JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BUS REPLACEMENT

1. Pursuant to IC 20-40-18-9(2)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation. (Attach additional sheets if necessary.) Lakeland School Corporation is a member of Northeast Indiana Special Education Co-Operative and the additional bus costs are Lakeland's 1/13th share of the cost of replacing buses. Our share of the cost of the 2022 buses is \$21,206.31.
2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need. (Attach additional sheets if necessary.) As our student enrollment decreases we have reduced routes and therefore require less buses to cover our routes. We are seeking to "dispose" and sell in an auction format, several buses that are of no further use to the school corporation. Some of those buses are less than 12 years old and have had long standing mechanical issues and high repair bills related to Navistar's Maxxforce engines.

BUS REPLACEMENT PLAN AMENDMENT

If the school corporation is submitting an amended plan, please complete the following questions.

1. Declare the nature of and the need for the amendment.
(Attach additional sheets if necessary.)
2. Show cause as to why the original plan no longer meets the needs of the school corporation.
(Attach additional sheets if necessary.)
