Exceeds Expectations

I met the required expectations with quality, then added my own expectations and worked to meet them as well.

I had original ideas. No one else thought about it like I did.

I showed GRIT throughout the process of my work by coming up with more ideas when others fell through. I did not give up and I was excited about trying.

Meets Expectations

I met the required expectations.

I had a mixture of original and common ideas.

I showed some GRIT throughout the process of my work by occasionally coming up with more ideas when others didn't work out. It was difficult for me to do this but I worked at it willingly.

Approaches Expectations

I did not quite meet the required expectations. There were some elements missing.

I had ideas that were common to others.

I showed little GRIT, struggling to come up with new ideas when others fell through. I did not enjoy doing this and needed support.

Does Not Meet Expectations

I did not meet the required expectations OR I did not complete the assignment.

I did not come up with any ideas.

I did not show GRIT. I gave up when my ideas didn't work out. I was not interested in trying again.
