School Committee Policy:

#333

Public Gifts to the Schools

The School Committee will accept gifts and offers of equipment for the schools in the name of the District when the gift is of educational value. In the case of gifts from industry, business, or special interest groups, no extensive advertising or promotion may be involved in any donation to the schools.

Gifts that would involve changes in school plants or sites or not keeping with the school system core values will be subject to School Committee approval.

Gifts will automatically become the property of the school system. Any gift of cash, whether or not intended by the donor for a specific purpose, will be handled as a separate account and expended at the discretion of the Committee, as provided by law.

The School Committee directs the Superintendent to assure that an appropriate expression of thanks is given all donors.

Donations and Fundraising are addressed in School Committee Policy #331 and Administrative Regulation #331.1.
