

Dear Swamp Owl Parents and Guardians:

The faculty and staff are excited to announce the **Fourth Annual Family Science Day on Tuesday, August 7, 2018 for students entering Pre-K through 8th grade**. The theme is *Building a Better Future*. We invite you to attend during your designated time slot to keep the event running smoothly and make it a great day for all families. Time slots are done by student last name. Anyone who cannot attend during their designated time is invited to come between 3:00 and 6:00 pm.

Campus Tour, Supply Drop Off and Meet Your Teacher!

Upon arrival, each family will receive a campus map with teacher room assignments and locations of all the activities. All 1st through 8th grade students are to bring their supplies on this day.

Pre-K and Kindergarten students will NOT bring their supplies on Family Science Day.

****All students in grades 1st-4th are to bring their school bags! We will be tagging them in the library to indicate how students will get home each afternoon (carpool, bus, aftercare, walkers, etc.).**

Carpool signs will be printed and distributed in the library. Please make sure to pick yours up!

Individual Student Pictures

All students must be in complete uniform to take their student ID picture. There will be order forms available.

Technology Resources

Presentations regarding OnCourse, the Student Information System used at KDHSA, will be available with usernames and passwords for parent access. This overview will show all of the tools available online for students and parents, including online gradebook and discipline tracker. A Google Classroom overview will also be available.

Fun Science Activities

Following the mission of KDHSA, there will be activities set up in the Swamp Owl Cafe'. These will be hands-on activities, for students of all ages. Families are encouraged to participate with their students so they can see what amazing science concepts their students will be learning.

Fourth Annual Family Science Day
