

## Lemoore Elementary School District Deferred Pay Election Form

### Classified/Certificated Personnel

Indicate below your preference of monthly payment. Once you select an option, you will be unable to modify your choice prior to July 1 of the next fiscal year. There will be no early payment of deferred summer pay. The deferred pay program is an elective program and no interest earnings will accrue for participants.

**11 Month Employees Who Work 5 or More Hours Per Day (Choose One Below):**

\_\_\_\_\_ **No Deferred Pay in Summer Months**

Eleven (11) monthly payments beginning the last workday of August and ending the last work day of June for the fiscal year. ***You will receive no paycheck in July.***

\_\_\_\_\_ **Deferred Pay in July**

Deferred Pay – Twelve (12) monthly payments beginning the last workday of August and ending the last workday of July following the end of the fiscal year. The July payment will be based on a monthly summer pay deferment of 6% of your normal gross earnings for the months of August through June. I will receive this deferment the last workday of July. If participation in the summer pay process begins after the August payroll, a correspondingly smaller payment will be received for July.

**This authorization will remain in effect until the employee completes a new deferred Pay Election Form prior to August 1 of a new contract year. Please note, any employee that begins after September 1 of the current contract year will not have this option.**

If I elect to receive deferred summer pay, I understand that taxes will be deducted at the time that I earn the salary and not at the later date when I receive the deferred pay.
