

MANDATORY 6th Grade Vaccination Requirements

Students entering 6th grade for fall enrollment are required to be vaccinated with one dose of Tetanus, Diphtheria, and Pertussis vaccine, also known as *Tdap* and one dose of meningococcal vaccine, also known as *MCV4*. Both of these vaccines should be received on or after the 11th birthday. This requirement will be deferred for students that have not yet reached their 11th birthday. On the 11th birthday, proof of vaccination must be submitted within 45 days. Please visit with your physician or your local community health nurse to set up these vaccinations for your child.

PARENTS: PLEASE NOTE IMMUNIZATIONS ARE REQUIRED BY THE FIRST DAY OF FALL ENROLLMENT (UNLESS THE STUDENT HAS NOT YET TURNED 11 YEARS OF AGE)

2023-2024 School Year

Dear Parent/Guardian:

Upon completion of these REQUIRED IMMUNIZATIONS, please notify the school so we can obtain the record from the SDIIS site with your permission.

Please complete and return the attached SDIIS Access sheet as soon as possible. Due to HIPAA regulations, this form must be on file so your child's immunization record can be accessed for verification.

When the immunizations have been completed, please notify the school office at 605-286-3291 x114 or email julie.mudder@k12.sd.us to notify when the requirements have been met.
