SCHOOL RULES

1. You have a right to review the school rules regarding student discipline. Those rules are explained in the Student Handbook which is reviewed and mailed home annually. If you wish an additional copy, please contact the School Office.

ATTENDANCE

1. **General Absences** - see attached Education Code Section 48205*. No student may have his or her grade reduced or lose academic credit for any absence excused pursuant to Education Code section 48205 if missed assignments and tests that can be provided are satisfactorily completed within a reasonable period of time. [E.C. section 48980(j)]
2. **Absence for Religious Purposes** - With your written permission, your child may be excused to attend religious services away from school. However, your child will be required to complete a certain number of minutes for that day. Such absences are limited to four days per month. [E.C. section 46014]
3. **Absence for Justifiable Personal Reasons** - Upon your written request and approval by the school principal, your child may be excused from school for justifiable personal reasons such as an appearance in court, observation of a religious holiday or ceremony, attendance at religious retreats (not to exceed 4 hours per semester), an employment conference [E.C. section 48205] or a naturalization ceremony [E.C. 48205]
4. **Inter District Attendance Options** - It is the intent of the Legislature that the governing board of each school district annually review the enrollment options available to the pupils within their districts and that the school districts strive to make available enrollment options that meet the diverse needs, potential, and interest of California's pupils. Please contact our District Office (872-3680) for more information regarding all current attendance options.
5. **Victims of Bullying Transfer Rights** - School districts must approve the request of a bullying victim, as defined, to transfer to another school within the district. If the requested school is at capacity, the school district must accept a request for an alternate site. If the school district of residence has only one school available, the school district of residence must honor the student's interdistrict transfer request if the school district of proposed enrollment approves the transfer. [E.C. section 46600]
6. **Attendance in School District in Which Parent/Guardian is Employed** - Now applicable through the 12th grade, your child may have the option of attending school in the district where you or your spouse is employed for at least 10 hours per school week. If interested, call the District Office (872-3680) for information. [E.C. sections 48204(b) and 48980(e)]
7. **Enrollment Based on Parent and Student Living at Parent's Place of Employment for a Minimum of 3 Days During the School Week**. Parents may apply for enrollment of their child in a school district in which the parent is employed, and where the parent and child live at the parent's place of employment for a minimum of 3 days during the school week. [E.C. 48204(a)(7)]
8. **Attendance Where Caregiver Resides** - If your child lives in the home of a care giving adult, as defined by law, your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the care giving adult is required to determine that your child lives in the caregiver's home. [E.C. sections 48204(d) and 48980(h)]
9. **Children of Military Service Members / Residency** - A student complies with a school district's residency requirements for school attendance if the student's parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order. School districts must accept applications by electronic means for enrollment, including enrollment in a specific school or program within the district, and course registration. The parent must provide proof of residency in the school district within 10 days after the published arrival date provided on official documentation. [E.C. section 48204.3]
10. **Children of Military Service Members / Residency Retention and Matriculation** - A student living in the household of an active duty military service member must be allowed to continue attending the student's school of origin for the

remainder of the school year if the family moves.

A student from an active duty military family who is transitioning between school grade levels must be allowed to continue in the school district of origin and in the same attendance area of his/her school of origin. If the student is transitioning to middle school or high school, and the school designated for matriculation is in another school district, the local educational agency must allow the student to continue to the school designated for matriculation in that school district. The new school must immediately enroll the student, even if the child has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended, or if the student is unable to produce clothing or records normally required for enrollment.

If the parent/guardian's military service ends during the school year, then the student is allowed to stay in his/her school of origin for the remainder of the school year if s/he is in grades 1-8, or through graduation if the student is in high school. [E.C. section 48204.6]

- 11. Residency Retention for Migratory Children** - Currently migratory children, who are enrolled in a school district due to a parent's or immediate family member's temporary or seasonal employment in an agricultural or fishing activity, as defined by Education Code section 54441, must be allowed to continue in their schools of origin, regardless of any change of residence during that school year, for the duration of their status as migratory children. When a student's status as a migratory child changes during the school year, the school district must: (1) allow K-8th graders to continue in their schools of origin for the remainder of that school year; and (2) allow 9-12th graders to continue in their schools of origin through graduation.

Migratory children and their parents/guardians must be informed of the impact that remaining in their schools of origin will have on their eligibility to receive migrant education services.

