**Comments:** Thank you to all the staff and community members who helped with our Track Meet. Between cleaning up and prepping the grounds to running off events it takes over 30 volunteers to pull off our Track Meet. We still pride ourselves on running off our meet with our own help instead of following the lead of some larger school within our own league who ask visiting coaches to help them run off events.

We're very pleased with the results of the meet with a total of 25 PR's and Season Best times and distances. We will continue to focus on improving times and distances even though it is fun to pick up medals and points. The 2<sup>nd</sup> place finish for the girls was our best showing at our home meet in 7 years.

We're still in the process of trying out some new events and figuring out where our strengths will eventually lie. Fortunately we have a group that's been receptive to trying new events including some that had to sub in at the last minute on relays today.

Our next meet is at Rock Creek on Thursday and we'll see how many of these marks we can improve on again!
