

Hello MP Full-Day Families!

Thank you so much for your patience and flexibility this week as we implemented our new drop-off and pick-up procedure. This change was required by the Marysville School District Director of Security for safety reasons--thank you for your help in making it happen! Now that we are one week in, we would like to share the following reminders/updates:

When exiting the drop-off/pick-up area, please exit to the nearest lane to your left (see map). Please do not go around other cars or reverse.

Please do not allow your child to go under the wire. Have them walk along the wire to the nearest gate, where a staff member in a yellow vest will direct them to their teacher.

Please do not get out of your car or unload your student until you are in the designated drop-off/pick-up area (**after** the first staff member in the yellow vest).

For pick-up, please hang the colored placard in your passenger window. This helps us identify which student you are picking up. Optional--you may write your child's first name on the placard if you wish--this is not required. This will expedite the pick-up process.

Thank you again for your partnership in learning this new process. We are confident that this will ultimately make this a safer and more efficient process for our students, families, and staff.
