8510 - **WELLNESS**

As required by law, the Board establishes the following wellness policy for the Osseo-Fairchild School District as a part of a comprehensive wellness initiative.

Policy Preamble

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Schools alone, however, cannot develop in students healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition choices to:

- A. promote nutrition education with the objective of improving students' health and reducing childhood obesity;
- B. improve the health and well-being of our children, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits;
- C. promote nutrition guidelines, a healthy eating environment, child nutrition programs, and food safety and security on each school campus with the objective of promoting student health and reducing childhood obesity;
- D. provide opportunities for every student to develop the knowledge and skills for specific physical activities, maintain physical fitness, regularly participate in physical activity, and understand the short and long-term benefits of a physically active lifestyle;
- E. promote the health and wellness of students and staff through other school based activities.

Policy Leadership

The District Administrator will oversee the development, implementation, and evaluation of the wellness procedures and is authorized to designate a staff member or members with responsibility to assure that wellness initiatives are followed in the District's schools.

Required Public Involvement

The District Administrator shall obtain the input of District stakeholders, to include parents, students, representatives of the school food authority, educational staff (including physical education teachers), school health professionals, School Board members, members of the public, and other school administrators in the development, implementation, evaluation, and periodic review and update, if necessary, of the wellness policy. () School-level health advisory or wellness committees may assist in the planning and implementation of these Wellness initiatives.

District Wellness Committee

Committee Formation

A Wellness Committee shall be formed and maintained to oversee the activities set forth in this policy. The Committee shall meet annually to review nutrition and physical activity policies and to develop an action plan for the coming year. The Committee shall meet no less than one time during the school year to discuss the implementation of the established activities and address any barriers and challenges. The Committee shall report annually to the Board on the implementation of the policy and any recommended changes or revisions. The Board will adopt or revise policies based on the Committee's recommendations.

Committee Representatives

The District shall invite a diverse group of stakeholders to participate in the development, implementation, and periodic review and update of the Wellness Policy.

Stakeholders may include:

- A. administrator(s)
- B. classroom teacher(s)
- C. physical education teacher(s)
- D. school food service representative(s)
- E. school nurse(s)
- F. community member/parent(s)
- G. student(s)
- H. nutrition and/or health education teacher(s)
- I. school counselor(s)

Nutrition Standard for All Foods/School Meal Programs/Standards and Guidelines for School Meal Programs

- A. All meals meet or exceed current nutrition requirements established under the Healthy Hunger-free Kids Act of 2010. [DRAFTING NOTE: The policy should include a link to USDA meal pattern requirements or list them individually.] (<https://fns-prod.azureedge.net/sites/default/files/resource-files/SP38-2019os.pdf#page=2>)
- B. Drinking water is available for students during mealtimes.

School Meal Program Participation

The District shall notify parents of the availability of the breakfast, lunch, and summer food programs and shall be encouraged to determine eligibility for reduced or free meals.

Foods and Beverages Sold Outside of School Meals

All food and beverages sold and served outside of the school meal programs ("competitive" foods and beverages) shall, at a minimum, meet the standards established in USDA's Nutrition Standards for All Foods Sold in Schools (Smart Snacks) rule.

Foods Offered/Provided but Not Sold

The District encourages foods offered on the school campus meet or exceed the USDA Smart Snacks in School nutrition standards including those provided at celebrations and parties and classroom snacks brought by staff or family members.

Fundraising

The District adheres to the Wisconsin Department of Public Instruction fund-raiser exemption policy and allows two (2) exempt fund-raisers per student organization per school per year. All other fund-raisers sold during the school day will meet the Smart Snacks nutrition standards. No restrictions are placed on the sale of food/beverage items sold outside of the school day.

Marketing

Schools will restrict food and beverage marketing to only those foods and beverages that meet the nutrition standards set forth by USDA's Nutrition Standards for All Foods Sold in Schools (Smart Snacks) rule. Marketing includes brand names, trademarks, logos, or tags except when placed on a food or beverage product/container; displays, such as vending machine exteriors; corporate/brand names, logos, trademarks on cups, posters, school supplies, education materials, food service equipment, and school equipment (e.g. message boards, scoreboards, uniforms); advertisements in school publications/mailings; sponsorship of school activities,

fundraisers, or sports teams; educational incentive programs such as contests or programs; and free samples or coupons displaying advertising of a product.

