1.1—LEGAL STATUS OF THE BOARD OF DIRECTORS

By the authority of Article 14 of the Arkansas Constitution, the General Assembly has provided that locally elected school boards will be responsible for the lawful operation and maintenance of its local schools.

While the Board has a broad range of powers and duties, its individual members only have authority when exercising their responsibilities in a legally convened meeting acting as a whole. The sole exception is when an individual member has been delegated authority to represent the Board for a specific, defined purpose. In matters such as personnel discipline, expulsions, and student suspensions initiated by the superintendent, the Board serves as a finder of fact, not unlike a jury. For this reason, the board should not be involved in or, to the extent practicable, informed of the facts or allegations of such matters prior to a board hearing or those disciplinary matters in which the Board could become involved.

It is the policy of the Osceola School Board that its actions will be taken with due regard for its legal responsibilities and in the belief that its actions shall be in the best interests of its students and the District as a whole.

1.2—BOARD ORGANIZATION and VACANCIES

Election of Officers

The Board shall elect a president, vice president, secretary¹, and legislative liaison² at the first regular meeting following the later of: the certification of the results of the annual school election; or if there is a runoff election, at the first regular meeting following the certification of the results of a run-off election. Officers shall serve one-year terms and perform those duties as prescribed by policy of the Board. The Board shall also elect through a resolution passed by a majority vote one of its members to be the primary board disbursing officer and may designate one or more additional board members as alternate board disbursing officers.³ A copy of the resolution will be sent to the county treasurer and to the director of the Department of Finance and Administration.

When the position of an officer of the board becomes vacant, the officer's position shall be filled for the remainder of the year in the same manner as for the annual election of officers after the annual school election. Election of Board officers shall not occur except on a once per year basis or to fill an officer vacancy.⁴

Vacancies

A vacancy shall exist on the Board if a board member:

1. Moves his or her bona fide permanent residence outside the boundaries of the school district;
2. Fails to physically attend three (3) consecutive regular meetings of the school district board of directors;
3. Fails to physically attend six (6) regularly scheduled board meetings of the school board of directors in a calendar year;
4. Fails to receive the mandatory hours of training within the statutory time period;
5. Is convicted of a felony;
6. Is called to active military duty;
7. Has served a full-length term as a holdover and has not subsequently been elected to another term;⁵
8. Resigned from the school board of directors; or
9. Dies.

If credible evidence of a vacancy existing due to numbers 1 through 4 is presented to the president, vice president, or secretary of a school district board of directors, a majority of the members of the school district board of directors shall:

- Vote on whether to appoint an independent investigator to investigate the credible evidence presented; and
- Hold a hearing on the existence of a vacancy.⁶

A vacancy does not exist for numbers 2, 3, and 4 if the reason for the member's absences or failure to receive training is either:

- a) Military service of the board member; or
- b) Illness of the board member that is verified by a written sworn statement of the board member's attending physician.

When a vacancy occurs on the board of directors, a successor to a vacated position shall be appointed:

If at least a quorum of the Board remains, by the remaining Board of Directors within thirty (30) days for vacancies resulting from numbers 1 through 8 above and up to sixty (60) days for vacancies due to the board member's death; or

- I. If less than a quorum of the Board remains or the Board fails to fill the vacancy within the time permitted, by the county quorum court.

The successor to a vacant position must be registered to vote in the District and, if applicable, reside in the zone of the vacant position.⁷

When a vacancy on the Board resulted from a board member's failure to receive the required training within the statutory time period, the board shall not appoint the individual who failed to receive the required training to fill the vacancy.

Except for a temporary vacancy due to military service, an individual appointed to fill a vacancy shall serve until the annual school election following the appointment. An individual appointed to fill a temporary vacancy due to military service shall serve until either the Board member who has been called to active military service returns and notifies the Board secretary of his/her desire to resume service on the Board or the Board member's term expires. If a Board member's term expires while the board member is on active military duty, the board member may run for re-election; if re-elected, the re-elected Board member's temporary vacancy shall be filled again in the manner prescribed in this policy.

The secretary of the school district board of directors shall notify the county clerk of an appointment to the school district board of directors within five (5) days of the appointment being made. The notice shall include the name of the appointed board member and the expiration date of his or her term.

An individual appointed to fill a vacancy must submit proof of having received the oath of office to the county clerk before the individual may assume any duties.

Notes: ¹ While A.C.A. § 6-13-618 provides the option to elect an individual who is not a member of the board to serve as Secretary, we strongly advise against doing so because the position of secretary has several powerful statutory authorities, which include co-signing some documents and the calling of special board meetings. The board member elected as Secretary does NOT have to be the individual who also takes the minutes and, in fact, seldom is. If you choose to have a staff member be responsible for recording the minutes, which allows the board members to focus on the meeting rather than on taking notes, be sure to look at Policy 8.11—OVERTIME, COMPTIME, and COMPLYING WITH FLSA.

² The legislative liaison position is not statutorily required but is requested by ASBA so each board has at least one individual selected to receive and respond to ASBA's legislative updates. A longer explanation and list of duties can be found in Policy 1.20—DUTIES OF THE LEGISLATIVE LIAISON. Your district could choose to make it part of another officer's duties rather than a separate office.

³ You do not have to elect alternate disbursing officers, but ASBA strongly recommends you do so to avoid possible disruption of payroll and bill paying in the event that the district's disbursing officer is unavailable due to travel or illness, not re-elected, resigns from the board or dies. If you do choose to elect alternate disbursing officers change the first sentence in Policy 1.16 to reflect the allowance of signatures of alternate disbursing officers. If you choose to not have alternate disbursing officers delete that portion of the sentence in this policy. Among the considerations in choosing whether to have alternate disbursing officers is the question of how many possible signatories your district is comfortable having. At the same time, it needs to be considered whether you choose to have all signatures handwritten or if you will allow facsimile signatures. Facsimile signatures effectively negate the need for alternate disbursing officers.

Our recommended language for the resolution on the election of disbursing officers is:
The _____ School District Board of Directors resolves that _____ is our disbursing officer and (if applicable) _____ is our alternative disbursing officer.

⁴ This sentence is optional; there is no statutory restriction on how often the board can elect its officers. We have included it, however, because multiple elections in a year can be disruptive to a board.

⁵ For a full explanation of holdovers see policy 1.19.

⁶ The requirements for the hearing are set forth at A.C.A. § 6-13-611(b)(2) through (6).

⁷ While the language requiring an individual to reside within the same zone as the vacant position in order to be appointed to a zoned position is a statutory requirement, you may remove the language requiring the individual to be appointed to reside in the same zone as the vacant position if all of your positions on the board are elected at large instead of zoned.

1.6—BOARD MEMBER VOTING

Establishment of a Quorum

A quorum of the Board is a majority of the membership of the Board. No vote or other board action may be taken unless there is a quorum present. Except as provided in Policy 1.6.1—ATTENDING MEETINGS REMOTELY¹, a Board member must be physically present at a meeting to be counted toward establishing a quorum or to be eligible to vote. A majority of the quorum voting affirmatively is necessary for the passage of any motion. A quorum must be physically present for a board to enter executive session for any reason.

Voting and failure to vote

Except as provided in Policy 1.6.1—ATTENDING MEETINGS REMOTELY¹, all Board members, including the President, shall vote on each motion, following a second² and discussion of that motion.

Failure of any Board member to vote, while physically present in the meeting room, shall be counted as a “no” vote, i.e., a vote against the motion.

Only those votes taken by the Board in open session are legally binding. No motion made or vote taken in executive session is legally binding, although a non-binding, unofficial and non-recorded vote may be taken in executive session to establish consensus or further discussion.

Abstentions from Voting

In order for a Board member to abstain from voting, he must declare a conflict and remove himself from the meeting room during the vote. A Board member who removes himself/herself from a meeting during a vote due to a conflict of interest shall not be considered present at the meeting for the purpose of establishing a quorum until the member returns to the meeting after the vote.

In accordance with Policy 1.6.1, a board member who is attending remotely shall be treated as having left the room for any vote on an item discussed in executive session even if the board member is remotely present for the vote. The minutes shall record the board member attending remotely by name and describe the board member as non-voting in accordance with A.C.A. § 6-13-619(d)(3)(B)(ii).¹

Notes: ¹ A.C.A. § 6-13-619(d) permits a school board to adopt a policy to allow members to attend meetings remotely. If you do not wish to allow board members to attend meetings remotely, delete this exception and do not adopt Policy 1.6.1.

² There is no statutory requirement that a motion be seconded. If your Board so chooses, it could decide to dispense with the requirement for a second and amend the sentence accordingly.

11. Visiting schools and classrooms when students are present no less than annually;
12. Setting an annual salary schedule;
13. Being fiscally responsible to the District's patrons and maintaining the millage rate necessary to support the District's budget;
14. Involving the members of the community in the District's decisions to the fullest extent practicable; and
15. Striving to assure that all students are challenged and are given an equitable educational opportunity.

1.8—GOVERNANCE BY POLICY

The district shall operate within the legal frameworks of the State and Federal Constitutions; appropriate State and Federal statutes; State rules; Federal regulations; and court decisions. The legal frameworks governing the district shall be augmented by policies adopted by the District board of directors, which shall serve to further define the operations of the district.

When necessitated by unforeseen circumstances, the Superintendent shall have the power to decide and take appropriate action for an area not covered by the legal frameworks or a policy of the Board. The Superintendent shall inform the members of the Board of such action. The Board shall then consider whether it is necessary to formulate and adopt a policy to cover such circumstances.

The official copy of the policy manual for the District shall be kept in the Superintendent's office. Copies of the manual within the District shall be kept current, but if a discrepancy occurs between manuals, the Superintendent's version shall be regarded as authoritative.

Administrative regulations shall be formulated to implement the intentions of the policies of the Board. Regulations may be highly specific. The Board shall review administrative regulations prior to their implementation.

Date Adopted: 6/8/2020

Last Revised: 2/11/2020

1.9—POLICY FORMULATION

The Board affirms through its policies and its policy adoption process, its belief that:

- 1) The schools belong to the people who create them by consent and support them by taxation;
- 2) The schools are only as strong as an informed citizenry and knowledgeable school staff allow them to be; and
- 3) The support is based on knowledge of, understanding about, and participation in the efforts of its public schools.

The following shall be the guidelines for policy adoption for the Osceola School District.

General Policies

Policies that are not personnel policies may be recommended by:

- The Board or any member of the Board;
- The Superintendent, Assistant Superintendent, any other administrator or employee of the District
- Committee appointed by the Board; or
- Any member of the public.

Policies adopted by the Board shall be within the legal framework of the State and Federal Constitutions; appropriate State and Federal statutes; State rules; Federal regulations; and court decisions.

Except for personnel policies, when reviewing a proposed policy, the Board may elect to adopt, amend, refer back to the person proposing the policy for further consideration, take it under advisement, reject it, or refuse to consider the proposal.

Licensed and Classified Personnel Policies

Personnel policies (including employee salary schedules) shall be created, amended, or deleted in accordance with State law:

(1) Board Proposals:

The Board may adopt a proposed personnel policy by a majority vote. Such policies may be proposed to the Board by a Board member or the Superintendent. The Board may choose to adopt the proposal, as a proposal only, by majority vote.

Following the adoption of a proposed personnel policy, the proposal must be presented to the appropriate Personnel Policy Committee (PPC). Such presentation shall be in writing, to all members of the Committee.

When the PPC has possessed the proposed personnel policy for a minimum of ten (10) working days from the date the PPC received the proposed policy (i.e., ten (10) workdays, not including weekends or state or national holidays), the Chairman of the PPC, or the Chairman's designee, shall be placed on the Board of Director's meeting agenda to make an oral presentation to the Board to address the proposed policy. Following the presentation, the Board may vote at the same meeting at which the proposal is made, or, in any case, no later than the next regular Board meeting to:

- (a) Adopt the Board's original proposed policy as a policy;
- (b) Adopt the PPC's counter proposed policy as a policy; or
- (c) Refer the PPC's counter proposed policy back to the PPC for further study and revision. Any such referral is subject to the same adoption process as a proposed policy originating from the board.

(2) Personnel Policies Committee Proposals:

Either PPC may recommend changes in personnel policies to the Board. When making such a proposal, the Chairman of the PPC, or the Chairman's designee, shall be placed on the Board of Director's meeting agenda to make an oral presentation to the Board.

The Board may vote on the proposed policy at the same meeting at which the proposal is made, or, in any case, no later than the next regular Board meeting. In voting on a proposed policy from the PPC, the Board may:

- (a) Adopt the proposal;
- (b) Reject the proposal; or
- (c) Refer the proposal back to the Personnel Policies Committee for further study and revision.

When the Board is revising the licensed and classified personnel salaries, the Board of Directors shall, as required by Arkansas law, review and approve by a written resolution any employee's salary increase of five percent (5%) or more for the employee.¹

A copy of all personnel policies shall be signed by the president of the Board of Directors and kept in a central records location.

All personnel policies must be sent to the PPC for the minimum ten (10) days regardless of the intended effective date of the policy.

Effective date of policy changes:

All personnel policy changes enacted during one fiscal year will become effective on the first day of the following fiscal year, July 1. This specifically includes any changes made between May 1 and June 30 to ensure compliance with state or federal laws; state rules; federal regulations; or the Division of Elementary and Secondary Education Commissioner's Memos. In addition, changes to policies to maintain compliance with state or federal laws; state rules; federal regulations; or Commissioner's Memos that are after June 30 but are adopted within ninety (90) days from the effective date of the legal change that created the need for the policy adoption shall become effective on the final date of adoption.

Changes made to personnel policies between May 1 and June 30 that are **not** made to ensure compliance with state or federal laws; state rules; or federal regulations will take effect on July 1 of the same calendar year provided no later than five (5) working days after final board action, a notice of the change is sent to each affected employee by first class mail to the address on record in the personnel file.² The notice of the change must include:

- a. The new or modified policy or policies provided in a form that clearly shows the additions underlined and the deletions stricken;
- b. A statement that due to the change(s), the employee has the power to unilaterally rescind his/her contract for a period of thirty (30) days after the school board took final action on the policy (policies). The rescission must be in the form of a letter of resignation within the thirty (30) day period.

Except for policy changes to ensure compliance with changes in the law that are adopted within the ninety (90) day window, for a policy change to be made effective prior to July 1 of the following fiscal year, a vote must be taken of all licensed personnel or all classified personnel, as appropriate, with the vote conducted by the appropriate PPC.

If, by a majority vote, the affected personnel approve, the policy becomes effective as of the date of the vote, unless otherwise specified by the Board in requesting such vote. No staff vote taken prior to final board action will be considered effective to make a policy change.

All non-personnel policy changes may become effective upon the Board’s approval of the change, unless the Board specifies a different date.

The District shall create, revise, and adopt a District student media policy in conjunction with the District’s student media advisor(s) and appropriate District administrators.

District's personnel policy committees shall annually review the District’s student discipline policies along with State and District discipline data. Based on the committees’ annual review, the committees may recommend changes to such policies to the Board of Directors.³

Parents, students, and school district personnel, including teachers, shall be involved in the development of student discipline policies.⁴

Notes: ¹ A.C.A. § 6-13-635 requires the resolution, but all of the Act's listing of reasons except one are statutorily required raises and most are paid by the state and not district funds. None-the-less, the resolution is required. We recommend the following language:

Whereas, the superintendent has identified all changes from last school-year's published salary schedule, and has identified and presented the Board of Directors with each employee's salary increase of five percent (5%) or more as required under A.C.A. § 6-13-635 and created a spreadsheet explaining each;

Therefore, the Osceola School District Board of Directors approves and resolves that the spreadsheet including those explanations are a factual representation of the raises given for the 2020-2021 school-year.

² Districts should plan carefully to avoid accidentally triggering the late-adopted personnel policy right of rescission. School employees who take the opportunity to escape their contractual obligations and leave the school district would be very disruptive to staffing plans for the next school year. Salary schedules for the upcoming school year, in particular, should either need to be adopted prior to May 1, or after July 1 (and requiring a vote of the applicable staff to be effective) thus avoiding the right of rescission.

³ This sentence is governed by Arkansas law. ASBA believes any PPC review of student discipline policies is to be initiated by the PPC. There is no district requirement to make sure it happens.

⁴ ASBA believes this statutory requirement is an "umbrella" requirement for discipline policies in general rather than requiring EVERY discipline policy to go through a stakeholder committee pre-approval process. ASBA also believes input from such stakeholders is an important factor in improving discipline policies and gaining/keeping support for those policies.

1.11—BOARD MEMBER TRAINING

Individuals who are elected to serve on the District's board of directors are required to receive annual training related to board service. Board members who are elected to serve an initial or non –continuous term shall obtain a minimum of nine (9) hours of training by December 31 of the year following their election and a minimum of six (6) hours of training by December 31 of each calendar year thereafter. The initial nine (9) hours of training a board member receives shall include:

- Training on how to read and interpret an audit report; and
- Information regarding school safety and student discipline

Board members who have served on the Board for twelve (12) or more consecutive months are required to obtain a minimum of six (6) hours of training by December 31 of each calendar year. Hours a board member obtains in excess of the required minimums may be carried forward through December 31 of the third (3rd) calendar year following the year in which the hours were earned.

The superintendent shall annually prepare a report on board training hours to be presented to the Board at the Board's regular January meeting. The report shall be presented in a table format with a row for each board member and columns for each of the following:

1. The hours of training each school board member received between January 1 and December 31 of the previous calendar year;
2. Hours of training, if any, a board member carried forward from a previous year that were eligible to be counted by the board member towards the previous year;
3. The sum of numbers 1 and 2; and
4. The number of training hours the board member was required to receive during the previous calendar year.

A board member who failed to receive or carry forward the required number of hours of training, as indicated by the report, shall:

- a. Have from January 1 through thirty (30) days following the date of the January board meeting to complete the deficient hours of training; and
- b. Not participate in official business, except for school board training, until the board member obtains the deficient hours of training.

A board member who fails to receive the deficient hours of training within the time provided shall be removed from the board in accordance with Policy 1.2—BOARD ORGANIZATION AND VACANCIES unless the failure to receive the required hours of training was due to the board member's military service or a serious medical condition as indicated by a written sworn statement from the board member's treating

physician. A board member who provides the necessary documentation demonstrating that the failure to receive the required hours of training was due to military service or a serious illness shall have until December 31 of the current calendar year to receive both the hours of training for the current calendar year and those the board member failed to obtain during the previous calendar year.

The training shall be focused on topics relevant to school laws, school operations, and the powers, duties, and responsibilities of the members of the board of directors. The responsibilities include, but are not limited to: legal requirements; role differentiation; financial management; improving student achievement; reading and interpreting an audit report; the duties and responsibilities of the various levels of employees within the district as well as those of the board of directors; and information regarding school safety and student discipline.

The district is responsible for maintaining a record of the hours of training received by each board member. Board members shall make a concerted effort to submit documentation of training they have received to the superintendent or the superintendent's designee. In the absence of such documentation, the district shall attempt to obtain records of training received from training providers.

Such training may be obtained from an institution of higher learning, from instruction provided by the Division of Elementary and Secondary Education (DESE), the Arkansas School Boards Association, or from other providers approved by the DESE.

A statement regarding the number of hours of training received each preceding calendar year shall be:

- Part of the district's comprehensive school plan and goals;
- Published in the same way as other components of the comprehensive plan and goals are required to be published;
- Part of the annual school performance report required to be submitted to, and published by the DESE.

Board members shall be reimbursed, from school funds, for expenses relating to such training and board members shall be paid a per diem stipend for days necessary to attend such training with the amount of such stipend to be determined by the Board in July of each year.¹

1.12—COMMITTEES

From time to time, in order to obtain and/or encourage public participation in the operation of the District, the Board may appoint committees, which may include members of the public, students, parents, and school employees, as well as members of the Board.

Any committee, which includes among its members a member of the School Board, shall operate according to the requirements of the Arkansas Freedom of Information Act.*

* These requirements include having to notify the press of the time and place of the meetings; allow the meetings to be open to the attendance of the general public; record the meetings; and retain the recordings of the meetings for a year.

1.13—SUPERINTENDENT/ BOARD RELATIONSHIP

The Board's primary responsibility is to develop, working collaboratively with the community, a vision and mission for the District. The Board formulates and adopts policies to achieve that vision and elects a Superintendent to implement its policies. The Board and the Superintendent and the relationship between them set the tone for the district to follow. The relationship is enhanced when both parties understand their roles and carry them out in an ethical and professional manner working to develop a relationship of mutual trust and respect.

The Superintendent and staff are responsible for administering the Board's policies and will be held responsible for the effective administration and supervision of the District. The Superintendent is authorized to develop and implement administrative regulations to fulfill the Board's policies, provided such regulations are consistent with the intent of the Board's policies.

1.14—MEETING AGENDA

The agenda guides the proceedings of the Board meeting. The Superintendent shall prepare the agenda with consultation from the Board President. Other members of the Board who desire to have an item placed on the monthly agenda may do so by contacting the Superintendent or, in writing, the Board President by the date established in this policy and the item will be duly considered for inclusion.

The chairman of the PPC, or the chairman's designee, shall be placed on the Board of Director's meeting agenda to make an oral presentation to the Board to address either a personnel policy proposed by the Board that the PPC committee has possessed for no less than 10 work days or a personnel policy that the PPC wishes to propose to the Board.

District patrons wishing to have an item placed on the Board meeting's agenda must submit their requests, in writing to the Superintendent, at least 6 (six) days prior to the meeting of the Board. The written request must be sufficiently descriptive to enable the Superintendent and Board President to fully understand and evaluate its appropriateness to be an agenda item. Such requests may be accepted, rejected, or referred back to the individual for further clarification.

The Superintendent shall notify the Board President of all written requests to be placed on the agenda along with the Superintendent's recommendation concerning the request. No item shall be placed on the agenda that would operate to prejudice the Board concerning a student or personnel matter that could come before the Board for disciplinary or employment considerations or that is in conflict with other District policy or law.

Patrons whose written request to be placed on the meeting's agenda has been accepted shall have no more than 5 (five) minutes to present to the Board unless specifically granted additional time by a motion approved by a majority of the Board. The speaker shall limit his/her comments to the approved topic/issue or forfeit his/her right to address the Board. The members of the Board will listen to the patron's presentation, but shall not respond to the presenter during the meeting in which the presentation is made. The Board may choose to discuss the issue presented at a later meeting, but is under no obligation to do so.

The Superintendent shall be responsible for Board members receiving copies of the Agenda with all accompanying pertinent information at least 3 (three) days prior to the meeting.

This policy's advance notice requirements do not apply to special or called board meetings.

1.16 —DUTIES OF BOARD DISBURSING OFFICER

The disbursing officer¹, along with the superintendent, shall be responsible for signing, manually or by facsimile, all warrants and checks other than those issued for food service and activity funds.²

In addition, the Disbursing Officer must pre-authorize the electronic transfer of funds. For non-recurring transactions, the authorization can be accomplished by a signed authorization or an email authorizing such a disbursement of funds.³ For recurring transactions, the Disbursing Officer may provide a one-time, signed authorization.

Notes: ¹ If you chose in Policy 1.2 to elect alternate disbursing officers insert “or alternate disbursing officers” here.

² A.C.A. § 6-13-701(g) delineates what constitutes “activity funds.”

³ Commissioner's Memo Com-12-036 suggests the use of email as a way to obtain pre-authorization for non-recurring transactions. You may add to or change this language to reflect district practice provided adequate internal control is maintained for such transactions.

1.17—NEPOTISM

DEFINITIONS:

“Commissioner” means the Commissioner of Elementary and Secondary Education.

“Family or family member” means:

- a. An individual’s spouse;
- b. Children of the individual or children of the individual’s spouse;
- c. The spouse of a child of the individual or the spouse of a child of the individual’s spouse;
- d. Parents of the individual or parents of the individual’s spouse;
- e. Brothers and sisters of the individual or brothers and sisters of the individual’s spouse;
- f. Anyone living or residing in the same residence or household with the individual or in the same residence or household with the individual’s spouse; or
- g. Anyone acting or serving as an agent of the individual or acting or serving as an agent of the individual’s spouse.

“Initially employed” means:

- A. Employed in either an interim or permanent position for the first time or following a severance in employment with the school district;
- B. A change in the terms and conditions of an existing contract, excluding:
 - I. Renewal of a teacher contract under A.C.A. § 6-17-1506;
 - II. Renewal of a noncertified employee’s contract that is required by law; or
 - III. Movement of an employee on the salary schedule which does not require board action.

NEW HIRE OF SCHOOL BOARD MEMBER’S RELATIVE AS SCHOOL EMPLOYEE

The district shall not initially employ a present board member’s family member for compensation in excess of five thousand dollars (\$5,000) unless the district has received approval from the Commissioner. The employment of a present board member’s family member shall only be made in unusual and limited circumstances. The authority to make the determination of what qualifies as “unusual and limited circumstances” rests with the Commissioner whose approval is required before the employment contract is effective, valid, or enforceable.

Initial employment for a sum of less than five thousand dollars (\$5,000) per employment contract or, in the absence of an employment contract, calendar year does not come under the purview of this policy and is permitted.

The board member whose family member is proposed for an employment contract, regardless of the dollar amount of the contract, shall leave the meeting until the voting on the issue is concluded and the absent member shall not be counted as having voted.

EXCEPTION: SUBSTITUTES

Qualified family members of board members may be employed by the district as substitute teachers, substitute cafeteria workers, or substitute bus drivers for a period of time not to exceed thirty (30) days per fiscal year.¹

A family member of a school board member having worked as a substitute for the district in the past does not “grandfather” the substitute. The thirty (30) day maximum limit is applied in all cases.

**EXISTING EMPLOYEES WHO ARE FAMILY MEMBERS OF SCHOOL BOARD MEMBERS—
RAISES, PROMOTIONS OR CHANGES IN COMPENSATION**

Any change in the terms or conditions of an employment contract including length of contract, a promotion, or a change in the employment status of a present board member's family member that would result in an increase in compensation of more than two thousand five hundred dollars (\$2,500), and that is not part of a state mandated salary increase for the employee in question, must be approved by the Commissioner before such changes in the employment status is effective, valid, or enforceable.

QUALIFICATIONS FOR RUNNING FOR SCHOOL BOARD MEMBER UNCHANGED

The employment status of a citizen's family member does not affect that citizen's ability to run for, and, if elected, serve the school board provided he/she meets all other statutory eligibility requirements.

Note: ¹ This paragraph is necessary if the district is to be eligible to hire any board member's family members as substitute employees. The board may choose to not allow such hiring. If they so choose, substitute the following sentence for the existing one:
Family members of board members shall not be employed by the district as substitute teachers, substitute cafeteria workers, or substitute bus drivers.

1.18—DISTRICT AUDITS

The District's annual audit serves as an important opportunity for the Board of Directors to review the fiscal operations and health of the district. As such, it is vital Board members receive sufficient explanation of each audit report to enable the members to understand the report's findings and help them better understand the District's fiscal operations.

The District shall have an audit conducted annually within the timelines prescribed by law. The audit shall be conducted by Arkansas Legislative Audit or through the audit services of a private certified public accountant(s) approved by the Board.

The Board of Directors shall review each annual audit at the first regularly scheduled board meeting following the receipt of the audit if the District received the audit prior to ten (10) days before the regularly scheduled meeting. If the audit report is received less than ten (10) days prior to a regularly scheduled board meeting, the board may review the report at the next regularly scheduled board meeting following the ten (10) day period.

The Superintendent shall present sufficient supporting/background information relating to the report's findings and recommendations which will enable the Board of Directors to direct the Superintendent to take appropriate action in the form of a motion or motions relating to each finding and recommendation contained in the audit report. Actions to be taken will be in sufficient detail to enable the Board of Directors to monitor the District's progress in addressing substantial findings and recommendations and subsequently determine that they have been corrected. The minutes of the Board's meeting shall document the review of the audit's findings and recommendations along with any motions made by the Board or actions directed to be taken by the Superintendent or designee.

The Board of Directors is responsible for presenting the audit's findings each year to the public .¹

Notes: ¹ The Standards For Accreditation (3-B.2) requires the district provide an annual report to the public but does not expressly state that the report to the public include the audits' findings. A.C.A. § 6-13-620(6)(F) requires the reporting of the audit's findings, but doesn't specify any date by which they must be reported. In other words, you MAY go over the audit report at your annual meeting, but it is not required.

1.19—BOARD MEMBER LENGTH OF TERM and HOLDOVERS

The Osceola School District has seven (7) Board of Directors members. Each member is elected for a term of service of five (5) years. Members may be re-elected to serve consecutive terms so long as the member continues to meet the eligibility requirements for board service.

A board member remains in office until the member's successor has been sworn into office. In the event a board member's term of office has expired and no one is elected to replace the member, or the individual elected fails to receive the oath of office within the time set in statute, the board member becomes a "holdover" and is treated as having been re-elected to office for another term; Board members may only serve one term as a holdover and may be re-elected to the board at the expiration of his/her term. Consequently, should no individual be elected to the position at the expiration of the holdover term, the position shall be declared to be vacant and filled in accordance with Policy 1.2—BOARD ORGANIZATION AND VACANCIES and Arkansas law. Board members not wishing to continue as a holdover may resign from office and the position is to be filled in accordance with Policy 1.2.

Notes: ¹ Insert your district's number of board members. Except for a very few grandfathered exceptions, the number of board members is statutorily required to be either five (5); or seven (7) members; however, if the district has an average daily membership of twenty thousand (20,000) or higher, then the district may have, nine (9) board members.

² Insert the number of years a board member is elected to serve. The number of years must be between three (3) and five (5) years.

2.3—SUPERINTENDENT ATTENDANCE AT SCHOOL BOARD TRAINING CONFERENCES

The Osceola School District Board of Directors recognizes the District benefits from the superintendent and the members of the Board of Directors jointly attending school board member training conferences. The joint attendance provides an opportunity for the superintendent and members of the Board of Directors to develop their working relationship in a less formal setting and allows the superintendent and members of the Board of Directors to jointly build upon the training received. These benefits are even more evident when the superintendent is new to the District.

In recognition of these benefits, the Board of Directors authorizes the Osceola School District to cover the costs associated with the current superintendent or the individual who has a signed superintendent contract with the Osceola School District for the upcoming school year to jointly attend school board training conferences with the members of the Board of Directors.

3.1—LICENSED PERSONNEL SALARY SCHEDULE

Enter your District's salary schedule for this policy. ¹State law requires each District to include its teacher salary schedule, including stipends and other material benefits, in its written personnel policies. In developing the salary schedule, the District will establish a normal base contract period for teachers. The District is required to post the salary schedule on its website by September 15 of each year and should place an obvious hyperlink, button, or menu item on the website's homepage that links directly to the current year licensed policies and salary schedule.

For the purposes of the salary schedule, a teacher will have worked a "year" if he/she works at least 160 days.²

For the purposes of this policy, a master's degree or higher is considered "relevant to the employee's position" if it is related to education, guidance counseling, or the teacher's content area and has been awarded for successful completion of a program at the master's level or higher by an institution of higher education accredited under Arkansas statutory requirements applicable at the time the degree was awarded.

Teachers who have earned additional, relevant degrees or sufficient college hours to warrant a salary change are responsible for reporting and supplying a transcript to the Superintendent's Office.³ The appropriate salary increase will be reflected in the next paycheck provided it is at least two (2) weeks from the time the notice and documentation is delivered.⁴ All salary changes will be on a "go forward" basis, and no back pay will be awarded.

Arkansas Professional Pathway to Educator Licensure (APPEL) Program

Each employee newly hired by the district to teach under the Arkansas Professional Pathway to Educator Licensure (APPEL) Program shall initially be placed on the salary schedule in the category of a bachelor's degree with no experience, unless the APPEL program employee has previous teaching experience which requires a different placement on the schedule. Upon receiving his/her initial or standard teaching license, the employee shall be moved to the position on the salary schedule that corresponds to the level of education degree earned by the employee which is relevant to the employee's position. Employee's degrees which are not relevant to the APPEL program's position shall not apply when determining his/her placement on the salary schedule. A teacher with a non-traditional provisional license shall be eligible for step increases with each successive year of employment, just as would a teacher possessing a traditional teaching license.

Licensed employee, seeking additional area or areas of licensure

Licensed employees who are working on an alternative licensure plan (ALP) to gain licensure in an additional area are entitled to placement on the salary schedule commensurate with their current license, level of education degree and years of experience. Degrees which are not relevant to the employee's position shall not apply when determining his/her placement on the salary schedule.

Notes: A.C.A. § 6-11-129 requires employee contract information to be available on the district's website and also identifies the contract items that must be redacted.

A.C.A. § 6-13-635 requires the Board to adopt a resolution that it has reviewed and adopted all salary increases of 5% or more, but most of the Act's listing of reasons are statutorily required raises and are paid by the state and not district funds. The Act's language requires the resolution even for an employee who moves from one position to another higher paying position such as going from teaching to administration. None-the-less, the resolution is required. Policy 1.9 directs the Board to review the salaries when adopting changes to this policy. We recommend the following language for the Board's resolution:

Whereas, the superintendent has identified all changes from last school-year's published salary schedule, and has identified and presented the Board of Directors with each employee's salary increase of 5% or more as required under A.C.A. § 6-13-635 and created a spreadsheet explaining each;
*Therefore, the Osceola School District Board of Directors approves and resolves that the spread sheet including those explanations are a factual representation of the raises given for the **insert date** school-year.*

¹ Your district's salary schedule should be inserted in place of this paragraph. The remainder of the policy should remain in the policy. It's important to note that any changes to the salary schedule must go through the PPC and the Board adopt the policy with the actual salary schedule included in the adopted policy. The following definition can be use to ensure you have included the data they will be looking for when you are reviewed:

“Licensed Salary Schedule is a set of matrices that are updated and published each school year that contains the minimum salary licensed employees earn based on number of years of experience, education degrees, computations for extended contracts, and salary supplements for additional duties or responsibilities. The salary schedule is required to reflect the actual pay practices of the district.”

² Select the number of days your district chooses to use to qualify teachers to be eligible for a step increase. 160 days is merely a suggestion, but it aligns with the Teacher Retirement’s requirement to earn credit toward retirement benefits.

³ Insert the title of the appropriate person.

⁴This sentence is optional, but you do need to establish a date when a pay increase triggered by additional schooling will take effect. Include a period of advance notice that works for your district. In selecting the length of time, consider your employee’s time to verify the transcript and execute the contract addendum.

Salaries for teachers on extended contracts are figured by dividing salary by 190 and multiplying by # of contracted days.					
The Osceola School District pays full credit to teachers for experience in other accredited school systems as well as for experience in the Osceola system.					
Salary increments for educational qualifications are based on graduate work in a field allied with the teacher's subject or grade level area. Transcripts for the graduate work must be submitted to the office of the Superintendent by September 15th of the ensuing year in order for the teacher to receive the aforementioned increments.

3.2—LICENSED PERSONNEL EVALUATIONS

Definitions

"Beginning administrator" means a building level or district level leader who has not completed three (3) years of experience as a building level or district level administrator.

"Building level or district level leader" means an individual employed by the District whose job assignment is that of a building level or district level administrator or an equivalent role, including an administrator licensed by the State Board of Education, an unlicensed administrator, or an individual on an Administrator Licensure Completion Plan. Building level or district level leader does not include the superintendent, deputy superintendents, associate superintendents, and assistant superintendents.

"Novice teacher" is a teacher who has less than three (3) years of public school classroom experience.

"Teacher" has the same definition as A.C.A. § 6-17-2803(16).

Teachers

Teachers will be evaluated under the provisions and timelines of the Teacher Excellence and Support System (TESS).

The superintendent or designee(s) shall develop procedures to govern the evaluation process and timelines for the evaluations.

Teachers will be evaluated under the schedule and provisions required by TESS. All teachers, other than novice teachers, will have a summative evaluation over all domains and components at least once every four (4) years. To establish the initial four (4) year rotation schedule for teachers, other than novice teachers, to be summatively evaluated, at least one-quarter (1/4) of each school's teachers, other than novice teachers, will be selected for evaluation by alphabetical order. Novice teachers will receive a summative evaluation in the year following the completion of their novice period and will be added to the four (4) year summative evaluation rotation for following years. A teacher who transfers into the District from another Local Educational Agency (LEA) shall be added to the four (4) year summative evaluation rotation based on when the teacher's most recent summative evaluation was conducted.

All teachers shall develop a Professional Growth Plan (PGP) annually that identifies professional growth outcomes to advance the teacher's professional skills and clearly links personalized, competency-based professional learning opportunities to the professional growth outcomes. The teacher's PGP must be approved by the teacher's evaluator. If there is disagreement between a teacher and the teacher's evaluator concerning the PGP, the decision of the evaluator shall be final.

Following a summative evaluation, the teacher shall receive an overall performance rating that is derived from:⁴

1. A written evaluation of the teacher's performance on all evaluation domains as a whole;
2. The evaluation framework and evaluation rubric appropriate to the teacher's role;
3. Multiple sources of evidence of the teacher's professional practice including, but not limited to:
 - a. Direct observation;
 - b. Indirect observation;
 - c. Artifacts; and
 - d. Data; and
4. Presentations of evidence chosen by the teacher, the evaluator, or both.

The Summative evaluation shall provide an opportunity for the evaluator and the teacher to discuss the review of the evidence used in the evaluation and provide feedback that the teacher can use to improve his/her teaching skills and student learning.

While teachers are only required to be summatively evaluated once every four (4) years, the teacher's evaluator may conduct a summative evaluation in any year.

A teacher shall continue to demonstrate a commitment to student learning in formative years by furthering the teacher's professional growth and development as guided by the teacher's PGP. The teacher's evaluator, or one or more individuals selected by the evaluator, shall support the teacher on an ongoing basis throughout the formative years by:

- Providing teachers with immediate feedback about teaching practices;
- Engaging teachers in a collaborative, supportive learning process; and
- Helping teachers use assessment methods supported by evidence-based research that inform the teacher of student progress and provide a basis for adapting teaching practices.

An overall performance rating is not required in a formative year.

Building Level or District Level Evaluations

Building level or district level leaders will be evaluated under the schedule and provisions required by the Leader Excellence and Development System (LEADS).

The superintendent or designee(s) shall develop procedures to govern the evaluation process and timelines for the evaluations.

Building level or district level leaders, except for beginning administrators, shall have a summative evaluation at least once every four (4) years. To establish the initial four-year rotation schedule for building level or district level leaders, except for beginning administrators, to be summatively evaluated, at least one quarter (1/4) of each school's building level or district level leaders will be selected for evaluation by alphabetical order.² Beginning administrators shall have a summative evaluation in the year following the completion of their beginning administrator period and will be added to the four (4) year summative evaluation rotation for following years. A building level or district level leader who transfers into the District from another LEA shall be added to the four (4) year summative evaluation rotation based on when the building level or district level leader's most recent summative evaluation was conducted.

A building level or district level leader shall complete a PGP based on the standards and functions determined during the initial summative evaluation meeting with the superintendent or designee. If there is disagreement between a building level or district level leader and the leader's evaluator concerning the PGP, the decision of the evaluator shall be final.

The building level or district level leader shall annually revise his/her PGP and associated documents required under LEADS. In a non-summative evaluation year, his/her job performance will be measured on how well the PGP's goals have been met.

The Superintendent, or designee, shall use the evaluation framework and rubric that is appropriate to the role and responsibilities of the building level or district level leader when conducting the building level or district level leader's summative evaluation. The Building level or district level leader's summative evaluation shall result in a written overall performance rating that is based on multiple sources of evidence of the building level or district level leader's professional practice, which may include:

- a. Direct observation;
- b. Indirect observation;
- c. Artifacts; and
- d. Data.

When the Superintendent or designee conducts a summative evaluation, he/she will base the building level or district level leader's continuing employment recommendation on:

- The level of performance based on the performance functions and standards of the evaluation rubric;
- The evidence of teacher performance and growth applicable to the building- or district-level leader; and
- The building- or district-level leader's progression on his or her professional growth plan.

While building level or district level leaders are required to be summatively evaluated once every four (4) years, the Superintendent or designee may conduct a summative evaluation in any year.

Notes: The language in this policy is intentionally very broad. We strongly advise that you don't try to insert a lot of process/procedure language in the policy and leave that to a separate "Procedures" document that lays out the specificity of how you are going to fully implement the TESS/LEADS requirements. For example, don't include such things as how many artifacts you will require; how many informal evaluations will be conducted; or the dates for when the summative evaluations will take place.

Districts with a waiver to employ unlicensed individuals as teachers or administrators should add the following sentence to Policy 8.2—CLASSIFIED PERSONNEL EVALUATIONS:
Individuals employed under the District's waiver as unlicensed teachers and administrators shall be evaluated under Policy 3.2—LICENSED PERSONNEL EVALUATIONS.

¹ Include positions below the superintendent in this sentence only if you have such positions. Districts have the option of including those positions in the LEADS evaluation requirements as if they were a building level or district level leader. If you have such positions and choose to evaluate them under the LEADS Rules, delete them from the sentence and add them to the list of those who are included in the definition of building level or district level leaders.

² Enter the method by which you will determine who will be selected. Possible ways you could select would be from volunteers, RIF points (either highest to lowest or vice versa), alphabetically, or drawing names out of a hat. Since employees' continued employment will potentially ride on the evaluations, it is vital that your selection method be non-biased. Also, since all teachers and building level or district level leaders have to have a summative evaluation at least once every four (4) years, be sure to select at least a quarter (1/4) of your candidate pool.

³ There is no requirement for you to place an individual who transfers into the district from another LEA into the rotation for a summative evaluation based on when their last summative evaluation took place. If you choose, you could require that all individuals who transfer into the district have a summative evaluation at the end of the year they transfer into the district regardless of when the individual's most recent summative evaluation took place.

⁴ In addition to the items listed in the policy, you may include peer observations and/or student feedback in the list of items to be looked at during the summative evaluation.

You have the option to allow a teacher's work for National Board certification or renewal certification to be substituted for portions of the summative evaluation; If you choose to do so, add the following language:
A teacher's work completed for the certification or renewal of a certification from the National Board for Professional Teaching Standards may be substituted for the whole or any part of the summative evaluation.

3.2.2 - PROMOTIONS

It shall be the policy of the district that the present faculty who are licensed to fill vacancies and/or promotions within the district will be considered. All available evaluation data, including rankings provided for in Section 3.2.1, will be reviewed before the final selection is made; however, the district shall not be obligated in any manner to fill vacancies and/or promotions with present faculty members.

All newly created licensed positions shall be posted on each campus with certification requirements listed.

1. Tuition Waiver

The Osceola School District will establish a tuition waiver program to assist staff members who are requested to move to a new position that requires a certification update. For these staff, the school system will reimburse for college hours required for their certification deficiency plan and the Praxis test. The teacher must agree to work in the Osceola School District for two years after completing the D&R plan, or pay back in full-reimbursed costs. The teacher will request, in writing, consideration of the tuition waiver program and attach their Additional Licensure Plan (ALP). It is the employees' responsibility to make sure the courses taken will satisfy the requirements for certification before requesting reimbursement. Yearly, each applicant must seek the Department of Higher Education's Tuition Scholarship and show a denial letter before requesting reimbursement for hours from the school district.

The employee must maintain a "B" average for any one grading period and only those courses will be considered reimbursable. The request for reimbursement must have an attached transcript from the college or university.

The costs of the Praxis test will also be a reimbursable item. It will be paid one time only when the state required cut-off score has been met.

3.3—EVALUATION OF LICENSED PERSONNEL BY RELATIVES

No person shall be employed in, or assigned to, a position which would require that he be evaluated by any relative, by blood or marriage, including spouse, parent, child, grandparent, grandchild, sibling, aunt, uncle, niece, nephew, or first cousin.

3.4—LICENSED PERSONNEL REDUCTION IN FORCE

SECTION ONE

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards for Accreditation of Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long- and short-term goals of the school district, and by examining the staffing of the district in each licensure area and/or, if applicable, specific grade levels.

Option 2¹

If a reduction in force becomes necessary in a licensure area or specific grade level(s), the RIF shall be conducted for each licensure area and/or specific grade level on the basis of each employee's points as determined by the schedule contained in this policy. The teacher with the fewest points will be non-renewed or terminated first. In the event of a tie between two (2) or more employees, the teacher(s) shall be retained whose name(s) appear first in the board's minutes of the date of hire. There is no right or implied right for any teacher to "bump" or displace any other teacher except when permitted by policy 8.30². Being employed fewer than one hundred sixty (160) days in a school year shall not constitute a year. It is each teacher's individual responsibility to ensure his/her point totals are current in District files.

Points³

- Years of service in the district—1 point per year
All licensed position years in the district count including non-continuous years.
Service in any position not requiring teacher licensure does not count toward years of service.
Being employed fewer than one hundred sixty (160) days in a school year shall not constitute a year.
- Graduate degree in any area of licensure in which the teacher will be ranked (only the highest level of points apply)
 - 1 point—Master's degree
 - 2 points—Master's degree plus thirty additional hours
 - 3 points—Educational specialist degree
 - 4 points—Doctoral degree
- National Board of Professional Teaching Standards certification—3 points
- Additional academic content areas of endorsement as identified by the State Board—1 point per area
- Licensure for teaching in a State Board identified shortage area—2 points
- Multiple areas and/or grade levels of licensure as identified by the State Board —1 point per additional area or grade level as applicable. For example, a P-4 license or a 5-8 social studies license is each worth one point.

When the District is conducting a RIF, all potentially affected teachers shall receive a listing of licensed personnel with corresponding point totals. Upon receipt of the list, each teacher has ten (10) working days within which to appeal his or her assignment of points to the superintendent whose decision shall be final. Except for changes made pursuant to the appeals process, no changes will be made to the list that would affect a teacher's point total after the list is released.

A teacher with full licensure in a position shall prevail over a teacher with greater points but who is lacking full licensure in that subject area. "Full licensure" means an initial, or standard, non-contingent license to teach in a subject area or grade level, in contrast with a license that is provisional; temporary; conditional on the fulfillment

of additional course work or passing exams or any other requirement of the Division of Elementary and Secondary Education, other than the attainment of annual professional development training; or teaching under a waiver from licensure²

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all teachers will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change.³ A Partial RIF may also be conducted in conjunction with any job reassignment whether or not it is conducted in relation to an annexation or consolidation.

Recall:

For a period of up to two (2) years from the date of board action on the teacher's non-renewal or termination recommendation, a teacher who is non-renewed from a 1.0 full time equivalent (FTE) position under this policy shall be offered an opportunity to fill any 1.0 FTE position vacancy for which he or she is required to hold a license as a condition of employment and for which he or she is qualified by virtue of education, license, or experience, as determined by the job requirements developed by the superintendent or designee.

A teacher shall not have the right to be recalled to a licensed position that is less than a 1.0 has less authority or responsibility, or that has a lower compensation level, index or stipend. No right of recall shall exist for non-renewal from a stipend, or non-renewal or reduction of a stipend, or non-renewal to reduce contract length. No teacher shall have any right to be recalled to any position that is for a longer contract period, has greater authority or responsibility, is for greater than the former FTE, or that is at a higher compensation level, index or stipend.

A non-renewed or terminated teacher shall be eligible to be recalled for a period of two (2) years in the reverse order (i.e. the teacher with the highest points will be recalled first and the teacher with the lowest points will be recalled last) of the non-renewal or termination to any position for which he or she is qualified. Notice of vacancies shall be by first class mail to all teachers reasonably believed to be both qualified for and subject to rehire for a particular position and the non-renewed or terminated teachers shall have ten (10) working days from the date the notification is mailed in which to conditionally accept the offer of a position, with the actual offer going to the qualified teacher with the most points who responds within the ten (10) day time period. A lack of response, as evidenced by a teacher's failure to respond within ten (10) working days, or a teacher's express refusal of a position or an employee's acceptance of a position but failure to sign an employment contract within two (2) business days of the contract being presented to the employee shall constitute a rejection of the offered position and shall end the district's obligation to rehire the non-renewed or terminated teacher. No further rights to be rehired because of the reduction in force shall exist

SECTION TWO⁵

Option B

The employees of any school district which annexes to, or consolidates with, the Osceola School District will be subject to dismissal or retention at the discretion of the school board, on the recommendation of the superintendent, solely on the basis of need for such employees on the part of the Osceola School District, if any, at the time of the annexation or consolidation, or within ninety (90) days after the effective date of the annexation or consolidation. The need for any employee of the annexed or consolidated school district shall be determined solely by the superintendent and school board of the Osceola School District.

Such employees will not be considered as having any seniority within the Osceola School District and may not claim an entitlement under a reduction in force to any position held by an Osceola School District employee prior to, or at the time of, or prior to the expiration of ninety (90) days after the consolidation or annexation, if the notification provision below is undertaken by the superintendent.

The superintendent shall mail or have hand-delivered the notification to such employee of the superintendent's intention to recommend non-renewal or termination pursuant to a reduction in force within ninety (90) days of the effective date of the annexation or consolidation in order to effect the provisions of this section of the Osceola School District's reduction-in-force policy. Any such employees who are non-renewed or terminated pursuant to Section Two are not subject to recall notwithstanding any language in any other section of this policy. Any

such employees shall be paid at the rate for each person on the appropriate level on the salary schedule of the annexed or consolidated district during those ninety (90) days and/or through the completion of the reduction-in-force process.

This subsection of the reduction-in-force policy shall not be interpreted to provide that the superintendent must wait ninety (90) days from the effective date of the annexation or consolidation in order to issue a notification of the superintendent's intention to recommend dismissal through reduction-in-force, but merely that the superintendent has that period of time in which to issue a notification so as to be able to invoke the provisions of this section.

The intention of this section is to ensure that those Osceola School District employees who are employed prior to the annexation or consolidation shall not be displaced by employees of the annexed or consolidated district by application of the reduction-in-force policy.

Notes: ¹ Select either Option 1 or 2 on the basis of which system will work best for your district and its students.

² Individuals teaching under a waiver from licensure are actually classified employees. The language here is intended to clarify that an individual licensed in the area/grade(s) in question who would have otherwise been non-renewed/terminated shall be retained over a classified employee teaching under a waiver even if it would result in "bumping" the classified employee. If you do not have a waiver authorizing individuals to teach without a license, you may choose to not include the language regarding the exception for policy 8.30 and on those individuals teaching under a waiver from licensure.

³The list may be changed to reflect the beliefs of your district regarding what criteria are the most beneficial to students and the district. You may choose to add or delete additional criteria and/or change the value of the points given to each criterion. For example, you could choose to lessen or increase any of the point values for a criterion, or you could add or delete point categories.

⁴ For example: It may be discovered that a teacher is receiving a stipend for duties that he/she has not performed for several years. As part of the reduction in force, the teacher would be sent notification by the superintendent that the superintendent intended to partially non-renew the teacher excluding the obsolete stipend.

⁵ Select the option of your choice. If you choose Option B, the ninety (90) day time period may be lengthened or shortened (within reason) to suit your preference.

3.5 - LICENSED PERSONNEL CONTRACT — RETURN

An employee shall have thirty (30) days from the date of the receipt of his contract for the following school year in which to return the contract, signed, to the office of the Superintendent. The date of receipt of the contract shall be presumed to be the date of a cover memo which will be attached to the contract.

The Employee has ten (10) business days after the last regularly contracted day to withdraw from this contract.

Failure of an employee to return the signed contract to the office of the Superintendent within thirty (30) days of the receipt of the contract shall operate as a resignation by the employee. No further action on the part of the employee, the Superintendent, or the School Board shall be required in order to make the employee's resignation final.

Date Adopted: 5/14/2007

Last Revised: March 2012

3.5.1 - NOTICE OF RESIGNATION – BREACH OF CONTRACT – PERMISSIBLE BREACH

A teacher shall give the superintendent notice of resignation at least thirty (30) days in advance of the effective date of the resignation. The Board may waive the thirty (30) days' notice requirements and permit a teacher to resign in good standing.

The condition under which it is permissible to break a contract with the board are as follows:

- a. The incapacity on the part of the teacher to perform the contract as evidenced by the licensed statement of a physician approved by the local Board of Education.
- b. The drafting of the teacher into military service by a selective service board.
- c. The release by the board of the teacher from the contract.

Date Adopted: 5/14/2012

3.6—LICENSED PERSONNEL EMPLOYEE TRAINING

For the purposes of this policy, professional development (PD) means a set of coordinated, planned learning activities for District employees who are required to hold a current license issued by the State Board of Education as a condition of employment¹ that:

- a. Is required by statute or the Division of Elementary and Secondary Education (DESE); or
- b. Meets the following criteria:
 - Improves the knowledge, skills, and effectiveness of teachers;
 - Improves the knowledge and skills of administrators and paraprofessionals concerning effective instructional strategies and methods;
 - Leads to improved student academic achievement; and
 - Is researched-based and standards-based.

All employees shall attend all local PD training sessions as directed by his/her supervisor.

As part of the District's School District Support Plan (SDSP), the District shall develop and implement a professional development plan (PDP) for its licensed employees. The District's PDP shall, in part, align District resources to address the PD activities identified in each school's school-level improvement plan (SLIP) and incorporate the licensed employee's professional growth plan (PGP). The PDP shall describe how the District's categorical funds will be used to address deficiencies in student performance and any identified academic achievement gaps between groups of students. At the end of each school year, the District shall evaluate the PD activities' effectiveness at improving student performance and closing achievement gaps.

Each licensed employee shall receive a minimum of thirty-six (36) hours of PD annually to be fulfilled between July 1 and June 30.² A licensed employee may be required to receive more PD than the minimum when necessary to complete the licensed employee's PGP.³ All licensed employees are required to obtain thirty-six (36) hours of approved PD each year over a five-year period as part of their licensure renewal requirements. PD hours earned in excess of each licensed employee's required number of hours in the designated year cannot be carried over to the next year.

Licensed employees who are prevented from obtaining the required PD hours due to their illness or the illness of an immediate family member as defined in A.C.A. § 6-17-1202 have until the end of the following school year to make up the deficient hours. Missed hours of PD shall be made up with PD that is substantially similar to that which was missed and can be obtained by any method, online or otherwise, approved by ADE. This time extension does not absolve the employee from also obtaining the following year's required hours of PD. Failure to obtain required PD or to make up missed PD could lead to disciplinary consequences, up to termination or nonrenewal of the contract of employment.

The goal of all PD activities shall be improved teaching and learning knowledge and skills that result in individual, team, school-wide, and District-wide improvement designed to ensure that all students demonstrate proficiency on the state's academic standards. The PDP shall be research-based and standards-based and in alignment with applicable DESE Rules and/or Arkansas code.

Teachers, administrators, and paraprofessionals shall be involved in the design, implementation, and evaluation of the plan for their own PD offerings. The results of the evaluation made by the participants in each program shall be used to continuously improve PD offerings and to revise the SLIP.

Flexible PD hours (flex hours) are those hours that an employee is allowed to substitute PD activities, different than those offered by the District, but are still aligned to the employee's PGP, the employee's school's SLIP, or the District's PDP. The District shall determine on an annual basis how many, if any, flex hours of PD it will allow to be substituted for District scheduled PD offerings. The determination may be made at an individual building, a grade, or by subject basis. The District administration and the building principal have the authority to require attendance at specific PD activities. Employees must receive advance approval from the building principal for activities they wish to have qualify for flex PD hours. To the fullest extent possible, PD activities are to be scheduled and attended such

that teachers do not miss their regular teaching assignments. Six (6) approved flex hours credited toward fulfilling the licensed employee's required hours shall equal one (1) contract day. Hours of PD earned by an employee that are in excess of the employee's required hours, but are either not at the request of the District or not pre-approved by the building principal, shall not be credited toward fulfilling the required number of contract days for that employee.⁴ Hours earned that count toward the licensed employee's required hours also count toward the required number of contract days for that employee. Employees shall be paid their daily rate of pay for PD hours earned at the request of the District that necessitate the employee work more than the number of days required by their contract.⁵

Teachers and administrators who, for any reason, miss part or all of any scheduled PD activity they were required to attend, must make up the required hours in comparable activities, which are to be pre-approved by the employee's appropriate supervisor.

To receive credit for his/her PD activity, each employee is responsible for obtaining and submitting documents of attendance, or completion for each PD activity he/she attends. Documentation is to be submitted to the building principal or designee. The District shall maintain all documents submitted by its employees that reflect completion of PD programs, whether such programs were provided by the District or an outside organization.

To the extent required by DESE Rules, employees will receive up to six (6) hours of educational technology PD that is integrated within other PD offerings, including taking or teaching an online or blended course.

The following PD shall count toward a licensed employee's required PD hours to the extent the District's PDP or the employee's school's SLIP includes such training, is approved for flex hours, or is part of the employee's PGP and it provides him/her with knowledge and skills for teaching:

- Students with intellectual disabilities, including Autism Spectrum Disorder;
- Students with specific learning disorders, including dyslexia;
- Culturally and linguistically diverse students;
- Gifted students.

Beginning in the 2013-14 school-year and every fourth year thereafter, all District personnel shall receive two (2) hours of PD related to child maltreatment required under A.C.A. § 6-61-133.

Beginning in school-year 2014-15 and every fourth year thereafter, teachers shall receive two (2) hours of PD designed to enhance their understanding of effective parental involvement strategies.

Beginning in school-year 2014-15 and every fourth year thereafter, administrators shall receive two (2) hours of PD designed to enhance their understanding of effective parent and family engagement strategies and the importance of administrative leadership in setting expectations and creating a climate conducive to parent and family participation.

Beginning in the 2016-17 school-year and every fourth year thereafter, teachers who provide instruction in Arkansas history shall receive at least two (2) hours of PD in Arkansas history as part of the teacher's annual PD requirement.

Beginning with the 2018-2019 school year, the District shall provide professional development to teachers licensed:

- At the elementary level for kindergarten through grade six (K-6), in special education for kindergarten through grade twelve (K-12), or reading specialists for kindergarten through grade twelve (K-12) for one (1) of the prescribed pathways to obtaining a proficiency credential in knowledge and practices in scientific reading instruction; and
- In an area other than elementary level for kindergarten through grade six (K-6), in special education for kindergarten through grade twelve (K-12), or reading specialists for kindergarten through grade twelve (K-12) for one (1) of the prescribed pathways to obtaining an awareness credential in knowledge and practices in scientific reading instruction.

The professional development will be designed so that, by the beginning of the 2023-2024 school year, all teachers employed in a teaching position that requires an elementary education license (K-6), special education license, or reading specialists in kindergarten through grade twelve (K-12) shall demonstrate proficiency in knowledge and practices of scientific reading instruction and all other teachers shall demonstrate awareness in knowledge and practices of the scientific reading instruction.

Beginning in the 2019-2020 school year, the District shall provide annual training instruction based on the science of reading as set forth in the literacy plan contained within the District's SLIPs.

Beginning in the 2023-24 school-year and every fourth year thereafter, all licensed personnel shall receive two (2) hours of training related to bullying prevention and recognition of the relationship between incidents of bullying and the risk of suicide.

Beginning in the 2023-24 school-year and every fourth year thereafter, all licensed personnel shall receive two (2) hours of PD in mental health awareness and teen suicide awareness and prevention, which may be obtained by self-review of suitable mental health awareness and suicide prevention materials approved by DESE.

By the beginning of the 2024-25 school year and every fourth year thereafter, a school counselor shall receive Youth Mental Health First Aid training to learn the risk factors and warning signs of mental health issues in adolescents; the importance of early intervention; and how to help an adolescent who is in crisis or expecting a mental health challenge.

Anticipated rescuers shall receive training in cardiopulmonary resuscitation and the use of automated external defibrillators as required by DESE Rule. Such training shall count toward the required annual hours of PD.

At least once every three (3) years, persons employed as athletic coaches shall receive training related to the recognition and management of concussions, dehydration, or other health emergencies; students' health and safety issues related to environmental issues; communicable diseases; and sudden cardiac arrest. The training may include a component on best practices for a coach to educate parents of students involved in athletics on sports safety.

All licensed personnel shall receive training related to compliance with the District's antibullying policies and the licensed employee's duties under the District's antibullying policies.

For each administrator, the thirty six (36) hour PD requirement shall include training in data disaggregation, instructional leadership, and fiscal management. This training may include the Initial, Tier 1, and Tier 2 training required for Superintendents and other designees by DESE's Rules Governing the Arkansas Financial Accounting and Reporting System and Annual Training Requirements.

Building level administrators shall complete the credentialing assessment for the teacher evaluation PD program prior to conducting any summative teacher evaluations.⁶

Teachers' PD shall meet the requirements prescribed under the Teacher Excellence and Support System (TESS).

By the end of the 2014-15 school-year, teachers shall have received professional awareness on the characteristics of dyslexia and the evidence-based interventions and accommodations for dyslexia.⁷

Teachers required by the superintendent, building principal, or their designee to take approved training related to teaching an advance placement class for a subject covered by the College Board and Educational Testing Service shall receive up to thirty (30) hours of credit toward the hours of PD required annually.

Licensed personnel may earn up to twelve (12) hours of PD for time they are required to spend in their instructional classroom, office or media center prior to the first day of student/teacher interaction **provided** the time is spent in accordance with state law and current DESE rules that deal with PD. Licensed personnel who meet the requirements of this paragraph, the associated statute, and DESE Rules shall be entitled to one (1) hour of PD for each hour of approved preparation.

Licensed personnel shall receive five (5) PD hours for each credit hour of a graduate level college course that meets the criteria identified in law and applicable DESE rules. A maximum of fifteen (15) such hours may be applied toward the thirty six (36) hours of PD required annually for license renewal.⁸

The District shall make available annually to licensed personnel at least thirty (30) minutes of professional development on recognizing the warning signs that a child is a victim of human trafficking and reporting a suspicion that a child is a victim of human trafficking.

In addition to other required PD, personnel of Alternative Learning Environments shall receive PD on classroom management and on the specific needs and characteristics of students in alternative education environments.

District administrators as well as licensed personnel selected by the superintendent or building principal shall receive training on the appropriate use of restraint and seclusion in accordance with DESE's Advisory Guidelines for the Use of Student Restraints in Public School or Educational Settings and is in compliance with the requirements of A.C.A. § 6-18-2309. The names of District staff who have received certified training on the use of physical restraint shall be provided to all District staff at least annually.

As part of the District's implementation of the District's positive behavioral support system, District administrators as well as building personnel selected by the superintendent or building principal shall receive training in the use of positive behavior support for student behavior and in preventive techniques for teaching and motivating prosocial student behavior and conflict de-escalation and resolution techniques to be employed by school personnel to prevent, defuse, evaluate, and debrief a crisis and conflict situation.

Employees who do not receive or furnish documentation of the required annual PD jeopardize the accreditation of their school and academic achievement of their students. Failure of an employee to receive his/her required annual hours of PD in any given year, unless due to illness as permitted by law, DESE Rule, and this policy, shall be grounds for disciplinary action up to and including termination.

Approved PD activities may include:

- Annual lockdown drills (6-15-1303).⁹

Notes: There are special rules that apply to part time employees who teach adults or are high school equivalency Test examiners. Since such employees apply to very few districts, they are not included in this policy. PD for such employees is covered under 7.04 of the rules and A.C.A. § 6-17-706.

¹ If you have individuals employed as unlicensed teachers or administrators under a waiver, add “or are an unlicensed employee teaching under a waiver of licensure”.

² The rules make July 1 through June 30 the default. Districts using those dates no longer need documentation of its choice. Districts can still choose June 1 through May 30, but that choice would have to be documented. The documentation may be noted by the selection chosen for this policy and also in the District’s PDP required by A.C.A. § 6-17-704(c)(1).

³ A.C.A. § 6-17-2402(1) defines a "basic contract" as a teacher employment contract for 190 days that includes no less than six (6) days of PD. When calculated with the one hundred seventy-eight (178) mandatory student contact days and the two (2) parent-teacher conference days, this means there are four (4) days unassigned in the basic contract. Districts may use these days as additional student contact days, parent-teacher conferences, for classroom setup, or PD. The use for the days may vary from school to school or even from licensed employee to licensed employee, though days used for additional student contact days should be uniform throughout the district and staff. The use of the four (4) days may be assigned on the school calendar or otherwise accounted for in policy. If districts require employees to use those four (4) days for something other than PD but require the licensed employee to receive more than thirty-six (36) hours of PD, then the district must pay the employee for the additional hours of district mandated PD as set forth in footnote 5.

⁴ The number of contract days may vary between employees, but the concern here is with the number of contract days specified in each individual employee’s contract.

⁵ There is confusion surrounding districts requiring more than the required PD and employees who get more than their required hours, but do so of their own choosing. A.C.A. § 6-17-807(a) requires districts to pay a teacher their daily rate of pay for days worked in excess of the number in their contract. Each six (6) hours of PD equal one day worked. Teachers who are required/requested to attend six (6) more hours than would total the number of days in the employee’s contract have worked an extra day of their contract. This can be addressed by giving the employees a flex PD day off or paying them their daily rate of pay for the extra day worked. Teachers who are so dedicated that, on their own, they get more than their required PD hours do not get credit for a day worked for each six (6) hours of excess PD.

⁶ This requirement tracks the language in model policy 3.50—ADMINISTRATOR EVALUATOR CERTIFICATION and is based on A.C.A. § 6-15-202(f)(50). A corollary point to this policy’s sentence is to make the hiring of any new administrator who will be responsible for conducting TESS summative evaluations contingent upon the new hire’s successful credentialing for TESS evaluations. We suggest calling the ASBA staff attorney for language, including required completion dates and employment consequences, for both the hiring motion, and to include on the contract, where it should remain until TESS credentials are successfully obtained.

⁷ This is required by A.C.A. § 6-41-608. There is no statutory clarification regarding required hours of training, but teachers will need to be credited toward the required hours of PD for time spent fulfilling the requirement. A.C.A. § 6-41-609 and 1.02.2.2 of the PD Rules delegate future dyslexia training to Higher Education.

⁸ We suggest reading A.C.A. § 6-15-1004(c) and Section 4 of the PD Rules. Both permit the district to require additional hours; however, if you choose to do so and the employee's required PD would total more hours than the number of contract days provided for in the employee's contract, then the employee is due his/her daily rate of pay for the excess hours. See footnote 5.

⁹ Districts are required to annually provide lockdown drill and school safety assessment training for all of its employees and, to the extent practicable, students, in collaboration with local law enforcement and emergency management personnel. Since this is statutorily required training (PD), employees get to count it toward their annual required hours.

3.7—LICENSED PERSONNEL BUS DRIVER DRUG TESTING

Definitions

“Clearinghouse” means the Federal Motor Carrier Safety Administration Commercial Driver's License Drug and Alcohol Clearinghouse.

“Database” means the Commercial Driver Alcohol and Drug Testing Database of the Office of Driver Services of the Arkansas Department of Finance and Administration.

“Safety-sensitive function” includes:

- a. All time spent inspecting, servicing, and/or preparing the vehicle;
- b. All time spent driving the vehicle;
- c. All time spent loading or unloading the vehicle or supervising the loading or unloading of the vehicle; and
- d. All time spent repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

“School Bus” is a motorized vehicle that meets the following requirements:

1. Is designed to carry more than ten (10) passengers;
2. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
3. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Scope of Policy

Each person hired for a position that allows or requires the employee to operate a school bus shall meet the following requirements:

1. The employee shall possess a current driver’s license authorizing the individual to operate the size school bus the individual is being hired to drive²;
2. Have undergone a physical examination, which shall include a drug test,³ by a licensed physician or advanced practice nurse within the past two years; and
3. A current valid certification of school bus driver in service training.⁴

Each person’s initial employment for a job entailing a safety-sensitive function is conditioned upon:

- The district receiving a negative drug test result for that employee;⁵
- The employee submitting an electronic authorization through the Clearinghouse for the District to run a full query of the employee’s information in the Clearinghouse; and
- The employee’s signing a written authorization for the District to request information from:
 - The Database;⁶ and
 - Any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two (2) years prior to the date of the employee’s application.

All employees who perform safety-sensitive functions shall annually⁷ submit a written authorization for the District to conduct a limited query of the employee’s information from the Clearinghouse. The District shall perform a limited query of all employees who perform safety-sensitive functions at least once each school year. If the District’s limited query of the Clearinghouse shows that information exists in the Clearinghouse that may prohibit the employee from performing safety-sensitive functions, the District shall conduct a full query of the Clearinghouse on the employee within twenty-four (24) hours of conducting the limited query. If the District is unable to conduct a full query within twenty-four (24) hours due to the twenty-four (24) hours falling on a weekend, holiday, or other day the District is closed or due to the failure of the employee to authorize the District to receive information resulting from the full query of the Clearinghouse, the employee shall not be permitted to perform any safety-sensitive function until the District conducts the full query and the results confirm that the employee’s Clearinghouse record contains no prohibitions on the employee performing safety-sensitive functions.

Methods of Testing

The collection, testing methods and standards shall be determined by the agency or other medical organizations chosen by the School Board to conduct the collection and testing of samples. The drug and alcohol testing is to be conducted by a laboratory certified pursuant to the most recent guidelines issued by the United States Department of Health and Human Services for such facilities. (“Mandatory Guidelines for Federal Workplace Drug Testing Programs”).

Requirements

Employees shall be drug and alcohol free from the time the employee is required to be ready to work until the employee is relieved from the responsibility for performing work and/or any time they are performing a safety-sensitive function. In addition to the testing required as an initial condition of employment, employees shall submit to subsequent drug tests as required by law and/or regulation. Subsequent testing includes, and/or is triggered by, but is not limited to:

1. Random tests;
2. Testing in conjunction with an accident;
3. Receiving a citation for a moving traffic violation; and
4. Reasonable suspicion.

Prohibitions

- A. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater;
- B. No driver shall use alcohol while performing safety-sensitive functions;
- C. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol;
- D. No driver required to take a post-accident alcohol test under # 2 above shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first;
- E. No driver shall refuse to submit to an alcohol or drug test in conjunction with # 1, 2, and/or 4 above;
- F. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when using any controlled substance, except when used pursuant to the instructions of a licensed medical practitioner who, with knowledge of the driver’s job responsibilities, has advised the driver that the substance will not adversely affect the driver’s ability to safely operate his/her vehicle. It is the employee’s responsibility to inform his/her supervisor of the employee’s use of such medication;
- G. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Violation of any of these prohibitions may lead to disciplinary action being taken against the employee, which could include termination or non-renewal.

Testing for Cause

Drivers involved in an accident in which there is a loss of another person’s life shall be tested for alcohol and controlled substances as soon as practicable following the accident. Drivers shall also be tested for alcohol within eight (8) hours and for controlled substances within thirty two (32) hours following an accident for which they receive a citation for a moving traffic violation if the accident involved: 1) bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or 2) one or more motor vehicles incurs disabling damage as a result of the accident requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.⁸

Refusal to Submit

Refusal to submit to an alcohol or controlled substance test means that the driver:

- Failed to appear for any test within a reasonable period of time as determined by the employer consistent with applicable Department of Transportation agency regulation;

- Failed to remain at the testing site until the testing process was completed;
- Failed to provide a urine specimen for any required drug test;
- Failed to provide a sufficient amount of urine without an adequate medical reason for the failure;
- Failed to undergo a medical examination as directed by the Medical Review Officer as part of the verification process for the previous listed reason;
- Failed or declined to submit to a second test that the employer or collector has directed the driver to take;
- Failed to cooperate with any of the testing process; and/or
- Adulterated or substituted a test result as reported by the Medical Review Officer.

School bus drivers should be aware that refusal to submit to a drug test when the test is requested based on a reasonable suspicion can constitute grounds for criminal prosecution.

Consequences for Violations

Drivers who engage in any conduct prohibited by this policy, who refuse to take a required drug or alcohol test, refuse to sign or electronically authorize the request for information required by law, or who exceed the acceptable limits for the respective tests shall no longer be allowed to perform safety-sensitive functions. Actions regarding their continued employment shall be taken in relation to their inability to perform these functions and could include termination or non-renewal of their contract of employment.⁹

Drivers who exhibit signs of violating the prohibitions of this policy relating to alcohol or controlled substances shall not be allowed to perform or continue to perform safety-sensitive functions if they exhibit those signs during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the provisions of this policy. This action shall be based on specific, contemporaneous, articulatable observations concerning the behavior, speech, or body odors of the driver. The Superintendent or his/her designee shall require the driver to submit to “reasonable suspicion” tests for alcohol and controlled substances. The direction to submit to such tests must be made just before, just after, or during the time the driver is performing safety-sensitive functions. If circumstances prohibit the testing of the driver the Superintendent or his/her designee shall remove the driver from reporting for, or remaining on, duty for a minimum of twenty-four (24) hours from the time the observation was made triggering the driver’s removal from duty.

If the results for an alcohol test administered to a driver is equal to or greater than 0.02, but less than 0.04, the driver shall be prohibited from performing safety-sensitive functions for a period no less than twenty-four (24) hours from the time the test was administered. Unless the loss of duty time triggers other employment consequence policies, no further other action against the driver is authorized by this policy for test results showing an alcohol concentration of less than 0.04.

Reporting Requirements

The District shall report the following information about an employee who performs safety-sensitive functions to the Clearinghouse by the close of the third (3rd) business day following the date the District obtained the information:¹⁰

1. An alcohol confirmation test result with an alcohol concentration of 0.04 or greater;
2. A negative return-to-duty test result;
3. A refusal to take an alcohol test;
4. A refusal to test determination; however, if the refusal to test determination is based on the employee’s admission of adulteration or substitution of the specimen, the District shall only report the admissions made to the specimen collector; and
5. A report that the driver has successfully completed all follow-up tests as prescribed in the Substance Abuse Professional report.

The District shall report the following violations for an employee who performs safety-sensitive functions by the close of the third (3rd) business day following the date the District obtains actual knowledge of:¹¹

1. On-duty alcohol use;
2. Pre-duty alcohol use;

3. Alcohol use following an accident; and
4. Controlled substance use.

Notes: This policy is similar to Policy 8.4. If you change this policy, review 8.4 at the same time to ensure applicable consistency between the two.

