MCNAIR MIDDLE SCHOOL

Arkansas Comprehensive School Improvement Plan

2013-2014

McNair Mustangs R.U.N.
Respect each other
Understand that we own our own behavior
Never quit

Grade Span: 6-7 Title I: Not Applicable School Improvement: MS

Table of Contents

Priority 1: Mathematics

Goal: All students will strengthen their math computation, problem solving skills and relate problems to the real world. comprehension. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1)At least 65% of students will meet or exceed typical growth in math as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark Goals: Performance target All students 93.01% TAGG 81.36% Growth target All students 91.57% TAGG 80.12% During 2013-2014 we will focus on providing continued support for our TAGG students and students with disabilities,English Language Learners, Hispanic, Caucasian and Economically Disadvantaged students. Our benchmark goals for these groups are: Performance targets: Hispanic - 90.63% Economically Disadvantaged - 84.79% English Language Learners - 67.19% Students with Disabilities - 65.79% Growth targets: TAGG - 80.12% Hispanic - 80.00% Caucasian - 92.40% Economically Disadvantaged - 82.52% English Language Learners - 62.50% Students with Disabilities - 66.18%%

Priority 2: Literacy

Goal: All students will strengthen their reading comprehension, spelling, vocabulary and written expression for 21st Century. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1)At least 65% of students will meet or exceed typical growth in reading as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark Goals: Performance target All students 90.67% TAGG 76.67% Growth target All students 90.33% TAGG 77.86% During 2013-2014 we will focus on providing continued support for our TAGG students and students with disabilities,English Language Learners, Hispanic and African American students. Our benchmark goals for these subgroups are: Performance targets: African American - 90.63% Hispanic - 81.25% English Language Learners - 62.50% Students with Disabilities - 60.53% Growth targets: TAGG - 76.67% African American - 92.50% Hispanic - 80% English Language Learners - 73.22% Students with Disabilities - 64.71%

Priority 3: Wellness

Goal: McNair equips children with the knowledge and engaging skills they need to lead more healthful lives. 60% of students will show growth in their Fitness Gram test from the Fall 2013 to Spring 2014. We will see a .5% decrease in the number of male and female students identified as overweight.

Priority 4: Title III ELL

Goal: All ELL students will improve in reading comprehension, written expression, and mathematic skills and respond to constructed response questions with proficiency. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1)At least 65% of students will meet or exceed typical growth in reading and math as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark

Goals: Performance target ELL- Literacy 62.50% ELL - Math 67.19% Growth target ELL - Literacy 73.22% ELL - Math 62.50%

Priority 5: Prevent Disproportionate Representation (Over-identification) of African American Students

Goal: : Reduce the relative proportion of African American students to students of other ethnicity identified as Intellectually Disabled.

Priority 6: Parental Involvement

Goal: To promote academic and social growth in our students during the 2013-14 school year we will increase the number of opportunities parents can participate at the school. 1)Students will meet their performance and growth targets for the BENCHMARK TEST: Literacy Performance All students - 90.67% TAGG - 76.67% Literacy Growth All students - 90.33% TAGG - 77.86% Math Performance All students - 93.01% TAGG - 81.36% Math Growth ALL students - 91.57% TAGG - 80.12% 2)MAP (Measure of Academic Progress) a)At least 65% of students will meet or exceed typical growth in math and reading as measured by the NWEA MAP assessments. b) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3)ATTENDANCE: Will match or exceed the 2012-13 academic year of 95.96%

Priority 1: To see measurable gains in student mathematic skills and students' abilities to transfer these skills into real world problems.

