EARLY CHILDHOOD EDUCATION ALLIANCE

AELS is a part of the Early Childhood Education Alliance, which is an organization dedicated to preparing young children for kindergarten through a variety of resources. Through SPARK (Supporting Partnerships to Assure Ready Kids), children are able to receive support to boost academic and social-emotional skills needed before entering kindergarten.

“

Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood. ”

— Mr. Rogers

THE FUTURE STARTS HERE

ABOUT AELS

AELS offers a team of highly-qualified and dedicated teachers who are ready to help all little Aviators soar to great heights. Our goal is to educate children using age-appropriate methods and materials.

AELS houses all preschool through first grade students in the district. Students who have joined AELS as preschoolers will have the opportunity to participate in the program for four years before moving on to Alliance Elementary School. If a student attends AELS beginning with Kindergarten, they will have two wonderful years of learning and preparation for their future.

Children have the chance to exercise in a large outdoor playground or inside our full gymnasium. There are plenty of opportunities for children to get exercise and experience gross-motor activities.

All children have the ability to interact with the latest forms of technology such as iPads, SmartBoards, laptops and more.

Our partnerships with Artful Living and Learning Program based in Stark County will give your child the opportunity to learn skills from professional artists in the areas of art, music and drama.

REASONS TO CHOOSE ALLIANCE EARLY LEARNING SCHOOL

- ★ Free breakfast and lunch for every student
- ★ Free bus transportation
- ★ Highly qualified teachers
- ★ Every student is 1:1 with technology

AELS CURRICULUM

- ★ Success for All (SFA) reading curriculum is theme-based on the "Child's World", including self, family and community
- ★ SFA includes science and social studies intertwined within the curriculum
- ★ Children are given the opportunity to read and write every day, as well as interact with peers and expand their mathematical development
- ★ The curriculum includes a balance of hands-on learning, learning with technology, interaction with peers and more
- ★ AELS focuses on the whole child, including academic learning and social/emotional needs