You are required to give drivers a copy of the procedures that will be used in the testing for drugs and alcohol. If you are following your own policy in this regard, give your drivers a copy of that policy; if you're using a drug testing company to administer the tests, give your drivers a copy of the test administration procedures.

You are required to provide your drivers the name of the person you have designated to answer your drivers' questions about the materials you give them regarding drug and alcohol testing.

You are also required to give your employees "information pertaining to the effects of alcohol and controlled substance use on an individual's health, work, and personal life; signs and symptoms of an alcohol or a controlled substances problem (the driver's or a co-worker's); and available methods of intervening when an alcohol or a controlled substances problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management."

Give a copy of this policy to your drivers.

Have your drivers sign an acknowledgement that they have received all of the information contained in this policy and these footnotes.

¹ Students are not required to be transported on a school bus as long as the transporting vehicle is not scheduled for a regularly occurring route or takes a route that contains frequent stops to pick up or drop off students.

² The level of driver's license the employee is required to have is determined by the seating capacity or weight of the vehicle. There are vehicles that meet the definition of a school bus but do not require that the employee hold a commercial driver's license in order to operate the vehicle; however, any school bus that meets one of the following must be driven by an individual with a commercial driver's license:

- a. Combination Vehicle (Group A)—having a gross combination weight rating or gross combination weight of 11,794 kilograms or more (26,001 pounds or more), whichever is greater, inclusive of a towed unit(s) with a gross vehicle weight rating or gross vehicle weight of more than 4,536 kilograms (10,000 pounds), whichever is greater; or
- b. Heavy Straight Vehicle (Group B)—having a gross vehicle weight rating or gross vehicle weight of 11,794 or more kilograms (26,001 pounds or more), whichever is greater; or
- c. Small Vehicle (Group C) that does not meet Group A or B requirements but that either:
 - Is designed to transport 16 or more passengers, including the driver; or
 - Is of any size and is used in the transportation of hazardous materials.

³ You have the option of also requiring an alcohol test, but you may not selectively require it, i.e. if you require it for one prospective employee you must require it for all prospective employees.

⁴ A.C.A. § 6-19-108(f) requires extracurricular trips be made only by certified bus drivers who have a valid proof of in service training certification.

⁵ While A.C.A. § 6-19-108(e) permits a district to hire a non-certified bus driver in an emergency situation, 49CFR382.301 forbids a first time driver (employee) from performing any safety sensitive functions prior to the district receiving a negative drug test for the employee. Therefore, ASBA advises not hiring a bus driver under A.C.A. § 6-19-108(e) until he/she has had a negative drug/alcohol test.

⁶ While the provisions for fines contained in A.C.A. § 27-23-209 do not apply to school districts, school districts are still required to comply with this law. It is for this reason, along with simple prudence in not hiring a person who receives a positive drug/alcohol test, that this language is included. The request for information required by the state is in addition to the federal requirement (49 C.F.R. § 40.25(a)(b)) that you request drug and alcohol test results from any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two years prior to the date of the employee's application.

⁷ You may choose to have an employee submit a written authorization that is valid for a specific number of years instead of on an annual basis.

⁸ Employers are required to report to the Office of Driver Services of the Revenue Division of the Department of Finance and Administration within three (3) business days the results of an alcohol test if it was performed due to cause or as part of random testing and the results were positive or the employee refused to provide a specimen for testing.

⁹ The drivers covered under this policy are those who are required to have a teaching license as a prerequisite for their job. Federal law requires you to remove them from safety-sensitive functions when a drug or alcohol related problem exists, but does not enter into the realm of dismissing them from their teaching duties. Bus drivers who are not also teaching licensed personnel are covered under the Classified Policy 8.4 and may be dealt with given the specific provisions of their employment.

ASBA recommends that licensed employees who are hired for driving a bus in addition to their teaching responsibilities be hired under separate contracts for each position.

¹⁰ When submitting a report, you are required to include all of the following information, as applicable, and provide a copy of the submitted information to the employee, which the employee should sign off on having received:

- a. The reason for the test;
- b. Employee's name, date of birth, and CDL number and State of issuance;
- c. District name, address, and USDOT number;
- d. Date of the test;
- e. Date the result was reported; and
- f. Test result, which must be one of the following:
 - Negative, which is only required for return-to-duty tests;
 - Positive; or
 - Refusal to take a test, which shall include the following additional documentation for an employee's refusal to take a test due to the employee's failure to appear for the test:
 - Documentation, including, but not limited to, electronic mail or other contemporaneous record of the time and date the employee was notified to appear at a testing site; and the time, date and testing site location at which the employee was directed to appear, or an affidavit providing evidence of such notification;
 - Documentation, including, but not limited to, electronic mail or other correspondence, or an affidavit, indicating the date the employee was terminated or resigned (if applicable);
 - Documentation, including, but not limited to, electronic mail or other correspondence, or an affidavit, showing that the C/TPA reporting the violation was designated as a service agent for an employer who employs himself/herself as an employee performing safety-sensitive functions when the reported refusal occurred (if applicable); and
- g. Documentation, including a certificate of service or other evidence, showing that the District provided the employee with all documentation reported under paragraphs (a) through (f) above.

¹¹ When submitting a report, you are required to include all of the following information, as applicable, and provide a copy of the submitted information to the employee, which the employee should sign off on having received:

- a. Employee's name, date of birth, CDL number and State of issuance;

- b. District name, address, and USDOT number;
- c. Date the District obtained actual knowledge of the violation;
- d. Witnesses to the violation, if any, including contact information;
- e. Description of the violation;
- f. Evidence supporting each fact alleged in the description of the violation, which may include, but is not limited to:
 - Affidavits;
 - Photographs;
 - Video or audio recordings;
 - Employee statements unless the admission is made in conformity with the District’s written employer voluntary self-identification program or policy;
 - Correspondence; or
 - Other documentation; and

3.8 - LICENSED PERSONNEL SICK LEAVE

Definitions

1. "Employee" is a full-time employee of the District.
2. "Sick Leave" is absence from work due to illness, whether by the employee or a member of the employee's immediate family, or due to a death in the family. The principal shall determine whether sick leave will be approved on the basis of a death outside the immediate family of the employee.
3. "Excessive Sick Leave" is absence from work, whether paid or unpaid, that exceeds twelve (12) days in a contract year for an employee and that is not excused pursuant to: District policy; the Family Medical Leave Act; a reasonable accommodation of disability under the American's With Disabilities Act; or due to a compensable Workers' Compensation claim.
4. "Grossly Excessive Sick Leave" is absence from work, whether paid or unpaid, that exceeds 10% of the employee's contract length and that is not excused pursuant to: District policy; the Family Medical Leave Act; a reasonable accommodation of disability under the American's With Disabilities Act; or due to a compensable Workers' Compensation claim.
5. "Current Sick Leave" means those days of sick leave for the current contract year, which leave is granted at the rate of one (1) day of sick leave per contracted month, or major part thereof.
6. "Accumulated Sick Leave" is the total of unused sick leave accrued from previous contract, but not used.
7. "Immediate family" means an employee's spouse, child, parent, or any other relative provided the other relative lives in the same household as the employee.

Sick Leave

The principal has the discretion to approve sick leave for an employee to attend the funeral of a person who is not related to the employee, under circumstances deemed appropriate by the principal.

Reimbursement of Sick Leave

Reemployment benefits – Teachers who resign and are later reemployed by the Osceola School District may regain up to 90 days of accumulated and unused sick leave benefits. Teachers returning from leave of absence shall regain their total accumulated sick leave benefits.

Retirement reimbursement – Those individuals who resign from the Osceola School District and who are eligible to retire without penalty from the Arkansas Teacher Retirement System will receive a cash payment at the following rates:

1. One year of service in the Osceola School District = 1/4th their regular daily salary rate of pay for 10 unused sick days.
2. Two years of service in the Osceola School District = 1/4th their regular daily salary rate of pay for 20 unused sick days.
3. Three or more years of service in the Osceola School District = 1/4th their regular daily salary rate of pay for all accumulated unused sick days.

Payment will be made within ninety (90) days of the end of the school term, provided that documentation has been received by the Superintendent's office that the person is qualified for or is in fact drawing benefits from the Arkansas Teachers Retirement System.

Absences for illness in excess of the employee's accumulated and current sick leave shall result in a deduction from the employee's pay at the daily rate as defined above.

At the discretion of the principal (or Superintendent), and, if FMLA is applicable, subject to the certification or recertification provisions contained in policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE the District may require a written statement from the employee's physician documenting the employee's illness. Failure to provide such documentation of illness may result in sick leave not being paid, or in discipline up to and including termination.

An employee shall be credited with one (1) day of sick leave in the event the employee used one (1) day of sick leave on a mandatory professional development (PD) day so long as the employee makes up the missed mandatory PD day on a noncontract day. Costs and expenses associated with the make-up PD shall be the responsibility of the employee unless agreed to in writing by the superintendent or the superintendent's designee for the expenses to be covered by the District.

Should a teacher be absent frequently during a school year, and said absences are not subject to FMLA leave, and if such a pattern of absences continues, or is reasonably expected to continue, the Superintendent may relieve the teacher of his assignment (with Board approval) and assign the teacher substitute duty at the teacher's daily rate of pay. Should the teacher fail, or otherwise be unable, to report for substitute duty when called, the teacher will be charged a day of sick leave, if available or if unavailable, the teacher will lose a day's wages at his/her daily rate of pay.

Temporary reassignment may also be offered or required in certain circumstances as provided in 3.32—**LICENSED PERSONNEL FAMILY MEDICAL LEAVE.**

If the employee's absences are excessive or grossly excessive as defined by this policy, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the contract of employment. The superintendent shall have the authority when making his/her determination to consider the totality of circumstances surrounding the absences and their impact on district operations or student services.

Sick Leave and Family Medical Leave Act (FMLA) Leave

When an employee takes sick leave, the District shall determine if the employee is eligible for FMLA leave and if the leave qualifies for FMLA leave. The District may request additional information from the employee to help make the applicability determination. If the employee is eligible for FMLA leave and if the leave qualifies under the FMLA, the District will notify the employee in writing, of the decision within five (5) workdays. If the circumstances for the leave as defined in policy 3.32—**LICENSED PERSONNEL FAMILY MEDICAL LEAVE** don't change, the District is only required to notify the employee once of the determination regarding the applicability of sick leave and/or FMLA leave within any applicable twelve (12) month period. To the extent the employee has accrued paid sick leave, any sick leave taken that qualifies for FMLA leave shall be paid leave and charged against the employee's accrued leave including, once an employee exhausts his/her accrued sick leave, vacation or personal leave. See 3.32—**LICENSED PERSONNEL FAMILY MEDICAL LEAVE.**

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 3.44, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

Acceptance of Sick Leave Days: Any teacher may transfer up to ninety (90) accumulated sick days to our district from their last school district of employment. This includes teachers coming from an out-of-state school district. The accumulated and unused sick leave shall be credited to the employee upon receipt of written proof from the school district, educational cooperative or state education agency in which the employee was formerly employee. The days must be transferred within the first semester of employment in our district.

2. To participate, licensed employees must have been employed by the district for three (3) years prior to being qualified to enter the Sick Bank.
3. Only participating licensed employees can make withdrawals.
4. After all accumulated regular sick leave days and personal days have been used by the licensed employee; the licensed employee may submit a written request to the Superintendent or campus Sick Bank representative, to be presented to the Sick Bank Committee. The Sick Bank Committee may request that two (2) physicians' statements be presented stating the extent of the injuries or illness and the probable length of the employee's absence from school.
5. Sick Bank Committee shall have sole discretion in granting sick days in cases of emergency caused by serious illness or serious accident pertaining to a member, their spouse, or children as determined by the Sick Bank Committee. Granting of days will occur only after all accumulated regular sick leave days and personal days have been used.
6. Neither normal pregnancy nor elective surgery shall qualify for withdrawal of Sick Bank days. (A request for Sick Bank days based upon surgery must be accompanied by two (2) physicians' statements attesting to the necessity of immediate surgery.)

 - The total number of days that can be accumulated in the sick leave bank shall not exceed six hundred.

New eligible licensed employees who join the Sick Bank must contribute one day regardless of the total number of days accumulated in the Sick Bank. Proposed for the 2006-2012 school year.
8. During the first month, the participating staff will elect the seven-member committee and alternates, and receive a report on the bank's status. Nominations will be solicited and the Assistant Superintendent will contact each nominee to confirm. Each elected member will serve a two-year term with one-half of the committee being elected annually.
 - Year 1 – High School, Middle School, and Academic Center of Excellence
 - Year 2 – North Elementary, West Elementary and East Elementary

11. The maximum number of days that can be withdrawn with any one request is 15 days. The total number of days an individual can withdraw per contract year is 45 days. These must be used consecutively unless given specific permission by the Sick Bank Committee to use otherwise.

12. The decision of the committee must be made in writing to the employee by the chairperson of the committee within 48 hours of the decision. If the information provided to the committee is deemed by a majority of the committee to be insufficient, the committee may require additional information or deny the employee's request at its discretion. The committee shall have the authority to grant, reduce, or deny any request.
13. Any unused days automatically return to the Sick Bank upon returning to work.
14. No contribution can be refunded.
15. The committee's decision shall be final and there shall be no appeal.
16. Any recommendations for additions, deletions, or changes to these guidelines may only be made to the School Board by a two-thirds majority vote of licensed staff.
17. If and when a person withdraws days from the Sick Bank over two consecutive years, the Sick Bank Committee shall reserve the right to deny or grant such requested days.
18. The committee shall have the authority to grant, reduce, or deny any request. However, the committee may deny requests or withdraw granted days when the employee accepts retirement; is eligible for Social Security Disability; or other disability insurance or the employee returns to work.

3.10 - LICENSED PLANNING TIME

The superintendent is responsible for ensuring master schedules are created which determine the timing and duration of each teacher's planning and scheduled lunch periods. Planning time is for the purpose of scheduling conferences, instructional planning, and preparation. Each teacher will have the ability to schedule these activities during his/her designated planning time.¹ Teachers may not leave campus during their planning time without prior permission from their building level supervisor.²

The planning time shall be in increments of not less than forty (40) minutes and shall occur during the student instructional day unless a teacher requests, in writing, to have his/her planning time occur outside of the student instructional day. For the purposes of this policy, the student instructional day means the time that students are required to be present at school.

Date Adopted: 5/14/2012

Last Revised: March 2012

3.11—LICENSED PERSONNEL PERSONAL AND PROFESSIONAL LEAVE

Personal Leave

For the district to function efficiently and have the necessary personnel present to effect a high achieving learning environment, employee absences need to be kept to a minimum. The district acknowledges that there are times during the school year when employees have personal business that needs to be addressed during the school day. Each full-time employee shall receive two (2)¹ days of personal leave per contract year. The leave may be taken in increments of no less than ½ days.²

Employees shall take personal leave or leave without pay for those absences which are not due to attendance at school functions which are related to their job duties and do not qualify for other types of leave (for sick leave see Policy 3.8, for professional leave see below).

School functions, for the purposes of this policy, means:

1. Athletic or academic events related to the school district; and
2. Meetings and conferences related to education.

For employees other than the superintendent, the determination of what activities meet the definition of a school function shall be made by the employee's immediate supervisor or designee. For the superintendent, the school board of directors shall determine what activities meet the definition of a school function. In no instance shall paid leave in excess of allotted vacation days and/or personal days be granted to an employee who is absent from work while receiving remuneration from another source as compensation for the reason for their absence.

Any employee desiring to take personal leave may do so by making a written request to his or her supervisor at least twenty-four (24) hours prior to the time of the requested leave. The twenty-four hour requirement may be waived by the supervisor when the supervisor deems it appropriate.

Employees who fail to report to work when their request for a personal day has been denied or who have exhausted their allotted personal days, shall lose their daily rate of pay for the day(s) missed (leave without pay). While there are instances where personal circumstances necessitate an employee's absence beyond the allotted days of sick and/or personal leave, any employee who requires leave without pay must receive advance permission (except in medical emergencies and/or as permitted by policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE) from their immediate supervisor. Failure to report to work without having received permission to be absent is grounds for discipline, up to and including termination.

Personal leave does not accumulate from one contract year to the next.³

Personal leave may not be taken the day before or the day after a holiday.⁴

Professional Leave

“Professional Leave” is leave granted for the purpose of enabling an employee to participate in professional activities (e.g., teacher workshops or serving on professional committees) which can serve to improve the school District’s instructional program or enhances the employee’s ability to perform his duties. Professional leave will also be granted when a school District employee is subpoenaed for a matter arising out of the employee’s employment with the school District. Any employee seeking professional leave must make a written request to his or her immediate supervisor, setting forth the information necessary for the supervisor to make an informed decision. The supervisor’s decision is subject to review and overruling by the superintendent. Budgeting concerns and the potential benefit for the District’s students will be taken into consideration in reviewing a request for professional leave.

Applications for professional leave should be made as soon as possible following the employee’s discerning a need for such leave, but, in any case, no less than two (2) weeks before the requested leave is to begin, if possible.

If the employee does not receive or does not accept remuneration for his/her participation in the professional leave activity and a substitute is needed for the employee, the District shall pay the full cost of the substitute. If the employee receives and accepts remuneration for his/her participation in the professional leave activity (e.g. scholastic audits), the employee shall forfeit his/her daily rate of pay from the District for the time the employee misses. The cost of a substitute, if one is needed, shall be paid by the employee/District.⁵

Date Adopted: 6/9/2014

3.11.1 – BEREAVEMENT LEAVE

When a teacher requests a bereavement leave for an immediate family member, he or she will be allowed one (1) day of leave per school year without any deduction in pay. Additional days taken shall be taken as sick and/or personal.

“Immediate Family” shall be defined to include husband, wife, child, father, mother, brother, sister, grandparents, grandchildren, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, guardian, aunt and or uncle of the employee and/or other members of the family living in the same household of the employee.

When a teacher requests a bereavement leave for a friend, associate, or distant family member, the days requested will be counted as personal or sick. The option to use sick or personal days will be at the teacher’s discretion.

ALL BEREAVEMENT LEAVE SHALL BE GRANTED AT THE TIME OF THE FUNERAL.

Date Adopted: 5/14/2007

3.12 - LICENSED PERSONNEL RESPONSIBILITIES IN DEALING WITH SEX OFFENDERS ON CAMPUS

Individuals who have been convicted of certain sex crimes must register with law enforcement as sex offenders. Arkansas law places restrictions on sex offenders with a Level 1 sex offender having the least restrictions (lowest likelihood of committing another sex crime), and Level 4 sex offenders having the most restrictions (highest likelihood of committing another sex crime).

While Levels 1 and 2 place no restrictions prohibiting the individual's presence on a school campus, Levels 3 and 4 have specific prohibitions. These are specified in Policy 6.10—SEX OFFENDERS ON CAMPUS (MEGAN'S LAW) and it is the responsibility of district staff to know and understand the policy and, to the extent requested, aid school administrators in enforcing the restrictions placed on campus access to Level 3 and Level 4 sex offenders.

It is the intention of the board of directors that district staff not stigmatize students whose parents or guardians are sex offenders while taking necessary steps to safeguard the school community and comply with state law. Each school's administration should establish procedures so attention is not drawn to the accommodations necessary for registered sex offender parents or guardians.

Notes: This policy is similar to Policy 8.8. If you change this policy, review 8.8 at the same time to ensure applicable consistency between the two.

¹ For example, if a sex offender parent will arrive for conferences at the same time as other parents, staff should escort additional parents to their student's classroom, not just the sex offender parent. All principals, designees, and school employees who will or may have contact with the sex offender parents shall be required to keep confidential both the sex offender status and sex offender accommodations made for a parent.

3.13 - LICENSED PERSONNEL PUBLIC OFFICE

An employee of the District who is elected to the Arkansas General Assembly or any elective or appointive public office (not legally constitutionally inconsistent with employment by a public school district) shall not be discharged or demoted as a result of such service.

No sick leave will be granted for the employee's participation in such public office. The employee may take personal leave or vacation (if applicable), if approved in advance by the Superintendent, during his absence.

Prior to taking leave, and as soon as possible after the need for such leave is discerned by the employee, he must make written request for leave to the Superintendent, setting out, to the degree possible, the dates such leave is needed.

An employee who fraudulently requests sick leave for the purpose of taking leave to serve in public office may be subject to nonrenewal or termination of his employment contract.

Last Revised: 1/7/2016

3.14 – LICENSED PERSONNEL JURY DUTY

Employees are not subject to discharge, loss of sick leave, loss of vacation time or any other penalty due to absence from work for jury duty, upon giving reasonable notice to the District through the employee's immediate supervisor.

The employee must present the original (not a copy) of the summons to jury duty to his supervisor in order to confirm the reason for the requested absence.

3.15 - LICENSED PERSONNEL LEAVE - INJURY FROM ASSAULT

Any teacher, who, while in the course of their employment, is injured by an assault or other violent act; while intervening in a student fight; while restraining a student; or while protecting a student from harm, shall be granted a leave of absence for up to one (1) year from the date of the injury, with full pay.

A leave of absence granted under this policy shall not be charged to the teacher's sick leave.

In order to obtain leave under this policy, the teacher must present documentation of the injury from a physician, with an estimate for time of recovery sufficient to enable the teacher to return to work, and written statements from witnesses (or other documentation as appropriate to a given incident) to prove that the incident occurred in the course of the teacher's employment.

Date Adopted: 5/14/2012

Last Revised: March 2012

3.16—LICENSED PERSONNEL REIMBURSEMENT FOR PURCHASE OF SUPPLIES

Prekindergarten through sixth grade teachers shall be allotted the amount required by law to be used by the teacher in his/her classroom or for class activities. The amount shall be credited to an account from which the teacher shall be reimbursed for his/her covered purchases to the extent funds are available in the account. For the purposes of this policy, pre-kindergarten through sixth grade teachers shall be allotted the greater of:

Twenty dollars (\$20) per student enrolled in the teacher's class for more than fifty percent (50%) of the school day at the end of the first three (3) months of the school year; or

1. Five hundred dollars (\$500).

Teachers may purchase supplies and supplementary materials from the District at the District's cost to take advantage of the school's bulk buying power. To do so, teachers shall complete and have approved by the Superintendent a purchase order for supplies which will then be purchased on the teacher's behalf by the school and subtracted from the teacher's total supply and material allocation. Teachers may also purchase materials and supplies using their own funds and apply for reimbursement by submitting itemized receipts. Receipts totaling less than \$ 10.00 will be held until total receipts are equal to or greater than \$ 40.00. Supplies and materials purchased with school funds, or for which the teacher is reimbursed with school funds, are school property, and should remain on school property except to the extent they are used up or consumed or the purchased supplies and/or materials are intended/designed for use away from the school campus.

Unused allotments shall not be carried over from one fiscal year to the next.

Date Adopted: 6/8/2015

Last Revised: 1/23/2015

3.18—LICENSED PERSONNEL OUTSIDE EMPLOYMENT

An employee of the District may not be employed in any other capacity during regular working hours.

An employee may not accept employment outside of his district employment which will interfere, or otherwise be incompatible with the District employment, including normal duties outside the regular work day; nor shall an employee accept other employment which is inappropriate for an employee of a public school.

The Superintendent, or his designee(s), shall be responsible for determining whether outside employment is incompatible, conflicting or inappropriate.

When a licensed employee is additionally employed by the District in either a classified capacity or by a contract to perform supplementary duties for a stipend or multiplier, the duties, expectations, and obligations of the primary licensed position employment contract shall prevail over all other employment duties unless the needs of the district dictate otherwise. If there is a conflict between the expectations of the primary licensed position and any other contracted position, the licensed employee shall notify the employee's building principal as far in advance as is practicable. The building principal shall verify the existence of the conflict by contacting the supervisor of the secondary contracted position. The building principal shall determine the needs of the district on a case-by-case basis and rule accordingly. The principal's decision is final with no appeal to the Superintendent or the School Board. Frequent conflicts or scheduling problems could lead to the non-renewal or termination of the classified contract of employment or the contract to perform the supplementary duties.

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 3.44, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

Date Adopted: 6/9/2014

Last Revised: 2/18/2014

3.19—LICENSED PERSONNEL EMPLOYMENT

All prospective employees must fill out an application form provided by the District, in addition to any resume provided; all of the information provided is to be placed in the personnel file of those employed.

If the employee provides false or misleading information, or if he/she withholds information to the same effect, it may be grounds for dismissal. In particular, it will be considered a material misrepresentation and grounds for termination of contract of employment if an employee's licensure status is discovered to be other than as it was represented by an employee or applicant, either in writing on application materials or in the form of verbal assurances or statements made to the school district.

It is grounds for termination of contract of employment if an employee fails a criminal background check or receives a true report on the Child Maltreatment Central Registry check.¹

All teachers who begin employment in the 2023-2024 school year and each school year thereafter shall demonstrate proficiency or awareness in knowledge and practices in scientific reading instruction as is applicable to their teaching position by completing the prescribed proficiency or awareness in knowledge and practices of the scientific reading instruction credential either as a condition of licensure or within one (1) year for teachers who are already licensed or employed as a teacher under a waiver from licensure.

Before the superintendent may make a recommendation to the Board that an individual be hired by the District, the superintendent shall check the Arkansas Educator Licensure System to determine if the individual has a currently suspended or revoked teaching license. An individual with a currently suspended license or whose license has been revoked by the State Board of Education is not eligible to be employed by the District; this prohibition includes employment as a substitute teacher, whether directly employed by the District or providing substitute teaching services under contract with an outside entity.

The District is an equal opportunity employer and shall not discriminate on the grounds of race, color, religion, national origin, sex, pregnancy, sexual orientation, gender identity, age, disability, or genetic information.²

Inquiries on nondiscrimination may be directed to the assistant superintendent³, who may be reached at rbryant@osd1.org⁴.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcop01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

In accordance with Arkansas law⁵, the District provides a veteran preference to applicants who qualify for one of the following categories:

1. A veteran without a service-connected disability;
2. A veteran with a service-connected disability; and
3. A deceased veteran's spouse who is unmarried throughout the hiring process.

For purposes of this policy, "veteran" is defined as:

- a. A person honorably discharged from a tour of active duty, other than active duty for training only, with the armed forces of the United States; or
- b. Any person who has served honorably in the National Guard or reserve forces of the United States for a period of at least six (6) years, whether or not the person has retired or been discharged.

In order for an applicant to receive the veteran preference, the applicant must be a citizen and resident of Arkansas, be substantially equally qualified as other applicants, and do all of the following:

1. Indicate on the employment application the category the applicant qualifies for;
2. Attach the following documentation, **as applicable**, to the employment application:
 - Form DD-214 indicating honorable discharge;
 - A letter dated within the last six months from the applicant's command indicating years of service in the National Guard or Reserve Forces as well as the applicant's current status;
 - Marriage license;
 - Death certificate;
 - Disability letter from the Veteran's Administration (in the case of an applicant with a service-related disability).

Failure of the applicant to comply with the above requirements shall result in the applicant not receiving the veteran preference; in addition, meeting the qualifications of a veteran or spousal category does not guarantee either an interview or being hired.

Notes: This policy is similar to Policy 8.13. If you change this policy, review 8.13 at the same time to ensure applicable consistency between the two.

¹ A.C.A. § 6-17-411 allows an individual who fails the criminal background check or has a true finding on the Child Maltreatment Central Registry to be employed by a district if the State Board grants a waiver. A.C.A. § 6-17-410 provides that the State Board must receive a written request for a hearing for a waiver within thirty (30) days from when notice of the individual's denial, nonrenewal, or revocation is received. Either the school board or the individual seeking employment may request the hearing for a waiver.

A waiver from the State Board for an individual to get a license counts as a waiver for the same offense when hiring.

² A copy of the nondiscrimination statement should be included in all district publications unless the publication is intended only for students and parents. Publications intended only for students and parents should include the nondiscrimination clause in Policy 4.11—EQUAL EDUCATIONAL OPPORTUNITY.

³ Insert the position(s) designated to be contacted on discrimination inquiries. If you have different positions designated to answer questions on disability discrimination (504 coordinator) and sex discrimination (Title IX coordinator), then you will need to include the position responsible for each area. Do not include the name(s) of the person(s) to be contacted in the policy; changing the name of the person (due to a staffing change) would necessitate amending the policy, which would require it to go through the entire adoption process.

⁴ Insert the office address, phone number, and email address to be used to contact the designated position. If you have more than one position designated as set forth in footnote 3, you will need to include a contact number, email address, and office address for each position. The contact number and office address may be the school/district address and phone number. We recommend making the email address specific to the position, such as titleix@districtdomain.org, and having the emails sent to the coordinator's inbox to prevent having to amend the policy due to staff changes.

While 34 C.F.R. § 106.8 requires that an individual be able to submit a report, including by telephone, both inside and outside of business hours, we do not believe that this requires that the Title IX Coordinator must be on-call to receive phone calls at any time; instead, the number provided for individuals to use must allow individuals wanting to report sexual discrimination or sexual harassment to the Title IX Coordinator to be able to leave a voice message for the Title IX Coordinator.

⁵ A.C.A. § 21-3-301 et seq. includes public schools in the list of employers required to provide a preference to applicants who qualify for a veteran or a deceased veteran's spouse category when selecting interview candidates, during the interview process, and in selecting a new employee.

A.C.A. § 21-3-302 covers the requirements for giving a veteran preference during the application, interview, and hiring processes. The statute does not require districts to use a particular scoring method to demonstrate giving a preference and districts can continue using the system they have previously been using. However, A.C.A. § 21-3-302 and A.C.A. § 21-3-303 require districts be able to demonstrate that any qualifying applicant was given a preference during the entire application, interview, and hiring processes.

If a veteran who is not hired requests, the district must provide the veteran with his/her base score, adjusted score, and the successful candidate's score. While there is no statutorily required method, ASBA suggests districts use a numerical scoring rubric for the entire hiring process. The use of such a rubric makes it easy to demonstrate a preference was given as you can point to where qualifying applicants received additional points. Districts that don't use a numerical scoring method are required, upon a veteran's request, to provide all documentation allowed to be released under FOIA to the veteran to demonstrate how the preference was used to develop the list of qualified candidates to be interviewed and to select the person actually hired.

3.21—LICENSED PERSONNEL USE OF TOBACCO, ELECTRONIC NICOTINE DELIVERY SYSTEMS, AND RELATED PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, or other school vehicles is prohibited.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

Violation of this policy by employees shall be grounds for disciplinary action up to, and including, dismissal.

Notes: This policy is similar to policy 8.15. If you change this policy, review Policy 8.15 at the same time to ensure applicable consistency between the two.

The statute requires posting the statute "...in a conspicuous location at every entrance to each building owned or leased by a public school district and every school bus used to transport students"

This model policy tracks the state law referenced below. It is not required to be in District policies, but it could be useful in informing employees of the statutory prohibition on all tobacco use.

Teachers shall not dress in any manner that could be determined as disruptive and detrimental to the educational process, goals, standards, and philosophy of the Osceola school system. Teachers shall dress in a manner appropriate for professional educators, consistent with standards, which exemplify good taste in the selection of apparel to be worn in an educational setting. Teachers who work in the gym or special settings should wear clothing appropriate for that area then be prepared to make changes as necessary for a new location. The interpretation of professional and appropriate is to be addressed by each campus principal.

Employees are free to engage in political activity outside of work hours to the extent that it does not affect the performance of their duties or adversely affect important working relationships.

It is specifically forbidden for employees to engage in political activities on the school grounds or during work hours. The following activities are forbidden on school property:

1. Using students for preparation or dissemination of campaign materials;
2. Distributing political materials;
3. Distributing or otherwise seeking signatures on petitions of any kind;
4. Posting political materials; and
5. Discussing political matters with students, in the classroom, in other than circumstances appropriate to the Frameworks and/or the curricular goals and objectives of the class.

3.24—LICENSED PERSONNEL DEBTS

For the purposes of this policy, "garnishment" of a district employee is when the employee has lost a lawsuit to a judgment creditor who brought suit against a school district employee for an unpaid debt, has been awarded money damages as a result, and these damages are recoverable by filing a garnishment action against the employee's wages. For the purposes of this policy, the word "garnishment" excludes such things as child support, student loan or IRS liens or voluntary deductions levied against an employee's wages.

All employees are expected to meet their financial obligations. If an employee writes "hot" checks or has his income garnished by a judgment creditor, dismissal may result.

An employee will not be dismissed for having been the subject of one (1) garnishment. However, a second or third garnishment may result in dismissal.

At the discretion of the Superintendent, he or his designee may meet with an employee who has received a second garnishment for the purpose of warning the employee that a third garnishment will result in a recommendation of dismissal to the School Board.

At the discretion of the Superintendent, a second garnishment may be used as a basis for a recommended dismissal. The Superintendent may take into consideration other factors in deciding whether to recommend dismissal based on a second garnishment. Those factors may include, but are not limited to, the amount of the debt, the time between the first and the second garnishment, and other financial problems which come to the attention of the District.

3.25 – LICENSED PERSONNEL GRIEVANCES

The purpose of this policy is to provide an orderly process for employees to resolve, at the lowest possible level, their concerns related to the personnel policies or salary payments of this district.

Definitions

“Employee” means any person employed under a written contract by this school district.

“Grievance” means a claim or concern raised by an individual employee of this school district related to the interpretation, application, or claimed violation of the personnel policies, including salary schedules; federal laws and regulations; state laws and rules; or terms or conditions of employment. Other matters for which the means of resolution are provided or foreclosed by statute or administrative procedures shall not be considered grievances. Specifically, no grievance may be entertained against a supervisor for directing, instructing, reprimanding, or “writing up” an employee under his/her supervision.¹ A group of employees who have the same grievance may file a group grievance.

“Group Grievance”-means a grievance that may be filed as a group all of the following criteria are met and the group’s issue is a subject that may be grieved under this policy’s definition of grievance:

1. More than one individual has interest in the matter; and
2. The group has a well-defined common interest in the facts and/or circumstances of the grievance; and
3. The group has designated an employee spokesperson to meet with administration and/or the board; and
4. All individuals within the group are requesting the same relief.

Simply meeting all of the criteria above alone does not ensure that the subject presented by the group is eligible to be grieved.

“Immediate Supervisor” means the person immediately superior to an employee who directs and supervises the work of that employee.

“Working day” means any weekday other than a holiday whether or not the employee under the provisions of their contract is scheduled to work or whether they are currently under contract.

Process

Level One: An employee who believes that he/she has a grievance shall inform that employee’s immediate supervisor that the employee has a potential grievance. Except for a grievance concerning back pay, the employee must inform his/her immediate supervisor of the existence of a potential grievance within five (5) working days of the occurrence of the grievance. The supervisor shall schedule a conference with the employee to hear the employee’s potential grievance that shall be held no later than five (5) working days after the supervisor is informed of the existence of the potential grievance and offer the employee an opportunity to have a witness or representative who is not a member of the employee’s immediate family present at their conference. If the grievance is not advanced to Level Two within five (5) working days following the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

If the grievance cannot be resolved by the immediate supervisor, the employee can advance the grievance to Level Two. To do this, the employee must complete the top half of the Level Two Grievance Form within five (5) working days of the discussion with the immediate supervisor, citing the manner in which the specific personnel policy was violated that has given rise to the grievance, and submit the Grievance Form to his/her immediate supervisor. The supervisor will have ten (10) working days to respond to the grievance using the bottom half of the Level Two Grievance Form which he/she will submit to the building principal or, in the event that the employee’s immediate supervisor is the building principal, the superintendent.

Level Two (when appeal is to the building principal): Upon receipt of a Level Two Grievance Form, the building principal will have ten (10) working days to schedule a conference with the employee filing the grievance. The principal shall offer the employee an opportunity to have a witness or representative who is not a member of the employee’s immediate family present at their conference. After the conference, the principal will have ten (10) working days in which to deliver a written response to the grievance to the employee. If the grievance is not advanced

to Level Three within five (5) working days from the date of the principal's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

Level Two (when appeal is to the superintendent): Upon receipt of a Level Two Grievance Form, the superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Level Three: If the proper recipient of the Level Two Grievance was the building principal, and the employee remains unsatisfied with the written response to the grievance, the employee may advance the grievance to the superintendent by submitting a copy of the Level Two Grievance Form and the principal's reply to the superintendent within five (5) working days of his/her receipt of the principal's written reply. The superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Appeal to the Board of Directors: An employee who remains unsatisfied by the written response of the superintendent may appeal the superintendent's decision to the Board of Directors within five (5) working days of his/her receipt of the Superintendent's written response by submitting a written request for a board hearing to the superintendent². If the grievance is not appealed to the Board of Directors within five (5) working days of his/her receipt of the superintendent's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

The school board will address the grievance at the next regular meeting of the school board, unless the employee agrees in writing to an alternate date for the hearing. Based on a review of the Level Two Grievance Form and the superintendent's reply, the board shall:

- a. For a grievance filed as an individual, determine if the grievance, on its face, is a subject that may be grieved under district policy.
- b. For a grievance that is filed as a group grievance, review the composition of the group and either:
 - Rule that the group has met the requirements to qualify as a group grievance and then determine whether the matter of the grievance is, on its face, a subject that may be grieved under District policy; or
 - Rule that the composition of the group does not meet the definition of a group grievance under District policy.

If the Board rules that the grievance, whether filed as an individual or as a group, is not a subject that may be grieved, the matter shall be considered closed. If the Board rules that the composition of the group does not meet the definition of a group grievance under District policy, employees who had filed a grievance as part of a group grievance that the Board ruled to not meet the policy's definition of a group grievance may choose to subsequently file an individual grievance by starting with Level One of the process; in such cases, a grievance will be considered to be timely filed if the notification of the employee's supervisor requirement under Level 1 is made within five (5) work days of the Board meeting where the Board ruled that the proposed group grievance did not meet the policy's definition of a group grievance.

If the Board rules the grievance to be a subject that may be grieved, they shall immediately commence a hearing on the grievance. All parties have the right to representation at the appeal hearing by a person of their own choosing except that no party shall be represented by an individual who is a member of the employee's immediate family. The employee shall have no less than ninety (90) minutes to present his/her grievance, unless a shorter period is agreed to by the employee, and both parties shall have the opportunity to present and question witnesses. The hearing shall be open to the public unless the employee requests a private hearing. If the hearing is open to the public, the parent or guardian of any student under the age of eighteen (18) years who gives testimony may elect to have the student's testimony given in closed session. At the conclusion of the hearing, if the hearing was closed, the Board of Directors may excuse all parties except board members and deliberate, by themselves, on the hearing. At the conclusion of an open hearing, board deliberations shall also be in open session unless the board is deliberating the employment,

appointment, promotion, demotion, disciplining, or resignation of the employee. A decision on the grievance shall be announced no later than the next regular board meeting.

Records

Records related to grievances will be filed separately and will not be kept in, or made part of, the personnel file of any employee.

Reprisals

No reprisals of any kind will be taken or tolerated against any employee because he/she has filed or advanced a grievance under this policy.

Notes: This policy is similar to Policy 8.19. If you change this policy, review 8.19 at the same time to ensure applicable consistency between the two.

¹ It is important to understand the implications of the language contained in this paragraph. Only matters specified in the first sentence of the paragraph are, in fact, subjects that may be grieved, but that cannot prohibit an employee from filing a grievance which the administration does not deem to be a subject that may be grieved and nonetheless advancing it through the grievance process. Ultimately, it is the board that determines whether or not the matter is actually a subject that may be grieved by comparing the written grievance to the definition of grievance in the grievance policy, and continuing on with the hearing only if the grievance is determined to be within the definition. This is addressed in the “Appeal to the Board of Directors” section.

² It is suggested that you date stamp the request for a board hearing upon receipt.

3.26—LICENSED PERSONNEL SEXUAL HARASSMENT

The Osceola School District is committed to providing an academic and work environment that treats all students and employees with respect and dignity. Student achievement and amicable working relationships are best attained in an atmosphere of equal educational and employment opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational and work environment and will not be tolerated.

The District believes the best policy to create an educational and work environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District’s written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students and employees can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct;² or
 - b. Uses the rejection of unwelcome sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as

reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; non-employees and students; employees; and employees and non-employees.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Employees who believe they have been subjected to sexual harassment are encouraged to submit a report to their immediate supervisor, an administrator, or the Title IX coordinator. Under no circumstances shall an employee be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the sexual harassment. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District’s grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - ✚ The identities of the parties involved in the incident, if known;
 - ✚ The conduct allegedly constituting sexual harassment; and
 - ✚ The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District’s personnel policies and code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular “party”, “complainant”, or “respondent” include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and

- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's personnel policies or code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's personnel policies or code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- ✚ Any individual who has made a report or complaint of sex discrimination;
- ✚ Any individual who has made a report or filed a formal complaint of sexual harassment;
- ✚ Any complainant;
- ✚ Any individual who has been reported to be the perpetrator of sex discrimination;
- ✚ Any respondent; and
- ✚ Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Administrative Leave⁶

The District may place a non-student employee respondent on administrative leave during the pendency of the District's grievance process.

Retaliation Prohibited

Employees who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for personnel policy violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student or employee to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any employee who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, termination. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Employees who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including termination. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 **requires** that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;
 - Completing the District's grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
 - Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District's education program or activity, which may include the same individualized supportive measures;
 - Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;

- Provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness;
- Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District’s education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;
- Provide the District webpage where the materials used to train the District’s Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³
- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party’s advisor, or a witness;
 - Concurrent law enforcement activity; or
 - The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;
- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While we have left the language from the definition for sexual harassment from 34 C.F.R. § 106.30 requiring that the sexual conduct with an employee must be “unwelcome” in this policy, we have removed the word “unwelcome” from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ As A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to “modify the prescribed penalties for a student on a case-by-case basis”, we have left this appeal option in this policy in recognition that an employee may be sexually harassed by a student. 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore both the complainant and respondent have the right to appeal the initial determination-maker’s disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual’s rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

The Osceola School District provides computers and/or computer Internet access for many employees to assist employees in performing work related tasks. Employees are advised that they enjoy no expectation of privacy in any aspect of their computer use, including email, and that under Arkansas law both email and computer use records maintained by the district are subject to disclosure under the Freedom of Information Act. The District Information Technology Security Officer or designee may authorize the disabling of the filter to enable access by an adult for a bona fide research or other lawful purpose.

Employees who misuse district-owned computers in any way, including excessive personal use, using computers for personal use during instructional time, using computers to violate any other policy, knowingly or negligently allowing unauthorized access, or using the computers to access or create sexually explicit or pornographic text or graphics, will face disciplinary action, up to and including termination or non-renewal of the employment contract.

3.30—PARENT-TEACHER COMMUNICATION

The district recognizes the importance of communication between teachers and parents/legal guardians. To help promote positive communication, parent/teacher conferences shall be held once each semester. Parent-teacher conferences are encouraged and may be requested by parents or guardians when they feel they need to discuss their child's progress with his/her teacher.

Teachers are required to communicate during the school year with the parent(s), legal guardian(s), or care-giving adult or adults in a student's home to discuss the student's academic progress unless the student has been placed in the custody of the Department of Human Services and the school has received a court order prohibiting parent or legal guardian participation in parent/teacher conferences¹. More frequent communication is required with the parent(s) or legal guardian(s) of students who are performing below grade level.

All parent/teacher conferences shall be scheduled at a time and place to best accommodate those participating in the conference. Each teacher shall document the participation or non-participation of parent(s)/legal guardian(s) for each scheduled conference.

If a student is to be retained at any grade level or denied course credit, notice of, and the reasons for retention shall be communicated promptly in a personal conference.

3.31—DRUG FREE WORKPLACE - LICENSED PERSONNEL

The conduct of district staff plays a vital role in the social and behavioral development of our students. It is equally important that the staff have a safe, healthful, and professional environment in which to work. To help promote both interests, the district shall have a drug free workplace. It is, therefore, the district's policy that district employees are prohibited from the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, alcohol, as well as inappropriate or illegal use of prescription drugs. Such actions are prohibited both while at work or in the performance of official duties while off district property; violations of this policy will subject the employee to discipline, up to and including termination.

To help promote a drug free workplace, the district shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the district's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. (Insert substance abuse resources here.)¹

Should any employee be found to have been under the influence of, or in illegal possession of, any illegal drug or controlled substance, whether or not engaged in any school or school-related activity, and the behavior of the employee, if under the influence, is such that it is inappropriate for a school employee in the opinion of the superintendent, the employee may be subject to discipline, up to and including termination. This policy also applies to those employees who are under the influence of alcohol while on campus or at school-sponsored functions, including athletic events.

An employee living on campus or on school owned property is permitted to possess alcohol in his/her residence. The employee is bound by the restrictions stated in this policy while at work or performing his/her official duties.

Possession, use or distribution of drug paraphernalia by any employee, whether or not engaged in school or school-related activities, may subject the employee to discipline, up to and including termination. Possession in one's vehicle or in an area subject to the employee's control will be considered to be possession as though the substance were on the employee's person.

It shall not be necessary for an employee to test at a level demonstrating intoxication by any substance in order to be subject to the terms of this policy. Any physical manifestation of being under the influence of a substance may subject an employee to the terms of this policy. Those physical manifestations include, but are not limited to: unsteadiness; slurred speech; dilated or constricted pupils; incoherent and/or irrational speech; or the presence of an odor associated with a prohibited substance on one's breath or clothing.

Should an employee desire to provide the District with the results of a blood, breath or urine analysis, such results will be taken into account by the District only if the sample is provided within a time range that could provide meaningful results and only by a testing agency chosen or approved by the District. The District shall not request that the employee be tested, and the expense for such voluntary testing shall be borne by the employee.

Any incident at work resulting in injury to the employee requiring medical attention shall require the employee to submit to a drug test, which shall be paid at the District's worker's compensation carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of worker's compensation benefits in accordance with policy 3.44—LICENSED PERSONNEL WORKPLACE INJURIES AND WORKERS' COMPENSATION.

Any employee who is charged with a violation of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, must notify his/her immediate supervisor within five (5) week days (i.e., Monday through Friday, inclusive, excluding holidays) of being so charged. The supervisor who is notified of such a charge shall notify the Superintendent immediately.

If the supervisor is not available to the employee, the employee shall notify the Superintendent within the five (5) day period.

Any employee so charged is subject to discipline, up to and including termination. However, the failure of an employee to notify his or her supervisor or the Superintendent of having been so charged shall result in that employee being recommended for termination by the Superintendent.

Any employee convicted of any criminal drug statute violation for an offense that occurred while at work or in the performance of official duties while off district property shall report the conviction within 5 calendar days to the superintendent. Within 10 days of receiving such notification, whether from the employee or any other source, the district shall notify federal granting agencies from which it receives funds of the conviction. Compliance with these requirements and prohibitions is mandatory and is a condition of employment.

Any employee convicted of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances, or of drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that he/she cannot properly perform his/her duties shall not report for duty. Any employee who reports for duty and is so impaired, as determined by his/her supervisor, will be sent home.

The employee shall be given sick leave, if owed any. The District or employee will provide transportation for the employee, and the employee may not leave campus while operating any vehicle. It is the responsibility of the employee to contact his/her physician in order to adjust the medication, if possible, so that the employee may return to his/her job unimpaired. Should the employee attempt to return to work while impaired by prescription medications, for which the employee has a prescription, he/she will, again, be sent home and given sick leave, if owed any. Should the employee attempt to return to work while impaired by prescription medication a third time the employee may be subject to discipline, up to and including a recommendation of termination.

Any employee who possesses, uses, distributes or is under the influence of a prescription medication obtained by a means other than his/her own current prescription shall be treated as though he was in possession, possession with intent to deliver, or under the influence, etc. of an illegal substance. An illegal drug or other substance is one which is (a) not legally obtainable; or (b) one which is legally obtainable, but which has been obtained illegally. The District may require an employee to provide proof from his/her physician and/or pharmacist that the employee is lawfully able to receive such medication. Failure to provide such proof, to the satisfaction of the Superintendent, may result in discipline, up to and including a recommendation of termination.

A report to the appropriate licensing agency shall be filed within seven (7) days of:

- 1) A final disciplinary action taken against an employee resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances; or
- 2) The voluntary resignation of an employee who is facing a pending disciplinary action resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances.

The report filed with the licensing authority shall include, but not be limited to:

- The name, address, and telephone number of the person who is the subject of the report; and
- A description of the facts giving rise to the issuance of the report.

When the employee is not a healthcare professional, law enforcement will be contacted regarding any final disciplinary action taken against an employee for the diversion of controlled substances to one (1) or more third parties.

3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE

The Family and Medical Leave Act (FMLA) offers job protection for leave that might otherwise be considered excessive absences. Employees need to carefully comply with this policy to ensure they do not lose FMLA protection due to inaction or failure to provide the District with needed information. The FMLA provides up to twelve (12) work weeks (or, in some cases, twenty-six (26) weeks) of job-protected leave to eligible employees with absences that qualify under the FMLA. While an employee can request FMLA leave and has a duty to inform the District, as provided in this policy, of foreseeable absences that may qualify for FMLA leave, it is the District's ultimate responsibility to identify qualifying absences as FMLA or non-FMLA. FMLA leave is unpaid, except to the extent that paid leave applies to any given absence as governed by the FMLA and this policy.

SECTION ONE – FMLA LEAVE GENERALLY

Definitions:

“Eligible Employee” is an employee who has:

1. Been employed by the District for at least twelve (12) months, which are not required to be consecutive; and
2. Performed at least 1250 hours of service during the twelve (12) month period immediately preceding the commencement of the leave.¹

“FMLA” is the Family and Medical Leave Act

“Health Care Provider” means:

- a. A doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the State in which the doctor practices;
- b. Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited to treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by X-ray to exist) authorized to practice in the State and performing within the scope of their practice as defined under State law;
- c. Nurse practitioners, nurse-midwives, clinical social workers and physician assistants who are authorized to practice under State law and who are performing within the scope of their practice as defined under State law;
- d. Christian Science Practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts. Where an employee or family member is receiving treatment from a Christian Science practitioner, an employee may not object to any requirement from an employer that the employee or family member submit to examination (though not treatment) to obtain a second or third certification from a health care provider other than a Christian Science practitioner except as otherwise provided under applicable State or local law or collective bargaining agreement; or
- e. Any other person determined by the U.S. Secretary of Labor to be capable of providing health care services.

“Instructional Employee” is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting and includes athletic coaches, driving instructors, preschool teachers, and special education assistants such as signers for the hearing impaired. The term does not include, and the special rules related to the taking of leave near the end of a semester do not apply to: teacher assistants or aides who do not have as their principal job actual teaching or instructing, administrators, counselors, librarians, psychologists, and curriculum specialists.

“Intermittent leave” is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee's usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee's schedule for a period of time, normally from full-time to part-time.

“Next of Kin”, used in respect to an individual, means the nearest blood relative of that individual.

“Parent” is the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or a daughter. This term does not include parents “in-law.”

“Serious Health Condition” is an injury, illness, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider.

“Son or daughter”, for numbers 1, 2, or 3 below: is a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen (18), or age eighteen (18) or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.²

“Year” the twelve (12) month period of eligibility shall begin on July first of each school-year.³

Policy

The provisions of this policy are intended to be in line with the provisions of the FMLA. If any conflict(s) exist, the Family and Medical Leave Act of 1993, as amended, shall govern.

Leave Eligibility

The District will grant up to twelve (12) weeks of leave in a year in accordance with the FMLA, as amended, to its eligible employees for one or more of the following reasons:

1. Because of the birth of a son or daughter of the employee and in order to care for such son or daughter;
2. Because of the placement of a son or daughter with the employee for adoption or foster care;
3. To care for the spouse, son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition;
4. Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee; and
5. Because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. (See Section Two)
6. To care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury. (See Section Two)

The entitlement to leave for reasons 1 and 2 listed above shall expire at the end of the twelve (12) month period beginning on the date of such birth or placement.

A legally married couple who are both eligible employees employed by the District may not take more than a combined total of twelve (12) weeks of FMLA leave for reasons 1, 2, or to care for a parent under number 3.

Provisions Applicable to both Sections One and Two

District Notice to Employees

The District shall post, in conspicuous places in each school within the District where notices to employees and applicants for employment are customarily posted, a notice explaining the FMLA’s provisions and providing information about the procedure for filing complaints with the Department of Labor.⁴

Designation Notice to Employee

When an employee requests FMLA leave or the District determines that an employee’s absence may be covered under the FMLA, the District shall provide written notice within five (5) business days (absent extenuating circumstances) to the employee of the District’s determination of his/her eligibility for FMLA leave.⁵ If the employee is eligible, the District may request additional information from the employee and/or certification from a health care provider to help make the applicability⁶ determination. After receiving sufficient information as requested, the District shall provide a written notice within five (5) business days (absent extenuating circumstances) to the employee of whether the leave qualifies as FMLA leave and will be so designated.⁷

If the circumstances for the leave don’t change, the District is only required to notify the employee once of the determination regarding the designation of FMLA leave within any applicable twelve (12) month period.

Employees who receive notification that the leave request does not qualify under the FMLA are expected to return to work; further absences that are not otherwise excused could lead to discipline for excessive absences, or termination for job abandonment.

Concurrent Leave Under the FMLA

All FMLA leave is unpaid unless substituted by applicable accrued leave. The District requires employees to substitute any applicable accrued leave (in the order of sick, personal, or vacation leave as may be applicable) for any period of FMLA leave.⁶

An employee who does not have enough accrued leave to cover the number of days of FMLA leave taken shall not have his/her number of contract days altered because some of the FMLA leave taken was unpaid.

Working at another Job while Taking FMLA for Personal or Family Serious Medical Condition

No employee on FMLA leave for their own serious medical condition may perform work at another, non-district job while on FMLA leave. Except as provided in policy 3.44, employees who do perform work at another, non-district job while on FMLA leave for their own serious medical condition will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

No employee on FMLA leave for the serious medical condition of a family member may perform work at another, non-district job while on FMLA leave. Employees who do perform work at another, non-district job while on FMLA leave for the serious medical condition of a family member will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

Health Insurance Coverage

The District shall maintain coverage under any group health plan for the duration of FMLA leave the employee takes at the level and under the conditions coverage would have been provided if the employee had continued in active employment with the District. Additionally, if the District makes a change to its health insurance benefits or plans that apply to other employees, the employee on FMLA leave must be afforded the opportunity to access additional benefits and/or the same responsibility for changes to premiums. Any changes made to a group health plan that apply to other District employees, must also apply to the employee on FMLA leave. The District will notify the employee on FMLA leave of any opportunities to change plans or benefits. The employee remains responsible for any portion of premium payments customarily paid by the employee. When on unpaid FMLA leave, it is the employee's responsibility to submit his/her portion of the cost of the group health plan coverage to the district's business office on or before it would be made by payroll deduction.⁸

The District has the right to pay an employee's unpaid insurance premiums during the employee's unpaid FMLA leave to maintain the employee's coverage during his/her leave. The District may recover the employee's share of any premium payments missed by the employee for any FMLA leave period that the District maintains health coverage for the employee by paying his/her share. Such recovery shall be made by offsetting the employee's debt through payroll deductions or by other means against any monies owed the employee by the District.

An employee who chooses to not continue group health plan coverage while on FMLA leave is entitled to be reinstated on the same terms as prior to taking the leave, including family or dependent coverages, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.⁹

If an employee gives unequivocal notice of an intent not to return to work, or if the employment relationship would have terminated if the employee had not taken FMLA leave, the District's obligation to maintain health benefits ceases.

If the employee fails to return from leave after the period of leave the employee was entitled has expired, the District may recover the premiums it paid to maintain health care coverage unless:

- a. The employee fails to return to work due to the continuation, reoccurrence, or onset of a serious health condition that entitles the employee to leave under reasons 3 or 4 listed above; and/or
- b. Other circumstances exist beyond the employee's control.

Circumstances under “a” listed above shall be certified by a licensed, practicing health care provider verifying the employee’s inability to return to work.

Reporting Requirements During Leave

Unless circumstances exist beyond the employee’s control, the employee shall inform the district every two (2) weeks¹⁰ during FMLA leave of his/her current status and intent to return to work.

Return to Previous Position

An employee returning from FMLA leave is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An equivalent position must involve the same or substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, and authority. Specifically, upon returning from FMLA leave, a teacher may be assigned to another position that is not necessarily the same as the teacher’s former job assignment. The employee may not be restored to a position requiring additional licensure or certification.

The employee’s right to return to work and/or to the same or an equivalent position does not supersede any actions taken by the District, such as conducting a RIF, that the employee would have been subject to had the employee not been on FMLA leave at the time of the District’s actions.

Leave Acquired Through Fraud

If it is discovered that an employee engaged in fraud or otherwise provided the District with documentation that includes a material misrepresentation of fact in order to receive FMLA leave, the District may discipline the employee up to and including termination.

Provisions Applicable to Section One Employee Notice to District

Foreseeable Leave

When the need for leave is foreseeable for reasons 1 through 4 listed above, the employee shall provide the District with at least thirty (30) days’ notice, before the date the leave is to begin, of the employee’s intention to take leave for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If there is a lack of knowledge of approximately when the leave will be required to begin, a change in circumstances, or an emergency, notice must be given as soon as practicable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

When the need for leave is for reasons 3 or 4 listed above, the eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the District subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for the number of days equal to the difference between the number of days in advance that the employee should have provided notice and when the employee actually gave notice.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case.

Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Medical Certification

Second and Third Opinions: In any case where the District has reason to doubt the validity of the initial certification provided, the District may require, at its expense, the employee to obtain the opinion of a second health care provider designated or approved by the employer. If the second opinion differs from the first, the District may require, at its expense, the employee to obtain a third opinion from a health care provider agreed upon by both the District and the employee. The opinion of the third health care provider shall be considered final and be binding upon both the District and the employee.

Recertification: The District may request, either orally or in writing, the employee obtain a recertification in connection with the employee's absence, at the employee's expense, no more often than every thirty (30) days unless one or more of the following circumstances apply:

- The original certification is for a period greater than thirty (30) days. In this situation, the District may require a recertification after the time of the original certification expires, but in any case, the District may require a recertification every six (6) months.
- The employee requests an extension of leave;
- Circumstances described by the previous certification have changed significantly; and/or
- The district receives information that casts doubt upon the continuing validity of the certification.

The employee must provide the recertification within fifteen (15) calendar days after the District's request.

No second or third opinion on a recertification may be required.

The District may deny FMLA leave if an eligible employee fails to provide a requested certification.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for reasons 1 (as applicable), 2, 3, or 4 above, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.¹¹

To the extent the employee has accrued paid vacation or personal leave, any leave taken that qualifies for FMLA leave for reasons 1 or 2 above shall be paid leave and charged against the employee's accrued leave.

Workers Compensation: FMLA leave may run concurrently with a workers' compensation absence when the injury is one that meets the criteria for a serious health condition. To the extent that workers compensation benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the workers compensation injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her workers' compensation payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Return to Work¹²

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work, the employee must provide such certification prior to returning to work.

The employee's failure to do so voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work **and** the designation determination listed the employee's essential job functions, the employee must provide certification that the employee is able to perform those functions prior to returning to work. The employee's failure to do so or his/her inability to perform his/her job's essential functions voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

Failure to Return to Work

In the event that an employee is unable or fails to return to work within FMLA's leave timelines, the superintendent will make a determination at that time regarding the documented need for a severance of the employee's contract due to the inability of the employee to fulfill the responsibilities and requirements of his/her contract.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave shall provide the District with not less than thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may only take intermittent or reduced schedule leave for reasons 1 and 2 listed above if the District agrees to permit such leave upon the request of the employee. If the District agrees to permit an employee to take intermittent or reduced schedule leave for such reasons, the agreement shall be consistent with this policy's requirements governing intermittent or reduced schedule leave. The employee may be transferred temporarily during the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties.

Eligible employees may take intermittent or reduced schedule FMLA leave due to reasons 3 or 4 listed above when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule for reasons 3 or 4 above that is foreseeable based on planned medical treatment, the District may temporarily transfer non-instructional, eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

If an eligible employee who meets the definition of an instructional employee requests intermittent or reduced schedule leave for reasons 3 or 4 above that is foreseeable based on planned medical treatment and the employee would be on leave for greater than twenty percent (20%) of the total number of working days in the period during which the leave would extend, the district may require the employee to elect either to:

- a. Take medical leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or
- b. Transfer temporarily to an available alternative position offered by the employer that the employee is qualified for, has equivalent pay and benefits, and better accommodates recurring periods of leave than the regular employment position of the employee.

If the employee chooses to transfer to an alternative position, the alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

An eligible instructional employee who needs intermittent leave or leave on a reduced leave schedule for reasons 3 or 4 above may not be transferred to an alternative position during the period of the employee's intermittent or reduced leave schedule if, based on the foreseeable planned medical treatment, the employee would be on leave for twenty percent (20%) or less of the total number of working days over the period the leave would extend.

Instructional employees are not required to request intermittent leave when the instructional employee's FMLA leave spans a period when school is closed, such as for winter, spring, or summer breaks; in addition, the time the school is closed is not counted when calculating the amount of FMLA leave the instructional employee has used.

Leave taken by eligible instructional employees near the end of the semester

In any of the following scenarios, if the District chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. The required non-FMLA leave will not be considered excessive absenteeism.

Leave more than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to reasons 1 through 4 listed above, more than five (5) weeks prior to the end of the academic term, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and
2. The return to employment would occur during the three (3) week period before the end of the semester.

Leave less than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to reasons 1, 2, or 3 listed above, during the period that commences five (5) weeks prior to the end of the academic term, the District may require the employee to continue taking leave until the end of the semester, if:

- a. The leave is of greater than two (2) weeks duration; and
- b. The return to employment would occur during the two (2) week period before the end of the semester.

Leave less than three (3) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to 1, 2, or 3 listed above, during the period that commences three (3) weeks prior to the end of the semester and the duration of the leave is greater than five (5) working days, the District may require the employee to continue to take leave until the end of the semester.

SECTION TWO- FMLA LEAVE CONNECTED TO MILITARY SERVICE

Leave Eligibility

The FMLA provision of military associated leave is in two categories. Each one has some of its own definitions and stipulations. Therefore, they are dealt with separately in this Section of the policy. Definitions different than those in Section One are included under the respective reason for leave. Definitions that are the same as in Section One are NOT repeated in this Section.

QUALIFYING EXIGENCY

An eligible employee may take FMLA leave for any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. Examples include issues involved with short-notice deployment, military events and related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and other activities as defined by federal regulations.¹³

Definitions

“Covered active duty” means:

- in the case of a member of a **regular** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country; and

- in the case of a member of a **reserve** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country under a call to order to active duty under a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code.

“Son or daughter on active duty or call to active duty status” means the employee's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the employee stood in loco parentis, who is on active duty or call to active duty status, and who is of any age.

Certification¹⁴

The District may require the eligible employee to obtain certification to help the district determine if the requested leave qualifies for FMLA leave for the purposes of a qualifying exigency. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the necessity for leave for any qualifying exigency is foreseeable, whether because the spouse, son, daughter, or parent of the employee is on covered active duty, or because of notification of an impending call or order to covered active duty, the employee shall provide such notice to the District as is reasonable and practicable regardless of how far in advance the leave is foreseeable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee’s leave has been designated as FMLA leave for any qualifying exigency, the District requires employees to substitute accrued vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

Eligible employees may take intermittent or reduced schedule leave for any qualifying exigency. The employee shall provide the district with as much notice as is practicable.

Leave taken by an eligible instructional employee more than five (5) weeks prior to end of the semester

If an eligible, instructional employee begins leave due to any qualifying exigency more than five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and
2. The return to employment would occur during the three (3) week period before the end of the semester.

If the District chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee’s FMLA leave entitlement.

SERIOUS ILLNESS

An eligible employee is eligible for leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury under the following conditions and definitions.

Definitions

“Covered Servicemember” is:

1. A member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

“Outpatient Status”, used in respect to a covered service member, means the status of a member of the Armed Forces assigned to:

- a. A military medical treatment facility as an outpatient; or
- b. A unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

“Parent of a covered servicemember” is a covered servicemember’s biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents “in law.”

“Serious Injury or Illness”:

- A. In the case of a member of the Armed Forces, including the National Guard or Reserves, it means an injury or illness incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- B. In the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during a period as a covered service member defined in this policy, it means a qualifying (as defined by the U.S. Secretary of Labor) injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

“Son or daughter of a covered servicemember” means a covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.²

“Year”, for leave to care for the serious injury or illness of a covered service member, the twelve (12) month period begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends twelve (12) months after that date.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of twenty-six (26) weeks of leave during one twelve (12) month period to care for the service member who has a serious injury or illness as defined in this policy. An eligible employee who cares for such a covered service member continues to be limited for reasons 1 through 4 in Section One and for any qualifying exigency to a total of twelve (12) weeks of leave during a year as defined in this policy. For example, an eligible employee who cares for such a covered service member for sixteen (16) weeks during a twelve (12) month period could only take a total of ten (10) weeks for reasons 1 through 4 in Section One and for any qualifying exigency. An eligible employee may not take more than twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency regardless of how little leave the eligible employee may take to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury.

If a legally married couple are both eligible employees employed by the District, the legally married couple are entitled to a combined total of twenty-six (26) weeks of leave during one twelve (12) month period to care for their spouse, son, daughter, parent, or next of kin who is a covered service member with a serious injury or illness, as defined in this policy. The leave taken by a legally married couple who care for such a covered service member continues to be limited to a total of twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for

any qualifying exigency during a year, as defined in this policy, regardless of whether or not the legally married couple uses less than a combined total of fourteen (14) weeks to care for a covered service member with a serious injury or illness; moreover, the legally married couple's twelve (12) weeks are combined when taken for reasons 1, 2, or to care for a parent under reason 3 in Section One.

For example, a legally married couple who are both eligible employees and who care for such a covered service member for sixteen (16) weeks during a twelve (12) month period could:

1. Each take up to ten (10) weeks for reason 4 in section 1 or a qualifying exigency;
2. Take a combined total of ten (10) weeks for reasons 1, 2, or to care for a parent under reason 3 in Section One; or
3. Take a combination of numbers 1 and 2 that totals ten (10) weeks of leave.

Medical Certification¹⁵

The District may require the eligible employee to obtain certification of the covered service member's serious health condition to help the District determine if the requested leave qualifies for FMLA leave. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the need for leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury is clearly foreseeable at least thirty (30) days in advance, the employee shall provide the District with no less than thirty (30) days' notice before the date the employee intends for the leave to begin for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for an amount of time equal to the difference between the length of time that the employee should have provided notice and when the employee actually gave notice.

When the need for leave is to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury, the employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the district subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may take intermittent or reduced schedule FMLA leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury that is foreseeable based on planned medical treatment, the District may temporarily transfer non-instructional eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. Specifically, upon returning from FMLA leave, an employee may be assigned to another position that is not necessarily the same as the employee's former job assignment. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

If an eligible employee who meets the definition of an instructional employee requests intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury that is foreseeable based on planned medical treatment and the employee would be on leave for greater than twenty percent (20%) of the total number of working days in the period during which the leave would extend, the District may require the employee to choose either to:

- a. Take medical leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or
- b. Transfer temporarily to an available alternative position offered by the employer that the employee is qualified for, has equivalent pay and benefits, and better accommodates recurring periods of leave than the regular employment position of the employee.

If the employee chooses to transfer to an alternative position, the alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. Specifically, upon returning from FMLA leave, a teacher may be assigned to another position that is not necessarily the same as the teacher's former job assignment. The employee will not be required to take more FMLA leave than necessary to address the circumstances that required the need for the leave.

An eligible instructional employee, who needs intermittent leave or leave on a reduced leave schedule leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury, may not be transferred to an alternative position during the period of the employee's intermittent or reduced leave schedule if, based on the foreseeable planned medical treatment, the employee would be on leave for twenty percent (20%) or less of the total number of working days over the period the leave would extend.

Leave taken by eligible instructional employees near the end of the academic semester

In any of the following scenarios, if the district chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. The excess non-FMLA leave will not be considered excessive absenteeism.

Leave more than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, for any qualifying exigency or to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury more than five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and
2. The return to employment would occur during the three (3) week period before the end of the semester.

Leave less than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury during the period that commences five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

- a. The leave is of greater than two (2) weeks duration; and
- b. The return to employment would occur during the two (2) week period before the end of the semester.

Leave less than three (3) weeks prior to end of the semester

If the eligible, instructional employee begins leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury during the period that commences three (3) weeks prior to the end of the semester and the duration of the leave is greater than five (5) working days, the District may require the employee to continue to take leave until the end of the semester.

Notes: This policy is similar to Policy 8.23. If you change this policy, review 8.23 at the same time to ensure applicable consistency between the two.

All school districts are covered under the Family Medical Leave Act and are required to keep certain payroll and employee identification records and post pertinent notices regarding FMLA for its employees; however, employees are only eligible for FMLA benefits if the district has fifty (50) or more employees within a seventy-five (75) mile radius of the district's offices. Your district may choose to offer FMLA benefits to your employees even though they are not technically eligible. If your district has less than fifty (50) employees and chooses not to offer FMLA benefits, replace the above policy with the following language to inform your employees of why FMLA benefits do not apply to them and to help avoid possible confusion resulting from the posting of FMLA notices:

Employees are eligible for benefits under the Family Medical Leave Act when the district has fifty (50) or more employees. The _____ School District has less than fifty (50) employees and therefore employees are not eligible for FMLA benefits.

Determining whether an absence qualifies as FMLA leave is a **DISTRICT** responsibility and not the employee's. While much of the statutes' language refers to an employee's request for FMLA leave, the employee has **NO** mandatory responsibility for initiating the exchange of information that might relate his/her absence to that of the FMLA. The District has the right and the duty to ask for enough information concerning an employee's absence to make a determination. The employee has the responsibility and duty to respond to questions asked in an effort for the District to make the initial determination. Any issue of medical certification to be provided by the employee is secondary to that of informal questioning to determine whether the absence does in fact, fall under the FMLA umbrella. The District must fulfill its responsibility for the posting of employee FMLA notice requirements to make those requirements enforceable. This is done through posting the notices available at the link in footnote #4 **AND** by the employee's receipt of this policy in the employee handbook.

¹ It is possible for a full time employee to be eligible for FMLA leave one year and not the next. For example, if an employee on a 190 day contract takes the full twelve (12) weeks of FMLA leave in year one, that would mean the employee only worked 130 days. Assuming the employee is credited for eight (8) hours per workday, the employee would have only worked 1040 hours during that time (130 x 8=1040),

which would make the employee ineligible for FMLA leave for the year following the year that the employee took the leave.

² The Wage and Hour Division of the Department of Labor has issued a Guidance to help interpret the scope of the definition of “son or daughter” as it applies to an employee standing “in loco parentis” to a child. The following quote from the Guidance is offered to give an idea of the complexity of the definition. (The Guidance, in full, is available by calling the ASBA office or at the link in footnote #4.)

Congress intended the definition of “son or daughter” to reflect “the reality that many children in the United States today do not live in traditional ‘nuclear’ families with their biological father and mother. Increasingly, those who find themselves in need of workplace accommodation of their child care responsibilities are not the biological parent of the children they care for, but their adoptive, step, or foster parents, their guardians, or sometimes simply their grandparents or other relatives or adults.” Congress stated that the definition was intended to be “construed to ensure that an employee who actually has day-to-day responsibility for caring for a child is entitled to leave even if the employee does not have a biological or legal relationship to that child.”

³ Districts can choose one of four (4) possible “twelve (12) month periods.” Each one has possible advantages and disadvantages. Choose the one that will work best for your district. The four (4) options are:

- 1) the calendar year;
- 2) Any fixed twelve (12) month leave year such as a fiscal year or a year starting on an employee’s “anniversary” date;
- 3) The twelve (12) month period measured forward from the date any employee’s first FMLA leave for reasons 1 through 5 begins;
- 4) A rolling twelve (12) month period measured backward from the date an employee uses any FMLA leave for reasons 1 through 5.

⁴ A Department of Labor poster along with several additional forms that are necessary to fulfill FMLA’s requirements are available at <http://www.dol.gov/whd/fmla/index.htm>. Please note that the DOL forms lack the required disclaimer required by the Genetic Information Nondiscrimination Act (GINA). We suggest that you include the following language taken from the final rule implementing the GINA:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. “Genetic information,” as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

⁵ We suggest you use the Department of Labor’s *Notice of Eligibility and Rights and Responsibilities* form (otherwise known as WH-381) to help you fulfill the requirements of this section. It’s available at the link in footnote #4 or by calling the ASBA office. When making the determination, we suggest initially erring on the side of granting it. Retroactively designating leave as FMLA has more potential liability for the district if the employee can demonstrate the initial failure to grant the leave under FMLA caused him/her harm or injury. If due to receipt of the medical certification, it turns out that the leave does not qualify, you will need to readjust the available FMLA leave accordingly.

⁶ As used in this policy, “applicable” is a very important word. Some leave taken under FMLA also applies to sick leave and therefore, the employee will get paid for the leave to the extent the employee has sick leave accrued. Other leave taken under FMLA is not applicable to sick leave and therefore the FMLA leave is unpaid. For instance, “applicable leave” in terms of time taken under FMLA due to the birth of a child will vary depending on the language in your District’s policy on sick leave. For instance, if sick leave may be taken “for reason of personal illness or illness in the immediate family” (based on the statutory definition in A.C.A. § 6-17-1202, and an employee gives birth to a child, she may take sick leave for the amount of time

that her personal physician deems it necessary for her to physically recover from childbirth. Once the medically necessary time has passed, sick leave is no longer appropriate and cannot be used. While under the FMLA, the employee could take additional time off work, she would need to take unpaid FMLA leave for this purpose, unless she had personal days or vacation days available. However, if your district has a much more liberal definition of sick leave in District policy, the results could be entirely different. Another example would be the potential for overlap between pregnancy complications that arise to the level of a “serious health condition.” For instance, pregnancy complications that rose to the level of a “serious health condition” would qualify for both, while missing work for a dentist’s appointment would qualify for sick leave, but would not qualify for FMLA leave. Consult policy 3.8—LICENSED PERSONNEL SICK LEAVE when making the determination of what sick leave qualifies under both policies.

