

2018-2019
Extracurricular and Athletic Rules & Code of Conduct

The Extracurricular and Athletic Activities Code applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic Code.

IHSA [or] IESA

Eligibility for most athletics is also governed by the rules of the Illinois High School Association [or] Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Athletic Code. In a case of a conflict between IHSA [or] IESA and this Athletic Code, the most stringent rule will be enforced.

Eligibility

Students who wish to participate in various extra-curricular activities must maintain an overall 1.70 grade point average, in all graded subjects. Further, a student cannot be failing any subject. The failure to maintain this average will result in a student not being able to participate in any extra-curricular activity. Students who are ineligible cannot attend any extra-curricular activity. Students will not be allowed to practice if they are ineligible, but will work on their homework. Students who are ineligible for 3 weeks during the season will be dismissed from the team. Code of conduct is a part of Extra-Curricular Activities that all Athletes must sign.

Eligibility is accumulative throughout each semester. Eligibility is calculated on Monday or the first day of school following Friday or the last day of school the previous week. Students not found eligible will be unable to participate that week (Monday – Saturday). Eligibility may be restored the following week with improved grades if accumulative GPA is restored to a C or the student is no longer failing the semester in that class. Participation in an extra-curricular activity is a privilege not a right.

Requirements for Participation

An athlete/student must meet all academic eligibility and have the following fully executed documents on file at the school office before being allowed to participate in any activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form".
2. Proof the athlete is covered by medical insurance; and
3. A permission slip to participate in the specific sport or activity signed by the student's parent/guardian; and
4. An activity fee for each sport must be paid to the office; and
5. A receipt showing the athlete and his/her parents received a copy of the Athletic Code, understand the terms of the Athletic Code and agree to abide by its terms and conditions.
6. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Policy.

All students remain subject to all the School District's policies and the school's student/parent handbook.

Coaches and school officials will impose disciplinary measures appropriate to the offenses committed. The discipline imposed for any particular offense shall be at the sole and exclusive discretion of the coaching staff and school officials.

Students and their parents/guardians are encouraged to seek assistance from the student assistance program regarding alcohol or other drug problems. Family-referrals or self-referrals will be taken into consideration in determining consequences for Code of Conduct violations.

Drugs, Alcohol and Tobacco

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to enhance performance or alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

Code of Conduct Enforcement Time Frame

The rules set forth in this Athletic Code are in effect throughout the school year from the first practice session for any particular sport during a particular school term until the last day of that sport or until the last day of the school term whichever comes last and twenty-four hours a day, whether or not school is in session and including vacation periods, and holidays.

Absence from School on Day of Activity

Students must miss no more than 2 class periods in order to participate in an extra-curricular activity that day, unless previous arrangements have been made with the building principal. Students who leave school due to illness are not eligible to participate in any extra-curricular activity that day.

An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

Travel

All athletes shall travel to athletic events and return home from athletic events with the team on which the athlete competes by use of school approved means of transportation. A written waiver of this rule may be issued by a coach or administrator upon advance written request of an athlete's parent or guardian and provided the parent or guardian appears and accepts custody of the athlete. Oral requests shall not be honored and oral permissions shall not be valid.

Any student athlete found to be in violation of this policy shall be subject to discipline in accordance with the school district's athletic discipline policies, rules and regulations as provided herein.

I have read and agree to uphold the school district's Athletic Rules and Code of Conduct.
