Policy Manual	

PARTICIPATION IN WORK-BASED EXPERIENCE PROGRAMS

The Board recognizes the value of off-campus work-based programs, such as job shadowing and internships, for educational and training purposes. The District will work with students and community entities to create voluntary work study programs for participation of interested secondary education students.

To participate, all parents or legal guardians and students must be fully notified of the work study program requirements and agree to eligibility outlines established by the school district.

The Board instructs the Superintendent or Superintendent's designee to draft corresponding regulations to implement this policy. These regulations will be found in student or registration handbooks.