⁷ There are several issues that must be addressed in the written notice. The *Designation Notice* (WH-382) available from the Wage and Hour Division of the US Department of Labor is a good way to both give your employee written notice and help ensure you have included the necessary information in the notice. The *Designation Notice* is available at the link contained in footnote #4 or by calling the ASBA office.

⁸ The District cannot cancel an employee’s insurance for the employee’s failure to pay his/her share of the premium until the payment is thirty (30) or more days late. The District must give prior, written notice to the employee at least fifteen (15) days prior to the cancelation of the policy stating that the policy will be terminated on a given date if payment is not received by that date, which must be at least fifteen (15) days from the date of the letter.

⁹ Due to the district’s liability for meeting the requirement of this paragraph and similar obligations for life insurance premiums or other benefits, the District needs to consider picking up the costs of such premiums during an employee’s **unpaid** FMLA leave **if** the employee fails to pay his/her share of the costs. If the District elects to maintain such benefits during the leave, at the conclusion of leave the District is entitled to recover only the costs incurred for paying the employee’s share of any premiums whether or not the employee returns to work. To help you decide if you should choose to pay premium costs in such a situation, the following excerpt from 29 CFR 825.212(c):

If coverage lapses because an employee has not made required premium payments, upon the employee’s return from FMLA leave the employer must still restore the employee to coverage/benefits equivalent to those the employee would have had if leave had not been taken and the premium payment(s) had not been missed, including family or dependent coverage. See § 825.215(d)(1) through (5). In such case, an employee may not be required to meet any qualification requirements imposed by the plan, including any new preexisting condition waiting period, to wait for an open season, or to pass a medical examination to obtain reinstatement of coverage. If an employer terminates an employee’s insurance in accordance with this section and fails to restore the employee’s health insurance as required by this section upon the employee’s return, the employer may be liable for benefits lost by reason of the violation, for other actual monetary losses sustained as a direct result of the violation, and for appropriate equitable relief tailored to the harm suffered.

¹⁰ You may choose the time interval of the required duty to report, but it must be reasonable.

¹¹ ASBA model policy 3.8—LICENSED PERSONNEL SICK LEAVE includes language entitling employees with up to fifteen (15) days of sick leave in a school-year for issue relating to the adoption of a child. If you have not adopted this provision, delete #2 from this sentence. Include reason #1 if you have a liberal sick leave policy that would permit leave to be taken for bonding with a new born son or daughter.

¹² The Department of Labor’s *Designation Notice* has entries that address this section’s requirements. It’s very helpful. For this section, you will need both the *Designation Notice* (WH-382) and the appropriate *Medical Certification form* (WH-380-E or WH-380-F); the *Designation Notice* to fulfill your notice requirements and the medical certification form to enable you to determine if the employee’s leave is actually covered under the FMLA. They are available at the link in footnote #4 or by calling the ASBA office.

¹³ The types and amounts of leave available for a particular type of qualifying exigency are covered in 29 C.F.R. § 825.126. Call the ASBA office for a copy.

¹⁴ You can use WH-384, *Certification of Qualifying Exigency for Military Family Leave* to obtain the certification. It's available at the link in footnote #4 or by calling the ASBA office.

¹⁵ You can use WH-385, *Covered Service Member Serious Injury* form to obtain the certification. It's available at the link in footnote #4 or by calling the ASBA office.

3.34—LICENSED PERSONNEL CELL PHONE USE

Use of cell phones or other electronic communication devices by employees during instructional time for other than instructional purposes is strictly forbidden unless specifically approved in advance by the superintendent, building principal, or their designees.¹

District staff shall not be given cell phones or computers for any purpose other than their specific use associated with school business. School employees who use school issued cell phones and/or computers for non-school purposes, except as permitted by District policy, shall be subject to discipline, up to and including termination. School employees who are issued District cell phones due to the requirements of their position may use the phone for personal use on an “as needed” basis provided it is not during instructional time.²

Except when authorized in Policy 3.51—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES, all employees are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including termination.³

Except when authorized in Policy 3.51—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES, no employee shall use any device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. Violation may result in disciplinary action up to and including termination.⁴

Notes: This policy is similar to Policy 8.25. If you change this policy, review 8.25 at the same time to ensure applicable consistency between the two.

¹ The goal is to eliminate the use of cell phones during instructional time for other than instructional purposes. You may change who has the authority to approve the use of cell phones if you so wish.

² The IRS has changed its position regarding the use of district issued cell phones for personal use for those employees who have a genuine **need** for a cell phone due to their job’s duties. Cell phones **cannot** be issued as a fringe benefit, but only as a “legitimate” need related to their job’s responsibilities. There is no longer a need to keep track of personal calls and claim their value as income. The district has the option of supplying the phone directly to the employee or of reimbursing the employee for the cost of his/her personal phone that is used for both District and personal purposes. Any such reimbursement can only be for the specific employee and not any other individuals associated with that employee’s cell phone plan. There has been no change to the use of school computers for personal purposes.

When considering the pros and cons of school issued technology, keep in mind that any correspondence made on such technology (cell phone, iPad, computer) would be subject to inspection under the Freedom of Information Act. Because it is district issued, there would be no differentiation between personal and school use.

³ This sentence is included because insurance companies have ruled that injuries occurring while driving and talking on school issued cell phones are subject to workers comp awards.

⁴This sentence was added due to the dangers involved for both drivers and pedestrians associated with distracted driving. A.C.A. § 27-51-1609 prohibits the use of a “wireless handheld telephone” while in a school zone for any purpose when that use is not hands free. While the policy language exceeds the statutory prohibition, we believe the expanded language is important for the protection of students, employees, and the public.

3.36.1 - DISMISSAL OR DEMOTION TO REDUCTION IN FACULTY

If there is to be a reduction in the number of faculty employed by the school system which would result in the dismissal or demotion of any member of the faculty the person to be dismissed or demoted must be selected from among all members in the school system teaching or occupying that particular grade, subject or position where a reduction is required. In determining which teacher will be dismissed or demoted, all available evaluation data pertaining to those affected teachers will be reviewed. In every case where such reduction or demotion is necessitated, the teacher to be demoted must be informed of such action prior to the close of the school year. No vacancy in the district may be filled through recruitment of a person of a race, color, or national origin different from that of the individual dismissed or demoted until such individual who is qualified for the position has had a reasonable opportunity to apply for the vacancy and has failed to do so after notice in writing of such vacancy has been mailed by the district to such person at his last known address as contained in the individual's personnel file. It shall be the duty of such person to keep the district informed as to his mailing address if such individual desires to be considered for such vacancies.

DISMISSAL, SUSPENSION, DEMOTION, AND NON-RENEWAL OF CONTRACTS FOR CAUSE. GROUNDS.

No teacher of the district shall be dismissed, suspended, demoted, or not rehired except as provided in this measure and the laws of Arkansas. The causes for which personnel may be dismissed, suspended, demoted and not rehired are as follows: incompetence, inefficiency, neglect of duty, unprofessional conduct and insubordination, as defined in Section 2 hereof.

SUSPENSION PENDING INVESTIGATION

A superintendent may suspend a teacher, at any time that may seem necessary, pending investigation or final disposition of a case before the board or an appeal, provided that if the teacher is vindicated or reinstated he shall be paid the full salary for the period during which he was suspended.

WRITTEN CHARGES

When charges are made to the board against a teacher charging the teacher with offenses which would justify dismissal, demotion, or non-renewal of contract, of the teacher under the terms of this measure, the charges would be made in writing, specifically stating the offenses which are charges, and shall be signed by the party or parties making the charges.

- e. Making repeated, continuing, or sustained electronic communications, including electronic mail or transmission, to a school employee;
- f. Making, or causing to be made, and disseminating an unauthorized copy of data pertaining to a school employee in any form, including without limitation the printed or electronic form of computer data, computer programs, or computer software residing in, communicated by, or produced by a computer or computer network;
- g. Signing up a school employee for a pornographic Internet site; or

- h. Without authorization of the school employee, signing up a school employee for electronic mailing lists or to receive junk electronic messages and instant messages.

Cyberbullying is prohibited whether or not the cyberbullying originated on school property or with school equipment, if the cyberbullying results in the substantial disruption of the orderly operation of the school or educational environment or is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school and has a high likelihood of succeeding in that purpose.

“Harassment” means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment; and

“Substantial disruption” means without limitation that any one or more of the following occur as a result of the bullying:

- Necessary cessation of instruction or educational activities;
- Inability of students or educational staff to focus on learning or function as an educational unit because of a hostile environment;
- Severe or repetitive disciplinary measures are needed in the classroom or during educational activities; or
- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of bullying as defined in this policy, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the building principal, or designee, as soon as possible.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

District staff are required to help enforce implementation of the district's anti-bullying policy. Students who bully another person are to be held accountable for their actions whether they occur on school equipment or property; off school property at a school-sponsored or school-approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops. Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously.

A building principal, or designee, who receives a credible report or complaint of bullying shall:

1. As soon as reasonably practicable, but by no later than the end of the school day following the receipt of the credible report of bullying:
 - a. Report to a parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student that their student is the victim in a credible report of bullying; and
 - b. Prepare a written report of the alleged incident of bullying;
2. Promptly investigate the credible report or complaint of bullying, which shall be completed by no later than the fifth (5th) school day following the completion of the written report.
3. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student who was the alleged victim in a credible report of bullying whether the investigation found the credible report or complaint of bullying to be true and the availability of counseling and other intervention services.
4. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis of the student who is alleged to have been the perpetrator of the incident of bullying:
 - a. That a credible report or complaint of bullying against their student exists;
 - b. Whether the investigation found the credible report or complaint of bullying to be true;
 - c. Whether action was taken against their student upon the conclusion of the investigation of the alleged incident of bullying; and
 - d. Information regarding the reporting of another alleged incident of bullying, including potential consequences of continued incidents of bullying;

5. Make a written record of the investigation, which shall include:
 - a. A detailed description of the alleged incident of bullying, including without limitation a detailed summary of the statements from all material witnesses to the alleged incident of bullying;
 - b. Any action taken as a result of the investigation; and
6. Discuss, as appropriate, the availability of counseling and other intervention services with students involved in the incident of bullying.

District employees are held to a high standard of professionalism, especially when it comes to employee-student interactions. Actions by a District employee towards a student that would constitute bullying if the act had been performed by a student shall result in disciplinary action, up to and including termination. This policy governs bullying directed towards students and is not applicable to adult on adult interactions. Therefore, this policy does not apply to interactions between employees. Employees may report workplace conflicts to their supervisor.¹ In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notes: This policy is similar to Policy 8.26. If you change this policy, review 8.26 at the same time to ensure applicable consistency between the two.

A school employee who has reported violations under the school district's policy shall be immune from any tort liability which may arise from the failure to remedy the reported incident.

¹ This paragraph is optional. We have included it because we have received multiple phone calls where district employees were attempting to use the policy against fellow employees.

3.39 - LICENSED PERSONNEL RECORDS AND REPORTS

The superintendent or his/her designee shall determine, by individual or by position, those records a teacher is responsible to keep and those reports he/she is required to maintain. It is a requirement of employment that all required records and reports be completed, submitted, or otherwise tendered, and be accepted by the principal or superintendent as complete and satisfactory, before the last month's pay will be released to the licensed employee.

3.40—LICENSED PERSONNEL DUTIES AS MANDATED REPORTERS

It is the statutory duty of school district employees to:

- If the employee has reasonable cause to suspect child abuse or maltreatment, then the employee shall directly and personally report these suspicions to the Arkansas Child Abuse Hotline by calling 1-800-482-5964; by calling the child maltreatment hotline at 1-800-482-5964 and submitting a report through fax to the child maltreatment hotline; or if the employee can demonstrate that the child maltreatment, neglect, or abuse is not an emergency, then the employee may notify the child maltreatment hotline through submission of a fax only. Failure to report suspected child abuse, maltreatment, or neglect through the Hotline can lead to criminal prosecution and individual civil liability of the person who has this duty. Notification of local or state law enforcement does not satisfy the duty to report; only notification by means of the Child Abuse Hotline discharges this duty.
- If the employee has a good faith belief that there is a serious and imminent threat to the public based on a threat made by an individual regarding violence in or targeted at a school that has been communicated to the employee in the ordinary course of his/her professional duties, then the employee shall make every attempt to immediately notify law enforcement of the serious and imminent threat to the public and have notified law enforcement within twenty-four (24) hours of learning of the serious and imminent threat to the public.

The duty of mandated reporters to report suspected child abuse or maltreatment or serious and imminent threats to the public is a direct and personal duty, and cannot be assigned or delegated to another person. There is no duty to investigate, confirm or substantiate statements a student may have made which form the basis of the reasonable cause to believe that the student may have been abused or subjected to maltreatment by another person or that form the basis of the serious and imminent threat to the public; however, a person with a duty to report may find it helpful to make a limited inquiry to assist in the formation of a belief that child abuse, maltreatment, or neglect has occurred; that a serious and imminent threat to the public exists; or to rule out such a belief¹.

Employees and volunteers who notify the Child Abuse Hotline or who report serious and imminent threats to the public to law enforcement in good faith are immune from civil liability and criminal prosecution.

By law, no school district or school district employee may prohibit or restrict an employee or volunteer from directly reporting suspected child abuse, maltreatment, or a serious and imminent threat to the public, or require that any person notify or seek permission from any person before making a report to the Child Abuse Hotline or law enforcement.

Notes: This policy is similar to Policy 8.34. If you change this policy, review 8.34 at the same time to ensure applicable consistency between the two.

¹ This is a delicate matter and the district would be wise to avail itself of professional development in this area available from DHS and other sources. A.C.A. § 6-61-133 requires professional development related to child maltreatment for licensed employees. Policy 3.6—LICENSED PERSONNEL EMPLOYEE TRAINING includes language covering this topic.

3.41 - LICENSED PERSONNEL VIDEO SURVEILLANCE AND OTHER MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on district property and in or on district vehicles to notify students, staff, and visitors that video cameras may be in use. Violations of school personnel policies or laws caught by the cameras and other technologies authorized in this policy may result in disciplinary action.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos, automatic identification, or data compilations containing evidence of a violation of district personnel policies and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or staff handbook; any release or viewing of such records shall be in accordance with current law.

Staff who vandalize, damage, defeat, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Video recordings and automatic identification or data compilation records may become a part of a staff member's personnel record.

3.42—OBTAINING and RELEASING STUDENT’S FREE AND REDUCED PRICE MEAL ELIGIBILITY INFORMATION

Obtaining Eligibility Information

A fundamental underpinning of the National School Lunch and School Breakfast Programs (Programs) is that in their implementation, there will be no physical segregation of, discrimination against, or overt identification of children who are eligible for the Program's benefits. While the requirements of the Programs are defined in much greater detail in federal statutes and pertinent Code of Federal Regulations, this policy is designed to help employees understand prohibitions on how the student information is obtained and/or released through the Programs. Employees with the greatest responsibility for implementing and monitoring the Programs should obtain the training necessary to become fully aware of the nuances of their responsibilities.

The District is required to inform households with children enrolled in District schools of the availability of the Programs and of how the household may apply for Program benefits. However, the District and anyone employed by the district is **strictly forbidden** from **requiring** any household or student within a household from submitting an application to participate in the program. There are NO exceptions to this prohibition and it would apply, for example, to the offer of incentives for completed forms, or disincentives or negative consequences for failing to submit or complete an application. Put simply, federal law requires that the names of the children shall not be published, posted or announced in any manner.

In addition to potential federal criminal penalties that may be filed against a staff member who violates this prohibition¹, the employee shall be subject to discipline up to and including termination.

Releasing Eligibility Information

As part of the district’s participation in the National School Lunch Program and the School Breakfast Program, the district collects eligibility data from its students. The data’s confidentiality is very important and is governed by federal law. The district has made the determination to release student eligibility status or information² as permitted by law. Federal law governs how eligibility data may be released and to whom. The district will take the following steps to ensure its confidentiality:

Some data may be released to government agencies or programs authorized by law to receive such data without parental consent, while other data may only be released after obtaining parental consent. In both instances, allowable information shall only be released on a need to know basis to individuals authorized to receive the data. The recipients shall sign an agreement with the district specifying the names or titles of the persons who may have access to the eligibility information. The agreement shall further specify the specific purpose(s) for which the data will be used and how the recipient(s) shall protect the data from further, unauthorized disclosures.

The superintendent shall designate the staff member(s) responsible for making eligibility determinations. Release of eligibility information to other district staff shall be limited to as few individuals as possible who shall have a specific need to know such information to perform their job responsibilities. Principals, counselors, teachers, and administrators shall not have routine access to eligibility information or status.

Each staff person with access to individual eligibility information shall be notified of their personal liability for its unauthorized disclosure and shall receive appropriate training on the laws governing the restrictions of such information.¹

Notes: This policy is similar to policy 8.35. If you change this policy, review policy 8.35 at the same time to ensure applicable consistency between the two.

The Child Nutrition Unit of the DESE website (<https://dese.ade.arkansas.gov/Offices/child-nutrition-unit>) has the referenced Commissioner’s Memos as well as helpful information to develop your policy statement

packet. Additionally, Commissioner's Memos FIN 09-041 has two attachments that will go a long way toward explaining the restrictions on the release of eligibility information and status.

¹ The penalty for improper disclosure of eligibility information is a fine of not more than \$1000 per student name if a violation is by either the district or a person in the district without authorization under federal confidentiality regulations and/or imprisonment of not more than one year.

² The district owns the data and has the right to choose whether or not to release it to **anyone**. Therefore, the district must make the decisions concerning its release. With the ownership comes the responsibility to ensure proper security of the data.

3.43—DUTY OF LICENSED EMPLOYEES TO MAINTAIN LICENSE IN GOOD STANDING

It is the responsibility of each teacher, and not the district, to keep his/her teaching license continuously renewed with no lapses in licensure, and in good standing with the State Board of Education. Failure of a teacher to do so will be grounds for termination.

Date Adopted: 5/14/2007
Last Revised: March 2012

3.44—LICENSED PERSONNEL WORKPLACE INJURIES AND WORKERS’ COMPENSATION

The district provides Workers’ Compensation (WC) Insurance, as required by law. Employees who sustain **any** injury at work must immediately notify their immediate supervisor, or in the absence of their immediate supervisor notify the Assistant Superintendent¹. An injured employee must fill out a Form N and the employee’s supervisor will determine whether to report the claim or to file the paperwork if the injury requires neither medical treatment or lost work time. While many injuries will require no medical treatment or time lost at work, should the need for treatment arise later, it is important that there be a record that the injury occurred. All employees have a duty to provide information and make statements as requested for the purposes of the claim assessment and investigation.

The District may discipline an employee, up to and including termination of the employee’s contract, if it is discovered that the employee:

1. Deliberately made false statements concerning the origin of an injury or the circumstances surrounding the injury; or
2. submitted a WC claim that the employee knew to be based substantially or entirely on false information.

An employee shall not be disciplined solely because the District’s WC carrier denied the employee’s WC claim.

For injuries requiring medical attention, the district will exercise its right to designate the initial treating physician and an injured employee will be directed to seek medical attention, if necessary, from a specific physician or clinic. In addition, employees whose injuries require medical attention shall submit to a drug test, which shall be paid at the District’s WC carrier’s expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of WC benefits².

A WC absence may run concurrently with FMLA leave (policy 3.32) when the injury is one that meets the criteria for a serious health condition. To the extent that WC benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the workers compensation injury certifies the employee is able to return to a “light duty job,” but is unable to return to the employee’s same or equivalent job, the employee may decline the District’s offer of a “light duty job.” As a result, the employee may lose his/her WC payments, but for the duration of the employee’s FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Employees who are absent from work in the school district due to a WC claim may not work at a non-district job until they have returned to full duties at their same or equivalent district job; those who violate this prohibition may be subject to discipline up to and including termination. This prohibition does NOT apply to an employee who has been cleared by his/her doctor to return to "light duty" but the District has no such position available for the employee and the employee's second job qualifies as "light duty".

To the extent an employee has accrued sick leave and a WC claim has been filed, an employee:

- Will be charged for a day's sick leave for the all days missed until such time as the WC claim has been approved or denied;
- Whose WC claim is accepted by the WC insurance carrier as compensable and who is absent for eight (8) or more days shall be charged sick leave at the rate necessary, when combined with WC benefits, to bring the total amount of combined income up to 100% of the employee's usual contracted daily rate of pay;
- Whose WC claim is accepted by the WC insurance carrier as compensable and is absent for 14 (14) or more days will be credited back that portion of sick leave for the first seven (7) days of absence that is not necessary to have brought the total amount of combined income up to 100% of the employee's usual contracted gross pay.

3.45—LICENSED PERSONNEL SOCIAL NETWORKING AND ETHICS

Definitions

Social Media Account: a personal, individual, and non-work related account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as Facebook, Twitter, LinkedIn, MySpace, or Instagram.

Professional/education Social Media Account: an account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as Facebook, Twitter, LinkedIn, MySpace, or Instagram.

Blogs: are a type of networking and can be either social or professional in their orientation. Professional blogs are encouraged and can provide a place for teachers to post homework, keep parents up-to-date, and interact with students concerning school related activities. Social blogs are discouraged to the extent they involve teachers and students in a non-education oriented format.

Policy

Technology used appropriately gives faculty new opportunities to engage students. District staff are encouraged to use educational technology, the Internet, and professional/education social networks to raise student achievement and to improve communication with parents and students. Technology and social media accounts also offer staff many ways they can present themselves unprofessionally and/or interact with students inappropriately.

It is the duty of each staff member to appropriately manage all interactions with students, regardless of whether contact or interaction with a student occurs face-to-face or by means of technology, to ensure that the appropriate staff/student relationship is maintained. This includes instances when students initiate contact or behave inappropriately themselves.

Public school employees are, and always have been, held to a high standard of behavior. Staff members are reminded that whether specific sorts of contacts are permitted or not specifically forbidden by policy, they will be held to a high standard of conduct in all their interactions with students. Failure to create, enforce and maintain appropriate professional and interpersonal boundaries with students could adversely affect the District's relationship with the community and jeopardize the employee's employment with the district.

The Division of Elementary and Secondary Education (DESE) *Rules Governing the Code of Ethics for Arkansas Educators* requires District staff to maintain a professional relationship with each student, both in and outside the classroom. The School Board of Directors encourages all staff to read and become familiar with the Rules. Conduct in violation of the DESE *Rules Governing the Code of Ethics for Arkansas Educators*, including, but not limited to conduct relating to the inappropriate use of technology or online resources, may be reported to the Professional Licensure Standards Board (PLSB) and may form the basis for disciplinary action up to and including termination.

Staff members are discouraged from creating personal social media accounts to which they invite students to be friends or followers.¹ Employees taking such action do so at their own risk and are advised to monitor the site's privacy settings regularly.

District employees may set up blogs and other professional/education social media accounts using District resources and following District guidelines¹ to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction. Accessing professional/education social media during school hours is permitted.

Staff are reminded that the same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium, is unacceptable when done through the use of technology. In fact, due to the vastly increased potential audience that digital dissemination presents, extra caution must be exercised by staff

to ensure they don't cross the line of acceptability. A good rule of thumb for staff to use is, "if you wouldn't say it in class, don't say it online."

Whether permitted or not specifically forbidden by policy, or when expressed in an adult-to-adult, face-to-face context, what in other mediums of expression could remain private opinions, including "likes" or comments that endorse or support the message or speech of another person, when expressed by staff on a social media website, have the potential to be disseminated far beyond the speaker's desire or intention. This could undermine the public's perception of the individual's fitness to educate students, thus undermining the teacher's effectiveness. In this way, the expression and publication of such opinions could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

Accessing social media websites for personal use during school hours is prohibited, except during breaks or preparation periods. Staff are discouraged from accessing social media websites on personal equipment during their breaks and/or preparation periods because, while this is not prohibited, it may give the public the appearance that such access is occurring during instructional time. Except when expressly authorized by the employee's job duties, staff shall not access social media websites using district equipment at any time, including during breaks or preparation periods, except in an emergency situation or with the express prior permission of school administration. Except when expressly authorized by the District employee's job duties and when District procedures have been followed, all school district employees who participate in social media websites shall not post any school district data, documents, photographs taken at school or of students, logos, or other district owned or created information on any website. Further, the posting of any private or confidential school district material on such websites is strictly prohibited. The posting of prohibited material or posting without following proper procedures may result in disciplinary action against the District employee, up to and including termination or non-renewal.

Specifically, the following forms of technology based interactivity or connectivity are expressly permitted or forbidden:²

Privacy of Employee's Social Media Accounts

In compliance with A.C.A. § 11-2-124, the District shall not require, request, suggest, or cause a current or prospective employee to:

1. Disclose the username and/or password to his/her personal social media account;
2. Add an employee, supervisor, or administrator to the list of contacts associated with his/her personal social media account;
3. Change the privacy settings associated with his/her personal social media account; or
4. Retaliate against the employee for refusing to disclose the username and/or password to his/her personal social media account.

The District may require an employee to disclose his or her username and/or password to a personal social media account if the employee's personal social media account activity is reasonably believed to be relevant to the investigation of an allegation of an employee violating district policy; local laws; state laws and rules; or federal laws and regulations. If such an investigation occurs, and the employee refuses, upon request, to supply the username and/or password required to make an investigation, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the employee's contract of employment with the District.

Notwithstanding any other provision in this policy, the District reserves the right to view any information about a current or prospective employee that is publicly available on the Internet.

In the event that the district inadvertently obtains access to information that would enable the district to have access to an employee's personal social media account, the district will not use this information to gain access to the employee's social media account. However, disciplinary action may be taken against an employee in accord with other District policy for using district equipment or network capability to access such an account. Employees have no expectation of privacy in their use of District issued computers, other electronic device, or use of the District's network. (See policy 3.28—LICENSED PERSONNEL COMPUTER USE POLICY)

Notes: This policy is similar to policy 8.37. If you change this policy, review 8.37 at the same time to ensure applicable consistency between the two.

While only the Privacy of Employee's Social Media Accounts section of this policy is required by statute, ASBA strongly recommends adopting the policy in its entirety after consulting with staff for localizing purposes.

¹ The policy's separate definitions for "social media websites" and "professional/education social media accounts" are important. Districts are encouraged to establish "professional/education social media accounts" as an acceptable means of teacher and district communication with students and parents. This can serve to discourage inappropriate staff/student interactions on "social media websites." ASBA strongly suggests using the discussions for modifying/personalizing this policy as a means for generating the acceptable guidelines and procedures for staff creation of private "professional/education social networks". We recommend **NOT** incorporating the guidelines into the policy, but have them available for all staff to review. Incorporating them into the policy will make it much harder to change them if the need arises.

² What is and is not acceptable staff/student interaction on social networking websites is an education community decision, and will vary from district to district. As a general rule, the greater the degree of real-life connections and interactivity between staff and students that normally occur in the community, the greater the tolerance will be for virtual connections and interactivity. Use the following list to help guide discussions with staff to determine which items should be included in the policy and with what modifications/stipulations. It is as important to include in the policy what **is** permitted as what **is not** permitted. Your discussions may elicit additional bullets to include in the policy:

- Sharing personal landline or cell phone numbers with students;
- Text messaging students;
- Emailing students other than through and to school controlled and monitored accounts;
- Soliciting students as friends or contacts on social networking websites;
- Accepting the solicitation of students as friends or contacts on social networking websites;
- Creation of administratively approved and sanctioned "groups" on social networking websites that permit the broadcast of information without granting students access to staff member's personal information;
- Sharing personal websites or other media access information with students through which the staff member would share personal information and occurrences.

3.46—LICENSED PERSONNEL VACATIONS

240 day contracted employees are credited with 10 days of vacation at the beginning of each fiscal year. This is based on the assumption that a full contract year will be worked. If an employee fails to finish the contract year due to resignation or termination, the employee's final check will be reduced at the rate of .833 days per month, or major portion of a month, for any days used but not earned.

Instructional Employees may not generally take vacation during instructional time. All vacation time must be approved, in advance to the extent practicable, by the superintendent or designee. If vacation is requested, but not approved, and the employee is absent from work in spite of the vacation denial, disciplinary action will be taken against the employee, which may include termination or nonrenewal.

Except for employees who have accrued vacation totaling more than 15 days as of the date this policy is implemented, no employee shall be entitled to more than 15 days of vacation as of the first day of each fiscal year. The permissible carry forward includes the 10 days credited upon the start of the fiscal year. Employees having accrued vacation totaling more than 15 days as of the date this policy is implemented shall not be eligible to increase the number of days carried forward during their employment with the district.

Employees terminating service at the end of the fiscal year shall take accumulated vacation time prior to termination. There shall be no cash surrender value for unused vacation time.

3.47—DEPOSITING COLLECTED FUNDS

From time to time, staff members may collect funds in the course of their employment. It is the responsibility of any staff member to deposit such funds they have collected daily¹ into the appropriate accounts for which they have been collected. The Superintendent or his/her designee shall be responsible for determining the need for receipts for funds collected and other record keeping requirements and of notifying staff of the requirements.

Staff that use any funds collected in the course of their employment for personal purposes, or who deposit such funds in a personal account, may be subject to discipline up to and including termination.

3.48—LICENSED PERSONNEL WEAPONS ON CAMPUS

Firearms¹

Except as permitted by this policy, no employee of this school district, including those who may possess a “concealed carry permit,” shall possess a firearm on any District school campus or in or upon any school bus or at a District designated bus stop.

Employees who meet one or more of the following conditions are permitted to bring a firearm onto school property:

- He/she is participating in a school-approved educational course or program involving the use of firearms such as ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs;
- The firearms are securely stored and located in an employee’s on-campus personal residence and/or immediately adjacent parking area;²
- He/she is a registered, commissioned security guard acting in the course and scope of his/her duties;
- He/she is a certified law enforcement officer, either on or off duty;
- He/she has a valid conceal carry license and leaves his/her handgun in his/her locked vehicle in the district parking lot.

Possession of a firearm by a school district employee who does not fall under any of the above categories anywhere on school property, including parking areas and in or upon a school bus, will result in disciplinary action being taken against the employee, which may include termination or nonrenewal of the employee.

Other Weapons³

Option 1

Employees may not possess any weapon, defined herein as an item designed to harm or injure another person or animal, any personal defense item such as mace or pepper spray, or any item with a sharpened blade, except those items which have been issued by the school district or are otherwise explicitly permitted (example: scissors) in their workspace.

Notes: This policy is similar to Policy 8.40. If you change this policy, review Policy 8.40 at the same time to ensure applicable consistency between the two.

¹ The possession of handguns and firearms is a very hot topic. In Arkansas, the laws governing their possession on school grounds are both complicated and less than clear. The two statutes most directly affecting schools are A.C.A. § 5-73-119 (herein after 119) and A.C.A. § 5-73-306 (herein after 306).

119 governs firearms (including handguns) while 306 deals strictly with concealed handguns (those guns having a barrel length of 12" or less).

119 prohibits firearms on "developed school property" while 306 prohibits concealed handgun permit holders from carrying their handguns into school buildings or events but permits the concealed carry licensee to leave a handgun in his/her locked vehicle at a publicly owned parking lot.

119 permits those who are on a "journey beyond the county in which a person lives" to carry handguns and firearms on school property. Technically, this would allow those employees who commute from outside the county in which they teach to bring their firearms to school. While we accept that concealed carry licensees may leave their handgun in their locked vehicle in the parking lot, we see this as complicated to enforce and generally problematic. Also, as we interpret the statute, parents visiting the school for an athletic or other event can bring their handgun, though it must be left in their locked vehicle, with them. We cannot control that through policy.

² If your district has housing for any employee and that employee chooses to have any firearms in the house, they should be kept in a very secure place. It would be wise to keep them in a locked gun safe so that no one other than the employee has access to them.

³ Select the option that works best for your district. In making your decision, note that in Option #2, you can choose to include only the first or the second sentence or you can keep both sentences. If you keep the first sentence, the length of the blade allowed is limited by A.C.A. § 5-73-120(b)(4) to less than 3". Also, A.C.A. § 5-73-120(a) prohibits individuals from carrying a weapon "with a purpose to employ the . . . weapon against a person." Presumably, an employee could possess a small pocket knife with no intent to use it against another person. Inherent in making the decision on either sentence in Option #2 is the possibility of a student taking the knife or the tear gas and misusing it.

⁴ You can replace "tear gas" with "pepper spray" or leave "tear gas" in the policy and add "pepper spray."

⁵ While the policy language only specifically covers employees, A.C.A. § 6-5-502 permits any person who is a Civil War reenactor to bring a Civil War era weapon onto campus with the prior permission of the principal.

3.49—TEACHERS' REMOVAL OF STUDENT FROM CLASSROOM

Note and advisement: This policy is adopted by the Board of Directors in order to bring the District into compliance with the Division of Elementary and Secondary Education rules concerning student discipline, and to incorporate the provisions of A.C.A. § 6-18-511. However, teachers should be aware that federal law governing a student's Individual Education Program (IEP) or 504 plan, or status as an individual with a disability will supersede Arkansas law. In many cases, removing a student from a classroom due to behavioral problems, will violate a student's IEP, violate a student's 504 plan, or constitute discrimination against the student due to a disability that affects the student's ability to conform his or her behavior. Teachers have been successfully sued for IEP and 504 plan violations in other jurisdictions, and teachers need to understand that violating a student's rights is outside of the scope of his or her employment, and no insurance is available or provided by the school district for either legal defense or to pay a money judgment. Teachers who rely on this law and this policy to exclude a student with special needs or a disability are assuming a grave personal risk.¹

A teacher may remove a student from class whose behavior the teacher has documented to be repeatedly interfering with the teacher's ability to teach the students in the class or whose behavior is so unruly, disruptive or abusive that it interferes with the ability of the student's other classmates to learn. Students who have been removed from their classroom by a teacher shall be sent to the principal's or principal's designee's office for appropriate discipline.

The teacher's principal or the principal's designee may:

1. Place the student into another appropriate classroom;
2. Place the student into in-school suspension;
3. Return the student to the class; or
4. Take other appropriate action consistent with the District's student discipline policies and state and federal law.

If a teacher removes a student from class two (2) times during any nine-week grading period, the principal or the principal's designee may not return the student to the teacher's class unless a conference has been held for the purpose of determining the cause of the problem and possible solutions. The conference is to be held with the following individuals present:

1. The principal or the principal's designee;
2. The teacher;
3. The school counselor;
4. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis; and
5. The student, if appropriate.

However, the failure of the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis to attend the conference does not prevent any action from being taken as a result of the conference.

Note: ¹ The introductory note to the policy is intended to be included in the policy. The note contains information teachers need to be aware of if they are not to misunderstand the actual limited scope of the statute's language that triggered the policy.

3.50—ADMINISTRATOR EVALUATOR CERTIFICATION

Continuing Administrators

The Superintendent or designee shall determine and notify in writing by August 31 of each year those currently employed administrators who will be responsible for conducting Teacher Excellence Support System (hereinafter TESS) summative evaluations who are not currently qualified to fulfill that role. All currently employed administrators so notified shall have until December 31 of the contract year to successfully complete all training and certification requirements for evaluators as set forth by the Division of Elementary and Secondary Education (DESE). It shall constitute just and reasonable cause for nonrenewal of the contract of employment for any administrator who is required to obtain and maintain TESS evaluator certification, as a term and condition of employment, to fail to do so by December 31 of any contract year. No administrator may conduct a summative evaluation unless they have successfully completed all training and certification requirements for evaluators required by the DESE.

Newly Hired or Promoted Administrators

All newly hired or newly promoted administrators, as a term and condition of their acceptance of their contract of employment for their administrative position, are required to obtain and maintain evaluator certification for TESS on or before December 31 of the initial administrative contract year, unless they are explicitly excused from such a contractual requirement by board action at the time of the hire or promotion. It shall constitute just and reasonable cause for nonrenewal of the contract of employment for any newly hired or newly promoted administrator who is required to obtain and maintain TESS evaluator certification, as a term and condition of employment, to fail to do so by December 31 of any contract year. No administrator may conduct a summative evaluation unless they have successfully completed all training and certification requirements for evaluators required by the DESE.

3.51—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES

“School Bus” is a motorized vehicle that meets the following requirements:

1. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
2. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Any driver of a school bus shall not operate the school bus while using a device to browse the internet, make or receive phone calls or compose or read emails or text messages.² A school bus driver may use a two-way radio communications device or any device used in a similar manner as a two-way radio communications device to communicate with the District’s central dispatch or transportation center. In addition, if the school bus is safely off the road with the parking brake engaged, exceptions are allowed to call for assistance due to a mechanical problem with the bus, or to communicate with any of the following during an emergency:

- An emergency system response operator or 911 public safety communications dispatcher;
- A hospital or emergency room;
- A physician's office or health clinic;
- An ambulance or fire department rescue service;
- A fire department, fire protection district, or volunteer fire department; or
- A police department.

In addition to statutorily permitted fines, violations of this policy shall be grounds for disciplinary action up to and including termination.

Notes: This policy is similar to Policy 8.24. If you change this policy, review 8.24 at the same time to ensure applicable consistency between the two.

¹ Students are not required to be transported on a school bus as long as the transporting vehicle is not scheduled for a regularly occurring route or takes a route that contains frequent stops to pick up or drop off students.

² The statute only prohibits "cell phone" use, but in the 10 years since it was passed the term no longer fits today's technology. The terminology in this sentence is designed to cover all the distractions that could affect a driver's ability to safely drive the bus. While we recommend our language, the statute limits the restrictions to "cell phone that requires the operator to dial numbers manually" and you can substitute that for our verbiage if you prefer.

3.52—WRITTEN CODE OF CONDUCT FOR EMPLOYEES INVOLVED IN PROCUREMENT WITH FEDERAL FUNDS

For purposes of this policy, “Family member” includes:

- An individual's spouse;
- Children of the individual or children of the individual's spouse;
- The spouse of a child of the individual or the spouse of a child of the individual's spouse;
- Parents of the individual or parents of the individual's spouse;
- Brothers and sisters of the individual or brothers and sisters of the individual's spouse;
- Anyone living or residing in the same residence or household with the individual or in the same residence or household with the individual's spouse; or
- Anyone acting or serving as an agent of the individual or as an agent of the individual's spouse.

No District employee, administrator, official, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds, including the District Child Nutrition Program funds, if a conflict of interest exists, whether the conflict is real or apparent. Conflicts of interest arise when one or more of the following has a financial or other interest in the entity selected for the contract:

1. The employee, administrator, official, or agent;
2. Any family member of the District employee, administrator, official, or agent;
3. The employee, administrator, official, or agent’s partner; or
4. An organization that currently employs or is about to employ one of the above.

Employees, administrators, officials, or agents shall not solicit or accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to sub-agreements including, but not limited to:

- a. Entertainment;
- b. Hotel rooms;
- c. Transportation;
- d. Gifts;
- e. Meals; or
- f. Items of nominal value (e.g. calendar or coffee mug).¹

Violations of the Code of Conduct shall result in discipline, up to and including termination. The District reserves the right to pursue legal action for violations.

All District personnel involved in purchases with Federal funds, including child nutrition personnel, shall receive training on the Code of Conduct. Training should include guidance about how to respond when a gratuity, favor, or item with monetary value is offered.²

Notes: This policy is similar to Policy 8.41. If you change this policy, review 8.41 at the same time to ensure applicable consistency between the two.

¹ Districts may set standards covering instances where the financial interest is not substantial and the gift is an unsolicited item of nominal value. If you do wish to set standards for these situations, delete this sentence and add a statement permitting such acceptance and the circumstances where it is acceptable.

² The training provided should cover instances where there is doubt concerning the appropriateness of accepting gifts, favors, etc. The employee should be instructed to consider the following questions:

- How would the public perceive this action of receiving the gift, favor, etc.?
- Will acceptance of the gift, favor, etc. possibly influence a future purchasing decision?

The training should cover the Rules Governing Ethical Guidelines And Prohibitions For Educational Administrators, Employees, Board Members And Other Parties including the contract disclosure forms checklists from Commissioner’s Memo FIN 09-036.

3.53—LICENSED PERSONNEL BUS DRIVER END of ROUTE REVIEW

Each bus driver shall walk inside the bus from the front to the back to make sure that all students have gotten off the bus after each trip. If a child is discovered through the bus walk, the driver will immediately notify the central office and make arrangements for transporting the child appropriately. If children are left on the bus after the bus walk through has been completed and the driver has left the bus for that trip, the driver shall be subject to discipline up to and including termination of the employee's classified contract.

3.54 -- TEACHING DURING PLANNING PERIOD AND/OR OF MORE THAN THE MAXIMUM NUMBER OF STUDENTS PER DAY

A fifth (5th) through twelfth (12th) grade teacher may enter into an agreement with the District to teach:

- 1) An additional class in place of a planning period; and/or
- 2) More than one hundred fifty (150) students per day.

A teacher who agrees to teach more than the maximum number of students per day is still bound by the maximum number of students per class period in the Standards for Accreditation and the Division of Elementary and Secondary Education (DESE) Rules Governing Class Size and Teaching Load. A fifth (5th) through twelfth (12th) grade teacher may not teach more than the maximum number of students per day as set in the Standards and the DESE rules for teachers of fifth (5th) through twelfth (12th) grade without receiving additional compensation unless the course being taught is one that meets the definition of a course that lends itself to large group instruction.

A fifth (5th) through twelfth (12th) grade teacher who enters into an agreement with the District shall receive compensation based on the teacher's:

- a) Hourly rate of pay for the loss of a planning period; and/or
- b) Basic contract that is pro-rated for every additional student they teach over the maximum number of students permitted per day.¹

A teacher who wishes to enter into an agreement for numbers 1, 2, or both above must sign an agreement with the District prior to the teacher giving up his/her planning period or teaching more than the maximum number of students per day. A teacher shall not be eligible to receive compensation until after the agreement has been signed. The maximum length of the signed agreement between the teacher and the District shall be for the semester the agreement is signed.

Neither the District nor the teacher is obligated to:

- Enter into an agreement;
- Renew an agreement; or
- Continue an agreement past the semester in which the agreement is signed.

The provisions of the Teacher Fair Dismissal Act, A.C.A. § 6-17-1501 et seq., do not apply to an agreement between a teacher and the District entered into under this policy.

Notes: Standards has stated that a teacher teaching more than the maximum daily number of students will result in a flag during the cycle 2 report. If you provide Standards with a copy of the supplementary contract, Standards will go in and remove the flag.

¹ The method used to determine the amount of pay for teaching more than the maximum number of students is:

- 1) Take the teacher's salary from the salary schedule and divide it by the number of days in the teacher's contract to find the teacher's daily rate of pay;
- 2) Divide the teacher's daily rate of pay by one hundred fifty (150) to find the teacher's per student per day amount;
- 3) Multiply the teacher's per student per day amount by the number of students the teacher is teaching above one hundred fifty (150); and
- 4) Multiply the result by the number of days the teacher will be teaching the extra students. Example: Teacher has a contract for one hundred ninety days (190) with a salary of \$31,000. To calculate the daily per student amount would look like this: $(31,000/190) / 150 = \$1.09$

If teacher agrees to teach ten (10) additional students per day over the one hundred fifty (150) daily limit, then the teacher's per student amount of one dollar and nine cents (\$1.09) would be multiplied by ten (10) for each day the teacher has the ten (10) students above the one hundred fifty (150) in class.

**3.54F—TEACHING INSTEAD OF PREPARATORY PERIOD AND/OR EXTRA DAILY STUDENTS
CONTRACT ADDENDUM**

The Osceola School District (District) and _____ (Teacher) enter into the following contract addendum:

1. Teacher has agreed to teach a class on _____ instead of a preparatory period from _____ through _____;^{1,2}
2. District agrees to pay Teacher for the loss of Teacher’s preparatory period in the amount of _____;²
3. District agrees to pay Teacher for those students who enroll and attend Teacher’s class that are in excess of the Standard’s maximum daily number of students at the per student per day amount of _____³;
4. District agrees to pay teacher _____.⁴
5. This addendum between District and Teacher is in addition to and separate from any other contract between District and Teacher;
6. Teacher understands that this agreement is not covered by the Teacher Fair Dismissal Act of 1983 (A.C.A. § 6-17-1501 et seq.); and
7. District and Teacher agree that this contract shall be effective for the current semester and that future semesters shall require District and Teacher to enter into a new contract.

Teacher’s Signature: _____

Date: _____

Superintendent’s Signature: _____

Date: _____

Board President’s Signature: _____

Date: _____

Notes: ¹ Insert the start and end dates of the contract.

² A teacher is not required to use his/her prep period in order to teach more than the one hundred fifty (150) students daily maximum so long as each class period does not go above thirty (30) students. If this is the situation, delete #2, pluralize “class” in #3, renumber the remaining paragraphs, and substitute the following language for #1:

Teacher has agreed to teach more than the one hundred fifty (150) maximum daily number of students, who shall be placed in the appropriate classes so that no one class contains more than thirty (30) students, from _____ through _____.

Standards has stated that a teacher teaching more than the maximum daily number of students will result in a flag during the cycle 2 report. If you provide Standards with a copy of the supplementary contract, Standards will go in and remove the flag.

³ A.C.A. § 6-17-812 requires that a teacher who volunteers to teach more than the maximum one hundred fifty (150) daily number of students must be paid for each student that the teacher has above the one hundred fifty (150) daily limit. In order to calculate the per student per day rate of pay:

- Take the base contract salary and divide it by the number of days in the contract to determine the teacher’s daily rate of pay; and
- Divide the teacher’s daily rate of pay by one hundred fifty (150) to find the per student per day rate. The teacher will then be paid the resulting per student amount multiplied by the number of students over one hundred fifty (150) that the teacher has enrolled each day. For example, Teacher has a contract for one hundred ninety days (190) with a salary of \$31,000. To calculate the daily per student amount would look like this: $(31,000 / 190) / 150 = \$1.09$

If Teacher agrees to teach ten (10) additional students per day over the one hundred fifty (150) daily limit, then the teacher's per student amount of one dollar and nine cents (\$1.09) would be multiplied by ten (10) for each day the teacher has the ten (10) students above the one hundred fifty (150) in class.

The per student per day payments are in addition to any payments a teacher will receive under A.C.A. § 6-17-114 for agreeing to teach instead of a preparatory period.

⁴ Insert the payment schedule you wish to use. Our recommended language is either:

- a. *"As a lump sum to be paid as part of Teacher's final check of the semester." Or*
- b. *"The above amount(s) in (insert number of pay periods the addendum covers) equal payments, which are in addition to Teacher's regular (monthly/biweekly) payment."*

Definitions

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District¹ and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.² A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.³

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.⁴

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

Notes: ¹ Residency requirements of homeless students is governed by policy 4.40—HOMELESS STUDENTS. Residency requirements governing foster children are governed by policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN

² The Interstate Compact on Educational Opportunity for Military Children and the ARKANSAS MILITARY CHILD SCHOOL TRANSITIONS ACT OF 2021 are the sources for this sentence. It is codified at A.C.A. § 6-4-302 and 6-28-108.

³ This is a provision of A.C.A. § 9-28-113(a) and (b).

⁴ Rather than duplicate the law on the attendance of children of employees who reside outside of the district into the policy which would make for a long policy affecting a relatively small number of students, we suggest you consult A.C.A. § 6-18-203 and have a copy handy for affected employees or potential employees.

4.2—ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, will become five (5) years old during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.¹

Prior to the child's admission to a District school:²

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary education.
2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;

- f. United States military identification; or
 - g. Previous school records.
3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³
 4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children

For the purposes of this policy:

“Activated reserve components” means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

“Active duty”⁴ means full-time duty status in the active, uniformed services of the United States, including without limitation members of The National Guard and Reserve on active duty orders under 10 U.S.C. §§ 1209, 1210, and 1211.

“Deployment” means a period of time extending from six (6) months before a member of the uniformed services' departure from their home station on military orders through six (6) months after return to his or her home station.

"Dual status military technician" means a federal civilian employee who is:

- a. Employed under 5 U.S.C. § 3101 or 32 U.S.C. § 709(b);
- b. Required as a condition of his or her employment to maintain membership in the Selected Reserve; and
- c. Assigned to a civilian position as a technician in the organizing, administering, instructing, or training of the Selected Reserve or in the maintenance and repair of supplies or equipment issued to the Selected Reserve of the United States Armed Forces.

“Eligible child” means the children of:

- Active duty members of the uniformed services;
- Members of the active and activated reserve components of the uniformed services;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death;
- Dual status military technicians; and
- Traditional members of the National Guard and reserve components of the armed forces who are relocating to the state for employment or to serve as a member of an Arkansas-based reserve component unit.

"Traditional member of the National Guard or federal reserves" means an active member of the Selected Reserve subject to mobilization and deployment for which he or she attends monthly and annual training periods.

“Transition” means the:

- Formal and physical process of transitioning from public school to public school; or
- Period of time in which a student moves from a sending district to a receiving district.

“Uniformed services”⁴ means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Space Force, United States Coast Guard, the National Oceanic and Atmospheric Administration Commissioned Officer Corps, the United States Commissioned Corps of the Public Health Services, and the state and federal reserve components of each of these bodies.

“Veteran” means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District’s military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child’s parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District’s military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.⁵

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

Following the receipt of advanced notice of the enrollment of an eligible student from a military family, the District shall treat the notice as a provisional enrollment and provide the student with materials regarding:

- a. Academic courses;
- b. Electives;
- c. Sports; and
- d. Other relevant information regarding the public school.

In the event that official copies of an eligible child’s education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child’s unofficial education records pending receipt of the eligible child’s official records; and
- Request the eligible child’s official education records from the sending district.

To facilitate a smooth transition between the student’s previous coursework and the curriculum best suited to ensure educational success in the student’s new school, the District may enroll an inbound transitioning eligible student in digital coursework, if available, at the request of the military family.

Notes: ¹ The US Supreme Court has held that public schools may not use immigration status as a criterion for admitting and educating students.

² A.C.A. § 9-28-113 requires schools to “immediately” enroll foster children whether or not they produce “required clothing or required records” noted in #2 and #4. ASBA does not believe this means schools are required to admit students currently under expulsion from their previous school. See policies 4.4 and 4.5.

³ A.C.A. § 6-18-510 requires that districts adopt this policy language, or similar, **AND** provide a hearing before the board for the student seeking to enroll in the district while currently serving an expulsion from another district in order for the district to exclude the student until the expiration of the student’s expulsion. Districts who do not include this policy language, or similar, **AND** provide the hearing before the board may **NOT** prohibit the enrollment of a student who is currently serving an expulsion from another district.

⁴ A.C.A. § 6-4-302 and 6-28-104 define both “uniformed services” and “active duty.” Consult the statutes to determine if the student wishing to enroll in your district qualifies under the definitions.

⁵ While A.C.A. 6-28-116 only makes this a requirement for districts with at least twenty (20) children of military families enrolled or an average daily membership of three thousand (3,000) students, the language is recommended for all districts.

4.3—COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll the child and ensure the attendance of the child at a District school with the following exceptions:

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6—HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Division of Elementary and Secondary Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

4.4—STUDENT TRANSFERS

The Osceola District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.¹

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.² The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the

enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

Except as otherwise required or permitted by law,⁴ the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

Notes: ¹ You may choose not to adopt this additional language and accept transfers on a continuing basis. Consult A.C.A. § 6-18-317 for restrictions on transfers where either the resident or the receiving district is under a desegregation related court order.

² Your application of "capacity" should be consistent in order to avoid potential exposure to liability for unlawful discrimination against individuals with disabilities. For example, you should not choose to accept a student who requires no special services, but would require you to add an additional elementary teacher, but refuse to accept a student with a disability because it would require you to add an additional special education teacher. You may refuse to accept the transfer of a student with a disability whose acceptance would necessitate the hiring of an aide, interpreter, or other additional staff member.

³ A.C.A. § 6-18-510 requires that districts adopt this policy language, or similar, **AND** provide a hearing before the board for the student seeking to enroll in the district while currently serving an expulsion from another district in order for the district to exclude the student until the expiration of the student's expulsion. Districts who do not include this policy language, or similar, **AND** provide the hearing before the board may **NOT** prohibit the enrollment of a student who is currently serving an expulsion from another district.

⁴ A.C.A. § 9-28-113(b)(4) encourages districts to arrange for transportation for foster children who have had a change in placement to a new school, but have been kept in their previous school by a DHS or court ruling. The statute's language would permit the change in placement to be in a different district and the policy language would allow the district to arrange for the transportation at district expense.

4.5—SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan¹ that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE).² As a result of the desegregation order/desegregation plan¹, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption.³ The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.⁴

Definition

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.⁵

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.⁶

Application Process

The student's parent shall submit a school choice application on a form approved by DESE to this District and the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked, emailed, or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked, emailed, or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved

ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

No earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.⁷

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's

previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.⁸

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.⁹ The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District,, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District¹⁰

For the purposes of this section of the policy, a "lack of capacity"¹¹ is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity¹¹ at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District¹⁰ or from the student's resident district into the District if:

- Either:
 - o The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - o The student's assigned school has a rating of "F"; and
- The student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than May 1 of the school year before the school year the student intends to transfer to both the sending and receiving school districts.:

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Except for those students who are applying to transfer within the time permitted due to the student's parent or guardians' military service or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer due to the student's parent or guardian's military service or seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection.¹² A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.¹³

Transfers out of, or within, the District¹⁰

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or

1. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
2. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.¹⁴

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

Notes: 1 Select the version of the desegregation order that applies to your district.

2 A.C.A. § 6-13-113 requires a district under a desegregation court order or court-approved desegregation plan to submit to DESE by January 1, 2016:

- A copy of the desegregation order or desegregation-related order;
- The case heading and case number of each court case in which the order was entered;
- The name and location of each court that maintains jurisdiction over the order; and
- A description of the school choice student transfer desegregation obligations, if any, that the school district is subject to, related to the order.

Should the district be released by the court, the district is responsible to promptly notify DESE. DESE will post all districts who have submitted the proper paperwork on its website.

In addition, A.C.A. § 6-18-1906 requires districts claiming an exemption based on a desegregation order/desegregation plan to submit documentation by January 1 of each year that contains the following:

- o Documentation that the desegregation order or court-approved desegregation plan is still active and enforceable; and
- o Documentation showing the specific language the school district believes limits its participation in Standard School Choice.

DESE will notify the district within thirty (30) calendar days of receipt of the submitted documentation whether or not it is required to participate in standard school choice. If DESE does not provide a written exemption to the district, then the district is required to participate in Standard School Choice. The district may submit a written petition to the State Board to review DESE's decision.

3 If your district doesn't meet the provisions of this paragraph, delete it and, for your master copy of the policy, renumber the remaining footnotes accordingly.

While the policy language requiring the district to notify its contiguous districts that it is exempt from the school choice provisions is not statutorily required, it is advocated by Commissioner's Memo Com-13-061 and we believe it is necessary if potential receiving districts are going to be able to intelligently inform parents who have applied to their school.

4 If the desegregation court order/court-approved desegregation plan your district is under would prohibit standard school choice but would not prohibit Opportunity School Choice, remove the references to Opportunity Choice in this paragraph and add the following sentence:

While the District's desegregation court order/court-approved-desegregation-plan exempts the District from the provisions of Standard School Choice, the District's desegregation court order/court-approved-desegregation-plan does not exempt it from the transfer provisions of the Arkansas Opportunity Public School Choice Act (Opportunity School Choice).

We advise districts to consult with their attorney about the district's desegregation court order/court-approved-desegregation-plan applicability to the exemption provisions in A.C.A. § 6-18-1906 and A.C.A. § 6-18-227 and whether you will need to include both, either, or neither policy provisions on standard School Choice or Opportunity School Choice in your final version of this policy.

5 For the Resolution, see Form 4.5F. There is no real flexibility in setting capacity as you can no longer take growth into account when setting slots for Standard School Choice. Districts may only deny a transfer if the transfer would place the district above the ninety percent (90%) maximum under law or the student's resident district has reached its three percent (3%) cap. Your application of a lack of capacity must be consistent; you can't choose to add a teacher due to accepting a student, but refuse to add a staff member because the applicant requires special education.

Once the resolution has been made, the Board's role in determining acceptance is finished and no further board action is required to accept school choice students.

6 The statute does not stipulate a date and you can choose your own, but it should give parents a reasonable opportunity to submit their application. While the statute gives districts a choice between advertising in print or on the Internet, it also doesn't prohibit advertising in both. To help inform parents before they try to apply so they will know in advance if it's actually a possibility that their child could be accepted, we suggest either including your capacity resolution in the public announcements or state where the resolution can be found.

7 Consider the following about the timing of your acceptance of an application and why it's important to provisionally accept each application until the notification letter is returned to you:

The later you accept an application, the more confident you can be about accepting or denying based on capacity. (For example, have as many students as usual moved into your district and were they in the expected grade level patterns?) However, an earlier, provisional, acceptance, such as June 1, gives you more time to determine through the use of your acceptance notification letter whether the student's reality matches the information supplied on the application. For example, would the applicant have been held back in 3rd grade in the resident school and the parent is trying to keep that from happening by transferring. While you

may have an opening in 4th grade (the grade the parent would have applied for), you may not have an opening in 3rd grade and so would need to deny the application once the paperwork was submitted.

Another example would be an application for a kindergarten choice transfer. When reviewing the completed paperwork, you discover the child is medically fragile and will require additional staff to meet the student's needs. Provisional acceptance gives you the time and opportunity to reconsider your acceptance and still meet the July 1 deadline.

8 You are required to hold a hearing before the board of directors about the student's expulsion. (See A.C.A. § 6-18-510.) It is possible that the expulsion was for a disciplinary infraction that does not result in expulsion in your district. If this is the case, you have the choice of whether or not to admit the student under school choice due to the resident district's expulsion of the student, but you may NOT deny a student unless you hold a hearing.

9 The "shalls" used in this paragraph are not statutorily required (The Public School Choice Act of 2015 simply doesn't address the issue), but without notification to the non-resident district, there is no way for the non-resident district to know when the cap has been reached.

10 Only include "or within" if your district has more than one school with the same grade(s).

11 The capacity standards under "Opportunity Choice" are slightly more strict than under "Standard Choice" standards and are limited to what is stated in the policy. Additionally, by Rule, you are required to base your decision on ninety-five (95%) of capacity at the time of the application with no provision for consideration of your district's normal growth. Just as with Standard School Choice, your application of a lack of capacity must be consistent; you can't choose to add a teacher due to accepting a student, but refuse to add a staff member because the applicant requires special education.

12 The student or his/her parents may appeal to the State Board a decision to deny admission.

13 Sending districts are required to spend up to four hundred dollars (\$400) per year to transport the student. The statute and the Rules are unclear. They both state that receiving districts may transport opportunity choice students, but sending districts shall pay up to four hundred dollars (\$400) per year to transport the student. The policy's language makes no attempt to settle the discrepancy. The financial responsibility of the transferring district goes away when the school no longer has a rating of "F" or the student's resident district is no longer classified by the state board as in need of Level 5 — intensive support. At that time the statute states that the receiving district may choose to pay for the transportation.

14 Opportunity Choice does not give you the option contained in Standard Choice of advertising on the Internet in place of print media.

4.5F—SCHOOL CHOICE CAPACITY RESOLUTION

Whereas:

- The Board of Directors of the Osceola School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the 2020-2021 school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.
- Applicants, whose applications meet the provisions of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined prior to July 1 with a final decision to be made by July 1 based on the district's available capacity for each academic program, class, grade level, and individual school.
- Applications will not be accepted if the applications:
 - Are not received or postmarked on or before May 1, unless the application is from a student who has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base and the application is received within the fifteen (15) day period and accompanied by relevant documentation;
 - Are to a student's resident district that has declared itself exempt due to an existing desegregation order; or
 - Would exceed the applicant's resident district's statutory limitation on student transfers out of its district, unless the application is part of a sibling pair and the other sibling's application was the application that reached the district's statutory limit.
- The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.
- The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff, for any reason.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice enrollment period for the school-year _____.

4.5F3--SCHOOL CHOICE ACCEPTANCE LETTER

Dear _____
(Parent name)

I am pleased to inform you that the application you submitted for _____,
(Student name)
has been accepted pending enrollment of _____, by _____,
(Student name) (Date)
however, failure to enroll _____, by _____, will render this offer of
(Student name) (Date)
acceptance null and void.

I look forward to welcoming _____ as part of the Osceola School District.
(Student name)

Once your child has enrolled in school with us this coming school-year, _____
(Student name)

will be eligible to continue enrollment in the district until completing high school or is beyond the legal age of enrollment provided the student meets the applicable statutory and District policy requirements all other District students must meet (with the exception of residency in the District) to continue District enrollment. This information is contained in the student handbook. You will be required to fill out a choice renewal form each year by June 1, which can be picked up in our district's central office located at 2750 West Semmes, Osceola, AR 72370.

Please Note: The Osceola School District has no control over when a student's resident district might reach its statutory limit on allowable transfers out of its district. While we consider it unlikely, there is always the possibility that we could be forced to withdraw this acceptance if the resident district determines it reached its statutory cap for transfers out of its district prior to your student's application date to our District. You will be notified immediately should that rescission of acceptance be necessary. We apologize for this unavoidable uncertainty.

Respectfully,

Dr. Toriano Green, Superintendent
Osceola School District

4.5F4--SCHOOL CHOICE REJECTION LETTER

Dear _____ (parent name)

I am sorry, but the application you submitted for _____ has been rejected for the following reason(s). (Student name)

____ Your child's resident district has declared itself exempt from the provisions of the School Choice Law due to it being under an enforceable desegregation order.

____ Your child's resident district has reached its limitation cap for allowable transfers and we cannot accept any additional school choice transfers from that district.

____ Your child does not meet the openings identified for the coming school-year identified in the Board of Directors Resolution adopted on July 7, 2014.

The specific reason for rejection is that acceptance would cause the district to have to add:

- ____ Staff
- ____ Teachers
- ____ classroom(s)
- ____ the (insert the name of the program, class, grade level, or school building's capacity)

As noted in your original application, you have ten (10) days from receipt of this notice in which to submit a written appeal of this decision to the State Board of Education.

Respectfully,

Dr. Toriano Green, Superintendent
Osceola School District

4.6—HOME SCHOOLING

Enrollment in Home School

1. At the beginning of each school year, but no later than August 15;
2. Five (5) school days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by:
 - Use of the Division of Elementary and Secondary Education's (DESE) online system;
 - Email; or
 - Facsimile;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

A student who has been temporarily issued items, resources, supplies, materials, or other property belonging to the District is eligible for enrollment in a home school during the school year after:

- The items, resources, supplies, materials, or other property belonging to the District have been returned to the District;
- The items, resources, supplies, materials, or other property belonging to the District have been paid for; or
- The semester has ended.

The superintendent or the board of directors may waive the required five (5) school day waiting period for a student's enrollment in home school during a semester if the superintendent or the board of directors is satisfied with the return of temporarily issued items, resources, supplies, materials, or other District property .

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and

- Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.¹

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following:

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.²
2. Death or serious illness in their immediate family;³
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.⁴

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.⁵

In order for the absence to be considered excused, the student must:

- a. Bring a written statement to the principal or designee upon the student's return to school from the student's parent or legal guardian stating the reason for the student's absence; or
- b. If the student is attending the District's courses digitally, upload a written statement from the student's parent or legal guardian stating the reason for the student's absence through the District's digital course management platform for review by the principal or designee.

A written statement presented or uploaded for an absence having occurred more than five (5) school days prior to its presentation or upload will not be accepted.

Unexcused Absences

Absences that are not defined above; do not have an accompanying note from the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis; or have an accompanying note that is not presented or uploaded within the timeline required by this policy; shall be considered as unexcused absences. Students with *(insert number)*⁶ unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has *(insert number equal to 1/2 above number)*⁶ unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified⁷. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds *(same number as in the first paragraph of this section)*⁶ unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student; the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis; and the school or district administrator or designee.⁸

Students who attend in-school suspension shall not be counted absent for those days.⁹

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.⁹

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Notes: If your district's penalties for absences include an impact on the student's grades, it is important to note that A.C.A. § 9-28-113(f) prohibits the lowering of grades of foster children for absences due to 1) a change in the student's school enrollment; 2) the student's attendance at a court ordered dependency-neglect court proceeding; or 3) the student's attendance at court-ordered counseling or treatment.

¹ If you have asynchronous digital courses in addition to or in place of synchronous digital courses, you will need to add to or replace this paragraph with the manner you will use to determine a student's attendance in such classes. The exact manner you use to determine the student's attendance will depend on the options within the digital course platform you are using. Be sure to note that a student who is taking an asynchronous course but who was assigned a class period during the school day for the course may be considered truant under your discipline policies for failure to be physically were they are assigned to be but would not be considered absent for the digital course itself if the student satisfied the attendance requirements for the asynchronous digital course.

² Limiting the number of excused absences for illness is an option which you can choose to include or not include. The number of absences can be changed as you feel appropriate.

³ Your board may want to define the meaning of "immediate family." One source for a definition is A.C.A. § 6-17-1202.

⁴ The law is silent on how to treat absences for students excluded from school in this manner. While you may elect to have such absences treated as unexcused absences, we do not recommend doing so due to the truancy requirements and the potential for a student to not be able to make up homework based on the language in Policy 4.8—MAKE-UP WORK.

⁵ Statutorily, the day the student serves as a page cannot be counted as an absence, but the school may grant additional days (such as for travel time) in conjunction with the day as a page that would also not be counted as absences. The choice is up to the district.

⁶ A.C.A. § 6-18-222(a)(1)(A)(i) requires school boards to adopt an attendance policy that includes a “certain number” of excessive unexcused absences. The code leaves the specific number up to the individual board’s discretion. The number your board chooses determines the number of absences that triggers the notices being sent to the student’s parents.

⁷ If your district has a Community Truancy Board as defined in A.C.A. § 6-18-225 & 226, notification will also need to be sent to the chairman of the truancy board. The truancy board will then need to proceed as defined by A.C.A. § 6-18-222(a)(4)(A).

⁸ Students are specifically permitted to initiate the agreement on their own; their parents may be unavailable or unwilling to meet with the administration.

⁹ The statutes are silent on whether in-school-suspensions shall count as absences. You can choose to amend this sentence and make either or both forms of suspension count as unexcused absences. In making your decision, we suggest you consider the number of days of allowable unexcused absences you have chosen for this policy, the lower the number, the greater the consequences for including an in-school-suspension as an unexcused absence. A.C.A. § 6-18-507(g) requires districts to note on each student’s attendance record if the student’s absence was due to an out-of-school suspension.

4.8—MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students in grades 5-12 are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments for students in grades K-4 and when asked by returning student in grades 5-12.
3. Students in grades 5-12 are required to ask for their assignments on their first day back at school or their first class day after their return. .
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.
7. Students in grades 5-12 are responsible for turning in their make-up work without the teacher having to ask for it.
8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student's Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences **unless** the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES⁵.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.⁶

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57 – IMMUNIZATIONS.

Notes: ¹ Your district has the right to require students to make up work for both excused and unexcused absences; requiring work to be made up for all absences could serve as a deterrent for unexcused absences.

² This sentence should be modified for elementary school classes.

³ Select the number of days your district deems reasonable and feasible.

⁴ Your district may choose to adopt a different schedule such as docking the work a certain percentage for each day it is late.

⁵ The contents of this paragraph are optional and can be adjusted to the extent it remains aligned with your personalization of policy 4.7.

⁶ The program and method(s) you provide for students to maintain their educational opportunity should be in accordance with the requirements from Policy 4.30 and Policy 4.31.

4.9—TARDIES

Promptness is an important character trait that District staff is to encourage to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement. Students who arrive at school late and/or leave school during the last hour of the school day for non-medical or non-emergency purposes will be counted tardy.

4.10—CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must be signed out in the office by a parent or guardian upon their departure.

4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the Osceola School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.¹

Inquiries on non-discrimination may be directed to the Assistant Superintendent², who may be reached by mail at 2750 West Semmes, Osceola, AR 72370, by phone at 870-563-2561 or by email rbryant@osd1.org³.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

Notes: A copy of this non-discrimination notification should be included in all district publications to students and parents.

¹ A.C.A. § 6-10-132 requires that youth patriotic societies, such as the Boy Scouts of America, be provided access to students during the school day; as a result, all districts now have a limited open forum and are required to provide the same access to groups who follow the procedure set forth in the statute to request access to students regardless of the groups viewpoint.

² Insert the position(s) designated to be contacted on discrimination inquiries. If you have different positions designated to answer questions on disability discrimination (504 coordinator) and sex discrimination (Title IX coordinator), then you will need to include the position responsible for each area. Do not include the name(s) of the person(s) to be contacted in the policy; changing the name of the person (due to a staffing change) would necessitate amending the policy, which would require it to go through the entire adoption process.

³ Insert the office address, phone number, and email address to be used to contact the designated position. If you have more than one position designated as set forth in footnote 2, you will need to include a contact number, email address, and office address for each position. The contact number and office address may be the school/district address and phone number. We recommend making the email address specific to the position, such as titleix@districtdomain.org, and having the emails sent to the coordinator's inbox to prevent having to amend the policy due to staff changes.

While 34 C.F.R. § 106.8 requires that an individual be able to submit a report, including by telephone, both inside and outside of business hours, we do not believe that this requires that the Title IX Coordinator must be on-call to receive phone calls at any time; instead, the number provided for individuals to use must allow individuals wanting to report sexual discrimination or sexual harassment to the Title IX Coordinator to be able to leave a voice message for the Title IX Coordinator.

4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.¹

Note: ¹ A.C.A. § 6-5-202 requires the automatic expulsion of a student who is convicted of hazing.

4.13—PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days¹ of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.²

For purposes of this policy, the Osceola School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.³

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements.⁴ "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,⁵ his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.⁶

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Notes: With very few exceptions; Health Insurance Portability and Accountability Act (HIPAA) privacy requirements don't apply to public K-12 schools and, for that reason, ASBA has no model policy addressing HIPAA. An excellent explanation of the relation between FERPA and HIPAA is available at <https://arsba.org/policy-resources>.

Districts must annually notify parents or students if over the age of 18 of the provisions of this policy and "...shall effectively notify parents who have a primary or home language other than English." (34 CFR 99.7(b)(2))

Districts may release directory information (DI) (as presently defined by the district) of former students to the extent there is not a signed prohibition against such release. As the definition of DI changes over time (for example, the addition of email addresses to the definition of DI), districts may release DI according to the current definition. It also applies to the release of information that is now defined as DI for students who left the district prior to 1974, when there was no such thing as DI.

As stated in this policy, once a student turns 18, the rights to his/her educational records transfers to the student. The release of educational records to a parent becomes permissive and not a right. At that point, the school gets to decide if it wants to release educational records to parents. The student, however, doesn't have the right to object one way or the other. If the parents don't establish dependency, once the student turns 18, the parents don't have an absolute **right** to see their student's educational records. "Dependency" in this regard is defined according to the IRS; if the student is claimed by either of their parents (regardless of custody issues, or filing jointly or separately) as a dependent, then the rights of the parent once the student turns 18 is as described. Without dependency, the parents have no right to see their student's educational records once the student turns 18.

There are several areas of permissible release of students' PII that are not mentioned in this policy (it's not required and would make the policy very long), but that are listed in 34 CFR 99.31. One of the areas that has been greatly elaborated on in the DOE Rules, released 12/2/11, relates to the district's release of PII to an "authorized representative" for the purpose conducting an audit or evaluation of federal or state education programs. This new area is covered in 34 CFR 99.35. Both documents are available by calling the ASBA office and requesting a copy. They could come in handy when answering parents' questions regarding the release of PII.

The Arkansas Supreme Court, Division of Elementary and Secondary Education, and ASBA collaborated in the creation of a form in an effort to aid juvenile intake and probation officers in acquiring necessary information for the officer to make more knowledgeable decisions/recommendations on a course of action for each juvenile's case. The Form allows for parents to authorize the officer to access certain portions of the student's education records and the parent's ESchool PLUS Home Access Center. The form, when completed by the parent and probation officer, will be sent to the district by the officer. A copy of the form, along with a background letter, may be found at <https://arsba.org/policy-resources>.

¹ You may choose a lesser number of days, but you may not exceed 45 days.

² This paragraph along with the preceding paragraph are added (and permitted) due to the amendments in the Code of Federal Regulations resulting from the Virginia Tech shootings in 2007. The paragraph can also apply to the release of PII to state health officials during outbreaks of communicable diseases. This would apply, for example, to immunization records to determine which students need to be removed from the school. (See Policy 4.34).

³ The requirements for conducting a hearing are addressed in 34 CFR 99.22. The district's obligations regarding the results of the hearing are covered in 34 CFR 99.21. Both are available by calling the ASBA office and requesting a copy.

⁴ The 12/2/11 DOE Rules now provide districts with the option of greater specificity in choosing to whom it will release DI. ASBA has not amended the model policy to include this expanded option because we feel it can result in unintentional restrictions for desired release of DI. The following is the language from 34 CFR 99.37 governing this option:

In its public notice to parents and eligible students in attendance, ... an educational agency or institution may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. When an educational agency or institution specifies that disclosure of directory information will be limited to specific parties, for specific purposes, or both, the educational agency or institution must limit its directory information disclosures to those specified in its public notice.

⁵ Dates of attendance means the period of time during which a student attends or attended your district, e.g. an academic year or semester. It does not mean specific daily records of attendance.

⁶ This paragraph is language from the amended 34 CFR 99.37 and is included to help eliminate the potential problem of a student (who is in a class where the student really doesn't want to be - for example JAG), who has opted out of release of DI, refusing to give the information necessary for the class.

4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION

(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Osceola School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters _____

Deny disclosure to Institutions of postsecondary education _____

Deny disclosure to Potential employers _____

Deny disclosure to all public and school sources _____

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), **AND** result in the student's directory information **not** being included in the school's yearbook and other school publications.

Deny disclosure to all public sources _____

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information **to be included** in the school's yearbook and other school publications.

