

School Committee Policy:

#491

Student Teaching and Internships

The School Committee, recognizing both its responsibility to improve the quality of teacher training and the contribution that student teachers can make to the Maynard Public Schools, encourages its Administration to cooperate with teacher-training institutions and authorizes the placement of student-teachers, interns and practicum students in the Maynard Public Schools.

Recognizing the special skills and expertise of the teacher-preparing institution and its staff, the Maynard School Committee authorizes the Administration to honor the reasonable rules, regulations, and training guidelines of the sending institutions.

The Administration of the Maynard Public Schools is authorized to accept or reject student-teachers, interns, or practicum students on assessment of the individual school's ability to contribute to the training of new teachers and to the effect of their presence on the educational benefit to students and of the operation of each school.