1. COMPREHENSIVE NEEDS ASSESSMENT: According to the State Department of Education we are an ACHIEVING SCHOOL. We have met achievement and growth standards in all areas except for: Performance: Hispanic - 76.74% Economically Disadvantaged - 82.32% English Language Learners - 52.38% Students with Disabilities - 55.93% Growth: TAGG - 71.19% Hispanic - 68.42% Caucasian - 91.16% Economically Disadvantaged - 74.13% English Language Learners - 50.00% Students with Disabilities - 41.18% We formed ACSIP Leadership Teams and analyzed the test scores from the 2013 administration of the 6th and 7th grade Augmented Benchmark. We examined the results for all students, TAGG (Targeted Achievement Gap Groups) and subgroups. We conducted data analysis to determine our main areas of weakness. In addition, we studied the three most recent years of Attendance, Disciplinary, Formative and Summative Achievement Data across grade levels within our building. We aggregated and disaggregated all the data for the purpose of establishing student learning and behavioral goals. We looked at our trend data in order to better identify the specific areas of need and help align classroom instruction with our curriculum, assessment and professional development. We examined our routines, customs, and norms in order to dig deeper for the root cause why more of our students are not achieving to their full potential. We are modifying our Curriculum, Instruction, Assessment and Professional Development practices to better meet the needs of all our populations. Based on our data analysis we came to the conclusion that the Special Education and English Language Learners subgroups reflect our greatest need and are therefore our priorities. We will select interventions and coordinate our various state and federal funding sources to address these areas. In addition, we meet in our teams (teams are four or five teacher teams) daily, with our Instructional Facilitator weekly, and as an entire faculty monthly so that we can review formative data, "real time" classroom performance data for the purpose of making decisions regarding the direction, and focus, of our Classroom Instruction. Furthermore core teachers will meet monthly with their respective department to focus on curriculum and differentiation to meet the needs of all students. Teachers and administration will chart student progress using MAPS scores, and identify target students who will need further interventions.

Supporting Data:

All students will strengthen their math computation, problem solving skills and relate problems to the real world. comprehension. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1)At least 65% of students will meet or exceed typical growth in math as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark Goals: Performance target All students 93.01% TAGG 81.36% Growth target All students 91.57% TAGG 80.12% During 2013-2014 we will focus on providing continued support for our TAGG students and students with disabilities, English Language Learners, Hispanic, Caucasian and Economically Disadvantaged students. Our benchmark goals for these groups are: Performance targets: Hispanic - 90.63% Economically Disadvantaged - 84.79% English Language Learners - 67.19% Students with Disabilities - 65.79% Growth targets: TAGG - 80.12% Hispanic - 80.00% Caucasian - 92.40% Economically Disadvantaged - 82.52% English Language Learners - 62.50% Students with Disabilities - 66.18%%

Goal

2013 Math MAP: 76% of 6th and 7th grade students showed growth on the MAP test. Of the students that were considered low in the Fall 2012 (below 33rd percentile) 67% showed growth and 60% made 1.5 times catch-up growth. On the 2013 State Benchmark Test 92.62% of "all students" were Proficient/Advanced in Mathematics therefore meeting the performance goal. The "targeted achievement gap group" (TAGG) also met the performance goal with 80.30% Pro/Adv. Both "All students" and the TAGG group met the mathematics growth targets. The following subgroups did not meet the respective targets for the 2013 State Benchmark Test: Performance: Hispanic - 76.74% Economically Disadvantaged - 82.32% English Language Learners - 52.38% Students with Disabilities - 55.93% Growth: Hispanic - 68.42% Caucasian - 91.16% Economically Disadvantaged - 74.13%

Benchmark

English Language Learners - 50.00% Students with Disabilities - 41.18% According to the Arkansas Department of Education McNair Middle School is an ACHIEVING SCHOOL. On the 2012 State Benchmark Test 93.42% of all students were Proficient/Advanced in math. The targeted achievement gap group (TAGG) were 82.41% Pro/Adv. Both groups met their growth targets with 91.58% and 80.34% respectively. According to the Arkansas Department of Education McNair Middle School is an achieving school and has met all performance and growth standards in math with the exception of the performance target for the Hispanic subgroup (82.05%) and growth target for Students with Disabilities (55.32%).

Intervention: Act 83 of 2003. An act to provide teachers with quality professional development that will promote and enhance learning opportunities for students; and for other purposes.				
Scientific Based Research: "Assessing Impact: Evaluating Staff Development" Joellen Killion ,2002, www.nsd.org "Assessing Impact of Professional Development on Teaching and Students", Seth Aldrich, Ph.D, 2004, www.programevaluation.org "Rigor and Relevance Concept to Reality" Willard R Daggert, 2009, ICLE.

