School-Wide Behavioral Expectations

This guide provides specific goals, behavioral expectations, teacher and staff responsibilities, strategies for acknowledgement, procedures for handling infractions of behavioral expectations, and specific routines to be followed.

Eight Expectations for Living

1. We will value one another as unique and special individuals.
2. We will not laugh or make fun of another's mistakes, use sarcasm or put downs.
3. We will use good manners saying, "please and thank you", "excuse me" and allow others to go first.
4. We will cheer each other to success.
5. We will help one another whenever possible.
6. We will encourage each other to do our best.
7. We will recognize every effort and applaud it.
8. We will practice virtuous living using the life principles. (honesty, compassion, respect, responsibility, citizenship etc.)

DISCIPLINE

In order to provide quality education for our students, it is our goal to use a discipline plan that helps students to correct their misconduct, promote self-discipline and make good choices. Your child is important to us, and the school's discipline plan is a reflection of our interest in their safety and well-being. It is for the child's best interest that you, as parents, have an active role in this plan and provide support for it.

Student conduct affects the morale of the entire school climate. It is not so much a set of rules or regulations as it is a consideration of the rights of other persons.

GUIDELINES AND CODE OF ETHICS FOR DISCIPLINE

As noted, rules in our school law are few. We believe that as all children are different, and all actions and reactions are very personal in nature, effective discipline involves a few overriding tenets rather than a long list of specific rules. Situations are dealt with as they arise, with the focus on enabling the child to grow and learn from his or her actions.

Guidelines for student behavior:

1. You may engage in any behavior that does not create a problem for you or anyone else in the world.
2. If you find yourself with a problem, you may solve it by any means that does not cause a problem for anyone else in the world.
3. You may engage in any behavior that does not jeopardize the safety or learning of yourself or others. Unkind words and actions will not be tolerated.

Keep in mind: Equal is not always fair. Consequences will be designed to fit the problems of individual students, and they may be different even when problems appear to be the same. We will make every effort to ensure that, in each situation, the students involved understand why they are involved in consequences.

Disruptive acts that interfere with student learning, the safety of others, damaging of property, bullying or intimidation of others WILL NOT BE TOLERATED. Acts of aggressive behavior such as biting, hitting, kicking, pinching, pushing, slapping, spitting, rock-throwing or injuring with a pencil or other instrument will be cause for discipline procedures to be enforced. We believe our discipline plan will help students have a better feeling about their school and will promote a safe and secure learning environment. The school board policy will be followed.

ATTENDANCE

Every day is an important day at your child's school. Teachers, principals, secretaries, custodians and support personnel have spent many hours getting ready for each school day.

Good school attendance is important to the student's success. Poor attendance often results in poor achievement. Students are expected and required by Oklahoma Law to attend school every day that school is in session, except on those occasions when the school has been notified that your child is ill, that your child has a family emergency, or that your child's absence has been pre-arranged with school officials. Excessive absences or tardies will affect their perfect attendance and will also be reported to juvenile authorities.

Illness and emergency absences: Whenever your child is absent from school, the parent/guardian is asked to call the school between 7:30-and 8:30 a.m. on the morning of the absence. The telephone number at Hillcrest is 262-2396, Rose Witcher is 262-5592, and Lincoln is 262-1941.

Dismissal during the school day: We encourage you to schedule your child's doctor and dental appointments around school hours. If this is not possible, you must come to the main office **first** to check your child out. For the safety of the student, the teacher WILL NOT release a child to anyone who has not been cleared through the office; please be prepared to show your ID. All parents and visitors are to check in at the office upon entering the building. Your child will be called from his/her classroom by intercom to come to the office to be checked out. It is important that you comply with this rule so that we are aware of who is in our building at all times.

Early or emergency dismissals from school: In emergency situations (such as storms, power failures, and other situations), every decision will be based on the safety of the students. Parents may come to the office and take their child/ren home. You may not take other students unless those parents have notified the office. If school is to be closed for any reason, it will be announced

on television, posted on the ERPS FaceBook page, and an automated message will go out to all families.

OTHER GENERAL INFORMATION

CELL PHONES

Cell phones are discouraged at school. Parents need to contact the principal if a student needs to bring a cell phone to school. Cell phones should not be turned on until dismissal. Cell phones should remain in their backpack for bus riders.

LOST AND FOUND

Students who find lost articles are asked to take them to the appropriate location where the rightful owner may claim them. Please mark names in jackets. At the end of each semester, all articles not claimed will be donated to charity.

DRESS CODE

The El Reno Board of Education believes that the majority of the students in the public schools recognize their own individually and have no need to express themselves in extreme dress or grooming styles. Generally, dress and grooming standards as determined by the students and their parents will not be questioned. The only requirements the board of education insists upon are that students' dress and grooming shall not lead school officials to reasonably believe that such dress or grooming will disrupt, interfere with, or detract from school activities, or create a health or other hazard to the student's safety or the safety of others.

***At the elementary level, we strongly recommend all students wear tennis shoes to school each day.**

TELEPHONE USAGE

The office telephone was installed primarily to carry on official school business. It is available for the use of students ONLY in emergencies deemed justifiable by the teacher or principal. All calls made by the students should be brief and good manners should be practiced. After school calls will be allowed after dismissal.

TOYS

All toys and/or electronics are not to be brought to school unless the teacher grants permission to the student and/or his parent for some special event like Show and Tell. **The school will not be responsible for lost, stolen or broken items.**

BIRTHDAY PARTY INVITATIONS

Party invitations will not be distributed at school unless every student in the class receives an invitation.