4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE

The Superintendent and the student media advisors(s)¹ shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

“School-sponsored media” means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

“Student journalist” means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

“Student media” means any means of communication that are:²

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

“Student media” does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

“Student media advisor” means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

Student Media

While the District recognizes a student’s right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
 - a. Are obscene as to minors;
 - b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
 - c. Constitute an unwarranted invasion of privacy as defined by state law;
 - d. Suggest or urge the commission of unlawful acts on the school premises;
 - e. Suggest or urge the violation of lawful school regulations;
 - f. Scurrilously attacks ethnic, religious, or racial groups; or

- g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of eighteen (18);
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Non-school Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials³ shall have school authorities⁴ review their non-school-sponsored materials at least three (3) school days⁴ in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution.⁶ Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school-sponsored materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur⁷; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.⁸

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 2 days.⁹

Notes: The goal of the footnotes are to assist principals in the implementation and enforcement of the policy by trying to improve the identification of the parameters of the policy. While the footnotes are not intended to be included in the distributed version of the policy, they should be helpful in adapting the policy for inclusion in the student handbook.

In accordance with A.C.A. § 6-18-1203, expression made by a student journalist in student media is not the expression of a school district's policy and school district officials and members of the school district board of directors are not to be held responsible in any civil or criminal action for any expression made or published by a student journalist in student media unless the individual interfered with, altered, or made substantial decisions with respect to the content of the student expression.

¹ In addition to being included in reviewing any amendments to the regulations resulting from this policy, A.C.A. § 6-18-1202 and Policy 1.9 require that the student media advisors are included when reviewing any proposed updates to this policy.

² When developing your regulations, be sure to include provisions for all of the different school-sponsored dissemination methods your district makes available to your student journalists. The procedures should be sure to align with the timelines and methods from the course(s) relevant to the dissemination method (print publication, posted to district site, covered in district television broadcast, etc.)

³ You may change this number, but the inclusion of a number below which prior inspection is not required permits the exchange of such items as personal notes between students, CDs, party invitations, or birthday cards. The review requirement also applies to materials distributed at extracurricular events that are not intended primarily for adults.

⁴ Consider naming the specific school authority (i.e. Superintendent, assistant superintendent, etc.) responsible for the review.

⁵ You may change this length of time to suit your district, but it may not exceed three (3) days without putting the district at risk of facing a legal challenge that you are inhibiting free speech.

⁶ While you can prohibit material for the stated reasons, you may not do so merely because it contains a controversial message or content the district disagrees with.

⁷ The time, place, and manner of distribution may vary by the age of the students attending the school. For example, elementary schools may wish to have more narrowly tailored times and places for the distribution and restrict how the materials are made available. It is more difficult for elementary students to tell the difference between school-sponsored and non-school-sponsored materials, which could affect who would be appropriate distributors of the materials. Schools also have the option of putting up a notice at the distribution site such as a designated table in a foyer or hallway that the materials do not represent the viewpoint of the school. You might also choose to add a qualifier permitting the principal to impose additional requirements when deemed appropriate to avoid disruption, congestion, or other problems that could be associated with the distribution.

⁸ Students are not to be coerced into taking non-school-sponsored materials.

⁹ If you choose to include this optional sentence, select a reasonable amount of time for any specific item to be available at one stretch. Some materials could conceivably be appropriately left for distribution for significantly longer periods of time than other materials. You may also choose to add an additional sentence requiring the student(s) who distribute the materials to be responsible for picking up any materials thrown on school grounds.

4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal.¹ Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or

designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

CONTACT BY PROFESSIONAL LICENSURE STANDARDS BOARD INVESTIGATORS

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

Note: ¹ This sentence is based on language in A.C.A. § 9-13-104 (b) and is **NOT** required. School administration should **ALWAYS** decline any involvement in the fight between parents over whose day it is to pick up the student. The school's interest is that A PARENT or an individual authorized by a PARENT checks the child out or picks the child up, not that the "right" parent checks the child out on the "right" day.

4.16—STUDENT VISITORS

The Osceola School Board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

4.17—STUDENT DISCIPLINE

The Osceola School District Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to: a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.¹

The District shall incorporate the District's implementation of positive behavioral supports in accordance with Policy 4.60 in the application of student discipline.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Osceola School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Note: 1 To satisfy a student's due process rights, for events both on and off campus, make sure that all special education requirements are met when those requirements apply.

DESE Rules Governing Student Discipline and School Safety

Date Adopted: 7/12/2021

Last Revised: 5/26/2021

OSCEOLA SCHOOL DISTRICT CODE OF CONDUCT

The Osceola School District Code of Conduct was created by a committee of students, parents, teachers, administrators and board members. The purpose of this code is to provide a school atmosphere conducive to educating the young people of the district in the ideals of our democratic society. The rules of the code take into consideration the rights and responsibilities of each group involved (students, parents and the school) relative to the stated purpose.

The rules are comprehensive and govern all phases of the student's life at school. Conduct on a school trip or activity, computer or Internet, cell phones or telephones, other means of communication media where the communication originates or ends on District property, or any school function is considered within the limits of school jurisdiction, and the disciplinary code will be applied. All punishment for misconduct should be understood as a corrective measure. All codes of conduct shall ensure the equality of educational opportunity for all students regardless of race, color, creed, national origin, religion, age, gender, sexual orientation or disability.

School discipline is a process through which students are expected to achieve success by having firm, consistent rules to follow. In order to guarantee all the students in our school the excellent learning climate they deserve, we are using the following discipline plan as approved by the Osceola Board of Education.

We believe all students can behave appropriately at school. No student will be allowed to disrupt learning. This code depends on the support of everyone to be effective.

Students are expected to follow the provisions of this handbook and obey the directions of licensed staff as well as non-licensed staff and school volunteers who have been assigned responsibility that include the supervision or oversight of students. Failure to follow the directions of a volunteer or non-licensed staff member is a violation of this handbook and will result in disciplinary action begin taken against the student. Non-licensed, non-instructional staff and school volunteers may not discipline students directly, except as otherwise provided, but are to refer any discipline violations to a licensed teacher or school administrator or complete a discipline referral form as appropriate.

The following general rules are designed to identify some but not all expected student behaviors while at school. These rules are expected to be enforced throughout the district.

1. Students will respect the rights of others by keeping their hands, feet, books or other objects to themselves and by leaving the property of others alone.

2. Any acts of misbehavior including horseplay, moving about in the room without permission, throwing objects, et cetera, that disturbs the learning process will be prohibited.
3. Students will **NOT** run, push other students or speak loudly in the halls, especially when other classes are in session.
4. Students will show proper respect to peers, school employees, parents and guests.
5. Students will behave appropriately in the cafeteria, restrooms, on the playground and all other areas outside the classroom. If a student chooses to break a rule, teachers may choose the following classroom discipline consequences:

Severe Clause - Offenses committed by students at school, while students are under school jurisdiction and considered to be anti-social and a persistent disregard for school rules, disruptive or of gross misconduct in nature shall be grounds for immediate corporal punishment and/or parent notification with possible suspension without going through each step.

Special education students follow the regular school discipline policy unless otherwise indicated in their individual educational plan (IEP).

4.18—PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

9. Sharing, diverting, transferring, applying to others (such as needles or lancets), or in any way misusing medication or any medical supplies in their possession;
10. Inappropriate public displays of affection;
11. Cheating, copying, or claiming another person's work to be his/her own;

INFRACTIONS TO AVOID - Statement of Policy (Inserted from Student Handbook)

Students are to keep their hands to themselves and treat teachers and fellow students with respect and courtesy. Horseplay and physical teasing, as well as shoving, striking, fighting, or threatening others with physical injury, et cetera, constitutes battery and/or assault and are strictly forbidden. Profanity and rude and abusive language directed at others is considered abuse and is also strictly forbidden. Violations of this policy will result in a possible suspension or expulsion from school depending on the severity and may also constitute a criminal offense. By law local law enforcement must be notified whenever a felony or an act of violence may have been committed on campus or at school related activities.

The following actions are considered major infractions of proper conduct and will subject the student to disciplinary action including, but not limited to, suspension or expulsion from school, and/or notification of law enforcement officials. **The violation of a rule will occur whether the conduct takes place on the school grounds, at a school supervised activity, function, or event, or en route to or from school. This includes students at the bus stop.** Below each rule is a standardized list of disciplinary actions to be taken. Normally, this list will be adhered to in alphabetical order after each occurrence. However, the administration may exercise more extreme action in severe situations or in case of a student being involved in other concurrent infractions. Students who have been assigned in-school suspension and still choose to disrupt will be subject to out-of-school suspension for the remainder of the assigned time. Parents will be notified ahead of time and by mail for out-of-school suspension, expulsion and loss of credit. Should a student be arrested at school, the school will attempt to contact the parent/guardian until the end of the school day, at which time a note shall be dropped in the mail.

It shall be unlawful for any person to willfully damage technology devices or damage technology devices due to misconduct. Damaged technology shall be reported to the Technology Director. Parents of any minor student under the age of eighteen (18) and living with the parents shall be notified of the cost of repairs or replacement of damaged technology. (Ark. Stat. 41-2908, 2910, 2922, 2923)

OVERT AFFECTION

FORGERY AND/OR FALSIFICATION OF GENERAL INFORMATION

A student shall not forge another person's name to any pass, schedule, note, et cetera. He/she shall not falsify phone numbers, addresses, et cetera, on registration forms, notes from home, passes or report cards.

CHEATING ON TESTS/ASSIGNMENTS

A student shall not cheat on tests or assignments nor shall a student aid others in cheating on tests or assignments. Collaborative learning is encouraged by individual teachers on announced assignments and/or projects.

TRUANCY

A student shall not be absent from school without parent and/or school administration's prior knowledge and consent. After arrival on campus, a student absent from his/her assigned learning station without permission from school authorities shall be considered as truant. After arrival on the school campus, a student shall not leave the campus or designated area without permission from school administration. (Ark. Stat. 80-15120)

NEGLECT OF TEXTBOOKS

The school provides textbooks for students to use. Students must take care of them. DISCIPLINE FOR HANDICAPPED

Handicapped students who engage in misbehavior shall be subject to normal school disciplinary rules and procedures, so long as such treatment does not abridge the right to free, appropriate public education.

- **Individualized Education Plan (IEP)** - The Individualized Education Plan (IEP) team for a handicapped student should consider whether the particular discipline procedures should be adopted for that particular student and included in the IEP.
- **Exclusion from School** - Handicapped students should be excluded from school only in emergencies and only for the duration of the emergency. In no case should a handicapped student be excluded for more than ten (10) days in a school year.
- **Evaluation of Suspension** - After an emergency is imposed on a handicapped student, an immediate meeting of the student's IEP team should be held to determine the cause and effect of the suspension, with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion. A suspended handicapped student should be offered alternate educational programming for the duration of the exclusion.

BEHAVIOR NOT COVERED ABOVE

Osceola School District reserves the right to pursue disciplinary or legal action for behavior which is subversive to good order and discipline in the schools even if such behavior may not be specified in the preceding written rules.

ADMINISTRATION MAY ALTER SEVERITY OF PUNISHMENT BASED ON CIRCUMSTANCES AND OTHER CONDITIONS AS DEEMED APPROPRIATE.

4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices.¹ The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

All students are eligible to receive district bus transportation if they follow the bus rules.²

Bus Rules

- A. All students must obey the driver's directions promptly and cheerfully.
- B. There is to be no eating, gum chewing or drinking of anything on the bus.
- C. Students are to stay in their seat and face forward at all times.
- D. Students must keep the bus aisle clear of books, bags, feet, legs, et cetera, at all times.
- E. Students must use proper boarding and departing procedures.
- F. Students may not bring on board balloons, glass, live or dead animals, or any item too large to hold in the student's lap or fit under the seat in front of the student.
- G. Students must keep their hands and head inside the bus at all times.
- H. Students are not to tamper with safety equipment or use emergency exits unless instructed to do so by authorized personnel.
- I. No loud or distracting noises allowed, including singing, yelling or screaming.
- J. No vandalism to school or personal property is allowed.
- K. No rude, vulgar, obscene language or actions are allowed.
- L. Students must keep hands, feet and other objects to themselves at all times.
- M. Students are not allowed to spit or throw objects on the bus.
- N. No horseplay, scuffling or fighting is allowed.
- O. No ethnic, racial or derogatory comments towards students or school personnel will be tolerated.
- P. No matches, lighters or other flammable materials are allowed on the bus.
- Q. Any action by a student that is deemed unsafe is prohibited.
- R. No students may bring any unsafe or potentially hazardous material on the bus.
- S. Students are expected to maintain proper conduct while at designated bus stops.

Note: Students fighting on the school bus will receive the same disciplinary actions listed for fighting.

The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

Bus Safety Procedures

- All students must arrive at the bus stop at the correct time.
- Proper behavior at bus stops is expected. Leave neighborhood disagreements at home.
- Wait for the bus in a safe place away from the street or highway.
- Do not approach the bus until the bus comes to a complete stop.
- Take a seat and face forward. Stay seated for the entire bus ride.
- Do not leave your seat until the bus comes to a complete stop and the driver opens the doors for you to exit.
- Cross streets with the protection of the flashing lights of the bus.
- If you drop anything near the bus, stand clear and wait for the bus to leave.
- Once students are loaded on the bus, only school officials may remove students from the bus.
- Parents are not allowed on buses while running their regular routes.

Notes: ¹ The Rules don't specify who is responsible for instructing the students in safe riding practices.

² Insert your district's policy for student bus eligibility here. In Arkansas, there is no requirement that the district provide bus transportation for any of its students, but whatever criteria you establish have to be rational and consistently applied throughout the district. It can be as simple as stating that every student is eligible to ride the bus, or you can establish parameters such as a minimum distance from school. You can have different criteria for transporting elementary students to their school than you have for high school students to their school. Both general eligibility rules as well as possible disciplinary measures must take into account the district's responsibility to meet federal requirements for students with disabilities. If you choose to mention bus route configurations, don't list them in the policy. Instead, state that the superintendent, or his/her designee(s), shall annually establish the routes and may modify them as needed. You may choose to stipulate criteria, such as length of the routes, or snow routes that the superintendent shall use in establishing the routes.

4.20—DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

No student shall:

1. Block the doorway or corridor.
2. Prevent students from attending classes or school activities.
3. Block normal pedestrian or vehicular traffic.
4. Use violence, force, noise, coercion, threat, intimidation, harassment, fear, passive resistance or any other conduct intentionally to cause a disruption.
5. Refuse to identify him/her on request.
6. Encourage other students to violate any rule or school board policy.

4.21—STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures; vulgar, abusive, or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance, is calculated to:

- a. Cause a breach of the peace;
- b. Materially and substantially interfere with the operation of the school; or
- c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

4.22—WEAPONS AND DANGEROUS INSTRUMENTS

Definitions

“Firearm” means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

“Possession” means having a weapon on the student’s body or in an area under the student’s control.

“Weapon” means any:

- Firearm;
- Knife;
- Razor;
- Ice pick;
- Dirk;
- Box cutter;
- Nunchucks;
- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Any student who knowingly brings any type of weapon onto school grounds will be recommended for expulsion.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.¹

Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property.² Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs; hunting safety or military education; or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

Notes:

¹ The exemption is for IDEA purposes where the possession can reasonably be associated with the student's disability. To be eligible for ESEA funds, the federal Department of Education requires an assurance that the district:

- 1) is in compliance with the State law requiring the one-year expulsion; and
- 2) a description of the circumstances surrounding expulsions imposed under the one-year expulsion requirement, including:
 - A. The name of the school concerned;
 - B. The number of students expelled from the school; and
 - C. The type of firearms concerned.

This requirement applies even in the instances where the district exercised its option to modify the expulsion requirement on a case-by-case basis. The DOE Guidance on the Gun Free Schools Act prohibits the use of the case-by-case option to avoid “over-all compliance with the one-year expulsion requirement. In order to modify the expulsion recommendation, the superintendent must provide a written explanation behind the modification under the Federal law.

4.24—DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Osceola School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.35—STUDENT MEDICATIONS.

4.25—STUDENT DRESS AND GROOMING

It is felt that learning to dress appropriately is an important aspect of a student's education. To dress improperly is also a distraction and a deterrent to the educational process. Any student may be sent home immediately if clothing does not meet the dress code or attracts undue attention to the student and thus creates a disturbance in the school. All garments must be worn in a manner as not to detract from the dignity of the student, school, and community. What is or is not appropriate will be at the Principal's discretion. Students in violation of the dress code will be required to change attire.

The Board of Education adopts the following dress code:

1. It is at the discretion of the administration to determine acceptable dress and appearance and dress must not present health and safety hazards or cause disruption of the educational process.
2. Clothing that advertises drugs, tobacco, alcoholic beverages, suggest obscenities or violence, or represent double messages may not be worn.
3. Students must wear shoes. For safety reasons slides and flip flops are not allowed in grades 1-8.
4. With the exception of school issued uniforms, students may not wear any garment that exposes the body between the shoulder and anything more than four (4) inches above the knee. All tops (girls and boys) must cover front back and sides of upper body. Spaghetti straps and tank tops are not allowed. Dresses and tops must not be open back or show cleavage.
5. Pants, jeans, or shorts must be in good, clean repair that does not expose skin above the knee.

8. Students are not to have chains on wallets or clothing.
9. Pants, shorts etc. must be worn no lower than the top of the hips. Sagging and/or excessively loose clothing will not be tolerated. Arkansas law states that students are prohibited from wearing, while on school grounds during the school day, clothing that exposes underwear or body parts in an indecent manner that disrupts the learning environment.
10. Extreme styles in hair or clothing that may cause a disturbance or disruption will not be permitted. Hair must not cover a student's eyes.
11. Excessive jewelry will not be tolerated. Principal will decide what is excessive.

4.26—GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

4.27—STUDENT SEXUAL HARASSMENT

The Osceola School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District’s written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in sexual conduct;² or
 - b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without

unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of

supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - The identities of the parties involved in the incident, if known;
 - The conduct allegedly constituting sexual harassment; and
 - The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the

- choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties’ inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District’s code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District’s education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

- 1. Notify the other party in writing when an appeal is filed;
- 2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
- 3. Implement appeal procedures equally for both parties;
- 4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
- 5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 6. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal⁶

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:

- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 requires that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;
 - Completing the District's grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
 - Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District's education program or activity, which may include the same individualized supportive measures;
 - Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;
 - Provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
 - Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District's education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;
- Provide the District webpage where the materials used to train the District's Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³

- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party’s advisor, or a witness;
 - Concurrent law enforcement activity; or
 - The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;
- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While the definition for sexual harassment from 34 C.F.R. § 106.30 includes that the sexual conduct with an employee must be “unwelcome”, we have removed the word “unwelcome” from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to “modify the prescribed penalties for a student on a case-by-case basis”. 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore both the complainant and respondent have the right to appeal the initial determination-maker’s disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual’s rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

4.29— INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors, therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district's technology network security or Internet filtering software (e.g. intentionally or attempting to bypass internet restrictions);
- The altering of data without authorization;

- Disclosing, using, or disseminating passwords, whether the passwords are the student's own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

MISUSE OF ELECTRONIC DEVICES – CONSEQUENCES

Vandalism - The Osceola School District will have a zero tolerance attitude toward any deliberate act of vandalism. Misuse of electronic devices will be subject to the District's Policy on Damage or Destruction of School Property.

Violations Not Covered Above - Misuse which is not covered above will be considered on the basis of the severity of the situation, and appropriate consequences will be assessed against the student or faculty member involved at the discretion of the building principal and/or the Superintendent.

General Regulations

- a. No game playing is allowed without teacher permission.
- b. Soft drinks or food are not allowed around computers.
- c. No horseplay or other physical misbehavior around computers.

Additional rules for Digital Devices Issued to Students for Classroom Use

1. Digital devices are loaned to students as an educational tool and are only authorized for use in completing school assignments.
2. Students are responsible for the proper care of the digital devices at all times, whether on or off school property, including costs associated with repairing or replacing the digital device.
3. If a digital device is lost or stolen, this must be reported to the school administrator and District Technology Director immediately. If a digital device is stolen, a report should be made to the local police and to district administrators immediately.
4. The Board's policy and rules concerning computer and internet use applies to use of digital devices at any time or place on or off school property.
5. Students are responsible for obeying any additional rules concerning care of digital devices issued by school staff.
6. Violation of policies or rules governing the use of digital devices, or any careless use of the digital device may result in student's digital device being confiscated and/or student only being allowed to use the digital device under the direct supervision of school staff. The student will also be subject to disciplinary action for any violation of Board policies or school rules.

7. Digital devices must be returned in acceptable working order at the end of each use, or whenever requested by school staff.
8. Students who are issued an Osceola School District email address should have no expectation of privacy in its use.

Notes: The Neighborhood Children’s Internet Protection Act (PL 106-554, 47 USC 254 (h) (l)) requires districts to hold at least one public hearing on its proposed technology safety measures and Internet safety policy as well as any changes to the policy with reasonable notice given to the community and the media. This notice requirement would be met by the regular notification requirements for a board meeting. The regulations do not require this to be a special meeting and it is allowable for it to be part of a regular school board meeting. The requirement also includes retaining the meeting’s agenda and minutes as well as the Tech Plans, Acceptable Use Policy, and Internet Safety Policy for a period of five (5) years. This timeline isn’t quite as straight forward as it sounds. To help clarify the retention requirements, the 8/11 Rules cited in the Legal References include the following note:

We conclude that a school or library should be required to retain its Internet safety policy documentation for a period of five (5) years after the funding year in which the policy was relied upon to obtain E-rate funding. For example, if a school adopted an Internet safety policy in 2002 and used that same policy to make its certification in funding year 2009, the school must retain its Internet safety policy documentation for five years after the last day of service for funding year 2009.

¹ The FCC’s Rules have been amended to align with the statute’s provision which allow local determination of what material is harmful to minors. 47 CFR 54.520(c)(4) states: “Local determination of content. A determination regarding matter inappropriate for minors shall be made by the school board, local educational agency, library, or other authority responsible for making the determination. No agency or instrumentality of the United States Government may establish criteria for making such determination; review the determination made by the certifying school, school board, school district, local educational agency, library, or other authority; or consider the criteria employed by the certifying school, school board, school district, local educational agency, library, or other authority in the administration of the schools and libraries universal service support mechanism.” Therefore, districts must decide on their definition of “harmful to minors.” The definition included in the policy is that which is used in the law and Code of Regulations. You may, but you do not have to, change it.

² The designated District Technology Administrator or designee may authorize the disabling of the filter to enable access by an adult for a bona fide research or other lawful purpose.

³ It is important for future Tech Plan approval by the DESE that you have and retain documented proof of such education such as time, place, and materials presented.

⁴ For your student handbook, add progressive discipline – first offense consequence, second offense consequence, etc.

4.30—SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,¹ including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:²

- A primary call number;
 - The contact may be by voice, voice mail, or text message.

- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, ~~or~~ legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District’s engagement or access to education program.³

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.³

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

Notes: To satisfy a student’s due process rights, make sure that all the IDEA requirements are met for students receiving special education services.

¹ The ten (10) school days are on a traditional school calendar. If your district uses a 4x4 block schedule, the number of days of suspension will need to be modified accordingly.

² A.C.A. § 6-18-507(f)(3) requires attempts at contacting parents be made first by phone. If such contact fails, then contact may be by email, and if that is unsuccessful, contact may be by regular first class mail.

³ Your final language needs to match the language you have chosen for suspensions in policy 4.7.

4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment;
or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days¹ following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, who gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property.² The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

Notes: To satisfy a student's due process rights, make sure that all the IDEA requirements are met for students receiving special education services.

¹ The ten (10) school days are on a traditional school calendar. If your district uses a 4x4 block schedule, the number of days of suspension will need to be modified accordingly.

4.32—SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community.¹ School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Note: ¹ Staff are strongly cautioned and advised that to search a student requires **individualized** suspicion, which requires the staff member(s) involved to have:

1. A good reason to believe that a specific student likely possesses an illegal or forbidden item in violation of Board policy; and

2. The belief that the student possesses the item exists both prior to and at the time of the search.

Searches lacking such good faith belief about a particular student are not permitted; this includes routine suspicionless personal searches of all students and random suspicionless personal searches of students or groups of students. (This is distinct and different from random, suspicionless drug testing of students who participate in extracurricular or athletic events, which the United States Supreme Court permits.) Using a metal detector or “wandering” a student constitutes a search. Extraordinary circumstances must exist for a large group of students to be justifiably subjected to a personal or electronic search, such as a credible belief that any one of a number of students might possess something very dangerous (e.g. a gun or a knife). Searching all students to ensure that non-lethal contraband, such as an electronic device, is not possessed would certainly not pass legal muster; this is true regardless of whether or not testing is occurring. Failure to meet these constitutional requirements could lead to serious legal liability on the part of the district.

4.33—STUDENTS' VEHICLES

A student, who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking.

Students are not permitted to loiter in parking areas and are not to return to their vehicles for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. Any student parking a vehicle on campus is granting permission for school or law enforcement authorities to search that vehicle.

All motorcycles and motor vehicles brought on campus must be registered in the office. Parking permits will be issued to all students driving a vehicle to school if they meet all State laws governing driving. A student must present his/her valid driver's license when registering for insuring his/her vehicle in accordance with the state of Arkansas.

Students must purchase a parking permit and park in the areas designated for student parking.

The school assumes no responsibility for any loss caused by theft, damage, or injury. However, the school does not prohibit students or staff from parking on designated areas and we attempt to supervise, as much as possible, for the student's protection.

Students who fail to adhere to these regulations will not be allowed to bring their vehicle on campus.

Regulations

1. Vehicles must have a parking permit.
2. Students must park in designated parking spaces and no vehicles may be parked diagonally in these spaces.
3. Campus speed limit is 10 mph except where lower speed limits are posted. Excessive speed and the reckless handling of vehicles are prohibited. There will be no exceptions.
4. All vehicles must enter an exit parking lot/drop off areas as designated unless prior authorization is given by the principal.
5. Students are not allowed to sit in vehicles after the vehicles are parked on the campus.
6. Cruising around the school during lunch, before school and after school is not allowed.
7. Students are prohibited from driving building to building on campus. Vehicles will be parked upon entering the campus and remain parked until the driver leaves the campus.
8. All vehicles must be parked on the school campus approved parking lot unless special permission is given.
9. Due to safety factors, students shall not park on the streets adjacent to the school campus.
10. This policy has and will be enforced by law officials.
11. Students who are picked up by someone not already on campus should arrange to be picked up in front of the school, not on the student's parking lot.
12. Students that leave the campus without permission in vehicles may forfeit their driving and parking privileges.

4.34—COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox) chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment. Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

Note: ¹ Consult your school nurse for input on potential modifications of this listing. Hepatitis A is more contagious by casual contact than B or C, but B and C have been left in the model policy to err on the side of caution.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.¹

Schedule II Medications²

Option 1: The only Schedule II medications that shall be allowed to be brought to the school are methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse).

For the student's safety, no student will be allowed to attend school if the student is currently taking any other Schedule II medication than permitted by this policy.³ Students who are taking Schedule II medications which are not allowed to be brought to school shall be eligible for homebound instruction if provided for in their IEP or 504 plans.⁴

Option 2: Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence³ shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation.⁵ A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree

and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.⁴

Self-Administration of Medication

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

- 1) Self-administer either a rescue inhaler or auto-injectable epinephrine;
- 2) Perform his/her own blood glucose checks;
- 3) Administer insulin through the insulin delivery system the student uses;
- 4) Treat the student's own hypoglycemia and hyperglycemia; or
- 5) Possess on his or her person:
 - a) A rescue inhaler or auto-injectable epinephrine; or
 - b) the necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

A student may be authorized to self-administer a stress dose medication to treat the student's adrenal insufficiency with:

1. The written authorization of the student's parent, legal guardian, or person standing in loco parentis; and
2. A written order from the student's treating physician stating that the student:
 - a. Is capable of completing the proper method of self-administration of the stress dose medication,; and
 - b. Has been instructed on the details of the student's medical condition and the events that may lead to an adrenal crisis.

The parent, legal guardian, or person standing in loco parentis of a student who is authorized to self-administer a stress dose medication shall sign an IHP developed by the school nurse for the school where the student is enrolled. The IHP shall include a requirement for the notification of appropriate staff following the self-administration of a stress dose medication, which shall include the school nurse, teacher of the classroom where the stress dose medication was administered, and a school administrator.

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication, , or combination does not require the student to have such on the student's person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, stress dose medication, or any combination on the student's person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to the sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity. The District employee(s) named in the parent or legal guardian's written authorization shall not be required to assist the student in the application of sunscreen.

Emergency Administration of Glucagon and Insulin

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. An IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. A current, valid consent form on file from their parent or guardian.

When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:

- A. The time scheduled for a dose of insulin in the student's IHP; and
- B. Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained⁶ and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP that provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer auto-injector epinephrine to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained⁶ and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

Emergency Administration of Albuterol

The school nurse or other school employees designated by the school nurse as a care provider who have been trained⁶ and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol in emergency situations to students who have an IHP that provides for the administration of albuterol in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer albuterol to administer albuterol to the student when the employee believes the student is in perceived respiratory distress.

The school nurse for each District school shall keep albuterol on hand. The school nurse or other school employee designated by the school nurse as a care provider who has been trained⁶ and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol to those students who the school

Emergency Administration of Anti-opioid

The school nurse for each District school shall keep anti-opioid injectors on hand. The school nurse, other school employee, volunteer, or student may administer anti-opioid in accordance with the District's procedures to a student who the school nurse, or other observer, in good faith believes is having an opioid overdose.

Emergency Administration of Emergency Adrenal Insufficiency Medication

The school nurse or other school employees designated by the school nurse as a care provider who have been trained⁶ and certified by a licensed physician may administer an injectable emergency dose medication in emergency situations to students who have an IHP that provides for the administration of an injectable emergency dose medication in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer an injectable emergency dose medication to administer an injectable emergency dose medication to the student when the employee believes the student is having an adrenal crisis due to adrenal insufficiency.

Students who have met the requirements to be authorized to self-administer a stress dose medication under this policy shall provide the school nurse an emergency injectable dose of the student's medication. This emergency injectable dose will be used in the event the school nurse, or other school employee certified to administer an injectable emergency dose medication, in good faith professionally believes the student is having an adrenal crisis due to adrenal insufficiency.

Notes: A.C.A. § 17-87-103(11) provides for the administration of Glucagon, insulin, or both to students suffering from diabetes.

Districts are not under any obligation to "recruit" volunteers and 4.11 of the Rules explicitly states that no employee shall be pressured into volunteering.

¹ The time frame in this paragraph is not statutorily mandated and may be changed to better suit your district and the employment contract of the school nurse. Any changes you make, however, need to address the need for students to have their medications through the last day of school and the reality of parent's work schedules.

² This policy offers two different options regarding permissibility of students attending and participating in classes while taking Schedule II medications. Be sure only one option is included in the adopted policy and delete the "Option One" or "Option Two" language after your selection along with the language for the unchosen option in the final version. Be sure to consult with your school nurse when selecting an option.

³ Here is a helpful, but not all-inclusive, list of prohibited Schedule II medications: Opium, morphine, codeine, hydromorphone (Dilaudid), methadone, meperidine (Demerol), cocaine, oxycodone (Percodan), amobarbital, pentobarbital, sufentanil, etorphine hydrochloride, phenylactone, dronabinol, secobarbital, and fentanyl.

⁴ A student who has surgery or is in an accident may be taking a Schedule II medication outside of those a student may take and be permitted to attend classes under Option 1 or may have been told by his/her doctor to not attend class during the time the student is taking the Schedule II medication. In such cases, a 504 plan can be developed to cover the duration of the student's recovery, which could include homebound instruction.

⁵ The specific authorization should be provided on the doctor's letterhead along with the completed Medication Administration Consent Form (4.35F).

⁶ The certification may be received through training that is provided by a nationally recognized organization experienced in training laypersons in emergency health treatment or other persons approved by the Department of Health. Examples of National programs are those provided by the American Heart Association and the American Red Cross.

In the absence of the nurse, trained volunteer district personnel may administer a stress dose or emergency dose medication to my child in an emergency situation.

I hereby authorize the school nurse to administer a stress or emergency dose medication to my child, or, in the absence of the nurse, trained volunteer district personnel designated as care providers, to administer the stress or emergency dose medication to my child in an emergency situation. I will supply the stress or emergency dose medication to the school nurse in the original container properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings.

I acknowledge that the District, its Board of Directors, its employees, or an agent of the District, including a healthcare professional who trained volunteer school personnel designated as care providers shall not be liable for any damages resulting from his/her actions or inactions in the administration of the stress or emergency dose medication in accordance with this consent form and the IHP.

4.35F7—STRESS DOSE MEDICATION SELF-ADMINISTRATION CONSENT FORM

Student's Name (Please Print) _____

This form is good for school year _____. This consent form must be updated anytime the student's medication order changes and renewed each year and/or anytime a student changes schools.

The following must be provided for the student to be eligible to self-administer a stress dose medication. Eligibility is **only** valid for this school for the current academic year.

- a written statement from a licensed health-care provider who has prescriptive privileges that he/she has prescribed the stress dose medication for the student and that the student needs to carry the medication on his/her person due to a medical condition;
- the specific medications prescribed for the student;
- an individualized health care plan developed by the prescribing health-care provider containing the treatment plan for managing adrenal insufficiency of the student and for medication use by the student during school hours; and
- A statement from the prescribing health-care provider that the student:
 - Possesses the skill and responsibility necessary to use and administer the stress dose medication; and
 - Has been instructed on the details of his or her medical condition and the events that may lead to an adrenal crisis.

If the school nurse is available, the student shall demonstrate his/her skill level in administering the stress dose medication to the nurse.

Stress dose medication for a student's self-administration shall be supplied by the student's parent or guardian and be in the original container properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings.

Students who self-carry stress dose medication shall also provide the school nurse with a dose of the stress dose medication to be used in emergency situations.

I understand this form authorizes my student to possess and use the medication included on this form while on school grounds and at school sponsored events but that distribution of the medication included on this form to other students may lead to disciplinary action against my student.

My signature below is an acknowledgment that I understand that the District, its Board of Directors, and its employees shall be immune from civil liability for injury resulting from the self-administration of medications by the student named above.

4.36—STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.¹

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

4.37—EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted not fewer than three (3) times per year.¹ Students who ride school buses,² shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct a lockdown drill at all schools in the District in collaboration with local law enforcement and emergency management personnel. The lockdown drill training will include use of the District's emergency communication method with law enforcement.^{3,4} Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.⁵

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's emergency communication with law enforcement method³. Students shall be included in the drills to the extent practicable.⁵

Notes: districts are required to conduct a comprehensive school safety audit to assess the safety, security, accessibility, and emergency preparedness of district buildings and grounds in collaboration with local law enforcement, fire, and emergency management officials. The school safety audit must be conducted at least once every three (3) years, with the initial school safety audit being completed by no later than August 1, 2024. The comprehensive school safety audit shall be conducted by more than one (1) individual, which must include at least one (1) individual who is not assigned to the district facility being audited. The comprehensive school safety audit shall include at least all of the following:

- Safety and security of the site and exterior of buildings;
- Access control;
- Safety and security of the interior of buildings;
- Monitoring and surveillance, including without limitation type and extent;
- Communication and information security;
- Review of emergency operation plans; and
- School climate and culture.

¹ If your district is determined to be within an area susceptible to earthquakes, add the following:
Earthquake safety drills shall be conducted in accordance with the District's safety plan.

² Students who only ride buses occasionally, such as to go to and/or from a field trip will also have to participate in the evacuation drills.

³ Due to the State opting to not appropriate funding for an emergency communication method with law enforcement, including a panic button alert system, districts are no longer required to have an emergency communication method with law enforcement, such as a panic button alert system, but may continue to do so if they choose. If you choose not to continue to provide an emergency communication method with law enforcement, remove references to it from this policy. If you choose to continue to provide a panic button alert system as your emergency communication method with law enforcement, A.C.A. § 6-15-1302 requires that a district's Panic Button Alert System meet the following requirements:

- a) Connect the caller with 911 while simultaneously notifying designated on-site personnel;
- b) Directly integrate into the existing statewide Smart911 system.
- c) Be available for use as a smartphone application and have a mechanism for panic notifications to be triggered by non-smartphone wireless callers and landline callers; and
- d) Be limited to users designated, approved, and confirmed by school administrators.

Smart911 is required to provide a way for schools to geo-fence the school campus and provide and manage floor plans and other documents to assist emergency responders when they automatically display during a 911 call. Districts are responsible for keeping the floor plans and pertinent emergency contact information for the statewide Smart911 system up to date, which must be done at least annually or if substantial building modifications or changes are made.

⁴ The purpose of the training is to allow participants to:

- Assess the plan and ability of the district to prevent and respond to a threat on campus;
- Clarify the roles and responsibilities of each individual when an emergency occurs;
- Discuss the logistics of handling an emergency on the school campus;
- Identify areas in which the school safety plan should be modified; and
- Collaborate with local law enforcement and emergency management officials.

⁵ Student involvement will need to be worked out school by school and determined relative to grade and age considerations in conjunction with the actual content of the drill. There may be drills conducted that do not include any students due to the explicit nature of the drill and the age of the students while a drill in another school would include students. There are so many facets of responding to a school intruder/shooting incident that it's difficult to know when your planning has dealt with all the contingencies. A good resource on active shooter drills is the "I Love You Guys" Foundation, which was created by the parents of the victim of the school shooting at Platte Canyon High School in Colorado to develop a protocol to advance school safety. The Foundation has **free** materials for districts that can be a big help when developing protocols and training for both personnel and students. A description of the Foundation's recommended protocol and the materials can be found at <http://iloveguys.org/srp.html>. An additional resource is the Federal government's "Federal School Safety Clearinghouse", which is located at schoolsafety.gov. Some of these sites' information could also be applied to the other emergency plans required by statute and this policy.

4.38—PERMANENT RECORDS

Permanent school records, as required by the Division of Elementary and Secondary Education (DESE), shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance¹. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received².

Notes: ¹ The legal requirement for retention of student records is as written. ASBA strongly advises districts, however, to retain the records of graduates indefinitely due to the potential for future need of the records by students for college admissions, security clearances, background checks, etc.

² The law prohibits districts from refusing to provide the records to receiving schools due to a student owing money to the district.

4.39—CORPORAL PUNISHMENT

The Osceola School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or his/her the superintendent's designated staff members who are required to have a state-issued license as a condition of their employment.¹

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

Purpose - To provide certain procedures for the administration of corporal punishment, as a means of discipline, so that school personnel who administer corporal punishment shall have civil immunity and adequate protection from civil liability, provided that corporal punishment is administered in accordance with the procedures set forth herein, as provided by Act 51 of 1994. To further provide a written student discipline policy which meets the guidelines and procedural requirements as required by Act 51 of 1994.

Procedure

1. Corporal punishment shall only be administered according to the following requirements:
 - It shall be administered following and after warnings that the misconduct or misbehavior will not be tolerated.
 - It shall be administered for cause.
 - It shall be administered in a reasonable manner and shall not be excessive or severe.
 - It shall be administered in the presence of a school administrator, in addition to the certified employee administering the corporal punishment, or vice-versa. A school administrator must be present at the time the punishment is administered.
 - It shall not be administered in the presence of other students.
 - It shall not be administered until after the administrator or certified personnel has advised of the reason for which the student is being punished, in the presence of both the school administrator and certified personnel.
 - It shall be grounds for suspension or other disciplinary measures for a student to refuse corporal punishment.
2. A written report, including, but not limited to: the sex, age, race, special education or regular class, type or description of offense, and number of offenses, shall be completed by the school administrator or certified personnel administering corporal punishment and filed with the Superintendent's office within ten (10) working days of the administration of corporal punishment.
3. Parents may make written request annually to the building principal if corporal punishment is not to be administered to their child.

4.40—HOMELESS STUDENTS

The Osceola School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.¹

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - In any case in which a family becomes homeless between academic years or during an academic year; and
 - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
- Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;

- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.²

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

- Are:
 - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
 - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
 - Living in emergency or transitional shelters;
 - Abandoned in hospitals; or
- Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.³

Notes: LEA liaisons who receive appropriate training may now affirm that a child or youth who is eligible for and participating in a program provided by the LEA, or the immediate family of such a child or youth, is eligible for homeless assistance programs administered under Title IV of the McKinney – Vento Homeless Education Assistance Improvements Act without further determinations from other governmental entities.

¹42 U.S.C. § 11432(g)(1)(I) requires that SEAs and LEAs demonstrate they have developed policies to remove barriers to the identification, enrollment, and retention of homeless children and youths, including barriers to enrollment and retention due to outstanding fees or fines, or absences. The policy language is designed to provide as much flexibility as possible to allow a homeless student to succeed while still holding the homeless student responsible for circumstances that are unrelated to the student's living situation.

²The District's liability for transportation is more fully covered by 42 U.S.C. § 11432(g)(1)(J)(iii)(I) and (II), which read as follows:

(I) If the child or youth continues to live in the area served by the local educational agency in which the school of origin is located, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the local educational agency in which the school of origin is located.

(II) If the child's or youth's living arrangements in the area served by the local educational agency of origin terminate and the child or youth, though continuing the child's or youth's education in the school of origin, begins living in an area served by another local educational agency, the local educational agency of origin and the local educational agency in which the child or youth is living shall agree upon a method to apportion the responsibility and costs for providing the child or youth with transportation to and from the school of origin. If the local educational agencies are unable to agree upon such method, the responsibility and costs for transportation shall be shared equally.

³ The prohibition on the release of a student's homeless status is from 42 U.S.C. § 11432(g)(3)(G).

4.41—PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student’s ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

Note: This policy is not intended to and does not cover invasive physical examinations. “Invasive Physical Examinations” is defined in federal law as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body. It is our understanding that most students who would receive an invasive physical examination would do so as part of the student’s individual health plan (IHP) or while at a school based health clinic; neither situation is intended to be covered by this policy.

In the event a student did not fall under one of the above situations, districts should be aware that an invasive physical examination requires that the student’s parent/legal guardian be “directly” notified of the specific or approximate dates (to the extent known) during the school year when the invasive physical examination is scheduled within a reasonable period of time that would provide the parent and opportunity to object. Parents of a student whose IHP covers an invasive physical examination have granted permission for that specific type of exam as part of the establishment of the IHP.

“Directly notified” means by mail or email; inclusion in the student handbook does not meet the law’s requirements.

Districts with students who participate as athletes in the Arkansas Special Olympics programs should be aware that the student’s physical examination for participation in the program must be signed by either an advanced practice nurse or a licensed physician. Many of the participating students often have multiple health challenges, which can sometimes be deadly in the right circumstances (These are often referred to as “co-morbidities”). As a result, it is important that the Special Olympics athlete medical form be completed by the parent and the qualified health care provider. A copy of the medical form can be found on the Policy Resources Page at <https://arsba.org/policy-resources>.

4.41F—OBJECTION TO PHYSICAL EXAMINATIONS OR SCREENINGS

I, the undersigned, being a parent or guardian of a student, or a student eighteen (18) years of age or older, hereby note my objection to the physical examination or screening of the student named below.

4.42—STUDENT HANDBOOK

It shall be the policy of the Osceola School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS and the current DESE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

Notes: ASBA recommends making this page a “pocket” page and inserting your student handbook into the pocket.

The DESE Standards Assurance unit has said there has been a problem with some committees making changes out of alignment with board policy which can make them out of alignment with statutory and/or DESE Rules which creates a probationary cite in a Standards review. They suggest districts should make sure Handbook Committees’ changes align with the student board policy changes. We have not changed the policy regarding the resolution of a conflict between a policy and the handbook because that is accepted legal prioritization.

- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the building principal, or designee.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

A building principal, or designee, who receives a credible report or complaint of bullying shall:

1. As soon as reasonably practicable, but by no later than the end of the school day following the receipt of the credible report of bullying:
 - a. Report to a parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student that their student is the victim in a credible report of bullying; and
 - b. Prepare a written report of the alleged incident of bullying;
2. Promptly investigate the credible report or complaint of bullying, which shall be completed by no later than the fifth (5th) school day following the completion of the written report.
3. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student who was the alleged victim in a credible report of bullying whether the investigation

- found the credible report or complaint of bullying to be true and the availability of counseling and other intervention services.
4. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of the student, or person acting in loco parentis of the student who is alleged to have been the perpetrator of the incident of bullying:
 - a. That a credible report or complaint of bullying against their student exists;
 - b. Whether the investigation found the credible report or complaint of bullying to be true;
 - c. Whether action was taken against their student upon the conclusion of the investigation of the alleged incident of bullying; and
 - d. Information regarding the reporting of another alleged incident of bullying, including potential consequences of continued incidents of bullying;
 5. Make a written record of the investigation, which shall include:
 - a. A detailed description of the alleged incident of bullying, including without limitation a detailed summary of the statements from all material witnesses to the alleged incident of bullying;
 - b. Any action taken as a result of the investigation; and
 6. Discuss, as appropriate, the availability of counseling and other intervention services with students involved in the incident of bullying.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.¹ In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notice of what constitutes bullying, the District's prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus.² Parents, legal guardians, person having lawful control of a student, persons standing in loco parentis, students, school volunteers, and employees shall be given copies of the notice annually.³

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation, the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Copies of this policy shall be available upon request.⁴

Notes: Different consequences are permitted depending on the age or grade of the bullying student.

¹ Example: a student might be disciplined both for bullying and sexual harassment, in an appropriate situation, or bullying and assault.

² Suggestion for the posted notice: Create a circle with a line through it over the word Bullying (similar to a non-smoking logo). Beside the logo write: Mean talk or hurting other people is called bullying. Bullying is against the rules and can get you in trouble, suspended, or expelled. If someone bullies you, or you see someone being bullied, get help by telling an adult.

³ Copies of the notices are required to be published in any district Publication that sets forth the comprehensive rules, procedures, and standards of conduct for the schools within the district as well as the student handbook.

⁴ There should be a statement in the Student Handbook to this effect.

4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2022, 2023, 2024, AND 2025

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form*¹ will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year.² Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process³ to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:⁴

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.⁵

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format.⁷ In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

Personal and Family Finance

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student's contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

a student who completes at least seventy-five (75) clock hours of documented community service in grades nine (9) through twelve (12) at any certified service agency or a part of a service-learning school program shall receive one (1) Career Focus credit.⁹

CORE: Sixteen (16) units

English: four (4) units – 9th, 10th, 11th, and 12th

Oral Communications: one-half (½) unit

Mathematics: four (4) units

- Algebra or its equivalent* - 1 unit
 - Geometry or its equivalent* - 1 unit
 - All math units must build on the base of algebra and geometry knowledge and skills.
 - (Comparable concurrent credit college courses may be substituted where applicable)
 - A computer science flex credit may be taken in the place of a math credit beyond Algebra I and Geometry
- * A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four (4) unit requirement.

Physical Education: one-half (½) unit

Note: While one-half (½) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half (½) unit

Economics – one half (½) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.⁸

Fine Arts: one-half (½) unit

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student’s contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

a student who completes at least seventy-five (75) clock hours of documented community service in grades nine (9) through twelve (12) at any certified service agency or a part of a service-learning school program shall receive one (1) Career Focus credit.⁹

Notes: ¹ The Smart Core Information Sheet and the Smart Core Waiver Form are available on the ADE website <https://dese.ade.arkansas.gov/Offices/learning-services/curriculum-support/arkansas-graduation-requirements> under the “Related Links” heading.

² The DESE’s Guidelines stipulate completion by the end of the senior year. We believe this is not in agreement with A.C.A. § 6-18-202(b)(1), which requires public schools to be open through the completion of the secondary program to students between the ages of five (5) and twenty-one (21). Therefore, we suggest that students be allowed to switch from Core to Smart Core if they could successfully complete its requirements by the time they attained their twenty first (21st) birthday. Acceptance of a diploma negates a student’s right to switch programs.

³ We recommend including the review of this policy in the school district support plan process so that the resources intended to be provided from the district level are in alignment with your graduation requirements (including any changes to the state level graduation requirements).

⁴ Schools are required to retain documentation procedures and methods used.

⁵ The Guidelines require the policy to include the training “procedure.” If you prefer a different procedure than inclusion in your district’s annual professional development process, change this sentence accordingly.

⁶ This sentence is necessary if your district requires more than twenty-two (22) units to graduate; without the sentence and you substitute a number greater than twenty-two (22), it appears that the DESE requires more than twenty-two (22) units to graduate. If you have specific requirements for the additional units, change the sentence’s wording to reflect those requirements.

⁷ For a detailed explanation/discussion of district options for digital learning courses see policy 5.11—DIGITAL LEARNING COURSES.

⁸ The Rules specify the option is dependent upon the licensure of the teacher. Specifically, if the course is taught by a licensed social studies teacher, both options exist. If the course is taught by a licensed business education teacher, the credit must be applied toward the career focus requirement.

⁹ In order for students to receive the community service learning (CLS) credit, the district must have completed and submitted a CLS plan to DESE. In addition, a partner site application must be approved by both the district’s board of directors and by the State Board if an organization the District has partnered with, rather than a District employee, is responsible for certifying a student’s hours of service. Districts who do not intend to submit a CLS plan should not include this language.

4.46—PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

The Pledge of Allegiance shall be recited:

1. During the first class period of each school day;
2. At the commencement of each school-sanctioned after-school assembly; and
3. At the commencement of each school-sanctioned sporting event; however, if two (2) or more school-sanctioned sporting events occur on the same day at the same school, then the Pledge may be recited at only one (1) of the school-sanctioned sporting events.

Students choosing to participate in the recitation of the Pledge shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall either stand or sit quietly while the other students recite the Pledge.

Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge. Students choosing not to recite the Pledge who do not disrupt those students who choose to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

Following the recitation of the Pledge, there shall be an observance of one (1) minute of silence. During the one (1) minute of silence, each student may reflect, pray, meditate, or engage in any other silent activity that is not likely to interfere with or distract another student. Students who do not disrupt the one (1) minute of silence shall not be subject to any comments, retaliation, or disciplinary action.

4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy, shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan;¹ this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.
6. The act of recording/videoing a fight between other students as well as sending, sharing, posting, viewing, receiving or possessing a video of a fight between other students is prohibited.

Use of an electronic device is permitted to the extent it is approved in a student's IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student's building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians.² Students have no right of privacy as to the content contained on any electronic devices that have

been confiscated.³ A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.⁴

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.⁵

Notes: As districts move toward one-to-one computing and other options for integrating technology into classroom instruction and student learning, ASBA advises that in changing this policy (or any other locally generated policy), districts be mindful of the potential concerns relating to equitable access to the technology. When classroom instruction involves technology devices, it is important to make sure all students have reasonably the same access and are not hampered by their socio-economic status. Permitting or requiring students who own laptops, iPads or any other such device to use them as part of the instructional/learning environment without providing similar devices to those who don’t own or have access to such devices is unfair to those students.

¹ The DESE Testing Administration Manual requires this language. Our interpretation is that on testing days students will not be allowed to have their cell phones in their possession during any test they take.

² ASBA suggests adding another sentence that specifies the increasing severity of the penalty for repeat offenders. Given the severity of a breach of assessment security, you might consider separate penalties for such action. If you choose to do so, don't forget to amend the last sentence of the second paragraph.

³ To perform a search of an electronic device, an administrator would have to possess individualized suspicion that an examination of the device would reveal evidence of student misconduct, **and** the search itself would have to be tailored to the suspicion. For instance, if there were an allegation that harassing text messages had been sent from Student A to Student B during lunch, individualized suspicion would exist as to the text message history contained on Student A’s phone; however, viewing pictures or files unrelated to the suspected misconduct would be inappropriate and a violation of the student’s rights under the 4th Amendment of the US Constitution. Merely confiscating a cell phone because the student received a call on it, does not give individualized suspicion to justify a search.

⁴ This sentence is included because insurance companies have ruled that injuries occurring while driving and talking on school issued cell phones are subject to workers comp awards.

⁵ A.C.A. § 27-51-1603 makes it illegal for anyone under the age of eighteen (18) to use a wireless communication device for any purpose while operating a motor vehicle. Additionally, A.C.A. § 27-51-1609 prohibits the use of a “wireless handheld telephone” while in a school zone for any purpose when that use is not hands free. While the policy language exceeds the statutory prohibitions, we believe the language is important for the protection of students, employees, and the public.

4.48—VIDEO SURVEILLANCE

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased¹ which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than ___ after they were created.

[Videos](#), automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal [as determined by board policy or student handbook](#);² any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Notes: This policy is similar to policies 3.41 and 8.29. If you change this policy, review 3.41 and 8.29 at the same time to ensure applicable consistency between the policies.

While 34 CFR 99.3 exempts records of law enforcement units (which for the purposes of this policy would include School Resource Officers (SROs), 34 CFR 99.8(b) effectively negates that exemption in relation to this policy with the following language.

(2) Records of a law enforcement unit does not mean--

(i) Records created by a law enforcement unit for a law enforcement purpose that are maintained by a component of the educational agency or institution other than the law enforcement unit; or

(ii) Records created and maintained by a law enforcement unit exclusively for a non-law enforcement purpose, such as a disciplinary action or proceeding conducted by the educational agency or institution.

The law goes on to say that education records retain their status as such even when in the possession of a law enforcement unit and thus remain subject to the restrictions on the release of education records contained in the Family Educational Rights and Privacy Act (FERPA). In short, you cannot deny access to the video recordings that may be used for student or staff disciplinary purposes by “hiding” them in your school’s law enforcement unit.

¹ You may recycle your videos on whatever schedule works for your district (insert the length of time you choose to retain the videos in the paragraph's following sentence), but you may not destroy any recordings as long as there is an outstanding request to inspect and review them (34 CFR 99.10). The right to inspect is triggered only for those parents whose students are the cause for the retention of the video recordings. Parents of students "inadvertently" caught in the video do not have the right to inspect them. **Please note, however,** that if a student was not "involved" in the altercation prompting the disciplinary action, but happened to get pushed by one of the students in the fight, the pushed student's parents have the right to review the video. You must permit viewing of education records within a "reasonable" period of time, but in no case may it be longer than 45 days. (34 CFR 99.10)

²The issues involved in parental rights to viewing videos are complicated, but the Student Privacy Policy Office of (FERPA), has recently simplified the matter. A video of, for example, a fight between two (or even several) students in which other students happen to have been incidentally included in the background of the video generates the following viewing conditions.

- a. Either or both of the students' parents may view the video **without** first having to receive permission from the other student's parent(s). None of the parents of the "incidental" students have to give their permission for the viewing of the video by the "involved" students' parents.
- b. If a student's parent lives beyond a reasonable distance to physically come to view the video, ~~the~~ your district may mail the video to a "receiving" school near to the parent, where the parent may view the video and then the receiving school will mail the video back to your district. The personnel at the receiving school should not view the video, but merely arrange for the parent to view it by himself/herself.
- c. The district is **not** obligated to give a copy of the video to the parent or their lawyer. If, however, you choose to give the parent a video, you are obligated to go through all of the hoops that used to be the case for simply viewing the video. Specifically, faces of the "involved" students other than that of the parent's student must be redacted or else you will have to receive written permission from the parents of the other involved students.
- d. Remember that the rights of the parents transfer to the students once the student turns 18.
- e. Once the video has been viewed by the parties requesting to view it, the law does not require you to keep the video. Common sense would suggest, however, retaining the video at least until the disciplinary process is completed.

4.49—SPECIAL EDUCATION

In accordance with the Individuals With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:

- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities.¹ Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

Note: ¹ The Office of Civil Rights prefers that the name of the coordinator, or at least a contact person or phone number to call to get the name of the coordinator, is made readily available to the public. 34CFR104.32 stipulates that as part of "child find" responsibilities, districts take appropriate steps to notify individuals with disabilities and their parents or guardians of the district's child find duty.

4.50—SCHOOL LUNCH SUBSTITUTIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to Cindi England, District's Director of Child Nutrition,¹ a medical statement completed by a State licensed healthcare professional, which includes:²

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition¹ shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator³, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

Notes: ¹ Insert the title of the person handling this responsibility for your district.

² A Registered Dietitian Nutritionist may make recommendations for alternate foods for children whose disability restricts their diet, but the medical statement must be signed by one of the professionals listed in this policy.

³ You are not required to have parents file grievances directly to the 504 coordinator, but we believe the 504 coordinator would be the most knowledgeable about the process and in the best position to handle any grievances.

4.51— FOOD SERVICE PREPAYMENT

Option 2: The District participates in Provision 2⁵ and provides meals to all students at no charge. The District does not provide credit for students to charge for a la carte or other food and beverage items available for purchase in the school food service areas. A la carte or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for a la carte or other food and beverage items by submitting cash or check payment to the school cafeteria.³;

Notes: This policy is similar to policy 7.17. If you change this policy, please review 7.17 at the same time to ensure applicable consistency between the two.

While districts have the option to allow students to charge for meals, a la carte items, and alternative meals, we have not provided any options that would allow students to do so because Chapter 3 of the federal Fair and Accurate Credit Transaction Act of 2007 (15 U.S.C. § 1681 *et seq.*), along with its accompanying regulations (16 C.F.R. part 681), requires “creditors” to implement an Identity Theft Protection Program. We see the establishment and maintenance of an identity theft protection program to be a financial and potentially time-consuming burden. Districts can avoid this burden by not having practices deemed to make them “creditors”, such as through the language in this policy.

A copy of this policy must be communicated in writing at least once to all households at the start of each school year and to households of students who transfer to the school during the school year. Some suggestions on communication methods are to include a copy of the policy in:

- Student enrollment materials;
- Print versions of student handbooks; or
- Notification methods on applying for free or reduced price meals.

The United States Department of Agriculture (USDA) does not consider providing a copy of this policy only in electronic format to satisfy the communication requirement.

A written copy of this policy must be provided to all staff responsible for policy enforcement. This includes:

- A. School food service professionals;
- B. Staff involved in notifying families of low prepaid account balances;
- C. School social workers;
- D. School nurses; and
- E. The LEA homeless student liaison.

³ Insert the place where parents and students may go to submit money for the student’s account. Examples include, but are not limited to: the district’s central office, the school’s central office, or the food service office.

⁵ Insert the applicable USDA Special Assistance Provision. Examples include, but are not limited to, the USDA’s CEP or Provision 2.

4.52—STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.¹

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.²

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.³

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.⁴

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:⁵

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the standards for accreditation; or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

Notes: Additional guidance documents and training materials on students in foster care may be found on the DESE website at: <https://dese.ade.arkansas.gov/Offices/public-school-accountability/federal-programs/Foster%20Care%20Liaison>

¹ The name and contact information of the liaison must be sent to the Special Education Section of DESE at the beginning of each school year. A.C.A. § 9-28-113 contains additional requirements/duties of the liaison.

² While A.C.A. § 9-28-113(b)(4) encourages districts to "arrange for transportation," there is no explanation of costs or methods.

³ A.C.A. § 9-28-113 does not address a district's right to refuse enrollment following a hearing before the board for a student that has been expelled from another school, but we believe that right is retained even in this circumstance.

⁴ This language is from A.C.A. § 9-28-113(g). You may add a sentence defining how you interpret its meaning or you may make it a procedural issue which would leave you more latitude for case-by-case implementation.

⁵ If the district is not under an enforceable desegregation court order or a court-approved desegregation plan, remove it as an option for denial of a Foster Child School Choice application.

If a foster child application is denied due to the district's enforceable desegregation court order or court-approved desegregation plan, the law requires that the district immediately submit proof from a federal court to DESE that the public school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the provisions of A.C.A. § 6-18-233.

4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
 - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings' assigned classroom learning environment; or
 - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

4.54 - STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. Acceleration can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school¹ Gifted and Talented Program Coordinator. The district/school¹ Gifted and Talented Program Coordinator shall convene the Acceleration Placement Committee² and communicate with the individuals necessary for the Acceleration Placement Committee to make an informed decision, which shall include the student's parents or guardians.³

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator¹. The District's GT Coordinator¹ and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

Notes: ¹ Choose the appropriate designation/option. In a large district with more than one GT Coordinator responsible for the determination process, insert "school." In districts with only one GT Coordinator insert "district." It is conceivable that in districts with more than one GT Coordinator, the choice of inserting district and school will not always be the same.

² The DESE Rules require that the acceleration placement committee be made up of at least five (5) professional educators (including administrators, teachers, and/or counselors) and chaired by a gifted education specialist. Suggestions for individuals to be included on the committee include, but are not limited to:

- Building Principal;
- Counselor;
- Teachers (This may include both the student's current teacher(s) as well as teacher(s) that the student would have if the acceleration is granted.)

³ The student's parent, legal guardian, person having lawful control, or person standing in loco parentis must be provided an opportunity to provide input into the possible acceleration of their student; however, the parent, legal guardian, person having lawful control, or person standing in loco parentis of the student does not have a vote in the determination on whether the acceleration request will be granted as only the acceleration placement committee may make that determination.

4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, ~~or~~ legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria:¹

- Attendance
- Grades
- Credits
- Achievement Test

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student² shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:³

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and

- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below² who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.⁴ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁵

Notes: ¹ Insert the criteria your district uses for promotion/retention.

² The Division of Elementary and Secondary Education (ADESE) Rules Governing the Arkansas Educational Support and Accountability Act only requires that an SSP be created for students in eighth (8th) grade and beyond and ADESE will only cite a district if a student does not have an SSP by the end of eighth (8th) grade and beyond. We have opted to have the default language in the policy be for an SSP to be created for every student, with additional information reviewed and added starting in eighth (8th) grade, for a couple of reasons:

First, we believe requiring an SSP for all grades allows for improved communication between parents, teachers, and students. The creation and existence of an SSP at all levels allows for the use of common terminology (such as a parent who has more than one student simultaneously enrolled at a district would not have to know to ask to review and discuss the SSP for the student in eighth (8th) grade or above and also have to know to ask for the Response to Intervention plan for the student who is below the eighth (8th) grade.) In addition, requiring teachers, parents, and the student (when appropriate) to meet to create an SSP at all grades will help to foster channels of communications between parents and teachers, increase parental engagement, and help prepare parents for the more formal planning process when the student is in eighth (8th) grade and beyond. Second, the creation, evaluation, and updating of the SSP at the lower levels should help to establish a student focused learning system by helping to insure each student is receiving the educational support(s) necessary for his/her individual educational development, whether the supports are through a Response to Intervention system, the Gifted and Talented program, or anywhere in between.

³ Subsections 6.05.1 through 6.05.4 of the Arkansas Educational Support and Accountability Act rules include additional recommendations for consideration when creating and updating a student's SSP on each of the items in this list.

⁴ This paragraph is optional. The paragraph originated with the movement for students to opt out of state assessments. A.C.A. § 6-15-2907(e) requires all students participate in the statewide assessments and this paragraph is intended to add local incentive for students to participate. While the entire paragraph is optional, the last sentence is important as it would keep the policy from having "zero tolerance" (which we do not support) and give you latitude to accommodate instances beyond the student's control such as a car accident, serious illness, or other acts of God. If you choose to include the sentence, you may change "Superintendent" to "Principal" if that would work better for your district. Keep in mind that the decision on who is responsible for deciding whether or not to grant an exception for extraordinary circumstances is a different and separate issue than deciding whether or not to promote or retain a student, which is left in the hands of the school principal earlier in the policy. Be sure to align your decision for this footnote with the decision you made concerning footnote #5.

⁵ This paragraph is optional. Participation in graduation or extracurricular activities is not a right, and districts may legally place conditions on a public school student's eligibility for participation (such as testing compliance), but districts cannot deny a diploma to an otherwise qualified student or deny a student the ability to attend school. If you choose to include the paragraph, the third to the last sentence may be amended to apply to a timeline of your choice. Be sure to align the staff position responsible for deciding whether or not to grant an exception with the decision you made for footnote #4.

4.56—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS

Definitions:

“Academic Courses” are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Division of Elementary and Secondary Education (DESE). Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.¹

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.¹

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted)². Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances.³ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁴

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.⁵

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.⁶

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.⁷

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

NOTES: The standards as outlined above are minimum standards and can be raised locally if desired. If your district does not offer a SIP, delete the references to it in your policy.

AAA standards allow a student to participate in an SIP for a maximum of two consecutive semesters and require the student to improve his/her GPA by at least 10% by the end of the first semester to remain eligible for the second semester. By the end of the second semester, the student must have attained a 2.0 GPA to be eligible for competitive interscholastic activities. Following one or more semesters where the student has attained a 2.0 GPA, this cycle may be repeated.

¹ The definition for **interscholastic** activities is effectively taken from the AAA Handbook and is the origin for the extrapolated definition of **intrascholastic** activities. When it comes to implementing this policy, it may be important/helpful to keep in mind that the Handbook also points out the following: Performance activities such as band, speech, drama, etc. may be viewed as competitive arenas both internally (ratings by individual schools) and externally (comparisons of individual or school ratings with a view toward determining an ultimate winner). Additionally, both inter and intra scholastic activities may be curricular if the activity is required as part of the course.

² While the Standards for Accreditation no longer expressly requires a policy that "shall limit and control interruptions of instructional time in the classroom and the number of absences for such activities", we believe that restrictions on the interruption of instructional time to be a best practice. You could replace "one per week per extracurricular activity" with a specific number of days per semester that could also allow the student to "bank" or accumulate days in anticipation of a major event.

³ This sentence is optional but it would keep the policy from having "zero tolerance" (which we do not support) and give you latitude to accommodate instances beyond the student's control such as a car accident, serious illness, or other acts of God. If you choose to include the sentence, you may change "Superintendent" to "Principal" if that would work better in your

district. Be sure to align your decision for this footnote with the decision you have made on the same issue that exists in policies 4.55 and 4.56.1.

⁴ This paragraph is entirely optional. Participation in extracurricular activities is not a right, and districts may legally place conditions on a public school student's eligibility for participation (such as testing compliance), but districts cannot deny a diploma to an otherwise qualified student or deny a student the ability to attend school. If you choose to include the paragraph, the third to the last sentence may be amended to apply to a timeline of your choice.

⁵ This paragraph is not statutorily required, but has been added to align with policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS with the belief that such information will benefit all students.

⁶ This also applies to home schooled students and is cleverly accommodated by an adjustment to APSCN reporting outlined in Commissioner's Memo FIN-14-11 or Commissioner's Memo COM-18-009 if the student is also taking courses in accordance with Policy 4.59.

⁷ Districts should be aware that the AAA handbook contains rules prohibiting students who participate on school sponsored teams of the various interscholastic activities from being permitted to participate in practices and competitions for the same sport during the same season of the interscholastic activity.

4.56.1—EXTRACURRICULAR ACTIVITIES - ELEMENTARY

Definitions

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity¹ (tournaments or other similar events excepted with approval of the superintendent² All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.³

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. ² Fill in the blank with the position of the person you wish to make responsible for the decision, e.g. principal or superintendent.

³ Make sure your student handbook matches this language.

⁴ This sentence is optional but it would keep the policy from having "zero tolerance" (which we do not support) and give you latitude to accommodate instances beyond the student's or parent's control such as a car accident, serious illness, or other acts of God. 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.¹

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course³ in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;⁴
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

Notes: ¹ This paragraph is not statutorily required, but without advance determination of the timelines, there will be no way for a parent to know when, or even for what semester, they will have to make their application to the district. Such information will benefit all students.

² Only include "or their applicable attendance zone's school" if your district has more than one school per grade configuration.

³ You can only **require** one course, but a district may permit a student to register for more than one course.

⁴ Include "drug testing" only if your district conducts such tests.

4.56.3 - OSCEOLA PUBLIC SCHOOLS MANDATORY STUDENT DRUG TESTING POLICY

Adopted 6/9/2014

MISSION STATEMENT

Osceola Public Schools recognizes that drug abuse is a significant health problem for students, detrimentally effecting overall health, behavior, learning ability, reflexes, and the total development of each individual. Our stakeholders are determined to help students by providing another incentive for them to say “No”. It is critical that educators and parents continually seek ways to implement effective programs that provide the appropriate actions to address and foster a drug free environment in our schools. Drug abuse includes but is not limited to, the use of illegal drugs, alcohol, and the misuse of legal drugs and medications.

DEFINITIONS

- Drug: Any substance considered illegal by Arkansas Statutes or which is controlled by the Food & Drug Administration unless prescribed by a licensed physician and the misuse of legal drugs and medications.
- Activity Programs: Any activity that meets the guidelines of the Arkansas Activities Association and /or sponsored by the Osceola Public School District. This includes all school sponsored athletic/spirit and student groups.
- School Year: From the first day of classes in the fall, unless the activity begins prior to the first day of classes, in which event, from the first day of practice through the last day of classes in the spring.

CRITERIA

All students wishing to participate in any activity/ program as previously defined must have their custodial parent or guardian consent in writing to drug testing pursuant to the district’s drug testing program. Written consent shall be in the form attached to this policy as FORM A. No student shall be allowed to participate in any activity/program absent such consent. Students with consent will be tested at the start of each activity/program in which they opt to participate and in addition will also be placed in a random selection pool.

TESTING AGENCY

The district will choose a certified agency for the purpose of randomly selecting students consistent with the criteria set forth by the district, processing sample results, and maintaining privacy with respect to test results and related matters.

PRESCRIPTION MEDICATION

Students who are taking prescription medication may provide a copy of the prescription or a doctor’s verification, which will be considered in determining whether a “positive” test has been satisfactorily explained. That documentation will be forwarded to the testing coordinator to consider the student’s use of such medication to assure the accuracy of the result. Students who refuse to provide verification and test positive will be subject to the actions specified below for “positive tests.”

The drug screening samples will be tested for illegal drugs and the misuse of prescription drugs. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug intoxication. As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and /or consistency to a laboratory for testing and confirmation or non-confirmation.

RANDOM STUDENT SELECTION

Random testing will be conducted a minimum of four (4) times during each year. Selection for random testing will be by lottery drawing from a “pool” of all students participating in activity programs in the district at the time of the drawing. The superintendent or designee shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the selection process including, but not necessarily limited to, assuring that the names of all participating students are in the pool, assuring that the agency selecting the students has no way of knowingly choosing or failing to choose particular students for the testing, assuring that the identity of students drawn for testing is not known to those involved in the selection process, and assuring direct observation of the process by the least intrusive means possible while assuring brevity and privacy.

SAMPLE COLLECTION:

Samples will be collected within a two (2)-hour time period on the same day the student is selected for testing. If a student is absent on that day, the student may be tested upon the student’s return to school. A student who is notified and fails to report immediately shall result in a positive screening, and will be subject to the actions specified below for a “positive test.” If a student is unable to produce a sample, the student may be required to submit a hair sample. Students are responsible for any additional costs associated with hair sample testing. Otherwise, the student will remain at the testing facility until a sample can be produced.

LIMITED ACCESS TO RESULTS:

The results will be reported only to the superintendent or his/her designee.

PROCEDURES IN THE EVENT OF A POSITIVE RESULT:

If a student’s test result indicates the presence of illegal drugs or the misuse of legal or prescription drugs (“positive test”), the following will occur:

If the sample tests positive, a custodial parent or legal guardian will be notified and a meeting will be scheduled with the superintendent or his/her designee, the student, the custodial parent or legal guardian, and the student’s principal and head coach or sponsor.

FIRST POSITIVE RESULT:

For a positive result, the student will be placed on probation and not be allowed to participate in competitions of Osceola Schools for a period of twenty (20) calendar days. A student may practice or attend an organization’s meetings at the discretion of the sponsor/coach but may not compete or dress out for competition. The student will be recommended for counseling; if any charge is incurred, it will be the responsibility of the parents.

On day twenty-one (21), the student will be allowed to be retested (at the expense of parent-guardian). If the retest results are found to be positive, this will count as the official second positive result. If the test results are found to be negative, the student will again become eligible for competition.

SECOND POSITIVE RESULT:

A second positive result in the 12-month period following the first positive test will result in the student’s suspension from participating in activities for the remainder of the school year.

4.57—IMMUNIZATIONS

Definitions

“In process” means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

“Serologic testing” refers to a medical procedure used to determine an individual’s immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against¹:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service; or
- D. Official record from another educational institution in Arkansas; or
- E. An immunization record printed off of the statewide immunization registry with the Official Seal of the State of Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or

- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.²

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments

outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.³

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization;
- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

Notes: ¹ The table showing the age appropriate immunizations is referred to as "Table I" in the Division of Elementary and Secondary Education (DESE) rules and as "Table II" in ADH rules.

² You can amend this sentence to reflect your school's practice for when teachers are required to have their lesson plans ready in advance.

³ Your district may choose to adopt a different schedule such as docking the work a certain percentage for each day it is late.

4.58—FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

The District has no food sharing system for food items other than milk and juice.² Students who do not intend to drink milk or juice received as part of a meal may place the milk/juice in a designated ice-filled cooler located at the end of the service line where another student may retrieve it at no charge. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the cooler to place for sharing or retrieve an item after the student has left the service line.

At all times, the cooler will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item is to remain in the cooler for longer than four (4) hours.

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

Notes: Whether or not to have a food sharing table or to permit students to remove food items from the cafeteria are two distinct issues. Selecting Option 1 does not mean you are required to select Option A and vice versa; similarly, selecting Option 2 does not mean you have to select Option B or vice versa.

¹ The Arkansas Department of Health requires all manufacturers' instructions on temperature controls be followed. Most vegetables are manufactured in some way and are required to be kept cold. Items required to be kept cold that are allowed to be placed on the sharing table **MUST** be discarded no later than four (4) hours after being served.

² While Commissioner's Memo FIN 08-076 specifically applies to milk, similar procedures for juice are necessary. If you do not wish to use a formalized sharing method for juice, remove the uses of "juice" from the policy except for the prohibition on juice being removed from the cafeteria.

³ The container(s) used for food sharing should be able to be washed, rinsed, and sanitized in the kitchen and must be cleaned at least daily, if not following each meal period.

⁴ The number of district provided food items a student may remove from the cafeteria is up to the district. The purpose behind letting students take items outside the cafeteria is to allow the students additional time to finish eating rather than to provide students with extra food; therefore, the number of items should be low.

