

BETH ULLRICH – Paris School Board

My mother and I moved to Paris in the mid 60's to be with my grandparents. I am a third generation of Paris School District employees. My grandfather, John Tillman, was employed by the Paris School District for several years as bus mechanic and driver. My mother, Ann Williams, was the first school nurse for the Paris School District. I was the Paris Elementary School secretary for 26 years.

I have been married to Don Ullrich for 45 years and we have two sons who both live in Paris. We have eight grandchildren and two great grandsons. My mother, my husband and I and our sons are all graduates of the Paris School District.

When I became a member of the Paris School District family, I made a commitment to take care of each student at Paris Elementary School as if they were my own. While serving as a Paris School Board Member, I will strive to carry on that commitment for all students in the Paris School District.
