

STUDENT SAFETY PATROL

Safety patrols may be organized by school principals with the approval of the superintendent. The safety patrols will instruct, direct, and control students in crossing streets only in the immediate vicinity of the school. Members of safety patrols will have no authority over any persons other than pupils. They will serve only with the consent of their parents or guardians, and will, at all times, be under the charge of a teacher or other responsible adult adviser appointed by the principal. The safety patrols will be supervised by the principals in each building.

To protect the health and safety of all adults and student safety patrols, the Board may purchase health, accident, and liability insurance.
