

1st-3rd

2018-19 Lego League

Do you enjoy working with a team? Are you a good problem solver?

Sign up for Lego League today!

First Lego League (FLL) is more than just Legos. Actually, building with Legos is only a small part of what we do. FLL requires students collaboration to solve small problems, like getting a robot to move AND big problems like, building a colony on the moon?

If you are interested in FLL, fill out the form below and return it to return it to your homeroom teacher.

Due to the limited number of spaces, there is an **application process**. **Students**, answer the questions below to the best of your ability. **Applications are due August 15th** You will be notified by , August 24th, if you are accepted.

There is a \$20 fee supplies and activities **paid only upon acceptance.**

Name: _____ Grade & Section: _____ Homeroom
teacher: _____

Why do you want to be part of FLL?

What personal characteristics do you possess that can help you to be a good problem solver?

Do you have experience with programming or robotics? _____

Have you applied for LEGO in the past? _____

Parents, are you able to volunteer to assist with meetings? If so, please provide us with the best way and times to contact you. _____

Parent signature: _____