- 12. Residency Retention for Students Whose Parents are Detained or Deported** - Students retain residency in a school district, regardless of the students' current residency, when both of the following requirements are met: a) the student's parent or guardian has departed California against his or her will, and the student can provide official documentation evidencing the departure; and b) the student moved outside of California as a result of his or her parent or guardian leaving the state against his or her will, and the student lived in California immediately before moving outside the state. The student must provide evidence of enrollment in a California public school immediately before moving outside the state.

Deported parents may designate another adult to attend school meetings and to serve as an emergency contact. No charges or fees of any kind may be required for admission or attendance in these circumstances.

This law applies to parents who are: (1) in the custody of a government agency and are transferred to another state; (2) subject to a lawful removal order and who were removed or were permitted to leave California voluntarily before being removed; and (3) subject to any additional circumstances consistent with these purposes, as determined by the school district. [E.C. section 48204.4]

- 13. Temporary Disability / Individualized Instruction** - If your child has a temporary disability which prevents him/her from attending regular classes, s/he may receive individualized instruction either: (1) at home provided by the school district in which the student resides; or (2) in a hospital or other residential health facility, excluding state hospitals, provided by the school district in which the hospital or residential health facility is located.

"Temporary disability" means a physical, mental or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program to which the student can reasonably be expected to return.

"Temporary disability" does not include a disability that would qualify a student as a "student with exceptional needs" under Education Code section 56026.

A student with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the school district in which the pupil's parent or guardian resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. Once the parent has notified the district in which the hospital is located of the student's presence in the qualifying hospital, the district has five working days to notify the parent if individualized instruction shall be made available. If the determination is positive, individualized instruction shall commence within five working days.

Individual instruction in a student's home must commence no later than five working days after a school district

determines that the student shall receive this instruction.

When a student receiving individual instruction is well enough to return to school, s/he must be allowed to return to the school that s/he attended immediately before receiving individual instruction, if the student returns during the school year in which the individual instruction was initiated.

Students enrolled in individual instruction in a hospital or other residential health facility for a partial week, are entitled to attend school in his/her school district of residence, or to receive individual instruction provided by the school district of residence in the student's home, on days in which he or she is not receiving individual instruction in a hospital or other residential health facility, if s/he is well enough to do so.

Absences from the student's regular school program due to the student's temporary disability are excused until the student is able to return to the regular school program. [E.C. sections 48206.3, 48207, 48207.3, 48207.5, 48208, 48240 (c) and 48980(b).]

14. **High School Students Leaving School at Lunch Time** - The governing board of this school district, pursuant to Education Code section 44808.5, has decided to allow the pupils enrolled at the high school to leave the school grounds during the lunch period. Neither the school district nor any officer or employee shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section.
15. **Minimum Days or Pupil Free Staff Development Days:** Release Days: Sept.7, 25; November 11, 23-27; December 18, 21-31; January 1, 18; February 12, 15; March 25, 26-31; April 1-5; May 27, 28, 31. Check school calendars for additional calendar information.

DISCIPLINE

1. **Student Discipline Rules** - The district maintains a student discipline code with policies and procedures. Copies are available at the District Office.
2. **Release of Student to Peace Officer** - If a school official releases your child from school to a peace officer for the purpose of removing him/her from the school premises, the school official shall take immediate steps to notify you or a responsible adult (identified on your child's registration card), except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [E.C. section 48906]
3. **Parent Responsibility** - Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children which result in death or injury to other students, school personnel, or school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$23,900 for damages and another maximum of the same amount of a reward, if any. We expect these amounts to be indexed and rise annually [E.C. section 48904]. The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. [E.C. section 48904, Civil Code section 1714.1]. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. [E.C. section 48900.1]
4. **Student Search** - The school principal or designee may search the person of a student (including backpack, purse, bag, etc.) or the student's locker if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: *New Jersey v. T.L.O.* (1985) 469 U.S. 325]. Evidence gathered from video surveillance tape systems in posted areas is specifically admissible in discipline hearings, as no one has a reasonable expectation of privacy in those circumstances.
5. **Dress Code** - Guidelines are listed in the Student Handbook (mailed home in registration packet) and additional copies are available at your request.

