1	GENERAL
2	Section 2. Any previous act inconsistent with the provisions of this Act is hereby suspended to the extent
3	of such inconsistency.
4	Section 3. If any provision of this Act, or of any rule, regulation or order thereunder, or the application of
5	such provision to any person or circumstances, shall be invalid, the remainder of this Act and the application of such
6	provisions of this Act or of such rule, regulation or order to persons or circumstances other than those to which it is
7	held invalid shall not be affected thereby.
8	Section 4. The monies appropriated in Section 1 of this Act shall be paid by the State Treasurer from the
9	General Fund, except as otherwise referenced in Section I.
10	Section 5. The provisions of this Act to the contrary notwithstanding, any section, chapter or title of the
11	Delaware Code and any Laws of Delaware providing for the application of "Sunset" shall be operative for those
12	agencies, commissions or boards effective during the current fiscal year.
13	Section 6. Due to the budget format, the restructuring of divisions into programs within divisions has
14	created more exempt positions per division than allowed by law for the participating departments; therefore, all
15	exempt positions authorized by 29 Del. C. § 5903, prior to July 1, 1987, shall remain exempt for this current fiscal
16	year, except as otherwise specified in this Act.
17	Section 7. (a) Notwithstanding the provisions of 29 Del. C. § 6334(c), for Fiscal Year 2023 2024, the
18	proposed budget plan, as prepared by the Director of the Office of Management and Budget, shall be in such a
19	format that it can readily be analyzed and comprehensive in nature.
20	(b) This Act has been prepared in conformance with 78 Del. Laws, c. 90. For all sections with the
21	exception of Section 1, all comparisons to the previous year's Budget Act are shown noting insertions by
22	underlining and deletions by strikethrough.
23	(c) Notwithstanding the provisions of 29 Del. C. § 6340(a), Section 1 of this Act summarizes salary and
24	wage and other employment costs into a single line entitled Personnel Costs.
25	(d) For Fiscal Year 2023 2024, the payroll recovery rate for the Workers' Compensation Program shall be
26	1.55 1.45 percent unless a separate memorandum of agreement exists.
27	(e) Notwithstanding 29 Del. C. c. 60A or any other provision of the Delaware Code or this Act to the
28	contrary, the employer contribution from state agencies and non-state entities to qualified participants of the

- Deferred Compensation Program shall be suspended beginning July 1, 2008. It is the intent of the General Assembly
 that this program be reinstated when funding becomes available.
- (f) Section 1 of this Act provides funding for a state employee pension rate of 22.62 22.52 percent. The components of the rate are 12.05 12.61 percent for pension liability, 9.21 8.55 percent for retiree health insurance costs and 0.36 percent for the Other Post-Employment Benefits fund and 1.00 percent for the Post-retirement Increase Fund.
- 7 (g) Section 1 of this Act provides funding for a judicial pension rate of 15.77 15.45 percent.
 - (h) Section 1 of this Act provides funding for a New State Police pension rate of 32.39 32.81 percent.
 - (i) Section 1 of the Act provides funding for Group Health Insurance costs in the Department of Human Resources, Division of Statewide Benefits (16-05-01). The appropriation provides for the State's active and retired employee health benefits as follows:

- (i)(j) Section 1 of this Act includes an appropriation for Salary/OEC Contingency in Executive, Office of Management and Budget, Contingencies and One-Time Items (10-02-11). Included in said appropriation is funding to establish a long-term, financially sustainable plan to provide post-retirement increases. It is the intent of the General Assembly to work jointly with the Governor to phase-in the implementation of this plan with the goal to fully implement by June 30, 2026.

C. § 1311A or 19 Del. C. and 1311A or 19 Del. C. c. 16. The effective dates of agreements pursuant to 19 Del. C. § 1311A or 19 Del. C. c. 16 shall occur simultaneously with the fiscal year following final agreement between the State of Delaware and ratification of that agreement by the respective certified bargaining unit, provided funds are appropriated in Section 1 of this Act for said agreements. All pay changes shall become effective on the first day of a full pay cycle. Section 1 of this Act makes no appropriation, and no subsequent appropriation shall be made during the fiscal year, for any compensation items as defined in 19 Del. C. § 1311A, or for State Merit positions organized under 19 Del. C. c. 16, reached as a result of negotiations, mediation or interest arbitration. Should a bargaining agreement not be finalized by December 1 or May 1 of each fiscal year, employees represented by the bargaining unit negotiating said agreement shall receive compensation pursuant to the provisions of this section until such time as an agreement takes effect. A final bargaining agreement shall be defined as an agreement between the State of Delaware and a certified bargaining unit, which is not retroactive and in which the agreement's completion is achieved through ratification by the respective bargaining unit, mediation or binding interest arbitration.
- (1) Effective the first day of the first full pay period of the fiscal year, the following pay plans are established for state Merit System employees:

Management and Budget will work with agencies to identify positions within their organizations that can be targeted

for reallocation and/or attrition. Notwithstanding any other provision of law to the contrary, the Director of Office

of Management and Budget shall, upon the concurrence of the Controller General, have the authority to reallocate

personnel costs, as well as positions, throughout and among respective state agencies, including the Judiciary and

Other Elective offices, in order to meet critical workforce needs. Further, the Director of the Office of Management

and Budget, upon the concurrence of the Controller General, shall de-authorize targeted positions, where

appropriate, as they become vacant throughout the fiscal year.

Section 12. Section 1 of this Act includes an appropriation for Salary/OEC Contingency in the Office of Management and Budget, Contingencies and One-Time Items (10-02-11). Included in said appropriation is funding for paid family leave. For local education agencies, funding available for this program shall be limited to a maximum value of the daily rate of a Class A substitute as specified in 14 Del. C. § 1326 and current year other employment costs. Local education agencies shall submit the request for contractual substitute reimbursement to the Department of Education and funding shall be transferred to the local education agencies for eligible costs.

Section 13. With the exception of the custodial work associated with Legislative Hall and the Governor's Office, the Office of Management and Budget may not hire any permanent, full-time custodial employees in any fiscal year without the concurrence of the Controller General.

Section 14. All agencies receiving an Energy appropriation in Section 1 of this Act must work through Department of Natural Resources and Environmental Control and the Office of Management and Budget to attain any contract(s) dealing with the retail wheeling of natural gas or electricity. This includes agencies 01 through 95 with the exception of the University of Delaware.

Any internal program unit/budget unit having energy funding (electricity, natural or propane gas and heating oils) for the purpose of reimbursing a host internal program unit/budget unit must release the remaining sums to the host internal program unit/budget unit in the event that the tenant internal program unit/budget unit vacates the premises. It is the responsibility of the host internal program unit/budget unit to initiate the transfer request. Those agencies which are budgeted energy as a result of occupying a portion of a host facility's property, and do not directly pay energy bills, may not transfer energy funds other than to the host agency.

Section 15. Notwithstanding any other provision of the Delaware Code or this Act to the contrary, the Office of Management and Budget, subject to the approval of the Controller General, is authorized to make technical

adjustments to the personnel complement of any agency as appropriated in Section 1 of this Act in those situations where, due to the rounding of split-funded positions, such an adjustment is necessary so that an agency may establish its authorized complement.

Section 16. Notwithstanding Merit Rules 4.4.2 and 4.4.3, approval of a rate higher than 80 percent of the midpoint which results in a need for leveling-up to address pay compression or pay equity, as defined by a criteria established by the Secretary of the Department of Human Resources, shall only occur with the concurrence of the Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, provided that sufficient funds exist within the agency's base budget to fund such actions.

Notwithstanding any provisions of this Act or the Delaware Code to the contrary, no provision of Chapter 4.0 of the Merit Rules shall be considered compensation for the purposes of collective bargaining under 19 Del. C. § 1311A or for Merit Employees organized under 19 Del. C. c. 16. The Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, with the concurrence of the Co-Chairs of the Joint Finance Committee, shall promulgate policies and procedures to implement this section.

Section 17. In an effort to reduce the financial impact of workers' compensation and property losses to the State, agencies and school districts shall work with the Insurance Coverage Office to implement safety and return to work policies. Any employee who has been on workers' compensation shall be a preferential hire for any position for which the employee is qualified. In accordance with state law, the employee shall receive a salary supplement based on that employee's prior earnings in the event the new salary is less than their current salary.