Teachers will have the opportunity to participate in the school and district professional development plan. Teachers will use an instrument developed by the district professional development committee to evaluate the effectiveness of the professional development plan, the course offerings and the effectiveness of the knowledge gained. Annually, upon review of the test data, the professional development committee, working under the guidelines of the district professional development plan, will develop a professional development plan for the school and individual teachers based on information obtained through data analysis. The district will provide all teachers and administrators with no less than 60 hours of professional development. Teachers will have the opportunity to evaluate the benefit of the professional development activities and provide feedback on needed changes. Priority 2: To see measurable gains in student literacy and equip students with the necessary 21st Century literacy skills.

Supporting Data:

1. COMPREHENSIVE NEEDS ASSESSMENT: According to the State Department of Education we are an ACHIEVING SCHOOL. We have met achievement and growth standards in all areas except for: Performance: African American - 82.76% Hispanic - 75.00% English Language Learners - 28.57% Students with Disabilities - 43.86% Growth: TAGG - 73.45% African American - 80.95% Hispanic - 73.68% English Language Learners - 33.33% Students with Disabilities - 37.25% We formed ACSIP Leadership Teams and analyzed the test scores from the 2013 administration of the 6th and 7th grade Augmented Benchmark. We examined the results for all students, TAGG (Targetted Achievement Gap Groups) and subgroups. We conducted data analysis to determine our main areas of weakness. In addition, we studied the three most recent years of Attendance, Disciplinary, Formative and Summative Achievement Data across grade levels within our building. We aggregated and disaggregated all the data for the purpose of establishing student learning and behavioral goals. We looked at our trend data in order to better identify the specific areas of need and help align classroom instruction with our curriculum, assessment and professional development. We examined our routines, customs, and norms in order to dig deeper for the root cause why more of our students are not achieving to their full potential. We are modifying our Curriculum, Instruction, Assessment and Professional Development practices to better meet the needs of all our populations. Based on our data analysis we came to the conclusion that the Special Education and English Language Learners subgroups reflect our greatest need and are therefore our priorities. We will select interventions and coordinate our various state and federal funding sources to address these areas. In addition, we meet in our teams (teams are four or five teacher teams) daily, with our Instructional Facilitator weekly, and as an entire faculty monthly so that we can review formative data, "real time" classroom performance data for the purpose of making decisions regarding the direction, and focus, of our Classroom Instruction. Furthermore core teachers will meet monthly with their respective department to focus on curriculum and differentiation to meet the needs of all students. Teachers and administration will chart student progress using MAPS scores, and identify target students who will need further interventions.

Goal

All students will strengthen their reading comprehension, spelling, vocabulary and written expression for 21st Century. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1) At least 65% of students will meet or exceed typical growth in reading as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark Goals: Performance target All students 90.67% TAGG 76.67% Growth target All students 90.33% TAGG 77.86% During 2013-2014 we will focus on providing continued support for our TAGG students and students with disabilities, English Language Learners, Hispanic and African American students. Our benchmark goals for these subgroups are: Performance targets: African American - 90.63% Hispanic - 81.25% English Language Learners - 62.50% Students with Disabilities - 60.53% Growth targets: TAGG - 76.67% African American - 92.50% Hispanic - 80% English Language Learners - 73.22% Students with Disabilities - 64.71%

2013 Reading MAP: 58% of McNair students showed growth on the Reading MAP test. 70% of students in the 6th grade showed growth while 51% of students in the 7th grade showed growth. Of the students who were considered low in Fall of 2012 (below 33rd percentile) 75% showed growth and 69% made 1.5 times catch up growth. On the 2013 State Benchmark Test 91.25% of "all students" were Proficient/Advanced in Literacy therefore meeting the performance goal. The "targeted achievement

Benchmark gap group" (TAGG) also met the performance goal with 76.14% Pro/Adv. Both "All students" and TAGG populations met the literacy growth targets. The following subgroups did not meet the respective targets for the 2013 State Benchmark Test: Performance: African American - 82.76% Hispanic - 75.00% English Language Learners - 28.57% Students with Disabilities - 43.86% Growth: African American - 80.95% Hispanic - 73.68% English Language Learners - 33.33% Students with Disabilities - 37.25% According to the Arkansas Department of Education McNair Middle School is an ACHIEVING SCHOOL. On the 2012 State Benchmark Test 93.29% of all students were Proficient/Advanced in Literacy. The targeted achievement gap group (TAGG) were 79.8% Pro/Adv. Both groups met their growth targets with 92.97% and 80.34% respectively. According to the Arkansas Department of Education McNair Middle School is an achieving school and has met all performance and growth standards with the exception of the growth targets for African Americans (89.47%) and Students with Disabilities (55.32%).

