To the Board of School Directors Midd-West School District

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Midd-West School District for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit. We are pleased to present the results of our audit in this communications package.

As always, we appreciate the opportunity to continue our relationship and value your confidence in us. To maintain this confidence, we continue to develop our business model to deliver both value-added industry insight and strong technical service.

This information is intended solely for the use of the Board of School Directors and management of Midd-West School District and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

York, Pennsylvania November 22, 2021

Smith Elliott Hearns + Company, uc

CONTENTS

- RESPONSIBILITIES OURS AND YOURS
- AUDIT SCOPE AND RESULTS
- OTHER REQUIRED COMMUNICATIONS
- MATTERS OF INTERNAL CONTROL
- FINANCIAL HIGHLIGHTS

RESPONSIBILITIES

We are responsible for:

- Performing an audit in accordance with Generally Accepted Auditing Standards (GAAS), Government Auditing Standards and Uniform Guidance
- Forming and expressing an opinion about whether the financial statements prepared by management:
 - Are materially correct
 - Are fairly presented
 - Conform with accounting principles generally accepted in the U.S. (GAAP)
- Communicating significant matters to you

o An audit:

- Provides <u>reasonable</u>, <u>not absolute assurance</u> that the financial statements do not contain material misstatements due to fraud or error
- It <u>does not relieve management</u> or those charges with governance from your responsibilities

RESPONSIBILITIES

- You are responsible for:
 - Preparing and fairly presenting the financial statement in accordance with U.S. GAAP
 - Designing, implementing, evaluating and maintaining effective internal controls over financial reporting
 - Providing us with unrestricted access to all persons and information relevant to our audit
 - Informing us about fraud, illegal acts, significant deficiencies and material weaknesses, if applicable
 - Informing us of subsequent events, if applicable
 - Providing us with certain written representations

AUDIT SCOPE

Planning, Risk Assessment and Materiality

- GAAS requires that we consider the School District's internal control as a basis for designing our auditing procedures.
- Materiality is a measure of an error or omission that likely would influence a "reasonable person's" interpretation of the financial statements. We have used revenues as the benchmark for setting materiality.

Adjustments

- Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.
- Appendix A summarizes all adjustments that were identified during the audit process and corrected by management.
 - Some of these adjustments were identified internally by management and provided to us while others were detected as a result of audit procedures.
 - The remaining adjustments were necessary to convert the School District's modified accrual balances to full accrual for the Statement of Net Position and Statement of Activities.

AUDIT RESULTS

- The auditors' report expresses an unmodified opinion on the financial statements of the School District.
- The auditors' report on compliance for the major federal awards program for the School District expresses an unmodified opinion.
- One material weakness in internal controls was identified related to the financial statements
- Two instances of noncompliance and material weakness in internal controls related to the District's federal programs were identified

Significant Accounting Policies

- Management has the responsibility to select and use appropriate accounting policies.
 The significant accounting policies used by the School District are described in Note A to the financial statements.
- There have been no initial selection of accounting policies and no other changes in significant accounting policies or their application during the fiscal year ended June 30, 2020. No matters have come to our attention that would require us, under professional standards, to inform you about:
 - o the methods used to account for significant unusual transactions and,
 - the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

- Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.
- The most sensitive accounting estimates affecting the financial statements in our opinion were:
 - o Management's consideration of taxes receivable and the related allowance for uncollectible taxes
 - Calculations of future liabilities for compensated absences, net pension and other post-employment benefit liabilities
 - Useful lives of fixed assets for calculation of depreciation
 - Measurement of PlanCon subsidy receivables
- We evaluated the key factors and assumptions used to develop the estimates described above in determining that they are reasonable in relation to the financial statements taken as a whole.

Significant Disclosures

- Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements include:
 - Note 7 Long-term Obligations
 - Note 8 –Pension Plan
 - Note 9 Other Post-Employment Benefits (OPEB)
- The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

 We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

 For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Representations Requested from Management

We have requested certain representations from management that are included in the management representation letter dated November 22, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

 We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

- We applied certain limited procedures to the Management's Discussion and Analysis, budgetary comparison schedule general fund, and schedules related to the pension and OPEB liabilities, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.
- We were engaged to report on the schedule of expenditures of federal awards, which accompanies the financial statements but is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

MATTERS OF INTERNAL CONTROL

- In planning and performing our audit, we considered the School District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures, but not for the purpose of expressing our opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal controls.
- Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal controls that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We identified one material weakness in internal controls over financial reporting.
 - Definitions
 - A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
 - A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe
 than a material weakness, yet important enough to merit attention by those charged with governance.
 - A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

FINDINGS

Financial Statement Audit

- Material Weakness
 - The District relied on the auditing firm to reconcile certain accounts and propose a significant number of journal entries related to accruals and year-end balances.
 - o Similar identified material weakness related to fiscal year June 30, 2019, but with heighted issues due to staff turnover and change in accounting software for fiscal year June 30, 2020.

Federal Grants Audit

- Material weakness and control deficiency Title I and Title II
 - MWSD receives a reimbursement from PDE for 50% of retirement and social security (SS) expenses; therefore, only the portion not reimbursed should be reported as being covered under Title I and Title II for the employees charged to those federal grants.
 - Title I finding = \$43,024
 - Title II finding = \$15,929

	Salaries	Retirement	Allowed Retirement	Finding	SS	Allowed SS	Finding
Title I 19/20	\$ 186,770	\$ 44,141	\$ 32,022	\$ 12,119	\$ 12,647	\$ 7,144	\$ 5,503
Title I 18/19	154,624	47,247	26,510	20,737	10,578	5,914	4,664
Title II	56,824	22,799	9,742	13,056	5,047	2,174	2,873
				\$ 45,912			\$ 13,041

\$ 58,953

OTHER RECOMMENDATIONS

- Develop approval process for journal entries
- Transfer amounts due from General Fund to the Food Service Fund
 - These are amounts related to reimbursements received from PDE, where a portion is allocated to the Food Service Fund
 - The physical transfers of cash have not occurred for several years
 - SEK assisted in reconciliation of these amounts
- Assess current policies and procedures related to tracking and use / application of self-insurance of student computers
- Assess current policies and procedures related to outstanding cafeteria account balances and necessary write offs of uncollectible amounts
