

**UPK Planning Template
Self-Certification**

In the data collection survey submitted to the CDE, LEAs must self-certify they developed a plan that was presented for consideration by the governing board or body at a public meeting on or before June 30, 2022, for how all children in the attendance area of the LEA will have access to full-day learning programs the year before kindergarten that meet the needs of parents, including through partnerships with the LEA’s expanding learning offerings, ASES, CSPP, Head Start programs, and other community-based early learning and care programs.

1. Please complete the following table:

LEA Name	Contact Name and Title of the Individual Self-Certifying the Statement Above	Email	Phone
Bishop Unified School District	Katherine Kolker Superintendent	kkolker@bishopschools.org	(760) 872-3680

2. Did the LEA develop a joint plan with multiple LEAs (for example, multiple small and rural LEAs serving similar communities or countywide plans developed with support of the COE for all LEAs in the county)? [select one]

No

3. If the LEA answered Yes to Question 2, what other LEAs are part of this joint plan?

Projected Enrollment and Needs Assessment Recommended Planning Questions

The CDE recommends LEAs prioritize these questions as part of their UPK Plan in addition to required questions.

1. What do existing data sources indicate about parental needs and preferences related to early learning and care programs for three- and four-year-old children in the LEAs attendance area? (LEAs are encouraged to work with local early learning and care partners such as CSPP, Head Start programs, LPCs, R&Rs, and APPs, and utilize data sources such as LPC Needs Assessment data, Head Start Needs Assessments, and so on)
2. Using the projected TK enrollment for the LEA provided by the CDE, make modifications to the LEA's TK student estimates and make cumulative facilities and staffing estimates needed each year from school year 2022-23 to 2025-26. Complete the following tables.

Table: Projected Student Enrollment

Type of Student	2019-20	Current (TK-eligible children turn five between September 2 and December 2, inclusive)	2022-23 (TK-eligible children turn five between September 2 and February 2, inclusive)	2023-24 (TK-eligible children turn five between September 2 and April 2, inclusive)	2024-25 (TK-eligible children turn five between September 2 and June 2, inclusive)	2025-26 (TK-eligible children turn four by September 1)
TK Students		24	45	57	76	96
CSPP (if applicable)						

Table: Facilities Estimates (Cumulative)

Type of Facility	2019-20	Current	2022-23	2023-24	2024-25	2025-26
TK Classrooms		1	3	3	4	4
CSPP Classrooms						
Head Start or Other Early Learning and Care Classrooms						

Table: Staffing Estimates (Cumulative)

Type of Staff	2019-20	Current	2022-23	2023-24	2024-25	2025-26
TK Teacher's Assistants		1	3	3	4	4
CSPP (if applicable)						

Type of Staff	2019–20	Current	2022–23	2023–24	2024–25	2025–26
Other CSPP Classroom Staff (if applicable)						
Early Education District-level staffing (if applicable)						

3. As part of the ELO-P requirements, EC Section 8281.5 requires LEAs to offer or partner in offering in-person before school or after-school expanded learning opportunities that, when added to daily instructional minutes, are no fewer than nine hours of combined instructional time and expanded learning opportunities per instructional day, including through partnerships with the LEA’s expanding learning offerings, ASES, CSPP, Head Start programs, and other community-based early learning and care programs.

Consider your estimated number of TK students. Estimate the number of TK students that will utilize extended learning and care services in addition to the TK instructional minutes. Then, working with local early learning and care and expanded learning partners, estimate the number of slots available for TK students in the following programs:

Table: Projected Number of TK Students Utilizing Extended Learning and Care

2019–20	Current	2022–23	2023–24	2024–25	2025–26

Table: Projected Number of Slots Available for TK Students

Slot Type	2019–20	Current	2022–23	2023–24	2024–25	2025–26
Head Start						
ASES Program/ELO-P						

Required Questions

CDE will be requiring this information be completed after the plan is presented to the governing board.
 There are no required questions in this section.

Focus Area A: Vision and Coherence

In order to provide equity of access for all students and their families, it is vital for the LEA, in partnership with early learning and care programs, to develop a coherent educational system that begins with UPK, includes access to TK and other options for all four-year-old children, and provides nine hours of programming per day through a combination of instructional time and extended learning and care opportunities for those families who choose this option.

In planning for UPK, consider how the LEA's administrative structure will support school leadership in building connections between them and expanded learning programs as well as early learning and care programs (CSPP, Head Start, other subsidized or privately administered preschool and child care programs) to provide UPK programming and before school and after-school, intersession, and summer learning and care.

Required Questions

CDE will be requiring this information be completed after the plan is presented to the governing board.

1. Which of the following model(s) of service delivery does the LEA plan to implement for UPK for all four-year-old children, including classes fully inclusive of children with disabilities, to provide access to the least restrictive environment for learning? [select all that apply]

TK offered at all sites

BUSD has only one Elementary School campus (BES).

