*If you want to play sports in college... you must register...*

#### **NCAA CLEARINGHOUSE & ATHLETIC ELIGIBILITY**

Students who intend to play sports at Division I or II colleges must register and create an account with the NCAA website at [www.ncaaclearinghouse.org](http://www.ncaaclearinghouse.org).

It is important to note that **not all** BFA courses are considered core academic courses by the NCAA clearinghouse. In addition, independent study, online, or middle school courses *are not typically considered core courses*. The NCAA only views English, Math, Science, Social Studies, and World Languages as core courses. A list of approved courses can be found on the NCAA website under BFA St. Albans.

**Medical Professions**

**Public Safety & Law Enforcement**

## PLANNING FOR LIFE AFTER HIGH SCHOOL

All students must plan their high school program with post-high school options in mind. The opportunities available to students at BFA will prepare them for various post-high school choices. Technical schools, two-year and four-year colleges, the armed services, and varied careers require different types of skills and preparatory coursework. Because there is no exact or prescribed course of study a student should take to enter a particular profession, school, or college, students must research specific requirements thoroughly.
