of high energy drills and the last day was dedicated to creating team and individual goals as well as a 2 on 2 tournament. This year's jr high winners were Elyssa Amdor and Addi Feuring. The high school winners were Gracie Bluml and Jadyn Achenbach. Camp was a great kick-off to everyone's season and we wish everyone good luck this year!

GO DAWGS!

Summer Professional Development (Lisa Putnam)

As the 2019-2020 school year begins, I want to acknowledge the dedication of the Riverside teachers and the work they engage in over the summer. Many people may believe that teachers have almost three months of vacation over the summer break, but that is not true for the Riverside teachers; every teacher engages in professional development during the summer to improve student engagement and learning. Some of these professional learning opportunities are provided within the district as there is much to be learned from our very capable colleagues, and it also allows teachers to work in their content or grade level teams. Teachers also have the opportunity to attend trainings at the AEA, state, and national levels, and several have presented at these levels. Attending these trainings outside the district allows teachers to learn from and engage with experts in their content area, grade level, or curriculum. The following is just a sampling of the professional development that Riverside teachers participated in this summer in order to improve student achievement:

Iowa Western Statistics class

ChemEd Conference

Book Study

Teaching on the Move Workshop

Early Childhood Collaboration

Curriculum Planning

Suicide Risk Assessment

Grant Writing Workshop

Association for Health, Physical Education, Recreation and Dance Conference

Conn-Selmer Music Institute

Social Studies Standards/Curriculum

Number Talks Training

Financial Literacy Camp

State Social Studies Workshop

Acrylic Painting class

Assessment Training

Education Institute at Metropolitan Utilities District

Bulldog Power Committee Collaboration

AEA Learning Supports Symposium

Governor's Teaching Cabinet

ACES (Adverse Childhood Experiences) Training

Early Childhood Collaboration

Iowa Reading Conference