2. Does the LEA plan to implement full-day TK, part-day TK, or both? [select one]

Full Day TK

3. Describe how the model(s) of service delivery selected in the preceding two questions will be implemented across the LEA's sites and why.

Stand alone TK classrooms on the Bishop Elementary School campus with one teacher and one instructional aide per class.

4. Does the LEA plan to begin operating a CSPP or expand its current CSPP contract? [select one]

No - the LEA has no plans to begin or expand a CSPP contract in future years

5. If the LEA answered yes in question four, what age of children does the LEA plan to serve through a CSPP contract? [select all that apply]

6. Please indicate if the LEA plans to serve students eligible for early admittance TK, for children whose fifth birthday occurs after the enrollment date for the year of implementation (see implementation timeline above)?

- a. 2022–23 (Birthdays February 3 or after) [select one]

Maybe

- b. 2023–24 (Birthdays April 3 or after) [select one]

Maybe

c. 2024–25 (Birthdays June 3 or after) [select one]

Maybe

Focus Area B: Community Engagement and Partnerships

To successfully implement UPK and create a P–3 continuum, LEAs will need to cultivate relationships and collaborate with both internal and external partners.

Required Questions

CDE will be requiring this information be completed and submitted to the CDE after the plan is presented to the governing board.

1. Identify which of the following opportunities the LEA implemented to obtain public input on the UPK Plan. [Select all that apply]

Family or parent surveys

District English Learner Advisory Committee (DELAC)

First 5 County Commission meetings

Other [describe, open response]

Inyo County Office of Education Community Information Session, School Board Meeting, Elementary School Staff Meeting

2. Select which programs the LEA plans to combine with the TK instructional day to offer a minimum of nine hours per day of programming (instructional day plus programming) for children whose families opt in for extended learning and care. [select all that apply]

Expanded learning programs on an LEA site (ASES, 21st Century Community Learning Centers [21st CCLC], ELO-P)

Focus Area C: Workforce Recruitment and Professional Learning

Based on the projected enrollment and needs described in Focus Area A, LEAs should create a plan to recruit, train, and support the new TK, preschool, early learning and care, and expanded learning staff needed to support full-day early education options for all children the year before kindergarten.

(Note: All LEAs will need to plan for workforce development considerations as part of this planning work. There is a separate \$100 million allocation for the Prekindergarten Planning and Implementation Grant – Competitive, also known as the Early Education Teacher Development Grant, that will be competitively awarded and is not part of this planning template.)

EC Section 48000(g)(4) specifies that credentialed teachers who are first assigned to a TK classroom after July 1, 2015, have, by August 1, 2023, one of the following:

- a. At least 24 units in early childhood education, or childhood development, or both.
- b. As determined by the LEA employing the teacher, professional experience in a classroom setting with preschool age children that is comparable to the 24 units of education described in subparagraph (a).
- c. A Child Development Teacher Permit issued by the CTC.

EC Section 8295 specifies that teachers in CSPP shall either possess a permit issued by the CTC authorizing service in the care, development, and instruction of children in a child care and development program; or meet the following criteria:

- a. Possess a current credential issued by the CTC authorizing teaching service in elementary school or a single subject credential in home economics; and
- b. Possess twelve units in early childhood education or child development, or both, or two years' experience in early childhood education or a child care and development program.

Required Questions

CDE will be requiring this information be completed after the plan is presented to the governing board.

1. Which of the following strategies does the LEA intend to use to support diverse and effective prospective TK teachers, including multilingual educators, to earn a Multiple Subject Teaching Credential? [select all that apply]

Provide advising on credential requirements and options for how to meet these requirements

None of the above, the LEA currently has enough Multiple Subject Teaching Credential holders to meet the need for TK educators

2. Which of the following strategies does the LEA intend to employ to support diverse and effective prospective TK teachers, including multilingual educators, to meet the requirements under EC Section 48000(g)(4)? [select all that apply]

Provide advising on requirements and how to meet the requirements

None of the above; the LEA currently has enough Multiple Subject Teaching Credential holders who have at least 24 units in early childhood education, or childhood development, or both; professional experience in a classroom

setting with preschool-age children that is comparable to the 24 units of education described in subparagraph (a); or a Child Development Teacher Permit issued by the CTC.

