

Pre-K
Getting to Know You

Your child was created unique in God's sight. Each child has a different personality. To help me understand your child and to help him/her live to their potential, I would appreciate your insight. With this knowledge, I can help make your child's transition into Pre-K easier. Please fill this out and return it via email, fax or on the first day of school. It is a privilege for me to teach and nourish your child.
