### FOR IMMEDIATE RELEASE

#### PRIDE at TMS

August 27, 2018

It's all about PRIDE! The 6th grade team has been drilling PRIDE into our new 6th graders the past couple of weeks in some creative ways. We know that 6th graders have heard about PRIDE for the last three years but it may look different in 6th grade, so each teacher took a specific letter to reinforce for our new middle schoolers. PRIDE was creatively demonstrated through Aretha Franklin's R-E-S-P-E-C-T (Respect), watching a video about celebrities who experienced failure in their life but chose to overcome (Personal Best), completing teamwork and cooperation activities (Enthusiasm), demonstrating the strength of various knots in relation to rock climbing (Dependability), and finally a short story teaching that "now" is always the right time to do the right thing (Integrity). We want to remind our students that PRIDE will follow them throughout all of their Tipton experience.
