<b>Policy Manual</b>	

### **STATE REQUIRED ASSESSMENTS**

The Superintendent is charged with the administration of all state assessments and is responsible for designing procedures that result in accurate data relating to student progress under district and state accountability systems. As a valuable measurement of student progress, results of state assessments will be shared with the Board, so the Board can use accurate and up-to-date data in district decision-making. All Harrisburg School District students are required to participate in state tests.
