Social Media Community Guidelines

The purpose of the Roanoke Rapids Graded School District social media accounts is to share information and facilitate an ongoing exchange of ideas about our school and our students.

You are encouraged to submit your comments, questions, and concerns, but please note this is a moderated online discussion site and not a public forum. We are excited to have you join us and encourage conversation that is directly related to the school community as a whole.

Like our stories and share them with your friends. Be sure to tell all your friends that we're here, so they can join us, too.

Be respectful.

Because Roanoke Rapids Graded School District values free speech, we encourage commentary on our social media posts. However, inappropriate remarks, personal attacks either directly or indirectly of any kind, and comments deemed to be offensive or disparaging will not be tolerated and will be deleted. This behavior will put the user at risk of being blocked from participating on the social media network in the future.

Roanoke Rapids Graded School District reserves the right to delete comments for the following reasons:

Use of vulgar language or posts that convey hate speech, bullying, discrimination, obscene or sexually explicit, and/or criminal activity.

Disclosure of legally confidential information, especially as it relates to students.

Posts that contain spam, advertising, solicitations or include links to other sites.

Posts that are clearly off topic or disruptive; includes masked words (***), acronyms, and abbreviations; are deceptive messages; promote political organizations or campaigns; infringe on copyrights or trademarks; advocate illegal activity; violate any policies of Roanoke Rapids Graded School District.

Have a question for a specific employee or administrator?

Contact them through our Roanoke Rapids Graded School District email system or by the school phone number.

Users should not expect direct responses to every question or comment posted.

Social media users are subject to the Terms of Service of individual social media platforms.