STUDENT SERVICES

1. **Services to Disabled Pupils** - If you have reason to believe that your child (ages 0 through 21 years) has a disability which requires special services or accommodations, bring this to the attention of the school office. Your child will be evaluated to determine whether he/she is eligible for special instruction or services. [E.C. sections 56020- et seq.]
2. **Student Sexual Harassment** - Students in grades 4 through 12 may be suspended or expelled for sexual harassment. A copy of the district's policy on student sexual harassment* is enclosed for your review.
3. **Student Lunch Program** - Your child may be eligible to participate in the free/reduced lunch program. Information regarding your child's eligibility for this program is available in the main office. For more information, please contact the school office. [E.C. sections 49510-49520]

HEALTH SERVICES

1. **Kindergarten and First Grade Physical Examination** - Good health is important to your child's learning and successful academic career. State law requires that for each child enrolling in the first grade, the parent must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. You may file with the school district a written objection or waiver stating the reasons if you are unable to obtain such services. You must understand that your child may be sent home if you fail to provide the certificate or waiver, or if your child is suspected to be suffering from a contagious disease. You may find it convenient to have your child immunized at the same time that the physical examination is conducted. These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact Laura Wieggers, the School Nurse, at 872- 1278. [E.C. sections 48213 and 49450]
2. **Immunizations** - Students seeking to enroll in the District for the first time, or advancing to grade 7, must provide proof of immunization or a valid exemption, as set forth below.

For *initial* enrollment, including enrollment in a District preschool or transitional kindergarten program:

Students Initially Admitted at Ages 4-6 years Need These Immunizations:

- Diphtheria, Tetanus, and Pertussis (DTaP, DTP, or DT) —5 doses
(4 doses OK if one was given on or after 4th birthday)
- Polio (OPV or IPV)—4 doses
(3 doses OK if one was given on or after 4th birthday)
- Hepatitis B—3 doses
- Measles, Mumps, and Rubella (MMR)—2 doses
(Both given on or after 1st birthday)
- Varicella (Chickenpox)—1 dose

Parents must show their child's Immunization Record as proof of immunization. These immunization requirements also apply to students entering transitional kindergarten.

Students Initially Admitted at Ages 7-17 Years Need These Immunizations:

- Diphtheria, Tetanus, and Pertussis (DTaP, DTP, DT, Tdap, or Td)—4 doses
(3 doses OK if last dose was given on or after 2nd birthday)
- Polio (OPV or IPV)—4 doses
(3 doses OK if one was given on or after 2nd birthday)
- Measles, Mumps, and Rubella (MMR)—1 dose
(2 doses required at 7th grade)
- Varicella (chickenpox)
(Admission at ages 7-12 years need 1 dose; ages 13-17 years need 2 doses)
- Tetanus, Diphtheria, and Pertussis (Tdap) —1 dose at 7th grade or out-of-state transfer admission at 8th-12th grades
(1 dose on or after the 7th birthday)

Students Entering Grade 7 Need These Additional Immunizations:

- Measles, Mumps, and Rubella (MMR)—2 doses (or any measles-containing vaccine; both doses after 1st birthday)
- Tetanus, Diphtheria, and Pertussis (DTaP or DTP) —1 dose (1 dose on or after the 7th birthday)

The law allows parents to seek an exemption of their children from meeting immunization requirements based on medical reasons. In order to do so, parents must submit a letter from a licensed physician, stating: (1) that in the opinion of the licensed physician, that the physical condition of the child is such that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization; or (2) the medical circumstances relating to the child are such that immunization(s) is/are not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization. The note must indicate what immunization(s) the student should be exempt from. The law does not allow parents/guardians to elect an exemption simply because of inconvenience (a record is lost or incomplete and it is too much trouble to go to a physician or clinic to correct the problem). Students who had a medical exemption issued before December 31, 2020 will be allowed continued enrollment until they enroll in the next grade span. Grade spans are defined as: (1) birth through preschool, (2) Kindergarten through 6th grade, and (3) 7th through 12th grade. As of January 1, 2021, the District will only accept medical exemptions that are submitted on the California Department of Public Health's standardized, statewide medical exemption certification form. Additionally, January 1, 2016 was the deadline for parents to exempt their children from required immunizations based on their religious or personal beliefs. Students who had a signed waiver based on religious or personal beliefs on file by January 1, 2016, are exempt from the immunization requirement until they complete the grade span they were in as of January 1, 2016. Schools should maintain an up-to-date list of pupils with exemptions, so they can be excluded quickly if an outbreak occurs. If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such time as directed by health officials or district administration. [E.C. sections 48216, 48853.5(d)(7)(B), 48980(a), and 49403. Health and Safety Code sections 120325, 120335, 120341, 120365, 120370(a)(2), and 120372(a).]

