Policy Manual	

CREDIT CARD USE

The District is committed to using its financial resources wisely. The board recognizes that credit cards and/or purchase cards may provide school employees with a convenient payment option, particularly in emergency situations, and may also improve business office efficiency.

The board authorizes the use of credit cards for official district purchases and acquisitions. It shall be the responsibility of the business manager to authorize and control the use of credit, subject to the Board's final approval of payments.

To ensure the proper use of district-issued credit, the business manager shall develop appropriate administrative regulations to accompany this policy. The regulations shall include, but are not limited, to:

1. Procedures for the issuance, return and revocation of district-issued credit, including consequences for individuals who make unauthorized purchases;
2. Guidelines that establish acceptable purchases, including procedures to ensure purchases made at unapproved merchants are disallowed or blocked;
3. Procedures that ensure all cardholders understand the district's credit use policies, including the cardholder agreement that must be signed by each person in possession of a district-issued credit.
4. Procedures designed to comply with district financial audits, including any required documentation of original receipts;
5. Controls to provide for the periodic review and reconciliation of credit and purchase card statements, including procedures that ensure purchases by employees are reviewed by someone other than the cardholder.

Any cardholder benefits or revenue generated from the use of district-issued credit or purchase cards shall be for the exclusive use of the district.