FOOD ALLERGY

If your child has a food allergy, a physician's note must be submitted every year.

Bus Procedures

Riding the bus is a privilege that is not required by the State Department of Education. Inappropriate behavior could result in the denial of this privilege or in other appropriate consequences. Rules of safety and conduct are set by the driver and are to be obeyed by students while riding the bus.

SICKNESS

If a child vomits, has diarrhea and/or has a fever of 100.5 degrees or more he/she must go home for the remainder of the day. The student can return to school after being fever free, has not vomited or had any more diarrhea for 24 hours and without medication.

ACCIDENTS AND MEDICATION

If your child is injured at school, we will first attempt to make him/her comfortable, call the school nurse and then notify you. If you cannot be reached, we will attempt to contact the emergency number that you have listed on the enrollment form. **IT IS EXTREMELY IMPORTANT THAT YOU KEEP THE SCHOOL INFORMED OF NEW NUMBERS SHOULD THEY CHANGE THROUGHOUT THE COURSE OF THE YEAR. WE MUST HAVE A CONTACT NUMBER FOR EACH CHILD.**

The school staff **CANNOT** administer medicine, including aspirin, without the appropriate form filled out and on file in the school office. Students who need to take prescribed medication must have the appropriate form (available in the school office) filled out by the physician and/or parent before the medication can be brought to school. The medication and form must be turned in to the school office. It is the child's, not the teachers, responsibility to remember to take his/her medicine.

HEAD LICE POLICY AND PROCEDURE

- I. Elementary students will be screened periodically for the presence of head lice.
- II. Any student found to have live head lice will be excluded from school. The parent will be contacted to pick their child up from school. Instructions on how to treat for head lice will be given to parents. Minimal attention should be drawn to the infected student.
- III. In accordance with Oklahoma State Law, Section 1210.194, any child prohibited from attending school due to head lice shall present to the appropriate school authorities, before the child may reenter school, certification from a health professional as defined by Section 2601 of Title

63 of the Oklahoma Statutes or an authorized representative of the State Department of Health that the child is no longer afflicted with head lice.

- IV. Students must be free of all live lice prior to returning to school.
- V. If an excluded student returns to school without certification from a health professional stating that they are free of head lice, the school will contact the parent to pick the child up from school and taken to get a certificate to return to school.
- VI. The student will be re-examined at school in seven to ten days. If head lice eggs (nits) are found, a notice to retreat for head lice will be sent home with the student. Proof of retreatment such as an empty container of head lice shampoo or a note from a health professional will be required when the student returns to school.
- VII. Any student excluded from school for head lice more than twice in a two month period, frequently sent to school infested with head lice, or missing school due to head lice more than four days in a two month period is considered to have a chronic infestation of head lice. These students will be referred to other community resources such as the Canadian County Health Department, Canadian County Juvenile Office, the Department of Human Services and/or their primary care physician for additional assistance in getting rid of head lice. **Once a student is excluded from school due to head lice, the parent will be given three school days to treat their child, remove eggs, have them re-checked by a health Professional and returned to school. After the 3rd day, if the student remains absent from school, he/she will be referred to the Truancy Officer from the Canadian County Juvenile Office.**

July 1, 2012

To: Teachers, Support Personnel, Substitutes, Parents, Parent/Teacher Association, School Board Members, and Concerned Citizens.

Our school is in compliance with the Asbestos Hazard Emergency Response of 1986.

All of the school facilities have been tested. The AHERA management plan was developed and has been submitted pursuant to the Asbestos Hazard Emergency Response Act of 1986. Public Law 99-519 and the United States Environment Protection Agency Rule: Asbestos Containing Materials in Schools. 40 CFR Part 763.

Under these rules, you must be informed that we are continuing to update compliance with these rules. A copy of the management plan is available for inspection. Notification of such availability has been provided to you as specified in the management plan under Section 763.93 (g).

The management plan is available during school hours in either the Superintendent's office for the whole district or the administrative office for the particular area building in which you are interested.

We are very fortunate in the El Reno Public Schools that most of the Asbestos that the students, faculty, or general public will come in contact with, is in the floor tile and adhesive found underneath. Most floor tile now in service that contains asbestos is used as a binder in the vinyl. Because the asbestos fibers are bound securely into the vinyl tile itself, it presents little potential for creating an asbestos hazard. The presence of vinyl asbestos floor tile in a school building should be no cause for concern provided a few simple steps are taken. The tile should be in good condition. These floors are not to be sanded or dry-buffed. Maintenance to these tiles shall include maintaining a high gloss wax finish to prevent wearing of their surface area. A law that went into effect on July 10 1991 and issued from the State of Oklahoma Department of Labor is available to show how we are to take care of this tile if replacement is necessary. We also have encapsulated insulation on the boiler pipes, most of that is located in the boiler rooms and chaseways of which the general population will not come in contact. We have a very small amount of undamaged miscellaneous material that is classed as friable (this means that it is possible to crush it with your fingers). Since this material is not damaged at this time, under the rules, the Local Education Authority (LEA) will conduct a periodic surveillance in each building that contains Asbestos Containing Building Materials (ACBM) every six months after the management plan is in effect.

Please share this information with your membership family and friends. If there are any questions, please contact Wes Brower, the Asbestos Manager of the El Reno Public Schools.

Sincerely,

Wes Brower
Director of Operations (405) 262-5664
