### A Note From

#### Dr. Moore, Principal & Instructional Leader

We are excited to share that on April 6th it was announced that Robinson Elementary School is one of 5 elementary schools to become the first AVID Certified Schools in PCSSD! There are 16 elementary schools in PCSSD. Beginning in January 2020 each school's AVID Site Team completed a CCI (Coaching & Certification Instrument), we collected **authentic evidence** to document our progress, & revisited our CCI continuously to sustain growth in Leadership, Culture, Instruction, & Systems. The PCSSD AVID Director reviewed, approved, and submitted our CCI to the AVID Center who then determined certification. *Certification is determined by non-district employees.* The AVID Center for our region is located in Dallas, TX. **GREAT JOB RES SENATORS!!!**

For more information visit: <https://www.avid.org/>

**AVID's mission is to close the opportunity gap by preparing all students for college readiness and success, in a global society.**

### PBIS News

#### Mrs. Moore, PBIS Coach

As we head into the last stretch of the year, please review the PBIS expectations with your child at home. By reviewing at home, you are reinforcing what we are teaching at school, and students see that we are all a united front. We are really focusing on playground, hallway, and cafeteria expectations this month.

Thank you to those who have donated to the PRIDE Store. We appreciate you!!