⁵ Consider the following when developing your protocol for school provided food items removed from the food service area:

- a) Will your district food service system need to establish a different protocol for elementary and high school or can it establish a standard protocol throughout the district?
- b) Will you provide time in the afternoon for students to consume the removed food?
- c) Will you provide a place for students to keep the removed food items until the student has time to consume them? If so, how will you make sure the student is the one who gets the food the student removed?
- d) How will you make sure students take removed food items not consumed by the end of the day home with them instead of leaving them in desks/lockers?

4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered By the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:¹

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:¹

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:²

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
- Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be

dropped from the course; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student's parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

Notes: This is **NOT** an optional policy. Districts who do not wish to open academic course attendance to private school or home schooled students are required to receive a waiver from the provisions of A.C.A. § 6-18-232 from the Division of Elementary and Secondary Education.

² The dates provided here are only suggestions and are not set by statute. You may advertise your course offerings for a shorter or longer period of time; or set the deadline for applications to match the traditional student enrollment deadlines.

³² Your application of “capacity” should be consistent in order to avoid potential exposure to liability for unlawful discrimination against individuals with disabilities. For example, you should not choose to accept a student who requires no special services, but would require you to add an additional elementary teacher, but refuse to accept a student with a disability because it would require you to add an additional special education teacher. You may refuse to accept the attendance of a student with a disability whose acceptance would necessitate the hiring of an aide, interpreter, or other additional staff member.

4.60—STUDENT BEHAVIORAL INTERVENTION AND RESTRAINT

Definitions

"Aversive behavioral intervention" means a physical or sensory intervention program that is intended to modify behavior through the use of a substance or stimulus that the intervention implementer knows will cause physical trauma, emotional trauma, or both, to a student, even when the substance or stimulus appears to be pleasant or neutral to others.

Examples of aversive behavioral interventions include, but are not limited to:

- Hitting;
- Pinching;
- Slapping;
- Using a water spray;
- Using noxious fumes;
- Requiring extreme physical exercise;
- Using loud auditory stimulus;
- Withholding meals; and
- Denying reasonable access to toileting facilities.

"Behavioral intervention" means the implementation of a service, support, or strategy to teach and increase appropriate behavior or substantially decrease or eliminate behavior that is dangerous, inappropriate, or otherwise impedes the learning of a student.

"Behavior Intervention Plan" (BIP) means a written plan that:

- Is developed by a problem-solving and intervention team and delineates emotional, social, or behavioral goals for a student and the steps that the school, student, parent of the student, and others will take to positively support the progress of the student towards the student's emotional, social, or behavioral goals;
- Is comprised of practical and specific strategies to increase or reduce a defined behavior or one (1) or more patterns of behavior exhibited by a student; and
- Includes the following at a minimum:
 - A definition or description of the desired target behavior or outcome in specific measurable terms;
 - A plan for preventing and eliminating inappropriate student behavior by changing a condition that is triggering, motivating, underlying, or supporting that behavior as determined through a FBA;
 - A plan for teaching a student to demonstrate appropriate social, emotional, or behavioral self-management, or a new method to address or meet the student's needs;
 - A description of how a specific incentive or consequence will be used as needed to decrease or eliminate inappropriate student behavior and increase appropriate behavior;
 - A plan for managing a crisis situation;
 - A system to collect, analyze, and evaluate data about the student;
 - The school personnel, resources, and training needed before implementation of the BIP; and
 - The timeline for implementing different facets of an intervention, including without limitation when the intervention will be formally reviewed.

"Chemical restraint" means the use of a drug or medication to control the behavior of a student or restrict the free movement of the student; however, chemical restraint does not include the use of medication that is prescribed by a licensed physician, or other qualified health professional acting within the scope of the individual's professional authority under state law, for the standard treatment of a medical or psychiatric condition of a student and is administered as prescribed by the licensed physician or other qualified health professional acting within the scope of the individual's professional authority under state law.

"Crisis" means a situation in which a student engages in a behavior that threatens the health and safety of the student or others and includes without limitation a situation in which the student becomes aggressive or violent at school and is unable to regain self-control without posing a danger of injury to himself or herself or others.

"Crisis intervention" means the implementation of a service, support, or strategy to immediately stabilize a crisis and prevent the crisis from reoccurring after the crisis ends.

"Dangerous behavior" means the behavior of a student that presents an imminent danger of serious physical harm to the student or others; however, dangerous behavior does not include the following:

- Disrespect;
- Noncompliance;
- Insubordination; or
- Destruction of property that does not create an imminent danger.

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

- Occurs within the context of data-based problem-solving and involves:
 - The review of existing records and other sources of information;
 - Diagnostic or historical interviews;
 - Structured academic or behavioral observations; and
 - Authentic, criterion-referenced, or norm-referenced tests; and
- Is performed with the goal of determining why a specific problem or situation is occurring in order to directly link a strategic intervention to an assessment and solve or resolve the specific problem or situation.

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Positive behavioral support" means the application of behavior analysis that:

- Is used to achieve socially important behavior change;
- Occurs at the:
 - Prevention level for all students in a school;
 - Strategic intervention level for a student who is not responding, from a social-emotional and behavioral perspective, to the prevention level; and
 - Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services; and
- Involves a planned and collaborative school-wide approach that is implemented with a goal:
 - Of establishing a positive and supportive school environment that:
 - Teaches and reinforces prosocial behavior in a student;
 - Holds a student positively accountable for meeting an established behavioral expectation; and
 - Maintains a level of consistency throughout the implementation process; and

- That is accomplished by using positive behavioral programs, strategies, or approaches.

"Prone restraint" means restraining a student in a face-down position on the floor or another surface and applying physical pressure to the body of the student to keep the student in the prone position.

"Serious physical harm" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

"Supine restraint" means the restraint of a student in a face-up position on the student's back on the floor or another surface and with physical pressure applied to the body of the student to keep the student in the supine position.

Positive Behavioral Supports

The District shall implement positive behavioral supports to be used at the:

1. Prevention level for each student in a school;
2. Strategic intervention level for a student who is not responding, from a social, emotional, or behavioral perspective, to the prevention level; and
3. Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services.

The District's positive behavioral support shall include:

- a. The teaching and reinforcing of interpersonal, social, problem solving, conflict resolution, and coping skills to a student;
- b. Holding a student positively accountable for meeting an established behavioral expectation;
- c. Maintaining a high level of consistency through the implementation of the positive behavioral support process; and
- d. The following interrelated activities:
 - Providing a school-wide approach to the discipline and safety of each student rather than an approach to only the behavior problem of a single student;
 - Focusing on preventing the development and occurrence of problem behavior;
 - Regularly reviewing behavior data to adapt the District's procedures to meet the needs of every student; and
 - Providing a multitiered approach to academic and behavioral services and support to meet the academic and behavioral achievement needs of each student.

The following principles shall form the basis of the District's positive behavioral support system and conflict resolution or de-escalation approach:

1. A student has the right to be treated with dignity;
2. A student should receive necessary academic, social, emotional, and behavioral support that is provided in a safe and least-restrictive environment possible;
3. Positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, should be provided routinely to each student who needs the intervention or support;
4. Behavioral intervention should emphasize prevention as part of the District's system of positive behavioral support; and
5. Each student who exhibits an ongoing behavior that interferes with the student's learning or the learning of others, and who is nonresponsive to effectively implemented classroom or administrative intervention, should receive additional intensive behavioral intervention that is based on a FBA and data-based problem solving.

Problem Solving and Intervention Team

A problem-solving and intervention team shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The problem-solving and intervention team shall include at least one (1) member who is an academic and behavioral assessment and intervention professional.

A student's problem-solving and intervention team shall:

- a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;
- b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
- c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- Use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and
- Continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or
- In the following manner:
 - To punish or discipline the student;
 - To coerce the student;
 - To force the student to comply;
 - To retaliate against the student;
 - To replace the use of an appropriate educational or behavioral support;
 - As a routine safety measure;
 - As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
 - As a convenience for school personnel; or
 - To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

- Mechanical restraint;
- Chemical restraint;

- Aversive behavioral interventions that compromise health and safety;
- Physical restraint that is life-threatening or medically contraindicated; or
- Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student's existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's problem-solving and intervention team;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.¹

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unable to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

School personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;
2. Be maintained in the student's education record; and
3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:²

- a. A member of school personnel who was present during the incident;
- b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
- c. A school administrator; and
- d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;

- Evaluate the school district's positive behavioral supports system and prevention techniques in order to minimize future use of physical restraint; and
- If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:
 - Reevaluate the training needs of school personnel;
 - Reevaluate the physical restraint policy and practices; and
 - Develop a plan to prevent a future incident.

At a debriefing meeting, school personnel shall:

1. Consider relevant information in the student's education record, including without limitation:
 - a. The concerns of the student's parent;
 - b. The student's social and medical history;
 - c. The student's FBA, if one exists; and
 - d. The student's BIP, if one exists;
2. Consider relevant information from the teachers, parents, and other District professionals;
3. Discuss whether positive behavior supports were appropriately implemented;
4. Discuss the duration and frequency of the use of physical restraint on the student;
5. Discuss appropriate action that may be taken to prevent and reduce the need for physical restraint;
6. Consider whether additional intervention and support is necessary for the student;
7. Consider whether additional intervention and support is necessary for school personnel; and
8. Consider how and when to debrief a person who was not present at the debriefing meeting, including without limitation:
 - a. The student;
 - b. The student's parent; and
 - c. Other school personnel or students who witnessed the incident.

DESE's Physical Restraint or Seclusion Incident Record and Debriefing Report, or an alternative report that includes the same information, shall be completed during the debriefing meeting. A copy of the report shall be:

- Submitted to the building principal;³
- Mailed to the student's parent within two (2) days of the date on which the debriefing meeting was held; and
- Maintained as part of the student's education record along with other documents consulted during the debriefing meeting.

Notes: A copy of the DESE Guidance on the Use of Restraint along with the Physical Restraint or Seclusion Incident Record and Debriefing Report can be found at: <https://dese.ade.arkansas.gov/Offices/special-education/policy-regulations/guidance-and-resources>.

¹ There is nothing in the statute that requires the complaint to be handled in the same manner as a debriefing. This is intended only as a default method as you are required to have procedures governing the handling of a parental complaint. After consultation with appropriate staff, replace this language with your local procedures on how a complaint will be handled.

² While you can, and should, add additional staff members to the list of those required to attend a debriefing meeting, A.C.A. § 6-18-2307 requires these individuals be included at a minimum.

³ A.C.A. § 6-18-2307 requires that the debriefing report be submitted to a designated district administrator. If you would rather have all debriefing reports provided to one single individual at the district staff level instead of keeping them at the school level, replace this with the district level position to whom debriefing reports should be submitted.

5.2—PLANNING FOR EDUCATIONAL IMPROVEMENT

Each school in the district, in collaboration with administrators, teachers, other school staff, parents, the community, and students, shall develop a school-level improvement plan (SLIP) to:

- Establish goals or anticipated outcomes based on an analysis of students' needs;
- Identify student supports and evidence-based interventions and practices to be implemented;
- Describe the professional learning necessary for adults to deliver the supports or interventions;
- Describe the implementation timeline for monitoring of the interventions and practices for effectiveness;
- Describe the timeline and procedures for evaluation of the interventions and practices for effectiveness; and
- Evaluate and modify a parent, family, and community engagement plan.¹

Each SLIP shall include a literacy plan that includes a curriculum program and a professional development program that is aligned with the District's literacy needs and is based on the science of reading.

Some of the data that shall be considered when developing the SLIP includes, but is not limited to:²

- Statewide assessment results;
- Interim assessment results;
- Similarly situated school's SLIPs; and
- Evaluation(s), including staff, student, and community feedback, of the existing SLIP.

The SLIP is to be reviewed on an ongoing basis with reports to the board on the implementation progress of the SLIP throughout the year of implementation. By May 1 of each year, the SLIP to be implemented in the upcoming school year shall be presented to the District Board of Directors for review and approval.³ The District will post the District's SLIP(s) to the District's website under State-Required Information by August 1 of each year.

The district shall develop, with appropriate staff; school board members; and community input, a school district support plan (SDSP).⁴ The SDSP, in coordination with the District's SLIPs, shall:

- Specify the support the District will provide to the District's schools;
- Collaboratively establish priorities regarding goals or anticipated outcomes with the District's schools, including feeder schools;
- Identify resources to support the established priorities;
- Describe the time and pace of providing support and monitoring for the established priorities;
- Describe the measures for analyzing and evaluating that the District support was effective in improving the school performance;
- Establish, evaluate, and update a parent, family, and community engagement plan¹ and
- Direct the use of Enhanced Student Achievement funding for strategies to close gaps in academic achievement.

If the District's data reflects a disproportionality in equitable access to qualified and effective teachers and administrators, the District shall develop and implement strategies to provide equitable access as part of the SDSP.

If forty percent (40%) or more of the District's students scored "in need of support" on the prior year's statewide assessment for reading, the District shall develop a literacy plan as part of the SDSP that includes:

- Goals for improving reading achievement throughout the District; and
- Information regarding the prioritization of funding, including without limitation, Enhanced Student Achievement funding, for strategies to improve reading achievement throughout the District.

The District shall post the District's SDSP to the District's website under State-Required Information, including any updates to the District's SDSP.⁵

The District's Board of Directors shall hold a meeting annually to provide a report that systematically explains the District's policies, programs, and goals to the community. The District's report shall detail the progress of the District and the District's schools toward accomplishing program goals, accreditation standards, and proposals to correct any

deficiencies. The report shall be made available to the public, including by posting a copy on the District's website under State-Required Information no later than ten (10) days following the meeting. The meeting shall provide parents and other members of the community the opportunity to ask questions and make suggestions concerning the District's program.

Notes: ¹ See A.C.A. § 6-15-1702 for a detailed listing of required components of the parental involvement plan. The Model Policy Service has also provided a guide (See Supporting Information for Policies 6.11 and 6.12 located on the Policy Resources Page: <https://arsba.org/policy-resources>) for easier understanding of the language in the code. In addition, the Division of Elementary and Secondary Education has created a parent, family, and community engagement toolkit that may be used in the creation of your plan. The toolkit is located at <https://dese.ade.arkansas.gov/Offices/public-school-accountability/engagement>.

² This is not intended to be an all-inclusive list. The only item specifically required to be included is the evaluation of the existing SLIP, which must be done at least annually.

³ The Division of Elementary and Secondary Education (ADESE) Rules Governing the Arkansas Educational Support and Accountability Act requires the board to approve the SLIP(s) and SDSP annually, which should be specifically noted in the board's minutes.

⁴ For districts classified in Level 3, Level 4, or Level 5 levels of support, the SDSP must be submitted to DESE by September 1 and DESE must approve the SDSP. Districts whose SDSP must be approved by DESE must also post to the website the date the SDSP is approved by DESE, including the date(s) any revisions are approved by DESE.

⁵ For districts classified in Level 1 or Level 2 support, the SDSP must be posted to the website by no later than September 11. For districts classified in Level 3, Level 4, or Level 5 support, the SDSP must be posted to the website by the earlier of ten (10) days after the SDSP is submitted to DESE or by September 11.

5.3—CURRICULUM DEVELOPMENT

Sequential curricula should be developed for each subject area. Curricula are to be aligned with the curriculum frameworks and used to plan instruction leading to student proficiency on the Arkansas Academic Standards. Curricula should be in alignment with the District’s vision, mission, goals, and educational philosophy. Student achievement is increased through an integrated curriculum that promotes continuity and a growth in skills and knowledge from grade to grade and from school to school. Therefore, the Board desires that unnecessary duplication of work among the various grades and schools be eliminated and that courses of study and their corresponding content guides be coordinated effectively.

The Board of Education is responsible for reviewing and approving all instructional programs offered by the District as well as approving significant changes to courses or course materials before they are implemented. The Superintendent is responsible for making curriculum recommendations.

Each school shall review each curriculum area annually to address the continued relevancy, adequacy, and cost effectiveness of individual courses and instructional programs and to ensure each area is aligned with the current curriculum frameworks and course content standards approved by the State Board of Education.¹ Each school’s administration shall implement a monitoring process to ensure that the instructional content of each course offered is consistent with the content standards and curriculum frameworks approved by the State Board of Education.²

The District shall not purchase curriculum for the District’s reading program that is not from the list of curricula approved by the Division of Elementary and Secondary Education.³

Notes: ¹ A.C.A. § 6-15-101 requires school boards to adopt and implement the academic standards and expected outcomes that have been defined by the State Board, which should be indicated by the adoption being noted in the district’s board minutes.

² A.C.A. § 6-15-1505(b) requires each district’s superintendent to submit a letter of assurance to DESE each year that the content of each class and subject area is aligned to the academic standards and curriculum frameworks developed by the State Board under its plan developed pursuant to A.C.A. § 6-15-1502(a).

³ While districts have the option to use a curriculum that is not on the list of curriculum approved by DESE for the District’s reading program, Districts who choose to do so are required to receive prior approval of the curriculum from DESE. In order to receive approval of the curriculum from DESE, the District must submit to DESE the District’s rationale for choosing the alternative curriculum program and evidence-based research regarding the alternative curriculum program.

A.C.A. § 6-17-429(i)(3) prohibits the use of a program of instruction or intervention for students in kindergarten through grade two (K-2) that utilizes:

- The three-cueing system model of reading;
- Visual memory as the primary basis for teaching word recognition; or
- The three-cueing system model of reading based on meaning, structure and syntax, and visual (MSV).

5.4—SCHOOL IMPROVEMENT TEAMS

A team structure is officially incorporated into the school-level improvement plan. New school administrators shall receive a description of the teams' purposes and how each team is constituted; In addition, each new administrator shall receive training on methods for effective teams.

All teams shall create work plans for the year, which shall include specific work products for the team to produce. To aid in maintaining the work plan, all teams shall develop an agenda and keep minutes for each meeting. The school principal shall be responsible for maintaining a file of the agendas, work products, and minutes of all teams.

Team meetings shall take place outside of the student instructional day.¹

Leadership Team

Each school shall have a Leadership Team that consists of members that include:²

1. The principal;
2. The chair of each Instructional Team;
3. The school guidance counselor;
4. A instructional facilitator; and
5. Other key professionals designated by the principal.

The Leadership Team shall meet for a minimum of one (1) hour at least two (2) times each month during the school year. Based on school performance data and aggregated classroom observation data, the Leadership Team shall make decisions and recommendations on curriculum, instruction, and professional development; in addition, the Leadership Team shall serve as a conduit of communication to the rest of the faculty and staff.

Instructional Teams

The teachers in each school shall belong to an Instructional Team. The instructional teams shall be organized by:

- a. Grade level;
- b. Grade level cluster; and/or
- c. Subject area.

Each Instructional Team shall appoint a chair for the school year who shall conduct the team meetings and shall be part of the school Leadership Team. Each Instructional Team shall meet for a minimum of forty-five (45) minutes at least two (2) times a month during the school year.³

The purpose of the Instructional Teams is to develop and refine units of instruction and review student learning data.

Notes: This policy was created in collaboration with the Division of Elementary and Secondary Education (DESE) School Improvement Team. The policy is not required but is recommended. The language in the policy is based on researched best practices but may be amended in entirety to conform with local practices, including, but not limited to, the number and length of team meetings.

Additional types of teams that your district may be interested in creating are:

- Student team, which consists of a diverse group of student leaders;
- Management team, which consists of campus administrators and other personnel as needed; and
- School Community Council, which consists of administrators, teachers, and parents.

¹ This language is optional; however, districts should be aware that if they require the instructional teams to meet during the student instructional day and do not also provide the minimum two hundred (200) minutes per week of individual prep time that the district would be required to compensate the members of the instructional team for the missed time. Teachers may voluntarily agree amongst each other to meet during the prep time, but the meeting during that time may not be required.

² The goal is to make sure all those who are necessary have a voice on the Leadership Team while keeping the number of members to a reasonable level; the recommendation is to have between five (5) and seven (7) members.

³ In addition to the monthly meetings, you have the option to require the Instructional Teams to meet before or after the student instructional year. If you do, make sure that the days are scheduled on the school calendar since they will count against the number of days in the employee's contract. Here is our suggested language: *In addition to the regular monthly meetings during the school year, each Instructional Team shall meet for _____ days prior to the first student contact day and/or _____ days following the final student contact day.*

"Instructional material" means instructional content that is provided to a public school student, regardless of its format, that includes without limitation printed or representational materials, audio-visual materials, and materials in electronic or digital format, such as materials accessible through the internet; however, Instructional material does not include academic tests or academic assessments.

"Sexual orientation" means an individual's actual or perceived orientation as heterosexual, homosexual, or bisexual.

The use of instructional materials, including classroom events or activities associated with classroom instruction, beyond those approved as part of the curriculum/textbook program must be compatible with school and district policies. If there is uncertainty concerning the appropriateness of supplemental materials, the personnel desiring to use the materials shall get approval from the school's principal prior to putting the materials into use.

All instructional materials, including classroom events or activities associated with classroom instruction, used as part of the educational curriculum of a student shall be available for inspection by the parents or guardians of the student.

Parents or guardians wishing to inspect instructional materials used as part of the educational curriculum for their child may schedule an appointment with the student's teacher at a mutually agreeable time. Parents/guardians wishing to challenge the appropriateness of any instructional materials shall follow the procedures outlined in Policy 5.6—CHALLENGE OF INSTRUCTIONAL/SUPPLEMENTAL MATERIALS.

In addition to all other inspection rights under this policy, the following shall be made available for inspection regardless of whether any of the listed items are offered as part of a sex education class or program or as part of any other class, activity, or program:

The District's notification method shall ensure that the District receives a confirmation of the written notification receipt from parents and legal guardians.

5.6—CHALLENGE OF INSTRUCTIONAL/SUPPLEMENTAL MATERIALS

Definitions

"Curriculum" means: the sequences of public school student learning expectations, pacing, materials, and resources that are used to teach the Arkansas academic standards and the processes for evaluating mastery of the Arkansas academic standards at particular points in time throughout the kindergarten through grade twelve (K-12) educational program.

"Gender identity" means the same as is used in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, which defines it as a category of social identity and refers to an individual's identification as male, female, or, occasionally, some category other than male or female.

"Instructional material" means instructional content that is provided to a public school student, regardless of its format, that includes without limitation printed or representational materials, audio-visual materials, and materials in electronic or digital format, such as materials accessible through the internet; however, Instructional material does not include academic tests or academic assessments.

"Sexual orientation" means an individual's actual or perceived orientation as heterosexual, homosexual, or bisexual.

Instructional and supplemental materials, including classroom events or activities associated with classroom instruction, are selected for their compatibility with the District's educational program and their ability to help fulfill the District's educational goals and objectives. Individuals wishing to challenge or express concerns about instructional or supplemental materials, including classroom events or activities associated with classroom instruction, may do so by filling out a *Challenge to Instructional Material* form available in the school's office.

The contesting individual may present a copy of the form to the principal and request a conference be held at a time of mutual convenience. Prior to the conference, the principal shall consult with the teacher regarding the contested material. In the conference, the principal shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.

Following the conclusion of the meeting, the principal shall have five (5) working days to submit a summary of the concerns expressed by the individual and the principal's response to those concerns to the Superintendent¹.

If the contesting individual is not satisfied with the principal's response, the individual may, after the five (5) working day period, request a meeting with the Superintendent where the individual shall present the same *Challenge to Instructional Material* form previously presented to the principal. The Superintendent shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.²

Following the conclusion of the meeting, the Superintendent shall have five (5) working days to write a summary of the concerns expressed by the individual and the Superintendent's response to those concerns. The Superintendent shall create a file of his/her response along with a copy of the principal's response and a copy of the contesting individual's *Challenge to Instructional Material* form.

If, after meeting with the Superintendent, the contesting individual is not satisfied with the Superintendent's response regarding the appropriateness of the instructional or supplemental material, he/she may appeal the Superintendent's decision to the Board. The Superintendent shall present the contesting individual's *Challenge to Instructional Material* form to the Board at the next regularly scheduled meeting along with the written responses to the challenge. The Board may elect, if it so chooses, to hear brief verbal presentations from the parties involved in the challenge.

The Board shall decide at that meeting or their next regularly scheduled meeting whether to retain the material, limit the availability of the material, or remove the material from the school. The Board's primary consideration in reaching its decision shall be if the instructional and supplemental materials, including classroom events or activities associated with classroom instruction, are:

- Misleading;
- Factually inaccurate; or
- Otherwise inappropriate for the intended educational use.

In addition to the notification requirements under Policy 5.5 and all other challenge rights under this policy, parents and legal guardians may opt their students out of any of the following by submission of form 5.6F2 regardless of whether any of the listed items are offered as part of a sex education class or program or as part of any other class, activity, or program except when the item is directly related to a requirement under the Arkansas academic standards; a District employee is responding to questions posed by students during class regarding sex education, sexual orientation, or gender identity as it relates to a topic of instruction; or a District employee refers to the sexual orientation or gender identity of a historical person, group, or public figure when such information provides necessary context in relation to a topic of instruction:

- a. Curricula;
- b. Materials;
- c. Tests;

- d. Surveys;
- e. Questionnaires;
- f. Activities; and
- g. Instruction of any kind.

Students who are excused under this policy from participating in any or all portions of items A-G above shall not be penalized for grading purposes if the student satisfactorily performs alternative lessons related to health.

The rights provided to parents under this policy transfer to the student when the student turns eighteen (18) years old.

Notes: This policy is to be developed in conjunction with parents.

¹ If your district has a curriculum coordinator or education director you might choose to have the process proceed to him/her if not resolved by the principal to the satisfaction of the contestant before having the appeal proceed to the Superintendent.

² Because the removal of instructional material can involve First Amendment Free Speech issues, ASBA advises the district seek legal advice. This can be done at whatever challenge level you choose, but should certainly be done at least by the time it reaches the board.

5.7—SELECTION OF LIBRARY/MEDIA CENTER MATERIALS

The ultimate authority for the selection and retention of materials for the schools' media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools' libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school's students and that will help them attain the District's educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

1. Support and enhance the curricular and educational goals of the district;
2. Are appropriate for the ages, learning styles, interests, and maturity of the schools' students, or parents in the case of parenting literature;
3. Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
4. Help develop critical thinking skills;
5. Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
6. Have literary merit as perceived by the educational community; and
7. Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation - Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center's collection to the school's curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts - Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

Challenges - The parent of a student affected by a media selection, a District employee, or any other resident of the district may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal's office with a licensed media center employee. The complainant shall be given a copy of this policy and the *Request for Formal Reconsideration Form* prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five (5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the *Request for Formal Reconsideration Form* and submitting it to the principal's office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the *Request for Formal Reconsideration Form* submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center's collection. A member from the voting majority shall write a summary of the reasons for their decision. A notice of the committee's decision and the summary shall be given (by hand or certified mail) to the complainant.

If the decision is to not remove the material, the complainant may appeal the committee's decision to the district Board of Directors by filing a written appeal to the Superintendent within 5 working days of the committee's decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee's decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee's decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) of receipt of the information. The Board's decision is final.

5.8—USE OF COPYRIGHTED MATERIALS

Use of Copyrighted Work in Face-to-Face Classroom

The Board of Education encourages the enrichment of the instructional program through the proper use of supplementary materials. To help ensure the appropriate use of copyrighted materials, the Superintendent, or his designee, will provide district personnel with information regarding the “fair use” doctrine of the U.S. Copyright Code as detailed in the “Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions with Respect to Books and Periodicals” and “Guidelines for Educational Uses of Music.”¹

Use of Copyrighted Works in Digital Transmissions

Definitions

“Class session”² means the length of time provided for students to access the materials necessary for the completion of course assignments and tests. Depending on the copyrighted work's overall importance to the course, which can vary from a single assignment to an entire course focusing on the copyrighted work, the class session will end on:

- The date set by the teacher for an assignment to be submitted; or
- The date on the school calendar for the end of classes.

“Course packs” are premade compilations of book excerpts; newspaper, magazine, and journal articles; and instructor-authored materials.

“Mediated Instructional activities” includes textbooks, workbooks, and course packs.

“Transmission” is the remote accessing, whether on or off campus, by students of a copyrighted work by means of a closed circuit television, an educational television channel, or in a digital format on a password protected secure webpage.³

The District recognizes that advances in technology have resulted in the need for guidelines for the use of copyrighted materials that are transmitted to students through a digital network. While the requirements to use a copyrighted work in a digital transmission have many similarities to those required to use a copyrighted work in a face-to-face classroom, Federal law places several additional requirements on the District’s teachers, IT staff, and librarians for the use of a digitally transmitted copyrighted work. The District is dedicated to providing the tools necessary for teachers, IT staff, and librarians to meet these additional Federal requirements.

The District shall make sure the server where materials are stored is secured, whether the server is located locally or remotely.

The District’s Informational Technologies staff shall develop the proper protocols and train teachers on their use in order to ensure:

1. The transmission of the copyrighted work is limited to only the students enrolled in the course;
 - Each student shall have a unique ID and password for accessing digital courses/materials⁴; or
 - Each course shall have a unique password to access course materials; and
 - The password to access the course materials shall be changed immediately following the close of the course.
2. To prevent students from retaining or further disseminating the copyrighted work for more than one class session;
 - The print function will be disabled;
 - A transparency shall be placed over any literary work, sheet music, or photograph;
 - Audio and video transmissions will be set to be streamed; and
 - The link to the webpage with a copyrighted work shall be deactivated at the end of the applicable class session.

Teachers who wish to provide copyrighted works to students through a digital transmission as part of a digital course as well as teachers wishing to supplement a face-to-face classroom course with a digital transmission must meet

applicable copyright statutes and policy 5.11—DIGITAL LEARNING COURSES as well as the following requirements in order to use a copyrighted work:

- A. The use of the copyrighted work(s), whether in whole or in part, must be a part of regular classroom instruction and must be directly related and of material assistance to the course content;
- B. The extent of a copyrighted work that is used must comply with one or more of the following criteria:
 - The entirety of a non dramatic literary or musical work may be used. A non dramatic literary work includes poems and short stories. A non dramatic musical work covers all music that is not part of an opera or musical and does not cover the use of the music video format of a song.
 - Dramatic literary and musical works as well as videos may only be used in limited portions. Dramatic literary and musical works may only be used in the same amount as set forth in the requirements for a face-to-face classroom while videos, including music videos, may only have the portion used that is directly related to the subject of the class session and may not be transmitted in their entirety.
 - Still images or slides that a teacher would have used in the ordinary course of a face-to-face classroom session on a projector or a transparency may be used in a transmission.
 - Works primarily produced or marketed for use in the digital education market may not be transmitted.
 - Works the teacher had knowledge or reasonably believes to be unlawfully made or acquired may not be used.
 - Mediated Instructional activities may not be transmitted.
- C. A statement that works may be subject to copyright shall be placed in at least one of the following areas to provide notice to students of copyright status:⁵
 - Course syllabus;
 - Home webpage for the course;
 - Webpage for the particular class session; and/or
 - Webpage with the copyrighted work.

The teacher and the District librarian shall work together when making digital copies of copyrighted work from physical or analog versions and shall fulfill the following requirements:

- I. The amount converted is only the amount allowed by law; **and**
- II. The District has no digital copy of the copyrighted work available; **or**
- III. The District’s digital copy of the copyrighted work that is available has technological protections that prevent the use of the copyrighted work in the manner prescribed by law.

The District will not be responsible for any employee violations of the use of copyrighted materials.

Notes: A useful checklist for Districts to use to help ensure compliance with Federal copyright laws can be found at <http://library.uncc.edu/copyright/TEACH/teachtools>.

¹ Copies of the documents are available on the Policy Resources page at <https://arsba.org/policy-resources>.

² No current law or regulation provides a definition for “class session”. Unfortunately, the traditional meaning of a class session or a class period is impossible to apply to digital courses. Students have the option to digitally access course materials anytime during the day, may not be required to spend a certain period of time for a given course each day, and may complete course assignments at a time when the district is closed. Also, a class session cannot be based on a student’s logging in to access course materials as there are many valid reasons that would require a student to log in multiple times to complete an assignment. For now, we don’t know of any way to avoid the vagueness of the term and the intricacies of legally implementing it.

³ While we recognize the definition of “transmission” appears backwards from a traditional definition, it has been used in this policy because that is its statutory meaning. It actually refers to when students **access** something instead of referring to something being **sent** to students.

There is an important distinction in this policy between a **website** and a **webpage**. A website consists of one or more webpages all kept on the same domain while a webpage is a single place on a domain. Federal law

requires reasonable measures be taken to prevent unauthorized access to copyrighted works. Therefore, districts have to ensure that any "transmission" in a digital format is by means of a password protected secure webpage. The easiest method for restricting access is by requiring users to enter a password; this does not mean that a password must be entered to access each copyrighted work. When the copyrighted work is accessed by selecting a particular webpage from a website, students should only be required to enter a password to access the website and not each individual webpage. If the webpage with the copyrighted work is reached from the district's website, then students should be required to enter a password to access the specific webpage. In short, the password should apply to the largest point of entry. Note that there are times when a non-district website would be a single webpage. Unfortunately, other than forbidding teachers from doing it, the district would have no control over the requiring of a password to access a website/webpage that is disconnected from both the district site and the digital course sites that is not a website created by the teacher. There would be nothing the school could do if someone disconnected from the school posted a copyrighted work to the web and the teacher provided a link to students.

⁴ This does not require students to have a different ID or password for each digital course the student is enrolled in.

⁵ It is not required that a posting of copyright notice appear in multiple places but is heavily recommended. The more times the notice appears the harder it is for someone to claim to not have seen it.

5.9—COMPUTER SOFTWARE COPYRIGHT

The District shall observe copyright laws governing computer software reproduction. Unless specifically allowed by the software purchase agreement, the Copyright Act allows the purchaser of software to:

1. Make one copy of software for archival purposes in case the original is destroyed or damaged through mechanical failure of a computer. However, if the original is sold or given away, the archival copy must be destroyed;
2. Make necessary adaptations to use the program; and/or
3. Add features to the program for specific applications. These improvements may not be sold or given away without the copyright owner's permission.

The District shall abide by applicable licensing agreements before using computer software on local-area or wide-area networks.

5.10—RELIGION IN THE SCHOOLS

The First Amendment of the Constitution states that “Congress shall make no law respecting the establishment of religion, or prohibiting the free exercise thereof. . .” As the Supreme Court has stated (*Abington School District v. Schempp*, 374 U.S. 203) the Amendment thus, “embraces two concepts—freedom to believe and freedom to act. The first is absolute but, in the nature of things, the second cannot be.” Therefore, it is the Board’s policy that the school system, as an agency of the government, shall be neutral in matters regarding religion and will not engage in any activity that either advocates or disparages religion. The District shall assume no role or responsibility for the religious training of any student.

The need for neutrality does not diminish our school system’s educational responsibility to address the historical role of religion in the development of our culture. Since we live in a diverse society, the District’s goal shall be to address the subject of religion objectively in such a way that it promotes an understanding of, and tolerance for, each other’s religious or non-religious views.

Discussions concerning religious concepts, practices, or disciplines are permissible when presented in a secular context in their relation to an inclusive study of religion or to the study of a particular region or country. The discussions shall be such that they are objective and academically informational and do not advocate nor denigrate any particular form of religious practice.

The teacher in charge of each classroom may, at the opening of school each day, conduct a brief period of silence with the participation of all students in the classroom who desire to participate.[Ⓜ]

Students and employees may engage in personal religious practices, such as prayer, at any time, and shall do so in a manner and at a time so that the educational process is not disrupted.

Notes: The fourth, fifth, and sixth paragraphs in this policy are not required by law and can be deleted or amended as your district chooses. The goal, however, is to be proactive for the instances when such a request is made and to have established policy BEFORE the request.

¹ The goal of this paragraph is to keep a student from waiting until the last minute to make a request. For the timeline to be workable the teacher will obviously have to issue a class syllabus sufficiently far enough in advance to allow the time required for the appeal process to play out. The following are possible alternatives to the policy's suggested sentence. 1) Pick a number less than 5 for each phase of the appeal process. Be sure, however, that it allows sufficient time to realistically take place, but with five phases, a lesser number would certainly shrink its overall length. 2) "The request must be made at least five (5) days prior to when the assignment is due. In the event of an appeal, the student will be given additional time to complete the original or alternative assignment, if offered, with no loss of credit or penalty for late work, at the conclusion of the appeal process.

5.11—DIGITAL LEARNING COURSES

Definitions

For the purposes of this policy:

“Blended Learning” is education in which instruction and content are delivered through supervised instruction in a classroom and online delivery of instruction with some element of student control over time, place, path, or pace.

“Digital Learning” means a digital technology or internet-based educational delivery model that does not rely exclusively on compressed interactive video (CIV). Digital learning includes online and blended learning.

“Instructional Materials” means:

1. Traditional books, textbooks, and trade books in printed and bound form;
2. Activity-oriented programs that may include:
 - a. Manipulatives;
 - b. Hand-held calculators;
 - c. Other hands-on materials; and
3. Technology-based materials that require the use of electronic equipment in order to be used in the learning process.

“Online Learning” is education in which instruction and content are delivered primarily over the Internet. The term does not include print-based correspondence education, broadcast television or radio, videocassettes, compact disks and stand-alone educational software programs that do not have a significant Internet-based instructional component.

“Public School Student Accessing Courses at a Distance” means a student who is scheduled for a full course load through the District and attends all classes virtually.

Digital Course Offerings

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to our students.¹ The District may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Division of Elementary and Secondary Education (DESE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by DESE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8—USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements.

The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

A student may elect to take any or all of his/her scheduled courses digitally. The student's attendance in the student's digital course(s) shall be determined in accordance with Policy 4.7—ABSENCES.²

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.³

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.⁴

Notes: ¹ The district is NOT required to provide its own digital learning courses, but doing so affords the most oversight of what content such courses contain and how the courses are taught. Note that should the district choose to offer digital courses to non-district students, the district will have to go through the same provider approval process as is required for all "outside" providers.

² 7.04 of DESE Rules Governing Distance and Digital Learning allows a student to take all courses virtually. Attendance in a synchronous digital course must be tracked in the same manner as for students attending an in-person course. Students attending an asynchronous digital course should have their attendance tracked in a manner that best works with your digital course platform. It is possible for a student who is assigned a period to complete the asynchronous digital course who fails to be physically present may be considered truant but may not be absent for the digital course if they meet the attendance requirements for the asynchronous attendance method.

Example: A ninth (9th) grade student elects to take one (1) course digitally. The other courses the student takes are scheduled for first (1st), second (2nd), fourth (4th), fifth (5th), and sixth (6th) periods and the student has a study hall during seventh (7th) period. Because the student is too young to check out for third (3rd) period, the student is assigned third (3rd) period to work on the asynchronous digital course. If the student goes to the gym one day during third (3rd) period instead of the classroom where the student is supposed to be, the student would be truant but would not be absent so long as the student met the requirements to not be treated absent for the asynchronous digital course.

³ This sentence is based on the statutory definition of "instructional materials". The statute further provides that the instructional materials shall be provided at no cost to students for all subjects taught.

⁴ While digital learning offers great promise for engaging students, it also requires maturity and study skills that will not work for some students. The intention of the paragraph is to leave the initial digital enrollment open to previously poor and/or disengaged students who might thrive in a digital format, and yet still give the principal the authority to intervene when it's in the student's best interest.

5.13—STUDENT INTERVENTION SERVICES AND SUMMER SCHOOL

School Year Student Intervention Services¹

The Osceola School District shall offer intervention programs during the school year to those students in kindergarten through third grade (K-3) not performing at grade level.

Summer School²

Students in kindergarten through third grade (K-3) not performing at grade level during the regular school year shall successfully participate in a summer school remediation program to be eligible for promotion to the next grade. Transportation to and from the school shall be the responsibility of the student's parent or guardian.

Notes: A.C.A. § 6-16-705 provides that offering a summer school program for your students in kindergarten through third (3rd) grade that require remediation is the default remediation and intervention method as A.C.A. § 6-16-704 states that you are only required to provide intervention services to those students during the school year if you do not provide a summer school program; however, you may provide intervention services during the school year to your students along with a summer school program if you so choose. Make sure the language in your policy matches your current remediation and intervention practices.

¹ If you choose to provide intervention services for your students during the school year in addition to or instead of a summer school program, amend the grade levels that will receive intervention services. Make sure that the language you adopt for this policy and any associated procedures is in alignment with your practices and the language in Policy 4.55—PROMOTION AND RETENTION and any associated procedures. Intervention services for students in kindergarten through third (3rd) grade is the mandatory minimum you have to provide if you are providing intervention services during the school year instead of a summer school program.

² Include your district's summer school program (for all grades, not just K-3) in this policy. You could include your philosophy behind offering summer school and its eligibility guidelines.

A.C.A. § 6-16-706 permits your district to transfer students for summer school to another district upon agreement with that district. If your district enters such an agreement, include in your policy a sentence to that effect such as, "Summer school classes, for remediation purposes, shall be available from the _____ School District at no charge to the student."

5.14—HOMEWORK

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day.

Parents shall be notified of this policy at the beginning of each school year.

It shall be the policy of the Board of Education to delegate the responsibility of assigning homework for students to professional staff in accordance with the following general procedures and guidelines:

1. New concepts shall not be given as a homework assignment.
2. Teachers will present materials that can be seen clearly and have instructions to be used in completing them.
3. Homework assignments will emphasize the application of knowledge.
4. A record of homework completions by students shall be maintained, and homework completion will be promptly assessed by the teacher.
5. Homework should provide immediate feedback to the teacher on areas of weakness in the students' understanding of concepts and/or acquisition of skills.
6. The level of difficulty and complexity of practice must be at or below the level at which the learner may proceed without supervision and guidance.
7. The type of homework assignments should be varied.
8. Professional staff will exercise judgment relative to the quantity and frequency of homework assignments in relation to the above procedures and guidelines. The emphasis will be on quality rather than quantity.
9. Maximum use of classroom time for input and supervised study.
10. Teachers will take into account school sponsored extracurricular activities when assigning homework.

The following general guidelines for frequency of assignments and time components are to be considered as maximum not minimum.

Grade: K - Frequency of assignments: 2-3 days per week. Time required to complete daily assignments: 15-30 minutes.*

Grades: 1-3 - Frequency of assignments: 3-4 days per week. Time required to complete daily assignments: 30-45 minutes.*

Grades: 4-5 - Frequency of assignments: 3-5 days per week. Time required to complete daily assignments: 30-60 minutes.*

Grades: 6-8 - Frequency of assignments: 3-5 days per week. Time required to complete daily assignments: 45-60 minutes.*

Grades: 9-12 - Frequency of assignments: 3-5 days per week. Time required to complete daily assignments: 60-150 minutes.*

*Daily assignments for independent skill practice for new learning should range from 15-18 minutes per subject.

5.15—GRADING

Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, persons having lawful control of a student, persons standing in loco parentis, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine (9) week grading period¹ to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:²

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for all schools in the district shall be as follows:

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69 – 60

F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

A = 4 points

B = 3 points

C = 2 points

D = 1 point

F = 0 points

The grade point values for Advanced Placement (AP), approved courses for weighted credit, International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth zero (0) points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had forty (40) days. A student transferred in with a grade of eighty-three percent (83%) earned in ten (10) days at the previous school. The student had a grade of seventy-five percent (75%) in our district's school earned in the remaining thirty (30) days of the grading period. Ten (10) days is twenty-five percent (25%) of forty (40) days while thirty (30) days is seventy-five percent (75%) of forty (40) days. Thus the final grade would be $(0.25 \times 83) + (0.75 \times 75) = 77\%$.

Notes: ¹ For districts on a 4x4 block schedule the grading period should be adjusted.

² A.C.A. § 9-28-113(f) makes this requirement, but does not offer any statutory solution. Presumably, class work missed due to a foster child's absence for the listed reasons would fall under the same parameters for

making up missed assignments or tests as any other absence. As such, a foster child's grades could be affected by how well the child does in making up their missed assignments or tests, but not merely because the child missed school for cause.

5.16—COMPUTER SCIENCE COURSE PREREQUISITES AND PROGRESSION

Traditional Progression

A student who has not previously received a computer science credit may elect to take an introductory level computer science course. A student who passes a computer science course level is eligible to take the next level computer science course in the same computer science course emphasis.

Alternative Progression

A student who does not have credit for any computer science course, the introductory level computer science course for the particular computer science emphasis, or the preceding level course for the computer science emphasis may be placed in a computer science course based on any combination of the following factors:¹

- The student's grade point average;
- Recommendation from the student's teacher(s);
- Completion of computer science internships or independent studies;
- Demonstration of previous computer science work by the student; or
- Proficiency report from a computer science proficiency evaluation tool.²

Notes: ¹ This is not intended to be an all-inclusive list of what may be considered when determining at what computer science course level a student should be placed.

² The Division of Elementary and Secondary Education and Virtual Arkansas have developed a computer science proficiency tool that districts may use.

5.20—DISTRICT WEBSITE

The Osceola School District shall maintain a web page to provide information about its schools, students, and activities to the community. This policy is adopted to promote continuity between the different pages on the district website by establishing guidelines for their construction and operation.

The Osceola School District website shall be used for educational purposes only. It shall not create either a public or a limited public forum. Any link from any page on the District’s site may only be to another educational site.¹ The website shall not use “cookies” to collect or retain identifying information about visitors to its website nor shall any such information be given to “third parties.” Any data collected shall be used solely for the purpose of monitoring site activity to help the district improve the usefulness of the site to its visitors.²

Each school’s web page shall be under the supervision of the school’s Web Master and the District’s website shall be under the supervision of the District’s Web Master. They shall have the responsibility for ensuring that web pages meet appropriate levels of academic standards and are in compliance with these guidelines and any additional administrative regulations. To this end, the District and School Web Masters shall have the authority to review and edit any proposed changes to web pages to ensure their compliance with this policy. All such editing shall be viewpoint neutral.

District and school web pages shall also conform to the following guidelines:

- 1) All pages on the District’s website may contain advertising and links only to educational sources.

- 5) No web page on the District website may contain public message boards or chat rooms.
- 6) All web pages on the District website shall be constructed to download in a reasonable length of time.
- 7) The District’s home page shall contain a link to a privacy policy notice, which must be placed in a clear and prominent place and manner.⁵

- 8) With the exception of students who may retain the copyright of material they have created that is displayed on a District web page, all materials displayed on the District web site are owned by School District.
- 9) The District shall include the following information on its website through a link located on the District's homepage titled "State Required Information."⁶
 - a. Local and state revenue sources;
 - b. Administrator and teacher salary and benefit expenditure data;
 - c. District balances, including legal balances and building fund balances;
 - d. Minutes of regular and special meetings of the school board;
 - e. The district's budget for the ensuing year;
 - f. A financial breakdown of monthly expenditures of the district;
 - g. The salary schedule for all employees including extended contract and supplementary pay amounts;
 - h. Current contract information (not including social security numbers, telephone numbers, personal addresses or signatures) for all district employees;
 - i. The district's annual budget;
 - j. The annual statistical report of the district;
 - k. The district's personnel policies;
 - l. The annual School Performance Report;⁷
 - m. School-Level Improvement Plans;⁸
 - n. The School District Support Plan;⁸
 - o. Student discipline policies;
 - p. Comprehensive School Counseling Plan;
 - q. The District financial policies;
 - r. Student handbooks;⁹
 - s. The Annual Report to the Public;
 - t. The parent, family, and community engagement plan;
 - u. The Immunization waiver report from Policy 4.57—IMMUNIZATIONS;
 - v. School District Calendar;
 - w. List of statutory, rule, or Standards for Accreditation waivers the District has received under A.C.A. § 6-15-103;

- Copies of the District's Procedures governing the grievance and appeal process;
- The process for filing a formal complaint of sexual harassment; and
- Direct links to or copies of the materials used to train the District's Title IX Coordinators, investigators, and decision-makers.

•
The District and school webmasters are responsible for ensuring all District webpages meet required standards to be accessible to individuals with disabilities.

Notes: ¹ A link to either a non-educational website or advertising from non-educational sources establishes your web site as a limited open forum, which would require you to allow links and advertising to other non-educational sources unless you could demonstrate that they could be disruptive to your educational environment.

² Collection of data from individuals under the age of thirteen (13) makes compliance with the Children’s Online Privacy Protection Act (COPPA) more difficult and cumbersome. It’s simply easier to have your policy state that you will collect no data on site visitors.

³ This relates to the Family Educational Rights and Privacy Act (FERPA). Directory Information as defined by FERPA (see policy 4.13) allows for the release of a student’s name, address, and phone number, but because of the potential for significantly greater exposure of the Internet than exists in print media, ASBA recommends limiting the release of Directory Information on the Internet to a student’s photo along with their name only **after** receiving written parental permission, or the student’s permission if the student is over the age of eighteen (18). Although it has not been definitively established by the U.S. Supreme Court, the vast increase in exposure offered by the Internet appears to dictate a more restrictive policy regarding the release of Directory Information as it relates to the Internet.

⁴ If you choose to have your district’s website hosted by a server separate from your district, make sure that they are willing to abide by the requirements of this policy, especially the advertising requirements.

⁵ See policy 5.20.1

⁶ “A)” through “k)” are required by A.C.A. § 6-11-129.

⁷ The annual school performance report here refers to the reports required under both A.C.A. § 6-15-1402 and A.C.A. § 6-15-2101. Districts are required to provide a printed copy of the school performance report to an individual upon request; however, districts are no longer required to have either school performance report under printed in the newspaper but may do so if they choose.

⁸ The school-level improvement plans are required to be posted to the website by August 1 of each year. The school district support plans must be posted by the earlier of September 1 or within ten (10) days of the plan being submitted to DESE. If the district’s school district support plan must be approved by DESE, then the posting to the website must include the date the plan was approved by DESE. Any amendments to the school district support plan must be posted to the website in addition to the original plan.

⁹ If your written anti-bullying policies are not included in your student handbooks, you are required to include a copy of the policies on the State Required Information page in addition to the student handbooks.

¹⁰ A.C.A. § 6-41-611 states that a district who fails to meet the dyslexia screening and intervention requirements may be placed in probationary status. If the district is placed in probationary status, the district is required to post to the district website that the district was placed in probationary status and why.

¹¹ 34 C.F.R. § 106.8 and 106.45 require that the information is posted to your district website, but do not require the information to be located on a page accessed by a link specifically titled “Title IX/Sex Discrimination” so you may change where and how on your website the information is located so long as it may be easily found by students, employees, and members of the community.

5.20.1—WEBSITE PRIVACY POLICY*

The Osceola School District operates and maintains a website for the purpose of informing the citizens of the district about its activities. The website does not use “cookies” or ISP addresses to collect or retain personally identifying information about visitors to its website nor is any such information given to “third parties.” Any data collected is used solely for the purpose of monitoring site activity to help the district improve the usefulness of the site to its visitors.

The site serves no commercial purpose and does not collect any information from individuals for such purpose.

Photographs of students, when associated with the student’s name, shall not be displayed on any page of the district’s website without the prior written consent of the parent (or the student if 18 or older).

The site provides for email communication between the District and individuals for the purpose of exchanging information regarding the District and its activities or between teachers and their students. The site may also provide for password protected communication between the District and its staff.¹

Notes: ¹ Include the portions of this paragraph that apply to your district.

* The language contained in both this Privacy Policy and the District Website policy has been carefully constructed with relation to the requirements of the Family Educational Rights and Privacy Act (FERPA) and the Children’s Online Privacy Protection Act (COPPA). COPPA relates to the collection and dissemination of personally identifying information from children under the age of 13 from a website where such website or online service is operated for commercial purposes. The policies are also aimed at helping you avoid having your web site become a limited open forum. Establishing a limited open forum as it relates to the Internet would obligate your district to permit links from your site to essentially any other site unless you can demonstrate that a site could be disruptive to your educational environment. Before changing parts of either policy, ASBA urges you to call us for an opinion.

5.20 F1—PERMISSION TO DISPLAY PHOTO OF STUDENT ON WEB SITE

I hereby grant permission to the Osceola School District to display the photograph or video clip of me/my student (if student is under the age of eighteen {18}) on the District's web site, including any page on the site, or in other District publications without further notice. I also grant the Osceola School District the right to edit the photograph or video clip at its discretion.

The student's name may be used in conjunction with the photograph or video clip. It is understood, however, that once the photograph or video clip is displayed on a web site, the District has no control over how the photograph or video clip is used or misused by persons with computers accessing the District's web site.

5.21—ADVANCED PLACEMENT, INTERNATIONAL BACCALAUREATE, and HONORS COURSES

Students in grades 7-12 who take advanced placement (AP) courses; International Baccalaureate (IB) courses; honors or concurrent credit college courses;¹ or other courses approved for weighted credit by the Division of Elementary and Secondary Education (DESE) shall be graded according to the following schedule:

A = 100 – 90
B = 89 – 80
C = 79 – 70
D = 69 – 60
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

A = 5 points
B = 4 points
C = 3 points
D = 2 point
F = 0 points

For a student to be eligible to receive weighted credit for an AP, or IB course:

- The course must be taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and DESE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan; and
- The student takes the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable exam. Students who do not take the applicable exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP or IB course.²

“Honors Courses” are those courses that have been approved by DESE as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation.

Students who transfer into the district will be given weighted credit for the AP courses; IB courses; honors or concurrent credit college courses;¹ and other courses approved by DESE for weighted credit that were taken for weighted credit at his/her previous school(s) according to the preceding scale.

Notes: ¹ If your board has not chosen to adopt a policy allowing high school students to take college courses for weighted credit (as provided by A.C.A. § 6-15-902(c)(5)(A), remove concurrent credit college courses. In addition to requiring district policies to authorize students to receive weighted credit for concurrent credit courses, a concurrent credit course must receive DESE approval to be eligible for weighted credit.

² A.C.A. § 6-15-902(c)(2)(B) and the DESE Rules stipulate that students must take the applicable AP exam to receive weighted credit for the course. Because the state now pays the total cost of the AP exams and the student's score on the exam does not affect the student's grade for the course, students can reasonably be expected to take the test. By standardizing the timing of awarding weighted credit across Arkansas, all students will be on a level playing field regarding their GPA for college applications.

5.22—CONCURRENT CREDIT

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Division of Elementary and Secondary Education (DESE) shall be given credit toward high school grades and graduation at the rate of one (1) high school credit for each three (3) semester hours of college credit. Unless approved by the school's principal, **prior to enrolling for the course**, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

As permitted by the DESE Rules Governing Grading and Course Credit, a student who takes a three (3) semester hour remedial/developmental education course shall receive a half (1/2) credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet core subject area/unit requirements.

Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The student;
- The student's parent(s) or legal guardian(s) if the student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution of higher education the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner; this may jeopardize students' eligibility for extracurricular activities, graduation, or credits.¹

Students will retain credit earned through the concurrent credit program that was applied toward a course required for high school graduation from a previously attended, accredited, public school.

A student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student's first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District.² Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District's campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced price meals are responsible for any and all costs associated with concurrent credit courses.

Notes: A.C.A. § 6-18-232 prohibits a private school or home schooled student who is attending a concurrent credit course through the district under Policy 4.59 from being charged for the concurrent course unless the district also charges the district's students for concurrent credit courses.

¹ If your district has other repercussions that would apply for failure to receive credit for a course, enter them here.

This paragraph is not mandatory, but would put the responsibility on the student for getting his/her transcripts to you.

² The cost of the six (6) concurrent credit hours may be paid by the District, the institution of higher education, or through a cost sharing agreement between the District and the institution of higher education.

5.24—STUDENT PARTICIPATION IN SURVEYS

Section One: No student shall be required to submit to a survey, analysis, or evaluation which is administered or distributed by a school, and is funded in whole or in part by any program administered by the U.S. Department of Education without the prior written consent of the parent/guardian that reveals information concerning the following:

1. political affiliations;
2. mental and psychological problems potentially embarrassing to the student or his family;
3. sex behavior and attitudes;
4. illegal, anti-social, self-incriminating, and demeaning behavior;
5. critical appraisals of other individuals with whom respondents have close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. religious practices, affiliations, or beliefs of the student or student's parent; or
8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Section Two: No surveys shall be administered without the prior approval of the school principal. Any survey created by a third party, or funded, in whole or in part, as part of any US Department of Education administered program, containing one or more of the eight categories listed above shall be available to be inspected by a student's parent/guardian before the survey is administered or distributed by a school to a student. Parents/guardians shall have the right to deny permission for their child to participate in the taking of the survey. The school shall not penalize students whose parents/guardians exercise this option. The school shall take reasonable precautions to protect students' privacy during their participation in the administration of any survey, analysis, or evaluation containing one or more of the eight categories listed above.

Section Three: Parents or guardians wishing to inspect a survey, analysis, or evaluation shall be able to do so in the administrative office of the administering school where the surveys shall be available for inspection for a period of ten (10)* days (regular school days when school is in session) after the notice of intent to administer the survey is sent. Included in the notice shall be information regarding how the survey or questionnaire will be administered; how it will be utilized; and the persons or entities that will have access to the results of the completed survey or questionnaire. Parents may refuse to allow their student to participate before or after reviewing the survey or questionnaire.

The requirements of sections one, two, and three of this policy do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA).

Section Four: Prior written parental permission is required before any survey or questionnaire (not including tests mandated by state or Federal law or regulation and standardized scholastic achievement tests) is administered to a student the responses to which are to be provided to a person or entity other than another public school, school district, or any branch of the Federal Government and which requests or requires a student to provide any of the eight (8) categories of information listed above and/or the following:

1. A student's name;
2. The name of the student's parent or member of the student's family;
3. The address, telephone number, or email address of a student or a member of a student's family;
4. A personal identification number, such as a social security number, driver's license number, or student identification number of a student or a member of the student's family;
5. Any information, the disclosure of which is regulated, or prohibited by any other state or federal law or regulation.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

Notes: This policy is to be developed in conjunction with parents.

Parents must be “directly” notified of this policy, at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in the policy and include in the notice the specific or approximate dates (to the extent known) during the school year when these activities are scheduled.

*The length of time may be adjusted, but it must be a “reasonable period of time.”

5.25—MARKETING OF PERSONAL INFORMATION

The Osceola School District shall not collect, disclose, or use personal information for the purpose of marketing or for selling that information or to otherwise provide that information to others for that purpose.¹

Personal information is defined, **for the purposes of this policy only**, as individually identifiable information including:

1. a student or parent’s first and last name,
2. a home or other physical address (including street name and the name of the city or town),
3. telephone number, and
4. social security identification number.

The district may collect, disclose, or use personal information that is collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions such as the following:

- a. College or other postsecondary education recruitment, or military recruitment;
- b. Book clubs, magazines, and programs providing access to low cost literary products;
- c. Curriculum and instructional materials used by elementary schools and secondary schools;
- d. Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- e. The sale by students of products or services to raise funds for school related or education related activities; and
- f. Student recognition programs.

Notes: This policy is to be developed in conjunction with parents. Parents must be “directly” notified of this policy, at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in the policy.

¹ While the law does allow a school or district to collect and disclose “personal information” for marketing purposes under certain circumstances, the requirements for doing so are such that ASBA recommends you simply not go there. If you’re extremely determined to do so, look at 20 USC § 1232h(c) to help you make your final decision.

5.26—ALTERNATIVE LEARNING ENVIRONMENTS

The District shall provide an eligible alternative learning environment (ALE) for each eligible ALE student enrolled in a District school. The ALE shall be part of an intervention program designed to provide guidance, counseling, and academic support to students who are experiencing emotional, social, or academic problems. Placement of a student in an ALE shall not be punitive in nature.

The superintendent or designee shall appoint an Alternative Education Placement Team which shall have the responsibility of determining student placement in the ALE. A student may be enrolled in an ALE only on the referral of the Alternative Education Placement Team. The team's placement decision is final and may not be appealed.¹

The team is to be comprised of the following:

- a school counselor from the referring school;
- the ALE administrator and/or ALE teacher;
- the building principal or assistant principal from the referring school;
- a parent, or legal guardian, person having lawful control of the student, or person standing in loco parentis (if they choose to participate);
- The District shall document its efforts to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to schedule a meeting or a phone call for a placement meeting at the convenience of the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis, and maintain such documentation in the student's Student Action Plan (SAP).
- LEA special education/504 representative (if applicable);
- at least one (1) of the student's regular classroom teacher(s); and
- if the District so chooses, the student.

Students who are placed in the ALE shall exhibit at least two (2) of the characteristics from items a through l below:

- a. Disruptive behavior;
- b. Dropping out from school;
- c. Personal or family problems or situations;
- d. Recurring absenteeism;

For the purposes of the ALE, personal or family problems or situations are conditions that negatively affect the student's academic and social progress. These may include, but are not limited to:

- e. Ongoing, persistent lack of attaining proficiency levels in literacy and mathematics
- f. Abuse: physical, mental, or sexual;
- g. Frequent relocation of residency;
- h. Homelessness;
- i. Inadequate emotional support;
- j. Mental/physical health problems;
- k. Pregnancy; or
- l. Single parenting.

No later than five (5) school days after a student begins alternative education interventions, the Alternative Education Placement Team shall develop a signed agreement between the ALE; the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis (if they choose to participate); and the student, outlining the responsibility of the ALE; parent, legal guardian, person having lawful control of the student, or person standing in loco parentis; and the student to provide assurance that the plan for each student is successful.

No later than one (1) week after a student begins alternative education interventions, the Alternative Education Placement Team shall assess the student's current functioning abilities and all relevant social, emotional, academic, career, and behavioral information and develop an SAP outlining the intervention services to be provided to the student that is in compliance with the Division of Elementary and Secondary Education (DESE) Rules. The SAP

may be revised from time to time by the ALE placement team and a positive behavior or transitional plan shall be developed and added to the SAP prior to a student's return to the regular educational environment.

The district's ALE program shall follow class size, staffing, curriculum, and expenditure requirements identified in the DESE Rules.

Note: ¹The Rules are silent on appeals, but we believe the policy should have language in this regard. You may choose to leave the language as is or change it to have the decision able to be appealed to the Superintendent or the superintendent's designee. Even if you allow for an appeal, board involvement in student assignment issues is outside of the scope of their authority.

5.29—WELLNESS POLICY

The health and physical well-being of students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the Board of Directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The Board of Directors is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Division of Elementary and Secondary Education (DESE), but with the community and its residents, organizations and agencies. Therefore, the District shall enlist the support of the larger community to find solutions that improve the health and physical activity of our students.

Wellness Committee

To enhance the district's efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way to ensure age-appropriate recommendations are made that correlate to the District's grade configurations.¹ The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule and are incorporated into this policy by reference.² The overarching goal of the committee shall be to promote student wellness by monitoring how well the District is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, 10, and 11 of the Centers For Disease

Control' (CDC) School Health Index as a basis for annually assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in the school district's support plan (SDSP), provided to each school's principal, and reported to the board. Goals and objectives for nutrition and physical activity shall also be included in the SDSP.

The SNPAAC shall be made up of Individuals from the following groups to the extent interested persons from each group desire to be included in the development, implementation, and periodic review of the District's wellness policy:³

- Members of the District's Board of Directors;
- School administrators;
- School nutrition personnel;
- Teacher organizations;
- Teachers of physical education;
- Parents;
- Students;
- Professional groups (such as nurses);
- School health professionals (such as school nurses, school counselors, and social workers); and
- Community members.

The SNPAAC shall provide written recommendations to the District's Child Nutrition Director concerning menus and other foods sold in the school cafeteria. Such recommendations shall be based, at least in part, on the information the Committee receives from the District on the requirements and standards of the National School Lunch Program and from menus for the National School Lunch Program and other food sold in the school cafeteria on a quarterly basis.⁴

The SNPAAC will meet at least quarterly. Meeting dates for the SNPAAC will be placed on the District's calendar.

School Health Coordinator

To assist the SNPAAC in ensuring that the District fulfills the requirements of this policy, a District level School Health Coordinator (Designated District Official) shall be appointed. In addition, a school level School Health Coordinator shall be appointed who shall be responsible for assisting the District level School Health Coordinator in ensuring that each school fulfills the requirements of this policy.⁵

Goals

In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the District will adhere to the DESE Rules Governing Nutrition and Physical Activity Standards And Body Mass Index For Age Assessment Protocols. To promote nutrition, physical activity, and other school based activities that will improve student wellness, the District, working with the SNPAAC, has established the following goals:⁶

1. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
2. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
3. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
4. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
5. Not use food or beverages as rewards for academic, classroom, or sports performances;
6. Establish class schedules and bus routes that do not directly or indirectly restrict meal access;
7. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
8. Abide by the current allowable food and beverage portion standards;
9. Meet or exceed the more stringent of Arkansas' or the U.S. Department of Agriculture's (USDA) Nutrition Standards for reimbursable meals and a la' carte foods served in the cafeteria;⁷
10. Restrict access to competitive foods as required by law and Rule;
11. Conform new and/or renewed vending contracts to the content restrictions contained in the Rules and reduce district dependence on profits from the sale of competitive foods.

12. Provide professional development to all district staff on the topics of nutrition and/or physical activity;⁸
13. Utilize the School Health Index available from the CDC to assess how well the district is doing at implementing this wellness policy and at promoting a healthy environment for its students.

Food and Beverages Outside of the District's Food Service Programs

The District will insure that drinking water is available without charge to all students throughout the school including, but not limited to, in the District's food service areas.

All food and beverages sold to students on school campus during the school day by school administrators or school non-licensed or licensed staff (principals, coaches, teachers, club sponsors, etc.); students or student groups; parents or parent groups; or another person, company, or organization associated with the school shall meet the Federal Smart Snacks requirements and Arkansas Nutrition Standards at a minimum.⁹ These restrictions include, but are not limited to, food and beverages sold in vending venues (machines, ice chests, cabinets) in school stores or as part of school fundraisers.

All food and beverages provided, but not sold, to students on the school campus during the school day by school administrators or school non-licensed or licensed staff (principals, coaches, teachers, club sponsors, etc.); students or student groups; parents or parent groups; or another person, company, or organization associated with the school shall meet the Federal Smart Snacks requirements and Arkansas Nutrition Standards at a minimum.⁹ These restrictions include, but are not limited to, food and beverages provided in vending venues (machines, ice chests, cabinets) in school stores or as part of school fundraisers.

Up to a maximum of nine (9)¹⁰ times per school year, school administration may schedule school wide events where food and beverages provided to students are not required to meet the Federal Smart Snacks standards during the scheduled time. The schedule of the events shall be by school, approved by the principal, and shall be part of the annual school calendar.

Food and beverages outside of the District's food service programs may not be sold, served, or provided to students in the District's food service areas during meal times.

Elementary students shall not have in-school access to vending machines.

The District does not place nutrition restrictions on food or beverages brought from home that are intended for personal consumption only.⁹

Advertising

In accordance with the USDA regulations, oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product that are made by the producer, manufacturer, seller, or any other entity with a commercial interest in the product shall only be permitted on school campus during the school day if they meet or exceed the Federal Smart Snacks standards.¹¹ This restriction does not apply to:

- Materials used for educational purposes in the classroom, including, but not limited to:
 - The use of advertisements as a media education tool; or
 - Designing and implementing the health or nutrition curriculum;
- Clothing, apparel, or other personal items used by students and staff;
- The packaging of products brought from home for personal consumption; and
- Currently existing advertisements on school property, including but not limited to, the exterior of vending machines, posters, menu boards, coolers, trash cans, cups used for beverage dispensing, and other food service equipment; however, all future contracts and replacement items shall meet the Federal Smart Snacks standards.

Community Engagement

The District will work with the SNPAAC to:

- a. Encourage participation in extracurricular programs that support physical activity, such as walk-to-school programs, biking clubs, after-school walking etc.;

- b. Encourage the implementation of developmentally appropriate physical activity in after-school childcare programs for participating children;
- c. Promote the reduction of time youth spend engaged in sedentary activities such as watching television and playing video games; and
- d. Encourage the development of and participation in family-oriented community-based physical activity programs.

The District will annually inform the public:

- Of the web address where the policy is located;
- Of any changes made to this policy since the previous year;
- Of the health and wellness priority goals in the District's SDSP;
- That a printed copy of the policy may be picked up at the District's central office; and
- The amounts and specific sources of funds received and expenditures made from competitive food and beverage contracts.

Assessment of District's Wellness Policy

At least once every three years,¹² with input from the SNPACC, the District shall assess both the District as a whole and individual schools' status in regards to the implementation and compliance of the goals of this policy, including the health and wellness goals in the District's SDSP. The assessment shall be based, at least in part, on:

- The extent to which District schools are in compliance with this policy;
- The extent to which this policy compares to other model local school wellness policies;
- The annual reviews of this policy based on modules 1, 2, 3, 4, 10, and 11 of the CDC's School Health Index; and
- A description of the progress made in attaining the goals of this policy.

On the years the assessment occurs, the assessment results shall be reported to the public, including parents, students, and other members of the community as part of the District's annual report to the public.

The District will update the wellness policy based on the results from the three (3) year¹² assessment.

District Website

The District will place on its website:

- The name, District phone number, and District email address for the District Level School Health Coordinator;
- The names, district phone numbers, and district email addresses for the School Level School Health Coordinators;⁵
- The names of the members of the SNPAAC;
- Meeting dates for the SNPAAC;
- Information on how community members may get involved with the SNPAAC;
- A copy of this policy;
- A copy of the annual review of this policy based on modules 1, 2, 3, 4, 10, and 11 of the CDC's School Health Index; and
- A copy of the most recent three (3) year¹² assessment of this policy.

Notes: First and foremost, remember that this policy is to be developed with input from the Wellness Committee (SNPAAC). There are very specific powers, duties, and responsibilities given to the committee.

Additional information on requirements and suggestions for local wellness policies are available from the USDA at <http://healthymeals.nal.usda.gov/school-wellness-resources>. Commissioner's Memos CNU-17-010, CNU-17-013, and CNU-17-016 have several additional resources.

8.01.2 of the DESE Rules Governing Nutrition and Physical Activity Standards And Body Mass Index allows a school to serve or provide to students during the school day, outside of the meal period, a serving of food and beverages that complies with the Federal Smart Snacks requirements as demonstrated by using the

Alliance for a Healthier Generation Smart Snacks Calculator, including a copy of the Smart Snacks Calculator product compliance screen and a copy of the nutrition fact label of the product. This is a local control issue and does not have to be included in the policy, but you should be aware that it is an option and is on the DESE Wellness Policy Review Checklist.

As part of the Federal review, districts will be required to provide records demonstrating compliance with the regulations that include, but are not limited to:

- A copy of the wellness policy;
- Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public, which may include, but are not limited to: a copy of the district/school Web page where the local school wellness policy has been posted or a copy of the school newsletter/local newspaper;
- Documentation of the three (3) year assessment for each school; and
- Documentation to demonstrate compliance with the public notification requirements.

¹ The Rules Governing Nutrition and Physical Activity allow three options for accomplishing this requirement:

1. Establish a School Nutrition and Physical Activity Advisory Committee at each school in addition to the district committee;
2. Establish subcommittees of the district Committee, representing the appropriate age and grade configurations for your district; or
3. Include representatives from each appropriate grade level group (elementary, middle, junior and senior high) on the membership of the district committee.

Select the option you will use and rewrite the sentence to reflect your choice.

² The statutory powers are codified at A.C.A. § 20-17-135(e)(1) and repeated in the Rules starting at 6.01. The powers delegated solely through the Rules can be found starting at 6.06.

³ The Healthy, Hunger-Free Kids Act of 2010 requires the groups listed in this paragraph to be permitted to participate (rather than "must"). There is no mention in the Act of limitations to the numbers of individuals included in each category for the policy's oversight, but some limitation to the overall size of this review team may be necessary for efficiency purposes. As part of the review process, districts will be required to demonstrate attempts were made to recruit individuals even if no one in that particular group agrees to participate.

⁴ This paragraph is intended to meet the requirements of A.C.A. § 6-20-709 and the DESE advises that WRITTEN documentation that this requirement has been met will be required during the administrative review of the child nutrition program.

⁵ While the new Federal terminology is "designated district official", the responsibilities remain the same; i.e. ensuring compliance with the Wellness Policy. Indistar refers to this position as "Wellness Chair"; we choose not to make the title of this individual the "Wellness Chair" because we believe that it should be up to the SNPAAC to select the member to be its chair rather than having it set in policy.

You are not required to appoint school level School Health Coordinators. If you choose not to appoint the school level school health coordinators, remove the sentence appointing them.

⁶ The goals included in this policy are those specifically required by rule. Additional goals should be listed upon the advice of the SNPAAC and the consent of the Board. The USDA requires that the final policy include specific measurable goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. When setting the goals, districts are required to review and consider evidence-based strategies. At a minimum, districts are expected to review the "Smarter Lunchroom" tools and strategies; a copy may be found at <http://www.fns.usda.gov/healthierschoolday/tools-schools> under the "School Nutrition Improvement" heading.

It is also recommended that districts review the items listed in A.C.A. § 6-18-718 along with the DESE guidance when developing your goals.

⁷ The DESE uses Commissioner's Memos to inform districts of many wellness policy issues concerning nutrition in general, serving portion sizes, drinking water availability, etc. The SNPAAC should be kept abreast of such applicable Memos. You have the choice to exceed the state or federal requirements. If you choose to meet and not exceed those mandated by government, you should delete "or exceed" at the start of the sentence. Currently, some of the state's requirements are more stringent than the federal requirements, but this could change. By mentioning both governments in the policy, you'll still be covered. If you do choose to exceed existing requirements you will need to specify what they are in this policy.

⁸ The Rules require all staff to receive professional development, but, at this time, there is no provision for how much or what it is to consist of. DESE is currently in the process of creating professional development covering several nutrition and physical education areas that will be accessible through Arkansas IDEAS.

⁹ Foods and beverages sold or provided outside of the food service areas being required to meet the Federal Smart Snacks Standards is the minimum required by law. If you choose to exceed the minimum, you will need to include the standards that must be met in the policy.