<p>Intervention: Literacy: Train teachers school wide to implement and assess research based literacy programs and effective instructional strategies. PROGRAM EVALUATION: At the conclusion of the 2012-2013 school year we evaluated this Intervention/Program through: MAPS Testing, standardized state test scores, parent/student surveys, learning walks, and submitted teacher lesson plans and determined that it was partially effective in support of our Curriculum, Instruction, Assessment and Professional Development. The following EVALUATION RESULTS demonstrate that this intervention is valid in support of the teaching and learning that are part of this program for the majority of students, yet not yielding successful results to our African American, Hispanic, English Language Learners, and students with disabilities Populations. Benchmark (LITERACY) of all students 91.25% met their performance target and 90.23% met the growth target. For our TAGG (Targeted Achievement Gap Group) students 79.80% met their performance target. TAGG students did not meet their growth target of 75.40% (73.45%). Our African American population did not reach their growth target of 91.67% (80.95%), our Students with Disabilities did not reach their growth target of 60.78% (37.25%), our Hispanic students did not reach their growth target of 77.78% (73.68%), our English Language Learners did not reach their growth target of 70.24% (33.33%). MAP (READING) 82% of our 6th grade students and 78.6% of our 7th grade students scored above the 50% on the MAP test and 70% and 61% showed growth respectively. 100% of certified staff participated in classroom learning walks and implementation of new strategies shared during staff development was observed during administrative learning walks. We believe the evidence shows that it is valuable in terms of supporting our efforts to increase student achievement. We will use this data/information to determine whether the objective of this Intervention was achieved and whether it has been successful in attaining the anticipated participant outcome objectives. We will report the results, in our 2014/2015 ACSIP Plan, and use those evaluation results in making decisions that impact our future instructional program.</p> <p>Action Type: Alignment Action Type: Collaboration Action Type: Parental Engagement Action Type: Program Evaluation</p>	Michelle Hayward	<p>Start: 07/01/2013 End: 06/30/2014</p>	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$

Priority 3: To improve overall wellness for the "whole student", with emphasis on cardiovascular health, endurance, diet, emotional/social wellbeing and physical fitness.

Supporting Data: 1. COMPREHENSIVE NEEDS ASSESSMENT: According to the State Department of Education, we are an ACHIEVING SCHOOL. We formed an ACSIP Leadership team and analyzed the test scores from the 2013 administration of the 6th and 7th grade Augmented Benchmark. We examined the results from both the all students category, the TAGG category and each subgroup. We conducted data analysis to determine our main areas of weakness. In addition, we studied the three most recent years of Attendance, Disciplinary, and BMI Data across grade levels within our building. We aggregated and disaggregated all the data for the purpose of establishing student learning and behavioral goals. We looked at our trend data in order to better identify the specific areas of need. We examined our routines, customs, and norms in order to dig deeper for the root cause why more of our students are not achieving to their full potential. We are modifying our curriculum, instruction, assessment and professional development practices to better meet the needs of all our populations. Based on our data analysis we came to the conclusion that our programs have been successful in reducing the number of obese males and females at McNair Middle School. Through education, the food offered at school and our physical education classes and clubs we will now shift our focus towards reducing the number of students classified as overweight. Of the 162 6th grade students tested: Males: 71.0% Healthy or underweight 17.3% Overweight 11.7% Obese Females 73.0% Healthy or underweight 18.2% Overweight 8.8% Obese We will select interventions and coordinate our various state and federal funding sources to address these areas.

Goal McNair equips children with the knowledge and engaging skills they need to lead more healthful lives. 60% of students will show growth in their Fitness Gram test from the Fall 2013 to Spring 2014. We will see a .5% decrease in the number of male and female students identified as overweight.

Benchmark BMI 2012-13: Of the 162 6th grade students tested: Males: 71.0% Healthy or underweight 17.3% Overweight 11.7% Obese Females 73.0% Healthy or underweight 18.2% Overweight 8.8% Obese Percentage change from 2011-12 to 2012-13 Males: +0.9% Healthy or underweight +2.5% Overweight -4.3% Obese Females -1.6% Healthy or underweight +1.6% Overweight -0.1% Obese

Intervention: McNair Middle School will encourage strategies and activities that promote a non-sedentary life style involving families and community.

