## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

### Principal's Message

Kings River Union Elementary School District is a single-site TK-8 district in northern Tulare County, located between the towns of Kingsburg and Dinuba. The district has an average enrollment of 400 students. Kings River's mission is to help all students succeed in reaching or surpassing grade-level standards in all curricular areas (as measured by adopted benchmark assessments, appropriate norm and criterion-referenced tests and other objective measures of student progress used in classrooms). The attainment of this goal is accomplished through rigorous instructional and curricular programs in an environment of respect (toward self and others) and safety. Kings River provides instructional materials that are state-adopted and locally approved, with each student having access to a broad course of core curriculum through provision of all texts in all subject areas for school and home use. Further, students whose first language is not English are given a rigorous, structured English-language academic vocabulary development program designed to quickly transition them into English proficiency. Additionally, Kings River provides instruction using mobile computer technology devices and various instructional software programs to support and individualize learning. Kings River Union Elementary School District strives to improve and to surpass expectations of its stakeholders and the state. Kings River Union is proud to provide a Gifted and Talented Education program to qualifying third - eighth grade students. In addition, we are extending learning and opportunities to be involved in multiple activities through our music program(band), ballet program, GATE Classes, CTE opportunities, Lego robotics, art classes, and athletic teams.

### Mission Statement

It is the mission of Kings River Elementary School, in partnership with parents and guardians and the community, to empower each child to achieve his or her fullest potential in becoming a lifelong learner and a responsible citizen. We are committed to fostering high standards of student performance and promoting positive attitudes to achieving equity and excellence in a safe and nurturing environment. Learning experiences for our students should be meaningful and applicable to the real world.

We therefore believe that...

- All students can learn
- High expectations, based on a student's ability, lead to high academic achievement
- Students must be responsible for their own learning
- Students are responsible for their actions
- Everyone has the right to be treated in a fair and equitable manner
- Students have a social responsibility to their peers, school, and community
- Home, school, and classroom climates are the key factors in improving student learning

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

#### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Kings River Union Elementary School follows the California Department of Education adoption calendar for instructional materials and strives to have the most current standards-based materials available for teachers and students. The school's Leadership Team reviews adopted materials and makes recommendations to the administration prior to formal recommendations being forwarded to the district Board of Trustees for consideration. The district has affirmed each student has their own textbooks or student accounts to use in class and to take home.

All students in visual and performing arts classes at Kings River School, which include Beginning Band, Advanced Band, and Chorus, have access to the appropriate instructional materials and instruments.

## School Facility Conditions and Planned Improvements

Kings River Union Elementary School District prides itself on maintaining a clean, safe, and inviting campus. Buildings and grounds are well maintained, with painting done on a rotating schedule. Kings River maintenance staff cares about the condition of facilities, taking time to perform regular maintenance and to repair in a timely fashion items in need of attention. Communication and surveillance equipment are employed for security and Voice Over-IP technology used for all phones on campus.

The facilities and grounds at Kings River Union Elementary School fully support quality teaching and student learning. Conditions in classrooms are conducive to student learning in that rooms are comfortable (with adequate heating, lighting, air-conditioning), adequate equipment is available for each teacher and student's use, and playgrounds are clean and well maintained.

Regarding before- and after-school safety at Kings River, supervision by classified and certificated staff is in place from the time students arrive until students are safely off campus. The campus is secured during the day from unauthorized access, with one open gate serving as the entry point to the school.

The school facility was first built in 1951, and there have been multiple additions in the 1960s, 1970s, and 1980s and in 2010. Our school facility has 29 regular classrooms, a library, a computer lab, a multipurpose room, and a special-education room. The design capacity of the school is for 700 students. Athletic facilities include baseball/softball diamonds, volleyball courts, and basketball courts.

The primary playground was completely redone during the summer of 2019 and provides an inclusive outdoor play area for our 4-7 year old students to promote physical well-being and appropriate social interaction. The 2nd - 5th grade playground was expanded with new equipment in April 2020.

