The best thing about I Love Lake Forest Day was.....	ILLFD could have been better if.....
Community	More food options
Activities for the kids	More vendors
Bouncy Houses	A better map to find everything
Free Books	I'd like to see some of the programs of study at the high school showcased
The weather!	Things were too spaced out
Petting Zoo/FFA	The trucks should not be blowing their horns!
Welcoming climate	Sports and extracurriculars should all be shown
Food trucks and activities	Better signage
Obstacle course and arts and crafts	Kid or team competitions like relay races
Care for the students	More supervision at the bounce houses
Chorus presentations	More inflatables
Feedback booth where people could voice their opinions	Closer parking

## What I want the District to know is.....

The students appreciated the opportunity to socialize and see the trucks.

Thank you

I am thankful for all the good things available for my kids

Having ILLFD in the fall allows the opportunity for students, and new families to the district, the opportunity to learn more about the district and what each school has to offer.

This way a great day for students, staff and our community!

They are amazing and they work on issues and problem solving with parents/ kids. They are such an amazing school. They put your child's needs first and help which ever way they can. My son absolutely adores all of them!!

More food options, maybe advertise better to bring more vendors and people to set spots up. Maybe have the sports teams do some activities/games.

Lake should continue to try to strengthen community bonds. We should depend on our community and hold more events geared towards family and community involvement.

Ok

Thanks for the great day
