

Tipton Community School Corporation

High Ability Services

Working Together for Student Success

Mission

The High Ability Programming of Tipton Community School Corporation offers a K-12 continuum of services to develop and enrich student learning with rigorous and differentiated academic curriculum, allowing individual students to further expand their depth of understanding and challenge their learning potential.

Definition

Tipton Community School Corporation defines high ability students as those who perform at, or show the potential for performing at, an outstanding level of accomplishment in general intellectual, English, and/or math when compared to other students of the same age, experience, or environment; and: is characterized by exceptional gifts, talents, motivation, or interest.