Priority 4: In order to better serve our school's ELL students, we will take measures to ensure increased student achievement within this sub-pop in math and literacy.

Supporting Data: 1. COMPREHENSIVE NEEDS ASSESSMENT: According to the State Department of Education, we have not met state standards for our ELL subpop. We formed ACSIP Leadership Teams and analyzed the test scores from the 2013 administration of the 6th and 7th grade Augmented Benchmark. We examined the results from both the combined population and EACH subpopulation. In addition, we studied the three most recent years of Attendance, Disciplinary, Formative and Summative Achievement Data across grade levels within our building. We aggregated and disaggregated all the data for the purpose of establishing student learning and behavioral goals. We looked at our trend data in order to better identify the specific areas of need and help align classroom instruction with our curriculum, assessment and professional development. We examined our routines, customs, and norms in order to dig deeper for the root cause why more of our students are not achieving to their full potential. We are modifying our Curriculum, Instruction, Assessment and Professional Development practices to better meet the needs of this population. Based on our data analysis we came to the conclusion that the new ELL interventions introduced this year did not produce the desired targeted results. We will continue with said interventions for a secondary year and reassess with two years of data.

Goal All ELL students will improve in reading comprehension, written expression, and mathematic skills and respond to constructed response questions with proficiency. Our goals for the 2013-14 academic year are as follows: MAP (Measure of Academic Progress) 1) At least 65% of students will meet or exceed typical growth in reading and math as measured by the NWEA MAP assessments. 2) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) Benchmark Goals: Performance target ELL- Literacy 62.50% ELL - Math 67.19% Growth target ELL - Literacy 73.22% ELL - Math 62.50%

Benchmark In 2012-2013, 21 English Learners were tested with the following results: Literacy: Performance Target 58.33% achieved 28.57% Growth Target 70.24% achieved 33.33% Math: Performance Target 63.54% achieved 52.38% Growth Target 58.33% achieved 50.00% In 2011-2012, 21 English Learners were tested on Benchmark with the following results: Literacy: Performance Target 54.17% achieved 76.19% Growth Target 67.27% achieved 80.00% Math: Performance Target 59.90% achieved 76.19% Growth Target 54.17% achieved 70.00%

Intervention: Facilitating Second Language Acquisition and seeing measurable gains within the content areas.				
Scientific Based Research: Carol Rothenberg and Douglas Fisher, (2007) Teaching English Language Learners A Differentiated Approach, Pearson/Merrill Prentice Hall; Douglas Fisher and Nancy, (2008) Better Learning Through Structured Teaching: A Framework for the Gradual Release of Responsibility, ASCD, Alexandria, VA USA.

Total Budget:				\$0

Priority 5: Prevent Disproportionate Representation (Over-identification) of African American Students

1. An analysis of the 2009-2010 data for Fayetteville suggests that there is a possible

disproportionate representation of Black students (overrepresented) and White students (underrepresented) within the category of mental retardation. A district identified for disproportionality must under Federal regulations ensure that its current policies, procedures and practices used to identify students for SPED are sound and free of bias with regard to a student's race, ethnicity or linguistic diversity.

Supporting Data:

2. The comparison between risk rates of African American SPED students to Caucasian students who are labeled Mentally Retarded: African American: 2007-2008 5.21% 2008-2009 5.33% 2009-2010 5.21% Caucasian: 2007-2008 .34% 2008-2009 .27% 2009-2010 .21%
3. African American Students Labeled MR: 20/50 or 40%. All other ethnicity: 30/50 or 60%.
4. Referrals 2009-2010: 15% of students referred are African American. 66% of students referred are Caucasian. Placements 2009-2010: 16% of placed students are African American. 66% of placed students are Caucasian.

Goal : Reduce the relative proportion of African American students to students of other ethnicity identified as Intellectually Disabled.

Benchmark : Fayetteville Public Schools will reduce the risk ratio of African American students labeled as Intellectually Disabled to below the state target for the 2012-2013 school year.

