Cumulative GPA 4.0: The average of all semester grades received from your freshman year through your senior year AFTER all percentages have been given a MARK POINT value.

Cumulative Class Rank: Rank in your class is based on your cumulative GPA 4.0 in comparison to your current classmates -- this changes only after a semester ends.

Cumulative Credit Hours: 2024 and beyond graduates will need 240 total credits to graduate from Waverly High School. Each course is worth 5 credit hours per semester (except student assistant, which are non-credit courses). All passing course credit hours will accumulate toward the required number of credits needed to graduate.

Transcript: Your record of all classes taken and the grades you received each semester. This is a permanent record used by all colleges, scholarship applications, and some employers.

Graduation Recognition: Students must attend WHS both their junior and senior year to be eligible for these graduation honors. Eligible graduating seniors will be recognized according to their grade point averages:

Summa cum laude: 4.0 cumulative grade point average

Magna cum laude: 3.75-3.999 cumulative grade point average

Cum laude: 3.50-3.749 cumulative grade point average

This honors system will be utilized for post-secondary education application and scholarship opportunities. Students with identical cumulative grade point averages will share rank. All students with a 4.0 grade point average will be identified as ranking number one in the class.

Eligible seniors qualifying for Summa Cum Laude, Magna Cum Laude, and Cum Laude will be recognized during the graduation ceremony by wearing a medallion. Summa Cum Laude students shall be responsible to provide a commencement address as approved by the High School Principal.