Kings River Union has improved the technology infrastructure for the entire campus to 1 Gigabyte of high speed wireless access for all students and staff. This has been accomplished by utilizing funding through E-Rate, developer fees, and the Local Control Accountability Plan supplemental and concentration funds.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

<b>Expulsions</b>						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Kings River Union Elementary School has developed a warm, nurturing environment where students and staff feel safe. Kings River Union implements the Positive Behavior Intervention and Support System to encourage excellence in all students. Students are trained and expected to be good citizens at all times. Kings River's student handbook, updated and distributed each year, contains useful information and policies. The Kings River Union PBIS is a multi-tiered system. Students with greater needs are provided additional supports including access to the school psychologist and a school social worker. All discipline requiring a consequence is documented in the Illuminate System. Contacts with parents are made regularly using the district's automatic notification system as well as through the use of documents created in the AERIES student-information system. Kings River Union's students understand that the disruption of a positive learning environment will not be tolerated; students understand any disruptive behaviors will be met with consistent and appropriate consequences. Kings River uses formal and informal counseling services in conjunction with detention, in-house suspension, and at-home suspension (when necessary).

The School Safety Plan was last reviewed and updated in June 2021. The School Safety Plan was discussed and distributed to all school faculty in August 2021. Key elements of the plan include monthly safety drills, staff training, crisis-intervention plans, counseling services provided by KRU's school social worker and school psychologist, local medical and mental health counseling services, detailed staff assignments in the event of an emergency, and regular school administration/management review of all school drill responses to critically identify any weaknesses and build upon strengths.

## 2020-21 Types of Services Funded

Kings River Union Elementary School District funds core curricular programs, staff, transportation, general maintenance, and utilities through base funding. Kings River Union provides an array of additional services to our students and families through the use of federal funds (Title I, Title II and Title III, Title IV), the district uses designated restricted funding as mandated. Some examples of how these federal funds are used: Response to Intervention teachers, a Licensed Vocational Nurse on campus daily, summer school, kinder camp, professional development for teachers, and intervention software for students. In addition, the school aligns these federal resources with the supplemental and concentration funding provided through the Local Control Accountability Plan to maximize services to all students while providing a comprehensive program that addresses the 8 State Priorities.

## Professional Development

Kings River Union has made professional development a priority. The staff has been focused on strengthening its knowledge and expertise in the area of the California Common Core State Standards. This acquisition of this professional development has occurred by attending off-site workshops and trainings but the majority of the professional development has occurred on-site with the support of the Tulare County Office of Education (TCOE). Kings River Union has partnered with TCOE to provide on-site professional development for all teachers in the areas of English language arts and mathematics. The teachers are provided release time to spend full days in collaboration to unpack the standards, develop curriculum, and calibrate understanding of rigor for all lessons and assignments. The 2019-2020 school year professional development plan includes: 17 days of on site MATH support for TK-8th grades, 6 days of reading coaching onsite for TK-5th grades, 7 days of ELA/ELD support school wide, 6 days of participating in a MATH network offsite for 3rd - 5th grade teachers and administration, 5 days of offsite Positive Behavior Interventions and Support team professional development for a team, and 9 days of onsite support for professional development focused on the Next Generation Science Standards. During the very unique setting of the 2020-2021 school year, the KRUESD instructional staff was provided 10 days at the beginning of the school year to engage in professional development to prepare for a year of teaching virtually. During the 2021-2022 school year the professional development plan includes: 5 days of on site MATH support for TK-8th grades, 8 days of reading coaching onsite for the paraprofessionals, 5 days of ELA/ELD support school wide, 5 days of an MTSS network offsite for teachers and administration, 3 days of offsite Positive Behavior Interventions and Support team professional development for a team, and 5 days of onsite support for professional development focused on the Next Generation Science Standards, the teachers have access to curricular support days in ELA/ELD, Math, and Science. Also, this year there are many more conferences and professional development offerings for teachers to access on demand and the district has committed to funding this type of professional development on a more individualized basis for all teachers to support their professional growth and meet their individual needs.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
