

## **Policy Manual Update Notice**

Bald Eagle Area School District is in the process of updating and approving a new Policy Manual. In this process, we will be updating and approving sections at a time as they are reviewed by PSBA, the Superintendent and the Board of Directors. Listed above are the current policies. Once the new policies are approved, we will replace them with the revised policies. After all the policies have been updated, we will move our current listing of policies to BoardDocs. Thank you for your patience as this will take some time to complete the entire Policy Manual.
