

<b>Harrisburg School District</b>	<b>NEPN Code: IFA-FORM A</b>
<b>Policy Manual</b>	

### **PARENTAL REQUEST RESTRICTING SCHOOL LIBRARY MATERIAL FOR HIS/HER CHILD**

The librarians and library staff of the Harrisburg School District are here to support you and your child in the selection of books from the school library. We take great care in developing book collections that align with our school's curriculum goals and our district's mission: The Harrisburg School District optimizes student potential through the pursuit of educational excellence in partnership with the school community.

As a parent, you provide guidance for your children, helping them understand how your family values influence the choices they make. While your child is with us during the school day, we work together to find books that are interesting, relevant, and informative. While we don't know everything about every book in our library, we are willing to do whatever we can to support your child in selecting books that fit within your family values.

To view and search our Destiny catalog and see what your child has checked out, go to <https://launchpad.classlink.com/harrisburg> and have your child sign-in to Follett Destiny.

This form can be used as a starting point in our conversation and a way for us to guide your child's selection of books. Once this form has been submitted and reviewed by your school's librarian, we will contact you to get more information. The Harrisburg School District will be diligent in noting parental restriction requests, but assumes no responsibility or liability for any errors or omissions regarding access to content and materials your child may view. Parents and guardians are encouraged to have conversations with your child regarding content and materials which support your wishes.