3. Which of the following strategies does the LEA intend to employ to support diverse and effective prospective CSPP teachers, including multilingual educators, to obtain a Child Development Teacher Permit [select all that apply]

None of the above, the LEA is not planning to support prospective CSPP educators in obtaining a Child Development Teacher Permit

4. On which child observational assessments does the LEA intend to offer professional learning to TK, CSPP, and other early education teachers during the 2022–23 school year? [select all that apply]

LEA-based, grade level benchmarks and a report card

5. On what topics does the LEA intend to offer professional learning regarding early childhood education to site leaders and principals? [select all that apply]

Children’s literacy and language development (aligned with the Preschool Learning Foundations and Frameworks)

Children’s social-emotional development (aligned with the California Preschool Learning Foundations and the California Preschool Curriculum Frameworks)

Curriculum selection and implementation

Focus Area D: Curriculum, Instruction, and Assessment

It is critical for each LEA and preschool program partner to plan for how they will develop or select curriculum or curricula that are developmentally-informed and aligned with the strengths of all students, including multilingual students and students with disabilities, as well as how they will ensure curricula are implemented with fidelity to support intentional, quality instruction for all students. LEAs and preschool program partners should consider how they will provide coherent, culturally- and linguistically-responsive UPK curriculum or curricula anchored in the California Preschool Learning Foundations (<https://www.cde.ca.gov/sp/cd/re/psfoundations.asp>) and the California Preschool Curriculum Frameworks (<https://www.cde.ca.gov/sp/cd/re/psframework.asp>) to support the development of skills across the domains outlined in those documents.

Required Questions

CDE will be requiring this information be completed after the plan is presented to the governing board.

1. Does the LEA plan to provide any of the following language model(s) for TK students? [select all that apply]

English-only instruction with home-language support

2. If the LEA administers CSPP, does it plan to provide any of the following language model(s) for CSPP students? [select all that apply]

Other [describe, open response]

N/A - BUSD does not administer CSPP

3. Identify methods the LEA plans to use to support the development of social-emotional learning and executive function skills through specific instruction in these areas and by embedding and reinforcing this instruction in all curriculum areas. [select all that apply]

Designing developmentally-appropriate learning environments to allow for individual and group activities that promote social-emotional learning and executive function skills (for example, use students' pictures or words in daily routines, feelings charts)

Promote learning through play as a context for social and emotional development, including social play with teachers and peers in small or large group settings

Use developmental observations to identify children's emerging skills and support their development through daily interactions

Offer open-ended, self-directed learning opportunities that foster individual interests and curiosity and new learning

4. What instructional practices does the LEA plan to implement to support children with disabilities in UPK programming? [select all that apply]

Implement Universal Design for Learning

Provide specialized services (for example, occupational therapy, physiotherapy, speech and language pathology therapy) in the classroom with peer models

5. What assessments does the LEA plan to use in TK or kindergarten? [select all that apply]

Unsure

Focus Area E: LEA Facilities, Services, and Operations

It is critical to ensure that LEA facilities, services, and operations are thoughtfully aligned to support the implementation of UPK and movement towards a P–3 continuum. It is also critical for early education programs currently operating to continue to be a part of California’s mixed-delivery system by creating shared space, blending funding and coordinating service delivery.

For Facilities:

For facilities planning, draw on the Projected Enrollment and Needs Assessment section of this document and the LEA’s Facilities Master Plan. The objectives of this section are to identify the availability of space for UPK, the adequacy of available space to meet the kindergarten facilities standards for meeting the needs of young children, and, if needed, to update the Facilities Master Plan to address any unmet need for developmentally-appropriate space.

Required Questions

CDE will be requiring this information be completed after the plan is presented to the governing board.

1. To support an overall increase in UPK access, what efforts does the LEA plan to make to prevent the displacement of any early education programs on LEA campuses, including both LEA-administered and non-LEA-administered programs?

TK is not displacing any programs

2. Does the LEA have adequate classroom space to meet the Projected Enrollment of TK students listed in the Projected Enrollment and Needs Assessment section of this document, for the respective implementation year? [multiple choice]

Yes

- i. If no, how many more classrooms does the LEA need? [identify number, open response]

- ii. If no, how might the LEA provide classrooms in the timeframe needed? [describe, open response]

3. Does the space meet the kindergarten standards described in California Code of Regulations, Title 5, Section 14030(h)(2)? [multiple choice]

Yes

- i. If no, what modifications need to be made? What resources are needed to make them? (See Facilities Grant Program Funding at <https://www.dgs.ca.gov/OPSC/Services/Page-Content/Office-of-Public-School-Construction-Services-List-Folder/Access-Full-Day-Kindergarten-Facilities-Grant-Program-Funding>) [describe, open response]

4. Does the space contain necessary adaptive equipment, assistive technology, or other accommodations to ensure children with disabilities have access to education in the least restrictive environment? [multiple choice]

[redacted]

i. If no, what modifications need to be made? What resources are needed to provide equipment or accommodations?
[describe, open response]

5. Does the LEA's Facilities Master Plan adequately address the need for UPK programming? [multiple choice]

Yes

i. If no, what process will the LEA use to update the Facilities Master Plan to accommodate future TK and early education programming? [describe, open response]

6. In which of the following areas does the LEA intend to make updates to facilities? [select all that apply]

Apparatus area

7. What transportation will the LEA offer to children enrolled in TK? [select all that apply]

Transportation to and from the TK program

8. Will the LEA offer transportation to transport TK children to extended learning and care opportunities that are at other sites than the one the child is enrolled at for TK?

Extended Learning (After School Program) is on site and so no additional transportation is needed.