Intervention: Fayetteville Public Schools will monitor and maintain the number of African American students referred for special education services and identified as intellectually disabled by using EARLY INTERVENTION STRATEGIES, SCHOOL-BASED INTERVENTION TEAMS and EARLY LITERACY STRATEGIES. These strategies include early intervention literacy strategy training for core teachers, Middle School/Early Intervention Literacy Coaches, intervention materials (Read 180/System44), ICLE Lin Kuzmich training for core teachers.

Priority 6: Middle School believes that parental involvement is essential in the emotional and social development, cultural growth and academic achievement of every child.

Supporting
Data:

To promote academic and social growth in our students during the 2013-14 school year we will increase the number of opportunities parents can participate at the school. 1) Students will meet their performance and growth targets for the BENCHMARK TEST: Literacy Performance All students - 90.67% TAGG - 76.67% Literacy Growth All students - 90.33% TAGG - 77.86% Math Performance All students - 93.01% TAGG - 81.36% Math Growth ALL students - 91.57% TAGG - 80.12% 2) MAP (Measure of Academic Progress) a) At least 65% of students will meet or exceed typical growth in math and reading as measured by the NWEA MAP assessments. b) At least 65% of those students who begin the year below the 33rd percentile will make 1.5 times typical growth on the NWEA MAP assessments. 3) ATTENDANCE: Will match or exceed the 2012-13 academic year of 95.96%

2013 Reading MAP: 58% of McNair students showed growth on the Reading MAP test. 70% of students in the 6th grade showed growth while 51% of students in the 7th grade showed growth. Of the students who were considered low in Fall of 2012 (below 33rd percentile) 75% showed growth and 69% made 1.5 times catch up growth. 2013 Math MAP: 76% of 6th and 7th grade students showed growth on the MAP test. Of the students that were considered low in the Fall 2012 (below 33rd percentile) 67% showed growth and 60% made 1.5 times catch-up growth. On the 2013 State Benchmark Test 91.25% of "all students" were Proficient/Advanced in Literacy therefore meeting the performance goal. The "targeted achievement gap group" (TAGG) also met the performance goal with 76.14% Pro/Adv. "All students" met the literacy growth target with a 90.23 percentage. The "TAGG" group did not make the growth target with a 73.45 percentage. The following subgroups did not meet the respective targets for the 2013 State Benchmark Test: Performance: African American - 82.76% Hispanic - 75.00% English Language Learners - 28.57% Students with Disabilities - 43.86% Growth:

Benchmark African American - 80.95% Hispanic - 73.68% English Language Learners - 33.33% Students with Disabilities - 37.25% On the 2013 State Benchmark Test 92.62% of "all students" were Proficient/Advanced in Mathematics therefore meeting the performance goal. The "targeted achievement gap group" (TAGG) also met the performance goal with 80.30% Pro/Adv. "All students" met the mathematics growth target with a 88.76 percentage. The "TAGG" group did not make the growth target with a 71.19 percentage. The following subgroups did not meet the respective targets for the 2013 State Benchmark Test: Performance: Hispanic - 76.74% Economically Disadvantaged - 82.32% English Language Learners - 52.38% Students with Disabilities - 55.93% Growth: TAGG - 71.19% Hispanic - 68.42% Caucasian - 91.16% Economically Disadvantaged - 74.13% English Language Learners - 50.00% Students with Disabilities - 41.18% According to the Arkansas Department of Education McNair Middle School is an ACHIEVING SCHOOL. On the 2012 State Benchmark Test: 93.29% of all students were Proficient/Advanced in Literacy. The targeted achievement gap group (TAGG) were 79.8% Pro/Adv. Both groups met their growth targets with 92.97% and 80.34% respectively. According to the Arkansas Department of Education McNair Middle School is an achieving school and has met all performance and growth standards with the exception of the growth targets for African Americans (89.47%) and Students with Disabilities (55.32%). 93.42% of all students were Proficient/Advanced in math. The targeted achievement gap group (TAGG) were 82.41% Pro/Adv. Both groups met their growth targets with 91.58% and 80.34% respectively. According to the Arkansas Department of Education McNair Middle School is an achieving school and has met all performance and growth standards in math with the exception of the performance target for the Hispanic supgroup (82.05%) and growth target for Students with Disabilities (55.32%).

