#### LEVERETT ELEMENTARY SCHOOL

#### Arkansas Comprehensive School Improvement Plan

2013-2014

Leverett School promotes excellence by educating its diverse student population in a nurturing, challenging and disciplined environment. We are committed to helping all students gain the necessary skills to become responsible citizens and life-long learners.

Grade Span: K-5

Title I: Title I Schoolwide

School Improvement: MS

#### Table of Contents

##### Priority 1: Math

**Goal:** All students will show growth in mathematics using inquiry strategies in support of Common Core curriculum; with additional attention to Measurement, Number Sense/Properties & Operations, and Geometry.

##### Priority 2: Literacy

**Goal:** All Students will improve in reading comprehension and written expression with additional attention to literary, content, and practical reading passages, and content and style writing domains.

**Goal:** All students will improve on Literacy skills across the curriculum. Emphasis will be placed on comprehension and fluency.

##### Priority 3: Wellness Priority

**Goal:** Students participating in the BMI activity show a need to improve and maintain their physical activity and nutritional practices.

##### Priority 4: Priority 4: Title III/ELL

**Goal:** Provide interventions for all ELL students working below grade level in literacy.

##### Priority 5: : Prevent Disproportionate Representation (Over-identification) of African American Students

**Goal:** Reduce the relative proportion of African American students to students of other ethnicity identified as Intellectually Disabled.

##### Priority 6: Parental Involvement

**Goal:** Parents of Leverett students will be viewed as partners in their child's education.

Priority 1: All students will improve in mathematic skills and responding to constructed response questions with additional attention to Data Analysis/Statistics & Probability, Measurement and Number Sense/Properties & Operations math strands.

Data:

1. Benchmark data as reported for the last three years: 3rd grade- 81% Proficient or advanced 2011 93% Proficient or advanced 2012 98% Proficient or advanced 2013. 4th grade - 88% Proficient or advanced 2011. 77% Proficient or advanced 2012. 83% Proficient or advanced 2013. 5th grade - 85% Proficient or advanced 2011. 78% Proficient or advanced 2012. 80% Proficient or advanced 2013. Note: Not limited to same students.
2. MAPs growth as reported for the last three years: 1st grade - 2011 no data, 2012 83% met growth goal, 2013 92%. 2nd grade - 2011 66% met growth goal, 2012 48%, 2013 70%. 3rd grade - 2011 79% met growth goal, 2012 95%, 2013 85%. 4th grade - 2011 78% met growth goal, 2012 - 62%, 2013 70%. 5th grade - 2011 61% met growth goal, 2012 62%, 2013 71%.
3. ITBS Math National Percentile Rank 3 year data: 1st grade 2011 70%, 2012 78%, 2013 68%. 2nd grade 2011 71%, 2012 70%, 2013 73%. 3rd grade 2011 59%, 2012 63%, 2013 69%. 4th

grade 2011 73%, 2012 66%, 2013 64%. 5th grade 2011 61%, 2012 67%, 2013 69%. Note: not limited to same students.

4. **NEEDS ASSESSMENT:** Three years of trend data including NRT, CRT, local achievement assessments and other relevant indicators will be analyzed by the faculty at each grade level with consideration to the TAGG as well as entire Population in order to determine student learning needs and achievement gaps. NRT & CRT data will be analyzed annually. Formative evaluations will be analyzed quarterly. Three years of trend data reveal weakness in areas of measurement, data analysis and probability in grades 3-5. We plan to implement the new Common Core Curriculum throughout grades K-5, fluid grouping of students to address academic needs, and use of additional certified teachers to support student learning.

**Goal** All students will show growth in mathematics using inquiry strategies in support of Common Core curriculum; with additional attention to Measurement, Number Sense/Properties & Operations, and Geometry.

**Benchmark** The Combined Population met the 2013 AMO target of 87.69%. The TAGG met the 2013 target of 83.33%. It is expected that each of these populations will meet, or exceed the 2014 AMO target of 88.92% for Combined, and 85% for TAGG.

