

Mattoon Community Unit School District#2

Vision Statement

Making a difference, one student at a time.

District Mission

Mattoon Community Unit School District #2 is committed to continuous improvement and excellence in education. This commitment includes employing and retaining quality staff, and providing a school climate that is positive and conducive to learning. The primary focus of the district is to educate and graduate students who will be successful and productive citizens. To this end we strive to:

- Develop self-esteem and social responsibility;
- Prepare students for employment;
- Develop the skills required for lifelong learning; and
- Maximize individual achievement.

District Goals

- Enhance the relationships, partnerships, and communication with the community and school district.
- Recruit, retain, and support quality staff.
- Provide and maintain facilities, technology, and equipment necessary to achieve educational objectives.
- Promote the accomplishments of school district students and staff.
- Ensure that each student receives all services needed to learn, succeed, and graduate from school prepared to continue education and/or enter the workforce.
- Continue a systematic process for K-12 curriculum development, evaluation, and revision.
- Develop and implement a plan for fiscal responsibility to the students, staff, and residents of the community.