5. Contain an acknowledgment that the parent/guardian understands that he/she may terminate the consent for the administration of the medication or for otherwise assisting the student in the administration of medication at any time

In addition to the requirements in items #1-5 above, if a parent/guardian has requested that his/her child be allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the parent/guardian's written statement shall: (Education Code 49423, 49423.1)

1. Consent to the self-administration
2. Release the district and school personnel from civil liability if the student suffers an adverse reaction as a result of self-administering the medication

In addition to the requirements in items #1-5 above, if a parent/guardian wishes to designate an individual who is not an employee of the District to administer medication to his/her child, the parent/guardian's written statement shall clearly

identify the individual and shall state:

- a. The individual's willingness to accept the designation
- b. That the individual is permitted to be on the school site

 5. For medication that is to be administered by unlicensed personnel, confirmation by the student's health care provider that the medication may safely and appropriately be administered by unlicensed personnel (Education Code [49423](#), [49423.1](#); 5 CCR [602](#))
- [Note: Items #6-8 below may be revised to reflect District practice.]
6. For medication that is to be administered on an as-needed basis, the specific symptoms that would necessitate administration of the medication, allowable frequency for administration, and indications for referral for medical evaluation
 7. Possible side effects of the medication
 8. Name, address, telephone number, and signature of the student's authorized health care provider

Students may carry and use sunscreen without a doctor's note or prescription, and may also wear sun-protective clothing (E.C. section 49480).

4. **Anti-Seizure Medication** - Parents of a student diagnosed with seizures, a seizure disorder, or epilepsy who has been prescribed an emergency anti-seizure medication may request that their student's school have one or more of its employees receive voluntary training in the administration of the medication in the event that the student suffers a seizure when a school nurse is not available. Upon receipt of the parent's request, the school district must notify the parent that his or her child may qualify for an individualized education program or a Section 504 plan.

Parents must provide a seizure action plan pursuant to Ed. Code section 49468.3 before an emergency anti-seizure medication or therapy treatment may be administered.

5. **Physical Examinations** - If you want your child to be exempt from physical examinations at school, file a written statement with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [E.C. section 49451]
6. **Medical and Hospital Services** - The school district does not provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of his/her attendance during a regular school day of the district; or while being transported by the district to and from school or other places of instruction; or while at any other place as an incident to school-sponsored activities and while being transported to, from and between such places. Applications are available in the Main Office. [E.C. section 49472]
7. **Scoliosis Screening (Curvature of the Spine)** - If your child is enrolled in grades 7 through 12, and is suspected of having curvature of the spine, please notify the school office. If your child is identified at school as having this condition, you will be notified. [E.C. section 49452.5]
8. **Sight and Hearing Test** - The school district is required to provide for the testing of the sight and hearing of each student enrolled in the schools unless you submit a written denial of consent. [E.C. section 49452]
9. **Information for Use in Emergencies** - For the protection of your child's health and welfare, we ask that you continually update Emergency Information Cards that are on file and available in the Main Office. [E.C. section 49408]

10. **Confidential Medical Services Without Parental Consent** - According to the Education Code, school authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parents or guardian. For more information, please contact the Main Office. [E.C. section 46010.1]
11. **Immunizations and Control of Communicable Disease** - This district cooperates with the local health office in the control and prevention of communicable disease in school-age children. If you consent in writing, the district may permit any person licensed as a physician and surgeon, or if under the direction of a supervising physician or surgeon, may also permit a physician's assistant, nurse practitioner, registered nurse, licensed vocational nurse, or nursing student who is acting under the supervision of a registered nurse, in accordance with applicable provisions of law, to administer an immunizing agent to your child. You will be advised in writing before any immunization program is instituted. [E.C. section 49403]