¹⁰ Nine (9) is simply the maximum allowed by rule. You may insert a lower number if you choose.

¹¹ This language is the minimum required by law. You have the option to be more restrictive on what level of nutritional value food and beverage advertisements must meet to be on school property. If you choose to be more restrictive, keep in mind that the First Amendment requires that the exceptions for educational uses; clothing, apparel, and other personal items; and packaging brought from home still be included.

¹² The USDA refers to this as the "Triennial Assessment" and requires that the district's wellness policy be assessed in depth at least once every three (3) years to determine the district's progress on reaching the goals set in the policy. If you wish to assess the policy more regularly, replace this language with your desired timeline.

6.1—COMMUNICATION GOALS

The single most significant factor in student achievement is the teacher. The teacher's effectiveness is greatly enhanced when supported by the school community as a whole, the student's home, and the community at large. The Arkansas General Assembly and the Division of Elementary and Secondary Education have demonstrated their understanding of the importance of involving such groups by repeatedly mandating their inclusion in the educational system and process. Communication with staff, parents, grandparents, legal guardians, business, and community members is fundamental to increasing their concern for, and involvement in, raising student achievement.

Communication should be two-way between the District and the public. The communications program shall strive to:

1. Increase mutual understanding, trust, and support between the District and parents, business, and the community as a whole;
2. Keep District staff regularly informed of upcoming District programs and events as well as noteworthy staff and student accomplishments to enable all the staff to help promote positive public relations;
3. Create and disseminate brochures, flyers, and fact sheets that will help parents and community members better understand school policies and procedures and acquaint them with areas where their volunteer services are most needed;
4. Inform legislators of the accomplishments of the District's students and staff, as well as how proposed legislation could affect the district;
5. Maintain good relations with the news media and provide the media with pertinent news releases; and
6. Increase the participation of parents, grandparents, legal guardians, business, and community members in school activities and programs.

The Board will appoint committees, when appropriate, to help the District examine issues facing it. Such committees may include members of the public, students, parents, and school employees, as well as members of the Board. Members may serve until the committee makes its non-binding recommendations to the Board.

Any committee, which includes among its members a member of the School Board, shall operate according to the requirements of the Arkansas Freedom of Information Act.^{‡1}

The District's Board of Directors shall hold a meeting by October 15 of each year to provide a report that systematically explains the District's policies, programs, and goals to the community. The District's report shall detail the progress of the District and the District's schools toward accomplishing program goals, accreditation standards, and proposals to correct any deficiencies. The report shall be made available to the public, including by posting a copy on the District's website under State-Required Information no later than ten (10) days following the meeting. The meeting shall provide parents and other members of the community the opportunity to ask questions and make suggestions concerning the District's program.

Note: ¹ These requirements include having to notify the press of the time and place of the meetings; allow the meetings to be open to the attendance of the general public; record the meetings; and retain the recordings of the meetings for a year.

6.2—RELATIONS WITH SCHOOL SUPPORT ORGANIZATIONS

The Board recognizes and values the many contributions support organizations make to the District's schools. Parent/teacher organizations and booster clubs work to augment and strengthen the District's educational and extracurricular objectives through the goods and services they provide.

Groups wishing to be recognized as a support organization must have open membership and have their by-laws approved by the school principal, the Superintendent, and the Board. School personnel shall assist approved booster organizations in their efforts to the extent practicable. Meetings of such organizations, cleared through the principal, shall not be subject to school use fees. School staff members are encouraged to attend and participate.

Fund-raising activities are to be approved in advance by the principal or his/her designee. Prior to the donation of equipment and/or supplies to the school, the organization should seek the advice of the principal to help ensure the compatibility of the donation with present school equipment. All equipment donated to the District becomes the property of the District.

6.3—PUBLIC GIFTS AND DONATIONS TO THE SCHOOLS

The District and the Board of Education may receive monetary gifts or donations of goods or services which that serve to improve or enhance the goals of the District. Any gifts to the District become the property of the District and are subject to the same regulations as any other District owned property.

It is a breach of ethical standards and a violation of Arkansas law for any Board member, administrator, or District employee to receive a gift of any kind in return for employment with the District, or to influence the award of any contract or transaction with the District. All personnel shall examine the "reasonableness" of any gift or donation against its potential for real or perceived violation of the aforementioned ethical standards before accepting any gift or donation in the name of a school or the District.

The Board reserves the right to not accept any gift or donation that would not contribute to the attainment of District goals or that would obligate the District to unacceptable outlays of District resources. The administration shall present for Board consideration and approval any gifts or donations the administration deems could so obligate the District.

The Board will strive to honor the donor's intent regarding gifts earmarked for a specific purpose.; however, laws and District's needs change with time and the District reserves the right to adjust the use of any gift to meet current needs of the educational program.

6.4—VOLUNTEERS

Enlisting the support of volunteers is a way the District can expand the scope of resources and knowledge available to enrich the students' educational experiences, while strengthening the relationship between the school and the community. Volunteers can also perform non-instructional tasks that allow licensed personnel more time to devote to instruction.

The Superintendent shall be responsible for establishing and maintaining a program to coordinate the services volunteers are willing and able to contribute with the needs of District personnel. The program shall establish guidelines to ensure volunteers are aware of pertinent District policies and rules. Volunteers who violate school policies or rules, or knowingly allow students to violate school rules, may be asked to leave the school campus. The guidelines should also include provision for evaluation of the volunteer program and a method for soliciting suggestions from both the volunteers and staff for its improvement.

All volunteers who intend to act as head coaches or assistant coaches must:

1. Be at least twenty-two (22) years of age; and
2. Meet the requirements adopted by the Arkansas Activities Association (AAA) to volunteer for any athletics program for grades seven (7) through twelve (12).

A member of the board of directors of the District or the spouse of a member of the board of directors of the District may not be a registered volunteer for the District unless a majority of the disinterested members of the Board of Directors approves a resolution for the board member or board member's spouse to be a registered volunteer. The resolution approving the board member or board member's spouse to be a registered volunteer shall be effective for only one (1) school year.

A volunteer may act as a head coach in all varsity junior and senior high sports administered by the AAA except in the following sports:

- Football;
- Basketball; and
- Track and field.

Background Checks for Volunteers

For the purposes of this policy, "clear background check" means that:

- A background check was performed on the potential school volunteer in accordance with A.C.A. §§ 12-12-1601 et seq.;
- The potential school volunteer has not committed any of the crimes or offenses contained in A.C.A. §§ 6-17-410, 6-17-411 or 6-17-414 according to both the National and Arkansas background checks;
- The potential school volunteer's name was not found on the Child Abuse Central Registry; and
- The Arkansas Educator Licensure System does not indicate the potential volunteer to:
 - Have a currently suspended or revoked educator's license; or
 - Be the recipient of a current Level 3 or Level 4 public notification of ethics violation.

A person wishing to volunteer in a capacity that requires a background check may not perform volunteer services requiring a background check until a clear background check is received by the District. Once received, a clear background check is good for five (5) years¹; a background check renewal must be applied for and a clear background check received prior to the time of renewal or an interruption of permitted volunteer service could occur. A clear background check will be accepted of any individual wishing to volunteer provided it was conducted within the timeframe provided for in this policy.

Option A: The Application for an initial background check may be made through the District administrative office. The District may charge the potential volunteer the same fee charged by the State of Arkansas for performing the check. For a volunteer who has passed his/her previous background check, the District will incur the fee charged by the State of Arkansas for performing a renewal background check.²

A person who failed a previous background check may petition the Board for a waiver from this policy's requirement. The petition shall be accompanied by a signed authorization for disclosure of his or her entire criminal and child abuse registry history. In deciding whether to grant a waiver, the board may take into consideration: the circumstance or circumstances surrounding the act or omission that lead to the conviction, Child Abuse Registry true finding, or the receipt of the Level 3 or

Level 4 Public Notification of Ethics Violation; the age of the person at the time of the act or omission; the length of time that has passed without reoffending; and other relevant circumstances. If the Superintendent recommends a waiver be granted, the Board may adopt a resolution by majority vote providing an exception to this policy's requirement for a time period not to exceed five (5) years. The board must consider this matter in open session, and may not confer or deliberate in closed or executive session.

The board shall not have the authority to waive the application of this policy to any potential volunteer who is a Registered Sex Offender or whose educator license has been revoked or is currently suspended.

Clear background checks for school volunteers are required for those individuals who are required to be or who seek to become Registered Volunteers, as defined in A.C.A. § 6-22-102 et seq.³ In addition to volunteers wishing to participate in the registered volunteers program, clear background checks are required for:⁴

Option 1: School volunteers who wish to accompany students on overnight school trips.³

Option 2: School volunteers who wish to volunteer to work one-on-one or in small groups of five (5) or fewer students, such as a tutor or a mentor.³

Option 3: School volunteers who will volunteer for more than 30 hours in a school year.^{3,5}

Option 4: School volunteers who will volunteer for the extracurricular activities and other volunteer programs as defined by the district.^{3,6}

No information relating to the application for or receipt of a criminal background check, including that a background check has or has not been applied for, shall be subject to disclosure under the Arkansas Freedom of Information Act, as provided by A.C.A. §§ 12-12-1601 et seq. Requests for background checks and reports on background checks obtained under this policy shall be retained by the district for a minimum of three (3) years.

The District shall maintain the following information on volunteers:

- a. The total number, location, and duties of all volunteers;
- b. The total number of annual hours of service provided by volunteers; and
- c. Any reimbursements made to volunteers for expenses, transportation, or other costs incurred in connection with volunteer services.

Volunteers who are mandated reporters will be made aware of their status as mandated reporters of child maltreatment and will receive training on the responsibilities of a mandated reporter.⁷

Notes: A model resolution to permit a board member or a board member's spouse to act as a registered volunteer may be found on our Policy Resources Page at <https://arsba.org/policy-resources>.

With the exception of volunteers in the registered volunteers program, background checks for public school volunteers are **not** required by law, but a mechanism exists to provide schools with the results of background checks if the school chooses by policy to require background checks for all or some categories of school volunteers. There are two options offered for payment of the background checks and several options offered concerning the trigger for requiring a background check. In each instance choose the one that most closely aligns with the concerns of the Board and district administration. The potential adverse effects on volunteerism of requiring the background checks can be minimized by either (or both) adopting Option 2 for the payment of the background check, or only requiring background checks of those volunteers who will exercise direct, unsupervised access to students or who will be granted supervisory responsibility over students.

¹ There is no statutory provision for the length of time the check is good for. Arkansas teachers are required to get a new background check each time their license is renewed, which is five (5) years, and all classified employees are required to get a background check at least once every five (5) years. Districts are free to choose a shorter or longer period of time.

² Choose the option that your district prefers.

³ Select the option, or combination of options, that is the best fit for your school district. Balance your desire to take steps to protect students against the potentially negative effect requiring unnecessary background checks will have on parental involvement. In addition, consider the financial burden of the cost of the background check, which A.C.A. §§ 12-12-1609 sets at a maximum of twenty dollars (\$20) for a state background check and includes an additional charge for a Federal background check in an amount set by the FBI. If the parent pays, it could deter them from participating in their child's education as a school volunteer.

⁴ If Option 5 is selected, delete this paragraph.

⁵ Select a number of hours, such as thirty (30), which would work for your district.

⁶ Use this option to list specific volunteer programs/services that require individuals to pass a background check.

⁷ While only registered volunteers are not specifically listed in A.C.A. § 12-18-402 as a mandated reporter, you may amend the policy to continue to train all volunteers to be mandated reporters. Due to the lists of mandated reporters under A.C.A. § 12-18-402 and A.C.A. § 6-18-110 no longer in perfect alignment, we would continue to recommend all volunteers be trained on the duty to report threats of violence to law enforcement.

6.5—VISITORS TO THE SCHOOLS

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school’s main office. No one shall be exempt from this requirement. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in Policy 6.10.

Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to accommodate those participating in the conference. Visits to individual classrooms during classtime are permitted on a limited basis with the principal’s prior approval and the teacher’s knowledge.

Visitors, including parents wishing to with students during the school day shall register first with the office.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave school property when requested to do so.¹

Note: ¹ Visitors who are disruptive become “trespassers” as defined in A.C.A. § 6-21-606. As such, they lose their right to be on campus.

6.6—FUND RAISING

All fund raising activities held in the District or in the name of the District must be pre-approved in writing by the Superintendent and affected school principal. Approval will be predicated on the potential for return relative to the time and energy to be invested in the fund raising. Fund raising that conflicts excessively with and/or detracts from student or teacher instructional time in either the planning or the execution of the activity will not be approved.

Neither an individual school nor the District shall be liable for any contract between clubs or organizations and third parties.

Student participation in any fund raising activity shall:

- 1) Be voluntary. Students who choose not to participate shall not forfeit any school privileges. It shall not be considered discriminatory to reward those who participate; and
- 2) Not influence or affect the student's grade.

For purposes of this policy, "Door-to-door sales" means the selling of merchandise outside of the child's home and off the school grounds.

Secondary Schools

Fund raising in the secondary schools may only be done by officially sanctioned student clubs, spirit groups, school PTAs, or parent booster clubs. Student clubs and spirit groups must receive written approval from their sponsor and the school principal before submitting the fund raising proposal to the Superintendent.

Door to door fundraising activities are generally discouraged. If approved, students wishing to participate who are under the age of eighteen (18) must return to their sponsor a signed parental notification and permission form.

Elementary Schools (K-6)

Fund raising in the elementary schools may only be done by the school or a school sponsored organization. Door to door fundraising activities are generally discouraged, but there shall be no more than one such activity per school per school year.

Schools must provide written notification of the following to parents or legal guardians of elementary students who participate in fund raising programs.

- 1) Student participation in fund raising programs is voluntary;
- 2) Students who do not participate will not forfeit any school privileges;
- 3) Students may not participate in fund raising programs without written parental permission returned to school authorities;
- 4) An elementary student who sells fund raising merchandise door to door must be accompanied by a parent or an adult; and
- 5) Unless the school provides supervision, parents must accept responsibility for appropriate adult supervision.

Online Fund Raisers

Employees are prohibited from establishing school-affiliated online fund raisers. Employees who are discovered to have established a school-affiliated online fund raiser may be disciplined, up to and including termination.

6.7—COMPLAINTS

It is a goal of the Board and the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The Board or the District welcomes constructive criticism when it is offered with the intent of improving the quality of the system's educational program or the delivery of the District's services.

The Board formulates and adopts policies to achieve the District's vision and elects a Superintendent to implement its policies. The administrative functions of the District are delegated to the Superintendent, who is responsible for the effective administration and supervision of the District. Individuals with complaints concerning personnel, curriculum, discipline (including specific discipline policies), coaching, or the day to day management of the schools need to address those complaints according to the following sequence:

1. Teacher, coach, or other staff member against whom the complaint is directed
2. Principal
3. Superintendent

Other than in the few instances where statutorily allowed or required, student discipline and personnel matters may not be discussed in Board meetings. Individuals with complaints regarding such matters need to follow the sequence outlined above.

Unless authorized by the Board as a whole for a specific purpose, no individual Board member has any authority when acting alone. District constituents are reminded that the Board serves as a finder of fact, not unlike a jury, in matters such as student suspensions initiated by the Superintendent, expulsions, and personnel discipline. For this reason, the board may not be involved or informed prior to a board hearing on particular disciplinary matters.

Complaints that are related to district use or administration of federal funds generated through specific programs identified by the Division of Elementary and Secondary Education (DESE) and authorized in the Elementary and Secondary Education Act¹ may be taken directly from a patron or by referral from DESE. If taken directly from a patron, the complaint may be submitted by either a signed statement or by a certified, recorded deposition or statement in which the complainant is identified. The complaints shall be addressed in the following manner:

1. The complaint shall be referred to the federal programs director,² who shall assemble a team of at least two (2) people to investigate the complaint.
2. Throughout the investigation, sufficient notes and records will be taken and maintained to substantiate the position of the findings of the investigation.
3. The team will interview the complainant and others as necessary to enable the team to make a determination of the validity of the complaint. The team may consult with individuals with knowledge or expertise in the matter which is the subject of the complaint, including legal counsel.
4. The investigation of complaints referred by the DESE shall be completed within thirty (30) calendar days of receipt of the complaint, unless a longer time period has been approved by the DESE.³
5. The investigation of complaints made directly to the district shall be completed within forty (40) calendar days unless there are extenuating circumstances; in such a case, a preliminary report shall be made within forty (40) calendar days of receipt of the complaint, which shall include an explanation of the unusual circumstances requiring additional time to complete the investigation.⁴
6. The report of the conclusions of the investigation shall be given to the complainant. It shall contain:
 - a. A summary of the allegations of the complaint;
 - b. A summary of the investigative actions taken by the team;
 - c. A summary of the findings concerning each alleged violation or implied violation; and
 - d. A statement of corrective actions needed to resolve the issues involved in each allegation and finding of the complaint.

Notes: ¹ The DESE Rules Governing Federal Program Complaint Resolution 1.03 specifies the specific federal programs that are covered by this policy. Be sure the necessary staff are aware of the possible triggers for a complaint and of the existence of the documents offered by the DESE to deal with the resolution of the complaints.

² You may change this to reflect the title of the person you wish to be responsible for conducting the investigation.

³ The DESE Rules Governing Federal Program Complaint Resolution establishes the 30 day limit for complaints that are referred to the district by DESE

⁴ The forty (40) day time limit is equivalent to the thirty (30) days allowed for complaints referred by the ADESE because the ADESE has up to ten (10) days to make the referral.

6.8—DISTRIBUTION OF PRINTED MATERIALS

The District shall devise and maintain a system for distributing District communications and other printed materials between the Administration and the schools. Use of the system by employees or employee organizations shall be with prior approval of the Superintendent or his/her designee.

Distribution of printed materials, flyers, photographs, or other visual or auditory materials not originating within District schools to students or staff shall have prior approval of the Superintendent or his/her designee.

6.9—MEDIA RELATIONS AND NEWS RELEASES

It is important that the District maintain good relations with the media. The Superintendent or his/her designee shall devise and implement a plan for the release of pertinent information to the media regarding educational programs, awards, or other student and staff achievements, and special events. The plan shall not require schools to clear the release of public service announcements through the District Administration prior to their release, but may require schools to obtain the approval of the Superintendent prior to the release of any statistical type data.

The District shall attempt, within reason, to accommodate media requests for interviews and shall endeavor to be fair and impartial in its treatment of media representatives.

The release of information to the media shall be done in a timely manner, either by written releases or by telephone interviews, to keep patrons abreast of newsworthy District achievements and shall strive to be factual and objective with personal opinions duly noted.

The Board encourages students and staff to participate in academic competitions and programs. Awards earned in such endeavors shall be communicated to the media. Award recipients may also be recognized at Board meetings.

6.10—SEX OFFENDERS ON CAMPUS (MEGAN’S LAW)

The Osceola School District shall work with area law enforcement in a manner consistent with applicable state law and Division of Elementary and Secondary Education Rules to communicate the presence of a sexual offender. When necessary, law enforcement may contact building principals to provide information concerning registered sex offenders. The decision regarding the school principals to be notified rests solely with law enforcement officials; law enforcement officials use a rating system to determine who needs to be notified, which is according to the sex offender’s dangerousness to the community.

In turn, building principals should notify any employee who is regularly in a position to observe unauthorized persons on or near the school’s property in the ordinary course of their employment. Employees notified could include any of the following: aides, bus drivers, coaches, maintenance staff, professional support staff, school level administrative staff, security personnel, teachers’ assistants, and teachers.

It is important that school personnel who receive sex offender notifications understand that they are receiving the sex offender notifications in their official capacity and are **not** to disseminate information about an offender to anyone outside the school. If school personnel are asked about notification information by an organization using school facilities, the organization should be referred to the area law enforcement agency that issued the notice.

Persons **not** to be notified, except at the specific discretion of area law enforcement officials, include: members of parent-teacher organizations, other schools, organizations using school facilities, students, parents or guardians of students, and the press. District personnel may inform the press about procedures that have been put in place and other general topics, but may not reveal the name or any other specifics regarding an offender.

A parent or guardian who is a Level 1 or Level 2 sex offender shall be allowed to enter the school campus to attend parent-teacher conferences or any other activity that is appropriate for a parent, guardian, or community member.

Level 3 and Level 4 sex offenders may only enter the school campus in the following instances:

1. The offender is a student attending school in the district;
2. To attend a graduation or baccalaureate ceremony;
3. It is a non-student contact day according to the school calendar or no school-sponsored event is taking place on campus;
4. The offender is a parent or guardian of a student enrolled in the district and goes directly to the school office to have school personnel deliver medicine, food, or personal items for the student;
5. The offender is a parent or guardian of a student and enters the school campus where the student is enrolled to attend a scheduled parent-teacher conference **and** the offender is escorted to and from the conference by a designated school official or employee.

A Level 3, but not a Level 4, sex offender may attend a school sponsored event for which an admission fee is charged or tickets are sold or distributed if the sex offender:

- Is the parent, guardian, great-grandparent, or is related by blood or marriage within the second (2nd) degree of consanguinity¹ to a student enrolled in the public school;² and
- Notifies the administration of the school in writing at least twenty-four (24) hours before the start of the event that he or she will be attending the event.

A Level 3 and Level 4 sex offender who is the parent or guardian of a child enrolled in the district and who wishes to enter the school campus in which the student is enrolled for any other purpose than those listed above, must give reasonable notice to the school principal or his/her designee. The principal or designee may allow the sex offender to enter upon the campus provided there is a designated school official or employee to escort and supervise the sex offender while they remain on campus. The sex offender shall not enter upon the school campus until such time as a designated school official or employee is available.

Copies of the notification from law enforcement should be kept in a secure place accessible to teachers and staff, but should not be posted on school bulletin boards or made available to students or members of the community at large.

Notes: ¹ The method to determine the degree of consanguinity may be found in A.C.A. § 28-9-212 and a consanguinity diagram has been posted at <https://arsba.org/policy-resources>.

² Our interpretation is that for a Level 3 sex offender to be admitted to a ticketed event that the Level 3 sex offender must be related to a student enrolled in the public school where the event is being hosted rather than related to a student enrolled in the visiting school.

6.11—PARENT, FAMILY, AND COMMUNITY ENGAGEMENT – DISTRICT

The Osceola School District understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parental, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the district shall work to:

1. Involve parents, families, and the community in the development of the long range planning of the district;
2. Give the schools in the district the support necessary to enable them to plan and implement effective parent, family, and community engagement activities;
3. Have a coordinated engagement program where the engagement activities of the district enhance the involvement strategies of other programs such as Head Start, HIPPIY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
4. Explain to parents, families, and the community the State's academic and achievement standards, State and local student assessments and how the district's curriculum is aligned with the state's academic standards and assessments and how parents, families, and the community can work with the district to improve students' academic achievement;
5. Provide parents and families with the materials and training they need to be better able to help their child achieve. The district may use parent resource centers or other community based organizations to foster parent and family engagement and provide literacy and technology training to parents.
6. Educate district staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
7. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;
8. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
9. Find and modify other successful parent, family, and community engagement programs to suit the needs of our district;
10. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
11. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To ensure the continued improvement of the district's parent, family, and community engagement program, the district will conduct an annual review of its parent, family, and community engagement policies to examine their affect on promoting higher student achievement. The review shall be done by a committee consisting of parents and other community members, certified and classified staff, and member(s) of the administration.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

Notes: If any school in your district receives Title I aid, Federal law requires you to have a district policy covering parent, family, and community engagement for the parents of students served under the program. Because your district is required to "develop jointly with, agree on, and distribute to parents of participating children a written parent, family, and community engagement policy," this model policy is designed to be a starting point to be used in the development of your final policy. 20 U.S.C. § 6318 requires the basics of the introduction and the last two paragraphs as well as items #1 – 7 and #11. Items #8 – 10 are recommended options in the Federal law, but are not mandatory. A.C.A. §§ 6-15-1702, 1703, and 1704 require each district to develop a parent, family, and community engagement plan (rather than a policy) in collaboration with parents. The statutes are very detailed, and full of "shalls" going far beyond the requirements of this policy required by 20 U.S.C. § 6318. Be sure to have the statutes and associated rules handy

when working out the details of your district's parent, family, and community engagement plan. The Division of Elementary and Secondary Education has created a parent, family, and community engagement toolkit that may be used in the creation of your plan. The toolkit is located at <https://dese.ade.arkansas.gov/Offices/public-school-accountability/engagement>.

The US Department of Education has correctly opined that this policy (and policy 6.12) is of no use unless accompanied by an implementation plan. Consequently, the DESE's School Improvement office requires districts to have such a plan.

A.C.A. § 6-15-1704(a)(3) requires each school to place a parent-friendly summary of the parent, family, and community engagement plan as a supplement to the student handbook. The parent has to sign a receipt acknowledging receipt of the summary and return the signed form to the school where the student is enrolled.

6.12—PARENT, FAMILY, AND COMMUNITY ENGAGEMENT - School

Osceola Schools understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the school and those it serves. 9. Train parents, families, and the community to enhance and promote the of other parents, families, and members of the community;
10. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To help promote an understanding of each party's role in improving student learning, Osceola Schools Elementary School shall develop a compact that outlines the responsibilities of parents, students, and the school staff in raising student academic achievement and in building the partnerships that will enable students to meet the State's academic standards.

Osceola Schools Elementary School shall convene an annual meeting, or several meetings at varying times if necessary to adequately reach parents and families of participating students, to inform parents and families of the school's participation in Title I, its requirements regarding parent, family, and community engagement, and the parent's right to be involved in the education of their child.

Osceola Schools Elementary School shall, at least annually, involve parents, families, and the community in reviewing the school's Title I program and parent, family, and community engagement policy in order to help ensure their continued improvement.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

Notes: If your school receives Title I assistance, Federal law requires you to have a school policy covering parent, family, and community engagement for the parents of students served under the program. Because your school is required to "develop jointly with, agree on, and distribute to parents of participating children a written parent, family, and

Items #7 – 9 are recommended options in the Federal law, but are not mandatory. The “compact” is also required to be developed jointly with parents of the children served under Title I.

The US Department of Education has correctly opined that this policy (and policy 6.11) are of no use unless accompanied by an implementation plan. Consequently, the DESE’s School Improvement office requires schools to have such a plan. 7.5—PURCHASES AND PROCUREMENT

Purchases shall be made in accordance with State laws and procurement procedures governing school purchases that are deemed to be in the best interest of the District and are the result of fair and open competition between qualified bidders and suppliers. No bids shall be taken for professional services.

DEFINITIONS

“Commodities” are all supplies, goods, material, equipment, computers, software, machinery, facilities, personal property, and services, other than personal and professional services, purchased on behalf of the District.

“micro-purchases” are purchases with a value of less than ten thousand dollars (\$10,000) when purchased with Federal funds.

“Professional services” are legal, financial advisory, architectural, engineering, construction management, and land surveying professional consultant services.¹

“Specifications” means a technical description or other description of the physical and/or functional characteristics of a commodity.

Commodities

The superintendent shall develop procedures for the procurement of micro-purchases that provide for the distribution of purchases between eligible vendors to the extent possible.

Purchases of commodities with a purchase price of more than ten thousand dollars (\$10,000)² require prior Board³ approval; however, if an emergency exists, the Superintendent may waive this requirement.

The district shall notify in writing all actual or prospective bidders, offerors, or contractors who make a written request to the district for notification of opportunities to bid. The notification shall be made in sufficient time to allow actual or prospective bidders, offerors, or contractors to submit a bid or other appropriate response.⁴ The board shall accept bids submitted electronically by email or fax for any and all district purchases, unless specified to be submitted by other means or methods, and except those bids which have been specified to have a designated date upon which the bids shall be opened. The superintendent shall be responsible for ensuring submitted bids, whether written, faxed, or emailed, are retained in accordance with policy 7.15—RECORD RETENTION AND DESTRUCTION.

The district will not solicit bids or otherwise contract for a sum greater than twenty-five thousand dollars (\$25,000) with vendors that are on the “excluded parties list” if the contract is to be paid from federal funds.⁵

All purchases for a Federal program with an estimated purchase price between ten thousand dollars (\$10,000) and twenty-one thousand six hundred four dollars (\$21,604) and all purchases of commodities with an estimated purchase price that equals or exceeds twenty-one thousand six hundred four dollars (\$21,604) shall be procured by soliciting bids.⁶ Specifications shall be devised for all commodities to be bid that are specific enough to ensure uniformity of the bid and yet not so restrictive that it would prevent competitive bidding. The bid specifications shall not include the name or identity of any specific vendor. The Board reserves the right to reject all bids and to purchase the commodity by negotiating a contract. In such an instance, each responsible bidder who submitted a bid shall be notified and given a reasonable opportunity to negotiate.⁷

Bids shall be awarded after careful examination of the details of the bid to determine the best overall value to the District. In instances where the low bid was not accepted, a statement of the reasons the low bid was not accepted shall be attached to the bid. Bidders submitting written bids shall be notified in writing of the bid award.

Whenever possible, a preference will be given to small and minority businesses; women’s business enterprises; and labor surplus area firms.⁸

The District shall provide a preference to Arkansas residents whenever the District is accepting bids to purchase materials and equipment as part of a construction project if:

- a. One (1) or more Arkansas residents who submitted bids made written claim for a preference at the time they submitted a bid; and
- b. An Arkansas resident's bid does not exceed the lowest qualified bid from a nonresident by more than five percent (5%).

If the qualifications for the Arkansas resident preference are met, then the District shall take the lowest bid from an Arkansas resident regardless of whether the Arkansas resident was one of the individuals who requested the preference.

The following commodities may be purchased with State funds without soliciting bids provided that the purchasing official⁹⁹ determines in writing that it is not practicable to use other than the required or designated commodity or service, and a copy of the written determination is attached to the purchase order:

1. Commodities in instances of an unforeseen and unavoidable emergency;
2. Commodities available only from the federal government;
3. Utility services;
4. Used equipment and machinery;¹⁰ and
5. Commodities available only from a single source.¹¹

Commodity purchases with Federal funds may be purchased without soliciting bids only when one or more of the following circumstances apply:

1. The item is available only from a single source;
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
3. The Federal awarding agency or appropriate unit of the Division of Elementary and Secondary Education expressly authorizes the noncompetitive purchase in response to a written request from the District; or
4. After solicitation of a number of sources, competition is determined inadequate.

The District may purchase a new motor vehicle, other than a school bus, without soliciting bids if, at the time of the purchase, the:

- a. Purchase is from a motor vehicle dealer licensed in Arkansas;
- b. Purchase price of the motor vehicle does not exceed the fleet price awarded by the Office of State Procurement; and
- c. Motor vehicle to be purchased is the same make and model motor vehicle as the make and model the fleet price was awarded for by the Office of State Procurement.

Prospective bidders, offerors, or contractors may appeal to the district's superintendent if they believe the district failed to follow district bidding and purchasing policy or state law.

Any award of a contract shall be subject to revocation for ten (10) working days from:

- The initial awarding of the contract; or
- If an appeal is received, resolution of the appeal.

The intent is to provide prospective bidders, offerors, or contractors the opportunity to appeal the bid award if they believe the facts warrant an appeal. Any appeal shall be **in writing by certified mail** and received by the district office, "attention to the superintendent" within seven (7) calendar days following the initial and revocable award of the contract.

If the district receives an appeal of a bid award, they shall notify, in writing, those prospective bidders, offerors, or contractors who have made a written request to the district for notification of opportunities to bid that an appeal has been submitted. The notification shall state:

- that the contract award has been halted pending resolution of the appeal and could be revoked;
- the reasons for the appeal;
- that the recipient of the letter may respond to the protested issues identified in the appeal;

- the date the decision on the appeal will be made and notification sent;
- that if the appeal is upheld, the bidding process will be re-opened;
- that if the bidding is re-opened, changes will be made to the request for bids as necessary to satisfy the reasons for upholding the appeal.¹²

The sole authority to resolve any appeal made relating to this policy shall rest with the superintendent. The superintendent's decision shall be final and conclusive. In the event the district upholds an appeal, the sole responsibility of the district to the aggrieved bidder(s) shall be the re-opening of the bidding process.

Except when prohibited by law¹³, the District reserves the right to extend or renew a contract that was previously awarded under the process governed by this policy and law, provided the extension or renewal meet the following criteria:

1. The equipment and services provided under the extended or renewed contract meets or exceeds the specifications of the original bid.
2. The extended or renewed contract agreement complies with the state of Arkansas's documentation requirements.
3. The cost of the extended or renewed contract is the same or less than the original contract.
4. The extension or renewal is approved by the local school board.

Professional Services

The District does not use a bidding process when procuring professional services. Instead, when the District needs to procure professional services, the District shall:

1. Select three (3) qualified firms;
2. Determine the most qualified firm by considering, at a minimum, the:
 - Specialized experience and technical competence of the firm with respect to the type of professional services required;
 - Capacity and capability of the firm to perform the work in question, including specialized services, within the time limitations fixed for the completion of the project;
 - Past record of performance of the firm with respect to such factors as control of costs, quality of work, and ability to meet schedules and deadlines; and
 - Firm's proximity to and familiarity with the area in which the project is located;
3. Negotiate a contract for the project with the most qualified firm.

When negotiating a contract, the District and the selected firm shall jointly prepare a detailed, written description of the scope of the proposed services. If the District is unable to negotiate a satisfactory contract with the firm selected, negotiations with that firm shall be terminated and the District shall negotiate a contract with the next most qualified firm. In the event the District is unable to negotiate a contract with any of the original selected firms, the District shall reevaluate the necessary professional services, including the scope and reasonable fee requirements, and return to step one.

The District encourages firms who provide professional services to submit annual statements of qualifications and performance data to the District. The District shall request any additional information as needed for a particular public project.

Notes: ¹ The definition of "professional service" contains the entire list of professional services in A.C.A. § 19-11-801 that are automatically removed from the bidding process. The board has the option to add additional professional services to this list with a two-thirds (2/3) vote for each service type to be added. Services that can be added to the list are services that require a firm or individual to hold a valid license specific to perform the type of service in question.

² Insert an amount less than ten thousand dollars (\$10,000) for Federal purchases and twenty-one thousand six hundred four dollars (\$21,604) for purchases without Federal funds if your board determines a lesser amount is appropriate.

³ Your district may elect to employ a “designated agent of the district,” if so, substitute it for “Board.”

⁴ ASBA strongly recommends that each district keep a record of all requests to be a “bidder.”

⁵ Names of vendors on the excluded parties list can be found at www.sam.gov.

⁶ For Federal purchases, be sure that your purchasing procedures include the different procedures for micropurchases, small purchase threshold purchases, and formal bids.

In accordance with A.C.A. § 15-4-3804 and 3805, your procedures will need to address how your district intends to ensure that the state goal of at least twenty percent (20%) of the purchases of food products by entities that receive at least twenty-five thousand dollars (\$25,000) of state funds and have a food service program is spent on local farm or food products. More information on what to include in your procedures may be found on page 38 of the USDA document found at https://fns-prod.azureedge.net/sites/default/files/f2s/F2S_Procuring_Local_Foods_Child_Nutrition_Prog_Guide.pdf.

⁷ Any commodities purchased by the district through the TAPS program satisfies the state bidding requirements; however, for purchases with Federal funds, districts are required to demonstrate that an effort was made to determine that the taps purchase price is the best price. The verification effort may be demonstrated through an email, fax, letter, or written documentation of a telephone call.

Be aware that A.C.A. § 18-44-503 requires a district or education coop to receive a payment bond in the amount of the contract from a contractor for projects to repair, alter, or erect a public building, structure, or improvement that is in excess of fifty thousand dollars (\$50,000).

⁸ This language is required by 2 C.F.R. § 200.321 and the process you will use to provide the preference should be clearly set forth in your purchasing procedures, which must include all of the following:-

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) above.

⁹ This is the school board if specified in this policy (see #³ above) as the body to approve the purchase of commodities.

¹⁰ Used school buses, over two years old as defined in A.C.A. § 6-21-306(a), are exempt from bidding requirements.

¹¹ A “sole source justification document” should be attached to the purchase order and maintained in the audit file for all commodities purchased as such. DESE stipulates the following seven (7) criteria that the justification must meet:

- Why the service or product is needed;
- The methods used to determine that a lack of responsible/responsive competition exists for the service or product;
- How it was determined that the provider possesses exclusive capabilities;
- Why the service or product is unique;
- Whether or not there are patent or property rights which make the required service or product unavailable from other sources;
- What the district would do if the provider/service product were no longer available;
- Any program considerations which make the use of a “sole source” critical to the successful completion of the district’s task.

¹² A.C.A. § 6-21-304 specifically states the parameters required within the appeal process. Your district could choose to alter the paragraph and how it intends to deal with the appeal and its resolution. An example would be to award a financial settlement to the appellant if the appeal is upheld. Another example would be to state, by policy, the length of time for the resolution of the appeal process.

¹³ An example of when simply extending a contract without going through the bid process is prohibited includes certain purchase contracts for the child nutrition programs.

7.6—ACTIVITY ACCOUNT

The District shall maintain an account of activity funds. The funds for the account are those revenues derived from the sale of tickets to athletic contests or other school sponsored activities; the sale of food other than that sold in the cafeteria; the sale of soft drinks, school supplies, and books; and fees charged by clubs and organizations.

Activity funds shall be maintained and accounted for according to guidelines and procedures established by the General Education Division of the Department of Education.

The Superintendent shall be the custodian of all activity funds and shall be responsible and accountable for the funds. The Superintendent may appoint a co-custodian for each school in the District who shall also be responsible for the activity funds he/she maintains.

7.7—CASH IN CLASSROOMS

No cash or checks are to be left in any classroom overnight. Staff, other than the District bookkeeper, who collect funds in the course of their employment should deposit the funds daily with the bookkeeper. Bookkeepers should deposit daily, unless otherwise directed by the superintendent or business manager.

Notes: Policies 3.47 and 8.39 both require daily deposits with the superintendent or designee determining if the fund collection requires receipts and/or other record keeping requirements. That language is not repeated in this policy, but the reasons for daily deposits are the same as for those policies. Specifically, the goal is to protect both the district and the staff from possible overnight theft which is only covered by insurance if there are receipts to prove the existence of the funds and even then, there is a deductible (often \$1000). It could often be the case that the receipts and the funds would be in the same envelope and be stolen at the same time. Bottom line is that the daily timeline is to protect both the district and the staff.

7.8—PERSONAL PROPERTY

To avoid confusion and the potential for misunderstandings, District staff who bring personal property to school to use in the performance of their jobs should label the items with their names. Any such items should be removed from the school at the close of school each year. The District assumes no responsibility for damage to, or the loss of, personal property brought to District facilities by District staff.

7.9—PROPERTY INSURANCE

The Superintendent shall be responsible, with approval of the Board, for maintaining adequate insurance coverage for all District properties. At a minimum, the District will purchase insurance coverage sufficient to meet the requirements by the Arkansas Commission for Public School Academic Facilities and Transportation.

7.10—PUBLIC USE OF SCHOOL BUILDINGS

It is the policy of the Board that District school buildings¹ may be used by citizens of the District to conduct lawful meetings for social, civic, or recreational purposes provided such meetings do not interfere with the regular school work and proper protection is afforded the district against the potential costs of such use. The Superintendent shall be responsible, with Board approval, for establishing procedures governing such use of school buildings. The governing procedures shall be viewpoint neutral. Building principals shall be consulted to determine if there exists any conflict with planned school activities prior to other groups being allowed to use school facilities.

The District shall establish a fee schedule for the school facilities the District intends to make available for public use.²The fee schedule shall be individualized for each school facility and shall be based on a formula³ that allows the District to reclaim the actual costs incurred by the District from the use of the facility.

School facilities that do not appear on the District's fee schedule shall not be available to the public.

The District shall also require **any** non-school related group using a district facility to provide proof of having purchased sufficient active and current general liability insurance to cover the damage to, or the cost to entirely replace the structure(s) and furnishing(s), if necessary due to the loss of, or damage to, District property.⁴

Organizations using school facilities assume full and complete responsibility for the conduct of all persons, regardless of age, associated with their use of the facility while they are in or about the facility. Smoking or the use of tobacco or products containing tobacco in any form or the use of drugs or intoxicants is prohibited. Firearms⁵ of any kind are not allowed on school property unless the person carrying the firearm is permitted to do so by law as defined in A.C.A. § 5-73-120 or the individual has a valid conceal carry license and leaves the concealed handgun in the individual's locked vehicle.⁶

Notes: ¹ Districts have the option to add "outdoor spaces" to the policy to be available for the use of the public in addition to school buildings. If you choose to include outdoor spaces as options for organizations to use, we recommend adding the following language to the end of the policy:

Outside organizations who use outdoor spaces shall be responsible for providing any necessary portable toilets. Bathrooms in school buildings will only be available to organizations using outdoor spaces if the organization agrees to pay for the use of the necessary, segregatable and able to be made secure portion of the building in addition to the outside space. If the portion of the building containing restrooms cannot be segregated and/or made secure, both the outdoor and indoor space must be rented and insured against loss or accident.

²ASBA is well aware that many, if not most, Arkansas districts permit outside groups to use district facilities. This is an example of where the public (and often School Boards and Superintendents) are insufficiently aware of the Constitutional constraints on school districts. There are multiple issues involved in any discussion on this topic.

First, there is the issue of a "limited open forum." If your district allows non-school related groups to use a district facility, it cannot deny any group access based solely on the views or beliefs of the organization. (There can, however, be other reasons for denial such as the potential for violence.)

Second, there is Article 14, Section 2 of the Arkansas Constitution which states, "No money or property belonging to the public school fund, or to this State, for the benefit of schools or universities, shall ever be used for any other purpose than for the respective purposes to which it belongs." This has been very narrowly interpreted by Court decisions such that expenditures which do not tangibly benefit students run afoul of the Constitution.

Third, there is the cost, or the potential cost, to the district of outside group use of district facilities. On the surface, the costs would include such things as heating, cooling, and general wear and tear. But there is also the always present possibility that something major could occur such as a fire that could destroy an entire building. While local groups will generally agree with a facility use fee, such a fee will NOT cover the deductible for replacing a building or the loss of use of the building or the disruption to the district's academic program. While most community members will support community use of district facilities, should a major calamity occur, it is not a far stretch to envision a disgruntled patron using the opportunity to sue the district for illegal exaction for violating the Arkansas Constitution. So, while the district would certainly be out the insurance deductible necessary to replace the building, it might well also be out the lawyer fees to defend itself against the suit.

Fourth, while districts have tort immunity, many Joint Use agreements either require or recommend the district fully indemnify and hold harmless the other parties to the agreement. The indemnification language could potentially threaten a school district's statutory immunity from actions for damages and torts under Arkansas law. Moreover the indemnification language would potentially obligate school districts to a financially open-ended indemnification of the other parties to the joint use agreement. The monetary implications of such indemnifications could be material, even catastrophic, for school districts.

Finally, there are Arkansas statutes (A.C.A. § 6-21-101 for example) that, in our opinion, conflict with the restrictions placed on districts by Article 14 of the Arkansas Constitution. While statutes are presumed sound until determined otherwise by a court, ASBA is sufficiently concerned about the defensibility of the statutes that it is not willing to write a Joint Use Agreement model policy. ASBA staff spent many hours working with the DESE Coordinated School Health trying to find a way to support the Joint Use program. The longer we worked on it, the more complicated the issues became until we finally came to believe the program flies in the face of Article 14 and we had to discontinue our association with the program. At a minimum, we urge any district considering a Joint Use Agreement to seek legal counsel before signing any agreement.

The changes to this policy are the result of ASBA's considerable time spent working on the Joint Use issue. ASBA's position is not philosophical, we strongly support the concept of Joint Use, but believe the Constitution will have to be amended before districts can participate without fearing potential major adverse consequences.

³The formula should include, at a minimum:

- Labor for preparing, opening, closing, and cleaning the school facility, at the rate of one and three quarters (1.75) times the highest paid hourly rate of the appropriate non-exempt staff position set in the District's salary schedule;
 - Discuss with your custodial supervisor the amount of time and staff that would be required for each facility.
 - If a particular facility may require a district employee to be physically present during the use by the public, such as a food service worker to safely operate the cafeteria's equipment, include that cost in the fee based on the same calculation method as for the custodial employees.
 - The one and three quarters (1.75) multiplier is intended to include possible overtime as well as retirement and benefits that are required to be paid by the district.
- An amount to cover consumable supplies, such as janitorial supplies, toilet paper, paper towels, etc.; and
- A base rate to cover wear and tear, utilities, and other fixed expenses of the district.

⁴ districts should independently verify that the certificate of insurance coverage is valid and in force for the event and time period in question.

⁵Your district could include weapons besides firearms in this sentence if you choose to do so. Consult A.C.A. § 5-73-120 for a list of possible weapons.

⁶ A.C.A. § 5-73-119(e)(12) allows for a concealed carry license holder to have a concealed handgun in a locked vehicle on the school parking lot.

7.11—USE OF SCHOOL FUNDS FOR NON-SCHOOL RELATED PURPOSES

School funds shall not be used for political, charitable, or humanitarian purposes.

No employee of the District shall use school time, school property, school personnel, or school equipment for the purpose of furthering the interests of any political party, the campaign of any political candidate or the advocacy of any political issue or ballot issue whether partisan or non-partisan. School employees may participate as part of a community organization that is renting a school facility for a political purpose so long as the event is not during school time or the employee takes personal or vacation leave, with prior approval of his/her supervisor, for the time the employee is attending the event.

Any school employee found guilty or who pleads guilty, or nolo contendere to the use of District funds to support any ballot measure shall be immediately suspended, and recommended for termination by the superintendent.

The Board of Directors is not prohibited from expressing an opinion on a ballot measure through the passage of resolution or proclamation. School employees are allowed to verbally express their views on a ballot measure other than in an attempt to persuade a student to the employee's point of view.

District employees and members of the Board of Directors may incur incidental expenditure of District funds for travel costs when speaking at an event in which a ballot measure is discussed if the subject matter of the speaking engagement is within the scope of the person's official duties and responsibilities.

District funds may be used to disseminate public information at a public speaking engagement. The incidental use of District resources may be used to prepare an analysis of the public information if such information is within the scope of the person's official duties and responsibilities.

7.12—EXPENSE REIMBURSEMENT

Reimbursement for expenses related to travel and/or attendance at conferences and professional development activities incurred by district employees and/or members of the Board of Directors on behalf of the district shall be done according to the following guidelines. Original receipts must accompany all requests for reimbursement to the extent that such receipts are customarily available. For a receipt to be valid it should contain the name of the issuing company, the date, and the amount. Employees are only eligible for reimbursement for travel expenses for travel which has been approved in advance. No cash advances shall be made for travel. Mileage, lodging, and meal expenses will not be reimbursed when incurred for the personal convenience of the employee and not required by the reason for the travel.¹ Reimbursement for travel shall be for the lesser of the cost between travel by air or by car with some consideration allowed for length of time of the method of travel.

To the extent practicable, employees shall have the district pay initial conference and professional development registration fees and associated necessary materials. In the occasional circumstances where this is not practical, the district shall reimburse the employee for such fees if they were authorized in advance and are supported with proper receipts.

Meal expenses incurred by the superintendent or other administrators as necessary, in the performance of their duties when meeting with state officials or consultants may be reimbursed on a prorated, per person basis in line with the mandates of this policy. Such expenses shall only be reimbursed when the expenditure is likely to result in a tangible benefit to the district.

Rates for Reimbursement

Mileage allowance shall be reimbursed at the rate of \$.50 cents per mile. Mileage shall be reimbursed on the basis of the shortest, most reasonable, route available.

When not provided as part of the conference or other approved reason for travel, meal expenses shall be reimbursed upon your return for activities which require an overnight stay at \$50.00 per day

When travel necessitates overnight lodging, reimbursement shall be equal to or less than the current IRS rate schedule unless at least one of the following conditions are met.

- The location of the conference or other approved reason for travel is located in a hotel which does not offer rates within the IRS rate schedule. In such an instance, the employee shall be reimbursed at the “special conference rate” if available. If such a rate is not offered, or no longer available, the employee shall be reimbursed for lodging costs that are reasonable for single occupancy rates at the hotel in which the conference is held.
- The hotel in which the conference is held has no rooms available. In such an instance, the employee shall be reimbursed for reasonable single occupancy lodging costs in another hotel located near the conference.
- The conference or other approved reason for travel is held in a location other than one that is part of a hotel. If the rates of the hotels located near the conference or other approved reason for travel are not within the IRS rate schedule, the employee shall be reimbursed for reasonable single occupancy lodging costs in a hotel located near the conference.

To the extent practicable, employees shall receive assistance from administrators or their designee in arranging travel plans to help keep expenses to a minimum.

Expenses not covered

The district shall not reimburse the following items/categories of expenses.

- Alcoholic beverages;
- Entertainment expenses – including sports or sporting events or pay per view or game expenses at motels;
- Replacement due to loss or theft;
- Discretionary expenses for items such as clothing or gifts;
- Medical expenses incurred while on route to or from or at the destination of the reason for the travel;
- Optional or supplementary insurance obtained by the employee for the period covered during the travel; and
- Tips, other than those required by the source of the expense, e.g. a restaurant which adds a tip to the bill for all groups of six or more.

Credit Cards

Only those employees specifically issued credit cards to be used in the performance of their jobs to purchase goods, services, or supplies on behalf of the district shall be allowed to use such cards. Employees who incur reimbursable expenses as defined in this policy are expected to pay for them initially by any means they choose and then submit their request for reimbursement. The district assumes no responsibility for the payment of any personal credit card charges incurred by a district employee.

Airport Associated Expenses

All airline flights shall be by coach/economy class. Receipts are necessary to be reimbursed for airport parking. Upon arrival, the employee is expected to take the less expensive option between a taxi and an airport shuttle service to his hotel or meeting site. Receipts are necessary to be reimbursed. When circumstances dictate that a rental car is necessary and/or the most economical approach to the travel requirements, the least expensive car that will accomplish the job should be rented. A receipt is necessary to be reimbursed. The district shall not reimburse for any kind of rental car supplemental insurance.

7.13—MANAGEMENT AND DISPOSAL OF DISTRICT PROPERTY

Definitions

For the purposes of this policy, the following definitions apply:

“Commodities” are all supplies, goods, material, computers, software, machinery and other equipment purchased on behalf of the district having a useful life of more than one (1) year and an acquisition cost of one thousand dollars (\$1,000) or more per unit.

“Fair market value” means the amount a reasonable buyer would be willing to pay for a particular piece of property based on an objective set of criteria, which may include, but are not limited to: any improvements or damage to the property; the demand for similar property; the selling price for the property by the producer of the property or re-sale outlets; and the value of the property as determined by an independent appraiser.¹

“Real property” is land and whatever is erected or affixed to land, such as structures or buildings.

“Surplus commodities” are those commodities that are no longer needed, obsolete, irreparable, or worn out.

“Surplus real property” is real property that is not presently needed or foreseen to be needed by the District, and that has been authorized for sale as surplus real property by vote of the School Board. Surplus real property may include unused or underutilized facilities.

“Trash” are those items that would otherwise belong to another category of goods or property defined in this policy, but which, due to the property’s age or an act of God, have less value than it would cost to repair the item. Examples could include, but are not limited to, fire damage, vehicle accidents, extreme age, and/or decline in value of the item.

“Unused or underutilized facility” means a school facility or other real property that:

- As a whole or in a significant portion, is not being used for a public educational, academic, extracurricular, or administrative purpose and the nonuse or underutilization threatens the integrity or purpose of the school facility or other real property as a public education facility; and
- Is not subject to either a lease to a third party for fair market value or an executed offer to purchase by a third party for fair market value as of July 30, 2017.

General Policy

The District’s purchases of commodities shall be in accordance with Policy 7.5—PURCHASES AND PROCUREMENT and, to the extent applicable, the procurement requirements of any granting source of funding used to purchase the commodity. The Superintendent shall develop procedures governing the use, management, and dispersal of commodities. At a minimum, the procedures will cover the following topics:

- labeling all commodities²;
- establishing adequate controls to account for their location, custody, and security;
- annually auditing the inventory of commodities and updating a listing of such commodities to reconcile the audit with the district’s inventory records. The audit will be documented and account for any transfer and/or disposal of a commodity.
- Disposing of surplus commodities and surplus real property, whether purchased in whole or in part with federal grant funds or with local funds.

The disposal of school property must be for the benefit of the school district and consistent with good business principles.

Disposal of Surplus Commodities

The Board of Directors recognizes that commodities sometimes become of no use to the District and thus meet this policy’s definition of surplus commodities.

The Superintendent or designee(s) will determine the objective fair market value (FMV) of surplus commodities. The District will strive to dispose of surplus commodities at or near their FMV.³

The Superintendent may declare surplus any commodity with an FMV of less than one thousand dollars (\$1,000). Surplus commodities with an FMV of less than one thousand dollars (\$1,000) will be periodically sold by the most efficient, cost effective means that is likely to result in sales at or near FMV.

The Superintendent may submit a list of surplus commodities deemed to have a FMV of one thousand dollars (\$1,000) or greater to the Board of Directors for authorization to sell such surplus commodities. Once the Board of Directors has authorized the sale of such surplus commodities, the Superintendent or designee(s) may sell that surplus commodity as the need arises. Items with a FMV of one thousand dollars (\$1,000) or greater will be sold by the most efficient, cost effective means that is likely to result in sales at or near FMV. If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold commodities may then, at the discretion of the Superintendent, be disposed of as scrap or junk or be donated to appropriate charitable or education related entities. Computer or technology equipment will be cleansed of data prior to disposal.

Disposal of Surplus Real Property

The Board of Directors recognizes that real property it owns sometimes becomes no longer of use to the District and thus meets this policy's definition of surplus real property.

By February 1 of each year, the District shall submit a report to the Division of Public School Academic Facilities and Transportation (Division) that identifies all unused or underutilized school facilities in the District and the unused or underutilized school facilities, if any, that are designated in the District's facilities master plan to be re-used, renovated, or demolished as part of a specific committed project or planned new construction project.

If the Division classifies a District facility or District real property as being unused or underutilized, the District may appeal the Divisions determination to the Commission for Public School Academic Facilities and Transportation (Commission).

The District shall make unused or underutilized public school facilities available for lease⁴ for no more than FMV⁵ to any open-enrollment public charter school (charter) located within the District's geographic boundaries that makes a request under the charter's statutory right of access unless the District makes an affirmative showing by a preponderance of the evidence to the Commission that:

1. The school facility, or the property to which the school facility is attached, will be needed by the District to accommodate future growth of the District; or
2. Use of the school facility or other real property by a charter would have a materially negative impact on the overall educational environment of an educational campus located within five hundred feet (500') of the school facility or other real property sought to be leased by the charter.

The terms of a lease executed between the District and a charter shall provide that the lease shall be cancelled and be of no effect if the charter:

- a. Fails to use the facility or other real property for direct student instruction or administrative purposes within two (2) years of the effective date of the lease;
- b. Closes, has its charter revoked, or has its charter application denied by the charter authorizer; or
- c. Initially uses the facility or other real property, but then leaves the facility or other real property unused for more than one hundred eighty (180) days.

If requested or agreed to by the charter, The District may sell the unused or underutilized facility or other real property to the charter for FMV.

If the District decides to sell, lease, or otherwise transfer ownership of a District facility, a charter⁶ located within the District's geographic boundaries shall have a right of first refusal to purchase or lease the facility for FMV. The charter's right of first refusal shall continue for two (2) years after the date the District last used the school facility or other real property as an academic facility.

If the District decides to sell or lease a District facility or other real property that has been identified by the Division as an unused or underutilized school facility to a third party that is not a charter, then the District may not sell or lease the facility until the later of:

- Two (2) years after the date the facility or other real property is identified by the division as an unused or underutilized public school facility, so long as no charter has claimed a right of access or a right of first refusal; or
- Three (3) years from the date the District facility or other real property has been identified by the division as an unused or underutilized public school facility if the District designated the facility or other real property to be reused, renovated, or demolished as part of a specific committed project or planned new construction project in the District's facilities master plan.

The District may petition the division for a waiver of the time restrictions for the sale or lease of a District's unused or underutilized facility. The petition shall include a statement that the District believes that no charter would be interested in leasing or purchasing the unused or underutilized school facility. If the District receives a waiver, the District may immediately sell, lease, or otherwise dispose of the unused or underutilized facility. The District may appeal the denial by the Division of a waiver to the Commission.

The Superintendent may submit a request to the Board of Directors for authorization to sell surplus real property. Once the Board of Directors has authorized the sale of such surplus real property, the Superintendent or designated individual(s) may sell that surplus real property as the need arises and this policy allows. The Superintendent or designee(s) shall be responsible for getting a determination of the objective FMV of surplus real property⁵. The district will strive to dispose of surplus items at or near their FMV. The real property may be listed for sale with a real estate broker, and the Superintendent or designated individual may contract on behalf of the district to pay the usual and customary sales commission for such transactions, upon sale of the property.

If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee(s) may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid⁷ provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold real property may then, if agreed to by the Superintendent and Board of Directors, be donated to appropriate education related entities, not-for-profit organizations, the county, city, or incorporated town in accordance with the provisions of state law.⁸

Items obtained with federal funds shall be handled in accordance with applicable federal regulations, if any.

The District may not make a part of the disposal of District real property a covenant that prohibits the sale or lease of former District facilities or other real property to a charter that is located within the District's geographic boundaries.

Disposal of Surplus Real Property After Consolidation

Except as otherwise prohibited by this policy, real property of a consolidated school district that is no longer being used for educational purposes and has not been sold, preserved, leased, or donated two (2) years after the effective date of consolidation shall be made available for use by a publicly supported institution of higher education, a

technical institute, a community college, a not-for-profit organization, a county, a city, or incorporated town by the Board of Directors for the following purposes:

- Having the real property preserved, improved, upgraded, rehabilitated, or enlarged by the donee;
- Holding of classes by statutorily authorized education related entities; or
- Providing community programs and beneficial educational services, social enrichment programs, or after-school programs.

Trash

Trash, as defined in this policy, may be disposed of in the most cost efficient or effective method available to the district.

Notes: ¹ One option when determining FMV is to see what the property's value is if the property is sold for salvage or scrap instead of putting the property up for general sale, which may even result in a higher FMV depending on the property in question.

² Due to federal monitoring and disposal requirements, we suggest differentiating the labeling of items purchased with federal funds from non-federal fund items.

³ The FMV of items must be established prior to their disposal. The determination of the surplus commodity's FMV will determine whether the superintendent has to submit it to the board. You need to document how you reached FMV; Digital photos can be very useful, particularly if you decide FMV seems low.

The disposal of items purchased with federal grant funds is governed by the following requirements, which are located at 2 C.F.R. § 200.313(e):

(e) Disposition. When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the non-Federal entity must request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment will be made as follows, in accordance with Federal awarding agency disposition instructions:

(1) Items of equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further obligation to the Federal awarding agency.

(2) Except as provided in § 200.312 Federally-owned and exempt property, paragraph (b), or if the Federal awarding agency fails to provide requested disposition instructions within 120 days, items of equipment with a current per-unit fair-market value in excess of \$5,000 may be retained by the non-Federal entity or sold. The Federal awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the Federal awarding agency's percentage of participation in the cost of the original purchase. If the equipment is sold, the Federal awarding agency may permit the non-Federal entity to deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for its selling and handling expenses.

(3) The non-Federal entity may transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the non-Federal entity must be entitled to compensation for its attributable percentage of the current fair market value of the property.

(4) In cases where a non-Federal entity fails to take appropriate disposition actions, the Federal awarding agency may direct the non-Federal entity to take disposition actions.

⁴ A.C.A. § 6-21-815(c)(1) states "a school district shall make unused or underutilized public school facilities available for lease or purchase". We have elected to only include a requirement for the district to enter into a lease of the unused or underutilized property in the policy because A.C.A. § 6-21-815(c)(3)(A) allows the charter to petition the Commission to force a lease of the property but does not allow a similar forced sale of the property; this is a separate issue from the charter's right of first refusal if you decide to sell the property.

⁵ The FMV of items must be established prior to their disposal. In the case of real property, this should be established by means of a survey and real estate appraisal by a licensed surveyor and appraiser performed within the preceding six (6) months.

The disposal of real property purchased with federal grant funds is governed by the requirements contained in 2 C.F.R. § 200.311, which states in part:

(c) *Disposition. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from the Federal awarding agency or pass-through entity. The instructions must provide for one of the following alternatives:*

(1) *Retain title after compensating the Federal awarding agency. The amount paid to the Federal awarding agency will be computed by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and costs of any improvements) to the fair market value of the property. However, in those situations where the non-Federal entity is disposing of real property acquired or improved with a Federal award and acquiring replacement real property under the same Federal award, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.*

(2) *Sell the property and compensate the Federal awarding agency. The amount due to the Federal awarding agency will be calculated by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and cost of any improvements) to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the Federal award has not been closed out, the net proceeds from sale may be offset against the original cost of the property. When the non-Federal entity is directed to sell property, sales procedures must be followed that provide for competition to the extent practicable and result in the highest possible return.*

(3) *Transfer title to the Federal awarding agency or to a third party designated/approved by the Federal awarding agency. The non-Federal entity is entitled to be paid an amount calculated by applying the non-Federal entity's percentage of participation in the purchase of the real property (and cost of any improvements) to the current fair market value of the property.*

⁶ If there is more than one (1) charter located within the geographic boundaries of a school district, the charter authorizing panel will determine the charter that will have the right of first refusal.

⁷ If a charter has a right of first refusal on the property to be sold and the charter was not the entity who made the high bid, the charter must be provided an opportunity to match the high bid. If the charter agrees to match the high bid, the charter's offer to match the high bid must be the bid that is accepted.

⁸ A.C.A. § 6-13-111 and A.C.A. § 6-21-108 are the statutes that cover donating District property. Please keep in mind that selling below FMV has the same legal connotation as donating. A.C.A. § 6-13-111(c) and (d) establish a system for selling district owned real property that fails to draw a buyer at a previously established Fair Market Price. We suggest consulting the statute for assistance in such a situation. A.C.A. § 6-21-108 sets forth additional requirements for consolidated school districts that is included as a separate section later in the policy.

7.14—USE OF DISTRICT CELL PHONES, COMPUTERS and EMAIL

Board members, staff, and students shall not be given cell phones or computers for any purpose other than their specific use associated with school business. School employees who use a school issued cell phone and/or computers for non-school purposes, except as permitted by District policy, shall be subject to discipline, up to and including termination. School employees may be issued District cell phones if their position requires the employee be available at all times for work related emergencies or the employee be available to speak with others on school related business when the employee is away from the office. Employees issued cell phones for such purposes may use the phone for personal use on an “as needed” basis.¹

Students who use school-issued cell phones and/or computers for non-school purposes, except as permitted by Policy 4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES, shall be subject to discipline, up to and including suspension or expulsion.

Except when authorized in the SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES policies of 3.51 and 8.24, all employees and students are forbidden from using school-issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including:²

- Suspension for students; and
- Termination for employees.

Except when authorized in the SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES policies of 3.51 and 8.24, no employee or student shall use any device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. Violations may result in disciplinary action up to and including:³

- Suspension for students; and
- Termination for employees.

Notes: ¹ The IRS has changed its position regarding the use of district issued cell phones for personal use for those employees who have a genuine **need** for a cell phone due to their job’s duties. Cell phones **cannot** be issued as a fringe benefit, but only as a “legitimate” need related to their job’s responsibilities. There is no longer a need to keep track of personal calls and claim their value as income. The district has the option of supplying the phone directly to the employee or of reimbursing the employee for the cost of his/her personal phone that is used for both District and personal purposes. Any such reimbursement can only be for the specific employee and not any other individuals associated with that employee’s cell phone plan. There has been no change to the use of school computers for personal purposes. Use of school issued cell phones and/or computers by board members or employees who do not meet the policy’s definition of eligibility for non-school purposes is considered income by the Internal Revenue Service. “Income” in this sense means the fair market value that the individual would have had to pay for the use of the cell phone or computer on the open market. Any board member, or employees who do not meet the policy’s definition of eligibility, who uses school-issued cell phones and/or computers for non-school purposes should be issued the appropriate IRS form (1099) stating the amount of income they have been paid by the district.

Please be aware that telephone records for both personal and school business calls of any school employee’s district-provided cell phone can be requested and must be disclosed by the school district under the Arkansas Freedom of Information Act.

² This sentence is included because insurance companies have ruled that injuries occurring while driving and talking on school issued cell phones are subject to workers comp awards.

³ This sentence was added due to the dangers involved for both drivers and pedestrians associated with distracted driving. A.C.A. § 27-51-1609 prohibits the use of a “wireless handheld telephone” while in a

school zone for any purpose when that use is not hands free. While the policy language exceeds the statutory language, we believe the expanded language is important for the protection of students and employees alike.

7.15—RECORD RETENTION AND DESTRUCTION

It is necessary to maintain district records in a manner that provides for efficient document storage and retrieval and is conducive to eliminating unnecessary record retention. Due to the variety of records that may need to be retained and accessed, the superintendent shall ensure that all staff receive appropriate training to understand this policy. Staff shall also understand the possible ramifications to the district and/or themselves for failure to properly maintain records and follow the requirements contained in this policy.

Definitions

“Directly or directly interested” (“directly”) means receiving compensation or other benefits personally or to an individual’s household from the person, business, or entity contracting with the District.

“Indirectly or indirectly interested” (~~hereinafter~~ “indirectly”) means that a family member, business, or other entity in which the individual or a family member has a financial interest will receive compensation or benefits.

“Record” is defined for the purposes of this policy, as an item or items, whether electronic or material, that are created by, at the request of, or received by and purposefully retained by a board member, administrator, or employee in the ordinary course of District business. Examples include, but are not limited to:

- Any kind of correspondence;
- Calendars;

 - An exemption granted by the Division of Elementary and Secondary Education (DESE) from the statutorily defined ethical restrictions associated with a contract for employment or for services provided for the District that involves a District administrator, board member, or employee.

The superintendent shall be responsible for establishing a schedule for the routine destruction of district records that accommodates the needs of the district. The schedule shall specify the length of retention for any records not specifically delineated by this policy and be distributed to staff on a need-to-know basis according to their respective employment duties and responsibilities. The schedule should accommodate the need for records to be stored as a blend of printed, bound and electronically recorded (e.g., audio tape, video tape, micro-fiche, computer disk) material. The superintendent or designee shall ensure the effective and efficient securing, cataloging, storing, and appropriate scheduled destruction of all records.

The following records categories shall be retained for the time specified.

- r. Reports from the Commercial Driver Alcohol and Drug Testing Database of the Office of Driver Services of the Arkansas Department of Finance and Administration – Three (3) years

The superintendent or designee shall be responsible for determining when there is a need to interrupt the routine destruction of records.¹⁰ When the superintendent or designee makes the decision to cease the routine disposal of records, staff affected by the decision shall be promptly informed of the decision and of the nature of records that are to be retained; such records shall be retained until the superintendent or designee has authorized their destruction. Employee training on the district’s records retention schedule shall specifically include information on the records that may need to be retained due to pending disciplinary or legal actions that otherwise would be subject to routine disposal. If an employee has doubt about the need to retain any record otherwise scheduled for destruction, he/she shall consult with the superintendent or designee prior to destroying such records.¹¹

The records’ storage system devised by the superintendent and designee(s) shall be organized in a manner that enables the efficient retrieval of data and documents. The district shall have adequate backup of electronically stored critical data.¹² The system shall be communicated to employees in a manner that enables them to understand and follow the system’s requirements.

In retaining and destroying records, no employee shall:

- Destroy, alter, mutilate, conceal, cover up, falsify, or make a false entry in any record that may be connected to a disciplinary matter or lawsuit or to a matter within the jurisdiction of a federal or state agency, in violation of federal law and regulations or state law and rules.
- Alter, destroy or conceal a document, or attempt to do so, with the intent to impair the document’s availability for use in a disciplinary matter, lawsuit or an official proceeding or otherwise obstruct, influence or impede any lawsuit or official proceeding, in violation of federal law and regulations or state law and rules.
- Retaliate or discriminate against an employee who refuses to violate this policy or to coerce or threaten an employee to violate this policy.

Failure to follow the requirements set forth in this policy may result in disciplinary action against the employee(s), up to and including termination. The district’s board of directors prohibits and will not tolerate any form of reprisal, retaliation or discrimination against any employee who, in good faith, has attempted to comply with this policy.

Notes: ¹ While A.C.A. § 6-24-105(b)(1)(A)(i) permits a district to employ a Board member's family member for up to \$5,000, and (c)(2)(A)(i) permits a district to enter into a non-employment contract with a board member's family member for up to a \$10,000 limit, during the total tenure of the Board member without the District having to receive waivers for such employment, the need to retain documentation for all compensation exists if for no other reason than to establish when ~~that~~ the limit may be reached.

² These are the records required to be maintained during a student's attendance at your district and must be aligned with Policy 4.38—PERMANENT RECORDS.

³ This is limited to the dates a student attended school in your district and if the student earned a diploma. This is information students and adults need from time to time to prove they lived somewhere or to enroll in a college, for security clearances, or for background checks.

⁴ This is a suggested length of time. The minimum time your district must keep financial records (specifically original receipts of district expenditures) is until the records have been audited. In setting up your retention schedule, you might consider the warranty and/or depreciation schedule of the items purchased and keep all financial records until, at a minimum, the warranty has expired or the item has been fully depreciated. As with all other retention schedules, relevant data must be retained if there is pending litigation or the likelihood of litigation until the matter is resolved.

⁵ A.C.A. § 6-24-115 makes it a criminal act to violate the statutes governing Board member and District employees' ethical behavior. A.C.A. § 5-1-109(c)(2) allows for a public servant to be charged for felonious conduct for up to ten years after the officer leaves office or the violation should have been discovered (whichever comes first), but this can be extended by an additional three years if the individual is out of state for a continuous period under A.C.A. § 5-1-109(g). Employees are included in the definition of public servants, so the same retention requirements apply to both Board members and employees.

⁶ DESE's rules only require all documentation to be retained for an individual if the **total** amount of the payments or reimbursements from vendors the individual receives during the fiscal year amount to three hundred dollars (\$300) or more. We recommend retaining the documentation on **all** individuals regardless of whether the dollar amount was reached.

⁷ The requirements contained within A.C.A. § 21-3-302 and 303 necessitate the addition of this record retention category. The five (5) year retention length is not required by statute but is recommended. Any civil suit that would require the documents included in the employment application would be barred after five (5) years by A.C.A. § 16-56-115. Retention for the five years would assure you had the necessary records if a suit was filed during that time.

⁸ We suggest making this determination on a case-by-case basis using the latest of: the terms required by the grant, any related litigation is concluded, the records have been audited, or the 5 year statute of limitations for contracts has expired.

⁹ **Routine** deletion of records, email or other records, is not a problem **so long as** prompt action is taken to stop the deletion relating to matters that common sense and/or previous experience indicates could result in legal and/or disciplinary action. In districts that have routine deletion settings for electronic devices, the person responsible for halting the routine destruction of district records will need to inform the district's Network Administrator (or equivalent) when events trigger the need to retain information that would otherwise be routinely deleted.

¹⁰ Due to the potential adverse repercussions for the failure to cease the destruction of such records, the person responsible for making a "cessation" decision should be close to the source of the cause precipitating the cessation. When an incident occurs that common sense and/or previous experience indicate could result in legal and/or disciplinary action, the routine destruction of district records relating to the incident must be suspended until such time as the legal or disciplinary action, or the likelihood of such action, has concluded. The Federal Rules of Civil Procedure (FCRP) as amended in December of 2006 specifically require litigants to be able to produce pertinent electronically stored information (ESI). FCRP's Rule 37(f) specifically acknowledges the need for routine deletion of records. The issue becomes one of a "good faith" effort to stop record destruction when necessary. The committee's (responsible for developing the rules) notes on this matter state:

"When a party is under a duty to preserve information because of pending or reasonably anticipated litigation, intervention in the routine operation of an information system is one aspect of what is often called a 'litigation hold.' Among the factors that bear on a party's good faith in the routine operation of an information system are the steps the party took to comply with a court order in the case or party agreement requiring preservation of specific electronically stored information."

Records that cannot be produced in a timely manner and/or have been destroyed when common sense and/or previous experience indicated legal and/or disciplinary action could result can cause the district unnecessary and expensive trouble. Besides the inevitable bad public relations of having destroyed records that, the press will be sure to point out, obviously should have been retained, there can also be significant financial costs and/or penalties for the process of attempting to retrieve the records. ASBA would like to stress that deleting electronic records doesn't really get rid of them until they have been overwritten several times by new entries. The process of getting to the supposedly deleted records can be a costly one.

¹¹ If there is any doubt concerning the need to retain, prudence would dictate retention.

¹² While there is a need and/or a place for different formats of document storage/retention (paper, audio tape, video tape, micro-fiche, computer disk), the space required for records storage quickly tilts the equation in favor of electronic methods to the maximum extent possible. The vast majority of documents can be transferred electronically (if created electronically) or scanned into a digital format (if created on paper) and stored on external hard drives, firewalls, servers, tape drives, CDs or DVDs. While this method/process is not free, it can be relatively inexpensive and quite possibly save the district money in the long run when stored records are needed. Consult with your district's technology person to devise the system that will best meet your district's needs, but here are a few points to consider. 1) When scanning, store the documents as PDFs which uses little memory space. If you do the scanning in an Optical Character Recognition (OCR) format, the final documents can be stored in a data base and searched which can save you many hours and much frustration when you need to retrieve something (which is, after all, the reason for the storage). 2) Make multiple copies of the stored documents on separate external storage devices and store the duplicate devices at separate locations to ensure the survival of at least one copy if there is a fire or natural disaster that destroys one of the storage sites. This should be included as part of the district's Disaster Recovery Plan. 3) It is important to remember that technology gets old and obsolete. This necessitates that you establish a schedule or a trigger for the updating of the stored data/documents that are to be retained for more than 10 years. For example, CDs and external hard drives are being replaced with storage servers or cloud-based storage. In short, you need to include file format update/upgrades as part of your district's technology plans.

