

SPORTS PARTICIPATION CHECKLIST

2023-2024

Students must meet the following criteria in order to try out for ANY sport:

- ✓ Maintain a cumulative unweighted GPA of 2.0 (2nd semester for incoming 9th graders)
- ✓ Must not turn 19 before July 1st, otherwise the student becomes ineligible to participate.

Checklist for sports packet:

C SINCUPANCE CARD

ļ	Copy of INSURANCE CARD:
	~If your child doesn't have insurance, then you will need to purchase insurance
	through the school. The application is on our website under "Student Documents"
Ĺ	EL2 PREPARTICIPATION PHYSICAL EVALUATION (page 4 of 4, updated 4/23)
Ĩ	EL3 Consent and Release from Liability Certificate (updated 3/23)

**All of the above items must be met before a student can attend any CONDITIONING, WORKOUTS, or PRACTICES

Once the packet is complete, it will be given to Mrs. Henderson in the Media Center, then you will receive a BLUE slip to participate!

a blow or jolt to the head without loss of conscious and, if not managed prop	iry. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, d, or by a blow to another part of the body with force transmitted to the head. You cannot see a concussion, and more than 90% of all concussions occur ness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious perly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical
Concussion symptoms ma	oms of a Concussion: ay appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms ses or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)
•	
Dizziness, includingDecreased coordinate	l motor responses red, or incoherent speech glight-headedness, vertigo (spinning), or loss of equilibrium (being off-balance or swimming sensation) ation, reaction time
Memory lossSudden change in a	academic performance or drop in grades ion, anxiety, sleep disturbances, easy figitability If consciousness
Athletes with signs and so leaves the young athlete resolved and the brain ha	child continues to play with a concussion or returns too soon: ymptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have as had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the say). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.
Any athlete suspected of regardless of how mild it healthcare professional (Florida Statutes). Close o	Ou suspect your child has suffered a concussion: suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, seems or how quickly symptoms clear, without written medical clearance from an appropriate healthcare professional (AHCP). In Florida, an appropriate (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes) or a licensed osteopathic physician (DO, as per Chapter 459, observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child the member, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.
Return to play or Following physician evalu the supervision of a licen	r practice: uation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a stepwise protocol under used at the return to activity process requires the athlete to be completely symptom free, after which time they would complete a stepwise protocol under used at the return to activity process.
For current and up-to-da	te information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org
Parents and student show brain changes which can like symptoms, Amyotrop	Ident-Athlete Responsibility: uld be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal only be seen on an autopsy (known as Chronic Traumatic Encephalopathy (CTE). There have been case reports suggesting the development of Parkinson's phic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long-term memory issues that may be related to concussion history. Further needed before any conclusions can be drawn.

School: School District (if appl	licable):
Heat-Related Illness Information Heat-related illness is a cause for concern for student-athletes who participate in high school sports in Farticipate in conditioning and practices in the summer months and other times of extreme heat. Student cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a is not enough. Heat-related illnesses can be serious and life-threatening. Very high body temperatures may disability and even death. Heat-related illnesses and deaths are preventable.	t-athletes suffer heat-related illness when their bodies person's body temperature rises rapidly, sweating just
What are some common heat-related injuries in sports?	
Exertional Heat Stroke (EHS): EHS is the most serious heat-related illness. EHS is a medical emergency. It and the body cannot cool down. Student-athletes can die or become permanently disabled from EHS if no leading causes of death in young athletes, especially in Florida. The two main criteria for diagnosing EHS a collapse and central nervous system (CNS) dysfunction. There are many signs and symptoms associated wit themselves with these by viewing the free video resources provided by the National Federation of High Schi EHS is preventable by taking the proper precautions and understanding the symptoms of someone where the symptoms of someone will be the symptoms of symptoms.	It properly recognized and managed. EHS is one of the re rectal temperature >105F (40.5C) immediately post the EHS. Parents and student-athletes should familiarize ool Sports (NFHS) or the FHSAA. To has become ill due to heat.
Heat Exhaustion (EHI): Heat exhaustion is the most common heat-related condition observed in active popular related illness. EHI is defined as the inability to continue exercise in the heat because the heart has difficulty organs and muscles. It usually develops after several days practicing or conditioning in high temperature we	providing enough oxygenated blood to all the working
Heat Cramps: Heat cramps are painful, involuntary cramping often in the legs, arms, or abdomen with muscle conditioning phase when the body is not properly conditioned and more subject to fatigue. Heat cramps cannot replacement of fluid and electrolytes. The exact mechanism of muscle cramps in warm environmenta extensive dehydration and sodium losses or chronically via inadequate electrolytes in the athlete's diet. Altican be confused with the more serious condition, exertional sickling.	an easily be treated with rest, stretching of the muscle, al conditions is unknown but can be caused acutely by
Is my student at risk?	
Yes, all student-athletes are vulnerable to exertional heat stroke and other heat-related injuries. While ever reporting a high incidence of exertional heat stroke cases in football players, especially those who play the Research also states many reports of EHS emergencies are during summertime or preseason conditioning se heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or a	ne lineman position and in very lean distance runners. essions. School:	School District (if applicable):