**Intervention:** Act 83 of 2003. An act to provide teachers with quality professional development that will promote and enhance learning opportunities for students; and for other purposes.

<b>PROFESSIONAL DEVELOPMENT:</b> In compliance with ACT 83,all teachers will have the opportunity to participate in the school and district professional development plan. Teachers will use an instrument developed by the district professional development committee to evaluate the effectiveness of the professional development plan, the course offerings and the effectiveness of the knowledge gained. Annually, upon review of the formative and summative test data, the professional development committee, working under the guidelines of the district professional development plan, will develop a professional development plan for the school and individual teachers based on information obtained through data analysis. All new teachers (first 3 years) and teachers in need of assistance will be assigned a mentor to assist them in reaching their professional development goals and needs. All teachers will have the opportunity to have input on the district and building level professional development plan. The district will provide all teachers and administrators will no less than 60 hours of professional development including 6 hours of technology and 2 hours of parental involvement development (3 hours of Parental Involvement for Administrators) and for those who teach Arkansas History, 2 hours of training in that subject. Teachers will have the opportunity to evaluate the benefit of the professional development activities and provide feedback on needed changes. Program Evaluation:At the conclusion of the 2012-2013 school year we evaluated this Intervention/Program through: Professional development focus plans, Professional development records and determined that it was effective in support of our Curriculum, Instruction, Assessment and Professional Development. The following EVALUATION RESULTS demonstrate that this Intervention is valid in support of the teaching and learning that are part of this program: Student test scores indicate more than 87% of students scored proficient or advanced in mathematics. During the 2013-2014 school year, we plan to use the following protocol in evaluating, and adjusting, the programs, processes, and activities that make up the action descriptions within this intervention/program: 100% of teachers will be integrating the Common Core Curriculum as we move toward the new assessments. We will use student data/information to determine whether the objectives of this Intervention/Program were achieved and whether it has been successful in attaining the anticipated participant outcome objectives. Program Evaluation: At the conclusion of the 2012-2013 school year we evaluated the use of Everyday Math, Math in Focus and Go Math through MAPS assessments and Arkansas Benchmark exam data. This data was analyzed and we determined that it was effective in support of our Curriculum Instruction and Assessment. With a combination of Grades 3-5, 88.28% scored proficient or advanced on the Benchmark Exam and our AMO was 87.69%. We believe this evidence shows that it is supporting our efforts to increase student achievement. During the 2013-2014 school year we plan to use a variety of resources including Go Math, Everyday Math, Math in Focus, Cognitively Guided Instruction (GGI) and Extending Children's Mathematics (ECM) to increase student performance. ### Supporting Data:

6. Comprehensive Needs Assessment: We conducted a three year data trend analysis of literacy achievement using the results from formative assessments, local common assessments, ITBS, and MAPS data. Results for both the All Students Population and the Targeted Achievement Gap Group were examined to identify specific areas of weakness in learning strands. Our data analysis identified the following focus areas for improvement: reading comprehension; reading and interpreting a variety of text including practical, informational, and technical texts; writing with understanding of purpose, speaker, audience, and form; and writing conventions with attention given to sentence structure, type and length, and rules of capitalization and punctuation. We examined our instructional strategies, classroom structure/grouping, and classroom walkthrough data and are modifying our curriculum, instruction, common assessments, and professional development practices to better meet the needs of all of our students. In addition, literacy teachers meet weekly with an instructional facilitator to review formative, real time classroom performance data, and focus on classroom instruction. We will use available funds to implement appropriate interventions and programs that will best address the needs of our students.

**Goal** All Students will improve in reading comprehension and written expression with additional attention to literary, content, and practical reading passages, and content and style writing domains.

**Benchmark** The Combined Population EXCEEDED the 2013 AMO target of 89.87%. The TAGG also EXCEEDED the 2013 target of 87.00%. It is expected that each of these populations will meet, or exceed the 2013 AMO targets of 90.88% for Combined group, and 88.3% for TAGG.