7.16—INFORMATION TECHNOLOGY SECURITY

The superintendent shall be responsible for ensuring the district has the necessary components in place to meet the district's needs and the state's requirements for information technology (IT) security. To aid the superintendent in creating, monitoring, and updating the District's IT Security system, the superintendent shall appoint an information security officer (ISO). The ISO shall be responsible for:

- a) Overseeing the District-wide IT security system;
- b) Development of District IT policies and procedures;
- c) Development and leading of employee training on the IT Security requirements;
- d) Ensuring compliance with the adherence to the Division of Elementary and Secondary Education (DESE) IT Security standards.

The ISO shall work with other IT staff, the superintendent, and district management appointed by the superintendent to develop a District IT Security system necessary to meet the requirements of this policy and ADESE's standards. The IT security system shall contain the necessary components designed to accomplish the following:

1. The District IT security system shall contain mechanisms, policies, procedures, and technologies necessary to prevent disclosure, modification, or denial of sensitive information.

For the purposes of the IT Security system, "sensitive data" is any and all student and employee data that is either personally identifiable information (PII) or any non PII information that, if assembled together, would allow a reasonable person to identify an individual. Sensitive data includes, but is not limited to:

- Student personally identifiable information, except as allowed by the Family Educational Rights and Privacy Act (FERPA);¹ and
- Employee personally identifiable information, except as required by Ark. Code Ann. § 6-11-129.

All District employees having access to sensitive information shall receive annual IT security training, which shall emphasize the employee's personal responsibility for protecting student and employee information.

2. Physical access to computer facilities, data rooms, systems, networks and data will be limited to those authorized personnel who require access to perform assigned duties.

User workstations shall not be left unattended when logged into sensitive systems or data that includes student or employee information. Workstation settings shall be set for automatic log off and require a password for the system to restore from screensavers.

All equipment that contains sensitive information shall be secured to deter theft. No sensitive data shall be retained on laptops and/or remote devices (home computer, thumbdrives, cell phones, CDs, etc.) unless it is encrypted in accordance with the Arkansas State Security Office's Best Practices.

Server rooms and telecommunication rooms/closets shall be protected by appropriate access control. The rooms shall be segregated from general school or District office areas to restrict access. Server room access control shall be enforced using keys² to allow unescorted access only to IT or management staff who require the access to perform their job functions.

3. Network perimeter controls will be implemented to regulate traffic moving between trusted internal (District) resources and external, untrusted (internet) entities. All network transmission of sensitive data shall enforce encryption where technologically feasible.

The District shall maintain a network configuration management program that includes at a minimum:

- a) A network diagram identifying all connections, addresses, and purpose of each connection including management approval of all high risk internet facing ports such as mail (SMTP/25), file transport protocol (FTP/20-21), etc.

- b) All public facing (internet) servers and workstations segmented on a demilitarized zone (DMZ) that keeps them separate from the internal District network. Segmentation shall be through firewall and router³.

All wireless access shall require authentication. The DISTRICT wireless networks will deploy network authentication and encryption in compliance with the Arkansas State Security Office's Best Practices. Scans for rogue wireless devices will be conducted at a minimum monthly. Any Rogue wireless device shall be disabled.

Remote access with connectivity to the District internal network shall be achieved using encryption. Appropriate WARNING BANNERS shall be implemented for all access points to the District internal network.

4. System and application access will be granted based upon the least amount of access to data and programs required by the user in accordance with a business need-to-have requirement.

The District shall enforce strong password management for:

- Employees and contractors as specified in Arkansas State Security Office Password Management Standard.
- Students as specified in Arkansas State Security Office K-12 Student Password Management Best Practice.

User access shall be limited to only those specific access requirements necessary for an employee to perform his/her job functions. Where possible, segregation of duties shall be utilized to control authorization access.

User access shall be granted and terminated upon timely receipt of a documented access request/termination. All access requests shall require approval by the ISO or designee. Ongoing access shall be reviewed for all users at a minimum annually.

Audit and log files shall be generated and maintained for at least ninety (90) days for all critical security-relevant events, including but not limited to:

- Invalid logon attempts;
- Changes to the security policy/procedures; and
- Failed attempts to access objects by unauthorized users.

IT administrator privileges for operating system(s), database(s), and applications shall be limited to the minimum number of staff required to perform these sensitive duties.

5. Application development and maintenance for in-house developed student or financial applications will adhere to industry processes for segregating programs and deploying software only after appropriate testing and management approvals.

Any custom-built student or financial applications or supporting applications that interface, integrate with, or provide queries and reporting to/from student or financial systems shall be developed using a system development life cycle approach that incorporates at a minimum:

- a) Planning, requirements, and design;
- b) User acceptance testing (UAT);
- c) Code reviews; and
- d) Controlled migration to production.

Any changes to core or supporting applications that provide student or financial processing or reporting shall be implemented in a controlled manner that includes at a minimum:

- Documentation of any change, including changes to both infrastructure and application;
- Management approval of all changes; and
- Controlled migration to production, including testing as appropriate.

6. Monitoring and responding to IT related incidents will be designed to provide early notification of events and rapid response and recovery from internal or external network or system attacks.

The District shall develop and maintain an incident response plan to be used in the event of system compromise that shall include:

- a) Emergency contacts;⁴
- b) Incident containment procedures; and
- c) Incident response and escalation procedures.

7. To ensure continuous critical IT services, the District ISO will develop a business continuity/disaster recovery plan appropriate for the size and complexity of the District IT operations.

The district-wide business continuity plan shall include at a minimum:

- Procedures for performing routine backups at least weekly and the storage of backup media at a secured location other than the server room or adjacent facilities. Backup media shall be stored off-site a reasonably safe distance from the primary server room and retained in a fire resistant receptacle.
- A secondary backup processing location, such as another School or District building, shall be identified.
- A documented calling tree with emergency actions to include:
 - Recovery of backup data;
 - Restoration of processing at the secondary location; and
 - Generation of student and employee listings to ensure an accurate head count.

8. Server and workstation protection software will be deployed to identify and eradicate malicious software attacks such as viruses, spyware, and malware.

Spyware and virus protection software shall be installed, distributed, and maintained on all production platforms, including:

- a) File/print servers;
- b) Workstations;
- c) Email servers;
- d) Web servers; and
- e) Application and database servers.

Malicious software protection shall include:

- Weekly update downloads;
- Weekly scanning;
- The malicious software protection to be in active state (realtime) on all operating servers/workstations.

All security-relevant software patches shall be applied within thirty (30) days and critical patches shall be applied as soon as possible.⁵

Notes: ¹ More information on FERPA may be found in Policy 4.13—PRIVACY OF STUDENTS' RECORDS/DIRECTORY INFORMATION.

More information, including a copy of DESE's IT Security Policy, may be found at <https://adedata.arkansas.gov/security>.

² Insert the method used to restrict access. The types of methods suggested are keys, electronic card readers, or a similar method.

³ Insert your method for segmentation of the network. The recommended methods are firewall, router, virtual local area network (VLAN), or a similar network access control device that does not allow internet traffic to access any internal system without first passing through a DMZ or network device rule set.

⁴The list of recommended emergency contacts contains:

- a) Vendors;
- b) DIS;
- c) DESE/APSCN;
- d) Law enforcement; and
- e) District employees.

⁵DESE recommends that districts consider implementing enterprise servers for required updates to conserve network resources.

7.17—FOOD SERVICE PREPAYMENT

Meal Charges¹

The District participates in Provision 2⁵ and provides meals to all students at no charge. The District does provide credit for staff to charge for meals or for staff to charge for a la carte or other food and beverage items available for purchase in the school food service areas. A la carte or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Staff and parents, or students choosing to do so, may pay in advance for a la carte or other food and beverage items through any of the following methods:²

- Submitting cash or check payment to the school cafeteria³;

At the end of each school year, the amount of uncollected meal charges from all staff must be paid to Osceola School District Child Nutrition. If monies are not paid, the amount of indebtedness will be deducted from the employee's paycheck.

Notes: This policy is similar to policy 4.51. If you change this policy, please review 4.51 at the same time to ensure applicable consistency between the two.

While districts have the option to allow staff and students to charge for meals, a la carte items, and alternative meals, we have not provided any options that would allow staff and students to do so because Chapter 3 of the federal Fair and Accurate Credit Transaction Act of 2007 (15 U.S.C. § 1681 *et seq.*), along with its accompanying regulations (16 C.F.R. part 681), requires "creditors" to implement an Identity Theft Protection Program. We see the establishment and maintenance of an identity theft protection program to be a financial and potentially time-consuming burden. Districts can avoid this burden by not having practices deemed to make them "creditors", such as through the language in this policy.

A copy of this policy must be communicated in writing at least once to all households at the start of each school year and to households of students who transfer to the school during the school year. Some suggestions on communication methods are to include a copy of the policy in:

- Student enrollment materials;
- Print versions of student handbooks; or
- Notification methods on applying for free or reduced price meals.

The United States Department of Agriculture (USDA) does not consider providing a copy of this policy only in electronic format to satisfy the communication requirement.

A written copy of this policy must be provided to all staff responsible for policy enforcement. This includes:

- A. School food service professionals;
- B. Staff involved in notifying families of low prepaid account balances;
- C. School social workers;
- D. School nurses; and
- E. The LEA homeless student liaison.

¹ While the options provided in this section are written as though they will apply to the district as a whole and that you will only need to select one option, the circumstances at your district may require you to select an option at the individual school level. As an example: if your elementary and middle school both participate in the USDA's Community Eligibility Provision (CEP) while the high school is a traditional school, then you would need to adopt Option 2 for both the elementary and middle school and Option 1 for the high school.

² Insert the methods here that parents and students may use to put money into the student's account. If you do not have an online method for parents to place money in a student's account, then remove it from this list. If you have an online prepayment system, the USDA requires that an option for the parent or student to provide funds through a cash or check system continue to be provided as not all families may have easy access to the internet. In addition, if there are any fees associated with your online prepayment system, or any other prepayment system, that are not covered by the district, you are required to inform district parents of the fees.

³ Insert the place where parents and students may go to submit money for the student's account. Examples include, but are not limited to: the district's central office, the school's central office, or the food service office.

7.18—DISPOSAL OF NON-NEGOTIATED CHECKS OR UNCLAIMED PROPERTY

State law specifies how the district is to dispose of retained funds in the form of issued but non-negotiated checks that have been not been presented for payment within one (1) calendar year. The district shall dispose of these retained funds in accordance with the law and remit the amount of all non-negotiated checks to the Unclaimed Property Division of the Arkansas Auditor's Office.

The district shall make a good faith effort to return physical items that have been left on district property to their rightful owners. When contact information is known for the owner of an item of a non-perishable nature left at the district, the district shall use the information to attempt to contact the owner to inform him/her of the location of the item. Owners of such items shall be given at least three (3) weeks¹ to pick up the item he/she left at the district. If the owner fails to pick up the item within the time allotted, the district may dispose of the item in a manner of its choosing.

The district is under no obligation to retain an abandoned, perishable item left on district property.

Notes: The first paragraph of this policy is short, but it has great importance especially if your district has not been submitting reports as the law requires. Checks are considered to be non-negotiated when they have not been paid by the bank from the school district's checking account and shown as cleared on the school district's bank statement. Funds are considered "unclaimed" after a check has been issued and mailed, but is not presented for payment at the bank or appear on the bank statement in the twelve (12) month period after it has been issued. Districts are required to file annual reports by October 31.

The state auditor's website auditor.ar.gov has a section that does a good job of explaining the requirements.

¹ You may choose the time period that works for your district. Enforcing the time limit may depend on the item that has been left behind and possible circumstances surrounding how the item was left at the district.

7.19—SERVICE ANIMALS IN DISTRICT FACILITIES

In accordance with the provisions of the Americans with Disabilities Act and Arkansas statutes, service dogs and trained miniature horses¹ (service animals) are permitted for use by individuals with disabilities on district property and in district facilities provided the individuals and their animals meet the requirements and responsibilities covered in this policy.

When an individual with a disability seeks to bring a service animal into a district facility, the district is entitled to ask the individual:

- a. If the animal is required because of a disability; and
- b. What work or task has the animal been trained to perform.²

While the district is not entitled to ask for documentation that the animal has been properly trained, the individual bringing the animal into a district facility will be held accountable for the animal's behavior.

Any service animal brought into a district facility by an individual with a disability must have been trained to do work or perform tasks for the individual. The work or tasks performed by the service animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do **not** constitute work or tasks for the purposes of this policy; no animal brought solely for any of these reasons shall be permitted on school grounds.³

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control by means of voice control, signals, or other effective means.

A service animal shall be groomed to prevent shedding and dander and shall be kept clean of fleas and ticks.

District staff may ask an individual with a disability to remove a service animal from the premises if:

1. The animal is out of control and the animal's handler does not take effective action to control it;
2. The animal is not housebroken; or
3. Making reasonable accommodations for the service animal's presence would fundamentally alter the nature of the service, program, or activity.

If the district excludes a service animal due to the reasons listed above, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

The District and its staff are not responsible for the care or supervision of a service animal brought onto district property or into district facilities by an individual with a disability. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care

for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Prior to working in the school, any person responsible for providing care and supervision of the animal must go through the same process for background checks as required of all employees of the school system.

The District shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets.⁴

Individuals should be aware that under Arkansas law the misrepresentation of an animal as a service animal or a service animal in training to a person or entity operating a public accommodation may subject the individual to a civil penalty.

Notes: The Department of Justice has published an FAQ on service animals. A copy may be found on the Policy Resources Page at <https://arsba.org/policy-resources>.

¹ A service dog may be any breed even if the breed is restricted by a local ordinance. A miniature horse is not one specific breed, but may be one of several breeds, with distinct characteristics that produce animals suited to service animal work. The animals generally range in height from 24 inches to 34 inches measured to the withers, or shoulders, and generally weigh between 70 and 100 pounds. There is a bit more flexibility for Districts in determining if a facility can accommodate a horse than for a dog. Miniature horses are less flexible than dogs and therefore may not fit into smaller spaces as well as a dog. In specific instances when the horse's size poses a legitimate safety hazard, the horse could be prohibited from that specific event or facility. Keep in mind, however, that if a facility could reasonably accommodate a 24" dog, it could likely accommodate a 24" horse.

² Districts are **not** allowed to ask about the nature or extent of a person's disability.

³ This paragraph is optional. The school is not required to allow an individual to bring an animal that is only for crime deterrence, emotional support, or comfort onto school grounds but may do so if it wishes.

⁴ The District can only charge an individual with a disability for damage caused by his or her service animal if it charges other individuals for damages they cause.

7.20—ELECTRONIC FUND TRANSFERS

District funds shall only be disbursed by the district treasurer upon the receipt of checks or warrants signed by the District Board of Directors' Disbursing Officer and the Superintendent or through the electronic transfer of funds. Any electronic transfer of funds must be initiated by the District and authorized in writing by both the Disbursing Officer of the school district Board of Directors and the Superintendent.

For the purposes of this policy, "initiated by the District" means the District controls both the timing and the amount of the funds transfer.

The district treasurer shall maintain evidence of authority for the disbursement in the form of invoices, payrolls that conform with written contracts on file in his/her office, or other appropriate documentation indicating an authority to disburse District funds.

"Other appropriate documentation" includes one-time, signed authorization for recurring transactions. The Board of Directors Disbursing Officer must pre-authorize the electronic transfer of funds for non-recurring transactions which can be accomplished by a signed authorization or an email authorizing such a disbursement of funds.¹

Notes: ¹ Commissioner's Memo Com-12-036 suggests the use of email as a way to obtain pre-authorization for non-recurring transactions. You may add to or change this language to reflect district practice provided adequate internal control is maintained for such transactions.

The Commissioner's Memo strongly discourages use of district debit cards. While we did not include any language to that effect in this policy, we agree with both the DSEE and Legislative Audit that districts would be wise to avoid their use. The occasional use of District credit cards is unavoidable, but Legislative Audit urges stringent internal controls to help ensure such use is not abused.

7.21—NAMING SCHOOL FACILITIES

Except as otherwise permitted in this policy or Arkansas law, the District shall not name any building, structure, or facility, paid for in whole or in part with District funds, for an individual living at the time of its completion who, in the ten (10) years preceding its construction, was elected, or held, a federal, state, county, or municipal office and received a salary for his/her service.

Exceptions to the preceding paragraph may be made when a building, structure, or facility is a constructed through the use of at least 50% private funds or, the name refers to:

1. an individual(s) living at the time of its completion and who has historical significance;
2. an individual who is or has been a prisoner of war; or
3. a living individual who is at least 75 years of age and is retired.

Note: This policy was triggered by Act 1225 of 2013. Prior to the act there were no statutory naming restrictions applicable to school districts. The key language in the new restrictions is the person must be either elected **or** held office **and** received a salary for the office. This would **exempt**, for example, school employees and also school board members, but would **include** the Commissioner of Education, the governor, or a federally appointed judge.

7.22—PRIVATE SPONSORSHIP OF EXTRACURRICULAR EVENTS

The Superintendent, or designee, may negotiate for the private sponsorship of an event to take place during the time allotted for a half-time break of any of the District's interscholastic activities. The amount of time for a half-time break shall not be extended for the event.

The school district shall not discriminate against potential sponsors based on political affiliation, religion, or perceived message. The superintendent, or designee, may decline sponsorship for any of the following reasons:

- The sponsored event would conflict with school or school group presentations;
- The proposed event would be logistically impracticable due to the estimated time, required materials for the event, or for other reasons associated with the implementation of the event;
- The proposed event would make continuation of the interscholastic activity impracticable due to residual mess/trash resulting from the activity; or
- The proposed event would present an unacceptable safety risk to students or viewing audience.

The superintendent's, or designee's, decision to accept or decline the proposed sponsored event shall be final.

Any potential sponsor shall be required to demonstrate proof of an in force, minimum face value one million dollar (\$1,000,000) general liability insurance policy that would cover the event. The sponsor must also agree to indemnify the school against any damages to school property, school employees, students, or bystanders that arise as a result of the sponsored event as well as from any law suits that are filed in response to such damages.

There shall be no live or recorded speech, music, or other media provided by the sponsor used during the sponsored event.¹ A member of the school's administration shall announce the name of the sponsor of the event and shall be present to assist in conducting the event. The school administrator shall be a neutral participant and shall only make content neutral statements during the event. To meet this standard, the administrator shall not promote or act in a manner that creates the appearance, or that could give the impression, that the District sponsors, endorses or otherwise agrees with the product, person/group, or event being promoted by the sponsor. No school employee may act as the representative of a sponsor or wear attire/apparel that is provided by the sponsor or that could be interpreted as promoting the sponsor's interests. Employees or representatives of/affiliated with the sponsor may be present at the event and stand with the member of school administration who is announcing and conducting the event; such employees/representatives of the sponsor may wear clothing identifying them as sponsors of the event.

The superintendent, or designee, shall have the authority to regulate the time, place, and manner of the distribution of promotional materials by the event sponsor. "Promotional materials" includes, but is not limited to, pamphlets, pens/pencils, sports equipment (whether miniature or full sized), or clothing. The event sponsor shall provide the superintendent, or designee, with a complete list of the types of promotional materials the event sponsor intends to distribute at the event so that the superintendent, or designee, may make an informed decision on the time, place, and manner of distribution that would result in the least amount of disturbance with the interscholastic activity.

The superintendent, or designee, should take the following into account when determining the best time, place, and manner of distribution of promotional materials:

- Whether the promotional materials could be a distraction to participants in the interscholastic activity due to the promotional material emitting light or noise;
- Whether the promotional materials have a high possibility of being able to be used against participants of the interscholastic activity to attempt to alter the outcome of the activity;
- The possibility that the promotional materials would be left by recipients to become litter; and
- The possibility that the promotional materials would divert the attention of the audience from the interscholastic activity.

The superintendent, or designee, shall limit the distribution of promotional materials to audience members when they are entering the school building/arena, during the sponsored half-time event, and/or when they are leaving the

school building/arena. The superintendent's, or designee's, restrictions on the time, place, and manner of promotional materials shall be final.²

Any funds received through private sponsorship shall be placed in the District's Activity Account. The superintendent, or designee, should follow the policy for receiving public gifts or donations when negotiating the sponsorship amount, as set forth in policy 6.3—Public Gifts and Donations to the Schools.

Notes: ¹ The purpose of the media restriction is to protect the District from First Amendment lawsuits. First, the restriction prevents the District from being sued based on any misperception that the District endorses any perceived message resulting from the provided media. Second, having such a restriction provides the District protection from suits that the District has been limiting, or not limiting, the content of any message. Third, the restriction prevents the creation of an open forum as it does not allow for any input from the community.

² While no law requires time, place, or manner restrictions on the distribution of materials, restrictions that are reasonable are constitutional. The examples in the paragraph are not intended to be exhaustive, but can be used to help you in choosing how best to limit possible interference with the extracurricular event.

7.23—HEALTH CARE COVERAGE AND THE AFFORDABLE CARE ACT

Definitions

“Dependent”, for purposes of this policy, means an employee’s child(ren) and/or spouse who are enrolled by the employee in health care coverage through the District’s health care plans.

“Full-time school bus driver” means a person employed by the District to drive regular routes during the annual school year:

1. Who contracts with the District to operate a school bus for at least seven hundred twenty (720) hours during the school year;
2. Whose primary source of income during the school year is obtained by operating a school bus for the District; or
3. Who contracts with the District to operate a school bus and is designated by the superintendent as a full-time school bus driver, regardless of the number of hours for which the person is contracted.

“Full-time employee”, for purposes of this policy, means an employee who is:

- a. In a position¹ requiring on average thirty (30) hours of actual performance per week during the annual school year; or
- b. A full-time school bus driver.

“Responsible individual” means a primary insured employee who, as a parent or spouse, enrolls one or more individual(s) in health care coverage through the District’s health care plans.

“Variable hour employee”, for the purposes of this policy, means an individual, other than a full-time school bus driver, who has no base minimum number of hours of performance required per week.

Health Insurance Enrollment

All full time District employees are eligible to enroll themselves; their spouse, so long as the spouse is not otherwise eligible for insurance through his/her employer's sponsored plan;² and their child(ren) in one of the insurance plans through the Public School Employee Life and Health Insurance Program (PSELHIP). Variable hour employees are not eligible to enroll in a PSELHIP plan. If a variable hour employee’s measurement period finds that the employee averaged thirty (30) or more hours per week, then the employee is treated as a full time employee rather than a variable hour employee and is eligible for health insurance.³ New full time employees have sixty (60) days following the start date of the employee’s contract to elect to enroll in a PSELHIP plan; all new employees shall be informed in writing of the start date of the employee’s contract and that the employee has sixty (60) days from that date to elect PSELHIP coverage.⁴ Coverage for new employees who choose to enroll in a PSELHIP plan shall take effect on the first of the month following the date on the enrollment application. Coverage shall be in effect until the end of the calendar year. Employees who experience a Qualifying Status Change Event⁵ have sixty (60) days from the date of the Qualifying Status Change Event to file an application to change coverage information. All employees who continue to be eligible may elect to continue coverage and make changes to their PSELHIP plan for the following plan year during the yearly open enrollment period.

The District shall ensure all employees are provided education annually on the advantages and disadvantages of a consumer-driven health plan option and effective strategies of using a Health Savings Account (HSA).⁶

District Contribution to Premiums

At a minimum, the District shall distribute the statutorily required contribution rate to all employees who are enrolled in one of the PSELHIP plans, which shall include any mandatory increases to the contribution rate due to increases to the salary schedule.⁷ In accordance with the State Health Insurance Portability Rules (SHIP), the District shall continue to pay the premium contribution for an employee who transfers to another Arkansas school district that also participates in the SHIP through August 31 of the calendar year the employee leaves the district so long as the employee:⁸

- 1) Completes his/her contract with the District;

- 2) Provides the District with notice that the employee is transferring to another district by no later than the Friday following the last student contact day⁹;
- 3) Provides the District with proof of employment at another Arkansas district; and
- 4) Has the employee portion of the premium deducted from his/her end-of-year checks or pays the District business office the employee's portion of the premium by the 15th¹⁰ of both July and August.

Measurement Method of Employee Hours³

Option 1: The District uses the look-back method for determining if an employee qualifies as a full-time employee.³

Option 2: The District uses the monthly measurement method for determining if an employee qualifies as a full-time employee.³

W-2

For all full-time employees who are enrolled in a PSELHIP plan, the District shall indicate in box twelve (12) of the employee's Form W-2 the cost of the employee's health care coverage by using code "DD".¹¹

IRS Returns

The District will electronically file with the IRS by March 31 of each year the forms¹² required by the IRS on the health insurance coverage of each full-time employee for the previous calendar year, whether or not the full-time employee participates in a health insurance plan through the PSELHIP.

Statement of Return

The District shall send to each full-time employee a Statement of Return (Statement) regarding the IRS Return¹³ filed on the employee. The Statement shall contain: The District's name, address, and Employer Identification Number (EIN) as well as a copy of the IRS Return filed on the employee. The District shall send a copy of the Statement to the employee on or before January 31 of the calendar year following the calendar year the information in the Statement covers. The District shall send only one Statement to the household of an employee who meets the definition of a responsible individual that will include all requisite information for both the responsible individual and the responsible individual's dependent(s). The Statement will be mailed to the employee's address on record.

Record Retention

The District shall maintain copies of the Statements sent to employees in accordance with the requirements for documents transmitted to the IRS in Policy 7.15—RECORD RETENTION AND DESTRUCTION.

Notes: This Policy is not intended to provide information on the specifics of the differences between the available PSELHIP plans; such information may be requested from the Employee Benefits Division (EBD).

¹ Although Arkansas's statutory language is "a position", the Fair Labor Standards Act and the Affordable Care Act both state that the determination of total number of hours is based on the specific employee rather than the number of contracts/positions an employee has with the same employer. We believe that the Federal laws allow you to have an employee under separate contracts so long as you combine the number of hours from each contract to reach a total number of hours for that employee.

Example: An employee has two contracts with your district: one for a bus driver and one for a custodian. The bus driver contract is for twenty (20) hours each week and the custodian contract is for fifteen (15) hours each week. The employee is treated as providing thirty-five (35) hours for your district and would be eligible.

² EBD permits an employee to insure his/her spouse through the PSELHIP when the employee's spouse is a state employee or a public school employee.

³ The Missouri School Boards Association has an excellent document containing more information on variable hour employees, selecting a measurement method, and setting up procedures for calculating hours. The document can be found at <https://arsba.org/policy-resources>.

⁴ The start date of the employment contract is important because it triggers the start of the sixty (60) days the employee has to elect coverage. Our understanding is that EBD will use the date the employee is entered into APSCN to determine the start and end dates of the sixty (60) day period. The date an employee should be entered into APSCN as having been hired is the first date the employee's contract covers rather than the date the board voted to employ the individual; for example:

The employee has a 190 day contract with a first day of duty of Aug. 7th and runs through May 29th. The start date is August 7th.

⁵ Qualifying Status Change Events include: change in number of dependents due to birth, adoption, death, or loss of eligibility due to age; change in marital status due to marriage, death, divorce, legal separation, or annulment; change in employment status; and loss or gain of group coverage. EBD requires supporting documentation of the qualifying status change event be attached to the application for a change in coverage.

⁶ A consumer-driven health plan option is a health insurance plan that qualifies as a high deductible health plan. Currently, the PSELHIP plans that qualify as consumer-driven health plans are the Classic and Basic Plans. Districts may satisfy the training requirement by allowing a representative from the EBD's list of approved vendors to speak with the district's employees.

⁷ The amount for the minimum contribution rate is set forth in A.C.A. § 6-17-1117(a)(1). Districts may be required to pay above the minimum contribution amount if the district gives a raise to the base minimum bachelor's level teacher salary schedule. The district would then have to increase the contribution rate by the same percentage as the increase to the base minimum bachelor's level teacher salary schedule; the exceptions to this are:

- The increase to the base bachelor's level salary schedule was to bring the district into compliance with the statutory minimum teacher salary schedule;
- Seventy-five percent (75%) or more of the district's eligible employees participate in health insurance through the PSELHIP; or
- The district's contribution is one hundred twenty-five percent (125%) or more above the minimum contribution amount.

When a district employee has elected the employee and spouse plan or the family plan and the employee's spouse also works for the district, the employee who is the primary insured individual is the only individual considered to have "elected to participate"; thus, the district is only responsible to pay a contribution rate for one employee rather than for both the employee and spouse.

⁸ This is optional language from the SHIP Rules, which has the intent to provide some uniformity across the state on how to handle the summer contract gap period and provide increased certainty for personnel. If your district elected not to participate in the program, replace this language with "The District does not participate in the State Health Insurance Portability program" and renumber the remaining footnotes. Participation in the program provides that personnel who are transferring from one participating Arkansas district to another participating Arkansas district have two options:

- a) Legally, each school district is a separate employer; as a result, employees who transfer from another district have the option to be treated as a new employee for health insurance. As a new employee, the employee has the option to select a different level of insurance (Move from the Basic Plan to the Premium Plan or vice versa), add or drop dependents, and be eligible to receive the wellness discount. However, the employee will have all deductibles reset. Transferred employees who wish to be treated as a new employee are required to timely inform the district he/she is transferring from that

the employee desires a break in coverage and to not have payments made on health insurance for July and August; these employees will be required to submit a new election form to EBD in order to have their health insurance reinstated.

- b) The transferred employee may elect to continue existing coverage through the new district. An employee who chooses this option may not change plan types, add or drop dependents, and will only receive the wellness discount if the employee had qualified for the discount prior to transferring to the new district. Employees who wish to be treated as a transferring employee instead of a new employee will need to have the district the employee is transferring from indicate in the EBD task for employee termination that the reason for their termination is due to a transfer and have their new district submit a Notice of Public School Employee Transfer Form to EBD. For an employee to be eligible for this option, both the employee's former district and the new district must participate in the SHIP program.

A copy of the SHIP Rules may be found at <https://arsba.org/policy-resources> and more information on procedures may be found in EBD's Public School Employee Benefits Administration Manual.

⁹ We have put in a floating date for when employees have to notify that they are transferring that allows the policy to automatically take into account any extensions due to school being closed.

¹⁰ The 15th is only a recommended date. The date must be set to allow a reasonable amount of time for collection from the employee but still allow the district to make a timely payment for health insurance premiums to EBD.

¹¹ This information has no impact on the employee's taxes as the employee portion of the health coverage premium is still excluded from earned income. The inclusion on the Form W-2 is for informational purposes only.

¹² The two forms districts will be required to complete are Form 1094C and Form 1095C. Form 1095C, like a W2, is specific to each full time employee. Form 1094C, like a W3, is a transmittal form that covers all the 1095C submitted to the IRS as well as some additional information.

¹³ The IRS Return that will be sent to each full-time employee is a copy of the Form 1095C the district submits to the IRS on the employee.

State law requires each District to include its classified employee's salary schedule in its written personnel policies. Your district is required to have a salary schedule for at least the following five categories of classified personnel: 1) Maintenance and Operations; 2) Transportation; 3) Food Service; 4) Secretarial and Clerical; and 5) Aids and Paraprofessionals. The District is required to post the salary schedule on its website by September 15 of each year and should place an obvious hyperlink, button, or menu item on the website's homepage that links directly to the current year classified policies and salary schedule.

For the purposes of this policy, an employee must work two thirds (2/3) of the number of their regularly assigned annual work days to qualify for a step increase.²

The superintendent has the authority, when recommending an applicant and his/her placement on the District's salary schedule to the Board for its approval, to consider the applicant's previous work experience with similar duties, responsibilities, and skill sets to those job duties and responsibilities the applicant would assume for the District.³

Notes: The salary schedule does not have to, but certainly may, contain steps, nor does it have to be listed specifically, i.e. John Doe = \$9.25 per hour, Jane Doe = \$9.55 per hour. You may list the spread in salaries per category. For example, Janitors = \$8.75 to \$11.00 per hour, Bus drivers = \$9.75 to \$12.00 per hour, etc.

A.C.A. § 6-13-635 requires the Board to adopt a resolution that it has reviewed and adopted all salary increases of 5% or more, but most of the Act's listing of reasons are statutorily required raises and are paid by the state and not district funds. The Act's language requires the resolution even for an employee who moves from one position to another higher paying position such as going from teaching to administration. None-the-less, the resolution is required. Policy 1.9 directs the Board to review the salaries when adopting changes to this policy.

We recommend the following language for the Board's resolution:

Whereas, the superintendent has identified all changes from last school-year's published salary schedule, and has identified and presented the Board of Directors with each employee's salary increase of 5% or more as required under A.C.A. § 6-13-635 and created a spreadsheet explaining each;

Therefore, the Osceola School District Board of Directors approves and resolves that the spread sheet including those explanations are a factual representation of the raises given for the **insert date** school-year.

¹ Your district's salary schedule should be inserted in place of this paragraph. The remainder of the policy should remain in the policy. It's important to note that any changes to the salary schedule must go through the PPC and the Board adopt the policy with the actual salary schedule included in the adopted policy. The following definition can be used to ensure you have included the data they will be looking for when you are reviewed:

“Classified Salary Schedule is a set of matrices that are updated and published each school year, which contains the minimum salaries for all five classifications of classified employees and includes ranges, steps, and rates of pay. The salary schedule is required to reflect the actual pay practices of the district.”

² Include this sentence only if your district has step increases built into its classified salary schedule. Two thirds (2/3) is merely offered as a suggestion.

³ This is optional language, but can be useful when trying to attract employees from the private work sector.

8.4—CLASSIFIED EMPLOYEES DRUG TESTING

Definitions

“Clearinghouse” means the Federal Motor Carrier Safety Administration Commercial Driver's License Drug and Alcohol Clearinghouse.

“Database” means the Commercial Driver Alcohol and Drug Testing Database of the Office of Driver Services of the Arkansas Department of Finance and Administration.

“Safety-sensitive function” includes:

- a. All time spent inspecting, servicing, and/or preparing the vehicle;
- b. All time spent driving the vehicle;
- c. All time spent loading or unloading the vehicle or supervising the loading or unloading of the vehicle; and
- d. All time spent repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

“School Bus” is a motorized vehicle that meets the following requirements:

1. Is designed to carry more than ten (10) passengers;
2. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
3. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Scope of Policy

Each person hired for a position that allows or requires the employee to operate a school bus shall meet the following requirements:

1. The employee shall possess a current driver’s license authorizing the individual to operate the size school bus the individual is being hired to drive².
2. Have undergone a physical examination, which shall include a drug test,³ by a licensed physician or advanced practice nurse within the past two years; and
3. A current valid certification of school bus driver in service training.⁴

Each person’s initial employment for a job entailing a safety-sensitive function is conditioned upon:

- The district receiving a negative drug test result for that employee;⁵
- The employee submitting an electronic authorization through the Clearinghouse for the District to run a full query of the employee’s information in the Clearinghouse; and
- The employee’s signing a written authorization for the District to request information from:
 - The Database;⁶ and
 - Any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two (2) years prior to the date of the employee’s application.

All employees who perform safety-sensitive functions shall annually⁷ submit a written authorization for the District to conduct a limited query of the employee’s information from the Clearinghouse. The District shall perform a limited query of all employees who perform safety-sensitive functions at least once each school year. If the District’s limited query of the Clearinghouse shows that information exists in the Clearinghouse that may prohibit the employee from performing safety-sensitive functions, the District shall conduct a full query of the Clearinghouse on the employee within twenty-four (24) hours of conducting the limited query. If the District is unable to conduct a full query within twenty-four (24) hours due to the twenty-four (24) hours falling on a weekend, holiday, or other day the District is closed or due to the failure of the employee to authorize the District to receive information resulting from the full query of the Clearinghouse, the employee shall not be permitted to perform any safety-sensitive function until

the District conducts the full query and the results confirm that the employee's Clearinghouse record contains no prohibitions on the employee performing safety-sensitive functions.

Methods of Testing

The collection, testing methods and standards shall be determined by the agency or other medical organizations chosen by the School Board to conduct the collection and testing of samples. The drug and alcohol testing is to be conducted by a laboratory certified pursuant to the most recent guidelines issued by the United States Department of Health and Human Services for such facilities ("Mandatory Guidelines for Federal Workplace Drug Testing Programs").

Requirements

Employees shall be drug and alcohol free from the time the employee is required to be ready to work until the employee is relieved from the responsibility for performing work and/or any time they are performing a safety-sensitive function. In addition to the testing required as an initial condition of employment, employees shall submit to subsequent drug tests as required by law and/or regulation. Subsequent testing includes, and/or is triggered by, but is not limited to:

1. Random tests;
2. Testing in conjunction with an accident;
3. Receiving a citation for a moving traffic violation; and
4. Reasonable suspicion.

Prohibitions

- A. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater;
- B. No driver shall use alcohol while performing safety-sensitive functions;
- C. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol;
- D. No driver required to take a post-accident alcohol test under # 2 above shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first;
- E. No driver shall refuse to submit to an alcohol or drug test in conjunction with # 1, 2, and/or 4 above;
- F. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when using any controlled substance, except when used pursuant to the instructions of a licensed medical practitioner who, with knowledge of the driver's job responsibilities, has advised the driver that the substance will not adversely affect the driver's ability to safely operate his/her vehicle. It is the employee's responsibility to inform his/her supervisor of the employee's use of such medication;
- G. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Violation of any of these prohibitions may lead to disciplinary action being taken against the employee, which could include termination or non-renewal.

Testing for Cause

Drivers involved in an accident in which there is a loss of another person's life shall be tested for alcohol and controlled substances as soon as practicable following the accident. Drivers shall also be tested for alcohol within eight (8) hours and for controlled substances within thirty two (32) hours following an accident for which they receive a citation for a moving traffic violation if the accident involved: 1) bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or 2) one or more motor vehicles incurs disabling damage as a result of the accident requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.⁸

Refusal to Submit

Refusal to submit to an alcohol or controlled substance test means that the driver:

- Failed to appear for any test within a reasonable period of time as determined by the employer consistent with applicable Department of Transportation agency regulation;
- Failed to remain at the testing site until the testing process was completed;
- Failed to provide a urine specimen for any required drug test;
- Failed to provide a sufficient amount of urine without an adequate medical reason for the failure;
- Failed to undergo a medical examination as directed by the Medical Review Officer as part of the verification process for the previous listed reason;
- Failed or declined to submit to a second test that the employer or collector has directed the driver to take;
- Failed to cooperate with any of the testing process; and/or
- Adulterated or substituted a test result as reported by the Medical Review Officer.

School bus drivers should be aware that refusal to submit to a drug test when the test is requested based on a reasonable suspicion can constitute grounds for criminal prosecution.

Consequences for Violations

Drivers who engage in any conduct prohibited by this policy, who refuse to take a required drug or alcohol test, refuse to sign the request for information required by law, or who exceed the acceptable limits for the respective tests shall no longer be allowed to perform safety sensitive functions. Actions regarding their continued employment shall be taken in relation to their inability to perform these functions and could include termination or non-renewal of their contract of employment.⁹

Drivers who exhibit signs of violating the prohibitions of this policy relating to alcohol or controlled substances shall not be allowed to perform or continue to perform safety-sensitive functions if they exhibit those signs during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the provisions of this policy. This action shall be based on specific, contemporaneous, articulatable observations concerning the behavior, speech, or body odors of the driver. The Superintendent or his/her designee shall require the driver to submit to "reasonable suspicion" tests for alcohol and controlled substances. The direction to submit to such tests must be made just before, just after, or during the time the driver is performing safety-sensitive functions. If circumstances prohibit the testing of the driver the Superintendent or his/her designee shall remove the driver from reporting for, or remaining on, duty for a minimum of twenty-four (24) hours from the time the observation was made triggering the driver's removal from duty.

If the results for an alcohol test administered to a driver is equal to or greater than 0.02, but less than 0.04, the driver shall be prohibited from performing safety-sensitive functions for a period no less than twenty-four (24) hours from the time the test was administered. Unless the loss of duty time triggers other employment consequence policies, no further other action against the driver is authorized by this policy for test results showing an alcohol concentration of less than 0.04.

Reporting Requirements

The District shall report the following information about an employee who performs safety-sensitive functions to the Clearinghouse by the close of the third (3rd) business day following the date the District obtained the information:¹⁰

1. An alcohol confirmation test result with an alcohol concentration of 0.04 or greater;
2. A negative return-to-duty test result;
3. A refusal to take an alcohol test;
4. A refusal to test determination; however, if the refusal to test determination is based on the employee's admission of adulteration or substitution of the specimen, the District shall only report the admissions made to the specimen collector; and
5. A report that the driver has successfully completed all follow-up tests as prescribed in the Substance Abuse Professional report.

The District shall report the following violations for an employee who performs safety-sensitive functions by the close of the third (3rd) business day following the date the District obtains actual knowledge of:¹¹

1. On-duty alcohol use;
2. Pre-duty alcohol use;
3. Alcohol use following an accident; and
4. Controlled substance use.

Notes: This policy is similar to Policy 3.7. If you change this policy, review 3.7 at the same time to ensure applicable consistency between the two.

You are required to give drivers a copy of the procedures that will be used in the testing for drugs and alcohol. If you are following your own policy in this regard, give your drivers a copy of that policy; if you're using a drug testing company to administer the tests, give your drivers a copy of the test administration procedures.

You are required to provide your drivers the name of the person you have designated to answer your drivers' questions about the materials you give them regarding drug and alcohol testing.

You are also required to give your employees "information pertaining to the effects of alcohol and controlled substance use on an individual's health, work, and personal life; signs and symptoms of an alcohol or a controlled substances problem (the driver's or a co-worker's); and available methods of intervening when an alcohol or a controlled substances problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management."

Give a copy of this policy to your drivers.

Have your drivers sign an acknowledgement that they have received all of the information contained in this policy and these footnotes.

¹ Students are not required to be transported on a school bus as long as the transporting vehicle is not scheduled for a regularly occurring route or takes a route that contains frequent stops to pick up or drop off students.

² The level of driver's license the employee is required to have is determined by the seating capacity or weight of the vehicle. There are vehicles that meet the definition of a school bus but do not require that the employee hold a commercial driver's license in order to operate the vehicle; however, any school bus that meets one of the following must be driven by an individual with a commercial driver's license:

- a. Combination Vehicle (Group A)—having a gross combination weight rating or gross combination weight of 11,794 kilograms or more (26,001 pounds or more), whichever is greater, inclusive of a towed unit(s) with a gross vehicle weight rating or gross vehicle weight of more than 4,536 kilograms (10,000 pounds), whichever is greater; or
- b. Heavy Straight Vehicle (Group B)—having a gross vehicle weight rating or gross vehicle weight of 11,794 or more kilograms (26,001 pounds or more), whichever is greater; or
- c. Small Vehicle (Group C) that does not meet Group A or B requirements but that either:
 - Is designed to transport 16 or more passengers, including the driver; or
 - Is of any size and is used in the transportation of hazardous materials.

³ You have the option of also requiring an alcohol test, but you may not selectively require it, i.e. if you require it for one prospective employee you must require it for all prospective employees.

⁴ A.C.A. § 6-19-108(f) requires extracurricular trips be made only by certified bus drivers who have a valid proof of in service training certification.

⁵ While A.C.A. § 6-19-108(e) permits a district to hire a non-certified bus driver in an emergency situation, 49CFR382.301 forbids a first time driver (employee) from performing any safety sensitive functions prior to the district

receiving a negative drug test for the employee. Therefore, ASBA advises not hiring a bus driver under A.C.A. § 6-19-108(e) until he/she has had a negative drug/alcohol test.

⁶ While the provisions for fines contained in 27-23-209 do not apply to school districts, school districts are still required to comply with this law. It is for this reason, along with simple prudence in not hiring a person who receives a positive drug/alcohol test, that this language is included. The request for information required by the state is in addition to the federal requirement (49 C.F.R. § 40.25(a)(b)) that you request drug and alcohol test results from any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two years prior to the date of the employee's application.

⁷ You may choose to have an employee submit a written authorization that is valid for a specific number of years instead of on an annual basis.

⁸ Employers are required to report to the Office of Driver Services of the Revenue Division of the Department of Finance and Administration within three (3) business days the results of an alcohol test if it was performed due to cause or as part of random testing and the results were positive or the employee refused to provide a specimen for testing.

⁹ The drivers required to have a teaching license as a prerequisite for their job are covered by Policy 3.7. Federal law requires you to remove them from safety-sensitive functions when a drug or alcohol related problem exists, but does not enter into the realm of dismissing them from their teaching duties. Bus drivers who are not also teaching licensed personnel are covered under this policy and may be dealt with given the specific provisions of their employment. ASBA recommends that licensed employees who are hired for driving a bus in addition to their teaching responsibilities be hired under separate contracts for each position.

¹⁰ When submitting a report, you are required to include all of the following information, as applicable, and provide a copy of the submitted information to the employee, which the employee should sign off on having received:

- a. The reason for the test;
- b. Employee's name, date of birth, and CDL number and State of issuance;
- c. District name, address, and USDOT number;
- d. Date of the test;
- e. Date the result was reported; and
- f. Test result, which must be one of the following:
 - Negative, which is only required for return-to-duty tests;
 - Positive; or
 - Refusal to take a test, which shall include the following additional documentation for an employee's refusal to take a test due to the employee's failure to appear for the test:
 - Documentation, including, but not limited to, electronic mail or other contemporaneous record of the time and date the employee was notified to appear at a testing site; and the time, date and testing site location at which the employee was directed to appear, or an affidavit providing evidence of such notification;
 - Documentation, including, but not limited to, electronic mail or other correspondence, or an affidavit, indicating the date the employee was terminated or resigned (if applicable);
 - Documentation, including, but not limited to, electronic mail or other correspondence, or an affidavit, showing that the C/TPA reporting the violation was designated as a service agent for an employer who employs himself/herself as a employee performing safety-sensitive functions when the reported refusal occurred (if applicable); and
- g. Documentation, including a certificate of service or other evidence, showing that the District provided the employee with all documentation reported under paragraphs (a) through (f) above.

¹¹ When submitting a report, you are required to include all of the following information, as applicable, and provide a copy of the submitted information to the employee, which the employee should sign off on having received:

- a. Employee's name, date of birth, CDL number and State of issuance;
- b. District name, address, and USDOT number;
- c. Date the District obtained actual knowledge of the violation;
- d. Witnesses to the violation, if any, including contact information;
- e. Description of the violation;

- f. Evidence supporting each fact alleged in the description of the violation, which may include, but is not limited to:
- Affidavits;
 - Photographs;
 - Video or audio recordings;
 - Employee statements unless the admission is made in conformity with the District's written employer voluntary self-identification program or policy;
 - Correspondence; or
 - Other documentation; and
- g. A certificate of service or other evidence showing that the District provided the employee with all information reported under paragraphs (a) through (f) above.

8.5—CLASSIFIED EMPLOYEES SICK LEAVE

Definitions

“Employee” is a full-time employee of the District.

“Sick Leave” is absence from work due to illness, whether by the employee or a member of the employee’s immediate family, or due to a death in the family. The principal shall determine whether sick leave will be approved on the basis of a death outside the immediate family of the employee.

“Excessive Sick Leave” is absence from work, whether paid or unpaid, that exceeds twelve (12) days in a contract year for an employee and that is not excused pursuant to: District policy; the Family Medical Leave Act; a reasonable accommodation of disability under the American’s With Disabilities Act; or due to a compensable Workers’ Compensation claim.

“Grossly Excessive Sick Leave” is absence from work, whether paid or unpaid, that exceeds 10% of the employee’s contract length and that is not excused pursuant to: District policy; the Family Medical Leave Act; a reasonable accommodation of disability under the American’s With Disabilities Act; or due to a compensable Workers’ Compensation claim.

“Current Sick Leave” means those days of sick leave for the current contract year, which leave is granted at the rate of one day of sick leave per contracted month, or major part thereof.

“Accumulated Sick Leave” is the total of unused sick leave accrued from previous contract, but not used.

“Immediate family” means an employee’s spouse, child, parent, or any other relative provided the other relative lives in the same household as the teacher.

Sick Leave

The principal has the discretion to approve sick leave for an employee to attend the funeral of a person who is not related to the employee, under circumstances deemed appropriate by the principal.

Reimbursement of Sick Leave

Reemployment benefits – Employees who resign and are later reemployed by the Osceola School District may regain up to 90 days of accumulated and unused sick leave benefits. Employees returning from leave of absence shall regain their total accumulated sick leave benefits.

Retirement reimbursement – Those individuals who resign from the Osceola School District and who are eligible to retire without penalty from the Arkansas Teacher Retirement System will receive a cash payment at the following rates:

One year of service in the Osceola School District = 1/4th their regular daily salary rate of pay for 10 unused sick days.

Two years of service in the Osceola School District = 1/4th their regular daily salary rate of pay for 20 unused sick days.

Three or more years of service in the Osceola School District = 1/4th their regular daily salary rate of pay for all accumulated unused sick days.

Payment will be made within ninety (90) days of the end of the school term, provided that documentation has been received by the Superintendent’s office that the person is qualified for or is in fact drawing benefits from the Arkansas Teachers Retirement System.

Absences for illness in excess of the employee's accumulated and current sick leave shall result in a deduction from the employee's pay at the daily rate as defined above.

At the discretion of the principal (or Superintendent), and, if FMLA is applicable, subject to the certification or recertification provisions contained in policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE the District may require a written statement from the employee's physician documenting the employee's illness. Failure to provide such documentation of illness may result in sick leave not being paid, or in dismissal.

Should an employee be absent frequently during a school year, and said absences are not subject to FMLA leave, and if such a pattern of absences continues, or is reasonably expected to continue, the Superintendent may relieve the employee of his assignment (with Board approval) and assign the employee substitute duty at the employee's daily rate of pay. Should the employee fail, or otherwise be unable, to report for substitute duty when called, the employee will be charged a day of sick leave, if available or if unavailable, the employee will lose a day's wages at his/her daily rate of pay.

Temporary reassignment may also be offered or required in certain circumstances as provided in 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE.

If the employee's absences are excessive or grossly excessive as defined by this policy, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the contract of employment. The superintendent shall have the authority when making his/her determination to consider the totality of circumstances surrounding the absences and their impact on district operations or student services.

Sick Leave and Family Medical Leave Act (FMLA) Leave

When an employee takes sick leave, the District shall determine if the employee is eligible for FMLA leave and if the leave qualifies for FMLA leave. The District may request additional information from the employee to help make the applicability determination. If the employee is eligible for FMLA leave and if the leave qualifies under the FMLA, the District will notify the employee in writing, of the decision within five (5) workdays. If the circumstances for the leave as defined in policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE don't change, the District is only required to notify the employee once of the determination regarding the applicability of sick leave and/or FMLA leave within any applicable twelve (12) month period. To the extent the employee has accrued paid sick leave, any sick leave taken that qualifies for FMLA leave shall be paid leave and charged against the employee's accrued leave including, once an employee exhausts his/her accrued sick leave, vacation or personal leave. See 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 3.44, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

Acceptance of Sick Leave Days: Any teacher may transfer up to ninety (90) accumulated sick days to our district from their last school district of employment. This includes teachers coming from an out-of-state school district. The accumulated and unused sick leave shall be credited to the employee upon receipt of written proof from the school district, educational cooperative, or state education agency in which the employee was formerly employee. The days must be transferred within the first semester of employment in our district.

13. Any unused days automatically return to the Sick Bank upon returning to work.

8.7—CLASSIFIED PERSONNEL PERSONAL AND PROFESSIONAL LEAVE

For the district to function efficiently and have the necessary personnel present to effect a high achieving learning environment, employee absences need to be kept to a minimum. The district acknowledges that there are times during the school year when employees have personal business that needs to be addressed during the school day. Each full-time employee shall receive two (2) days of personal leave per contract year. The leave may be taken in increments of no less than ½ days.

Employees shall take personal leave or leave without pay for those absences which are not due to attendance at school functions which are related to their job duties and do not qualify for other types of leave (for sick leave see Policy 8.5, for professional leave see below).

School functions, for the purposes of this policy, means:

1. Athletic or academic events related to a public school district; and
2. Meetings and conferences related to education.

The determination of what activities meet the definition of a school function shall be made by the employee's immediate supervisor or designee. In no instance shall paid leave in excess of allotted vacation days and/or personal days be granted to an employee who is absent from work while receiving remuneration from another source as compensation for the reason for their absence.

Any employee desiring to take personal leave may do so by making a written request to his supervisor at least twenty-four (24) hours prior to the time of the requested leave. The twenty-four hour requirement may be waived by the supervisor when the supervisor deems it appropriate.

Employees who fail to report to work when their request for a personal day has been denied or who have exhausted their allotted personal days, shall lose their daily rate of pay for the day(s) missed (leave without pay). While there are instances where personal circumstances necessitate an employee's absence beyond the allotted days of sick and/or personal leave, any employee who requires leave without pay must receive advance permission (except in medical emergencies and/or as permitted by policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE) from their immediate supervisor. Failure to report to work without having received permission to be absent is grounds for discipline, up to and including termination.

Personal leave does not accumulate from one contract year to the next.

Personal leave may not be taken the day before or the day after a holiday.

Professional Leave

"Professional Leave" is leave granted for the purpose of enabling an employee to participate in professional activities (e.g., workshops or serving on professional committees) which can serve to improve the school District's instructional program or enhances the employee's ability to perform his duties. Professional leave will also be granted when a school District employee is subpoenaed for a matter arising out of the employee's employment with the school District. Any employee seeking professional leave must make a written request to his immediate supervisor, setting forth the information necessary for the supervisor to make an informed decision. The supervisor's decision is subject to review and overruling by the superintendent. Budgeting concerns and the potential benefit for the District's students will be taken into consideration in reviewing a request for professional leave.

Applications for professional leave should be made as soon as possible following the employee's discerning a need for such leave, but, in any case, no less than two (2) weeks before the requested leave is to begin, if possible.

If the employee does not receive or does not accept remuneration for his/her participation in the professional leave activity and a substitute is needed for the employee, the District shall pay the full cost of the substitute. If the employee receives and accepts remuneration for his/her participation in the professional leave activity, the employee shall forfeit his/her daily rate of pay from the District for the time the employee misses. The cost of a substitute, if one is needed, shall be paid by the employee.

8.7.1---EMPLOYEE BEREAVEMENT LEAVE

When a teacher requests a bereavement leave for an immediate family member, he or she will be allowed one (1) day of leave per school year without any deduction in pay. Additional days taken shall be taken as sick and/or personal.

“Immediate Family” shall be defined to include husband, wife, child, father, mother, brother, sister, grandparents, grandchildren, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, guardian, aunt and or uncle of the employee and/or other members of the family living in the same household of the employee.

When a teacher requests a bereavement leave for a friend, associate, or distant family member, the days requested will be counted as personal or sick. The option to use sick or personal days will be at the teacher’s discretion.

ALL BEREAVEMENT LEAVE SHALL BE GRANTED AT THE TIME OF THE FUNERAL.

8.8—CLASSIFIED PERSONNEL RESPONSIBILITIES IN DEALING WITH SEX OFFENDERS ON CAMPUS

Individuals who have been convicted of certain sex crimes must register with law enforcement as sex offenders. Arkansas law places restrictions on sex offenders with a Level 1 sex offender having the least restrictions (lowest likelihood of committing another sex crime), and Level 4 sex offenders having the most restrictions (highest likelihood of committing another sex crime).

While Levels 1 and 2 place no restrictions prohibiting the individual’s presence on a school campus, Levels 3 and 4 have specific prohibitions. These are specified in Policy 6.10—SEX OFFENDERS ON CAMPUS (MEGAN’S LAW) and it is the responsibility of district staff to know and understand the policy and, to the extent requested, aid school administrators in enforcing the restrictions placed on campus access to Level 3 and Level 4 sex offenders.

It is the intention of the board of directors that district staff not stigmatize students whose parents or guardians are sex offenders while taking necessary steps to safeguard the school community and comply with state law. Each school’s administration should establish procedures so attention is not drawn to the accommodations necessary for registered sex offender parents or guardians.

Notes: This policy is similar to Policy 3.12. If you change this policy, review 3.12 at the same time to ensure applicable consistency between the two.

¹ For example, if a sex offender parent will arrive for conferences at the same time as other parents, staff should escort additional parents to their student’s classroom, not just the sex offender parent. All principals, designees, and school employees who will or may have contact with the sex offender parents shall be required to keep confidential both the sex offender status and sex offender accommodations made for a parent.

8.9—PUBLIC OFFICE – CLASSIFIED PERSONNEL

An employee of the District who is elected to the Arkansas General Assembly or any elective or appointive public office (not legally constitutionally inconsistent with employment by a public school district) shall not be discharged or demoted as a result of such service.

No sick leave will be granted for the employee's participation in such public office. The employee may take personal leave or vacation (if applicable), if approved in advance by the Superintendent, during his absence.

Prior to taking leave, and as soon as possible after the need for such leave is discerned by the employee, he must make written request for leave to the Superintendent, setting out, to the degree possible, the dates such leave is needed.

An employee who fraudulently requests sick leave for the purpose of taking leave to serve in public office may be subject to nonrenewal or termination of his employment contract.

8.10—JURY DUTY – CLASSIFIED PERSONNEL

Employees are not subject to discharge, loss of sick leave, loss of vacation time or any other penalty due to absence from work for jury duty, upon giving reasonable notice to the District through the employee's immediate supervisor.

The employee must present the original (not a copy) of the summons to jury duty to his supervisor in order to confirm the reason for the requested absence.

Date Adopted: 5/14/2012

Last Revised: March 2012

8.11—OVERTIME, COMPTIME, and COMPLYING WITH FLSA

The Osceola School District shall comply with those portions of the Fair Labor Standards Act (FLSA) that relate to the operation of public schools. The FLSA requires that covered employees receive compensation for each hour worked at greater than or equal to the applicable minimum wage for work weeks of less than or equal to forty (40) hours. It also requires that employees be compensated for workweeks of greater than forty (40) hours at one and a half (1 ½) times their regular hourly rate of pay, either monetarily or through compensatory time off.

Definitions

“Covered Employees” (also defined as non-exempt employees) are those employees who are not exempt, generally termed classified, and include bus drivers, clerical workers, maintenance personnel, custodians, transportation workers, receptionists, paraprofessionals, food service workers, secretaries, and bookkeepers.

“Exempt Employees” are those employees who are not covered under the FLSA because the employee’s:

- A. Primary job duties are considered to be exempt eligible due to being administrative or professional in nature. Examples include teachers, counselors, registered nurses, and supervisors; and
- B. Salary meets or exceeds a minimum weekly/annual amount.

Any employee who is unsure of their coverage status should consult with the District’s Administration.

“Overtime” is hours worked in excess of forty (40) per workweek. Compensation given for hours **not** worked such as for holidays or sick days do **not** count in determining hours worked per workweek.

“Regular Rate of Pay” includes all forms of remuneration for employment and shall be expressed as an hourly rate.^F For those employees previously paid on a salary basis, the salary shall be converted to an hourly equivalent. Employees shall be paid for each and every hour worked.

“Straight time pay” is the amount of hourly compensation an employee receives for each hour worked during that week.

“Workweek” is the seven day consecutive period of time from 12:00AM on Sunday to midnight on the following Saturday. Each workweek is independent of every other workweek for the purpose of determining the number of hours worked and the remuneration entitled to by the employee for that week.

Employment Relationships

The District does not have an employment relationship in the following instances:

1. Between the District and student teachers;
2. Between the District and its students; and
3. Between the District and individuals who as a public service volunteer or donate their time to the District without expectation or promise of compensation.

The District does not have a joint employment relationship in the following instances:

- a. Between the District and off-duty policemen or deputies who are hired on a part-time basis for security purposes or crowd control. The District is separate from and acts independently of other governmental entities.
- b. Between the District and any agency contracted with to provide transportation services, security services, substitute teachers or other temporary employees, or other services.

Hours Worked

Employees shall be compensated for all the time they are required to be on duty and shall be paid for all hours worked each workweek. Employees shall accurately record the hours they work each week.

The District shall determine the manner to be used by employees to accurately record the hours they work. Each employee shall record the exact time they commence and cease work including meal breaks. Employees arriving early may socialize with fellow workers who are off the clock, but shall not commence working without first recording their starting time.

Employees shall sign in/clock in where they start work and sign out/clock out at the site where they cease working. Employees who do not start and end their workday at the same site shall carry a time card or sheet with them to accurately record their times. They shall turn in their time sheets or cards to their immediate supervisor no later than the following Monday morning after reviewing them to be sure that they accurately reflect their hours worked for that week.

Each employee is to personally record his or her own times. Any employee who signs in or out (or who punches a time clock) for another employee or who asks another employee to do so for him or her will be dismissed.

Employees whose normal workweek is less than forty (40) hours and who work more than their normal number of hours in a given workweek may, at the District's option, be given compensatory time for the hours they worked in excess of their normal workweek in lieu of their regular rate pay. Compensatory time given in this manner shall be subject to the same conditions regarding accumulation and use as compensatory time given in lieu of overtime pay.

Breaks and Meals

Each employee working more than twenty (20) hours per week shall be provided two (2), paid, fifteen (15) minute duty free breaks per workday.

Meal periods that are less than thirty (30) minutes in length or in which the employee is not relieved of duty are compensable. Employees with a bona fide meal period shall be completely relieved of their duty to allow them to eat their meal, which they may do away from their work site, in the school cafeteria, or in a break area.

The employee shall not engage in any work for the District during meal breaks except in rare and infrequent emergencies.

Overtime

Covered employees shall be compensated at not less than one and a half (1.5) times his or her regular rate of pay for all hours worked over forty (40) in a workweek.^M Overtime compensation shall be computed on the basis of the hours worked in each week and may not be waived by either the employee or the District. Overtime compensation shall be paid on the next regular payday for the period in which the overtime was earned.

The rate of overtime pay for employees who work two (2) or more jobs for the District at different rates of pay shall be determined by creating a weighted average of the different rates (a.k.a. blended rate). The weighted average will be calculated by multiplying the number of hours worked during that week for each position by the position's rate of pay, combining the resulting amounts for each position (straight time pay), and dividing the straight time pay by the total number of hours the employee worked in that week. The weighted average will then be multiplied by one half (0.5), which will then be multiplied by the number of hours the employee worked that week over forty (40).

Provided the employee and the District have a written agreement or understanding before the work is performed, compensatory time off may be awarded in lieu of overtime pay for hours worked over forty (40) in a workweek and shall be awarded on a one-and-one-half (1 1/2) time basis for each hour of overtime worked. The District reserves the right to determine if it will award compensatory time in lieu of monetary pay for the overtime worked. The maximum number of compensatory hours an employee may accumulate at a time is twenty (20). The employee must be able to take the compensatory time off within a reasonable period of time that is not unduly disruptive to the District.

An employee whose employment is terminated with the District, whether by the District or the employee, shall receive monetary compensation for unused compensatory time. Of the following methods, the one that yields the greatest money for the employee shall be used.

1. The average regular rate received by the employee during the last 3 years of employment. Or
2. The final regular rate received by the employee.

Overtime Authorization

There will be instances where the district's needs necessitate an employee work overtime. It is the Board's desire to keep overtime worked to a minimum. To facilitate this, employees shall receive authorization from their supervisor in advance of working overtime except in the rare instance when it is unforeseen and unavoidable.

All overtime worked will be paid in accordance with the provisions of the FLSA, but unless the overtime was pre-approved or fit into the exceptions noted previously, disciplinary action shall be taken for failure to follow District policy. In extreme and repeated cases, disciplinary action could include the termination of the employee.

Leave Requests

All covered employees shall submit a leave request form prior to taking the leave if possible. If a request for leave was not possible in advance due to unforeseen or emergency circumstances, the leave form shall be turned in the day the employee returns to work. Unless specifically granted by the Board for special circumstances, the reason necessitating the leave must fall within District policy.

Payment for leave could be delayed or not occur if an employee fails to turn in the required leave form. Leave may be taken in a minimum of four (4) hour increments.

Record Keeping and Postings

The District shall keep and maintain records as required by the FLSA for the period of time^U required by the act.

The District shall display minimum wage posters where employees can readily observe them.

Cooperation with Enforcement Officials

All records relating to the FLSA shall be available for inspection by, and District employees shall cooperate fully with, officials from the Department of Labor (DOL) and/or its authorized representatives in the performance of their jobs relating to:

- a. Investigating and gathering data regarding the wages, hours, and other conditions and practices of employment;
- b. Entering, inspecting, and/or transcribing the premises and its records;
- c. Questioning employees and investigating such facts as the inspectors deem necessary to determine whether any person has violated any provision of the FLSA.

Notes: ¹ Registered nurses fall under the “Learned Professional” exemption of the FLSA; however, this exemption does not apply to LPNs.

While the DOL removed the bright line rule that a supervisor may not spend more than twenty percent (20%) of work time in a week performing non-supervisory duties, a supervisor must still commit a majority of time to supervisory duties and the higher the percentage of time each week the better.

Except for teachers and other staff whose primary job duties requires the employee to have a valid teaching license, in order for an employee to be an exempt employee under this policy, the Wage and Hour Division of the DOL requires the employee to receive a minimum amount of gross income on a weekly or annual basis. Currently, an employee must receive a minimum of six hundred eighty-four dollars (\$684) a week or \$35,568 annually to be exempt.

² If you provide your employee a benefit in the form of goods or a facility, the reasonable cost or the fair value of the lodging (per week) must be added to the cash wages before the regular rate is determined.

³ Select any consecutive one hundred sixty-eight (168) hours period (seven (7) days) that will work best for your district.

⁴ Devise a system that will work for your district. The point is to have an accurate and verifiable record of the hours worked by each employee. While carrying time cards around can be a hassle, you don’t want to lose excessive work time from an employee having to walk excessively to and from their time sheet. Time clocks are obviously an accurate and verifiable record of hours worked, but they are not without drawbacks. First, they are not cheap to initially purchase and then to configure for your district as a whole. Second, employees can unintentionally take less than thirty (30) minute meal times (by forgetting the exact time they clock out), which makes that time compensable.

⁵ Example: Employee has two (2) jobs for the district that each pay a different rate: job A pays eight dollars (\$8) per hour and job B pays ten dollars (\$10) per hour. One week, Employee works fifty (50) hours: twenty-six (26) hours for job A and twenty-four (24) hours for job B. 26 hours at \$8 = \$208 and 24 hours at \$10 = 240. \$208 + \$240 = \$448 (straight time pay). \$448 divided by 50 = \$8.96 (weighted average). \$8.96 X 0.5 = \$4.48. \$4.48 X 10 hours = \$44.80. \$448 +

\$44.80 = \$492.80. Therefore, the employee will be paid four hundred ninety-two dollars and eighty cents (\$492.80) for the week.

The reason why it appears that a person who works two differently paid jobs receives such a small amount per hour for overtime pay is because the payment formula takes into account that you have already paid the person their standard rate of pay for the additional hours worked as part of the employee's straight time pay so you are only needing to determine the additional one half (0.5) the employee is eligible to receive for each hour of overtime. For more information visit http://www.twc.state.tx.us/news/efte/i_employees_two_rates.html.

⁶ You may choose any number < 240. In determining the number to insert remember that you must permit the employee to use the comp time within a "reasonable" period of time so long as it does not "unduly disrupt" the district's operations. Comp time does not have to be offered to all employees, nor does the agreement have to be the same for all employees.

⁷ The DOL does not recognize leave in the form of "days" for hourly employees even though that is how Arkansas law (A.C.A. § 6-17-1304) prescribes them. The DOL requires they be attributed in hourly allotments. You can choose the minimum amount of leave that may be used at one time.

⁸ 29 CFR § 516.2–516.9 and 29 CFR § 553.50 list the records that are required to be kept.

⁹ The district must display minimum wage posters in "conspicuous places" (each work site). They can be downloaded from the DOL by going to <http://www.dol.gov/whd/regs/compliance/posters/flsa.htm>

8.12—CLASSIFIED PERSONNEL OUTSIDE EMPLOYMENT

An employee of the District may not be employed in any other capacity during regular working hours.

An employee may not accept employment outside of his district employment which will interfere, or otherwise be incompatible with the District employment, including normal duties outside the regular work day; nor shall an employee accept other employment which is inappropriate for an employee of a public school.

The Superintendent, or his designee(s), shall be responsible for determining whether outside employment is incompatible, conflicting, or inappropriate.

When a classified employee is additionally employed by the District by a contract for a second classified position or to perform supplementary duties for a stipend or multiplier, the duties, expectations, and obligations of the primary position employment contract shall prevail over all other employment duties unless the needs of the district dictate otherwise. If there is a conflict between the expectations of the primary position and any other contracted position, the employee shall notify the employee's building principal as far in advance as is practicable. The Building principal shall verify the existence of the conflict by contacting the supervisor of the secondary contracted position. The building principal shall determine the needs of the district on a case-by-case basis and rule accordingly. The principal's decision is final with no appeal to the Superintendent or the School Board. Frequent conflicts or scheduling problems could lead to the non-renewal or termination of the conflicting contract of employment or the contract to perform the supplementary duties.

For employees who work two or more jobs for the District, the superintendent or designee shall specify which is the employee's primary job. If circumstances change, the determination can be changed to reflect the current needs of the District. Furthermore, if on any given day, one of the employee's jobs requires more hours worked than is customary, the District reserves the right to lessen the number of hours the employee may work in his/her other job such that the employee does not exceed forty (40) hours worked in that week.

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 8.26, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

8.13—CLASSIFIED PERSONNEL EMPLOYMENT

All prospective employees must fill out an application form provided by the District, in addition to any resume provided; all of the information provided is to be placed in the personnel file of those employed.

If the employee provides false or misleading information, or if he/she withholds information to the same effect, it may be grounds for dismissal. In particular, it will be considered a material misrepresentation and grounds for termination of contract of employment if an employee's application information is discovered to be other than as was represented by the employee, either in writing on application materials or in the form of representations made to the school district.

It is grounds for termination of contract of employment if an employee fails a criminal background check or receives a true report on the Child Maltreatment Central Registry check.¹ All classified employees shall complete, at District expense, a criminal records background check and Child Maltreatment Central Registry check at least one (1) time every five (5) years.

An employee who receives notification of a failure to pass a criminal background check or a true result on the Child Maltreatment Central Registry check shall have thirty (30) days following the notification to submit to the superintendent, or designee, a written request for a hearing before the Board to request a waiver. The written request should include any documentation, such as police reports, or other materials that are related to the event giving rise to the failed background check or true result on the Child Maltreatment Registry as well as information supporting your request for the waiver. Employees requesting a board hearing to request a waiver should be aware that this hearing is subject to the Arkansas Freedom of Information Act and it must be fully open to the public as a result.

For unlicensed individuals employed as teachers or administrators under a waiver, all teachers who begin employment in the 2023-2024 school year and each school year thereafter shall demonstrate proficiency or awareness in knowledge and practices in scientific reading instruction as is applicable to their teaching position by completing the prescribed proficiency or awareness in knowledge and practices of the scientific reading instruction credential either as a condition of licensure or within one (1) year for teachers who are already licensed or employed as a teacher under a waiver from licensure.²

Before the superintendent may make a recommendation to the Board that an individual be hired by the District, the superintendent shall check the Arkansas Educator Licensure System to determine if the individual has a currently suspended or revoked teaching license or a current Level 3 or Level 4 public notification of ethics violation. An individual with a currently suspended license or whose license has been revoked by the State Board of Education is not eligible to be employed by the District; this prohibition includes employment as a substitute teacher, whether directly employed by the District or providing substitute teaching services under contract with an outside entity. An individual with a current Level 3 or Level 4 public notification of ethics violation shall not be recommended for employment by the District.

The District is an equal opportunity employer and shall not discriminate on the grounds of race, color, religion, national origin, sex, pregnancy, sexual orientation, gender identity, age, disability, or genetic information.³

Inquiries on non-discrimination may be directed to the Assistant Superintendent⁴, who may be reached at 870-563-2561, 2750 West Semmes, Osceola, AR 72370, rbryant@osd1.org⁵.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

In accordance with Arkansas law⁶, the District provides a veteran preference to applicants who qualify for one of the following categories:

1. A veteran without a service-connected disability;
2. A veteran with a service-connected disability; and
3. A deceased veteran's spouse who is unmarried throughout the hiring process.

For purposes of this policy, "veteran" is defined as:

- a. A person honorably discharged from a tour of active duty, other than active duty for training only, with the armed forces of the United States; or
- b. Any person who has served honorably in the National Guard or reserve forces of the United States for a period of at least six (6) years, whether or not the person has retired or been discharged.

In order for an applicant to receive the veteran's preference, the applicant must be a citizen and resident of Arkansas, be substantially equally qualified as other applicants and do all of the following:

1. Indicate on the employment application the category the applicant qualifies for;
2. Attach the following documentation, **as applicable**, to the employment application:
 - Form DD-214 indicating honorable discharge;
 - A letter dated within the last six months from the applicant's command indicating years of service in the National Guard or Reserve Forces as well as the applicant's current status;
 - Marriage license;
 - Death certificate;
 - Disability letter from the Veteran's Administration (in the case of an applicant with a service-related disability).

Failure of the applicant to comply with the above requirements shall result in the applicant not receiving the veteran preference; in addition, meeting the qualifications of a veteran or spousal category does not guarantee either an interview or being hired.

Notes: This policy is similar to Policy 3.19. If you change this policy, review 3.19 at the same time to ensure applicable consistency between the two.

¹ An expunged, sealed, or pardoned conviction shall not disqualify a person from employment unless the conviction involves the physical or sexual injury, mistreatment, or abuse of another.

² If you do not have a waiver to employ individuals as teachers or administrators without a license, remove this paragraph.

³ A copy of the non-discrimination statement should be included in all district publications unless the publication is intended only for students and parents. Publications intended only for students and parents should include the nondiscrimination clause in Policy 4.11—EQUAL EDUCATIONAL OPPORTUNITY.

⁴ Insert the position(s) designated to be contacted on discrimination inquiries. If you have different positions designated to answer questions on disability discrimination (504 coordinator) and sex discrimination (Title IX coordinator), then you will need to include the position responsible for each area. Do not include the name(s) of the person(s) to be contacted in the policy; changing the name of the person (due to a staffing change) would necessitate amending the policy, which would require it to go through the entire adoption process.