Section 18. In accordance with the provisions of 29 Del. C. § 5106, effective for all fiscal years commencing after June 30, 2003, exceptions to the standard practice of paycheck deductions shall be made for employees paying dues to the Delaware State Education Association (DSEA). All employees designating that DSEA membership dues be deducted from their bi-weekly paycheck shall have those dues deducted from the 22 pay periods occurring within the 10 month school year. This change will facilitate the maintenance of the state payroll system, as well as establish a consistent process for managing the collection of dues from members of DSEA.

Section 19. Notwithstanding Chapter 10.0 and Chapter 19.0 of the Merit Rules, upon approval by the Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, temporary appointees may be assigned to the same position as that already assigned to a permanent employee.

Section 20. Employees of the State of Delaware who are enrolled in a health insurance benefit plan must actively participate in the open enrollment process each year by selecting a health plan or waiving coverage. Should such employee(s) neglect to enroll in a plan of their choice during the open enrollment period or waive coverage, said employee(s) and any spouse or dependents enrolled at the time will be enrolled into the default health plan(s) as determined by the State Employee Benefits Committee.

Section 21. Notwithstanding any provision of the Delaware Code to the contrary, 29 Del. C. § 5207 shall not apply to individuals employed in accordance with 29 Del. C. § 5903(17).

Section 22. Any group defined in 29 Del. C. § 5209(a), (d) or (e) that elects to participate in the State of Delaware Group Health Insurance Program (GHIP) is required to submit a letter of intent to the Director of Statewide Benefits and Insurance Coverage at least four months prior to their effective date of coverage. Groups who choose to join the GHIP will be required to execute a Participating Group Agreement in the form required by the Statewide Benefits Office.

Section 23. The responsibilities and authorities established by 75 Del. Laws, c. 243 shall remain in effect through the current fiscal year or upon passage of legislation by the General Assembly. The following provisions shall apply:

- (d) The provisions of 75 Del. Laws, c. 243, § 1(b) shall be construed to include electricity, gas and other sources of fuel and energy procured on both retail and wholesale energy markets.

Section 24. (a) For the purposes of meeting the public notice and advertising requirements of 29 Del. C. c. 69, the announcement of bid solicitations and associated notices for the required duration on www.bids.delaware.gov shall satisfy the public notice and advertisement requirements under this chapter.

(b) The Office of Management and Budget, Department of Education, local school districts and the Data Service Center shall continue to meet, at least quarterly, to identify and implement purchasing opportunities that will increase cost savings, improve efficiencies and maximize flexibility. Where two or more districts procure items of similar nature, districts shall aggregate these purchasing efforts through the Office of Management and Budget.

Section 25. Notwithstanding the provisions of the Administrative Procedures Act, 29 Del. C. c. 101 or any other laws to the contrary, the State Employee Benefits Committee is authorized to amend the rules for Employees Eligible to Participate in the State Group Health Insurance Program and the State Disability Insurance Program by approving such amendments and causing the amendments to be published in the Register of Regulations with such amendments to be effective as of the date of such publication unless otherwise specified by the State Employee Benefits Committee.

Section 26. Charges for participation shall be established as a result of 16 Del. C. § 10303.

Section 27. Section 1 of this Act makes appropriations to the Department of Transportation and the Department of Natural Resources and Environmental Control. In an effort to best utilize resources available to the State, including federal funding, to the State's benefit and, notwithstanding 29 Del. C. c. 69 or any other statutory provision to the contrary, the General Assembly hereby permits the departments, within the limits of funding provided to support research and education efforts, to enter into agreements directly with the University of Delaware, Delaware State University and Delaware Technical Community College. This authorization is limited to conducting basic or applied research; transferring knowledge regarding scientific and technological advancements; and providing practical training to the state and local governments in the application of science or technology, and encourages these departments to consider these three institutions as the resource of first resort in meeting any of their research and/or educational needs.