All three years modules showed 90% achievement or better. Strengths for all three years include overall wellness a priority in Physical education, nutrition services, and counseling.
  3. Comprehensive Needs Assessment: We conducted a three year data trend analysis of student wellness using the results from BMI assessment and School Health Index. Results were examined and our data analysis identified Leverett students are making progress towards healthy lives. At the conclusion of the 2013-2014 school year we evaluated BMI, and School Health Index and determined that it was effective in support of our Curriculum We believe the evidence shows that it is valuable in terms of supporting our efforts to increase student wellness.. During the 2013-2014 school year we plan to continue to use these measures in evaluating and adjusting the wellness programs in place.

Goal Students participating in the BMI activity show a need to improve and maintain their physical activity and nutritional practices.

Benchmark Healthier BMI results will be evident by June 30, 2014. There will be a 1/2% difference in the 2013-2014 BMI results indicating healthier lifestyles are being practiced.

Intervention: Leverett Elementary School will implement strategies and activities to promote increased physical activity.

Priority 5: Reduce the relative proportion of African American students to students of other ethnicity identified as Mentally Retarded.

1. An analysis of the 2009-2010 data for Fayetteville suggests that there is a possible disproportionate representation of Black students (overrepresented) and White students (underrepresented) within the category of mental retardation. A district identified for disproportionality must under Federal regulations ensure that its current policies, procedures and practices used to identify students for SPED are sound and free of bias with regard to a student's race, ethnicity or linguistic diversity.
2. The comparison between risk rates of African American SPED students to Caucasian students who are labeled Mentally Retarded:  
African American:  
2007-2008 5.21% 2008-2009 5.33% 2009-2010 5.21%  
Caucasian:  
2007-2008 .34% 2008-2009 .27% 2009-2010 .21%
3. African American Students Labeled MR: 20/50 or 40%. All other ethnicity: 30/50 or 60%.
4. Referrals 2009-2010: 15% of students referred are African American. 66% of students referred are Caucasian. Placements 2009-2010: 16% of placed students are African American. 66% of placed students are Caucasian.
5. Currently served students in early-intervention district-wide:  
11/99 = 11% African American  
53/99 = 54% Caucasian

Supporting Data:

Goal Reduce the relative proportion of African American students to students of other ethnicity identified as Intellectually Disabled.

Benchmark Fayetteville Public Schools will reduce the risk ratio of African American students labeled as Intellectually Disabled to below the state target for the 2013-2014 school year.

Intervention: Fayetteville Public Schools will monitor and maintain the number of African American students referred for special education services and identified as intellectually disabled by using EARLY INTERVENTION STRATEGIES, SCHOOL-BASED INTERVENTION TEAMS and EARLY LITERACY STRATEGIES. These strategies include early intervention literacy strategy training for core teachers, Middle School/Early Intervention Literacy Coaches, intervention materials, ICLE Lin Kuzmich training for core teachers.

Priority 6: Provide a variety of targeted parental involvement opportunities by offering quarterly parent nights in hopes to increase parent participation.

Supporting

Data:

Goal Parents of Leverett students will be viewed as partners in their child's education.

Benchmark 85% of parents will participate in volunteer planning and/or participate in opportunities for learning activities that support classroom instruction. Including but not limited to open house, conference time, and through weekly newsletters. Parents are given sign up opportunities at back to school picnic, through weekly newsletters from classroom teachers, and through class websites. Principal newsletters also communicates opportunities for parents to volunteer.

Intervention: An annual meeting will be held to inform parents of the right of parents to be involved in planning, review, and improvement of parent programs and a description and explanation of the curriculum used in the school, types of assessment and proficiency levels. In addition, parents will be involved in the annual planning of school improvement programs. Annual surveys will be used to evaluate the parent involvement activities. A parent training will be provided for parents to learn about specific things they can do to promote learning within the home and school. Booklets will be purchased for parents summarizing this information and to keep at home as a parental reference guide.
