

I grew up in Dillon and attended school here until I graduated from BCHS in 1982. I attended Western Montana College and Montana State University where I got a bachelor's degree in Broadfield Science teaching and a masters in School Administration. From November of 1988 to June of 1995 I served on active duty in the Army where I flew Huey, Cobra and Apache helicopters. We returned to Montana during the summer of 1995 and I started working in Billings public schools that August as a science teacher and football coach. I subsequently added coaching basketball, and track and moved from the classroom to the Dean's office as an assistant principal in 2000. Over the following 18 years I served as an elementary principal and returned to flying in the Montana National Guard as a medevac pilot. My wife Robyn and I have a blended family with 3 kids from my side and 2 from hers. Daniel, Robby, Allie, Emma and Jenny keep us hopping and happy every day. I am grateful to return to Dillon and for the opportunity to serve the Beaverhead County High School community. I look forward to working with all the students, families and community members from our great Beaverhead Valley.