Nutrition Education

The primary goal of nutrition education is to influence students' lifelong eating behaviors. Nutrition education, a component of comprehensive health education, shall be offered every year to all students of the District. The District aims to teach, model, encourage, and support healthy eating by providing nutrition education.

Nutrition Promotion

School nutrition services shall use the Wisconsin Team Nutrition Meal Appeal Self-Assessment (dpi.wi.gov/sites/default/files/imce/wisconsin-school-meals-rock/files/meal-appeal-self-assessment.pdf) to determine ways to improve the school meals environment.

Physical Activity

- A. The District shall provide students with age and grade-appropriate opportunities to engage in physical activity.
- B. Physical activity and movement shall be integrated, when possible, across the curricula and throughout the school day.

Physical Education

- A. A sequential, comprehensive physical education program shall be provided for students in K-12 in accordance with the physical education academic content standards and benchmarks adopted by the State.
- B. The sequential, comprehensive physical education curriculum shall provide students with opportunities to learn, practice, and be assessed on developmentally appropriate knowledge, attitudes, and skills necessary to engage in lifelong, health-enhancing physical activity.
- C. The physical education curriculum shall provide sequential instruction related to the knowledge, attitudes, and skills necessary to participate in lifelong, health-enhancing physical activity.
- D. Physical education classes shall provide students with opportunities to learn, practice, and be assessed on developmentally appropriate knowledge and attitudes necessary to engage in lifelong, health-enhancing physical activity.

Other School-Based Strategies for Wellness:

Students, parents, and other community members shall have access to, and be encouraged to use, the school's outdoor physical activity facilities outside the normal school day.

Staff Wellness

The District will implement an organized wellness program shall be available to all staff to promote healthy eating and physical activity among school staff.

Community Engagement

The District shall work with community partners, including Mayo Health System and Trempealeau County Health Department to support district wellness.

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

- A. In accordance with Policy 8500, entitled Food Service, the food service program shall comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages as well as to the fiscal management of the program.
- B. As set forth in Policy 8531, entitled Free and Reduced Price Meals, the guidelines for reimbursable school meals are not less restrictive than the guidelines issued by the U.S. Department of Agriculture (USDA).

All foods available on campus during the school day shall comply with the current USDA nutrition guidelines, including competitive foods that are available to students a la carte in the dining area, as classroom snacks, from vending machines, for classroom parties, or at holiday celebrations.

- C. The food service program will provide all students affordable access to the varied and nutritious foods they need to be healthy and to learn well, regardless of unpaid meal balances without stigma.
- D. The food service program will strive to be financially self-supporting; however, if it is necessary to subsidize the operation, it will not be through the sale of foods with minimal nutritious value.

Monitoring and Evaluation

- A. A review of this policy shall occur no less than once every three (3) years using a procedure developed and implemented by the District Administrator. The District shall notify school staff, students, and households/families of the availability of the wellness report via newsletters and website postings. The report will be made available at (<https://www.ofsd.k12.wi.us/>).
- B. The Wellness Committee shall evaluate compliance with the Wellness Policy no less than once every three years. The assessment will include the extent to which each school is in compliance with the policy and how the policy compares to a model policy, as established by the U.S. Department of Agriculture. The District shall notify school staff, students, and households/families of the availability of the wellness report via newsletters and website postings. The report will be made available at (<https://www.ofsd.k12.wi.us/>).

Public Notice

The District Administrator shall be responsible for informing the public, including parents, students, and community members, on the content and implementation of this policy. In order to inform the public, the District Administrator shall distribute information at the beginning of the school year to families of school children, and post the wellness policy on the District's website, including the assessment of the implementation of the policy prepared by the District.

Record Retention

The District Administrator shall require that the District retains documentation pertaining to the development, review, evaluation, and update of the policy.

Non-Discrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.
