### **Purpose**

Recognizing that the Nation's future is dependent upon the education of the youth; the Board of School Directors of Bald Eagle Area School District has the legal responsibility to provide adequate school opportunities for the youth of Bald Eagle Area School District; that the Board of School Directors also has a civic, social, economic, moral and ethical responsibility to the community it represents; and believing that the kind of policy which Board of School Directors adopts and the way in which it is developed inevitably determines the ability of a school system to yield maximum performance and service; the Board of School Directors of Bald Eagle Area School District adopts the following policies and procedures.

### **Authority**

The policies and procedures adopted by the Board establish the general parameters within which the daily operations of the school district are to be governed. ### **Contents**

The policies of the Board shall consist of the policies and procedures adopted by the Board and contained in the Policy Manual, and such other separate documents approved by the Board that are expressly incorporated by reference in particular policies and declared to constitute Board policy, such as the Code of Student Conduct.

Administrative regulations are not part of Board policy and may be altered by the administration without Board action. Administrative regulations may not conflict with Board policy or with applicable law.

### **Limitations**

All Board policies and administrative regulations shall be interpreted and administered in a lawful manner. The Board shall make the final interpretation of its policies, and the administration shall make the final interpretation of its regulations.

Board policies and procedures and administrative regulations are limited by legal constraints, as are the rights of those to whom Board policies and administrative regulations apply, and are not intended to give an individual a cause of action not independently established in law.

## **Rules of Construction**

In ascertaining the intent of the Board in adopting a policy or procedure, or of the administration in establishing a regulation, the following presumptions, among other legally applicable presumptions, may be used:

1. That neither the Board nor the administration intends a result that is absurd, impossible of execution, or unreasonable.
2. That neither the Board nor the administration intends to violate federal or state Constitutions or any other applicable law.

If any policy or procedure or administrative regulation can be given multiple interpretations, the Board and the administration intend that only constitutional and lawful interpretations shall be valid, and that neither an unconstitutional nor an unlawful interpretation was intended.