SEX EDUCATION

1. **Instruction in Comprehensive Sexual Health Education/HIV/AIDS Prevention** [E.C. sections 51930-51939] - Districts shall annually notify parents about instruction in comprehensive sexual health education and HIV/AIDS prevention education and research on student health behaviors and risks planned for the school year. Written and audiovisual educational materials used in such education are available for inspection. You will be notified prior to the commencement of any such instruction as to whether the instruction will be taught by district personnel or by outside consultants in class or during an assembly. A copy of the law pertaining to such instruction is available upon request from the district. You may request in writing that your child not receive comprehensive sexual health education and/or HIV/AIDS prevention education.
2. **Student Surveys, Tests and Questionnaires Regarding Sexual Attitudes and Practices**
The law also authorizes the district to use anonymous, voluntary and confidential research and evaluation tools to measure 7th- 12th grade students' health behaviors and risks, including tests, questionnaires, and surveys containing age appropriate questions about the student's attitudes concerning or practices relating to sex. The district must notify you in writing before any such test, questionnaire, or survey is administered and provide you with an opportunity to review the test and request in writing that your child not participate. If a school receives a written request from the parent or guardian excusing a student from this activity, the student may not be subject to disciplinary action, academic penalty or other sanction and an alternative educational activity must be made available to the student. [E.C. sections 51938(c) and 51939.]

EXEMPTIONS AND PARENTAL RIGHTS

1. **Parental Rights: Education Empowerment Act of 1998** - The Education Empowerment Act of 1998 establishes various rights for parents, in addition to other rights identified in this Annual Notice. Your rights, as a parent or guardian, include the following:

Inspection of Instructional Materials: All primary supplemental instructional materials and assessments, including textbooks, teacher's manuals, films, tapes, and software shall be compiled and stored by the classroom instructor and made available promptly for your inspection in a reasonable time frame or in accordance with procedures determined by the governing board of the school district.

Observation of School Activities: You have the right to observe instruction and other school activities that involve your child in accordance with procedures determined by the governing board of the school district to ensure the safety of pupils and school personnel and to prevent undue interference with instruction or harassment of school personnel. Reasonable accommodation of parents and guardians shall be considered by the governing board of this school district. Upon written request by you, school officials shall arrange for your observation of the requested class or classes or activities in a reasonable time frame and in accordance with procedures determined by the governing board of this school district.

Consent for Evaluations: Your child may not be tested for a behavioral, mental, or emotional evaluation without your informed written consent.

Affirmation or Disavowal of Beliefs: A pupil may not be compelled to affirm or disavow any particular personally or

privately held world view, religious doctrine, or political opinion.

This law does not relieve pupils of any obligation to complete regular classroom assignments.

Health Component of Any Program or Class: Parents may exempt students from the health component of any course or class if that instruction conflicts with a parent or guardian's religious training or beliefs.

2. Language Acquisition Programs

The District offers the following language acquisition program(s) for English learners:

Structured English Immersion – In this program, nearly all classroom instruction is provided in English. Curriculum presentation is designed for English Learners. At minimum, students are offered English Language Development (ELD) and access to grade level academic subject matter content. Supplemental intervention using the home language is provided based on the student's individual academic needs. The goal of this program is proficiency only in English.

Dual Immersion Program – Dual Language Immersion (DLI) Program Alternative: Also referred to as Two-Way Immersion. This is an enriched bilingual program offered to provide instruction in Spanish and English to students whose parent/guardian chooses it. Parents of English Learner students, at all levels of proficiency in English, and at any time of enrollment may request this option for their child. In this program, the core subjects are taught in both languages with the objective that the students become bilingual and biliterate. The same state content standards, materials, and CAASPP assessments are used as in the regular classes. English Language Development is provided as part of the alternative program core curriculum and measured annually using the ELPAC. Our program follows the 90:10 model in which the percent of instruction initially in kindergarten is greater in Spanish and gradually decreases to 50:50.

English Language Mainstream – This option is for students who are gaining fluency in oral English but do not meet the minimum proficiency requirements in reading, writing and mathematics in English for their grade level. In this program, your child is placed in a regular classroom. Language Arts, Math, Science and Social Studies are taught in English. English Language Development (ELD) and SDAIE (Specially Designed Academic Instruction in English) strategies are used as needed, determined by the teacher.

Any language acquisition program provided by the District shall:

- (1) Be designed using evidence-based research and include both Designated and Integrated English Language Development (ELD);
- (2) Be allocated sufficient resources by the District to be effectively implemented, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals; and