INFORMATIONAL PACKETS: Parents will periodically receive informational packets that	Ted Whitehead	Start: 07/01/2013	<ul style="list-style-type: none"> Administrative Staff 	ACTION \$

include; school calendar/dates, parent volunteer opportunities, district information, information encouraging the home and school connection (gradeviewer access and team policies). Action Type: Professional Development		End: 06/30/2014	<ul style="list-style-type: none"> Teachers 	BUDGET:
PROCESS FOR RESOLVING PARENTAL CONCERNS: All parents will be invited to an Open House Night ("Round-up") to welcome parents and students to our school and to share expectations for the school year. The school's process for resolving parental concerns will be discussed at this meeting. Action Type: Parental Engagement	Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff 	ACTION BUDGET: \$
McNair teachers will communicate with parents about their child's AIP's for any student that scores below proficient on state-mandated criterion-referenced exams. These students will receive additional remediation according to the AIP. Action Type: Parental Engagement	Michelle Hayward	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$
PARENT TEACHER CONFERENCES: The district will designate two Parent/Teacher Conferences each school year. One of these will be a student-led conference at McNair 2013-14 dates for conferences: 24th & 25th October 2013 3rd & 4th April 2014 Action Type: Parental Engagement	Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$
ACT 397: McNair Middle School acknowledges that parents play an integral role in assisting student learning. To help parents in assisting students, McNair will communicate with parents at least weekly via email and communication folders what students will be learning, how and when they will be assessed and how parents can help. Teams will communicate curriculum and team goals at a curriculum night at the beginning of each school year. Parents will be trained and supplied with educational materials on how to help their child. Parents will be invited to the school and classrooms to observe, participate and inform. Action Type: Parental Engagement	Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$
PTA: Parents and guardians are all invited to join McNair's PTA at the beginning of each school year at the schools open house. Further information is sent home in Monday folders to encourage 100% participation. PTA meets regularly at the school and teacher representatives are chosen to participate in these meetings and communicate back to the teacher body. Action Type: Parental Engagement	Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff 	ACTION BUDGET: \$
PARENT FACILITATOR: The building principal will designate one certified staff member to serve as a parent facilitator to organize meaningful training for staff and parents to undertake efforts to ensure that parental participation is recognized as an asset to the school. Action Type: Parental Engagement	Michelle Hayward/Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff 	ACTION BUDGET: \$
PROGRAM EVALUATION: "At the conclusion of the 2012-2013 school year we evaluated this Intervention/Program by analyzing the percentage of our families that were members of the PTO, the parent sign in sheets generated by the teams and administration during conferences and parent evenings and by the communication sent to and received from teachers and	Ted Whitehead	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$

determined that it was effective in support of our Curriculum, Instruction, Assessment and Professional Development. EVALUATION RESULTS demonstrate that this Intervention is valid in support of the teaching and learning that are part of this program: 94% parent participation in fall parent/teacher conferences, 100% parent participation in spring parent/teacher participation for 6th grade and 72% parent participation in 7th grade, 44% membership in PTA, 34-45% parent participation at 7th grade team curriculum nights & 44-57% parent participation at 6th grade team curriculum nights. We did determine that the number of parents that attended PTA meetings was small. During the 2013-2014 school year we plan to use the following protocol: Parental surveys, percentage of parental attendance at PTA and P/T conference meetings, in evaluating, and adjusting, the programs, processes, and activities that make up the action descriptions within this intervention/program. We will also conduct PTA meetings in the evenings to encourage greater attendance. We will use this data/information to determine whether the objective (s) of this Intervention/Program was (were) achieved and whether it has been successful in attaining the anticipated participant outcome objectives. We will report the results, in our 2014/2015 ACSIP Plan, and use those evaluation results in making decisions that impact our future instructional program." Action Type: Parental Engagement				
The school will distribute a quarterly newsletter to parents that is developed with the participation of the parent-teacher organization, principal, staff and parent volunteers. It includes school news, a calendar of events and parent tips related to school achievement. Action Type: Parental Engagement	Michelle Hayward	Start: 07/01/2013 End: 06/30/2014	<ul style="list-style-type: none"> Administrative Staff Teachers 	ACTION BUDGET: \$
School website: the school website will communicate the school mission statement, have up-to-date information about the school and upcoming events.