Attention Student and Parent(s)/Guardian(s)

Your school is a member of the Florida High School Athletic Association (FHSAA) and follows established rules. To be eligible to represent your school in interscholastic athletics, in an FHSAA recognized and/or sanctioned sport, the student:

- Must complete an EL3 for each school at which the student participates; this form is non-transferable.
- 2. Must display good sportsmanship and follow the rules of competition **before**, **during**, **and after** every contest in which the student participates. If not, the student may be suspended from participation for a period of time. (FHSAA Bylaw 7.1)
- 3. Must not provide false information to his/her school or to the FHSAA to gain eligibility. (FHSAA Bylaw 9.1.1.2)
- 4. Must be regularly enrolled in and in regular attendance at your school. If the student is a home education student, a charter school student, an alternative/special school student, a non-member private school student, or a Florida Virtual School Full-Time Public Program student, the student must declare in writing his/her intent to participate in athletics to the school at the student is permitted to participate. Home Education students and students attending a non-member private school must complete additional paperwork prior to participating. (FHSAA Bylaw 9.2, FHSAA Policy 16.6, and Administrative Procedure 1.8)
- 5. Must attend school within the first ten (10) days of the beginning of each semester to be eligible during that semester. (FHSAA Bylaw 9.2.3)
- 6. Must maintain at least a **cumulative 2.0 GPA** on a 4.0 scale (unweighted) prior to the semester in which the student wishes to participate. This GPA must include all courses taken since the student entered 9th grade. A 6th, 7th, or 8th grade student must have earned at least a 2.0 GPA on a 4.0 scale (unweighted) during the previous semester. (FHSAA Bylaw 9.4.1 and F.S. 1006.15(3)a)
- 7. Must not have graduated from any high school or its equivalent. (FHSAA Bylaw 9.4.7)
- 8. Must not have enrolled in the 9th grade for the first time more than **eight consecutive semesters** ago. A 6th, 7th, or 8th grade student may not participate at any level if the student is **repeating** that grade level. (FHSAA Bylaw 9.5)
- 9. Must not turn 19 before July 1st to participate at the high school level; must not turn 16 before July 1st to participate at the junior high school level; and must not turn 15 before July 1st to participate at the middle school level, otherwise the student becomes permanently ineligible. (FHSAA Bylaw 9.6)
- 10. Must undergo a preparticipation physical evaluation and be certified as being physically fit for participation in interscholastic athletics on a form (EL2) provided to the school. (FHSAA Bylaw 9.7 and F.S. 1002.20(17)b)
- 11. Must have **signed permission** to participate from the student's parent(s)/guardian(s) on a form (EL3) provided to the school. (FHSAA Bylaw 9.8)
- 12. Must be an **amateur**. This means the student must not accept money, gifts, or donations for participating in a sport, or use a name other than his/her own when participating. (FHSAA Bylaw 9.9)
- 13. Must not participate in an all-star contest in a sport prior to exhausting his/her high school eligibility in that sport. (FHSAA Policy 26)
- 14. Youth Exchange, Other International, and Immigrant students must be approved by the FHSAA Office prior to participation. Exceptions may apply. (FHSAA Policy 17)
- 15. Must refrain from hazing/bullying while a member of an athletic team or while participating in any athletic activities sponsored by or affiliated with a member school.

If the student is declared or ruled ineligible due to one or more of the FHSAA rules and regulations, the student has the right to request that the school file an appeal on behalf of the student. See the principal or athletic director for information regarding this process.

By signing this agreement, the undersigned acknowledge that the information on the Consent and Release from Liability Certificate in regard to the FHSAA's established rules and eligibility have been read and understood.