⁵ Insert the office address, phone number, and email address to be used to contact the designated position. If you have more than one position designated as set forth in footnote 4, you will need to include a contact number, email address, and office address for each position. The contact number and office address may be the school/district address and phone number. We recommend making the email address specific to the position, such as titleix@districtdomain.org, and having the emails sent to the coordinator's inbox to prevent having to amend the policy due to staff changes.

While 34 C.F.R. § 106.8 requires that an individual be able to submit a report, including by telephone, both inside and outside of business hours, we do not believe that this requires that the Title IX Coordinator must be on-call to receive phone calls at any time; instead, the number provided for individuals to use must allow individuals wanting to report

sexual discrimination or sexual harassment to the Title IX Coordinator to be able to leave a voice message for the Title IX Coordinator.

⁶ A.C.A. § 21-3-301 et seq. includes public schools in the list of employers required to provide a preference to applicants who qualify for a veteran or a deceased veteran's spouse category when selecting interview candidates, during the interview process, and in selecting a new employee.

A.C.A. § 21-3-302 covers the requirements for giving a veteran preference during the application, interview, and hiring processes. The statute does not require districts to use a particular scoring method to demonstrate giving a preference and districts can continue using the system they have previously been using. However, A.C.A. § 21-3-302 and A.C.A. § 21-3-303 require districts be able to demonstrate that any qualifying applicant was given a preference during the entire application, interview, and hiring processes.

If a veteran who is not hired requests, the district must provide the veteran with his/her base score, adjusted score, and the successful candidate's score. While there is no statutorily required method, ASBA suggests districts use a numerical scoring rubric for the entire hiring process. The use of such a rubric makes it easy to demonstrate a preference was given as you can point to where qualifying applicants received additional points. Districts that don't use a numerical scoring method are required, upon a veteran's request, to provide all documentation allowed to be released under FOIA to the veteran to demonstrate how the preference was used to develop the list of qualified candidates to be interviewed and to select the person actually hired.

8.15—CLASSIFIED PERSONNEL USE OF TOBACCO, ELECTRONIC NICOTINE DELIVERY SYSTEMS, AND RELATED PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, or other school vehicles is prohibited.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

Violation of this policy by employees shall be grounds for disciplinary action up to, and including, dismissal.

Notes: This policy is similar to Policy 3.21. If you change this policy, review policy 3.21 at the same time to ensure applicable consistency between the two.

The statute requires the statute's posting "...in a conspicuous location at every entrance to each building owned or leased by a public school district and every school bus used to transport students"

This model policy tracks the state law referenced below. It is not required to be in District policies, but it could be useful in informing employees of the statutory prohibition on all tobacco use.

8.18— CLASSIFIED PERSONNEL DEBTS

For the purposes of this policy, "garnishment" of a district employee is when the employee has lost a lawsuit to a judgment creditor who brought suit against a school district employee for an unpaid debt, has been awarded money damages as a result, and these damages are recoverable by filing a garnishment action against the employee's wages. For the purposes of this policy, the word "garnishment" excludes such things as child support, student loan or IRS liens or deductions levied against an employee's wages.

All employees are expected to meet their financial obligations. If an employee writes "hot" checks or has his income garnished by a judgment creditor, dismissal may result.

An employee will not be dismissed for having been the subject of one (1) garnishment. However, a second or third garnishment may result in dismissal.

At the discretion of the Superintendent, he or his designee may meet with an employee who has received a second garnishment for the purpose of warning the employee that a third garnishment will result in a recommendation of dismissal to the School Board.

At the discretion of the Superintendent, a second garnishment may be used as a basis for a recommended dismissal. The Superintendent may take into consideration other factors in deciding whether to recommend dismissal based on a second garnishment. Those factors may include, but are not limited to, the amount of the debt, the time between the first and the second garnishment, and other financial problems which come to the attention of the District.

8.19— CLASSIFIED PERSONNEL GRIEVANCES

The purpose of this policy is to provide an orderly process for employees to resolve, at the lowest possible level, their concerns related to the personnel policies or salary payments of this district.

Definitions

“Employee” means any person employed under a written contract by this school district.

“Grievance” means a claim or concern raised by an individual employee of this school district related to the interpretation, application, or claimed violation of the personnel policies, including salary schedules; federal laws and regulations; state laws and rules; or terms or conditions of employment. Other matters for which the means of resolution are provided or foreclosed by statute or administrative procedures shall not be considered grievances. Specifically, no grievance may be entertained against a supervisor for directing, instructing, reprimanding, or “writing up” an employee under his/her supervision.¹ A group of employees who have the same grievance may file a group grievance.

“Group Grievance” means a grievance that may be filed as a group if all of the following criteria: (meeting the criteria are met and the group’s issue is a subject that may be grieved under this policy’s definition of grievance:

1. More than one individual has interest in the matter; and
2. The group has a well-defined common interest in the facts and/or circumstances of the grievance; and
3. The group has designated an employee spokesperson to meet with administration and/or the board; and
4. All individuals within the group are requesting the same relief.

Simply meeting all of the criteria above alone does not ensure that the subject presented by the group is eligible to be grieved.

“Immediate Supervisor” means the person immediately superior to an employee who directs and supervises the work of that employee.

“Working day” means any weekday other than a holiday whether or not the employee under the provisions of their contract is scheduled to work or whether they are currently under contract.

Process

Level One: An employee who believes that he/she has a grievance shall inform that employee’s immediate supervisor that the employee has a potential grievance. Except for a grievance concerning back pay, the employee must inform his/her immediate supervisor of the existence of a potential grievance within five (5) working days of the occurrence of the grievance. The supervisor shall schedule a conference with the employee to hear the employee’s potential grievance that shall be held no later than five (5) working days after the supervisor is informed of the existence of the potential grievance and offer the employee an opportunity to have a witness or representative who is not a member of the employee’s immediate family present at their conference. -If the grievance is not advanced to Level Two within five (5) working days following the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

If the grievance cannot be resolved by the immediate supervisor, the employee can advance the grievance to Level Two. To do this, the employee must complete the top half of the Level Two Grievance Form within five (5) working days of the discussion with the immediate supervisor, citing the manner in which the specific personnel policy was violated that has given rise to the grievance, and submit the Grievance Form to his/her immediate supervisor. The supervisor will have ten (10) working days to respond to the grievance using the bottom half of the Level Two Grievance Form which he/she will submit to the building principal or, in the event that the employee’s immediate supervisor is the building principal, the superintendent.

Level Two (when appeal is to the building principal): Upon receipt of a Level Two Grievance Form, the building principal will have ten (10) working days to schedule a conference with the employee filing the grievance. The principal shall offer the employee an opportunity to have a witness or representative who is not a member of the employee’s immediate family present at their conference. After the conference, the principal will have ten (10)

working days in which to deliver a written response to the grievance to the employee. If the grievance is not advanced to Level Three within five (5) working days from the date of the principal's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

Level Two (when appeal is to the superintendent): Upon receipt of a Level Two Grievance Form, the superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Level Three: If the proper recipient of the Level Two Grievance was the building principal, and the employee remains unsatisfied with the written response to the grievance, the employee may advance the grievance to the superintendent by submitting a copy of the Level Two Grievance Form and the principal's reply to the superintendent within five (5) working days of his/her receipt of the principal's written reply. The superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Appeal to the Board of Directors: An employee who remains unsatisfied by the written response of the superintendent may appeal the superintendent's decision to the Board of Directors within five (5) working days of his/her receipt of the Superintendent's written response by submitting a written request for a board hearing to the superintendent². If the grievance is not appealed to the Board of Directors within five (5) working days of his/her receipt of the superintendent's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

The school board will address the grievance at the next regular meeting of the school board, unless the employee agrees in writing to an alternate date for the hearing. Based on a review of the Level Two Grievance Form and the superintendent's reply, the board shall:

Records

Records related to grievances will be filed separately and will not be kept in, or made part of, the personnel file of any employee.

Reprisals

No reprisals of any kind will be taken or tolerated against any employee because he/she has filed or advanced a grievance under this policy.

Notes: This policy is similar to Policy 3.25. If you change this policy, review 3.25 at the same time to ensure applicable consistency between the two.

¹ It is important to understand the implications of the language contained in this paragraph. Only matters specified in the first sentence of the paragraph are, in fact, subjects that may be grieved, but that cannot prohibit an employee from filing a grievance which the administration does not deem to be a subject that may be grieved and nonetheless advancing it through the grievance process. Ultimately, it is the board that determines whether or not the matter is actually a subject that may be grieved by comparing the written grievance to the definition of grievance in the grievance policy, and continuing on with the hearing only if the grievance is determined to be within the definition. This is addressed in the "Appeal to the Board of Directors" section.

² It is suggested that you date stamp the request for a board hearing upon receipt.

8.20— CLASSIFIED PERSONNEL SEXUAL HARASSMENT

The Osceola School District is committed to providing an academic and work environment that treats all students and employees with respect and dignity. Student achievement and amicable working relationships are best attained in an atmosphere of equal educational and employment opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational and work environment and will not be tolerated.

The District believes the best policy to create an educational and work environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District’s written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students and employees can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct;² or
 - b. Uses the rejection of unwelcome sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to:

measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; non-employees and students; employees; and employees and non-employees.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Employees who believe they have been subjected to sexual harassment are encouraged to submit a report to their immediate supervisor, an administrator, or the Title IX coordinator. Under no circumstances shall an employee be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the sexual harassment. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District’s grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - The identities of the parties involved in the incident, if known;
 - The conduct allegedly constituting sexual harassment; and
 - The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District’s personnel policies and code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular “party”, “complainant”, or “respondent” include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:

- Whether obtained from a party or other source,;
- The District does not intend to rely upon in reaching a determination regarding responsibility; and
- That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's personnel policies or code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's

education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's personnel policies or code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

- 1. Notify the other party in writing when an appeal is filed;
- 2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
- 3. Implement appeal procedures equally for both parties;
- 4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
- 5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 6. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;

- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Administrative Leave⁶

The District may place a non-student employee respondent on administrative leave during the pendency of the District's grievance process.

Retaliation Prohibited

Employees who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for personnel policy violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student or employee to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any employee who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, termination. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Employees who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including termination. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 **requires** that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;

- Completing the District’s grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
- Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District’s education program or activity, which may include the same individualized supportive measures;
- Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;
- Provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness;
- Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District’s education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudice of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;
- Provide the District webpage where the materials used to train the District’s Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³
- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party’s advisor, or a witness;
 - Concurrent law enforcement activity; or
 - The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;
- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While we have left the language from the definition for sexual harassment from 34 C.F.R. § 106.30 requiring that the sexual conduct with an employee must be “unwelcome” in this policy, we have removed the word “unwelcome” from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ As A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to “modify the prescribed penalties for a student on a case-by-case basis”, we have left this appeal option in this policy in recognition that an employee may be sexually harassed by a student. 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore both the complainant and respondent have the right to appeal the initial determination-maker’s disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual’s rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE*

The Family and Medical Leave Act (FMLA) offers job protection for leave that might otherwise be considered excessive absences. Employees need to carefully comply with this policy to ensure they do not lose FMLA protection due to inaction or failure to provide the District with needed information. The FMLA provides up to twelve (12) work weeks (or, in some cases, twenty-six (26) weeks) of job-protected leave to eligible employees with absences that qualify under the FMLA. While an employee can request FMLA leave and has a duty to inform the District, as provided in this policy, of foreseeable absences that may qualify for FMLA leave, it is the District's ultimate responsibility to identify qualifying absences as FMLA or non-FMLA. FMLA leave is unpaid, except to the extent that paid leave applies to any given absence as governed by the FMLA and this policy.

- c. Nurse practitioners, nurse-midwives, clinical social workers and physician assistants who are authorized to practice under State law and who are performing within the scope of their practice as defined under State law;
- d. Christian Science Practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts. Where an employee or family member is receiving treatment from a Christian Science practitioner, an employee may not object to any requirement from an employer that the employee or family member submit to examination (though not treatment) to obtain a second or third certification from a health care provider other than a Christian Science practitioner except as otherwise provided under applicable State or local law or collective bargaining agreement; or
- e. Any other person determined by the U.S. Secretary of Labor to be capable of providing health care services.

“Instructional Employee” is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting and includes athletic coaches, driving instructors, preschool teachers, and special education assistants such as signers for the hearing impaired. The term does not include, and the special rules related to the taking of leave near the end of a semester do not apply to: teacher assistants or aides who do not have as their principal job actual teaching or instructing, administrators, counselors, librarians, psychologists, and curriculum specialists.

“Intermittent leave” is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee's usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee's schedule for a period of time, normally from full-time to part-time.

“Next of Kin”, used in respect to an individual, means the nearest blood relative of that individual.

“Parent” is the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or a daughter. This term does not include parents “in-law.”

“Serious Health Condition” is an injury, illness, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider.

“Son or daughter”, for numbers 1, 2, or 3 below, is a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen (18), or age eighteen (18) or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.²

“Year” the twelve (12) month period of eligibility shall begin on July first of each school-year.³

Policy

The provisions of this policy are intended to be in line with the provisions of the FMLA. If any conflict(s) exist, the Family and Medical Leave Act of 1993, as amended, shall govern.

Leave Eligibility

The District will grant up to twelve (12) weeks of leave in a year in accordance with the FMLA, as amended, to its eligible employees for one or more of the following reasons:

1. Because of the birth of a son or daughter of the employee and in order to care for such son or daughter;
2. Because of the placement of a son or daughter with the employee for adoption or foster care;
3. To care for the spouse, son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition;
4. Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee; and
5. Because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. (See Section Two)
6. To care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury. (See Section Two)

The entitlement to leave for reasons 1 and 2 listed above shall expire at the end of the twelve (12) month period beginning on the date of such birth or placement.

A legally married couple who are both eligible employees employed by the District may not take more than a combined total of twelve (12) weeks of FMLA leave for reasons 1, 2, or to care for a parent under number 3.

Provisions Applicable to both Sections One and Two

District Notice to Employees

The District shall post, in conspicuous places in each school within the District where notices to employees and applicants for employment are customarily posted, a notice explaining the FMLA’s provisions and providing information about the procedure for filing complaints with the Department of Labor.⁴

Designation Notice to Employee

When an employee requests FMLA leave or the District determines that an employee’s absence may be covered under the FMLA, the District shall provide written notice within five (5) business days (absent extenuating circumstances) to the employee of the District’s determination of his/her eligibility for FMLA leave.⁵ If the employee is eligible, the District may request additional information from the employee and/or certification from a health care provider to help make the applicability⁶ determination. After receiving sufficient information as requested, the District shall provide a written notice within five (5) business days (absent extenuating circumstances) to the employee of whether the leave qualifies as FMLA leave and will be so designated.⁷

If the circumstances for the leave don’t change, the District is only required to notify the employee once of the determination regarding the designation of FMLA leave within any applicable twelve (12) month period.

Employees who receive notification that the leave request does not qualify under the FMLA are expected to return to work; further absences that are not otherwise excused could lead to discipline for excessive absences, or termination for job abandonment.

Concurrent Leave Under the FMLA

All FMLA leave is unpaid unless substituted by applicable accrued leave. The District requires employees to substitute any applicable accrued leave (in the order of sick, personal, or vacation leave as may be applicable) for any period of FMLA leave.⁶

An employee who does not have enough accrued leave to cover the number of days of FMLA leave taken shall not have his/her number of contract days altered because some of the FMLA leave taken was unpaid.

Working at another Job while Taking FMLA for Personal or Family Serious Medical Condition

No employee on FMLA leave for their own serious medical condition may perform work at another, non-district job while on FMLA leave. Except as provided in policy 8.36, employees who do perform work at another, non-district job while on FMLA leave for their own serious medical condition will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

No employee on FMLA leave for the serious medical condition of a family member may perform work at another, non-district job while on FMLA leave. Employees who do perform work at another, non-district job while on FMLA leave for the serious medical condition of a family member will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

Health Insurance Coverage

The District shall maintain coverage under any group health plan for the duration of FMLA leave the employee takes at the level and under the conditions coverage would have been provided if the employee had continued in active employment with the District. Additionally, if the District makes a change to its health insurance benefits or plans that apply to other employees, the employee on FMLA leave must be afforded the opportunity to access additional benefits and/or the same responsibility for changes to premiums. Any changes made to a group health plan that apply to other District employees, must also apply to the employee on FMLA leave. The District will notify the employee on FMLA leave of any opportunities to change plans or benefits. The employee remains responsible for any portion of premium payments customarily paid by the employee. When on unpaid FMLA leave, it is the employee's responsibility to submit his/her portion of the cost of the group health plan coverage to the district's business office on or before it would be made by payroll deduction.⁸

The District has the right to pay an employee's unpaid insurance premiums during the employee's unpaid FMLA leave to maintain the employee's coverage during his/her leave. The District may recover the employee's share of any premium payments missed by the employee for any FMLA leave period that the District maintains health coverage for the employee by paying his/her share. Such recovery shall be made by offsetting the employee's debt through payroll deductions or by other means against any monies owed the employee by the District.

An employee who chooses to not continue group health plan coverage while on FMLA leave is entitled to be reinstated on the same terms as prior to taking the leave, including family or dependent coverages, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.⁹

If an employee gives unequivocal notice of an intent not to return to work, or if the employment relationship would have terminated if the employee had not taken FMLA leave, the District's obligation to maintain health benefits ceases.

If the employee fails to return from leave after the period of leave the employee was entitled has expired, the District may recover the premiums it paid to maintain health care coverage unless:

- a. The employee fails to return to work due to the continuation, reoccurrence, or onset of a serious health condition that entitles the employee to leave under reasons 3 or 4 listed above; and/or
- b. Other circumstances exist beyond the employee's control.

Circumstances under "a" listed above shall be certified by a licensed, practicing health care provider verifying the employee's inability to return to work.

Reporting Requirements During Leave

Unless circumstances exist beyond the employee's control, the employee shall inform the district every two (2) weeks¹⁰ during FMLA leave of his/her current status and intent to return to work.

Return to Previous Position

An employee returning from FMLA leave is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An equivalent position must involve the same or substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, and authority.

The employee's right to return to work and/or to the same or an equivalent position does not supersede any actions taken by the District, such as conducting a RIF, that the employee would have been subject to had the employee not been on FMLA leave at the time of the District's actions.

Leave Acquired Through Fraud

If it is discovered that an employee engaged in fraud or otherwise provided the District with documentation that includes a material misrepresentation of fact in order to receive FMLA leave, the District may discipline the employee up to and including termination.

Provisions Applicable to Section One

Employee Notice to District

Foreseeable Leave

When the need for leave is foreseeable for reasons 1 through 4 listed above, the employee shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If there is a lack of knowledge of approximately when the leave will be required to begin, a change in circumstances, or an emergency, notice must be given as soon as practicable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

When the need for leave is for reasons 3 or 4 listed above, the eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the District subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for the number of days equal to the difference between the number of days in advance that the employee should have provided notice and when the employee actually gave notice.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case.

Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Medical Certification

Second and Third Opinions: In any case where the District has reason to doubt the validity of the initial certification provided, the District may require, at its expense, the employee to obtain the opinion of a second health care provider designated or approved by the employer. If the second opinion differs from the first, the District may require, at its expense, the employee to obtain a third opinion from a health care provider agreed upon by both the District and the employee. The opinion of the third health care provider shall be considered final and be binding upon both the District and the employee.

Recertification: The District may request, either orally or in writing, the employee obtain a recertification in connection with the employee's absence, at the employee's expense, no more often than every thirty (30) days unless one or more of the following circumstances apply:

- The original certification is for a period greater than thirty (30) days. In this situation, the District may require a recertification after the time of the original certification expires, but in any case, the District may require a recertification every six (6) months.
- The employee requests an extension of leave;
- Circumstances described by the previous certification have changed significantly; and/or
- The district receives information that casts doubt upon the continuing validity of the certification.

The employee must provide the recertification within fifteen (15) calendar days after the District's request.

No second or third opinion on a recertification may be required.

The District may deny FMLA leave if an eligible employee fails to provide a requested certification.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for reasons 1 (as applicable), 2, 3, or 4 above, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.¹¹

To the extent the employee has accrued paid vacation or personal leave, any leave taken that qualifies for FMLA leave for reasons 1 or 2 above shall be paid leave and charged against the employee's accrued leave.

Workers' Compensation: FMLA leave may run concurrently with a workers' compensation absence when the injury is one that meets the criteria for a serious health condition. To the extent that workers' compensation benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the workers' compensation injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her workers' compensation payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Return to Work¹²

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work, the employee must provide such certification prior to returning to work. The employee's failure to do so voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work **and** the designation determination listed the employee's essential job functions, the employee must provide certification that the employee is able to perform those functions prior to returning to work. The employee's failure to do so or his/her inability to perform his/her job's essential functions voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

Failure to Return to Work

In the event that an employee is unable or fails to return to work within FMLA's leave timelines, the superintendent will make a determination at that time regarding the documented need for a severance of the employee's contract due to the inability of the employee to fulfill the responsibilities and requirements of his/her contract.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave shall provide the District with not less than thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may only take intermittent or reduced schedule leave for reasons 1 and 2 listed above if the District agrees to permit such leave upon the request of the employee. If the District agrees to permit an employee to take intermittent or reduced schedule leave for such reasons, the agreement shall be consistent with this policy's requirements governing intermittent or reduced schedule leave. The employee may be transferred temporarily during the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties.

Eligible employees may take intermittent or reduced schedule FMLA leave due to reasons 3 or 4 listed above when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule for reasons 3 or 4 above that is foreseeable based on planned medical treatment, the District may temporarily transfer eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

Special Provisions relating to Instructional Employees as Defined in This Policy

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and whose FMLA leave falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

SECTION TWO- FMLA LEAVE CONNECTED TO MILITARY SERVICE

Leave Eligibility

The FMLA provision of military associated leave is in two categories. Each one has some of its own definitions and stipulations. Therefore, they are dealt with separately in this Section of the policy. Definitions different than those in Section One are included under the respective reason for leave. Definitions that are the same as in Section One are NOT repeated in this Section.

Qualifying Exigency

An eligible employee may take FMLA leave for any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. Examples include issues involved with short-notice deployment, military events and related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and other activities as defined by federal regulations.¹³

Definitions

“Covered active duty” means:

- in the case of a member of a **regular** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country; and
- in the case of a member of a **reserve** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country under a call to order to active duty under a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code.

“Son or daughter on active duty or call to active duty status” means the employee's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the employee stood in loco parentis, who is on active duty or call to active duty status, and who is of any age.

Certification¹⁴

The District may require the eligible employee to obtain certification to help the district determine if the requested leave qualifies for FMLA leave for the purposes of a qualifying exigency. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the necessity for leave for any qualifying exigency is foreseeable, whether because the spouse, son, daughter, or parent of the employee is on covered active duty, or because of notification of an impending call or order to covered active duty, the employee shall provide such notice to the District as is reasonable and practicable regardless of how far in advance the leave is foreseeable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for any qualifying exigency, the District requires employees to substitute accrued vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

Eligible employees may take intermittent or reduced schedule leave for any qualifying exigency. The employee shall provide the district with as much notice as is practicable.

Special Provisions relating to Instructional Employees as Defined in This Policy

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and who's FMLA leave falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

Serious Illness

An eligible employee is eligible for leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury under the following conditions and definitions.

Definitions

“Covered Service Member” is:

1. A member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

“Outpatient Status”, used in respect to a covered service member, means the status of a member of the Armed Forces assigned to:

- a. A military medical treatment facility as an outpatient; or
- b. A unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

“Parent of a covered servicemember” is a covered servicemember’s biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents “in law.”

“Serious Injury or Illness”:

- A. In the case of a member of the Armed Forces, including the National Guard or Reserves, it means an injury or illness incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- B. In the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during a period as a covered service member defined in this policy, it means a qualifying (as defined by the U.S. Secretary of Labor) injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

“Son or daughter of a covered servicemember” means a covered servicemember's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age.²

“Year”, for leave to care for the serious injury or illness of a covered service member, the twelve (12) month period begins on the first day the eligible employee takes FMLA leave to care for a covered servicemember and ends twelve (12) months after that date.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of twenty-six (26) weeks of leave during one twelve (12) month period to care for the service member who has a serious injury or illness as defined in this policy. An eligible employee who cares for such a covered service member continues to be limited for reasons 1 through 4 in Section One and for any qualifying exigency to a total of twelve (12) weeks of leave during a year as defined in this policy. For example, an eligible employee who cares for such a covered service member for sixteen (16) weeks during a twelve (12) month period could only take a total of ten (10) weeks for reasons 1 through 4 in Section One and for any qualifying exigency. An eligible employee may not take more than twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency regardless of how little leave the eligible employee may take to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury.

If a legally married couple are both eligible employees employed by the District, the legally married couple are entitled to a combined total of twenty-six (26) weeks of leave during one twelve (12) month period to care for their spouse, son, daughter, parent, or next of kin who is a covered service member with a serious injury or illness, as defined in this policy. The leave taken by a legally married couple who care for such a covered service member continues to be limited to a total of twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency during a year, as defined in this policy, regardless of whether or not the legally married couple uses less than a combined total of fourteen (14) weeks to care for a covered service member with a serious injury or illness; moreover, the legally married couple’s twelve (12) weeks are combined when taken for reasons 1, 2, or to care for a parent under reason 3 in Section One.

For example, a legally married couple who are both eligible employees and who care for such a covered service member for sixteen (16) weeks during a twelve (12) month period could:

1. Each take up to ten (10) weeks for reason 4 in section 1 or a qualifying exigency;
2. Take a combined total of ten (10) weeks for reasons 1, 2, or to care for a parent under reason 3 in Section One; or
3. Take a combination of numbers 1 and 2 that totals ten (10) weeks of leave.

The District may require the eligible employee to obtain certification of the covered service member's serious health condition to help the District determine if the requested leave qualifies for FMLA leave. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the need for leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury is clearly foreseeable at least thirty (30) days in advance, the employee shall provide the District with no less than thirty (30) days' notice before the date the employee intends for the leave to begin for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for an amount of time equal to the difference between the length of time that the employee should have provided notice and when the employee actually gave notice.

When the need for leave is to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury, the employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the district subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may take intermittent or reduced schedule FMLA leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury that is foreseeable based on planned medical treatment, the District may temporarily transfer eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began.

Special Provisions relating to Instructional Employees (as defined in this policy)

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and whose FMLA leave falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

Notes: This policy is similar to Policy 3.32. If you change this policy, review 3.32 at the same time to ensure applicable consistency between the two.

All school districts are covered under the Family Medical Leave Act and are required to keep certain payroll and employee identification records and post pertinent notices regarding FMLA for its employees; however, employees are only eligible for FMLA benefits if the district has fifty (50) or more employees within a seventy-five (75) mile radius of the district's offices. Your district may choose to offer FMLA benefits to your employees even though they are not technically eligible. If your district has less than fifty (50) employees and chooses not to offer FMLA benefits, replace the above policy with the following language to inform your employees of why FMLA benefits do not apply to them and to help avoid possible confusion resulting from the posting of FMLA notices:

Employees are eligible for benefits under the Family Medical Leave Act when the district has fifty (50) or more employees. The _____ School District has less than fifty (50) employees and therefore employees are not eligible for FMLA benefits.

Determining whether an absence qualifies as FMLA leave is a **DISTRICT** responsibility and not the employee's. While much of the statutes' language refers to an employee's request for FMLA leave, the employee has **NO** mandatory responsibility for initiating the exchange of information that might relate his/her absence to that of the FMLA. The District has the right and the duty to ask for enough information concerning an employee's absence to make a determination. The employee has the responsibility and duty to respond to questions asked in an effort for the District to make the initial determination. Any issue of medical certification to be provided by the employee is secondary to that of informal questioning to determine whether the absence does in fact, fall under the FMLA umbrella. The District must fulfill its responsibility for the posting of employee FMLA notice requirements to make those requirements enforceable. This is done through posting the notices available at the link in footnote #⁴ **AND** by the employee's receipt of this policy in the employee handbook.

¹ It is possible for a full time employee to be eligible for FMLA leave one year and not the next. For example, if an employee on a 190 day contract takes the full twelve (12) weeks of FMLA leave in year one, that would mean the employee only worked 130 days. Assuming the employee is credited for eight (8) hours per workday, the employee would have only worked 1040 hours during that time (130 x 8=1040), which would make the employee ineligible for FMLA leave for the year following the year that the employee took the leave.

² The Wage and Hour Division of the Department of Labor has issued a Guidance to help interpret the scope of the definition of "son or daughter" as it applies to an employee standing "in loco parentis" to a child. The following quote from the Guidance is offered to give an idea of the complexity of the definition. (The Guidance, in full, is available by calling the ASBA office or at the link in footnote #4.)

Congress intended the definition of "son or daughter" to reflect "the reality that many children in the United States today do not live in traditional 'nuclear' families with their biological father and mother. Increasingly, those who find themselves in need of workplace accommodation of their child care responsibilities are not the biological parent of the children they care for, but their adoptive, step, or foster parents, their guardians, or sometimes simply their grandparents or other relatives or adults." Congress stated that the definition was intended to be "construed to ensure that an employee who actually has day-to-day responsibility for caring for a child is entitled to leave even if the employee does not have a biological or legal relationship to that child."

³ Districts can choose one of four (4) possible "twelve (12) month periods." Each one has possible advantages and disadvantages. Choose the one that will work best for your district. The four (4) options are:

- 1) the calendar year;
- 2) Any fixed twelve (12) month leave year such as a fiscal year or a year starting on an employee's "anniversary" date;
- 3) The twelve (12) month period measured forward from the date any employee's first FMLA leave for reasons 1 through 5 begins;
- 4) A rolling twelve (12) month period measured backward from the date an employee uses any FMLA leave for reasons 1 through 5.

⁴ A Department of Labor poster along with several additional forms that are necessary to fulfill FMLA's requirements are available at <http://www.dol.gov/whd/fmla/index.htm>. Please note that the DOL forms lack the required disclaimer

required by the Genetic Information Nondiscrimination Act (GINA). We suggest that you include the following language taken from the final rule implementing the GINA:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

⁵ We suggest you use the Department of Labor's *Notice of Eligibility and Rights and Responsibilities* form (otherwise known as WH-381) to help you fulfill the requirements of this section. It's available at the link in footnote #⁴ or by calling the ASBA office. When making the determination, we suggest initially erring on the side of granting it. Retroactively designating leave as FMLA has more potential liability for the district if the employee can demonstrate the initial failure to grant the leave under FMLA caused him/her harm or injury. If due to receipt of the medical certification, it turns out that the leave does not qualify, you will need to readjust the available FMLA leave accordingly.

⁶ As used in this policy, "applicable" is a very important word. Some leave taken under FMLA also applies to sick leave and therefore, the employee will get paid for the leave to the extent the employee has sick leave accrued. Other leave taken under FMLA is not applicable to sick leave and therefore the FMLA leave is unpaid. For instance, "applicable leave" in terms of time taken under FMLA due to the birth of a child will vary depending on the language in your District's policy on sick leave. For instance, if sick leave may be taken "for reason of personal illness or illness in the immediate family" (based on the statutory definition in A.C.A. § 6-17-1202, and an employee gives birth to a child, she may take sick leave for the amount of time that her personal physician deems it necessary for her to physically recover from childbirth. Once the medically necessary time has passed, sick leave is no longer appropriate and cannot be used. While under the FMLA, the employee could take additional time off work, she would need to take unpaid FMLA leave for this purpose, unless she had personal days or vacation days available. However, if your district has a much more liberal definition of sick leave in District policy, the results could be entirely different. Another example would be the potential for overlap between pregnancy complications that arise to the level of a "serious health condition." For instance, pregnancy complications that rose to the level of a "serious health condition" would qualify for both, while missing work for a dentist's appointment would qualify for sick leave, but would not qualify for FMLA leave. Consult policy 8.5—CLASSIFIED EMPLOYEES SICK LEAVE when making the determination of what sick leave qualifies under both policies.

⁷ There are several issues that must be addressed in the written notice. The *Designation Notice* (WH-382) available from the Wage and Hour Division of the US Department of Labor is a good way to both give your employee written notice and help ensure you have included the necessary information in the notice. The *Designation Notice* is available at the link contained in footnote #⁴ or by calling the ASBA office.

⁸ The District cannot cancel an employee's insurance for the employee's failure to pay his/her share of the premium until the payment is thirty (30) or more days late. The District must give prior, written notice to the employee at least fifteen (15) days prior to the cancellation of the policy stating that the policy will be terminated on a given date if payment is not received by that date, which must be at least fifteen (15) days from the date of the letter.

⁹ Due to the district's liability for meeting the requirement of this paragraph and similar obligations for life insurance premiums or other benefits, the District needs to consider picking up the costs of such premiums during an employee's **unpaid** FMLA leave **if** the employee fails to pay his/her share of the costs. If the District elects to maintain such benefits during the leave, at the conclusion of leave the District is entitled to recover only the costs incurred for paying the employee's share of any premiums whether or not the employee returns to work. To help you decide if you should choose to pay premium costs in such a situation, the following excerpt from 29 CFR 825.212(c):

If coverage lapses because an employee has not made required premium payments, upon the employee's return from FMLA leave the employer must still restore the employee to coverage/benefits equivalent to those the employee would have had if leave had not been taken and the premium payment(s) had not been missed, including family or dependent coverage. See § 825.215(d)(1) through (5). In such case, an employee may not be required to meet any qualification requirements imposed by the plan, including any new preexisting condition waiting period, to wait for an open season, or to pass a medical examination to obtain reinstatement of coverage. If an employer terminates an employee's insurance in accordance with this section and fails to restore the employee's health insurance as required by this section upon the employee's return, the employer

may be liable for benefits lost by reason of the violation, for other actual monetary losses sustained as a direct result of the violation, and for appropriate equitable relief tailored to the harm suffered.

¹⁰ You may choose the time interval of the required duty to report, but it must be reasonable.

¹¹ ASBA model policy 8.5—CLASSIFIED EMPLOYEES SICK LEAVE includes language entitling employees with up to fifteen (15) days of sick leave in a school-year for issue relating to the adoption of a child. If you have not adopted this provision, delete #2 from this sentence. Include reason #1 if you have a liberal sick leave policy that would permit leave to be taken for bonding with a new born son or daughter.

¹² The Department of Labor's *Designation Notice* has entries that address this section's requirements. It's very helpful. For this section, you will need both the *Designation Notice* (WH-382) and the appropriate *Medical Certification form* (WH-380-E or WH-380-F); the *Designation Notice* to fulfill your notice requirements and the medical certification form to enable you to determine if the employee's leave is actually covered under the FMLA. They are available at the link in footnote #4 or by calling the ASBA office.

¹³ The types and amounts of leave available for a particular type of qualifying exigency are covered in 29 C.F.R. § 825.126. Call the ASBA office for a copy.

¹⁴ You can use WH-384, *Certification of Qualifying Exigency for Military Family Leave* to obtain the certification. It's available at the link in footnote #4 or by calling the ASBA office.

¹⁵ You can use WH-385, *Covered Service Member Serious Injury* form to obtain the certification. It's available at the link in footnote #4 or by calling the ASBA office.

8.24—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES

“School Bus” is a motorized vehicle that meets the following requirements:

1. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
2. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Any driver of a school bus shall not operate the school bus while using a device to browse the internet, make or receive phone calls or compose or read emails or text messages.² A school bus driver may use a two-way radio communications device or any device used in a similar manner as a two-way radio communications device to communicate with the District’s central dispatch or transportation center. In addition, if the school bus is safely off the road with the parking brake engaged, exceptions are allowed to call for assistance due to a mechanical problem with the bus, or to communicate with any of the following during an emergency:

- An emergency system response operator or 911 public safety communications dispatcher;
- A hospital or emergency room;
- A physician's office or health clinic;
- An ambulance or fire department rescue service;
- A fire department, fire protection district, or volunteer fire department; or
- A police department.

In addition to statutorily permitted fines, violations of this policy shall be grounds for disciplinary action up to and including termination.

Notes: This policy is similar to Policy 3.51. If you change this policy, review 3.51 at the same time to ensure applicable consistency between the two.

¹ Students are not required to be transported on a school bus as long as the transporting vehicle is not scheduled for a regularly occurring route or takes a route that contains frequent stops to pick up or drop off students.

² A.C.A. § 6-19-120 only prohibits "cell phone" use; A.C.A. § 27-51-1504 prohibits the use of a “handheld wireless telephone” for browsing the internet, sending or receiving emails, and sending or receiving text messages at any time; and A.C.A. § 27-51-1609 prohibits the use of a “handheld wireless communication device” for any purpose while in a school zone. The terminology in this sentence is designed to combine these statutes and to cover all the distractions that could affect a driver's ability to safely drive the bus.

8.25—CLASSIFIED PERSONNEL CELL PHONE USE

Use of cell phones or other electronic communication devices by employees during their designated work time for other than District approved purposes is strictly forbidden unless specifically approved in advance by the superintendent, building principal, or their designees.¹

District staff shall not be given cell phones or computers for any purpose other than their specific use associated with school business. School employees who use school issued cell phones and/or computers for non-school purposes, except as permitted by District policy, shall be subject to discipline, up to and including termination. School employees who are issued District cell phones due to the requirements of their position may use the phone for personal use on an “as needed” basis provided it is not during designated work time.²

Except when authorized in Policy 8.24—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES, all employees are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including termination.³

Except when authorized in Policy 8.24—SCHOOL BUS DRIVER’S USE OF MOBILE COMMUNICATION DEVICES, no employee shall use any device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. Violation may result in disciplinary action up to and including termination.⁴

Notes: This policy is similar to Policy 3.34. If you change this policy, review 3.34 at the same time to ensure applicable consistency between the two.

¹ The goal is to eliminate the use of cell phones during designated work time. You may change who has the authority to approve the use of cell phones if you wish to.

² The IRS has changed its position regarding the use of district issued cell phones for personal use for those employees who have a genuine **need** for a cell phone due to their job’s duties. Cell phones **cannot** be issued as a fringe benefit, but only as a “legitimate” need related to their job’s responsibilities. There is no longer a need to keep track of personal calls and claim their value as income. The district has the option of supplying the phone directly to the employee or of reimbursing the employee for the cost of his/her personal phone that is used for both District and personal purposes. Any such reimbursement can only be for the specific employee and not any other individuals associated with that employee’s cell phone plan. There has been no change to the use of school computers for personal purposes.

³ This sentence is included because insurance companies have ruled that injuries occurring while driving and talking on school issued cell phones are subject to workers comp awards.

⁴ This sentence was added due to the dangers involved for both drivers and pedestrians associated with distracted driving. A.C.A. § 27-51-1609 prohibits the use of a “wireless handheld telephone” while in a school zone for any purpose when that use is not hands free. While the policy language exceeds the statutory language, we believe the expanded language is important for the protection of students and employees alike.

Actions by a District employee towards a student that would constitute bullying if the act had been performed by a student shall result in disciplinary action, up to and including termination. This policy governs bullying directed towards students and is not applicable to adult on adult interactions. Therefore, this policy does not apply to interactions between employees. Employees may report workplace conflicts to their supervisor.¹ In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notes: This policy is similar to Policy 3.38. If you change this policy, review 3.38 at the same time to ensure applicable consistency between the two.

A school employee who has reported violations under the school district's policy shall be immune from any tort liability which may arise from the failure to remedy the reported incident.

¹ This paragraph is optional. We have included it because we have received multiple phone calls where district employees were attempting to use the policy against fellow employees.

8.28— DRUG FREE WORKPLACE - CLASSIFIED PERSONNEL

The conduct of district staff plays a vital role in the social and behavioral development of our students. It is equally important that the staff have a safe, healthful, and professional environment in which to work. To help promote both interests, the district shall have a drug free workplace. It is, therefore, the district's policy that district employees are prohibited from the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, alcohol, as well as inappropriate or illegal use of prescription drugs. Such actions are prohibited both while at work or in the performance of official duties while off district property; violations of this policy will subject the employee to discipline, up to and including termination.

To help promote a drug free workplace, the district shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the district's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. (Insert substance abuse resources here.)

Should any employee be found to have been under the influence of, or in illegal possession of, any illegal drug or controlled substance, whether or not engaged in any school or school-related activity, and the behavior of the employee, if under the influence, is such that it is inappropriate for a school employee in the opinion of the superintendent, the employee may be subject to discipline, up to and including termination. This policy also applies to those employees who are under the influence of alcohol while on campus or at school-sponsored functions, including athletic events.

An employee living on campus or on school owned property is permitted to possess alcohol in his/her residence. The employee is bound by the restrictions stated in this policy while at work or performing his/her official duties.

Possession, use or distribution of drug paraphernalia by any employee, whether or not engaged in school or school-related activities, may subject the employee to discipline, up to and including termination. Possession in one's vehicle or in an area subject to the employee's control will be considered to be possession as though the substance were on the employee's person.

It shall not be necessary for an employee to test at a level demonstrating intoxication by any substance in order to be subject to the terms of this policy. Any physical manifestation of being under the influence of a substance may subject an employee to the terms of this policy. Those physical manifestations include, but are not limited to: unsteadiness; slurred speech; dilated or constricted pupils; incoherent and/or irrational speech; or the presence of an odor associated with a prohibited substance on one's breath or clothing.

Should an employee desire to provide the District with the results of a blood, breath or urine analysis, such results will be taken into account by the District only if the sample is provided within a time range that could provide meaningful results and only by a testing agency chosen or approved by the District. The District shall not request that the employee be tested, and the expense for such voluntary testing shall be borne by the employee.

Any incident at work resulting in injury to the employee requiring medical attention shall require the employee to submit to a drug test, which shall be paid at the District's worker's compensation carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of worker's compensation benefits in accordance with policy 8.36—CLASSIFIED PERSONNEL WORKPLACE INJURIES AND WORKERS' COMPENSATION.

Any employee who is charged with a violation of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, must notify his/her immediate supervisor within five (5) week days (i.e., Monday through Friday, inclusive, excluding holidays) of being so charged. The supervisor who is notified of such a charge shall notify the Superintendent immediately.

If the supervisor is not available to the employee, the employee shall notify the Superintendent within the five (5) day period.

Any employee so charged is subject to discipline, up to and including termination. However, the failure of an employee to notify his/her supervisor or the Superintendent of having been so charged shall result in that employee being recommended for termination by the Superintendent.

Any employee convicted of any criminal drug statute violation for an offense that occurred while at work or in the performance of official duties while off district property shall report the conviction within 5 calendar days to the superintendent. Within 10 days of receiving such notification, whether from the employee or any other source, the district shall notify federal granting agencies from which it receives funds of the conviction. Compliance with these requirements and prohibitions is mandatory and is a condition of employment.

Any employee convicted of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances, or of drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that he/she cannot properly perform his/her duties shall not report for duty. Any employee who reports for duty and is so impaired, as determined by his/her supervisor, will be sent home. The employee shall be given sick leave, if owed any. The District or employee will provide transportation for the employee, and the employee may not leave campus while operating any vehicle. It is the responsibility of the employee to contact his/her physician in order to adjust the medication, if possible, so that the employee may return to his/her job unimpaired. Should the employee attempt to return to work while impaired by prescription medications, for which the employee has a prescription, he/she will, again, be sent home and given sick leave, if owed any. Should the employee attempt to return to work while impaired by prescription medication a third time the employee may be subject to discipline, up to and including a recommendation of termination.

Any employee who possesses, uses, distributes or is under the influence of a prescription medication obtained by a means other than his/her own current prescription shall be treated as though he was in possession, possession with intent to deliver, or under the influence, etc. of an illegal substance. An illegal drug or other substance is one which is (a) not legally obtainable; or (b) one which is legally obtainable, but which has been obtained illegally. The District may require an employee to provide proof from his/her physician and/or pharmacist that the employee is lawfully able to receive such medication. Failure to provide such proof, to the satisfaction of the Superintendent, may result in discipline, up to and including a recommendation of termination.

A report to the appropriate licensing agency shall be filed within seven (7) days of:

- 1) A final disciplinary action taken against an employee resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances; or
- 2) The voluntary resignation of an employee who is facing a pending disciplinary action resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances.

The report filed with the licensing authority shall include, but not be limited to:

- The name, address, and telephone number of the person who is the subject of the report; and
- A description of the facts giving rise to the issuance of the report.

When the employee is not a healthcare professional, law enforcement will be contacted regarding any final disciplinary action taken against an employee for the diversion of controlled substances to one (1) or more third parties.

8.29—CLASSIFIED PERSONNEL VIDEO SURVEILLANCE AND OTHER MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on district property and in or on district vehicles to notify students, staff, and visitors that video cameras may be in use. Violations of school personnel policies or laws caught by the cameras and other technologies authorized in this policy may result in disciplinary action.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos, automatic identification, or data compilations containing evidence of a violation of district personnel policies and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or staff handbook; any release or viewing of such records shall be in accordance with current law.

Staff who vandalize, damage, defeat, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Video recordings and automatic identification or data compilation records may become a part of a staff member's personnel record.

8.30—CLASSIFIED PERSONNEL REDUCTION IN FORCE

SECTION ONE

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards for Accreditation of Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long- and short-term goals of the school district in relation to the staffing of the district.

If a reduction in force becomes necessary, the RIF shall be conducted separately for each occupational category of classified personnel identified within the district on the basis of each employee's years of service. The employee within each occupational category with the least years of experience will be non-renewed first. The employee with the most years of employment in the district as compared to other employees in the same category shall be non-renewed last. In the event that employees within a given occupational category have the same length of service to the district the one with the earlier hire date, based on date of board action, will prevail.

When the District is conducting a RIF, all potentially affected classified employees shall receive a listing of the personnel within their category with corresponding totals of years of service. Upon receipt of the list, each employee has ten (10) working days within which to appeal his or her total years of service to the superintendent whose decision shall be final. Except for changes made pursuant to the appeals process, no changes will be made to the list that would affect an employee's total after the list is released.

Total years of service to the district shall include non-continuous years of service; in other words, an employee who left the district and returned later will have the total years of service counted, from all periods of employment. Working fewer than one hundred sixty (160) days in a school year shall not constitute a year. Length of service in a licensed position shall not count for the purpose of length of service for a classified position.

Except as may occur during a RIF in the District's teaching staff, there is no right or implied right for any employee to "bump" or displace any other employee. When there is a RIF of the District's teaching staff, a teacher with full licensure in a position shall prevail over a teacher with greater points but who is lacking full licensure in that subject area. "Full licensure" means an initial, or standard, non-contingent license to teach in a subject area or grade level, in contrast with a license that is provisional,; temporary,; or conditional on the fulfillment of additional course work or passing exams or any other requirement of the Division of Elementary and Secondary Education, other than the attainment of annual professional development training; or teaching under a waiver from licensure. The exception for a RIF in the District's teaching staff specifically does not allow a licensed employee who might wish to assume a classified position to displace a classified employee.

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all employees will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change¹. A Partial RIF may also be conducted in conjunction with any job reassignment whether or not it is conducted in relation to an annexation or consolidation.

Recall:²

For a period of up to two (2) years from the date of board action on the classified employee's non-renewal or termination recommendation under this policy, a classified employee shall be offered an opportunity to fill a

classified vacancy comparable as to pay, responsibility and contract length to the position from which the employee was non-renewed, and for which he or she is qualified. The non-renewed employee shall be eligible to be recalled for a period of two (2) years in reverse order of the non-renewal to any position for which he or she is qualified. No right of recall shall exist for non-renewal from a stipend, or non-renewal or reduction of a stipend, or non-renewal to reduce contract length.

Notice of vacancies to non-renewed employees shall be by first class mail to all employees reasonably believed to be both qualified for and subject to rehire for a particular position and they shall have ten (10) working days from the date the notification is mailed in which to conditionally accept or reject the offer of a position with the actual offer going to the qualified employee with the most years of service who responds within the ten (10) day time period. A lack of response, as evidenced by an employee's failure to respond within ten (10) working days, or a non-renewed employee's express refusal of an offer of a position or an employee's acceptance of a position but failure to sign an employment contract within two (2) business days of the contract being presented to the employee shall constitute a rejection of the offered position and shall end the district's obligation to rehire the non-renewed employee. No further rights to be rehired because of the reduction in force shall exist.

SECTION TWO² Option B

The employees of any school district which annexes to, or consolidates with, the Osceola School District will be subject to dismissal or retention at the discretion of the school board, on the recommendation of the superintendent, solely on the basis of need for such employees on the part of the Osceola School District, if any, at the time of the annexation or consolidation, or within ninety (90) days after the effective date of the annexation or consolidation. The need for any employee of the annexed or consolidated school district shall be determined solely by the superintendent and school board of the Osceola School District.

Such employees will not be considered as having any seniority within the Osceola School District and may not claim an entitlement under a reduction in force to any position held by an Osceola School District employee prior to, or at the time of, or prior to the expiration of ninety (90) days after the consolidation or annexation, if the notification provision below is undertaken by the superintendent.

The superintendent shall mail or have hand-delivered the notification to such employee of the superintendent's intention to recommend non-renewal or termination pursuant to a reduction in force within ninety (90) days of the effective date of the annexation or consolidation in order to effect the provisions of this section of the Osceola School District's reduction-in-force policy. Any such employees who are non-renewed or terminated pursuant to Section Two are not subject to recall. Any such employees shall be paid at the rate for each person on the appropriate level on the salary schedule of the annexed or consolidated district during those ninety (90) days and/or through the completion of the reduction-in-force process.

This subsection of the reduction-in-force policy shall not be interpreted to provide that the superintendent must wait ninety (90) days from the effective date of the annexation or consolidation in order to issue a notification of the superintendent's intention to recommend dismissal through reduction-in-force, but merely that the superintendent has that period of time in which to issue a notification so as to be able to invoke the provisions of this section.

The intention of this section is to ensure that those Osceola School District employees who are employed prior to the annexation or consolidation shall not be displaced by employees of the annexed or consolidated district by application of the reduction-in-force policy.

Notes: ¹ For example, if the district's salary schedule provided for a range of salaries for maintenance employees ranging from \$8.50 an hour to \$12.50 an hour, and one maintenance employee is making \$14.00 an hour, the superintendent, as part of the RIF, would send a letter of partial nonrenewal to the maintenance employee to bring the salary into compliance with the salary schedule.

² For either Options 1 and 2 or Options A and B, select the option that will work best for your district. If you choose Option B, the ninety (90) day time period may be lengthened or shortened (within reason) to suit your preference.

The Superintendent, in developing the calendar, shall accept and consider recommendations from any staff member or group wishing to make calendar proposals. The PPC shall have the time prescribed by law and/or policy in which to make any suggested changes before the board may vote to adopt the calendar.

The District shall not establish a school calendar that interferes with any scheduled statewide assessment that might jeopardize or limit the valid assessment and comparison of student learning gains.

8.34—CLASSIFIED PERSONNEL DUTIES AS MANDATED REPORTERS

It is the statutory duty of school district employees to:

If the employee has reasonable cause to suspect child abuse or maltreatment, then the employee shall directly and personally report these suspicions to the Arkansas Child Abuse Hotline; by: calling 1-800-482-5964; by calling the child maltreatment hotline at 1-800-482-5964 and submitting a report through fax to the child maltreatment hotline; or if the employee can demonstrate that the child maltreatment, neglect, or abuse is not an emergency, then the employee may notify the child maltreatment hotline through submission of a fax only. Failure to report suspected child abuse, maltreatment, or neglect through the Hotline can lead to criminal prosecution and individual civil liability of the person who has this duty. Notification of local or state law enforcement does not satisfy the duty to report; only notification by means of the Child Abuse Hotline discharges this duty.

If the employee has a good faith belief that there is a serious and imminent threat to the public based on a threat made by an individual regarding violence in or targeted at a school that has been communicated to the employee in the ordinary course of his/her professional duties, then the employee shall make every attempt to immediately notify law enforcement of the serious and imminent threat to the public and have notified law enforcement within twenty-four (24) hours of learning of the serious and imminent threat to the public.

The duty of mandated reporters to report suspected child abuse or maltreatment or serious and imminent threats to the public is a direct and personal duty, and cannot be assigned or delegated to another person. There is no duty to investigate, confirm or substantiate statements a student may have made which form the basis of the reasonable cause to believe that the student may have been abused or subjected to maltreatment by another person or that form the basis of the serious and imminent threat to the public; however, a person with a duty to report may find it helpful to make a limited inquiry to assist in the formation of a belief that child abuse, maltreatment, or neglect has occurred; that a serious and imminent threat to the public exists; or to rule out such a belief¹.

Employees and volunteers who notify the Child Abuse Hotline or who report serious and imminent threats to the public to law enforcement in good faith are immune from civil liability and criminal prosecution.

By law, no school district or school district employee may prohibit or restrict an employee or volunteer **who is a mandated reporter** from directly reporting suspected child abuse, maltreatment, or a serious and imminent threat to the public, or require that any person notify or seek permission from any person before making a report to the Child Abuse Hotline or law enforcement.

Notes: This policy is similar to Policy 3.40. If you change this policy, review 3.40 at the same time to ensure applicable consistency between the two.

¹ This is a delicate matter and the district would be wise to avail itself of professional development (PD) in this area available from DHS and other sources. While A.C.A. § 6-61-133 requires PD related to child maltreatment for only licensed employees and includes school nurses, school social workers, and school psychologists in the list of “licensed employees” who must receive the required PD, the list of mandated reporters under A.C.A. § 12-18-402 includes all district employees; as a result, Policy 3.6—LICENSED PERSONNEL EMPLOYEE TRAINING includes language requiring all district employees to receive at least two (2) hours of PD on this topic on a rotating basis.

8.35— OBTAINING and RELEASING STUDENT’S FREE AND REDUCED PRICE MEAL ELIGIBILITY INFORMATION

Obtaining Eligibility Information

A fundamental underpinning of the National School Lunch and School Breakfast Programs (Programs) is that in their implementation, there will be no physical segregation of, discrimination against, or overt identification of children who are eligible for the Program's benefits. While the requirements of the Programs are defined in much greater detail in federal statutes and pertinent Code of Federal Regulations, this policy is designed to help employees understand prohibitions on how the student information is obtained and/or released through the Programs. Employees with the greatest responsibility for implementing and monitoring the Programs should obtain the training necessary to become fully aware of the nuances of their responsibilities.

The District is required to inform households with children enrolled in District schools of the availability of the Programs and of how the household may apply for Program benefits. However, the District and anyone employed by the district is **strictly forbidden** from **requiring** any household or student within a household from submitting an application to participate in the program. There are NO exceptions to this prohibition and it would apply, for example, to the offer of incentives for completed forms, or disincentives or negative consequences for failing to submit or complete an application. Put simply, federal law requires that the names of the children shall not be published, posted or announced in any manner.

In addition to potential federal criminal penalties that may be filed against a staff member who violates this prohibition,¹ the employee shall be subject to discipline up to and including termination.

Releasing Eligibility Information

As part of the district’s participation in the National School Lunch Program and the School Breakfast Program, the district collects eligibility data from its students. The data’s confidentiality is very important and is governed by federal law. The district has made the determination to release student eligibility status or information² as permitted by law. Federal law governs how eligibility data may be released and to whom. The district will take the following steps to ensure its confidentiality:

Some data may be released to government agencies or programs authorized by law to receive such data without parental consent, while other data may only be released after obtaining parental consent. In both instances, allowable information shall only be released on a need to know basis to individuals authorized to receive the data. The recipients shall sign an agreement with the district specifying the names or titles of the persons who may have access to the eligibility information. The agreement shall further specify the specific purpose(s) for which the data will be used and how the recipient(s) shall protect the data from further, unauthorized disclosures.

The superintendent shall designate the staff member(s) responsible for making eligibility determinations. Release of eligibility information to other district staff shall be limited to as few individuals as possible who shall have a specific need to know such information to perform their job responsibilities. Principals, counselors, teachers, and administrators shall not have routine access to eligibility information or status.

Each staff person with access to individual eligibility information shall be notified of their personal liability for its unauthorized disclosure and shall receive appropriate training on the laws governing the restrictions of such information.¹

Notes: This policy is similar to policy 3.42. If you change this policy, review policy 3.42 at the same time to ensure applicable consistency between the two.

The Child Nutrition Unit of the DESE website (<https://dese.ade.arkansas.gov/Offices/child-nutrition-unit>) has the referenced Commissioner’s Memos as well as helpful information to develop your policy statement packet. Additionally, Commissioner’s Memos FIN 09-041 has two attachments that will go a long way toward explaining the restrictions on the release of eligibility information and status.

¹ The penalty for improper disclosure of eligibility information is a fine of not more than \$1000 per student name if a violation is by either the district or a person in the district without authorization under federal confidentiality regulations and/or imprisonment of not more than one year.

² The district owns the data and has the right to choose whether or not to release it to **anyone**. Therefore, the district must make the decisions concerning its release. With the ownership comes the responsibility to ensure proper security of the data.

8.36—CLASSIFIED PERSONNEL WORKPLACE INJURIES AND WORKERS' COMPENSATION

The district provides Workers' Compensation (WC) Insurance, as required by law. Employees who sustain **any** injury at work must immediately notify their immediate supervisor, or in the absence of their immediate supervisor notify the Superintendent's office. An injured employee must fill out a Form N and the employee's supervisor will determine whether to report the claim or to file the paperwork if the injury requires neither medical treatment or lost work time. While many injuries will require no medical treatment or time lost at work, should the need for treatment arise later, it is important that there be a record that the injury occurred. All employees have a duty to provide information and make statements as requested for the purposes of the claim assessment and investigation.

The District may discipline an employee, up to and including termination of the employee's contract, if it is discovered that the employee:

1. Deliberately made false statements concerning the origin of an injury or the circumstances surrounding the injury; or
2. submitted a WC claim that the employee knew to be based substantially or entirely on false information.

An employee shall not be disciplined solely because the District's WC carrier denied the employee's WC claim.

For injuries requiring medical attention, the district will exercise its right to designate the initial treating physician and an injured employee will be directed to seek medical attention, if necessary, from a specific physician or clinic. In addition, employees whose injuries require medical attention shall submit to a drug test, which shall be paid at the District's WC carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of WC benefits.

A WC absence may run concurrently with FMLA leave (policy 8.23) when the injury is one that meets the criteria for a serious health condition. To the extent that WC benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the WC injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her WC payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Employees who are absent from work in the school district due to a WC claim may not work at a non-district job until they have returned to full duties at their same or equivalent district job; those who violate this prohibition may be subject to discipline up to and including termination. This prohibition does NOT apply to an employee whose has been cleared by his/her doctor to return to "light duty" but the District has no such position available for the employee and the employee's second job qualifies as "light duty".

To the extent an employee has accrued sick leave and a WC claim has been filed, an employee:

- Will be charged for a day's sick leave for the all days missed until such time as the WC claim has been approved or denied;
- Whose WC claim is accepted by the WC insurance carrier as compensable and who is absent for eight (8) or more days shall be charged sick leave at the rate necessary, when combined with WC benefits, to bring the total amount of combined income up to 100% of the employee's usual contracted daily rate of pay;
- Whose WC claim is accepted by the WC insurance carrier as compensable and is absent for Fourteen (14) or more days will be credited back that portion of sick leave for the first seven (7) days of absence that is not necessary to have brought the total amount of combined income up to 100% of the employee's usual contracted gross pay.

8.37—CLASSIFIED PERSONNEL SOCIAL NETWORKING AND ETHICS

Definitions

Social Media Account: a personal, individual, and non-work related account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as FaceBook, Twitter, LinkedIn, MySpace, or Instagram.

Professional/education Social Media Account: an account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as FaceBook, Twitter, LinkedIn, MySpace, or Instagram.

Blogs are a type of networking and can be either social or professional in their orientation. Professional blogs, approved by the principal or his/her designee, are encouraged and can provide a place for staff to inform students and parents on school related activities. Social blogs are discouraged to the extent they involve staff and students in a non-education oriented format.

Policy

District staff are encouraged to use educational technology, the Internet, and professional/education social networks to help raise student achievement and to improve communication with parents and students. However, technology and social media accounts also offer staff many ways they can present themselves unprofessionally and/or interact with students inappropriately.

It is the duty of each staff member to appropriately manage all interactions with students, regardless of whether contact or interaction with a student occurs face-to-face or by means of technology, to ensure that the appropriate staff/student relationship is maintained. This includes instances when students initiate contact or behave inappropriately themselves.

Public school employees are, and always have been, held to a high standard of behavior. Staff members are reminded that whether specific sorts of contacts are permitted or not specifically forbidden by policy, they will be held to a high standard of conduct in all their interactions with students. Failure to create, enforce and maintain appropriate professional and interpersonal boundaries with students could adversely affect the District's relationship with the community and jeopardize the employee's employment with the district.

Staff members are discouraged from creating personal social media accounts to which they invite students to be friends or followers.¹ Employees taking such action do so at their own risk and are advised to monitor the site's privacy settings regularly.

District employees may set up blogs and other professional/education social media accounts using District resources and following District guidelines¹ to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction. Accessing professional/education social media during school hours is permitted.

Staff are reminded that the same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium, is unacceptable when done through the use of technology. In fact, due to the vastly increased potential audience that digital dissemination presents, extra caution must be exercised by staff to ensure they don't cross the line of acceptability. A good rule of thumb for staff to use is, "if you wouldn't say it face-to-face in a group, don't say it online."

Whether permitted or not specifically forbidden by policy, or when expressed in an adult-to-adult, face-to-face context, what in other mediums of expression could remain private opinions, including "likes" or comments that endorse or support the message or speech of another person, when expressed by staff on a social media website, have the potential to be disseminated far beyond the speaker's desire or intention. This could undermine the public's perception of the individual's fitness to interact with students, thus undermining the employee's effectiveness. In this

way, the expression and publication of such opinions, could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

Staff who are employed by the district as a teacher under a waiver from licensure should be aware that, in addition to the restrictions on inappropriate interactions with students and dissemination of information under this policy, they are required to follow the Division of Elementary and Secondary Education (DESE) Rules Governing The Code Of Ethics For Arkansas Educators. Violations of this policy that would also violate the Code of Ethics for Arkansas Educators may result in the filing of an ethics complaint with DESE.²

Accessing social media websites for personal use during school hours is prohibited, except during breaks or preparation periods. Staff are discouraged from accessing social media websites on personal equipment during their breaks and/or preparation periods because, while this is not prohibited, it may give the public the appearance that such access is occurring during instructional time. Except when expressly authorized by the employee's job duties, staff shall not access social media websites using district equipment at any time, including during breaks or preparation periods, except in an emergency situation or with the express prior permission of school administration. Except when expressly authorized by the District employee's job duties and when District procedures have been followed, all school district employees who participate in social media websites shall not post any school district data, documents, photographs taken at school or of students, logos, or other district owned or created information on any website. Further, the posting of any private or confidential school district material on such websites is strictly prohibited. The posting of prohibited material or posting without following proper procedures may result in disciplinary action against the District employee, up to and including termination or non-renewal.

Specifically, the following forms of technology based interactivity or connectivity are expressly permitted or forbidden:³

Privacy of Employee's Social Media Accounts

In compliance with A.C.A. § 11-2-124, the District shall not require, request, suggest, or cause a current or prospective employee to:

1. Disclose the username and/or password to his/her personal social media account;
2. Add an employee, supervisor, or administrator to the list of contacts associated with his/her personal social media account;
3. Change the privacy settings associated with his/her personal social media account; or
4. Retaliate against the employee for refusing to disclose the username and/or password to his/her personal social media account.

The District may require an employee to disclose his or her username and/or password to a personal social media account if the employee's personal social media account activity is reasonably believed to be relevant to the investigation of an allegation of an employee violating district policy; local laws; state laws and rules; or federal laws and regulations. If such an investigation occurs, and the employee refuses, upon request, to supply the username and/or password required to make an investigation, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the employee's contract of employment with the District.

Notwithstanding any other provision in this policy, the District reserves the right to view any information about a current or prospective employee that is publicly available on the Internet.

In the event that the district inadvertently obtains access to information that would enable the district to have access to an employee's personal social media account, the district will not use this information to gain access to the employee's social media account. However, disciplinary action may be taken against an employee in accord with other District policy for using district equipment or network capability to access such an account. Employees have no expectation of privacy in their use of District issued computers, other electronic device, or use of the District's network. (See policy 8.22—CLASSIFIED PERSONNEL COMPUTER USE POLICY)

Notes: This policy is similar to policy 3.45. If you change this policy, review 3.45 at the same time to ensure applicable consistency between the two.

While only the Privacy of Employee's Social Media Accounts section of this policy is required by statute, ASBA strongly recommends adopting the policy in its entirety after consulting with staff for localizing purposes.

¹ The policy's separate definitions for "social media websites" and "professional/education social media accounts" are important. Districts are encouraged to establish "professional/education social media accounts" as an acceptable means of teacher and district communication with students and parents. This can serve to discourage inappropriate staff/student interactions on "social media websites." ASBA strongly suggests using the discussions for modifying/personalizing this policy as a means for generating the acceptable guidelines and procedures for staff creation of private social networks. We recommend **NOT** incorporating the guidelines into the policy, but have them available for all staff to review. Incorporating them into the policy will make it much harder to change them if the need arises.

² If you do not have a waiver allowing individuals to be employed as a teacher under a waiver from licensure, remove this language.

³ What is and is not acceptable staff/student interaction on social networking websites is an education community decision, and will vary from district to district. As a general rule, the greater the degree of real-life connections and interactivity between staff and students that normally occur in the community, the greater the tolerance will be for virtual connections and interactivity. Use the following list to help guide discussions with staff to determine which items should be included in the policy and with what modifications/stipulations. It is as important to include in the policy what **is** permitted as what **is not** permitted. Your discussions may elicit additional bullets to include in the policy:

- Sharing personal landline or cell phone numbers with students;
- Text messaging students;
- Emailing students other than through and to school controlled and monitored accounts;
- Soliciting students as friends or contacts on social networking websites;
- Accepting the solicitation of students as friends or contacts on social networking websites;
- Creation of administratively approved and sanctioned "groups" on social networking websites that permit the broadcast of information without granting students access to staff member's personal information;
- Sharing personal websites or other media access information with students through which the staff member would share personal information and occurrences.

8.38—CLASSIFIED PERSONNEL VACATIONS

240 day contracted employees are credited with 10 days of vacation at the beginning of each fiscal year. This is based on the assumption that a full contract year will be worked. If an employee fails to finish the contract year due to resignation or termination, the employee's final check will be reduced at the rate of .833 days per month, or major portion of a month, for any days used but not earned.

Instructional Employees may not generally take vacation during instructional time. All vacation time must be approved, in advance to the extent practicable, by the superintendent or designee. If vacation is requested, but not approved, and the employee is absent from work in spite of the vacation denial, disciplinary action will be taken against the employee, which may include termination or nonrenewal.

Except for employees who have accrued vacation totaling more than 15 days as of the date this policy is implemented, no employee shall be entitled to more than 15 days of vacation as of the first day of each fiscal year. The permissible carry forward includes the 10 days credited upon the start of the fiscal year. Employees having accrued vacation totaling more than 15 days as of the date this policy is implemented shall not be eligible to increase the number of days carried forward during their employment with the district.

Employees terminating service at the end of the fiscal year shall take accumulated vacation time prior to termination. There shall be no cash surrender value for unused vacation time.

8.39—DEPOSITING COLLECTED FUNDS

From time to time, staff members may collect funds in the course of their employment. It is the responsibility of any staff member to deposit such funds they have collected daily into the appropriate accounts for which they have been collected. The Superintendent or his/her designee shall be responsible for determining the need for receipts for funds collected and other record keeping requirements and of notifying staff of the requirements.

Staff that use any funds collected in the course of their employment for personal purposes, or who deposit such funds in a personal account, may be subject to discipline up to and including termination.

8.40—CLASSIFIED PERSONNEL WEAPONS ON CAMPUS

Firearms¹

Except as permitted by this policy, no employee of this school district, including those who may possess a “concealed carry permit,” shall possess a firearm on any District school campus or in or upon any school bus or at a District designated bus stop.

Employees who meet one or more of the following conditions are permitted to bring a firearm onto school property:

- He/she is participating in a school-approved educational course or program involving the use of firearms such as ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs;
- The firearms are securely stored and located in an employee’s on-campus personal residence and/or immediately adjacent parking area;²
- He/she is a registered, commissioned security guard acting in the course and scope of his/her duties;
- He/she is a certified law enforcement officer, either on or off duty;
- He/she has a valid conceal carry license and leaves his/her handgun in his/her locked vehicle in the district parking lot.

Possession of a firearm by a school district employee who does not fall under any of the above categories anywhere on school property, including parking areas and in or upon a school bus, will result in disciplinary action being taken against the employee, which may include termination or nonrenewal of the employee.

Other Weapons³

Employees may not possess any weapon, defined herein as an item designed to harm or injure another person or animal, any personal defense item such as mace or pepper spray, or any item with a sharpened blade, except those items which have been issued by the school district or are otherwise explicitly permitted (example: scissors) in their workspace.

Employees who are participating in a Civil War reenactment may bring a Civil War era weapon onto campus with prior permission of the building principal. If the weapon is a firearm, the firearm must be unloaded.⁵

Notes: This policy is similar to Policy 3.48. If you change this policy, review Policy 3.48 at the same time to ensure applicable consistency between the two.

¹ The possession of handguns and firearms is a very hot topic. In Arkansas, the laws governing their possession on school grounds are both complicated and less than clear. The two statutes most directly affecting schools are A.C.A. § 5-73-119 (herein after 119) and A.C.A. § 5-73-306 (herein after 306).

119 governs firearms (including handguns) while 306 deals strictly with concealed handguns (those guns having a barrel length of 12” or less).

119 prohibits firearms on “developed school property” while 306 prohibits concealed handgun permit holders from carrying their handguns into school buildings or events but permits the concealed carry licensee to leave a handgun in his/her locked vehicle at a publicly owned parking lot.

119 permits those who are on a “journey beyond the county in which a person lives” to carry handguns and firearms on school property. Technically, this would allow those employees who commute from outside the county in which they teach to bring their firearms to school. While we accept that concealed carry licensees may leave their handgun in their locked vehicle in the parking lot, we see this as complicated to enforce and generally problematic. Also, as we interpret the statute, parents visiting the school for an athletic or other event can bring their handgun, though it must be left in their locked vehicle, with them. We cannot control that through policy.

² If your district has housing for any employee and that employee chooses to have any firearms in the house, they should be kept in a very secure place. It would be wise to keep them in a locked gun safe so that no one other than the employee has access to them.

³ Select the option that works best for your district. In making your decision, note that in Option #2, you can choose to include only the first or the second sentence or you can keep both sentences. If you keep the first sentence, the length of the blade allowed is limited by A.C.A. § 5-73-120(b)(4) to less than three inches (3"). Also, A.C.A. § 5-73-120(a) prohibits individuals from carrying a weapon "with a purpose to employ the . . . weapon against a person." Presumably, an employee could possess a small pocket knife with no intent to use it against another person. Inherent in making the decision on either sentence in Option #2 is the possibility of a student taking the knife or the tear gas and misusing it.

⁴ You can replace "tear gas" with "pepper spray" or leave "tear gas" in the policy and add "pepper spray."

⁵ While the policy language only specifically covers employees, A.C.A. § 6-5-502 permits any person who is a Civil War reenactor to bring a Civil War era weapon onto campus with the prior permission of the principal.

All District personnel involved in purchases with Federal funds, including child nutrition personnel, shall receive training on the Code of Conduct. Training should include guidance about how to respond when a gratuity, favor, or item with monetary value is offered.²

Notes: This policy is similar to Policy 3.52. If you change this policy, review 3.52 at the same time to ensure applicable consistency between the two.

¹ Districts may set standards covering instances where the financial interest is not substantial and the gift is an unsolicited item of nominal value. If you do wish to set standards for these situations, delete this sentence and add a statement permitting such acceptance and the circumstances where it is acceptable.

² The training provided should cover instances where there is doubt concerning the appropriateness of accepting gifts, favors, etc. the employee should be instructed to consider the following questions:

- How would the public perceive this action of receiving the gift, favor, etc.?
- Will acceptance of the gift, favor, etc. possibly influence a future purchasing decision?

The training should cover the Rules Governing Ethical Guidelines And Prohibitions For Educational Administrators, Employees, Board Members And Other Parties including the contract disclosure forms checklists from Commissioner’s Memo FIN 09-036.

8.44—CLASSIFIED PERSONNEL CONTRACT RETURN

An employee shall have thirty (30)¹ days from the date of the receipt of his contract for the following school year in which to return the contract, signed, to the office of the Superintendent. The date of receipt of the contract shall be presumed to be the date of a cover memo², which will be attached to the contract.

Failure of an employee to return the signed contract to the office of the Superintendent within thirty (30) days of the receipt of the contract shall operate as a resignation by the employee. No further action on the part of the employee, the Superintendent, or the School Board shall be required in order to make the employee's resignation final.³

Notes:¹ The thirty (30) days here is entirely optional as there is no statutory timeline by when classified employees must return their contracts. We have used thirty (30) days here because it matches the timeline for licensed employees, but you may adjust the timeline to best suit your local needs. If you adjust the timeline in the policy, remember to also adjust the timeline included in the cover memo language set forth in footnote ².

² The following language is offered as suggestive for the cover memo:

Attached please find your contract of employment for the (date/date) school year. You have thirty (30) calendar days from the date of this memo to sign and return your contract of employment to the office of the Superintendent. According to personnel policy 8.44, the failure of an employee to sign and return his or her contract by the thirtieth (30th) day shall operate as a resignation, and steps will immediately begin to fill that vacated position for the next school-year.

³ The paragraph is optional and works well for districts that get their contract renewals out well before school is out; however, for districts that issue contracts late, the paragraph serves as an additional opportunity for employees to get out of their contracts by simply declining to return them signed and thus activate the provisions of the second paragraph of the policy.