(b) Public School Transportation funds are allocated in the amount of \$156,214.7 \$164,133.9 in accordance with the transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:

(1) The per gallon price used to calculate the fuel allowance shall be based on the state contract bid price for fuel plus \$0.07 per gallon for districts and plus \$0.31 per gallon for contractors. For districts and contractors north of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located south of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a small-sized tank (275 - 1,900 gallons). Upon determination by the Department of Education that a contractor located north of the Chesapeake and Delaware Canal and operating five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

The initial fuel rates shall be based on the state contract bid price as of June 1 of the preceding fiscal year. Funding adjustment will be made when the annual average price increases or decreases by at least \$0.05 per gallon. The first review will be based on the annual averages through December 31 of each year and additional reviews will be conducted each month thereafter until April 30. Timing and frequency of fuel adjustments shall be determined by the Department of Education, in collaboration with the Public School Transportation Committee. Reviews may also be conducted at any time upon the request of the Director of the Office of Management and Budget and the Controller General. Propane school buses will receive the same fuel allowances and be subject to the same adjustment as diesel school buses;

(2) For the current fiscal year, the allowable cost of a new unused bus that was purchased by a contractor and put on contract and that was produced between January 1, 2022 2023 and December 31, 2022 2023 (as noted on the school bus identification plate) shall begin its seven-year capital allowance schedule using the 2021 2022 state bid price for new school buses, minus 2 percent for salvage value, plus 11 percent to account for dealer charges and profits not reflected in the state bid price due to the higher number of buses being purchased and the lag time between ordering and delivery. Any bus produced on or after January 1, 2022 2023, must meet the current

federal emissions requirements in order to receive a capital allowance. Any bus produced and placed in service after January 1, 2022 2023 shall be entitled to an allowance based on the 2022 2023 state bid price.

A used bus placed in service shall utilize the allowance schedule which would have been allowed had the bus been placed in service when new based on its production date. The bus shall receive the remaining years of capital allowance. The Department of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 2022 2023. In addition to the procedure for establishing the allowable cost of a new bus specified above, the Department of Education is requested to structure its bids for buses in Fiscal Year 2023 2024 in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, the lowest base bid of an awarded contract minus 2 percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor;

- (3) For the current fiscal year, the school bus contractor insurance allowance shall remain the same;
- (4) For the current fiscal year, the fixed cost allowance for district and contractor buses shall include funding for the provision of emergency communication devices. The Department of Education is authorized to bring school districts or private contractors operating school buses equipped with cellular phone technology under a state negotiated cellular phone contract; and
- (5) For district operated pupil transportation services, bus driver and driver aide salaries shall receive an increase commensurate with the general salary increase enumerated in Section 8 of this Act in years in which one is provided.
- (c) Except as specified in this section, or for changes in the price of fuel, or for the adjustments of those items changed by state or federal laws, the Department of Education shall not change the transportation formula unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.
- (d) The Department of Education shall calculate the formula amounts for each district as provided herein but shall only provide 90 percent of such calculation to each school district. The contract formula amount is the

maximum funding that any public-school transportation contractor is eligible to receive through a combination of state and local funds. Homeless transportation funding shall be provided to school districts and charter schools at 90 percent of the total cost for approved, eligible students. This excludes transportation for foster children.

- (e) Of the appropriation allocated for public school districts, funding is allocated to purchase air-conditioned buses to transport special need students. The Department of Education is authorized to allow the purchase of air-conditioned buses required to transport special education students that have a medical need for air conditioning (specified by a physician).
- (f) \$1,800.0 is allocated to address the final year of recommendations in the Public School Transportation

 Committee report, dated May 4, 2018. These funds shall be used to increase the daily rate for administrative expenses.
- (g)(f) \$16,935.5 is allocated to address recommendations in the Public School Transportation Committee

- (h)(g) It is the intent of the General Assembly that to the maximum extent possible, any funds provided through the school transportation formula to provide hourly rates for bus drivers, that these funds shall go directly toward increasing the salaries of bus drivers and to address workforce shortage and retention issues.
- Section 316. It is the intent of the General Assembly to make progress toward implementing the recommendation of the Public School Transportation Working Group to address school bus operating cost factors not reflected in the school transportation formula, which has been in existence since 1977. These factors include, but are not limited to, environmental compliance requirements for school bus maintenance, maintenance costs of advanced technology on school buses and school bus driver training requirements.
- **Section 317.** (a) All school districts shall be required to utilize TripSpark, a computerized routing system for school bus transportation, provided by the Department of Education to create school bus routes. Schools are encouraged to maximize the capabilities of this system to derive transportation efficiencies to contain increasing costs.
