Middle School Head Track Coach	197	.08
Middle School Assistant Track Coach	197	.03
Middle School Head Cross Country Coach	197	.04
Middle School Assistant Cross Country Coach	197	.03
Middle School Spirit Coach	190	.09

Salary is determined using the following calculation method:

1. Determine your placement on the teacher salary schedule,
2. Divide your teacher salary placement by 190 (*This number is your daily rate of pay, DRP*)
3. Then multiply your DRP by your extended number of days. (*This number is your extended contract salary*)
4. Next, multiply your index by the Bachelor's Degree base salary. (*This number is your index amount*)
5. Finally add the "extended contract salary" and the "index amount" together to get your total salary.

Both the extended days and index amount are figured into a teacher's contract.

The index is for duties outside a contract day. Coaching duties that take a class period only will not receive the index amount. Coaches will be expected to do "other duties as assigned" to gain coaching knowledge and experience.
