Dear Parents/Guardians,

Our school is taking part in the School Climate Transformation Grant sponsored by the Department of Public Instruction. The evaluation of this grant includes a survey that asks students their thoughts regarding their school's climate. The survey items focus on assessing whether students feel safe in school and whether they feel strong connections to the school and school staff. Since one of the goals is to reduce substance use, several survey items ask about alcohol and drug use.

Students will be asked to complete an anonymous, computer-based questionnaire that takes about 10-15 minutes to complete. They will take the survey during a power hour time. Completing this anonymous survey will cause little or no risk to your child. The only potential risk is that some students might find certain questions to be sensitive.

The survey has been designed to protect your child's privacy. Students will not put their names on the survey. Also, no class or student will ever be mentioned by name in a report of the results. Your child will get no benefit right away from taking part in the survey. However, the results of this survey do help students by providing information that is used to promote healthy behaviors and supportive learning environments.. We would like all selected students to take part in the survey, **but the survey is voluntary**. No action will be taken against you, or your child, if your child does not take part. Students can skip any question that they do not wish to answer. In addition, students may stop participating in the survey at any point without penalty. If you have questions about the survey, please contact Tammy Cooley, Director of Student Services, at cooleyt@potosisd.k12.wi.us.

Please read the section below. **If you do not want your child to take part in the survey, check the box, sign and date the form and return the form to the school by April 19, 2022.** Signing and returning this form will dismiss your child from taking the survey. If you have no objection to your child taking part in the survey, you should do nothing with this form.
